## ATTENTION ALL GIRLS

All currently registered Girl Scouts and all girls interested in Girl Scouting, ages kindergarten through High School, are invited to attend a swim-

ming party at the Ranger Community Pool from 6:30-8:30 on Friday, August 16. Bring a parent, come swim and discover the World of Girl Scouting.

## New Elementary Students, Don't forget to register!

The new Elementary students need to register the week of August 12-16.

That is not including kindergarten.

## THE BULLDOG BOOSTERS CLUB

The Bulldog Boosters Club will meet Monday, August 19, 1991 at 7:00

P.M. in the School Cafeteria. All members are urged to attend.

## GENERAL RAINS BENEFIT COUNTY

"One of those million dollar rains!"

"That's how Ron Bailey, head of the Soil conservation Service in Eastland County, describes the soaking rainfall at Saturday and Sunday.

The Change in Weather started with a cold front which began to stall out Friday across Central Texas. Clouds rolled in from the south, bringing scattered showers.

By late Saturday there were rains in the south part of the county, and the temperature had dropped from 95 degree to about 75. The heaviest rains began around midnight coming straight down with little wind.

The ground was so dry that it soaked in most of the rain with little runoff. The Leon River stayed in its banks on both the north and south forks.

On Monday there was still light rain, with heavier showers reported in Stephens County. But the

Weather Bureau forecast a return to sunshine and summer-time temperatures.

Some of the weekend rainfall totals were: Cisco, 2.6 inches in town, and 3.5 inches southeast of town. Eastland received 2.5 inches in town, with 2.6 west of town.

There was 2.3 inches reported at the Eastland County Water Supply District Pump Station, Merriman, with a rise of .2 of a foot at Lake Leon.

Around 2.5 inches was reported in Ranger. Gorman had 5 inches, Carbon 2.5, and Rising Star over 3 inches. The Sipes Springs area reported 4 inches.

The rain came in time for the peanut farmer to make a big crop, and the moisture is also of great benefit to coastal bermuda, sudan and native grasses.

The area towns, with their constant need for water, can also call this a "million dollar rain."

## RAILROAD CROSSING COUNTY TO BEGIN

At the County Commissioners meeting Monday Judge Scott Bailey shared a letter from the State Department of Highways and Public Transportation.

The letter was out of the Brownwood office, and was signed by William P. Crumley, P.E., District Design Engineer. The letter informed the Judge that 24-hour volume traffic counts will begin soon on all off-system, at-grade railroad crossings.

The letter says, in part: "Beginning in late August 1991 and ending in February 1992 the State Department of Highways and Public Transportation will be making 24-hour volume traffic counts on all off-system, at-grade railroad crossings. All counts will be made by contract employees.

"These employees will be wearing all required

safety equipment and will be working out of private vehicles. Each employee will have a letter of authorization to carry state equipment and make traffic counts for the Department."

He goes on to say that these employees are not allowed to give out any "raw traffic counts." And all traffic counting equipment will be removed by the contract employee after each count is completed.

Crumley requested that other county and city offices in Bailey's jurisdiction that may be affected be informed.

No further information was available at the County Commissioners meeting as to how many railroad crossings will be involved in this work.

After the meeting a newspaper reporter contacted the Highway Department office in Eastland, and was told

## COUNTY VOTERS TURN DOWN CONSTITUTIONAL AMENDMENTS - APPROVE TAX EXEMPTIONS

In the special elections Saturday, August 10, Eastland County voted against both State Constitutional amendments.

Amendment 1, in spite of confusing wording, would enable the County Education Districts to give school property tax exemptions and also to tax personal property. This Amendment received a total of 818 votes 'For' and 931 'Against' in the County.

Amendment 2 would have authorized up to \$300 million in general obligation bonds to fi-

nance loans to Texas students attending state colleges and universities. This Amendment received 768 votes 'For' and 960 'Against' in Eastland County.

Around 1749 local persons voted in the state portion of the Special Elections, with more than 10,000 registered voters in the county.

Unofficial totals for the state show that Amendment 1 passed, and Amendment 2 failed. Voter turnout was generally light around the state. Last Saturday the

countywide Education District had three proposals, separate but similar to Amendment 1 in the state election. Through these local proposals voters could approve exemptions on homesteads, exemptions for the elderly or disabled but could also turn down personal property taxes.

Eastland County voters gave a resounding 'Yes' to Homestead and Disabled Exemptions, and a big 'No' to personal property taxation. The vote was 1386 against and 82 for personal property taxations.

In the school elections here the personal property tax proposal was placed on top of the ballot, apparently to call voter's attention to it.

The new Eastland County Education District is one of 188 taxing districts created by the state's latest education finance law. These districts are supposed to even out funding for schools in the school. The Eastland County Education District, like many others, follows the county lines.

## VOCATIONAL -- TECHNICAL PROGRAMS ARE AT RANGER JUNIOR COLLEGE

Certificate of Completion or Associate of Applied Science Degree

### WHY RANGER JUNIOR COLLEGE?

**Fully Accredited** by the Southern Association of Colleges and Schools and governed by the Texas Higher Education Coordinating Board.

**Individual Attention** - RJC is small enough so that students' individual needs are met.

**Length of Programs** - Vo-Tech programs range from three months to two years in length.

**Up-to-date Curriculum**

that the term "off-system" refers to County road crossings only - that no crossings on Highways are excepted to be involved. The number of county crossings is expected to be checked out by the Brownwood office, which is handling the project.

**lum** - Evaluated and updated regularly to meet the needs of business and industry.

**Qualified Instructors** - Instructors qualified by education and work experience have a sincere interest in helping you reach your goals.

**Financial Assistance** - Based upon need, several sources of financial aid are available through grants, the college work-study program, and scholarships.

**Room and Board** - RJC offers on-campus housing and meals at reasonable rates.

### WHY VOCATIONAL-TECHNICAL TRAINING?

#### AUTOMOTIVE MECHANICS

- Available for students in training in electrical and tune-up, fuel and engines, transmissions, front-end alignment, brakes and air-conditioning.

**COSMETOLOGY** - Let RJC's School of Cosmetology in Brownwood train you to become a professional in the art of hair-dressing, manicurist, wig specialist, and cosmetology in general.

#### MICROCOMPUTER APPLICATIONS

For more information call (817) 725-6263.

## Eastland County is OPEN For Business

Through hands-on training students will learn skills needed for employment in today's 'computer world' or for personal use of microcomputers.

### SECRETARIAL / OFFICE OCCUPATIONS

- If business is your interest, you may pursue studies in the areas of general office or secretarial skills. After completion, you will be prepared for work in an electronic office.

### VOCATIONAL NURSING

- Vocational nursing students will follow the prescribed curriculum and attain a level of knowledge sufficient to pass a state licensure exam.

### WELDING TECHNOLOGY

- In the welding program students have modern welding equipment available to work with that will allow them to translate classroom theory into practical, applicable welding skills. ER-66

## COMMISSIONERS DISCUSS AMBULANCE CONTRACTS, OTHER MATTERS MONDAY

Eastland County commissioners Monday discussed Emergency Medical Services in Pct. 2, 3, and 4. Contracts are expected to be signed at the next Commissioners meeting August 26.

Back representing Pct. 3 was L. T. Owen, who had surgery several weeks ago.

At the July 22 meeting the Commissioners agreed to provide \$15,000 in the next fiscal year to subsidize ambulance service in Pct. 1. The service is based at Eastland Memorial Hospital.

Monday County Judge Scott Bailey said: "We are somewhat committed to spending \$15,000 in each Precinct, or \$60,000."

This is about half the subsidy now being provided for each Precinct. But the Commissioners decided the County could not afford the current subsidies so last month all Precincts were given notice that present contracts would end September 30.

Mike Moore, Cisco City Manager, said Monday, "I would like the termination of the contract rescinded."

He added that the present contract is a good one, and the only changes required would be the amount the county pays.

Ranger Fire Chief Darrell Fox told the Commissioners, "Ranger will be glad to get the same way as Eastland. On \$15,000 we may break even."

He said the Ranger Ambulance Service had one ambulance running, and another ambulance nearly ready to go into service.

On other matters, bids were opened from companies wishing to provide county health insurance. Five bids were received, including one from the present carrier. The Commissioners asked the auditor's office to study the bids.

