## AMBULANCE E.M.H. SAYS NO SUBSIDY MEANS TERMINATION

Emergency Medical Services was one of the main topics at the County Commissioners Court meeting Monday.

County Judge Scott Bailey brought a letter to a Court from Eastland Memorial Hospital Administrator Marcia Carr stating that ambulance service from the hospital would end if the county subsidy ends Sept. 30.

Along with the letter was a copy of the proposed 1991-92 budget for basic emergency medical services. But the Commissioners were asked to take notice that the budget was based on the assumption that subsidies would continue.

"As you know," the letter continued, "Eastland County has tendered their notice of termination under the present contract. This termination becomes effective Sept. 30, 1991..." Therefore, as Eastland Memorial Hospital will have no ambulances, please be advised that effective 12 p.m. Sept. 30, 1991 Eastland Memorial Hospital will no longer be providing Emergency Medical Services.

"If it is Eastland County's desire to have Eastland Memorial Hospital continue the Emergency Medical Service after that date, please advise us on or before Sept. 1, 1991."

She went on to say that the Hospital would be willing to provide the services under the same terms and conditions as the present contract until such time as other arrangements can be made by the city, county or both.

Included in the arrangements referred to is that two fully equipped Emergency Service vehicles are provided at no cost to Eastland Memorial Hospital to operate, and collision and liability

insurance is provided for the EMS at no cost to Eastland Memorial Hospital.

Subsidies on operation are provided by the City or Eastland and the county, with the county's share around \$25,000 annually. An equal Emergency Medical Service subsidy is provided to the other three Precincts in the county.

Some weeks ago the Commissioners Court stated that the county is using up its reserves and can no longer subsidize ambulances or other Emergency Services.

In discussing the letter, Comm. Richard Robinson said: "We started this, knowing we couldn't keep on forever. We were hoping they would see the value of it - they are definitely making money."

The Commissioners said it might be possible to work out Emergency Medical Services with surrounding towns, with some arrangement where Cisco and Ranger Ambulances could cover Eastland.

Robinson said that County and Eastland City Commissioners are invited to a meeting at Eastland Memorial Hospital at 10:30 a.m. July 19. The Emergency Medical situation is expected to be reviewed at that time. Robinson said he planned to attend, but did not indicate much hope of a solution.

The proposed Ambulance Service budget submitted by Eastland Hospital to the Commissioners estimated total expenses for 1991-92 as \$123,203 and collections at \$109,754, showing a loss of \$13,449.

The budget also estimated calls at 2.2 per day, 66.9 per month, and 803 annually. The estimated charge per call would be \$201.

On a related subject, County Judge Scott Bailey reported that some petitions calling for an election for a county-wide Ambulance Service Taxing District had come into his office.

But there are only 65 verifiable signatures so far, the Judge said, and it takes 200. There are other petitions out circulating, but they have not been turned in early enough to meet the deadline for the August 10 election.

The Commissioners were told that the next possible date citizens could vote on whether to subsidize the Ambulance Service with taxes will be in November.

## DENNY DOWNING TO HEAD RJC BASKETBALL

Replacing coach Larry Gibson as head of Ranger Junior College's basketball programs will be Denny Downing, a native of Oklahoma who is currently assistant men's basketball coach at Tarleton State University where he is completing work on his Master's Degree.

Coach Downing is a product of Pioneer High School of Waukomis, Oklahoma and Northwestern State University at Alva, Oklahoma. While in high school he was an All Conference performer in football and basketball and qualified for State three years in track. He was an honor student at Northern Oklahoma Col-

lege and Northwestern Oklahoma State University.

Coach Downing returned to the academic world after spending eight years in the private business sector. He owned his own trucking company and was president of Barnett Tank Lines, a trucking company in the petroleum transport business.

Mr. Downing brings to the job of Head Basketball Coach at RJC, a philosophy that stresses academics as well as athletics and has expressed a belief in a disciplined program, both on and off the court, with emphasis on productivity as a student and a citizen.

## Lopez Participates In Garland Soccer

ANTHONY LOPEZ

Anthony Lopez, nine year old son of Steve and Julie Lopez of Garland, has been a busy outdoor recreational soccer player during the 1990 fall and 1991 spring seasons.

He played with the under-10 division 2 Kowboys of Garland Soccer Association. Anthony playing center forward scored fifty six goals, leading his team to 1st place in fall and second place in the spring.

Lopez will move up to under 11 soccer play this year. He will be trying out for several competitive classic and select clubs. Anthony attended the 1991 Texas Longhorns soccer camp from June 10-14, where he was awarded a trophy for Best All Round Camper.

Anthony will be a 4th grader and will attend Kimberlin Academy for Excellence in the Garland ISD. He was invited to attend the academy because of his ITBS scores in reading and math.

He is the grandson of

Mrs. Carmen Orosco and the late Mr. Pedro Orosco of Eastland, Mrs. Bessie Torres of Houston, and Mrs. E.G. Lopez of Barstow, Texas.

