

10TH ANNUAL ROARING RANGER DAY CELEBRATION TO BE HELD SATURDAY, SEPTEMBER 28TH

The Ranger Chamber of Commerce is busy with preparations for the 10th Annual Roaring Ranger Days celebration which will be held on Saturday, September 28th. In its ten years Roaring Ranger Days has grown into a full day of activities with some of the most unique events found anywhere. Last year Dave Bryant, columnist for the Fort Worth Star Telegram, called Roaring Ranger Days "the best little street festival west of Highway 360." Roaring Ranger Days is a celebration of Ranger's proud, colorful past when the blowout of the McCleskey Well No. 1 put Ranger on the map. The boom was written about nationwide, including the New York Times and people flocked to Ranger by the thousands in search of wealth. Today the boom is over, but the spirit lives on. Make plans to attend this year's celebration and relive the wild and rowdy boomtown days when RANGER REALLY ROARED.

10TH ANNUAL ROARING RANGER DAY SCHEDULE OF EVENTS SATURDAY, SEPT. 28, 1991

7:00 A.M. LION'S CLUB COWBOY BREAKFAST - Better get there early for this delicious meal cooked over a real campfire. The meal will consist of pancakes, bacon, sausage, eggs, campfire biscuits, orange juice and coffee. Cost will be \$3.50 per person. Tickets are available from any member of the Ranger Lion's Club. Breakfast will be served until 9:00 A.M.

8:30 A.M. 2K WALK AND 5K FUNRUN - This year by popular demand we have brought back the 2K Walk and the 2K Run in addition to the 5K Run. Registration will take place at the Cowboy Breakfast beginning at 7:30 A.M. You may pre-register at the Chamber of Commerce office located in the Roaring Ranger Museum. Awards will be given in men's and women's division for the first three finishers of each event. Entry fee will be \$5.00.

10:00 A.M. PARADE - This year's parade will include marching bands, floats, riding clubs, antique and classic cars and much more. As a special salute this year, our Grand Marshals will be those living in Ranger during the Oil Boom. After the parade some of our Grand Marshals will be on hand at the Roaring Ranger Museum to answer questions and tell stories of the great Ranger Oil Boom.

11:00 A.M. MAIN STREET OPENS - After the parade the fun continues as the entertainment starts on the stage located on North Rusk. Among the entertainment will be RJC Southern Belles drill team, dancers musicians, gymnasts, cloggers, and the McMurry Calliope. The Food, Craft, and Game Booths will open along with the Antique and Classic Car Display. The Roaring Ranger Museum is housed on the historic T&P Depot located on Commerce Street.

Anyone wishing to enter the Ugly Pick-Up Contest can call the Chamber of Commerce office. There is no entry fee for this event. There will be a \$25.00 cash prize for first place. It's still not too late to enter the pa-

rade or reserve a craft booth. Call the Chamber Office at (817) 647-3091/ The Horseshoe and Washer Pitching Tournament will begin at 11:00. Trophies will be given to both members of the first place washer pitching team and to both members of the first place horseshoe pitching team. This tournament always provides some pretty tough competition so you better start practicing if you plan to enter this year's tournament.

Everyone's favorite game, Chicken Bingo, will be back at Roaring Ranger Days again this year. Look for the bingo cage located on Main and Rusk Streets. The Ranger Kiwanis will host a Nintendo Tournament beginning after the parade at the Old Gym located on South Marston Street. There will be a \$4.00 entry fee. Participants will be divided into age division with winners in each group receiving a prize.

11:30 A.M. ROARING RANGER VOLLEYBALL TOURNAMENT - Six person co-ed volleyball competition takes place at City Park. Entry fee is \$30.00 per team. Trophies will be given to first, second and third place teams.

1:00 P.M. WORLD CHAMPIONSHIP OF SWAMP SURFING - You won't see this event anywhere but in Ranger, Texas. Swamp Surfing is a throwback to the Boomtown Days when the only means of transportation was to ride a mule drawn sled across the muddy streets. In honor of the tenth anniversary of Roaring Ranger Days celebrations the World Championship of Swamp Surfing will feature the "Survival of the Fittest" contest. There is no entry fee to this event.

The name of the winner will be added to the list of past champions on the World Championship of Swamp Surfing Trophy on display at Amwest Savings. Many of our past World Champion surfers will be on hand for this event to judge and possibly even surf.

2:00 P.M. CHEERLEADING COMPETITION - Junior and Senior High Cheerleading Squads will compete in this new event. Entry fee is \$15.00 per squad. Ranger Junior College and the Chamber of Commerce are the sponsors of this event. Trophies will be awarded to each squad that participates. Invitations have been sent to all area high schools, however, if your cheerleading sponsor did not receive their invitation please contact Laura Flowers, chairperson of this event, at (817) 647-3234.

4:00 P.M. OLD TIME MUSICAL SHOW - Lots of toe tapping music. We will have some of the best fiddlers, gospel singers, and entertainers in the area providing some great music again this year. There's no admission charge, so make and catch this great show which will take place on the stage located across from the Roaring Ranger Museum.

5:00 P.M. DRAWING FOR NUEVO VALLARTA TRIP - The lucky winner of this drawing will get a trip for two including air fair, 5 days, 4 nights lodging, all meals and beverages, entertainment, water sports and more. Nuevo Vallarta, the newest Jack Tar Village located outside Peurta Vallarta, Mexico. Tickets can be purchased for \$2.00 each or 3 for \$5.00 from any Chamber of Commerce director or at the Chamber office. After the

5:30 P.M. CROWNING OF ROARING RANGER PAGEANT WINNERS - After a full day of competition in formal wear, swimsuit competition, and the judge's interview the winner new Miss Ranger will be crowned. The younger girls will compete in party dress, swimsuit, and personality. After the competition the crowning of the Junior Miss Ranger, Little Miss Ranger, and Miss La Petite Ranger will take place. The winner of the Ms. Roaring Ranger competition will also be crowned.

9:00 P.M. JAYCEES BARN DANCE - What better way to end the day than the traditional Jaycees Barn Dance. This year's dance will feature the band "STAGE-COACH" so get on your dancin' shoes and head to the Jaycee Rodeo Grounds.

IT'S NOT TOO LATE TO ENTER ANY OF THE EVENTS LISTED - For information on booth space or parade entries contact Kay Dobbs at Flowers by Jones (817) 647-1552. For information on any event contact the Chamber of Commerce office weekdays between 10:00 am and 2:00 pm at (817) 647-3091 or Wendy Erwin (817) 647-1732 evenings or weekends.

The Bowl is home! In all its glory, the Lions Benefit Bowl Game returned to its founding site this weekend, and under clear skies, it was greeted and welcomed by thousands in Eastland County who came from far and wide to attend.

It came home to join the Chamber of Commerce Old Rip Fest Super-Giant Parade and a day of frantic activity which provided something for everyone.

Lions Club and Chamber officials were delighted that the all-day event had been such a success. Rains spattered most of the week, but by parade time Saturday morning, the sun began to show itself.

The event activities began Thursday with the crowning of the Peanut Bowl Queen at the Majestic Theatre.

Spectators saw awesome ball Saturday night in the tradition-laden Cisco Junior and Ranger Junior grid clash. The Bowl began 30 years ago to spotlight the peanut industry and the two colleges. For the past 12 years, the bowl has been away, under the auspices of the district Lions. Proceeds from the bowl go to benefit the Lions Crippled Children's Camp.

Lions and Chamber officials were expressing appreciation to all who assisted, contributed and helped make the special day such an overwhelming success.

And next year will be even bigger. They now predict as planning gets under way.

RJC Edges Cisco JC, 6-0

Sophomore wide receiver Tony Lanier tossed a 10-yard scoring pass off of a reverse to quarterback Wayne Mathis late in the second quarter to lift Ranger Junior College past Cisco JC, 6-0, in the 14th Annual Lions Club Peanut Bowl.

The win was the Rangers' second in a row over their cross-county rivals.

Cisco had a chance to win the game in the closing minutes but freshman running back Joseph Aska was stopped at the RJC 1-yard line on a fourth-and-goal attempt by RJC strong safety Keith Lawrence with 1:24 remaining.

The two teams battled through a scoreless first quarter before Ranger, 2-1, managed to get things going offensively. The Rangers drove 37 yards on nine plays, which included a key 7-yard scramble from quarterback David Brewer before RJC head coach Joe Croussen called for the reverse pass.

Mike Fields' PAT kick fell short.

The Wranglers, now 2-1, had two chances to claim the victory in the third quarter, but a fumble and a pass incompleteness on fourth-and-goal ended Cisco's threats on the RJC 8- and 5- yard

lines, respectively.

Cisco's Warren Richardson, a 5-3 sophomore from Tyler, finished as the game's top rusher with 58 yards on 12 carries.

CJC quarterback Clint Dolezel paced the offense with 11 completions in 29 attempts for 134 yards.

CONTRIBUTION TO THE EASTLAND COUNTY RESOURCE ASSOCIATION

Dr. Vaughn Baker, Pastor of the First United Methodist Church of Eastland, presented a check for \$168.19 to Corrie Cowley, Director of the Eastland County Resource Association.

The money was contributed by children from the Methodist, First Christian and other Churches while attending Vacation Bible School at the Methodist Church last summer. It will be placed in the Ill and Disabled Children's Travel Fund of the Resources Association.

This fund is used for expenses of children who need to travel elsewhere for specialized medical attention.

JUDGE GIVES 99 YEAR SENTENCE ON DRUG CHARGE

In a trial in Stephens County Monday, 90th District Judge C.J. Eden handed down a 99 year sentence and a \$75,000 fine to a Ranger man found guilty of the manufacture of amphetamines.

David Goforth, 45, of Ranger was convicted of running a drug lab in Stephens County, on his property in the Necessity Community. Goforth's property was raided by authorities on Oct. 4, 1989, and he was arrested.

He skipped bond shortly afterward, but was arrested by the FBI in Charlotte, North Carolina.

A charge of the manufacture of phenylacetone is still pending against Goforth in Stephens County. District Attorney John Neal says he plans to try Goforth on the phenylacetone charge on Monday, Sept. 30.

After the Sept. 30 trial, Goforth will be turned over to Federal authorities for charges in connection with the Benefiel

drug operation. Any Federal sentences - by law - will have to be stacked on top of the sentences in Stephens County.

Goforth remained in Stephens County jail awaiting his Sept. 30 trial.

ROAR FROM THE LION'S DEN

"One-third of all Texas high school students drop out before completing school; of the 66% left, one-third cannot pass the TASP test for college entrance." These powerful facts were expressed at the September 12th Ranger Lion's Club meeting by Mr. James Hamilton. Hamilton works out of Congressman Stenholm's Washington office as a Legislative Assistant to Education. Hamilton was in Ranger last Thursday to discuss education reforms with Dr. Joe Mills, president of Ranger Junior College. He is touring the 17th Congressional District, picking up ideas for education from leading educators around the Big Country.

Hamilton is originally from Weatherford, where he graduated from high school and eventually came back to teach high school history. He became discouraged with the educational system, and when the opportunity arose the assist Stenholm on education problems; he responded, "I jumped at the chance."

He explained a few facts to the Lion's; the Federal Government is not directly responsible for many education reforms. Their main taps are: Lunch aid programs, Assistance to the Chapter I and II programs, and Grants for Education. Higher Education reforms, on the other hand,

are dealt with on a different note. Financial aid to students along with grants are major responsibilities of the U.S. Government.

Mr. Hamilton reported that Congressman Stenholm is concerned that the Federal Government is not doing enough for education. Stenholm decided to explore the situation by sending Hamilton around the District and pick up ideas from educators and the public on how they felt education should be dealt with and solutions they might have for the problems.

He explained that Stenholm realizes that everyone becomes involved when they pay taxes, because that money funds the programs. He feels that the tax payer should have a say in how to solve the problems.