The Commissioners agreed to a request from Richard Robinson of Pct. 1 to borrow \$12,500 from county-wide road and bridge funds to purchase a 1980 diesel dump truck. Robinson will repay the County in 14 payments - two this fiscal year and

12 for the next year. He expects this large truck to provide a savings in hauling for road work.

Reggie Pittman, Comm. of Pct. 4, gave a report on the County jail. He said 21 prisoners are in the jail, with 15 of these awaiting trial and 4 for TDC. One prisoner is serving jail time, and one other is a city prisoner.

Pittman gave more information on those awaiting trial. Of the 15, 2 have been held over 90 days, 2 have been held over 60 days, 3 over 30 days, and 8 less than 30 days.

Pittman said land north of the jail may be filled in and leveled for vegetable garden next spring. This would be worked by jail inmates.

Another interesting report came from Calvin Ainsworth, Comm. of Pct. 2 who is in charge of the Courthouse and grounds.

He said work had started on the underground sprinkler system on the Courthouse lawn, with one corner completed.

On the interior of the building, Ainsworth said a lot of repairs had been made, but there were still a number of things that needed attention.

The commissioners requested that he go ahead with the boiler repair, and check pipes. They also voted to have an electrician check over the electrical system in the Courthouse, for several fuse boxes were reported as "running hot."

As County Auditor Ray Pruitt said: "We've put a lot of new stuff on an old system."

This includes a number of new air conditioners, and a computer.

The Commissioners canvassed the August 19 Special Election and found the returns accurate. County Clerk JoAnn Johnson reported that it was a light election, with many voters apparently confused about the wording on the State ballot. Both proposed constitutional amendments failed in Eastland County. Statewide, unofficial returns showed that Amendment 1 passed and Amendment 2 failed.

## REV. JACK REDFORD

tist College in 1942 and a bachelor's degree at Howard Payne University in Brownwood in 1947. He completed residence requirements for his master's degree at Hardin-Simmons University and earned a bachelor's at Southwestern Baptist Theological Seminary in Fort Worth in 1952. He received an honorary doctorate from Linda Vista Bible College and Seminary.

Rev. Redford pastored churches in Texas and Arkansas from 1946-53. He served with the U.S. Army in Europe as an enlisted man during World War II. He then served as a chaplain in the U.S. Army from 1953-47 and again from 1958-60.

He was pastor of East Side Baptist Church in Colorado Springs, Colo., from 1957-58 and was an area missionary in Indiana from 1960-62. From 1962-67 he was director of missions for Southern Baptist work in that state.

He was associate secretary of Pioneer Missions in Atlanta, Ga., from 1967-70, and was director of the Church Extension Department from 1979-86 in Atlanta.

He was professor of missions in Southeastern, Southwestern, Midwestern, Southern and Golden Gate seminaries from 1972-84.

He was preceded in death by a son, Kenneth Redford.

Survivors include his wife, Mildred Redford of Cisco; a son, Bill Redford of San Antonio; two daughters, Charlotte Craig of Cisco and Rita Peeks of Grapevine; a sister, Betty Hathcock of Ranger; and two grandchildren, Tonya Craig of Athens, Ga., and Jacquelyne Redford of Lebanon, Tenn.

Pallbearers were Jack Clack, Cecil Deadman, Benny Hagan, Dewey Lamb, Larry Linam, Bill Philpott, Jim Manning and Charles West.

## RAY BUTLER

EASTLAND - Ray Butler, 83, of Lake Leon, died Wednesday at his home.

Services were at 2 p.m. Monday, Aug. 12, at the Edwards Funeral Home Chapel in Eastland with the Rev. John Taylor officiating. Burial was in the Merriman Cemetery, south of Ranger.

He was born in the Desdemona area and grew up in Desdemona and DeLeon, graduating from DeLeon High School in 1927. He attended John Tarleton College. He worked in oil fields in Iraan and Abilene, later moving to Dallas where he worked for Briggs Weaver Machinery Company and was a territorial salesman in Clovis, N.M.

In 1965 he moved to Amarillo and was office manager for Allis Chalmers, retiring in 1970. He was a member of the Lake Leon Baptist Church.

Survivors include his wife, Bertie Butler of Eastland; a son, Walter Butler of Lake Leon; a sister, Ava Collings of Midland; and six grandchildren.

## RUTH RUTLEDGE

CISCO - Ruth Rutledge, 91, of Cross Plains died Sunday, Aug. 11, 1991, in an Abilene hospital.

Services were at 2 p.m. Wednesday, Aug. 14, 1991, at Higginbotham Funeral Home Chapel in Cross Plains with the Rev. Susan Trammel officiating. Burial was in the Cross Plains Cemetery.

Mrs. Rutledge was born in Indiana. She was a homemaker and a member of the First United Methodist Church.

Survivors include a son, W.A. "Bill" Rutledge of Cross Plains; six grandchildren, Bill Rutledge of Cross Plains, Bradley Rutledge of Cisco, Richard Rutledge of Abilene, and Mark Rutledge, Barry Rutledge and Cindy Rutledge, all of California; and six great-grandchildren.