## Letter To The Editor

Just tonight I was watching television, a pilot of a recent war was saying that the ground crew, mechanics etc. were the most important. Well I was in the Air Force during a major war a long, long time ago and I know we were important. I've heard the same thing from air crews before. Yep, we had to do our jobs right, not half way, RIGHT! or they would not make it back. And I know I had to put that propeller on exact, not 1/1000th of an inch off, EXACT! If I didn't assemble and install that prop properly the C-54, the A-26, or the B-29 would not fly.

Yes, I was, as some say, in charge of bailing wire, I had the grease rag in my pocket and the screw driver in hand, and by golly I still have all my toes, fingers, guts and skin, and there sure as hell is a lot of good men out there that don't. And

too many that did not come home.

The pilot, bomb aimer, navigator, radio operator, gunner, they all were my HEROS! I'll never, never forget those men who flew over enemy countries to keep all others FREE! I just want to say a simple THANKS!

This, for sure, is to say thanks to all men on the front lines, or ever were, to ALL OUR ARMED FORCES!!

Service will present a mini-short course from 9 to 11 a.m. July 8. It will include discussions on soil and site selection, space and design, water management, weed control and herbicide selection, pecan tree nutrition, pest management, marketing alternatives and taxes.

An orchard tour that will include lunch will begin at 11:30 a.m. and include visits to several area pecan orchards.

A pesticide recertification course also is set from 9 to 11 a.m. July 8, and participants can earn three credit hours by attending that session and portions of the Wednesday morning program.

The program is open to the public by paying a \$60 registration fee per person. Members who have not pre-registered will pay a \$50 fee at the door.

To learn more about the pesticide recertification requirements, contact Dr. Jerral Johnson, Texas Agricultural Extension Service plant pathologist, at (409) 845-8032.

## SAVE MONEY — CONTACT SOCIAL SECURITY

Curious about how much your Social Security benefit will be when you retire? Need a Social Security number for your child? Changing your name because of marriage or divorce?

All you have to do is contact Social Security. There is no need to pay for these services. Many times people will get advertisements from companies that offer to assist people in their dealings with Social Security—for a fee. But there's absolutely no reason to pay a middle man for services that Social Security offers for free.

Advertisements for these companies sound as if they're offering some special service that Social Security doesn't provide, or that they have some secret information that we won't tell people about. Some companies make it sound as if they can expedite the service.

These claims are absolutely false. In reality, the companies come to Social Security to get the information. They just act as a go-between, which adds an extra step to the process, thus slowing it

down. So why do people pay for services they can get for free? There are a number of reasons. Some people just don't realize that Social Security offers the service. Others are leery of dealing with the bureaucracy so they are willing to pay for the "assistance" that they really don't need. And sometimes, people get official looking mailings and think they're from Social Security. How can you avoid paying for a service Social

