Guinn Adams Candidate For Ranger School Board, Place 7

Since I am a native of Ranger, Texas, it is not necessary for me to introduce myself to most of you. But for those who do not know me, my name is Guinn Adams, son of Mable and the late Melvin Adams. I want to ask you to vote for me to serve in the position of Trustee in Place 7 on Ranger Independent School District Board of Trustees.

My goal is to serve the citizens of Ranger in the capacity of board member in a responsible way that represents your desire and that will be in the best interest for all our children, our renool personnel, and our community. One of my major concerns for the school system is that we act responsibly in financial matters.

I graduated from May 6, 1995.

Ranger High School in 1966 and later from Tarleton University in Stephenville with a major in Industrial Arts. Subsequent to that time, I taught in the Waco Independent School District for several years. I am self employed and have the flexibility of time to serve the public effectively.

My family consists of Scott who graduated from Ranger High School last year and is now attending Ranger College and Megan, my 5-year old daughter who will be in Kindergarten this fall. My wife, Mary Ann, is a former teacher of the Ranger Public School System.

I urge every registered voter to get out and vote for the candidate of your choice on

Eastland Cleanup **Efforts Continue**

Eastland City Commis- by 49 cities, with good sioners last Monday night discussed efforts to clean up the town. Reports indicated that most citizens were responding, but that stronger ordinances were needed for the few who did not cooperate.

There seemed to be a few trouble spots, such as junked cars and several burned-out buildings.

Mayor C.W. Hoffman said that the Cleanup project is especially geared for the School Homecoming, but is also an on-going effort to make the town more attractive to visitors and prospective businesses.

Police Chief Cecil Funderburgh explained the process of sending notices to offenders until a fine is assessed. He said that in some cases the City is willing to help a property owner clear brush and mow weeds, but the city has to pay for dumping the debris.

Mayor Hoffmann and others said that apparently stronger city codes were needed to bring of-

fenders into compliance. During the meeting Commissioners also heard Jane Jenkins of Denton explain the Main Street program, in which the downtown area could be restored and revital-

ized. She said this pro-

Belles Enjoy Hawaii Trip

Wrangler Belle Director Debbie Baker and three of the Cisco Junior Wrangler College Belles told members of the Cisco Lions and Rotary Clubs this week at their noon luncheons that the Wrangler Band and Belles trip to Hawaii was a great experience which they

will always remember. It was the third such trip for Director Baker, but the first for many of the students, some of whom had never flown before. Baker, who expressed some concern at the beginning of such trips, said that everything went well and that she was proud of the students and the way they represented the college. Their behavior was complemented by the hotel where they stayed. The Belles were a big

hit with the Hawaiian residents, and the girls probably liked being in the parade best of all. But the beach and sightseeing were also popular with the students. Their picture was published on the front of the Honolulu newspaper, and they attracted a lot of attention from locals, who suspected that they were "cowgirls" from Texas. They performed on three of the six days they were there, which was a busy schedule. Three of the Belles,

Lori Harris of Mesquite, Christy Arther of Eastland, and Carolyn

Yost of Ovalo also spoke to the clubs.

Lori expressed their surprise at finding so many races and nationalities of people in Hawaii with so many different accents. Asian and Pacific races were in the majority. She told about the Belles performing during the dance competition at the Kodak Theatre, during the parade, they were the only college group among many high school groups, and at a prominent private school,

where they were quite popular. The Belles received a Special Recognition Award, which consisted of a plaque on a carved wooden statue of historical significance. Lori was also impressed by the many shops at which you could shop or sight see.

Christy told about seeing the Arizona memorial in the harbor, and the huge battleship which was visable under the memorial in the water. More than a thousand men died in the Arizona when it was sunk during the battle of Pearl Harbor, and fifty years later oil is still seeping up from the ship "like the tears of the men inside." They also saw statues of the Hawaiian Kings, an "eternal flame" which had weathered hurricanes, and beautigolf courses. Christy also told about

seeing the singing group "Society of Seven," and the sites of filming for various movies and television shows. Snorkeling, sailing, seeing the Dole cannery and pineapple fields, seeing the zoo, and shopping were also enjoyed by the CJC

Carolyn was the photographer of the three girls and she passed around pictures she had taken of various sites, including some people, and items of interest.

Keep your cool and some of your money too with a maintenance check-up from J & J Air Conditioning.

Summer's coming with its unmercifully hot and humid days, so don't wait any longer ... now is the best time to have your old system serviced to work as efficiently as possible to keep the Electric Company from getting any more of your hard earned money than absolutely necessary.

Why be uncomfortable this summer when J & J Air Conditioning can help make you feel good inside. Since we've been servicing yours or many of your neighbors' heating and cooling needs for years, why don't you give us a call today at 629-2251 or 1-800-585-2251.

We know what it takes to make your home cool, comfortable and allergy free.

If your system is over 12 years old, you are probably spending twice as much money as you should and the Electric Store Company loves it . . . or you could buy a new system now and let them help you pay for it. At least you and a friend or neighbor could have a nice steak dinner once a month at their expense.

J & J Air Conditioning would be happy to conduct a Free Home Survey and provide you with an estimate for an Affordawarded.

offering will be taken. Forty centuries of timeless wisdom - - yours to unlock and apply to your own life, but only if you can find the keys. This inspiring seminar gives them to you. You'll unlock the special messages and meanings of Old Testament characters, themes, places, and events. Learn countless lessons from those who, through the ages, triumphed by faith or failed through disobedience.