## ALICE CORINA LAMINACK DANIEL

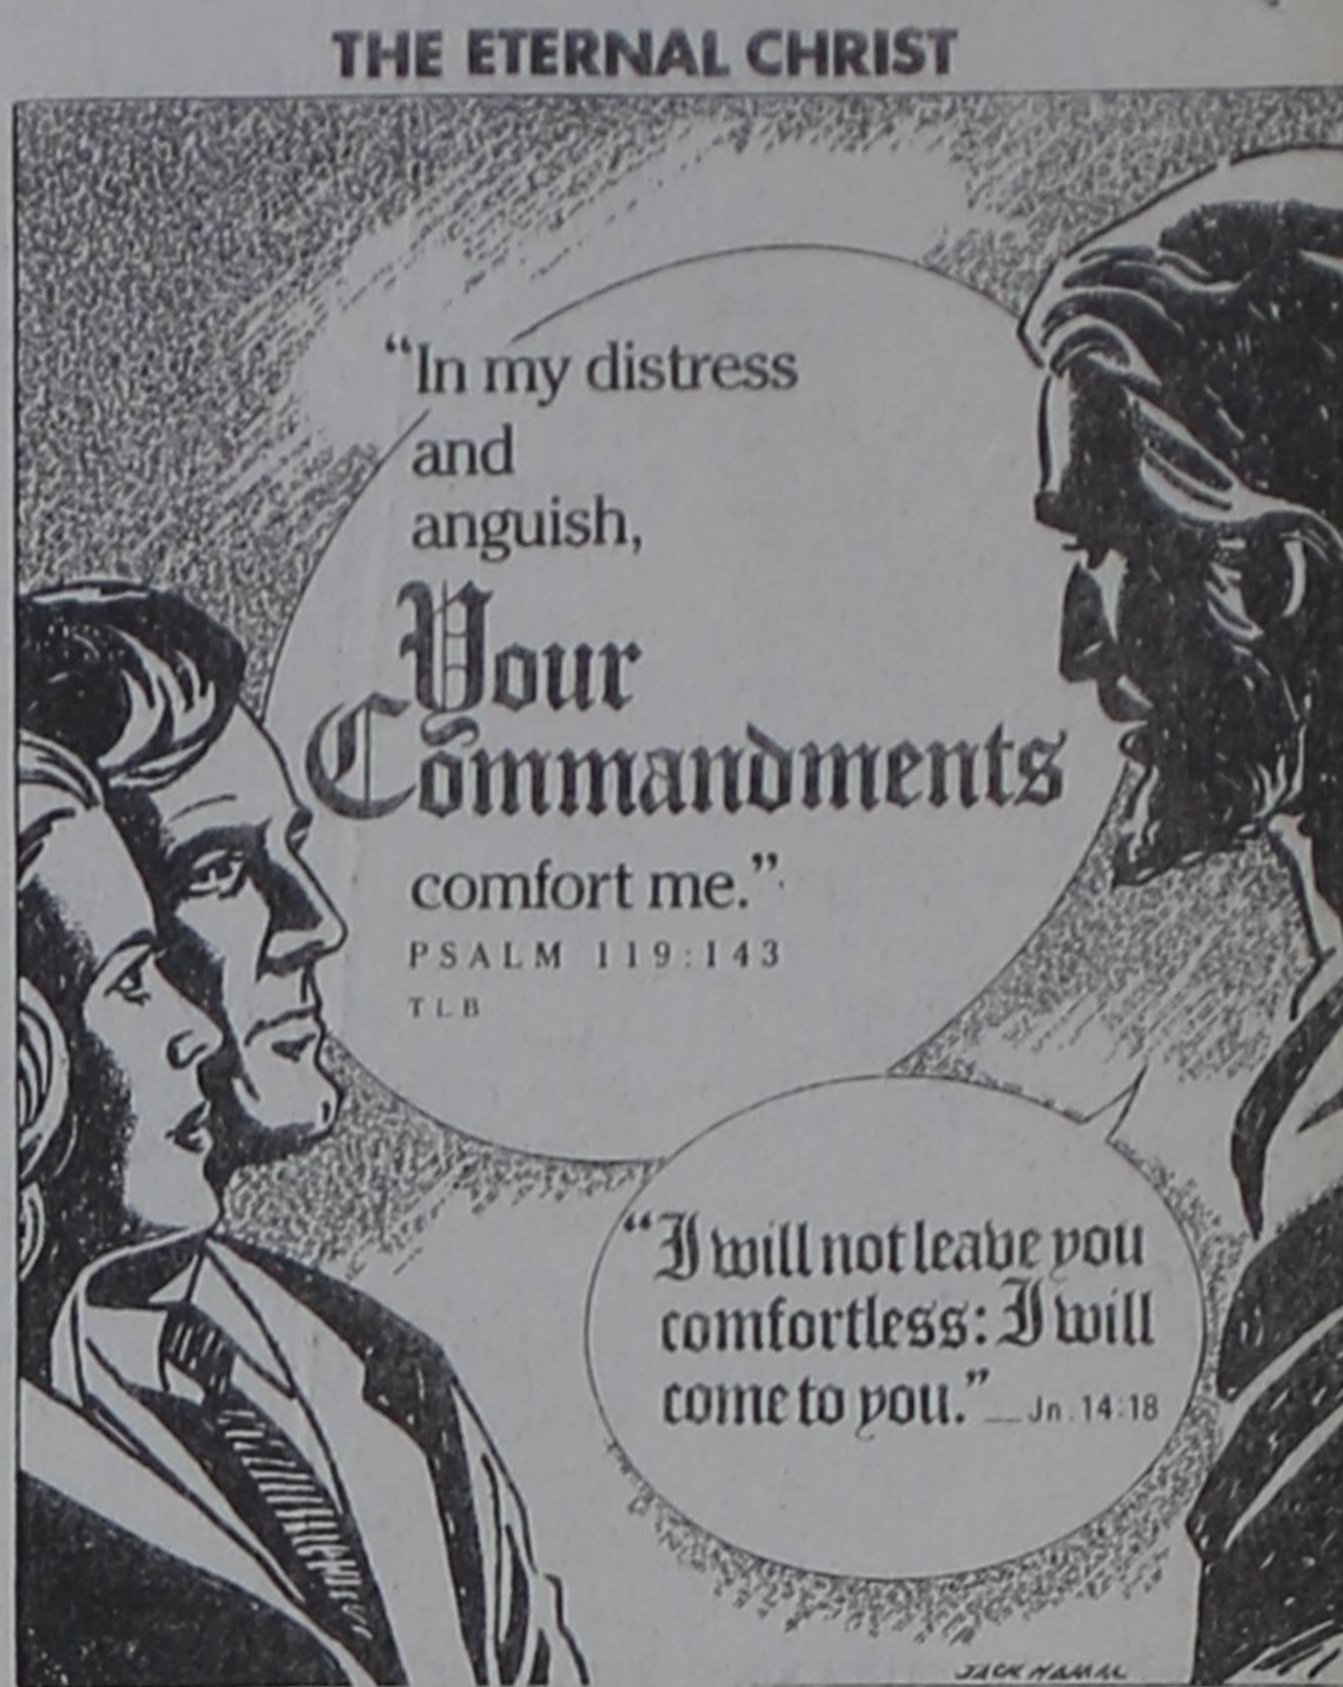

CISCO - Alice Corina Laminack Daniel, 82, of Abilene died Saturday, Aug. 10, 1991, in an Abilene hospital.

Services were at 2 p.m. Wednesday, Aug. 14, 1991, at Elliott-Hamil Funeral Home Chapel of Memories with the Rev. Bill Fitzgerald officiating. Burial was in Elmwood Memorial Park.

Mrs. Daniel was born in Sabanno, Eastland County, and graduated from Eula High School.

She was a homemaker and a member of the Epworth United Methodist Church.

She was the widow of John Daniel. Survivors include two sons, E.L. Johnson and Bobby G. Johnson, both of Abilene; a brother, Walter Laminack of Cisco; four grandchildren; seven great-grandchildren; and several nieces and nephews.

## RUTH GAY BOYD

CISCO - Ruth Gay Boyd, 87, died Saturday, Aug. 10, 1991, in Eastland Memorial Hospital.

Funeral services were at 11 a.m. Monday, Aug. 12, 1991, at Cisco Funeral Home Chapel with the Rev. Jim Manning, pastor of First Baptist Church, officiating. Burial was in Oakwood Cemetery.

She was born Feb. 12, 1904, in Ebony, Mills County, Texas. She married Homer Ray Boyd Dec. 25, 1921, in Mullin, and he preceded her in death on July 10, 1977. She was also preceded in death by a son, Gaston Boyd, on May 17, 1991.

The family has lived in Eastland County since 1940.

She was a member of First Baptist Church and Cisco Senior Citizens Center.

Survivors include three sons, Bobby Boyd of Moran, and Donald Boyd and Danny Boyd of Cisco; a daughter, Norma Ray Schull of Buffalo Gap; two brothers, Alvie Egger of Sweetwater and Marvin Egger of Bastrop; a sister, Audrey Spain of Brownwood; 16 grandchildren; 30 great-grandchildren; and eight great-great-grandchildren.

Grandsons were pallbearers.

**Pharmacy Topics**  
 By Bob Mueller

New birth control pill is being studied in the Netherlands. Because it contains no estrogen, it is said to have fewer side effects.

Gallbladder removal by laparoscopy -- operating with microtools and a scope through small holes in the abdomen -- speeds recovery because muscle tissue is not cut. Patients can be back to work in a week.

Children of parents with allergies are more likely to develop asthma, according to a study reported in the New England Journal of Medicine. Research noted a correlation between the dust-mite allergen in the home in infancy and childhood and the risk of asthma.

Toxic chemicals may be dangerous to would-be fathers as well as to pregnant women, the Western Journal of Medicine reports. Harmful substances can reduce fertility and may damage sperm, too.

Yet another reason not to smoke: smoking may block the perception of early discomfort signals of heart disease, so a heart attack comes without warning, say researchers at the University of North Carolina.

Need help breaking the habit? You'll find pills, special devices and other stop-smoking helps at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Bill Campbell stars as air racing pilot Cliff Secord, who finds a rocket pack that enables him to fly. This Walt Disney live-action adventure will show at the Majestic in Eastland, beginning Friday, August 16.

## The Rocketeers To Show At Majestic Aug 16-19

What would it be like to have the ability to fly?

This is the idea explored in the film 'The Rocketeer', which will show at the Majestic in Eastland from Friday, August 16, through Monday, August 19.

Show time will be 7:30 each evening, with tickets \$3 at the box office. The picture is rated PG, and it especially appeals to young people.

The story tells of a young air racing pilot, Cliff Secord (played by Bill Campbell) who finds a rocket pack that enables

whoever straps it on to fly.

But Cliff isn't the only one who learns about the rocket pack, and soon finds himself pursued by spies and villains, including Hollywood Matinee idol Neville Sinclair (Timothy Dalton).

'The Rocketeer' is based on a comic book filler which was first published in 1981. The response from readers was so overwhelming that creator Dave Stevens was asked to continue the story as a series under its own title. The adaption from

comic book to movie screen began in the mid 1980's with 'The Rocketeer' competed several months ago. The finished product is entertaining and exciting.