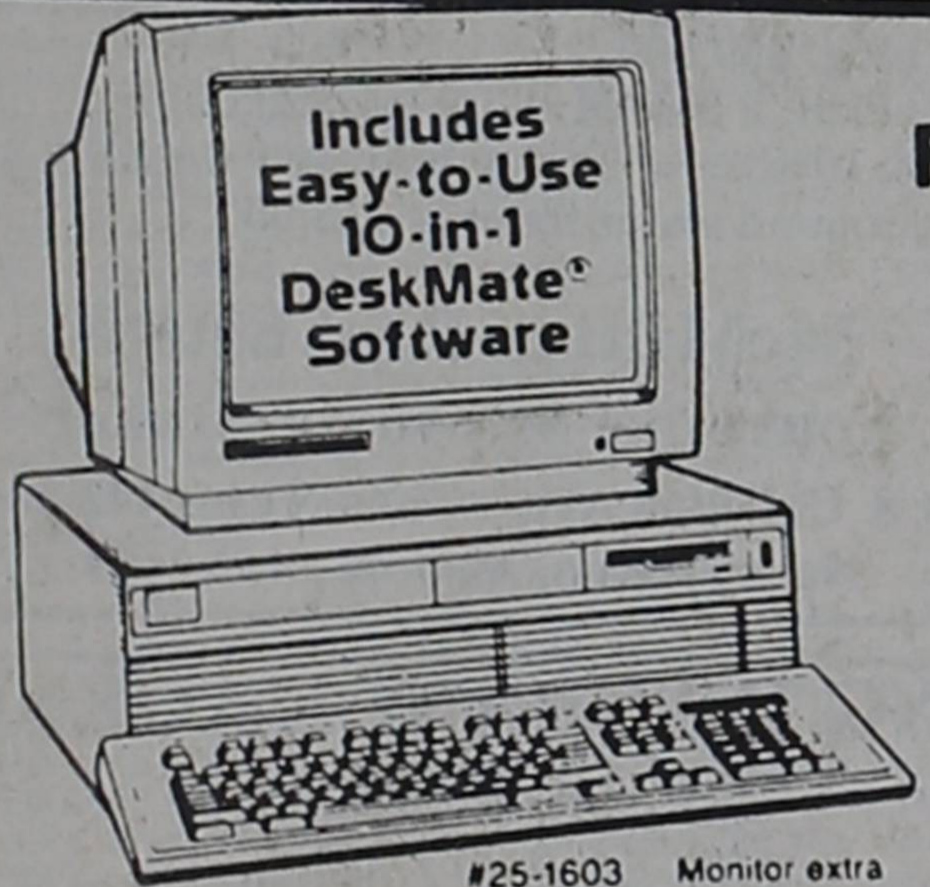

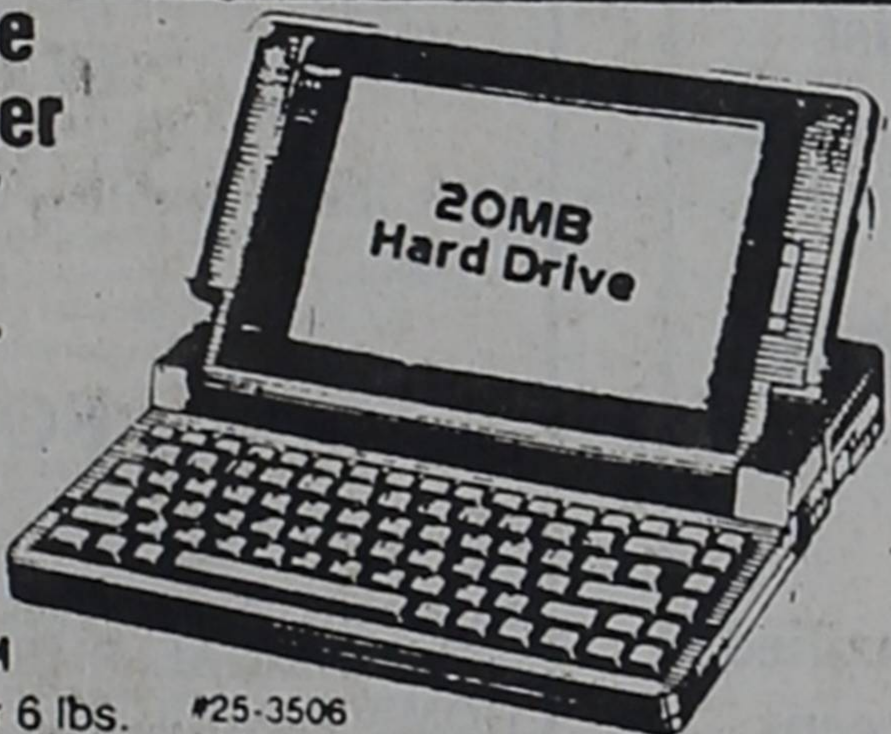

Security offers for free? If you need help with a Social Security question or problem, contact Social Security directly. And if you get an official-looking letter offering a Social Security service and requesting a payment, it's probably from a private company. Contact Social Security for help before you respond.

### NUTRITION

#### NEWS AND NOTES

Good news: Eating carrots, which are rich in Vitamin A, can protect your vision, doctors say. Calcium, found in milk and dairy foods, prevents brittle bones, keeps teeth strong, and helps the body utilize iron and the passage of nutrients in and out of cells.

## Texas School Children Learn More About Solid Waste Issues

Garbage pizza — the idea may not do much for grown-ups, but kids love it. Some teachers already are using garbage pizza to teach children about the amount of solid waste we generate, and why the way we manage that waste is of concern to them. And more will be using it soon, thanks to the Texas Department of Health (TDH).

Through its Bureau of Solid Waste Management, TDH awarded a contract to Keep Texas Beautiful, Inc., to develop a statewide educational program on solid waste issues. Keep Texas Beautiful will notify its affiliated Texas cities of the honor at its statewide convention in Plano on June 25-28. "The bureau is excited about working with Keep Texas Beautiful, which has a large component of grassroots

volunteers across the state," said T. A. Outlaw, Jr., Chief of the TDH Bureau of Solid Waste Management. "This cooperation with an existing network will allow the State of Texas to save an immense amount of time and money in dissemination of the material and training teachers to use it."

Garbage pizza is just one of the creative lessons to be used in the educational program. It's a facsimile of pizza cut in wedges to show the types of trash that are disposed in landfills. Toppings are bits of plastic, yard waste, metal, glass, food and debris that could be reduced or recycled. It's among the educational materials in the national Keep America Beautiful package. Other materials include "Waste in Place" for the elementary level

and "Waste: A Hidden Resource" for secondary school students. Under its contract with TDH, Keep Texas Beautiful will supplement the national program with materials specifically for Texas.

Some Texas schools are already using the national education program. Others will be added over the next three years as the program expands across the state. For the 1989-1990 school year, the most recent year for which figures are available, more than 564 schools were teaching "Waste in Place" to 311,061 students. "This was a 55 percent increase over the previous year," said SueAnn Wade-Crouse, president of Keep Texas Beautiful. Teachers devoted 98,931 hours to teaching the elementary program. In the same communities, "Waste: A Hidden Resource" was used by 48 percent of the secondary schools, reaching nearly 250,000 students.