He stressed that it was too late to lay blame; we need to look at the problem and begin to find solutions. "Texas is 46th in the nation in education," he added. That means that Texas is just ahead of 4 other states out of 50!

Throughout history, society has not solved a problem until it has gotten out of control. Well, the education problem is almost to that point and it is time that we address the problem. We need to turn back to the basics throughout the educational institutions and also through the family

unit. He stressed that as parents we need to become involved in our children's learning. We must show through example, that with hard work and effort, rewards are forthcoming.

One point brought out by one Lion was the fact that the current TAAS tests don't test the progress of the educational system, they test a child's learning ability. This of course in no way can measure what has been taught or has not been taught in school. A child will only go so far on their own, they need incentive from parents, teachers and the community. The money spent on these tests could be used elsewhere; was a suggestion from many people in attendance.

One educator in the audience brought up a final thought. "No one is held accountable for the education problems." Everyone points a finger, but the blame is passed from one to another. This is a direct result of some people being placed above the law. Until everyone is held accountable; be it legislators, teachers or parents, the problem will never be solved.

Mr. Hamilton stressed that anyone in the District with ideas or solutions should write to Congressman Stenholm and to their State Representatives.

TEXAS IS LOSING THE WAR ON POVERTY

Lt. Gov. Bob Bullock warned Monday that Texas is losing the war on poverty and the federal government is threatening to make matters worse.

"Our poverty population is increasing despite improvements in the overall economy," Bullock said. "We are gaining new poverty population by birth and by unemployment and underemployment in the workforce."

Bullock said "it is one thing to argue as to why this happens and how to cure it, but it is another thing to confront the more immediate question as to how these people—particularly the children—are going to eat and get even minimal medical care."

"We increased human services spending by \$3.7 billion in the budget for the next two years, but even that vast amount of money will do no more than hold our own in some areas and fall backwards in other areas of service—because of the increasing poverty population, the increasing costs of medical services and the federal government's expansion of benefits," Bullock said.

And the situation will worsen quickly, Bullock said, if the Bush Administration goes through with its threat to cut \$800 million in charity medical money expected by 109 local hospital districts and state teaching hospitals which serve a disproportionate share of low income Texans.

"They are changing the rules in the middle of the game. We adopted a budget in good faith and now they want to jerk the rug out from under these hospitals and these Medicaid recipients who are in dire straits," Bullock said.

Bullock called on the state's congressional delegation—"Republican and Democrat alike," he said—to try to talk the White House out of changing the rules.

Bullock pointed out that federally-mandated expansions in most welfare programs bring more federal money, but at the same time drive up state costs since most programs require the state to put up \$1 for every \$2 of federal money.

"Medicaid and nursing homes are, of course, the most expensive programs and they are the ones on the fastest increase,"

1920 CLUB

The date for the 1920 club to hold the opening meeting for 1991-92 year is September 26, 1991, with a Dutch Lunch at 11:30 a.m. at the New York Hill Restaurant. Your guests are welcome.

THE NEW ERA CLUB

The New Era Club will begin the 1991-92 year, Thursday, September 26, at 3 P.M.

The Meeting will be held in the home of Mrs. George Falls on 701 Cherry Street.

Bullock said.

"If Texas can't keep up with its end of the deal, then do we face putting some elderly parent out of a nursing home and onto the streets?"

So, in trying to keep up with those programs, Bullock said, Texas has not been able to keep up in other equally critical programs such as aid to families with dependent children (AFDC).

AFDC payments go to poverty-stricken single-parent families with young children. A maximum monthly allotment of \$187 for a family of three has not been increased in Texas since 1986.

Bullock said that last year Texas AFDC went to families whose income was no more than 22 percent of the poverty-level income standard established by the federal government. But this year because of the budget crunch, aid will be limited to families with less than 19 percent of the poverty income figure.

"That becomes important when you know that one of every four Texas kids is growing up in poverty," Bullock said.

"And it becomes even more important when you look down the road and tote up the correlation between poverty backgrounds, school dropouts, drug abuse and criminal activity," he said. "If these kids are our future, what kind of future are we letting happen?"

Gov. Richards Proclaims Hunting & Fishing Day

Our cooler fall weather and recent rains have put the bass and crappie moving. Leon's black bass were biting very well Sunday on a variety of baits in shallow water. Spinners and worms were reported to be the top two. Head for your favorite fall spots mid and back sections of pockets. Try the secondary points first if no ones home move on in towards the back of the pockets. The current cloud cover should have those lunkers out roaming a little more than normal. This should prove true on most area lakes, try to be on a real hawghole around 12:00 noon with the full moon phase now.

Crappie catches have been great for this early in the cool weather run. Anglers are reporting limits and some slabs to 1 1/4 pounds. Minnows in about 3 feet of water with brushpiles. The river section seems best for size but the main lake area has got the numbers.

Governor Ann Richards has proclaimed Sept. 28 Hunting and Fishing Day in Texas in accordance with National Hunting & Fishing Day on the same date.

In an official memoran-

dum dated Aug. 29, the governor, an avid hunter, wrote:

"Conserving our state's natural and wildlife resources is one of the most important responsibilities we have to this and future generations of Texans.

"For over 100 years, sportspeople have been in the forefront of the conservation movement. Not content with merely vocalizing their support, hunters and anglers have advocated and supported conservation legislation and wildlife management programs, and they have requested special fees and taxes on their equipment which help pay for wildlife management and other conservation programs.

"These sportspeople have helped found the conservation movement, supporting laws to stop uncontrolled exploitation of wildlife and helping establish game and fish laws and management practices.

"The conservation programs supported and financed by Texan hunters and anglers have benefited hundreds of wildlife species, from deer and wild turkeys to antelope and bald eagles. This is wildlife that all Texans can enjoy.

"The people of Texas should be encouraged to

recognize the enormous contributions hunters and anglers have made to our state's conservation efforts."

This is the 20th anniversary of National Hunting & Fishing Day. President George Bush, quail hunter and fisherman, is honorary chairman.

Bob Delfay, executive director of the National Shooting Sports Foundation, said in 1990, sportsmen contributed \$354 million for fish and wildlife restoration programs through the special excise taxes on their equipment. "Hunters and shooters contributed \$157.4 million last year to be used exclusively for wildlife restoration programs and fishermen contributed \$196.5 million for fish restoration programs," he said. Distribution of the funds depends on the land and water area and the number of hunting and fishing license holders in each state.

For more information on National Hunting & Fishing Day contact NSSF at 555 Danbury Road, Wilton, Conn. 06897.

A number of area two person teams who competed all year in the Anglers Choice Team Circuit will be heading for Lake Texoma for the Classic to be held October 2 through the 5th.

Teams who qualified from the northwest region include; Bobby Maynard, Chuck Burgess and Tommy Maynard; Bob & Joe Bob More; James

Bill (Alex Winter) and Ted (Keanu Reeves) wisecrack while the Grim Reaper (William Sadler) keeps smirking. This comedy/adventure will begin at the Majestic Friday, Sept. 27, and show nightly through Monday, Sept. 30

Fullen & B. J. Johnson; Bud Wood & Butch Willingham. These teams along with qualifiers from across Texas, Louisiana, Oklahoma, Arkansas, and New Mexico will be competing for over \$100,000.00 in cash and prizes including 2 hanger boats for first, one Ranger boat for second through 4th each, 5th \$4,000.00 cash. Money and prizes will be awarded for the top 50 finishers at the classic. Good luck to our local teams in their quest to claim the 1991 crown.

'Bill & Ted's Bogus Journey' To Show At Majestic Theatre

It's a comedy, it's off-beat, it's zany - all these descriptions apply to the movie "Bill & Ted's Bogus Journey." This movie is also a sequel to the 1989 sleeper hit "Bill & Ted's Excellent Adventure," in which the two San Dimas teens time traveled back to catch up for a history lesson.

In this latest trip (also by Orion Pictures, rated PG) the journey of Bill and Ted begins in the future.

At a University bearing their name the students can learn firsthand via the time machine (and tutor George Carlin). Fleshing out the idyllic surroundings is evil rebel leader De Nomolos (Jack Ackland) and The Grim Reaper, played by William Sadler.

This romp through time will appeal to those who want lively entertainment. Tickets will be \$3 at the box office.

Railroad Commission Assesses Penalties

The Railroad Commission assessed a total of \$33,500 in administrative penalties this week to seven oil and gas operators for violations under Commission well plugging rules according to RRC Chairman Lena Guerrero.

Harris Exploration Company of Dallas was ordered to pay \$2,000 for one inactive and unplugged well on the Cavender "A" lease in Navarro County; G & H Energy Corporation of Pampa was assessed \$12,000 for six wells on the Randolph lease in Moore County; Prime Resources of Dallas was penalized \$4,000 for two wells on the Houser lease in Comanche County; Amtech Resources, Inc. of San Angelo was ordered to pay \$12,000 for five wells on the C. L. Mathews lease in Brown County; and Burkett Oil Co., of Burkett was assessed \$2,000 for two wells on the Wood lease in Rannels County.

In addition, two operators agreed to pay penal-

ties without Texline was penalized \$1,000 for three inactive and unplugged wells on the Pryor lease in Wheeler County; and, California-T.D. and Associates of Yorba Linda, Calif. was ordered to pay a total of \$500 for two wells on the Simmons lease in Eastland County.

To date in 1991, the Commission has levied more than \$562,000 in pollution and well plugging penalties. Last year, the Commission assessed more than \$836,000 in such penalties.

Constitutional Amendments

On November 5, 1991, voters will go to the polls to either accept or reject 13 amendments to our Texas Constitution. In this column I want to discuss three more Constitutional Amendments that will appear on the ballot.

Each amendment to our Constitution is important. I hope you will not only take the time to study each of these proposals, but will also make certain to take the time to vote.

PROPOSITION NUMBER 4: "Authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as State prisons or other punishment facilities."

This proposed amendment passed the Legislature during a Special Session of the 72nd Legislature this summer to remedy county jail overcrowding by expanding the state's correctional system dramatically. The lack of prison facilities has created a backlog of convicted felons in county jails, causing an overcrowding crisis for some counties. County taxpayers have been forced to pay the costs of holding these convicts who have been sentenced to State prison, but for which no space is available in the TDC facilities. This lack of facilities and the number of facilities that the courts have found to be unsuitable for detention of prisoners has resulted in the State being monitored by the Federal courts since 1974.

This bond proposition is the largest single undertaking of capital construction ever proposed. The proceeds of these bonds would not only build prisons, but also construct facilities to provide drug and alcohol addiction treatment for up to 12,000 prisoners each year. This would make Texas the model State in the area of mandatory substance abuse treatment for prisoners whose crime involved drugs or alcohol.

Arguments for: The expansion of the State's correctional facilities will make it possible to comply with Federal court

orders, and to possibly end the 17-year-old "Ruiz" lawsuit. The use of bonds to provide for repair and expansion will reduce the amount of general revenue spending over the current two-year budget cycle. The bond proceeds will help the State to meet its obligation to provide adequate facilities for inmates and persons with mental retardation and to devote facilities for those whose crimes are related to substance abuse.

Arguments against: Overreliance on bonded indebtedness may lead to financial problems in the future and may strain the credit of the State. The interest that the State must pay on the proposed bonds will increase the revenue responsibilities of the State. Also, recent and proposed reforms could reduce the need for expanded facilities in the future, and the State should wait to determine the effect of the reforms it has enacted before incurring additional debt.

PROPOSITION NUMBER 5: "Authorizing the exemption from ad valorem taxes of certain property in an enterprise zone."

This amendment would allow certain taxing jurisdictions to exempt qualified businesses located in enterprise zones from paying property taxes on merchandise that is stored or processed in the zone and transported from the State within 175 days. The Texas Enterprise Zone Act permits the State and local governments to offer tax incentives and regulatory relief to induce businesses to locate or stay in certain areas that are suffering economic distress, pervasive poverty and high unemployment rates. Zones must contain at least one square mile, but cannot be larger than 10 square miles or 5 per cent of the area of the municipality or county.