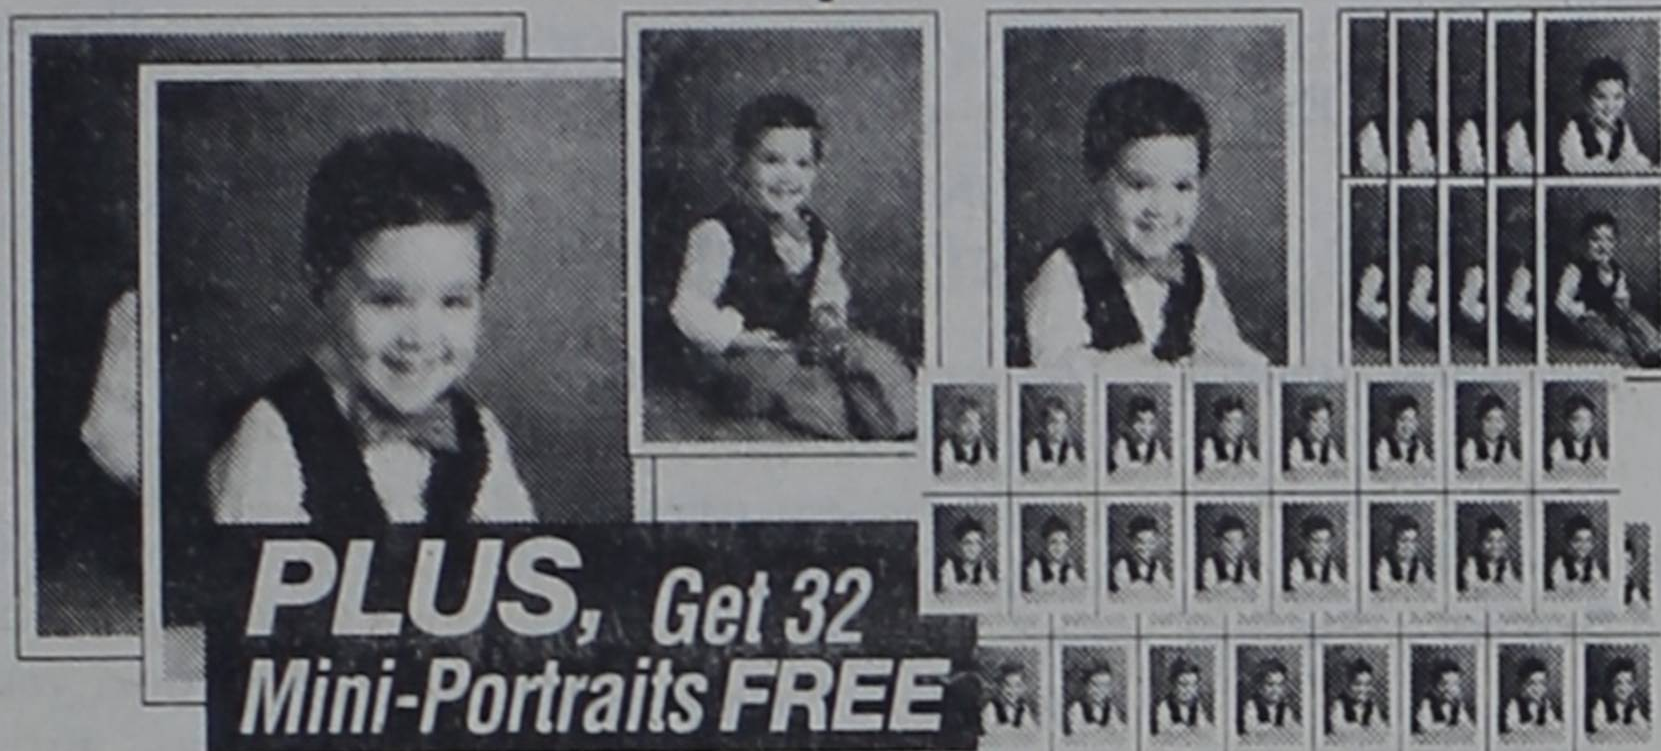

A shower of needles was the result of a cyclone striking a factory that made knitting needles.

 Second Prize Winners (100) Nolan Ryan autographed official American League baseball plus display stand.  
 Third Prize Winners (1,000) Nolan Ryan/Wrangler poster.

**RISEING STAR Teens Semifinalist in 'TEEN Magazine's Sportsgirl of the Year Program**

Vicki Lee, 15, of Rising Star, appears in the September issue as a Sportsgirl of the Year regional semifinalist and is eligible to compete for a \$10,000 scholarship. In its third year, 'TEEN's 1992 Sportsgirl of the Year program is searching for outstanding all-around athletes—girls who have excellent skills in sports, and demonstrate leadership and good sportsmanship.

Out of the nearly 10,000 entries received annually, 288 exceptional athletes are selected as regional semifinalists. Twelve girls are selected in six regions for four months—June through September.

Because of Vicki's outstanding abilities in Track & Field, she is now in the race for a spot as one of the 24 finalists that will appear in the November issue of 'TEEN Magazine. The field will be narrowed again to 12 super finalists to appear in the December issue. The winner will appear in the February 1992 issue.

The 1992 Sportsgirl of the Year will receive a \$10,000 college scholarship from sponsor Tampax(R) Tampons and 'TEEN! All regional semifinalists will receive a Sportsgirl of the Year designer patch.

Sponsors of the 1992 Sportsgirl of the Year program are Tampax Tampons and 'TEEN. 'TEEN Magazine, a Petersen Publication, is read by one-third of all U.S. high-school girls.

**Doobie Brothers and Alabama Will Show At Sea World**

Sea World of Texas will feature in concert two of the music industry's most successful groups of all time—the Doobie Brothers on Saturday, Aug. 31, and Alabama on Sunday, Sept. 1,—during a Labor Day weekend music celebration.

Following Labor Day weekend, Sea World will alter its operating schedule. Sea World will be open Labor Day, Monday, Sept. 2, and then shift to a week-ends and holidays operating schedule through Thanksgiving weekend.

The Doobie Brothers will play their popular brand of rock 'n' roll music for Sea World guests beginning at 7:30 p.m. Aug. 31. Country music supergroup Alabama will appear in concert at 8 p.m. Sept. 1.

Concert coupons offering \$4 off the regular price of admission to Sea World are available at participating Diamond Shamrock stores. Each coupon is good for up to six guests and is redeemable at Sea World's front gate through Sept. 2. Proceeds from coupon redemption will benefit the San Antonio Commission on Literacy and San Antonio Youth Literacy.

All Sea World concerts are included in the price of admission to the park. The Doobie Brothers and Alabama concerts will be held at Sea World's acre-large U.S. Map. However, seating will be limited and available on a first-come, first-served basis.

Concert-goers are encouraged to arrive early each day to ensure admission to the park. Sea World's 55-acre parking lot may close temporarily should it reach capacity.

VIA Metropolitan Transit will provide park-and-ride service to Sea World from Crossroads Mall from noon to 11 p.m. each day of the two-day concert event.

The Doobie Brothers—with four Grammys and 13 gold and 11 multi-platinum albums to their credit—remain one of the '70's and early '80's most successful American rock 'n' roll bands. Their most notable hits include classic—such as "Listen to the Music," "Rockin'

Down the Highway," and "China Grove." The Doobie Brothers' latest release is titled "Brotherhood."

No band can rival the success that Alabama achieved during the '80s. Voted "Artist of the Decade" by the Academy of Country Music, Alabama's extensive list of hits includes "Tennessee River," "Old Flame," "Fallin' Again," and many more. As testimony to Alabama's success, the country music supergroup's record sales are now in the neighborhood of 40 million.

The Doobie Brothers and Alabama concerts at Sea World are sponsored in part by Diamond Shamrock, South Texas GMC Truck, the San Antonio Express-News, Advantage Rent-A-Car, Humana Hospital, Kinetic Concepts, KZEP Radio and KJ97 Radio.

Throughout the 1991 season, Sea World's superstar concert series features performances by big-name entertainers such as Linda Ronstadt, Reba McEntire, Bonnie Raitt and Sandi Patti, to name a few. Concerts are offered to Sea World guests in addition to more than 25 spectacular shows, educational exhibits and family attractions, including the new Texas Splashdown flume and Rio Loco river rapids rides.