The Keep Texas Beautiful organization has a 20-year history of provid-

ing leadership and education in litter reduction, recycling and other solid waste issues. The organization's \$348,948 contract with TDH will include developing and disseminating lesson plans to Texas public and private schools, training teachers to use them, and evaluating the program after the first year.

Educators from the Science Academy of Austin, located at the Lyndon B. Johnson High School, will work with the contractor to develop the Texas-specific material. The Science Academy is a "magnet school" for advanced students at the high school level.

The supplemental issues will be identified by Bureau of Solid Waste Management staff and provided to the contractors. Materials will be developed during the summer and fall of 1991. Teacher training, dissemination of the materials, and implementation of the program in schools are set for spring of 1992.

Materials will be corre-

lated with the Texas Education Agency's (TEA) "essential elements" for school curricula and will be submitted to TEA for review prior to dissemination. Teacher training sessions on the material will be designed so that teachers receive Advanced Academic Training credit for their participation. This is a form of continuing education credit required to maintain teacher certification.

Funding for the contract comes from solid waste disposal fees collected by the Bureau of Solid Waste Management under the Solid Waste Disposal Act. "The program is just one step the bureau is taking to fulfill a legislative mandate to provide public awareness and education on solid waste issues," Outlaw said. "Through awareness of waste problems and alternative disposal habits, Texas children can help reduce the state's dependence on landfills," he added.

Actors William Baldwin (L) Kurt Russell (center) and Scott Glenn (R) are joined by real-life Chicago fire fighters Cedric Young (second from left) and Kevin Casey (second from right) who have supporting roles in the film "Backdraft." This film will appeal to anyone who has an interest in firefighting.

## 'Backdraft' To Show At Majestic This Weekend

The firefighting movie "Backdraft" has been out only six weeks, but it is already acclaimed as one of the most authentic picture about firemen ever made. For "Backdraft" was shot right on location in Chicago, with members of the City Fire Department playing some

of the parts. This Universal picture will show at the Majestic Theatre in Eastland Friday, July 12 through Monday, July 15, with curtain time at 7:30 each evening. Tickets will be \$3 at the box office. The film's title refers to a dangerous phenomenon

that occurs when flames consume all the oxygen in a room, leaving only unburned natural gases. With the temperature still approaching two thousand degrees Fahrenheit, the introduction of the smallest trace of oxygen can trigger a violent explosion. This is the darkest nightmare of any fireman.

In the middle of all the excitement of "Backdraft" is Kurt Russell, William Baldwin, Scott Glenn, Jennifer Leigh, Rebecca DeMornay, Donald Sutherland and Robert DeNiro. The script was written by former fireman Greg Widen, and filmed with the full support and cooperation of the Chicago Fire Department. Along with the firefight-

### Just Fishing Around

Twenty four pounds of bass in two fish, what a catch. Two lucky anglers landed one 13 pound plus and another the next day 11 pounds plus and both fish came from a hole of water not much larger than a stock tank, Lake Pioneer. Both are believed to be either F1 or FX (pure Florida or Florida native cross). Many anglers have stated their surprise in the pressure of the Florida strain in this lake.

Florida's are everywhere folks. Many farm ponds are stocked with Florida's and with heavy rains smaller fry are moved down to the next hole. Also early after being stocked many anglers began moving the Floridas around to waters not blessed with them. Even though this practice must first be approved by TP&WD officials due to the chance of moving diseases. If you are planning a trip to Pioneer, release those

## April Texas Gas Production Up Compared To 1990

Railroad Commission Chairman Lena Guerrero announced that Texas oil and gas wells produced 439,585,175 Mcf (thousand cubic feet) of gas in April, up 1.31 percent compared to April 1990's production of 433,881,253 Mcf. The March gas pro-

duction total was 457,250,107 Mcf.

The state's top producing counties, rank ordered by preliminary April production, were: Pecos, 27,194,752 Mcf; Zapata, 23,452,785 Mcf; Webb, 22,955,792 Mcf; Panola, 16,548,020 Mcf; Hidalgo, 15,824,369 Mcf; Crane, 11,902,695 Mcf; Hemphill, 9,168,018 Mcf; Yoakum, 8,729,870 Mcf; Crockett, 8,549,469 Mcf; and Ector, 8,322,559 Mcf.

Texas gas production in April came from 187,701 oil wells and 46,427 gas wells.

**HONORED ON 75th BIRTHDAY--** Annalee Brunkenhoefer of Houston, formerly of Cisco, was honored on her 75th birthday recently at her home. Shown with Mrs. Brunkenhoefer are her son, Irvin Allen Brunkenhoefer (left) and her daughter, Ann Bolden (right).

## Annalee Brunkenhoefer Is Honored On 75th Birthday

Annalee Brunkenhoefer of Houston, former Cisco resident, was honored on Sunday, June 16 with a surprise birthday party in honor of her 75th birthday. The party was at her home in Houston.

Mrs. Brunkenhoefer lived in Cisco from 1935 until 1956. It was then, after the death of her husband, I.A. "Brunky" Brunkenhoefer, Humble Oil employee, that she and her daughter moved to Houston. Her married son Irv was living there while attending the University of Houston.