The purpose of this Constitutional amendment is to allow cities, counties or junior college districts to exempt from taxation tangible personal property, including oil, gas and petroleum products, within an enterprise zone. Unlike the general "freeport" exemption, taxing units could exempt from taxation businesses only confined within a general area; and not all

businesses located within the boundaries of the taxing authority.

Arguments for: This amendment will help economically depressed areas attract and retain industry. The limited size of the enterprise zones will not have a great impact on the overall size of the taxing district's tax base. Taxing districts which cannot afford to offer the county-wide "freeport exemption" could offer the enterprise zone tax abatement as an inducement to industry.

Arguments against: This creates an unequal distribution of the tax burden within a taxing jurisdiction by granting tax exemptions to those businesses located within the zone, but not those outside of the zone. The tax abatements would force higher property taxes to compensate for the lost revenue. The amendment would allow exemptions for oil, gas and petroleum products that would benefit businesses qualifying for exemptions at the expense of those businesses that do not qualify.

PROPOSITION NUMBER 6: "Creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the Legislature and the Lieutenant Governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

The purpose of authorizing the Ethics Commission in Constitution is to help it operate autonomously, without the fear of being dissolved in the future by the Legislature. The eight-member commission, composed of an equal number of members representing the two major political parties, would serve four-year terms. The commission would assume the duties of the Secretary of State regarding reports of campaign spending and contributions, lobby registration and reporting, and financial disclosure statements. The commission could investigate formal complaints against State officials, and launch in-

State Representative - District 65

The problem of redistricting is one of the dilemmas that citizens seem very concerned about - "who will be our state representative?" is one of the questions most frequently asked me.

At this time, this issue is really an unknown element, since court cases have been filed, contest-

ing the proposed plan now being considered. It is quite realistic that the court's final decision will not be made prior to the January 2, 1992 filing date.

The primary election is March 10, 1992.

After visiting with longtime members of the Texas House and other government folks who observed the redistricting process in 1965 and 1981, I have arrived at the confusing decision that it is possible for me to be required to run for re-election in my present district instead of my new district.

I could be seeking re-election in the 65th District (Brown, Coleman, Comanche, Eastland, McCullough & Runnels Counties).

Depending on the court decision I also will possibly be seeking re-election in the new 73rd District.

Then, to absolutely confuse the issue, the courts could completely re-draw the districts with boundaries different than any considered before.

During the interim, when the Texas Legisla-

ture is not in session, there are numerous meetings, conferences or speaking engagements that keep a steady pace, but I enjoy all of this activity very much. I would welcome the opportunity to visit with any of the high school government or civics classes in my district who would like a presentation on state government, so please feel free to contact me - teachers or school administrators - and I will be happy to set up a time during school hours. It would be a means of providing some on-hands, real life information to the young adults in our community.

Perhaps I can spark interest in government and help create some better citizens for tomorrow's world. Please let me know if any educators are interested.

Remember, my office is open full time during regular office hours, Monday through Friday to assist you in any way possible. Also should you want to pay a call on my Austin office, let me tell you that, due to the extensive renovation of the Capitol Building, most state official offices have been moved to the Old Insurance Building, right beside the Capitol Building, on the corner of San Jacinto and 11th Street.

However, my address and phone number continues to be the same. My office can be contacted at (512) 463-0644, please call collect if necessary. I encourage your interest in better state government.

YORKTOWN, VA.: This is where we'd better interrupt the narrative to win the Revolution and claim our independence from those British.

Located 12 miles from Williamsburg at the other end of the Colonial Parkway (with Jamestown on the James at the other end) and just about where the York River dumps into Chesapeake Bay, Yorktown offers the Battlefield and the Victory Center. In a word, you could say that America began at Jamestown, her ideals matured at Williamsburg, but came of age, through blood and fire at Yorktown.

The Battlefield tells this story: the last important conflict of the War for Independence. In the spring of '81, after the campaigns in the Carolinas, British Gen. Lord Cornwallis led his army into Virginia, a move he believed was the key to conquering the southern colonies. Opposing him was the smaller American force led by Lafayette, who used his army to harass and threaten the British through the early summer. After several skirmishes with the recently reinforced American army, Cornwallis received orders to fortify Yorktown as a base for contact with the British fleet.

Gen. Washington and French Gen. Rochambeau decided that a combined land and naval battle in Virginia was now possible as the French fleet was sailing north to the Chesapeake Bay. Washington then quietly moved the bulk of the French and American troops from New York to Yorktown. On Sept. 5th the French

fleet intercepted the British fleet outside the Virginia Capes and forced it to retire. Washington and his French comrade arrived at Yorktown in late September and laid siege to the town. The British surrendered on Oct. 19, 1781, virtually ending the Revolution.

The Victory Center covers the entire Revolutionary War period, and a walk chronicles events that culminated in the adoption of the Declaration of Independence. In film and exhibits, the story of the last great battle is told, and there's a Continental Army camp and a typical 18th century farmstead. Here, men and women with extensive knowledge of the Revolutionary era portray daily life at that time.

The center is open daily; admission is \$5. for adults, \$2.50; and a combination ticket to Jamestown is also available. These two sites are operated by a separate foundation to the Williamsburg Foundation, both private non-profit operations, which obviously operate hand-in-hand with the National Park Service facilities located adjacent for each of the major attractions.

THROUGH CAREFUL examination of 18th century military maps and archaeological excavations, the National Park Service has reconstructed a nearly complete picture of Washington's siege. Earth works and siege lines mark the pattern of the British and American troops during the battle. Tours of the Battlefield are conducted from the Visitor Center by the park rangers.

The attractions are linked under the slogan "relive the spirit of our American Revolution in Virginia's historic triangle . . . Jamestown, Williamsburg and Yorktown."

Eastland County Takes Part In 'The Great Fiesta Texas Dirt Roundup'

Two legendary Texas heroes visited Eastland County Tuesday for "The Great Fiesta Texas Dirt Roundup," a statewide campaign to collect a shovelful of dirt from every county in Texas for use at the \$100-million Fiesta Texas musical showpark under construction in San Antonio.

With the help of the Eastland Chamber of Commerce and other local leaders, Fiesta Texas ambassadors "Davy Crockett" and "Gregorio Esparza" collected a shovelful of dirt from the Chamber of Commerce in a special ceremony at 9:30 a.m.

"We want to make sure that every part of Texas is represented at the showpark since Fiesta Texas will celebrate the musical and cultural diversity of all of Texas," said Fiesta Texas General Manager Bill Hoelscher. "By collecting dirt from every county in Texas, we are recognizing

heroes of Texas history—Davy Crockett and Gregorio Esparza—defenders of the Alamo," Hoelscher said. "As our ambassadors, they will help spread the word about Fiesta Texas, and make sure that we have a little part of every county in Texas to include at the showpark."

Scheduled to open next spring, Fiesta Texas will feature the history, culture and music of the Lone Star State in four themed villages—Los Festivales (Hispanic), Crackaxle Canyon (Western), Rockville (Nostalgic 1950s rock 'n' roll) and Spassburg (German).

The 200 acre musical showpark, which opens its gates for the first time next Spring, will highlight more than 60 live musical

productions daily on seven theater stages—three totally enclosed and air-conditioned and four open-air and shaded—throughout the park. A wide variety of rides, children's attractions, restaurants and retail shops will join the theaters in reflecting the theme for each of the park's main areas.

Fiesta Texas is a partnership between the La Cantera Group Ltd., a subsidiary of USAA, the nation's fifth-largest private auto and homeowner insurer; and Hospitality and Leisure Management Co. Inc., a subsidiary of Opryland USA Inc., whose best known components include the Grand Ole Opry and the Opryland theme park.

Mangum Baptist Church To Hold Monthly Singing Thurs.

Mangum Baptist Church will have their Regular Monthly Singing Thursday, Sept. 26 at 7 p.m.

We welcome all singers

and visitors. The church is located 6 miles south of Eastland on Hwy 6 and 2 miles west.

Social Security

Representatives of Social Security will travel to the Park Hill Senior Citizen Center in Eastland on Tuesday, October 1, 1991 at 9:30 a.m.

The budget crisis has affected the social security administration in several ways. One of these is that we have less money

to pay travel expenses. So, we have had to reduce our travel schedule.

We regret the inconvenience and will resume our normal travel schedule when, and if, funds are made available.

NOTICE

The Eastland County Water Supply District will be accepting sealed bids for the sale of a 1977 Glastron Boat, 75 hp Evenrud motor and trailer. It is being sold as is. The boat can be seen at the Lake Leon Dan Park, and bids will be left with the lake officer. All bids are subject to rejection by the board. No bids will be accepted after 10-31-91.

10TH ANNUAL

ROARING RANGER DAYS

SATURDAY, SEPTEMBER 28, 1991

The discovery of oil in 1917 turned the peaceful little town of Ranger, Texas into a high-rolling, wide-opened, wild, and wooly twentieth-century frontier town. The Ranger Oil Boom produced riches ten times greater than those of any gold rush and word spread like wildfire. Within a few short months the population of Ranger swelled from 800 to over 30,000. Ranger shot up in the big Texas sky like a giant rocket and for a short time its roaring boom and brilliant light surpassed everything else in the sky. The Boom didn't last, but the spirit of Roaring Ranger did. Each year during the last weekend in September the people of Ranger share with the rest of the world their proud past and the Boomtown spirit which still exists there. This is your invitation to join us.

The Roaring Ranger Museum Begins Its 10th Year

THE CORNERSTONE event of the first Roaring Ranger Days celebration was opening of the Roaring Ranger Oil Boom Museum. Pictured above is the original ribbon cutting ceremony held on October 9, 1982.

The Roaring Ranger Oil Boom Museum, which opened its doors on October 9, 1982 at 11:00 am will begin its 10th year of operation this year. The original ribbon cutting ceremonies and the Museum dedication served as the keystone event for the first annual "Roaring Ranger Days" Festival which was held on that same day. Jerry Bob Greer and Tom Brashier served as Museum Co-Chairmen were with the help of many other hard working Ranger residents were able to establish the Roaring Ranger Oil Boom Museum.

The building that is home to the Museum was donated to the Ranger Industrial Foundation in 1980 by the Missouri Pacific Railroad after a year and a half legal struggle that included a hearing with the Texas Railroad Commission. Originally, this historic landmark had been scheduled for demolition, but through the efforts of local citizens, an agreement was reached with the Missouri-Pacific Railroad

to preserve the depot for posterity and make it the permanent home for the Museum that chronicles the colorful past of Ranger, the boom town.

Erected in 1919, the depot stands as the largest unchanged reminder of the boom days of Roaring Ranger. In addition to the Museum the depot building still serves as home to the Ranger Chamber of Commerce office and the Ranger Exes Sports Hall of Fame, just as it did on opening day in 1982. The south end of the structure remains as a working part of the Missouri-Pacific with several crews working out of the office.