For more Sea World of Texas information, call toll free (800) 422-7989 or, in the San Antonio area, (512) 523-3611.

Sea World of Texas is owned and operated by Busch Entertainment Corp., the family entertainment Anheuser-Busch Cos. Inc. Busch Entertainment also owns and operates Busch Garden—theme parks in Tampa, Fla., and Williamsburg, Va.; Sesame Place in Langhorne, Pa.; Adventure Island in Tampa; Cypress Gardens in Winter Haven, Fla.; and Sea World parks in Orlando, Fla., San Diego, Calif., and Aurora, Ohio.

- Liability Insurance.
- Selection of future meeting site, date, & time.
- Unfinished Business.
- Adjournment.
- Keith Watkins Superintendent Eastland ISD

**LEGISLATION GIVES THE STATE AN OPPORTUNITY TO OVERHAUL HEALTH AND HUMAN SERVICES**

Lt. Governor Bob Bullock says that final passage of H.B. 7 gives the state the opportunity to overhaul Texas' fractured health and human service programs by giving the governor the ability to appoint a board with broad powers to reshape the state's policy.

"No other area of state government needs reform more than our state's fractured health and human services system," Bullock said. "Our current system of 300 separate programs spread among 13 different agencies does not work for the people in need of help or for the taxpayers who want their money spent wisely and efficiently."

"This bill acknowledges that desperate need for reform. We should be careful to note, however, that this legislation is not the solution; it merely opens the door to a solution," Bullock said.

Bullock said the legislation will create a governor-appointed Health and Human Services Commission to oversee all health and human service programs. The commission is charged with improving and coordinating services and reducing duplication by consolidating similar programs.

"The people appointed by the governor to oversee these reforms will be well-advised to know that the Legislature and the people of Texas will keep a close watch on their efforts to bring some sense to our health and human service agencies and programs," Bullock said.

Among the commission's first duties will be to consolidate protective and regulatory services, like the state's child protective service, into a new agency and to consolidate a health programs into a new Department of Public Health, Bullock said.

The legislation also provides for a governor-appointed task force to review all state facilities for mental health and mental retardation and recommend improvements, including the possible consolidation of state schools. Bullock said the review could end a 17-year-old federal lawsuit brought against the state's mental retardation institutions.

**AUGUST/SEPTEMBER DESIGNATED AS NATIONAL PEDICULOSIS PREVENTION MONTHS**

Head lice is the most widespread communicable childhood disease, second only to the common cold.

A dermatologist at Baylor College of Medicine in Houston warns that parents should look for signs of head lice (pediculosis) as the new school begins.

"School-age children have a higher incidence of head lice because they come in close contact with each other daily," said Dr. John E. Wolf Jr., professor and chairman of dermatology. "Parents may keep their child clean, however good personal hygiene does not prevent the spread of lice. Also, head lice can appear in anyone regardless of socioeconomic class."

Lice are small, six-legged insects that feed on humans by sucking blood from the scalp. An adult female louse lays up to 10 eggs, or nits, daily. The nits latch onto hairs near the scalp, the back of the head, behind the ears and they eyebrows.

According to the National Pediculosis Association, an estimated 6 to 12 million Americans transmit head lice annually through body contact, infected clothing, combs, hairbrushes and furniture.

Children with head lice suffer intense itching, often leading to inflammation and infection of the skin. Nits can survive for several months depending on the extent of

the infestation.

Wolf suggests using pesticide-based shampoos equipped with a special comb to remove dead lice and nits. Although they are generally considered safe, Wolf said infants, children with allergies and scalp infections, pregnant women and nursing mothers should see a doctor before using such products.

Wolf recommends that parents of children with head lice notify the school or childcare center immediately.

"Prevention is impossible once the child has been exposed to lice," he said. "Alerting them immediately may protect other children and save everyone the anxiety."

He offers these steps to avoid lice:

—Watch for signs of head lice, particularly frequent scratching.

—Use natural light and a magnifying glass when examining the child's hair.

—Wash sheets and recently worn clothes in hot water and dry on the hot cycle. Combs and brushes used on lice-infested hair should be soaked in hot

**GFWC Convention June Highlights**

The General Federation of Women's Clubs celebrated the 100th annual convention in Arlington, Va., June 8-10, at the Crystal Gateway Marriott Hotel.

Members of the GFWC/TFWC - Heart of Texas District attending the convention were: Ruby Lee Pirtle, District President, Cisco; Elsie Barnes, President-Elect, Brady; and Marie Ward, Chairman of GFWC - 20th Century Endowment Fund and State Life Member, Aspermont.

Club members from the United States and other nations attended the International Convention. Delegates representing 36 foreign nations were honored at the International Banquet. The colorful march of the delegates was led by the fifes and drums of Alexandria, Va. Flags of the nations were displayed. The program was presented by the international delegates who were dressed in native attire, some speaking in the language of their country; most spoke some English. Delegates took advantage of the planned tours of Washington, D.C., Arlington, Va., and Georgetown. The tours involved the monuments and memorials, capitol, government buildings, Arlington Cemetery, Smithsonian and colleges. Streets and the hotel were decorated in red, white and blue for the Memorial Day Celebration with parade and fireworks. Shows and the Washington D.C. Symphony at the Kennedy Center were scheduled entertainment. The convention program included a humorist and motivator who spoke on "Survival Skills for a Fast Moving Society;" open house at the General Federation of Women's Club headquarters; GFWC Regional Dinner (Texas is in the South Central Region); an address by Helen Thomas, UPI White House bureau chief, on "Date Line White House;" and economist Julia Walsh spoke on "Economic Challenges." Sunday morning convention members were inspired by the words of Monsignor W. Louis Quinn, pastor of St. Mat-

thews Cathedral, Washington, D.C.

Workshops on various GFWC departments and divisions were presented by outstanding professionals who are members of the organization. Topics included the arts, public affairs, international affairs, conservation, education, home life, projects, fundraising and other topics of interest.

Materials were available for helping local clubs plan their programs and projects for the year 1991-92.

The last day of convention was GFWC Legislation Day. A luncheon was held in the Senate Caucus Room on Capital Hill with the Honorable Richard G. Lugar, U.S. Senator from Indiana as speaker. Some of the club members had made appointments to visit with congressmen from their districts.

Delegates took advantage of the Underground Mall for shopping and food specialties. Entrance to the mall was from the hotel lobby. The trip was educational, entertaining and a lot of fun. Delegates from the Heart of Texas District were delighted with the

**Exemptions Fail To Gain Small Business Support For Corporate Income Tax**

The state's largest small-business advocacy group today announced it will "vigorously oppose" Lt. Gov. Bob Bullock's franchise tax reform proposal—even though the plan would exempt virtually all of the group's members from the tax.

Robert Howden, director of the 40,000-member Texas chapter of the National Federation of Independent Business, said that while Bullock's proposal would provide immediate tax relief for many small corporations, it would "open the door to a full-fledged income tax system just a few years down the line. Small-business owners want to make sure that door stays firmly bolted."

Bullock's plan would convert the state franchise tax to a 4.5% tax on corporate income. Sole proprietorships, partnerships and closely-held corporations (those with fewer than 35 stockholders) would be exempt from the tax.

travel plans made by Mary Beaty of Beaty Travel Agency of Eastland.

Howden noted that virtually all family owned and operated businesses would be exempt and that many small corporations now paying a minimum franchise tax would realize an actual tax savings under the Bullock proposal.

But, he said, "As much as this state's small-business owners could use some tax relief, they are not about to latch onto any short-term tax break that paves the way to a permanent personal income tax." And that, Howden said, is the most likely scenario, should Bullock's proposal be adopted.

He noted that, though far less than half of the businesses represented by NFIB/Texas are incorporated, a survey conducted earlier this year found nearly nine of every 10 (87%) NFIB/Texas members opposed a corporate income tax. "Our members know that once any type of income tax is accepted, taxing all types of income becomes not only acceptable but politically unstoppable," Howden said.

Noting that the proposal would hit large corporations with \$800 million in new taxes, Howden said: "You don't have to be a political scientist to see that, when the state says it needs even more money two years from now, big business will say they've already done their part and use their political muscle to extend the income tax to individuals and family-owned businesses."

Howden said his group believes the state's current budgetary problems stem from "too much government growth and too much government spending."