The party was given by her son, Irvin Allen Brunkenhoefer, now of Manassas, Virginia; daughter, Ann Bolden of Roseville, California; and special assistance was given by Dana Brunkenhoefer, great-granddaughter of Mrs. Brunkenhoefer.

Those attending from Houston were Tina, Hans and Christopher Krause, Gladys Nelson, Jill Hanzak, Fran Klepfer, and Rhelda Reed Ball and granddaughter, Shannon. Also attending were Joan and Diz Howell from League City, Jo and Ferol Duke from Spring, and Dolores Solis and sons, Andrew and Mark, from Humble. Also present were former Cisco Christian Church pastor, Dr. Sidney Spain, and his lovely wife, Elizabeth. They reside in Tyler but were in Houston while Dr. Spain serves as interim pastor of the First Christian Church of Houston.

All attending the party enjoyed watching the video taken by Irv Brunkenhoefer at the great Cisco reunion last summer. Of those present, 12 had lived

## Keeping Up With Our Folks

629-3420 By Weems Dykes

### EASTLAND

Dr. J. O. Jolly Jr. and wife Ruby Lee had the following family members with them for the fourth of July observance: daughter, Jan Trout of Stephenville and her daughters Emily and Sara; daughter, Christi, and husband Dr. Jim Luecke, M.D., and daughter Leanne Of Alpine. When family members are able to get together in this rushing time and age in which we live, they are truly blessed.

Had a nice interview with Mrs. Lucille Hester, manager of K-Bobs' Steak House in Eastland. Her husband, Bill, is a self-employed retiree, and they make Eastland their home.

Lucille has been manager of K-Bob's for two years, she likes her work, especially pleasing people, being with them, and meeting their needs. She has fifteen employees, three men and twelve ladies. I talked to three of the young ladies, Angela Gregory, outstanding academically, having finished a year at Angelo State University, and plans to enter Texas Tech at Lubbock this fall. Angela is proof that beauty and brains can go together. Another young lady working at K-Bobs is Sheri Senkel, student at Eastland High School who excels academically and promotes Mavericks

spirit wherever she goes.

Meeting Tammie Herrera also serving K-Bobs, was a pleasure in knowing her husband is Ernie Herrera who works as auto body man for Scott's Body Work and a good friend of mine. Tammie has three children, Michael and Gary Bogner and Michael Herrera. Tammie has lived in Eastland two years, likes our city and formerly lived in Odessa with her parents. After visiting, Angela, Sheri and Tammie, I finally concluded with the following information from Lucille, one problem she faces in the restaurant is the cost of food constantly going up in price.

She and Bill have five children, Kenneth of Arlington, Shirley of Minneapolis, Minnesota, Nancy of Putnam, Bill Jr. of Palestine and Karla of Abilene.

Her sister, Zora Rawls and husband Glen live in Brownwood. Your columnist knew Glen and Zora when he served as minister of First Christian Church at McCamey, and Glen worked for West Texas Utilities at Rio Pecos camp at Girvin, Texas.

It was a pleasure to interview Lucille and it also confirms my belief that no matter where or when, you always find someone you know in common.

It is wonderful to have such good neighbors as Gene and Pat Bowles. They usually look after our dogs and cats when we leave town for a few days.

For July 4th, they celebrated with their sons Shane and Greg and Greg's son Dylan who is their grandson. Also attending the outdoor festivities of food and home made ice cream were Pat's father and mother, Mr. and Mrs. L. A. Gilbert of Abilene. What a wonderful way to celebrate the 4th of July, being with family.

Your columnist and wife Verne attended the Shelburne Reunion in San Angelo, Texas June 28-29. Verne's mother's maiden name was Lillie May Shelburne, wife of J.C. Allison.

Hostesses for the reunion were, Mr. and Mrs. Kemper Shelburne of Norton, Mr. and Mrs. Milton Shelburne of Ballinger, Mr. and Mrs. Kent Shelburne of Ballinger and Mr. and Mrs. Harold Shelburne of San Angelo. Relatives came from Eastland, Ozona, Rotan, Fort Hancock, some 68 registered and a buffet supper was held in the Holiday Inn in San Angelo on Friday night June 28.

Three of the children still living of the James Martel Shelburne family of Ballinger are Mrs. Vera Adams of Fort Hancock, Miss; Anne Shelburne of San Angelo; and Kemper Shelburne of Norton Texas.

After visiting relatives the kinsmen bid each other a "good by" and departed on Saturday afternoon for home looking forward to another get-together next year.

to the National Fellowship of Christian Athletes held at the YMCA Camp which is #1 in the nation, where some 1000 athletes were present for the meeting which was held the first two weeks in June. They studied the Bible and competed with other athletes in various athletic events.

Teachers, and teacher coaches who employ Christian principles in their classes do much to promote better living among their students, and help to make a better nation in which to live.

Your columnist visited Vice President, John Nance Garner in Uvalde in 1947 and he said, "If the churches and the schools fails in America, so fails America."