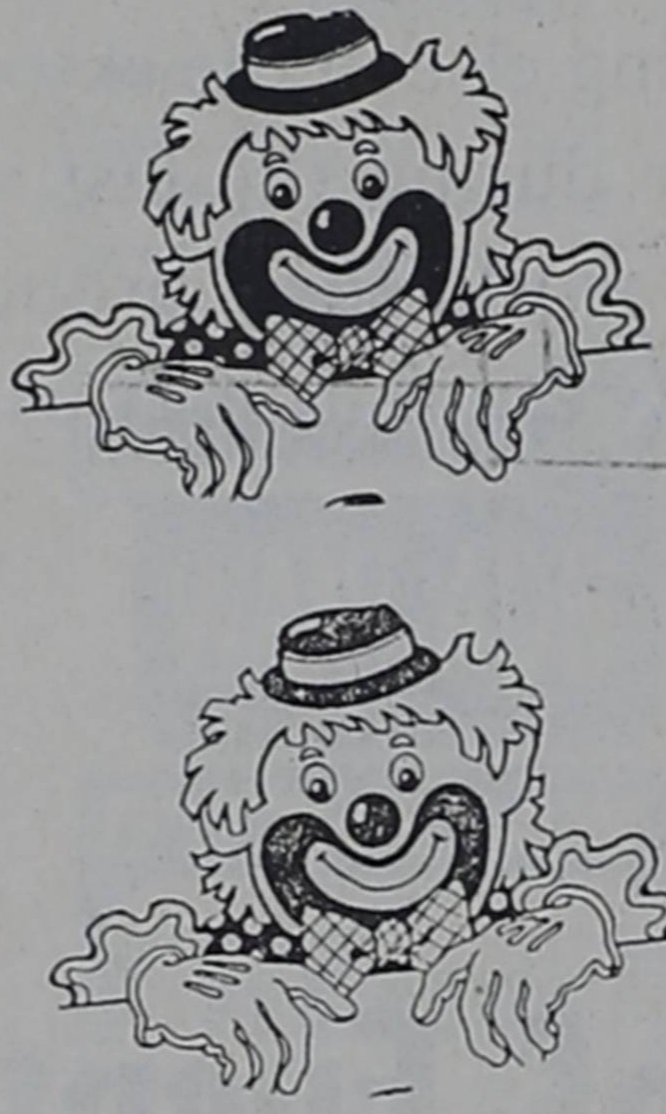

In the yard next to the Museum stands a boom day vintage oil field rig which was donated to the Roaring Ranger Museum by the Sun Exploration and Production Company. The unit is actually composed of two rigs that were on old Texas & Pacific leases owned by Sun. One rig was located about a mile west of Ranger while the other was about two miles west. The parts were

reconstructed into a single rig and features a large wooden wheel connected by a belt to two smaller steel wheels powered by a Cooper-Bessemer engine. Also a small pump jack is in place topped off with a large wooden "walking" beam. The Ranger Jaycees, with the help of Jerry Wilson, Polo Jiminez, Bobby Justice and Aubrey Winn were responsible for moving and reconstructing the rig in 1982. Today it serves as a significant addition to the Roaring Ranger Museum.

Bob Galloway, manager of the Ranger Chamber of Commerce, keeps the Museum open weekdays from 10:00 am until 2:00 pm. Jeanne Pruitt, Museum director has organized volunteers so that the Museum can be opened on the weekends. Thanks to these others may enjoy the Museum, the Museum can be visited from 9:00 am until 5:00 pm Saturday and from 1:00 pm until 5:00 pm on Sunday. Admission to the Museum is free, however, donations are accepted.

The Roaring Ranger

Museum will be open to the public all day during Roaring Ranger Day, so be sure to stop by and relive the boomtown spirit which has been preserved for future generations to enjoy. Many of the residents who lived in Ranger during the boom will serve as Grand Marshals of this years parade and some will be on hand at the Museum afterwards to answer questions and pass on to others the amazing stories of the days when RANGER REALLY ROARED.

Ranger Really Did Roar!!!!!!

Ranger began, as its name implies, as a Texas Ranger Camp located on the Main Line of the Texas and Pacific Railway. After its founding in 1881, Ranger remained a small farming community of around 700 people until a rainy day on October of 1917, when the McCleskey well number one blew in the face of Ranger and the history of this area changed forever.

The well gushed out of control for four days. The oil mixed with the rain and mud and ran into the streets below. The T & P Coal Company operating the coal mines in nearby Thurber concentrated their efforts toward finding oil and abandoned the mines soon after to become the biggest prospectors in the Ranger Field.

To add to the importance of the find, the world was at war and the Allied forces were in desperate need of oil. It is estimated that a large portion of the petroleum used by the Allies came directly from the Ranger.

With the boom came an influx of people that has never been experienced since. Within eighteen months over 40,000 people moved into Ranger and to complicate matters, the rain that was falling continued to fall during that eighteen month period, making the unpaved streets impassible for man or beast. There were tales of a team of mules drowning on Commerce Street while pulling an oilfield wagon. The best bargain in town was a mule powered sled that would pull passengers from one side of Main Street to the other for the price of five cents.

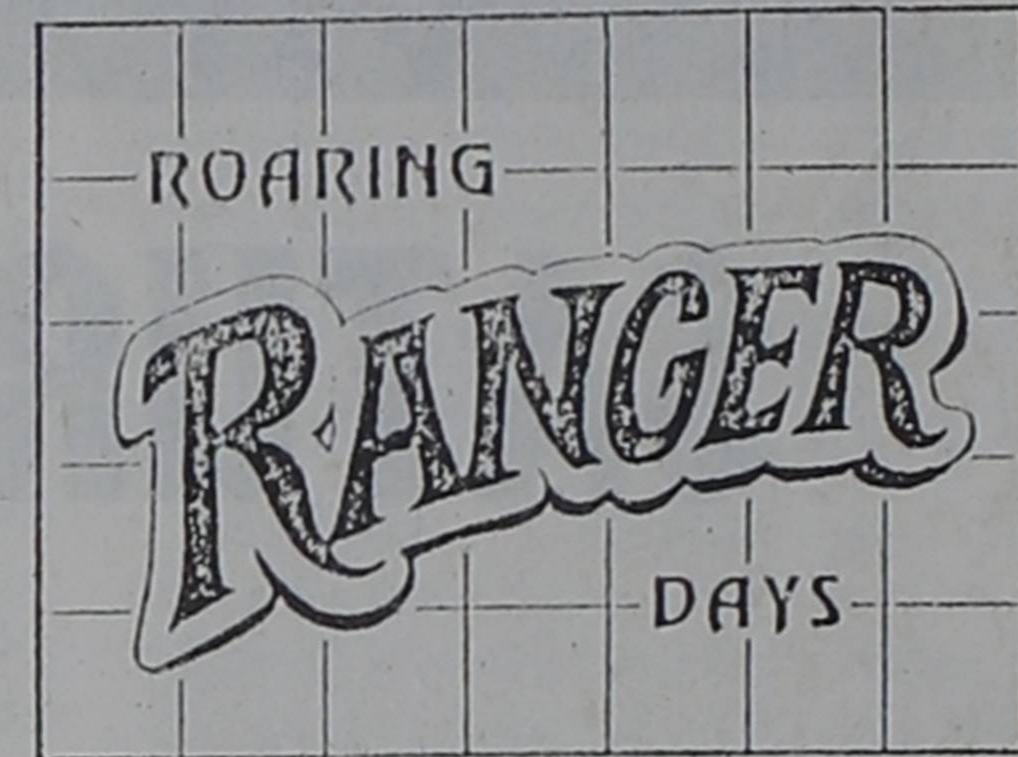

The mud and the masses became the stuff of which legends were made. In fact, Ranger became the model for several movies including "Boomtown" starring Clark Gable and Spencer Tracy which has the two stars fighting it out in the muddy street in the opening scene.

But the truth really outdoes the legend in Ranger. It was here that a man was fined \$50 for murder by the local Justice of the Peace... that ten passenger trains daily carried standing room only crowds into town... that Lawrence Welk and the immortal Jimmie Rodgers brought their musical shows to town to entertain the roughnecks... and it was in Ranger that the brothels and the bars ran so wide open that the local replied, Anywhere but the churches and the banks.

Yes, Ranger really did roar. With the Ranger boom came the growth of Strawn, Desdemona, Cisco, Breckenridge, Eastland and a dozen or

THIS AUTHENTIC STEAM CALLIOPE, owned by McMurry College in Abilene, will return to Ranger Saturday to take part in the 10th Annual Roaring Ranger Days celebration. The calliope was present in the first Roaring Ranger Days in 1982 and was played by Lyndell Cockburn. The antique keyboard actually entertained circus crowds in the earlier part of this century. The calliope will be in the parade Saturday, which starts at 10 a.m. Polly Alexander of Ranger will be playing the calliope this year.

so other towns, though some are now forgotten. But the boom was not to last. Without regulation, the boom ran unbridled to its downfall. There was no commercial use for natural gas and it was flared away into the night along with the pressure that caused the oil to gush from the ground.

Today, Ranger and the other towns remain. The big boom is gone forever but the spirit of the people lives intact. Thought this generation will never see the revival of such an all out wide open oil rush again, we like to remember. Each year the people of Ranger come together in a renewal of that boomtown spirit and to celebrate that moment in history when Ranger was the brightest star in the entire Texas sky. Return

with us to that period of time when RANGER REALLY ROARED during the 10th Annual Roaring Ranger Days celebration, Saturday, September 28th.

THE ROARING RANGER MUSEUM

The generation of Americans who were born between 1880 and 1920 have made for themselves a special place in our history.

This group of men and women witnessed and helped make greater changes in our world than any generation has made.

They began their lives in a time of horse and buggy and have lived to see man set foot on the moon and reach into distant space.

They accepted challenges that were placed before them and did so with a spirit that deemed them successful.

When they were challenged on the battlefield in great world wars, they responded by winning those wars!

When their population was threatened by catastrophic diseases, they discovered cures!

When confronted with a great economic depression, they struggled through it and built a better world from it!

And when the world was faced with a great energy crisis and the winning of a war was threatened, they came to Ranger and discovered oil!

Our world has never seen a generation that has shown more intelligence, more spirit, more stamina or that has worked harder and been more successful than that generation.

So to you of that era... and to those of your generation who have gone on before... our hats are off to you... and we dedicate the Roaring Ranger Museum to you... because we believe that someday history may say that you were "Our Greatest Generation."

\$2.00 DONATION

Imagine yourself and a companion sunning on the warm, golden sands of the beach looking out at the beautiful Pacific Ocean. Sound like a dream? Dreams can come true. Just ask Jackie and Jamie Gentry, last year's winners of the trip to Las Vegas. How did they win? They bought a \$2.00 ticket from the Ranger Chamber of Commerce. It was the easy.

This year in honor of the Tenth Annual Roaring Ranger Days celebration the Chamber of Commerce is going all out. This year's trip will be a spectacular vacation package at the Jack Tar Village Resort at Nuevo Vallarta located outside of Puerto Vallarta, Mexico. Your vacation package will include round trip airfare from DFW Airport, 5 days/4 nights accommodations, all meals and beverages at the Village, entertainment, and activities.

Gracious, exciting, beautiful, spacious and secluded Jack Tar Village Nuevo Vallarta is all this and more!

This magnificent Jack Tar Village is located within the exclusive and totally self-contained resort community of Nuevo Vallarta, Mexico. Just fifteen minutes from downtown Puerto Vallarta, it offers the best of two worlds.

Overlooking the blue Pacific on its own golden beach, Jack Tar Village Nuevo Vallarta is removed from the congestion of downtown Puerto Vallarta. Yet the port-of-call's attractions, shopping, and cobblestone streets and Colonial charm are close by.

However, you'll find plenty of enjoyable ways to fill your days and nights without having to leave the Jack Tar Village. And they will already be paid for. Set your own pace. Do as much or as little as you wish. This is the carefree way to vacation.

Upon arrival you will receive your VIP card. Just show your VIP card for all food, drinks and Village activities during your stay.

If you believe life's a beach, here's The Life. Soft white sand with a golden sparkle. Thatched palapas and lounge chairs. A rolling, rhythmic surf. A stunning view of Banderas Bay and awe-inspiring sunsets.

But the beach is only the beginning of the fun at the Village. Four tennis courts are available for day and night play. Rackets and free clinics with the resident pro are provided. To explore the scenic Nuevo Vallarta community, just check out a bicycle and set your own pace.

There's always some-

thing fun going on in or beside the Activities pool. Volleyball, water polo, aerobics, ping pong, bingo, popular music and great people watching.

There's also a "quiet" pool for adults. Grab a float and drift your cares away.

Go horseback riding on special trails that wind through tropical greenery. Try body surfing with the help of a boogie board or maybe you would enjoy snorkeling.