**"HELP!"**

If you're being squeezed between a tough revenue goal and a tight operating budget, don't feel alone, you're among friends. But there is hope--and help available. Many, in similar situations, realize that economical, consistent advertising in the local newspapers is the best way to get the message out about products and service. The local newspaper is delivered regularly by the Post Office to thousands of reader-subscribers who are potential customers. The cost is reasonable. The flexibility makes it easy, and the local newspaper is read by folks all over the county and in the surrounding counties. Your squeeze could be eased with some additional customers. Your local newspaper can deliver you message to them right now, and it doesn't cost anything to get the details. Call today-- and start easing the squeeze...

# Children Need To Be Vaccinated For Measles

There was a time when measles meant nothing more than a few days of fever, a spotted face and some time home from school. Times have changed.

Parents who still think of measles as a childhood nuisance should think again, said a pediatrician at Baylor College of Medicine in Houston.

"People consider measles a benign disease, but the risk of death from outbreaks in the United States has quadrupled in the past five years," said Dr. Jeffrey R. Starke, an assistant professor of pediatrics at Baylor. "It is unclear whether people have changed, and are somehow more susceptible to measles, or whether the virus that causes measles has changed."

Starke said half of the people who contract measles will develop pneumonia or other complications. One of every 1,000 children who contract measles develops inflammation of the brain, which can be fatal.

The greatest increase in measles cases is in unvaccinated children under age 5, Starke said. They accounted for 71 percent of the cases in a 1990 epidemic. At greatest risk are children from low-income families who do not have access to health care, he added.

States require children entering school or licensed day care facilities to be vaccinated. But that still leaves a large number of children unprotected, Starke said.

"We have to stop thinking of immunizations as a school-readiness phenomenon and start thinking about them as a health maintenance for all young children," he said.

Parents should start their children on a regular immunization program at age 2 months. Measles, mumps and rubella vaccines commonly are given together at 12 to 15 months of age, but during measles epidemics a first shot of measles vaccine should be given at 6 months and repeated at 15 months,

Starke said. In addition, a measles booster immunization should be given between ages 5 and 12 years.

Although local health authorities provide free or low-cost immunizations, the Centers for Disease Control in Atlanta estimates that in some areas as many as 50 percent of two-year-olds are not vaccinated. These children are at risk for other diseases in addition to measles, Starke said.

"Children who have not been vaccinated for measles have generally not received the vaccines for any of the other preventable diseases," he said. "As a result, we also are seeing increases in cases of mumps and pertussis (whooping cough). Measles is our biggest problem because it is the most contagious and has the highest risks for death and complications."

Measles tend to occur in late fall and winter. Despite media coverage of the 1989 and 1990 epidemics, Starke does not expect to see a significant

## New Federal Grant Expected To Help Save Lives In Texas

A \$3 million federal grant from the Centers for Disease Control will help the Texas Department of Health (TDH) screen low-income women over 40 years old for breast and cervical cancer. This is the first time the federal government has awarded funds to states for cancer screening.

"Breast cancer is the most common cancer among women, and the mortality rates are three times greater among black women and two times greater among Mexican American women than among Anglo women. We especially want to target those women over 40 who have ceased having children and probably aren't coming in for regular medical exams anymore." Women who are below 200 percent of the federal poverty level and who do not have medical insurance or other third-party payment will qualify for the new services.

The grant for the first year is \$3 million, with

decrease in cases this year.

"The good news is that we can prevent measles, and several other diseases, by vaccinating our children," he said. "The bad news is that many children are not getting vaccinated as early as they should."

When the screening services become available this fall, TDH and the contractors will alert women about where they can find these services nearest to their hometown.

## Rescue Line

For Women

Ruth Stewart, M.Ed.

Q. What are some ways to find happiness in homemaking?

A. There are several ways to find happiness in homemaking. Here are a few:

1. Have a proper attitude toward drudgery. Even unpleasant tasks can bring joy when they are completed.
2. Don't become crowded for time. Just as a little girl enjoys playing house. There can be a certain amount of enjoyment in it for real.
3. Go the second mile in doing more than is required. Then joy can come.

## Senate Panel Approves Funds For Texas Projects

A U.S. Senate subcommittee approved funds for various Texas projects, including a research program at Tarleton State University to address pollution problems associated with the dairy industry and other agricultural sectors, U.S. Sen. Phil Gramm has reported.

Specifically, the senator said, \$1 million was approved for the Tarleton State program, which will develop a research model to study the impact of confined dairy operations on surface and groundwater pollution, and to find more affordable and efficient ways to address these problems.

"The study will focus initially on Erath County and then later be possibly used as a national model," Gramm said. "This program represents the first effort to substantively address non-point sources of groundwater pollution from agricultural production."

Texas A & M, the University of Texas at Austin and Iowa State University will also participate in the study.

"The results of this research may substantially reduce the costs to local dairymen of complying with Texas Water Commission permitting requirements," the senator noted.

Gramm said the funds were approved by the Senate Appropriations Subcommittee for the Departments of Housing and Urban Development and Veterans Affairs and Independent Agencies. The senator is a member of the subcommittee.

The funds, if approved by the House, will be used during Fiscal Year 1992, which begins on October 1 of this year.

Gramm noted that President Bush's funding request of \$2 billion for the NASA Space Station project was fully funded in the bill. Much of the Space Station work is conducted at the Johnson Space Center in Houston.