### RANGER

Had a good visit with Bernard Milmo and wife Adona who live in Lamarque, Texas near Galveston, who lost their home to the Carla Hurricane in 1961, and came for a visit in Ranger for a few days to renew old acquaintances. The reared their family of seven children here: Bernard IV, Mary, Virginia, Walter, David, Wesley, and Adona.

Mr. Milmo was a welder by profession when he lived in Ranger, and was reared in the Bullock Community north of Ranger.

One of the joys of writing the column Keeping Up With Our Folks is the nice people you meet along the way.

## The Life Of Christ Pageant Begins Summer Production

Summer productions of The Kendrick Religious Pageant "THE LIFE OF CHRIST" termed by the July 1980 edition of the TEXAS MONTHLY MAGAZINE as being the best outdoor drama in the State of Texas, will begin July 11 and will be presented each Thursday and Friday night at 9 o'clock DST through August 9, 1991. The production is 2 hours in length.

This production, now into its 27th year of presentations, is the complete LIFE OF CHRIST from the birth through the resurrection, portrayed in sixty-three scenes by a cast of dedicated Christian people of all walks of life and religious denominations. The production is NON-DENOMINATIONAL, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from. Included with the cast is a grey donkey for the Mother Mary, a white donkey for the Triumphant Entry of Jesus, a camel for the wisemen, and sheep for the Shepherds in the field.

Admission is \$5.00 per person. FREE PARKING AND FREE OVERNIGHT CAMPING is allowed on the grounds. Electric and water hookups are available for a minimal fee. Advance reservations are a must for hook-ups. Clean restrooms are available on the grounds for the convenience of those attending.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. to 4 p.m. on production days the Diorama closes at 3 p.m. The Diorama is scenes from both the Old and New Testaments set with 140 LIFE

For further information and brochures contact the LIFE OF CHRIST PAGEANT Route No. 2 Box 46 Cisco, Texas 76437 or Phone 817-629-8672.

## Immunization Clinic To Be Held July 11

In an effort to ease overcrowding, Texas Department of Health, located at 611 West Commerce, Eastland, will hold two immunization clinics this month. The usual clinic will be held on Thursday, July 11th.

A second clinic has been scheduled for Wednesday, July 17th. Clinic hours are from 10:00 A.M. until 11:00 A.M. and 1:00 P.M. until 3:00 P.M. Parent or legal guardian are required to be present (proof of guardianship is required).

You need to bring a copy of the child's immunization record or letter from the school stating what the child's needs. For more information call 629-1788.

**70TH BIRTHDAY PARTY HELD**

Jewel A. Taylor was surprised with a 70th Birthday Party in her home on Sun., July 7th. It was catered by her son Duane Taylor. The cake was made by Lurlene Roberts.

Those in attendance were: Corene and Leonard Reed of Slator, Dorothy Mae Williams of Stanton, Mary Ann and Archie Lee Burroughs and daughter Christie of Sweetwater, Brother James and Margie Upshaw, Lillian Smith, Phyliss and Diane

Hice, Nellie Sharp, Christine Tanner, Janelle and Clayton Smith and son Cory all of Ranger and her children Nanah and James Braly and son Erick of Amarillo, Dee Nell Madison and sons Trent and John of White Settlement, Peggy and Willard Taylor and daughter Angie of Graham and Duane Taylor of Ranger.

Everyone had a wonderful time and Jewel said she couldn't believe she was so surprised.

Drive safely. Don't wreck your life.

**AUCTION TO BENEFIT PONY LEAGUE BASEBALL**

A big benefit auction for the Pony League Baseball association will be held Saturday, July 20th at Gary Browns Construction Yard on Hwy. 80 E.

Auction will begin at 10:00 a.m. with Jackie Gentry Auctioneer.

Many items have already been consigned, so come on out and look at the bargains and help a

very worthwhile organization for our community.

A special thanks to Jerry and Pat Edwards and The Kiwanis Club who have already contributed.

Anyone wishing to donate, contact Rex Hatton, Jessie Speer or Bobby Dempsey.

**"Our overhead lines are powerful and you could get hurt."**

Clement Adams  
Lineman

I'm Clement Adams and I'm a lineman with TU Electric. I work with overhead power lines that bring electrical service to our homes. But unfortunately, every year some people come into contact with these high wires and are seriously injured or even killed. Often they may be simply trimming their own trees, installing a TV antenna or just cleaning a pool with a long-handled pole.