Evenings at the Jack Tar Village are filled with live entertainment, music and dancing. Fiesta Night and other theme events make each night a special occasion. There's also entertainment in the Meeting Place Lounge. And of course, all drinks and entertainment are included every night during your Jack Tar Village Nuevo Vallarta Beach Resort vacation.

Sounds nice, doesn't it? Better get your ticket. It could be the winning one. Tickets available from any Chamber of Commerce director or at the Chamber of Commerce office, Flowers by Jones, or King Insurance. In Eastland tickets can be purchased at Computers and More located on the south side of the Courthouse square.

A SALUTE TO THOSE WHO DARED TO DREAM

As the Ranger Chamber of Commerce busily prepares for the Tenth Annual Roaring Ranger Days we feel it appropriate to salute those who ten years ago conceived and initiated both the annual Roaring Ranger Days celebration and the price-less Roaring Ranger Museum.

THE FIRST ROARING RANGER DAYS COMMITTEE-- (Left to right) Ben Lancaster, Tommy Brashier, Ron Butler, Opal King, Larry Stone, Elaine Eoff, Mike Ford, Ronnie Guess, and Frank Smith.

THE ORIGINAL ROARING RANGER MUSEUM BOARD OF DIRECTORS-- Tommy Brashier, Elaine Eoff, Mike Ford, John Forshee, Jerry Bob Greer, Opal King, O.C. "Stubby" Warden, and Margaret White.

IT'S A LOT HARDER TO PAVE A ROAD THAN IT IS TO TRAVEL ONE

TO THOSE who headed up the committees and to the many, many people who pitched in to help we say thanks for your innovative thinking, hours of hard work, and the courage to try something new. Ten years later it's bigger and better than ever. To all of you who participated -- thank you!! It couldn't have been done without the help and cooperation of each one of you.

WORLD CHAMPIONSHIP SWAMP SURFING

World Championship Swamp Surfing is now in its 10th year and you have an opportunity to become the 10th World Champion!! The Chamber of Commerce sponsors this event each year and we ask that each contestant sign the form below and signature the waiver before entering the competition. Swamp Surfing consists of balancing on an inner tube while being pulled across a water filled pit. The competition gets real intense and showmanship becomes a big factor in the contest. Most contestants prefer to come in costume, not only for disguise, but for the entertainment of their large audience. If you have any questions, please contact the following chairpersons: Patti Cozart at 647-3963 after 5:00 pm or Wendy Erwin at 647-1732 after 6:00 pm.

Sheriff's Department News

Arrests have been made and two cases have been cleared by the Eastland County Sheriff's Office. Two men are in jail for last week's burglary of a cabin used by deer hunters.

Search warrants were issued for a residence in Ranger and during the search law enforcements found a VCR, clothes, gas heaters, sleeping bags and other camping equipment taken in the burglary. Two Ranger men were arrested in the case, Johnny David Williams, 44 and Henry Ross Hodges, 45.

The second case solved was the burglary of Pioneer Farm Coop. Two arrests were made in Dublin Monday and two more warrants will be issued.

Tools taken in the burglary were valued at over \$11,000 and most of the tools have been recovered.

being able to forgive yourself and just being happy. She told how having a smile instead of a frown and being positive all the time can bring happiness to you and others.

It was a well presented program and we enjoyed and appreciated Janet presenting it to us. Refreshments were served to Alene Smith, Vadis Philps, Dora Schaefer, Twila Lee, Gabby Master, Verlie Beard, Virgie Hale, Jerry Toland, Shelia Boyd, and Janet Thomas by Ann Larkin.

Our next meeting will be at Virgie Hale's home in Cisco on Thursday, October 10th. Visitors are welcome.

Eastland County Bass Club

BURGESS WINS AT LEON

The Eastland County Bass Club sponsored weekly jackpot held on Lake Leon Sunday, September 22, was won by Chuck Burgess. Chuck had three fish that weighed a total of 9.74 lbs. In second place with two fish weighing 6.46 lbs was Gary Horton. We had a total of 14 anglers who finished this weekly event. The next jackpot will be on Sunday, September 29, with headquarters at Chock-O-Block on Lake Leon and fishing hours will be from 1:30 to 5:30 p.m. These jackpots are open to anyone wanting to fish and you do not have to be a member of any bass club. The Guy's and Doll's get-together has been scheduled for October 12 at Sowell Creek Park on Lake Proctor. A campsite has been reserved and interested couples are asked to be there by 8 a.m. The club will provide hamburgers and all the fixings for everyone that shows up. We will also be having our awards presentation at this time. This Guy's and Doll's event is not just for club members and their wives. We would like to have other couples show up and participate whether they want to join the club or not. Our next club meeting will be on October 3 at the Eastland National Bank

and will begin at 7:30 p.m. All club members are urged to attend. We will have the final results of our open tournament at this time.

The next E.C.B.C. inter-club tournament will be on Sunday, October 13. Interested anglers will meet at Double Vision Restaurant in Eastland for the 6 a.m. drawing of the lake to be fished.

The E.C.B.C. Mini-Classic has been set for October 19th and 20th. The top 16 anglers of the club will be notified by a letter about this.

The E.C.B.C. would like to thank the wives of the club members who helped

at the Open Tournament last weekend. We couldn't have had a successful tournament without their help.

Anyone interested in any of our upcoming events or anything about the club can call Gary Horton at 647-3888 or Butch Willingham at 442-3142. New membership are now being taken as we have just started our new year.

Influenza Season

North Americans could be in for a repeat of the 1989-90 influenza season when 50,000 people died of flu-related illnesses.

The two influenza strains expected to dominate the 1991-92 season are A/Beijing and A/Taiwan, each named for the area where it was first observed.

"The 1990-91 season was predominantly influenza B so we expect influenza A to be dominant for 1991-92," said Dr. W. Paul Glezen, chief epidemiologist at the Influenza Research Center at Baylor College of Medicine in Houston.

Outbreaks of influenza A are frequently more severe than type B. The epidemic two years ago was the worst in 20 years.

A complicating factor, Glezen said, is that many

elderly people, who comprise the major influenza high-risk group, were born or went through childhood prior to the emergence of the A (H3N2) strain, of which A/Beijing is a variant. As a result, they have not built up resistance through prior exposure.

Help is available, however, because the vaccine for this flu season protects against A/Beijing and A/Taiwan as well as against B/Panama, another strain that could appear.

But, despite the availability each year of an effective vaccine, thousands of people most at risk from flu complications fail to get vaccinated, he said.

"The elderly are the single largest group of people who should get flu shots," Glezen said. "They are particularly suscep-

tible to such serious flu complications as pneumonia."

The ideal time for flu shots is long before the appearance, usually in December, of the first cases. Glezen suggests being vaccinated by Thanksgiving at the latest. It takes two weeks for a flu shot to provide full protection.

The elderly are not the only ones who should get vaccinated against the flu. Other high-risk groups include people with heart disease; lung disease, including asthma and chronic bronchitis; diabetes; chronic kidney disease; and chronic anemia, including sickle cell disease.

Also at high risk are people, such as health-care workers, likely to come into contact with

those in the other high-risk groups. Influenza usually strikes suddenly and produces fever, generalized muscle pain, weakness and a dry, hacking cough. People younger than 21 should use only aspirin-

free pain relievers. Aspirin has been associated with Reye's syndrome, a complication of flu and chicken pox that can cause vomiting, convulsions, brain damage and death in children.

CISCO

Mr. A. R. McIntire and wife Alona are residents of Cisco but are now living in Valley View Lodge in Eastland, Alona has been there for 14 months and A. R. since July.

He is recuperating from two surgeries he had in Stephenville but hopes he will be able to return to his home in Cisco before too long.

A. R. was born, August 5, 1904 in Collin County near Farmersville, TX. When two years old his parents came to Eastland County in 1906 and settled in the Scranton Community. The family came by train with their worldly possessions, cows, chickens, furniture, farming tools, and corn. They stopped in Cisco but learned that where they would live would be closer to Putnam so they paid \$25.00 more and continued on, and when they arrived in Putnam the good farmers of Scranton were waiting for them in their wagons to carry them on to their new home.

Alona was born Nov. 10, 1911, north of Dothan, her maiden name was Alona McFadden, at age 17 she and A. R. were married on November 24, 1928.

A. R. worked for the A & P Store in Cisco in 1941, which was famous for its home ground coffee called "8 o'clock." He worked in Odessa in 1955 for 16 years, also worked at Lake Whitney in 1971, and moved back to Cisco in 1987. While in Cisco he worked for the Dean Drug Store, Piggly Wiggly Store and for Affiliated Foods which was called Everybody's Store.

Often A. R. was called to jury service in Eastland, he felt they kept his name at the top of the list. He told about a trial in which a man's wife died and her sister sued him for possession of the contents of the home claiming they belonged to her. When a rug's value was considered at \$1,000.00 it was determined it was a prayer rug, but a person was heard to remark, "it must not have been used, for if it had been used they would not be suing each other in court."

When relatives were asked about square dancing, they thought it was all right, but one remarked, "It's that old close hugging and close embracing that they didn't like."

A. R. told about members of the Primitive Baptist, sometimes called "Hard Shell Baptist," trying to convert him, and finally one spoke up and said, "He is what he is and can't be no isser."

A. R. and Alona have one son, Joe McIntire, who lives in Garland. He is a refrigerant expert and has worked for many fast food companies, and worked for the Decker Food Co. for about 22

years and plans to retire in September of this year. He has five children.

A. R. told me he witnessed the Santa Claus Bank Robbery in Cisco and saw several people die in the attempted robbery.

He gave praise to Valley View Lodge and its personnel and also of his wonderful neighbors in Cisco. He hopes to see them before too long.

A. R. it was a pleasure to interview such an enthusiastic youngster of 87, I'm sure your grandchildren adore you and Alona.

EASTLAND

Gregory Bolt, son of John and Carolyn Bolt and grandson of Mr. and Mrs. G. A. White left for Kuwait City on Friday, Sept. 20, 1991 to work for Brown and Root out of Houston. Gregory will serve as a Cost Engineer for Brown and Root while living in Kuwait City. He received his B.A. and Masters Degree from Tarleton University, Stephenville, TX in August of 1990. Bon voyage Gregory and best to you in Kuwait City, Kuwait.

One of the valuable assets of Eastland is located on the west side of the court house square known as Greer's Department Store. Jerry and Pat Greer of Ranger bought out Bray's Department Store and renamed it in 1981 and it is under the management of Pat Greer. Her husband Jerry, operates Greer's Western Store in Ranger, which he and Pat bought from Jerry's parents, Holcomb and Minerva King Greer in 1966. Pat is the daughter of Tom and Virginia Halliday. As Jerry and Pat said in Eastland County History, p. 226, "The Greens look forward to many more years of "doing business" with Eastland County folks on Main Street in Ranger and on the square in Eastland." They have three children, Gini, Greg, and Leslie Dean. Both Jerry and Pat are graduates of Ranger High School, Jerry of Abilene Christian University and Pat also attended A.C.U. in Abilene.

Jim Jones, teacher in fifth grade at Ranger Elementary School is also teaching one class in the sixth grade this year. He spent the summer mowing lawns in Ranger to keep in shape and also

worked on an old 1967 Ford Fairlane which was last driven in 1967, he now has the engine about half finished. One of the treats of the summer was a family reunion in San Antonio, Texas with his parents, Sam and Janice Jones and his brother John L. and family from Germany, John L. has four more years of service in Germany.

Jim has been teaching for several years in the Ranger Elementary School and with his varied experiences in life, I'm sure his students appreciate him. Saw Jim standing in the crowd watching the parade in Eastland as I sat with the Eastland Senior Citizens on their float. Verne and I hope to make it to the Roaring Ranger Celebration in Ranger this weekend.

Eastland Telegram, Ranger Times, Cisco Press Thursday, September 26, 1991

We appreciate the Greer family and its dedication to give Eastland people the finest in merchandise on the Main and on the Square.