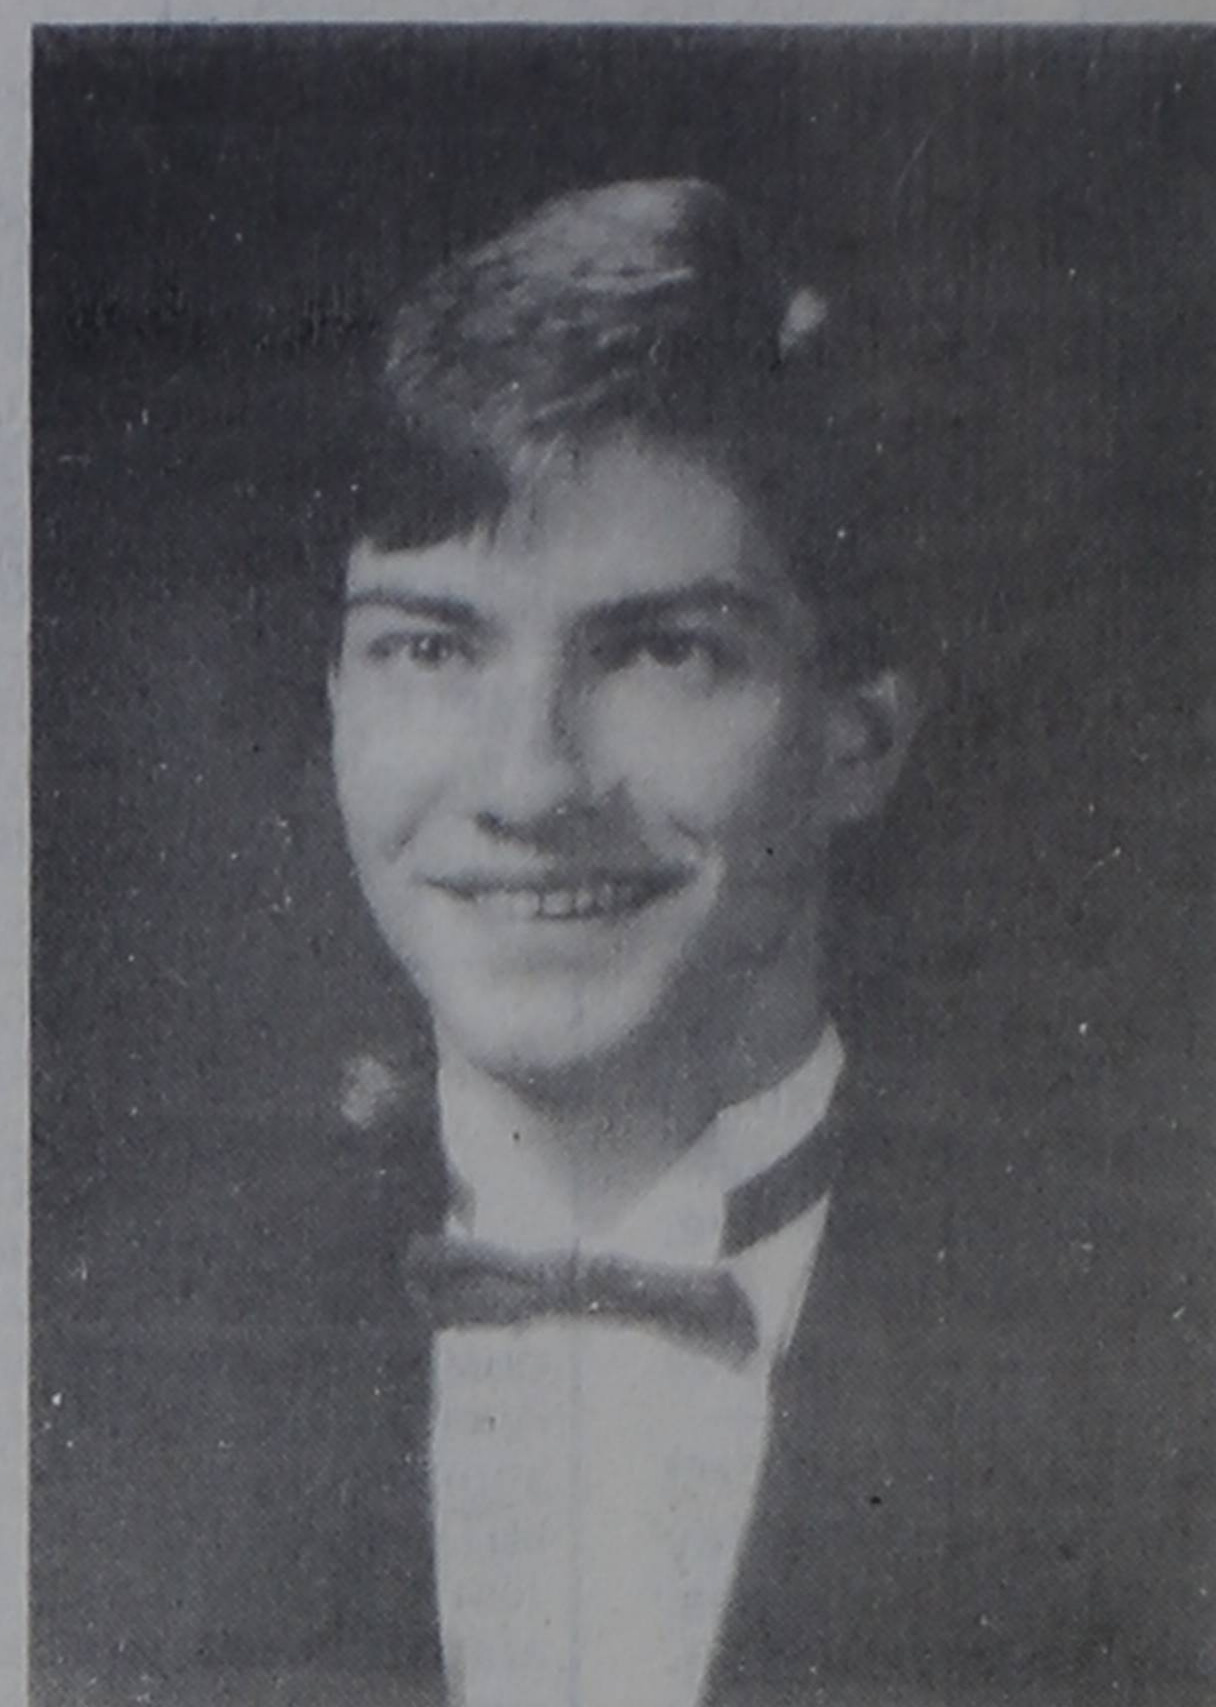

Other Texas projects receiving funds from the bill are Veterans Affairs facilities throughout Texas, including Bonham, Victoria, Laredo, Amarillo, Dallas, San Antonio, McAllen, Austin and Lufkin (\$50 million); EPA programs to enhance the quality of Galveston Bay and the Gulf of Mexico (2.4 million); the Mickey Leland National Urban Air Toxics Research Center in Harris County (\$400,000); the Gulf Coast Hazardous Substance Research Center at Lamar University in Beaumont (\$2.5 million); and the Southwest Environmental Research Center, a consortium of universities including the University of Texas at El Paso (\$2 million).

The bill will be considered by the full Senate Appropriations Committee and the full Senate in the upcoming weeks, the senator noted.

## Fishing Outdoors

by Terry L. Wilson

### LUNKER BASS MAKES TOP 50 LIST AGAIN

The final event for the Anglers Choice Team Events drew 16 teams at Lake Brownwood including three area teams. Anglers were faced with some tough but interesting conditions. Heavy

rains, wind shifts hourly and worst of all the fish were in 1 foot of water and less.

At the 3:15 weigh-in the results were: 1st, 5 fish, 12.50 pounds, Gilgston and Kirby of San Angelo; 2nd, 5 fish, 6.85 pounds, Bobby Maynard of Ballinger; 3rd, 3 fish, 6.08

pounds, Dyess and White; 4th, 3 fish, 5.40 Simpson and Evans; 5th, 3 fish 5.19 James Fullen and B. J. Johnson; 6th, 2 fish 4.22 Bud Wood and Butch Willingham. Thirteen of the sixteen teams were able to bring in one or more fish over 14 inches. Shadows and white spinner baits were the top baits.

Overall top five teams in order of finish for the year end were: Dyess and White 356.34; Oliver and

McCain 354.83; Davis and Manley 352.03; Maynard 336.14 and Miller and Charanza 294.35.

August 18, 1991 the Santa Anna Booster Club will be hosting its 1st Annual Open Bass Tournament at Lake Coleman. Entry fee for the open division will be \$35.00, junior division (13 and under) \$20.00 and ladies division \$25.00. Open division intrants will be competing for a guaranteed purse of \$1,000.00. One place will be paid for each 8 entries. For more information contact Dale Bradley at 348-3850 or John Smith at 643-2334 or myself at 629-3255.

A 15-pound largemouth bass hardly raises an eyebrow anymore at Lake Fork, unless it's lost a couple of pounds. Huh?

New York angler Scott Abish caught a 15.02-pound lunker from Fork on July 17, good for 35th on the Texas Top 50 Largemouth Bass list (Top 50 list toward back of this pocket). The fish was scanned for an internal pit tag by David Campbell, biologist at the Tyler Fish Hatchery. After reading the pit tag, Campbell found out that Abish' fish had been caught before and entered into the Operation Share A Lone Star Lunker program.

The fish was entered previously by Jerry New of Marshall as the third largest bass ever caught in Texas. When caught Aug. 28, 1990, the bass weighed 17.63 pounds. It was released into Fork a

short time later. The bass was released once again into Fork.

Campbell said this is the first time a fish has been entered into the lunker program twice. "It was unusual that one so high on the top 50 list was caught again. When two people catch a fish like that, it shows you the program's working."

Although the fish had lost 2.61 pounds in almost a year, Campbell was not worried. "Losing weight is no big thing. Fish gain and lose weight just like we do."

New's and Abish's fish is not the first lunker to be caught more than once. Dennis Canada, who has the 19th-ranked bass at 15.53 pounds, caught the same fish from Fork three times.

### Tucker Reunion

The Tucker Reunion will be held on August 17 and 18 at Camp Inspiration in Eastland. There will be a hot dog and hamburger supper at 6:00 p.m. on Saturday, you bring the trimmings.

There will be games of 42, dominoes and some singing and lots of visiting. Bring your historical memorabilia, family records, and pictures.

There also will be miniature golf and swimming, bring your own towels. There are cabins to rent, please bring your own linens.

Sunday at 1:00 p.m. there will be a pot luck dinner. A business meeting will be held following lunch. See you there, come have fun.

## Cisco JR. Rodeo Aug. 16-17

Cisco Junior Rodeo, sponsored by Cisco Ag Boosters, will be held on Friday and Saturday, Aug. 16-17, in the Cisco Arena, located across from Cisco Junior College.

Admission will be \$2 for adults, \$1 for 12 and under, and free for 5 and under.