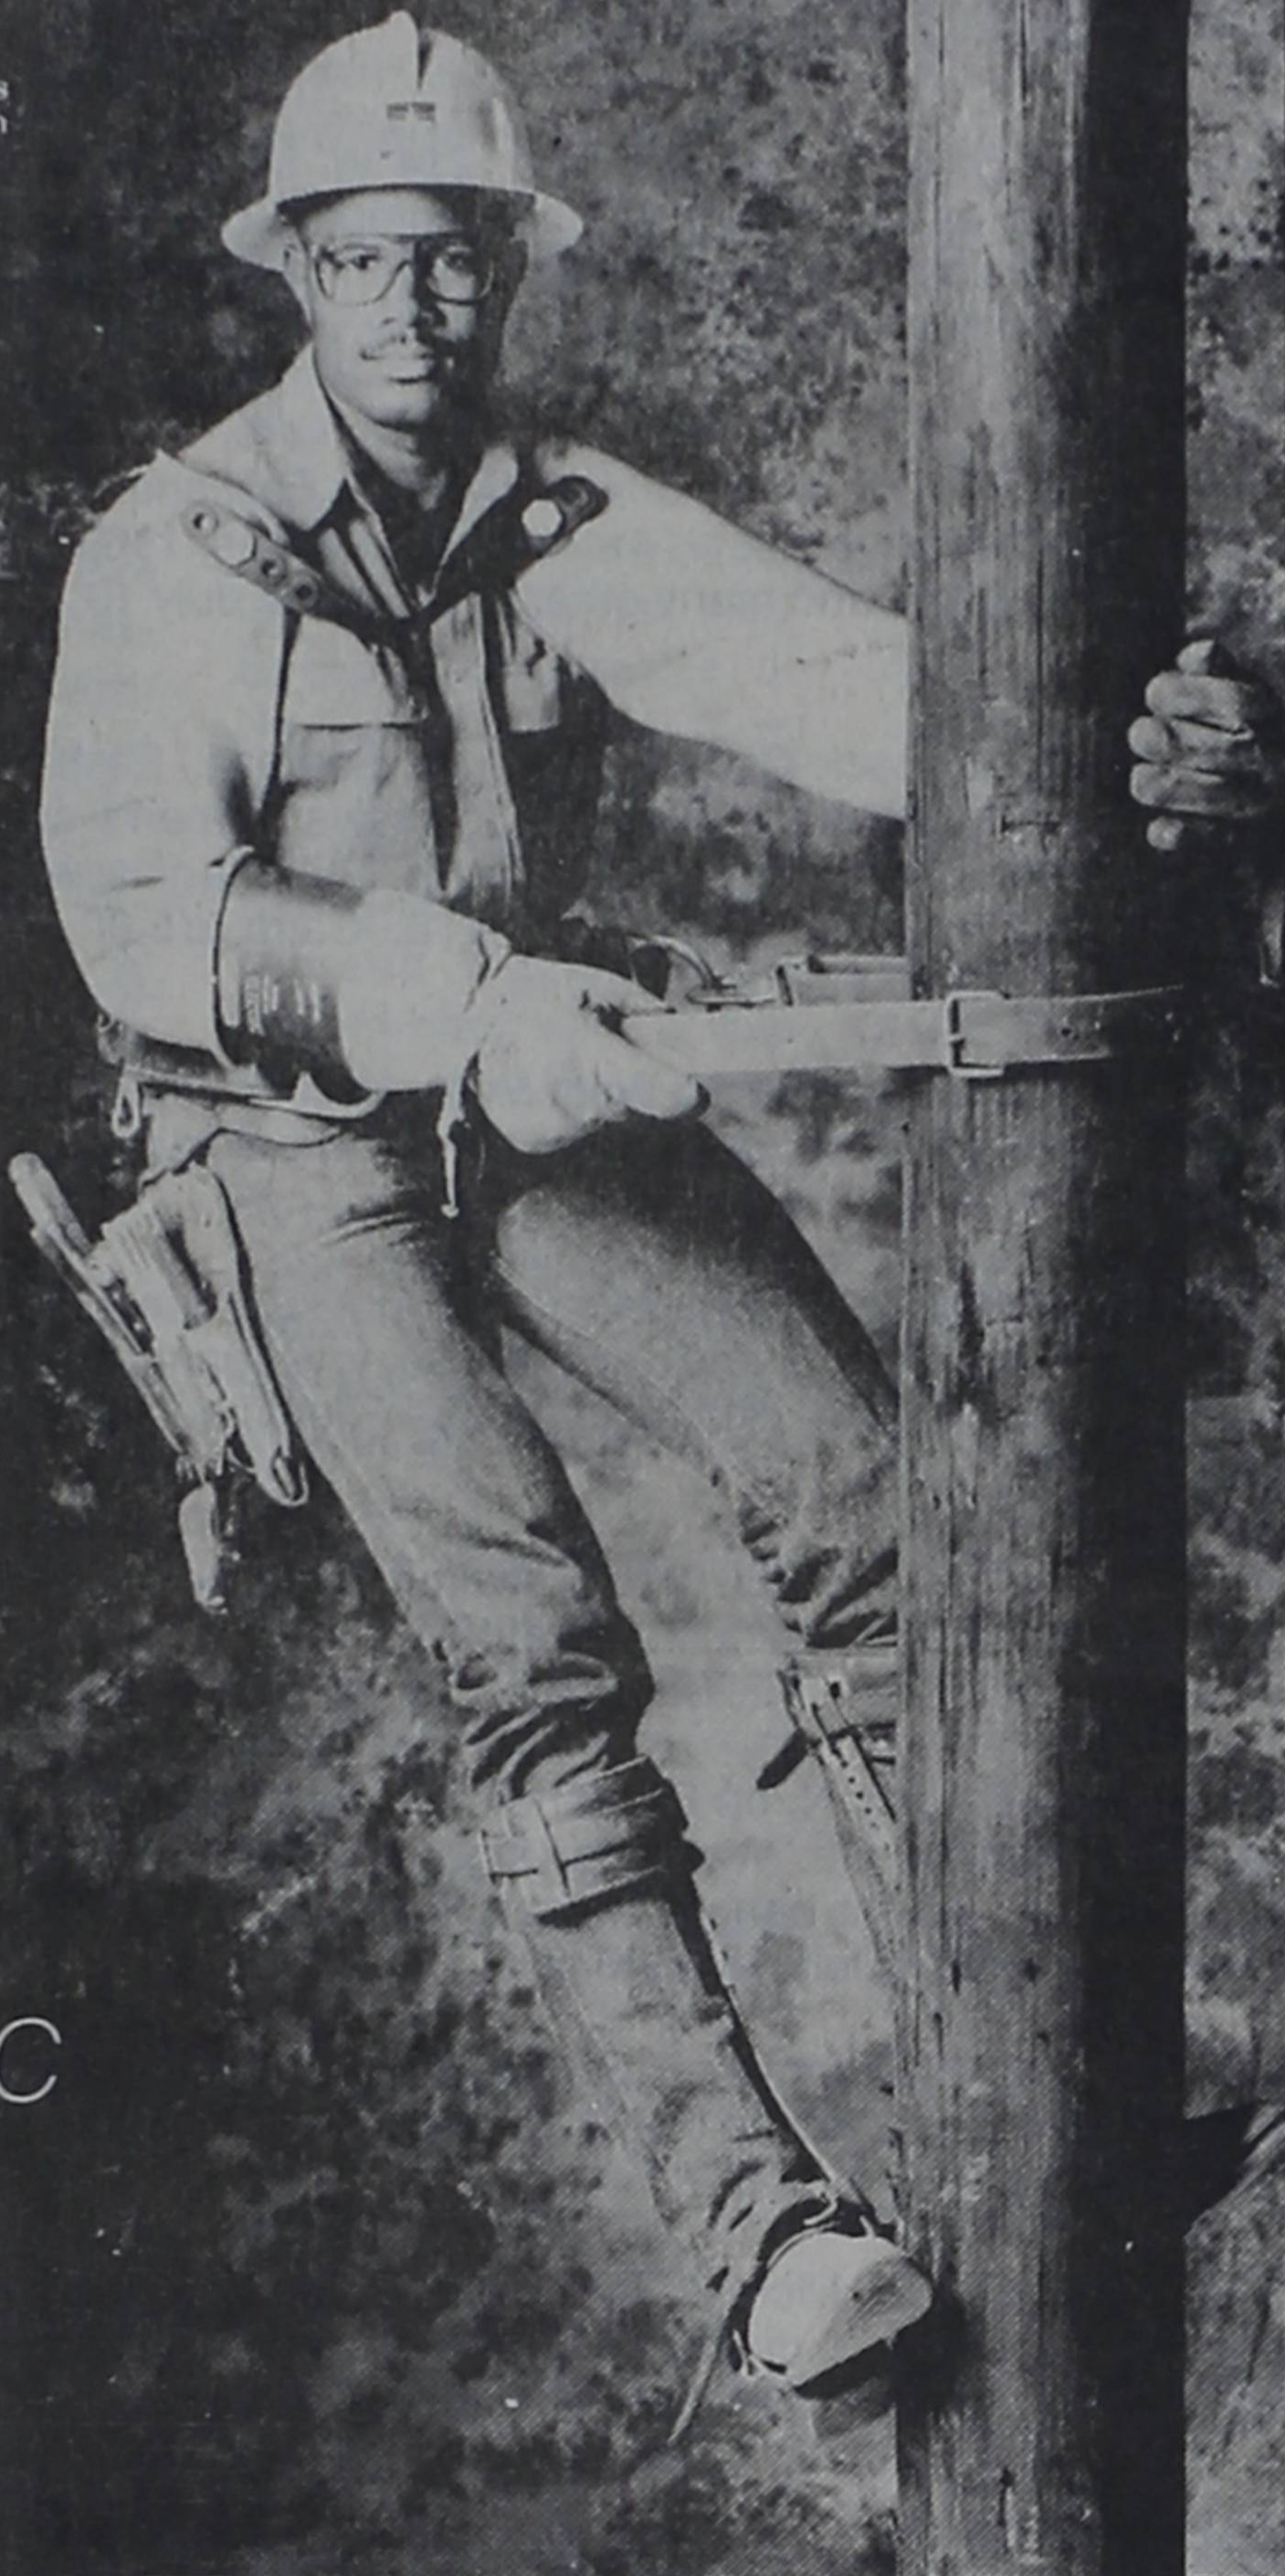

Electrical safety is a priority.

These types of accidents can be easily avoided. If people would just look up. Keep all objects away from overhead power lines. At TU Electric, we care about your safety. So give yourself a little distance.

We care about your safety.