Mrs. Stella McBee had her granddaughter, Nancy Dale, and her sons, Matthew and Michael, from Deer Park visit her recently, also Cindy Cummins and husband Bryan and daughter Jennifer and son David from Sugar Land. Nancy and family spent two days visiting Stella and Cindy and Bryan and children three days.

Stella took her guests out to McDonalds where the children were treated with food and refreshments and had a ball playing in the Amusement park.

Her son, George McBee lives in Bryan. He taught agriculture in the Bryan School system and is now retired. Her husband, Floyd McBee passed away in 1980 after working for Lone Star Gas about 20 years. Floyd was born in the Flatwood Community, lived there about two years and then moved to the Mangum Community with his family to their new home. Stella has lived in Eastland for 15 years, is a member of the AARP, and the Mangum Baptist where David Sublett is pastor.

If you ever meet Stella you'll find her an up and going senior citizen, energetic, and willing to help her fellow man.

Recently your columnist had the privilege of meeting a young couple, Tony and Cathy Wells of Ranger and their adorable daughters, Lacey 5 years and Rachel 5 months.

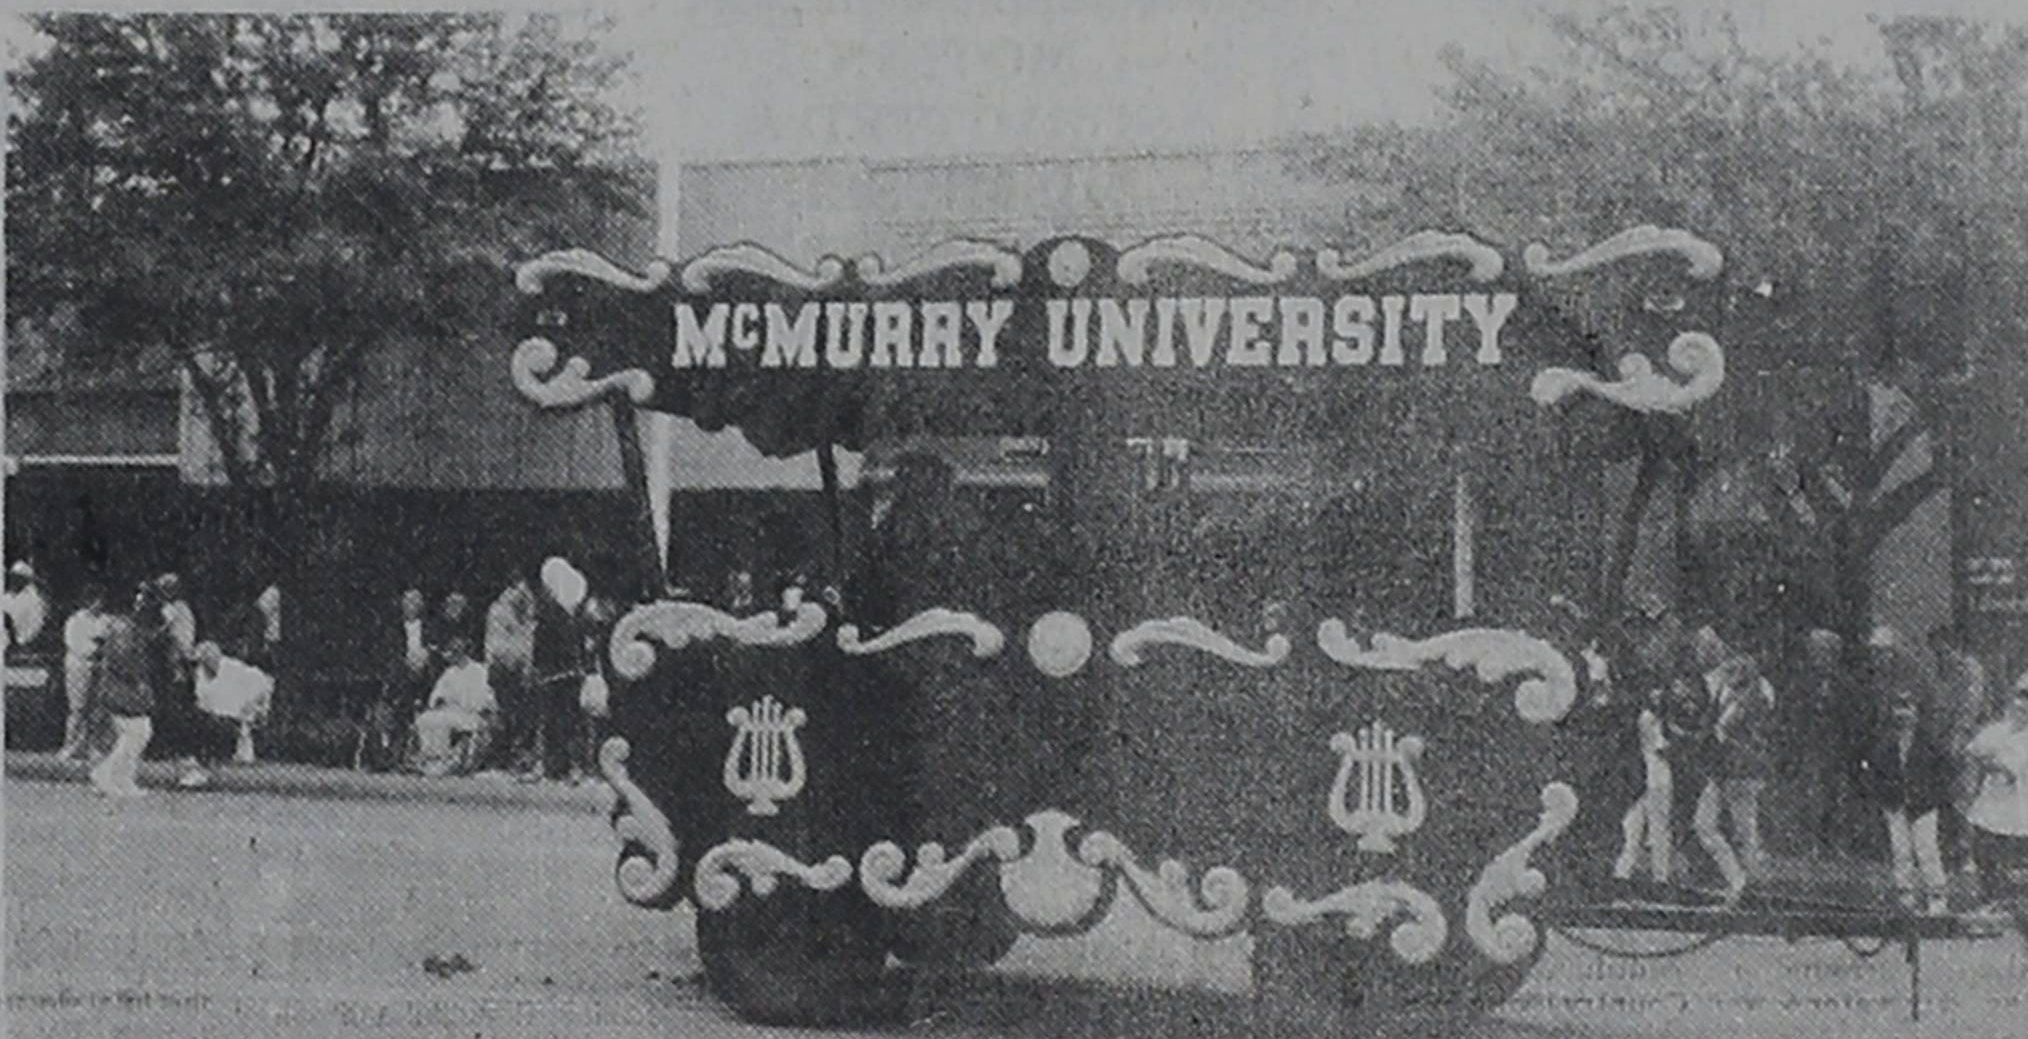

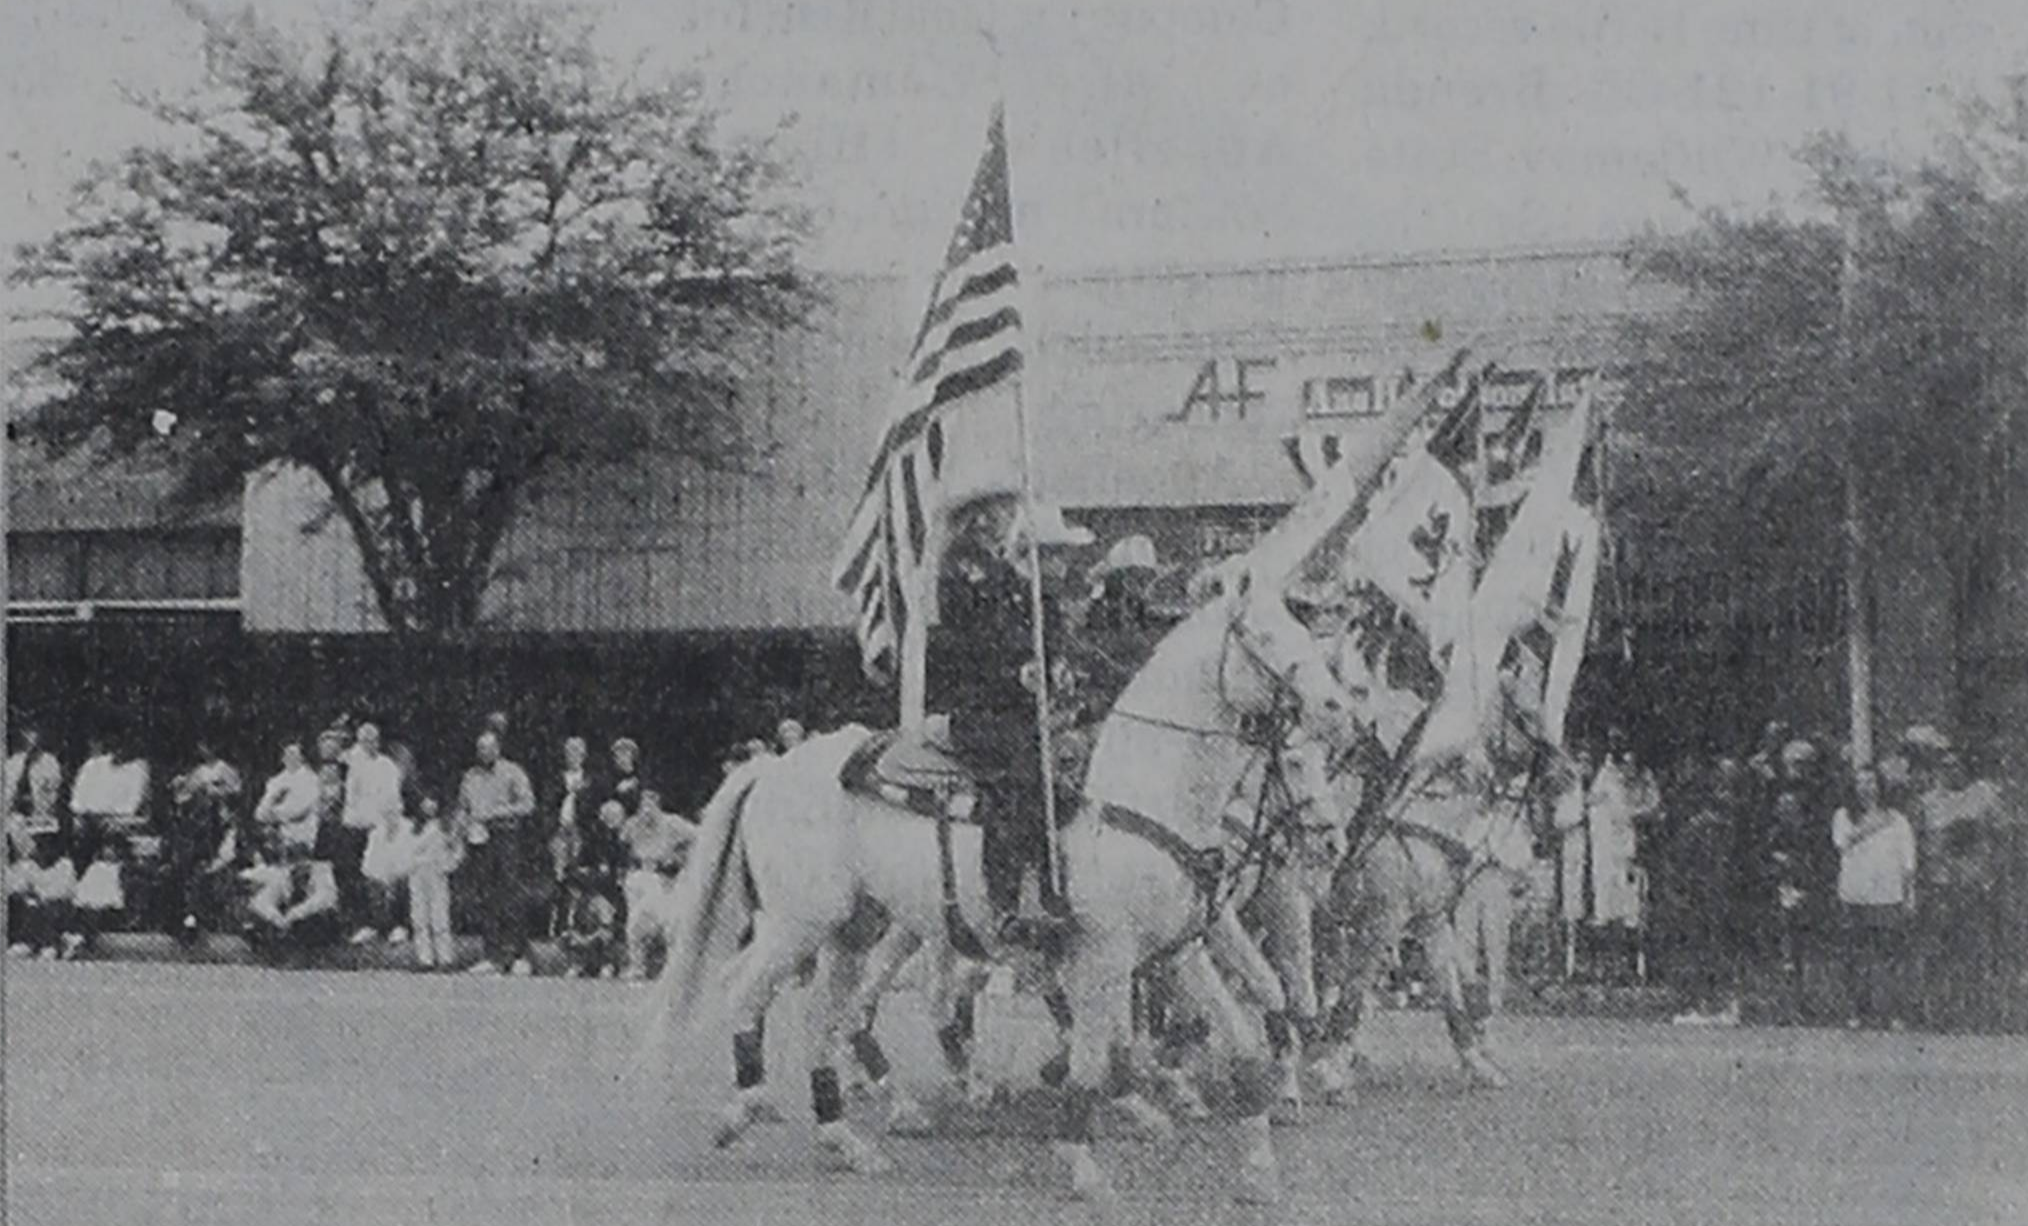

Tony works for Northridge Co. and has been working for them going on three years.

They are both graduates of Ranger High School. If you've never met this family you've missed a privilege and a treat for in no time at all Lacey and Rachel will grab your heart strings and hold on forever.

Jim Jones, teacher in fifth grade at Ranger Elementary School is also teaching one class in the sixth grade this year. He spent the summer mowing lawns in Ranger to keep in shape and also

WANTED BLOOD DONORS

ALIAS TYPE A-B-AB-O POSITIVE & NEGATIVE

Eastland Memorial Hospital Wed., Oct. 2-3 To 7:30 P.M.

Carter Blood Center is committed to providing a safe and adequate blood supply to the people of this area through the cooperation of Eastland Memorial Hospital.

The blood supply at Carter Blood Center is constantly and thoroughly tested. Seven separate tests to detect transmissible diseases are conducted on each unit of blood donated, including tests for AIDS, hepatitis and syphilis.