Books will open at 6 p.m. and close at 7:30 p.m. Sixth percent jackpot paid nightly, and the rodeo starts at 8 p.m.

Six Montana Silver-smith Trophy belt buckles will be given All Around Cowboys and All Around Cowgirls.

Six point system will be figured separately. Age groups are 10 and under,

11-14, and 15-19 (ages as of Jan. 1, 1991).

There will be a stick-horse race for 5 and under.

## The 72nd Texas Legislature Is Now In Session!

The first Special Session of the 72nd Texas Legislature is going full speed ahead. A number of bills are being sent from the Committees to the House and Senate floors for debate by this time in the session. It seems that a number of non-budget/finance related items, such as education and insurance are being discussed, much to my surprise. Senator Montford's proposals in Senate Bill 1, pertaining to reducing Extension Service programs (ie: 4-H - Animal Health - Extension Homemakers - animal damage control etc.) has drawn lots of fire from rural residents in Texas. The House version leaves these programs intact, and funded. The latest on these program cuts is that the Senate will reinstate them along with 1991 level funding. Remember, right now, this is only a verbal promise. As interested persons, I urge you to contact other House and Senate members, urging the retention of 4-H, etc. It is obvious that most folks want to implement as much of the Sharp Plan as possible, but it is equally obvious that no one wants their own program cut.

House Bill 2, the bill

relating to primary, secondary and post-secondary education passed the House on final reading. The bill basically eliminates the Career Ladder, but mandates that teachers currently receiving career award payment will continue to receive the bonus, and will not realize a loss in income, as long as they stay in their present district. The remainder of the money in the fund will be utilized as incentive pay for teachers, at the discretion of the local school board, but will be used for no other purpose in the system. It now appears that teachers will still be appraised, by two appraisers on an annual basis. A change was made in the Consolidation Incentive Pay system, in hopes of making consolidation more attractive for smaller school districts. The pre-kindergarten 3-year-old program that was authorized by SB 351 was eliminated in the final House version of the bill. However, this will likely be added back in when the Senate takes the legislation under consideration.

A bill on the proposed new Department of Environment is being heard in committee, and will be on the floor this week for

debate. It appears at this time that the District Soil & Water Conservation districts are being left as they have been, and not consolidated. It also appears that the Pesticides Registration Agency will be left in the Texas Department of Agriculture, where it is currently administered.

The Texas Health & Human Services Commission is being acted on in the House this week. It is proposed that 12 agencies be combined into the HHSC, as suggested in the Sharp report. A great deal of question is involved in the consolidation and centralization of individual agencies. A lot of the agencies with which we deal on a regular basis are involved in the consolidation - The Department on Aging, Texas Commission on Alcohol and Drug Abuse, Texas Commission for the Blind, the Texas Youth Commission - to name a few. After the reorganization phase is completed in the Special Session, then comes the "fun" part of providing adequate financing to cover the planned budget expenditures.

The legislation concerning the Teacher Retirement System has not gotten out of committee at this time, and will likely be seeing action early next week. I have been gratified and pleased that so many retired teachers have written and called by office to solicit my support. I will always vote in the best interest of our teachers. Each of you who are interested in any issue that is before the Texas House please feel free to call on my staff or I at (512) 463-0644.

## SQUARE DANCING GREAT RECREATION FOR THE WHOLE FAMILY

Do you think you would enjoy square dancing? A group of Cisconians who are traveling to Abilene for square dancing think you would, if you would just give it a try.

Bill Karr, caller of the Wagon Wheel Squares in Abilene, has been asked to come to Cisco for a free trial lesson or two. A minimum of eight to ten couples (singles are welcome) are needed to make this worthwhile for Mr. Karr. A place will need to be located for the lessons which would start in September and run for several weeks.

Anyone wanting to take the lessons or have any ideas concerning a location, has been asked to call Tami Hudson, 442-3850; Sharon Thiberville, 442-1066 or 442-4281; or Nina Jo Anderson, 442-4370.

Square dancing is great recreation for the entire family (no alcohol is allowed) and is good exercise. In Abilene, the cost is \$3.00 per lesson. It is not known what the exact cost if lessons can be formed in Cisco, but is expected to be inexpensive, and well worth it. Citizens of surrounding towns are welcome to come join the fun. Please call one of the above telephone numbers before August 25 if you are interested.

## TAX COUNSELING FOR THE ELDERLY

It will not be long before the summer is over and then comes the Holidays, Thanksgiving, Christmas and New Year's, after that comes Income Tax time.

The American Association of Retired Persons provides a free income tax counseling service for the older person and those taxpayers who need help with their taxes but are unable to afford professional advice. The AARP Tax-Aide Program is designed in assisting taxpayers to understand the various forms and in taking advantage of all provisions in the tax laws for retirement income.

Tax-Aide is a unique service which relies upon the efforts of volunteers to provide this free income tax counseling. Tax-Aide is sponsored by the AARP in cooperation with the Internal Revenue Service through its Taxpayer Educational Program. The I.R.S. provides the training, instructions and all material to support volunteers with their income tax counseling.

The A.A.R.P. Tax-Aide Program is now beginning a campaign to recruit volunteers to serve as income tax counseling for the 1991 income tax season.

Volunteer Counselors are trained to assist older persons with income tax returns. The program focuses on personal income taxes of low and moderate income taxpayers as a service to those

who are unable to afford professional assistance. This is accomplished by explaining special benefits that are available and preparing or advising of the tax forms. The counselor completes the forms but does not sign nor mail them for the taxpayer.

Persons volunteering to serve as income tax counselors should have a sincere interest in serving older adults and have some knowledge of tax preparation. They should be willing to participate in an Internal Revenue Training Course and agree to devote at least four hours a week to provide counseling. Volunteers need not be retired nor do they need to be a member of AARP. Persons of any age are welcome. Volunteers provide assistance without charge and are not legally responsible for the information they provide.

The training for becoming a Tax-Aide Counselor is provided by I.R.S. trained volunteer instructors and is provided free of charge. All training and counseling material will be furnished by the I.R.S. The Training classes will be held in Cisco during January 1992 and usually are completed in a five day period.

Tax-Aide Counselors are reimbursed, after completing the training and serving through the tax season, for any expenses incurred in carrying out their program

## TEXAS HOUSE OF REPRESENTATIVES FINALLY APPROVED HOUSE BILL 150

House Bill 150, the Texas House of Representative's redistricting plan for the State was finally approved at 2:00 a.m. in the morning, Wednesday. Due to the State's population gain since the 1980 census, and the fact that this gain was primarily in urban areas, while West Texas generally lost (or at best, held their own), means more legislators in urban areas and less representation in West Texas. These factors have made a major change in the 65th District. Of course, this is nothing new, since the District has changed a lot with each tenth year census count, and the redistricting process. The 65th District as we know it now, has only

related activities. Counselors may itemize their daily expenses, such as, mileage, postage and basic supplies, that are connected with their work and training.

Persons interested in finding out more about Tax-Aide or serving as counselor may write or telephone: Walter A. Knowlden, Associate District Coordinator, 1212 West 9th Street, Cisco, Texas, 76437 or call (817) 442-1715.

been in place since 1981, and over the years many changes have been made.

The new redistricting plan makes the following changes: My district will now be known as District 73, and will include Brown, Coleman, Concho, Menard, Mason, Llano, Kimble, Edwards, Real, Bandera, Schleicher, Sutton, Crockett, Upton, Crane and Ward Counties. Big, but all rural, and a large concentration of the population will be in Brown and Coleman Counties. Eastland and Runnels Counties will be in Representative John Cook's 60th District; McCulloch County will be in Representative Layton Black's 54th District; and Comanche will be in Representative Allen Place's 59th District. All of the counties will still be in all rural districts and be represented by good legislators who qualify as "our kind of people".

This seems harsh, but it was the best of all the possible plans presented, in view of the population numbers and distribution.

## WORD of GOD

Jesus said Repent!

Remember therefore how thou hast received and heard, and hold fast, and repent. If therefore thou shalt not watch, I will come on thee as a thief, and thou shalt not know what hour I will come upon thee.

Revelation 3:3

The hours are long, the pay is poor, the meals irregular, you get to feeling unloved, but I still like being your representative in State Government. Under these circumstances, I sometimes question my intellect!