Blood banking is one of the most highly regulated areas in health care. It is governed by multiple federal and state laws, rules, policies and regulations. Carter Blood Center is licensed by the FDA and must adhere to these rules and regulations plus additional guidelines that are issued continuously.

Carter Blood Center is responsible for supplying the blood needs of 48 hospitals in 17 counties. It takes approximately 250 pints a day to meet those needs.

The blood supply depends on volunteers. The practice of paying people for their blood was phased out in the 1970's at Carter Blood Center.

Each year over four million Americans need a blood transfusion. Carter Blood Center provided more than 100,000 blood transfusions in 1990.

Criteria For Blood Donation

On mobiles, blood donors must be between the ages of 17 and up to 66th birthday. All 17 year old donors must have written consent from parent or guardian.

A donor should have consumed food and drink within 4 to 6 hours prior to donating blood.

A person must weigh a minimum of 110 pounds. The interval between blood donations must be 8 weeks.

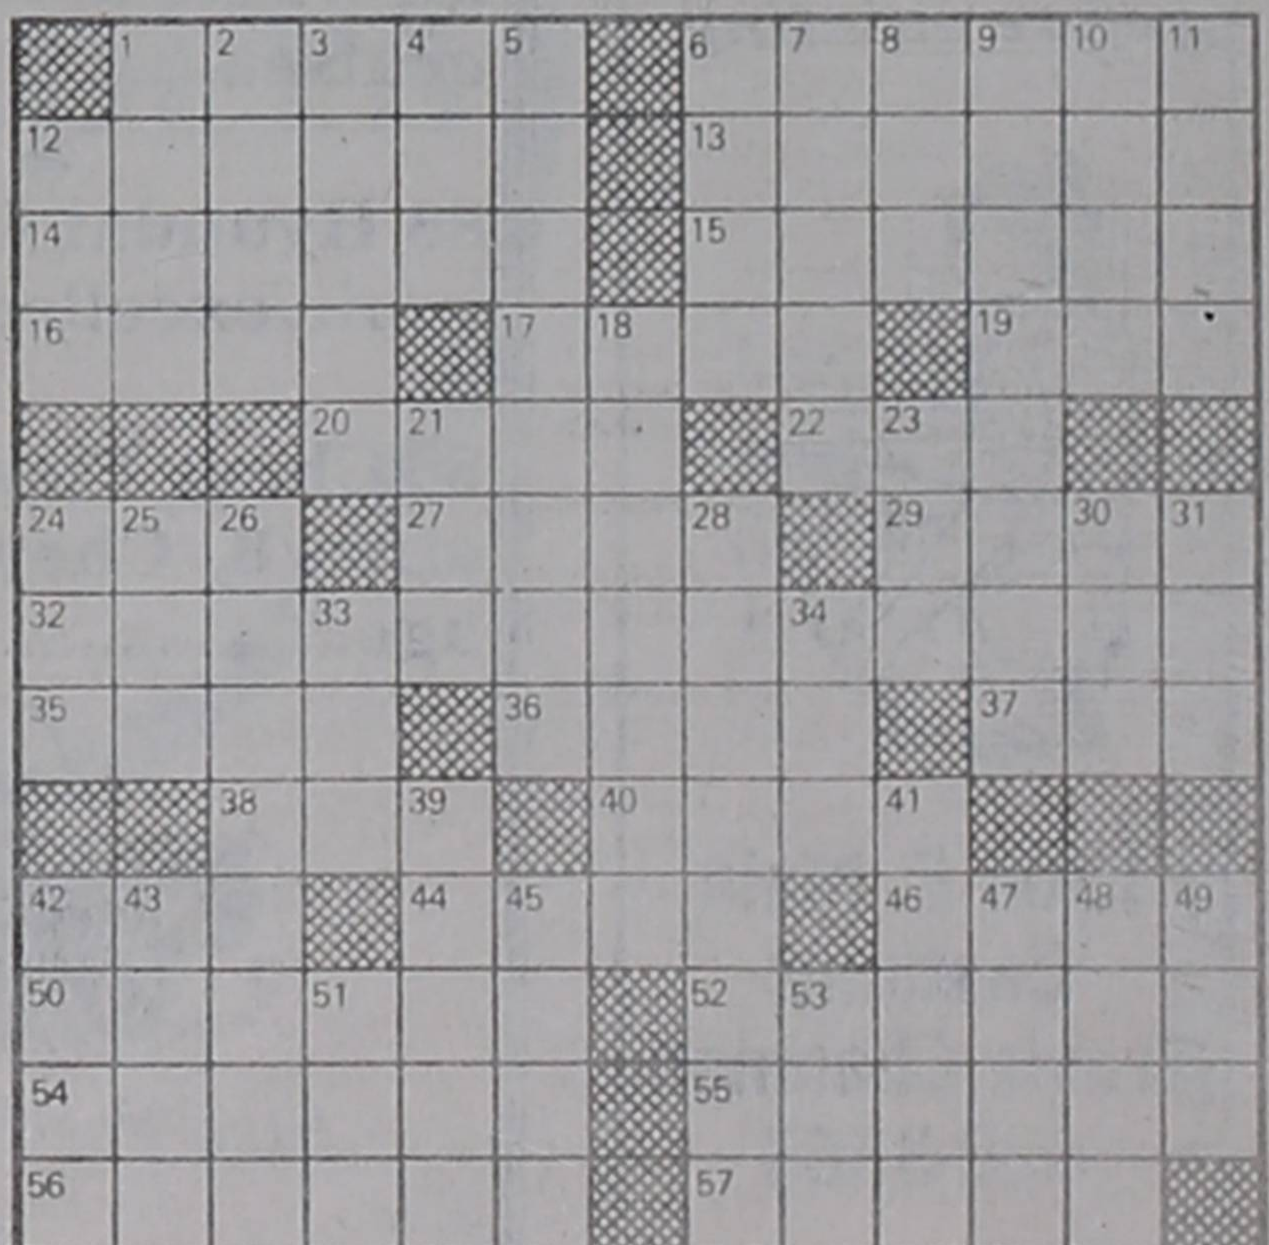

Excluded: Any person with a history of viral hepatitis, a positive test for Hepatitis B, a positive test for antibody to Human Immunodeficiency Virus (AIDS virus), a history of drug addiction or coronary artery disease.

Further details may be secured by calling Eastland Memorial Hospital 817/629-2601.

Rescue Line For Women

Q. Does a woman have to be beautiful to be feminine?

A. You do not have to be beautiful in the classic sense to have all of the charms of femininity. When a girl or woman is tender, soft, fun-loving, and innocent and pure she will be perceived as being beautiful. Regardless of her features or form, to most men she will seem a paragon of femininity. She is beautiful in her own way.

There's a mini baby boom going on in the United States, with more than 4 million births estimated for last year, the biggest number since 1964. One reason is that the babies of the last baby boom are now of child-bearing age.

Research in Zurich, Switzerland indicates a correlation between migraine and depression. Usual route, say the scientists, seems to be anxiety disorders in the young teens, then migraine, then depression.

Though it's mostly female teens who are deficient in iron, Physician and Sportsmedicine magazine reports that many young males may also be low in iron, limiting energy and sports performance. Puberty and strenuous exercise may cause the deficiency.

Tetanus most often develops not from the proverbial rusty nail, but from minor household injuries. Doctors recommend everyone be immunized against tetanus, with a booster shot every 10 years.

Clean Out Your Attic

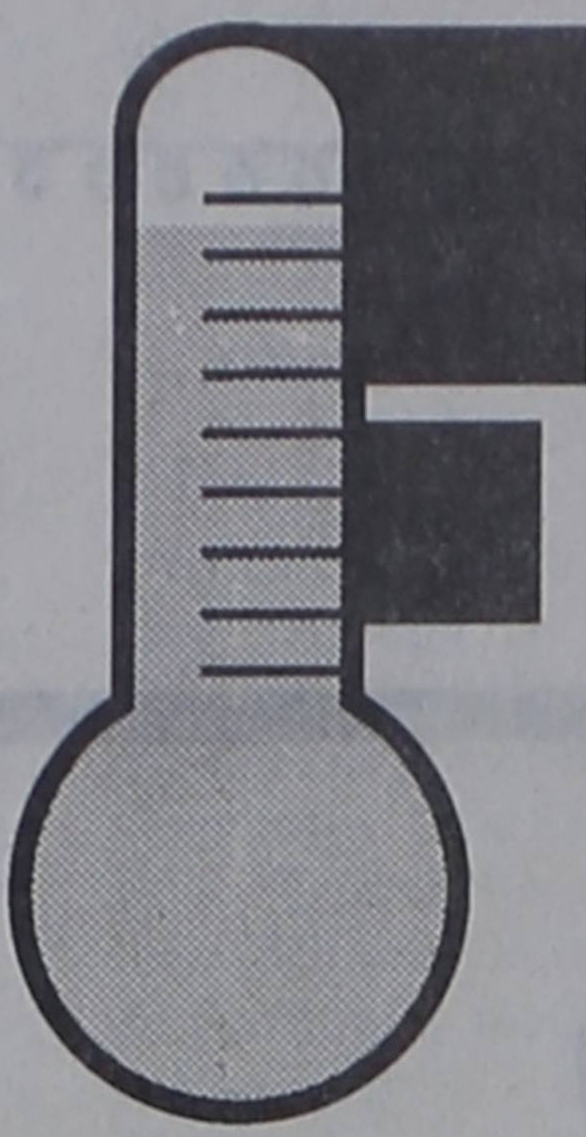

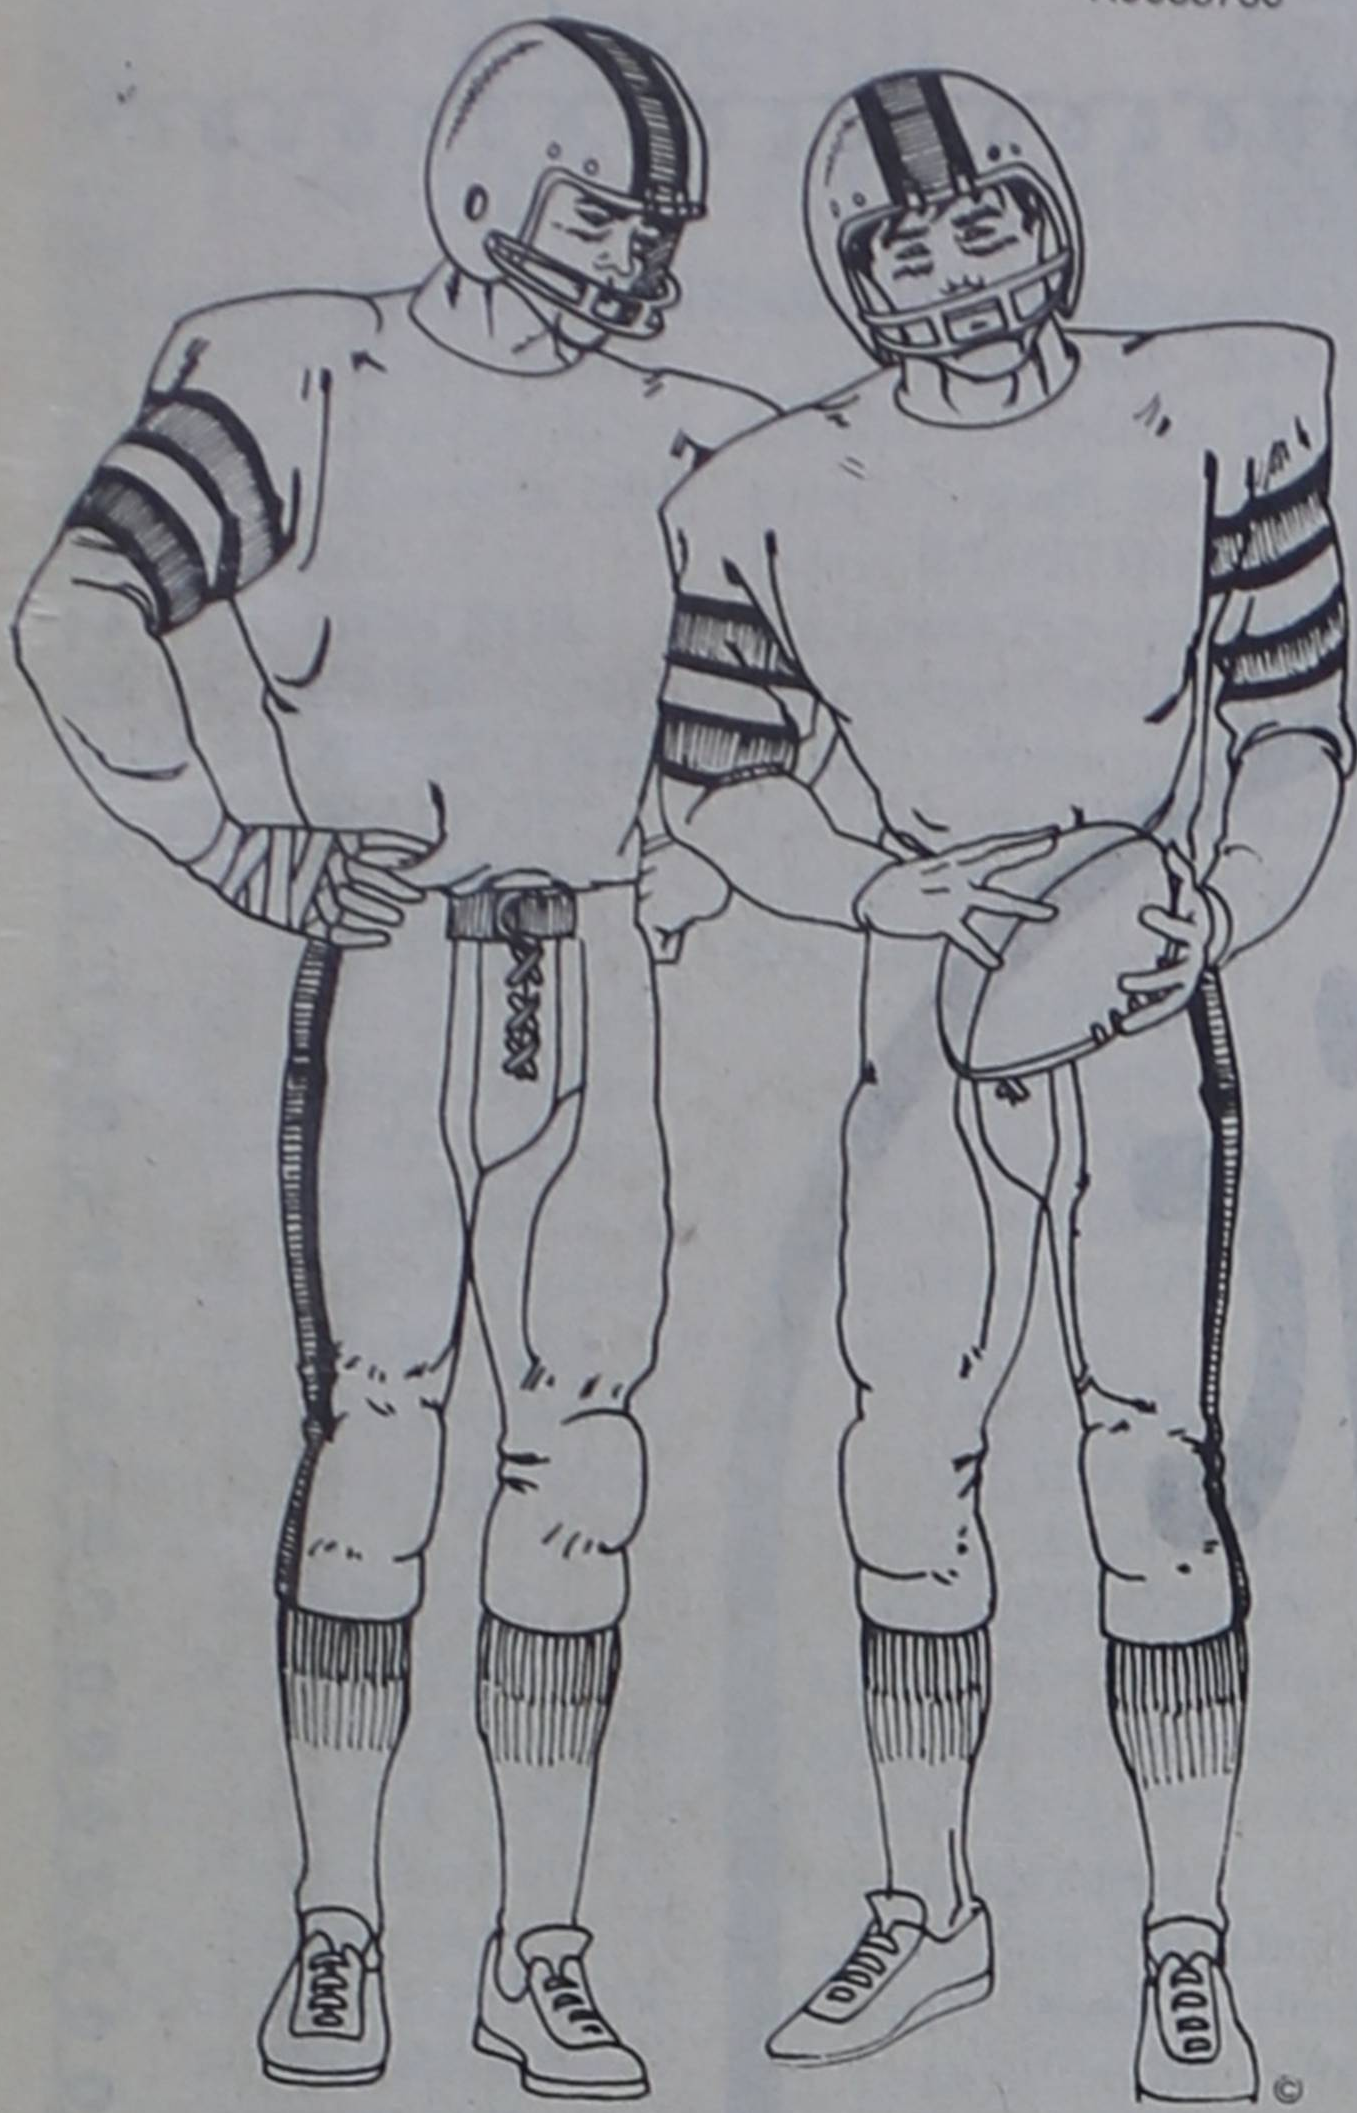

With An Ad In The Classifieds!

Let's face it. When it comes time to clean out that closet, attic or garage, everybody's got something to hide.

But why hide them, when you could sell those unwanted items in the Classifieds? Not only will you gain valuable storage space, but with the dollars you make you can hunt through the Classifieds to uncover someone else's hidden treasures.