You'll do all this while hardly lifting a pencil because we've replaced tedious note taking with a highly interactive learning adventure.

Mon. Sat. 9:00 - 5:30

Join in this truly unique experience and you'll be amazed at what you'll accomplish:

-Integrate your knowledge of all 39 books, 929 chapters, and 23,214

-Meet key Bible characters up close and personal.

-Trace the major geographical movements on giant map and find yourself in Egypt, Moab, or visiting Mt. Sinai.

-Learn to Walk Thru 77 major Old Testament people, places, and events - - in less than three min-

-Apply yesterday's les-

sons to today's challenges. The Walk Thru the Bible seminars have been taught to over a million people in more than a hundred denominations, and have received universal acclaim among Christians of all persuasions. For more information or to register for the seminar, contact First Baptist Church at 629-3355.

5th Sunday Singing At

Carbon's Baptist Church

What all this means. according to the pastor, Jim Poe, is that dinner will be served after the morning worship service, and in the afternoon singers from all over will be welcome to come and share the gospel in song. There will be opportunities to praise the Lord in testimonies, Bible and responsive readings. Everyone is encouraged to

participate. "Too often, Christians think that the only people that are to take part in public worship are preachers and music directors. Nothing could be further from the truth." We want to have a time where people can praise the Lord for the things that He has done in their lives, a time to share the scriptures and things that have meaning to us."

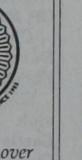

First Baptist Church of Carbon is also going to do something this year that they haven't done in recent years, Vacation Bible School. All the details aren't in yet, but VBS is always exciting and this year at Carbon, VBS is

Pastor Jim Poe and the people of First Baptist Church of Carbon invite you and yours to come visit, share and listen to the gospel, sing and be blessed on Sunday, April 30th. It will be a time to indeed Praise the Lord.

"The Quick and the Dead" is a TriStar Release. The story takes place over a four-day period in 1878, and was filmed in late 1993 and early '94 in Mescal, Arizona, 40 miles east of Tucson.

A western street owned by, but apart from Old Tucson studios underwent an overhaul for this

Director Sam Raimi says: "We focus on the ceremony of the gunfight. The gunfight is the biggest game in the town of Redemption. Life centers around it, especially during the period of our story The challenge was to prevent the fights from being repetitious."

Production Designer Patrizia Von Brandenstein created Redemption, which she describes as "a despicable border town with the sole purpose of providing a sanctuary for bad people. It shelters outlaws. It reflects the desperation and desolation of the main character (Ellen's) life

"Nothing lives in this town. Even the cactus is dead, like the spirit of the

people. The civic monument is Mayor Herod's house, dominating the town just as the occupant does."

For costume designer Judianna Makovsky, the major challenge was to have Sharon Stone (Ellen) retain her appeal while presenting her as a desert

"Leather pants helped," the designer admits. "Sharon pointed out from the beginning that there were great women who helped settle the west, but they didn't ride into town sidesaddle with ball gowns, a bag of hot rollers and conditioner!"

Authentic attire was designed for Stone and the other stars, adding color to this gritty, realistic film. The movie is different in several ways - including that a woman has the leading gun-fighting

MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The British Medical Journal reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment! Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic we are committed to not only getting pain. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

O.H. Ivie has stayed in the news quite well the past two years and appears to be headed for true stardom. As most have heard by now the lake record was broken three times in one day.

The stocking of this jewel of West Texas began prior to the lakes completion. Farm ponds were stocked with Florida Bass in 1989. Beginning in 1990 after catching some water, an excellent program was initiated. In 1990, 495,845 bass, 1991, 1,921,226 bass, 1992, 50 adult bass, and Ivie also received stocking in 1993 and 1994 these numbers were not available.

Other species stocked by TP&WD officials included: Blue cats 386,891; Channel cats 390,436; Flathead cats 3,013; Smallmouth bass 120,802; White Crappie Walleye 306,299; 3,355,000 and Coppernose bluegill 332,548. These figures cover only up to 1992.

One of the premier guides at Lake O.H. Ivie is Ronnie Wipff of Champion Guide Service (915) 659-5481. Ronnie moved to San Angelo, TX in 1988 from Sonora, Texas. Born in 1964 with a car body hammer in one hand and a fishing pole in the other, Ronnie has in two years established an excellent reputation as a guide at Ivie. Tournament fishing since 1988, he and partner Brett Johnson have won and placed in many events.

Ronnie's services may be booked for a full or half day and unlike many guides, Ronnie can help instruct you in all the techniques used today in fishing. From the novice to the most advanced fisherperson's Champion Guide Service can fill the

The ShareLunker program tied the all-time record for most lunkers in a season when Port Bolivar angler Bert Stinson loaned his 14.68-pound largemouth bass from Lake Fork to the program. The fish ties the record

of 30 entries in 1992. Four lunkers from Lake Fork and two from Falcon Reservoir are the newest entries into the program, which accepts largemouth bass weighing more than 13 pounds. The program received 28 entries all of last year.

Lake Fork has produced 19 of the 30 fish entered into the program. Sam Rayburn and Falcon are next with three each, followed by Conroe, Gibbons Creek, Gladewater, Austin and a private lake near Goldthwaite with one each. In addition to Lake Fork, which always produces large bass, Falcon seems to be a hot lake this year. Falcon has contributed four lunkers to the-program's history,

three this year.

New entries include:

*Lake Fork - David Lee of Longview, 14.16 pounds, 28 inches long, 22-inch girth, caught 1 p.m., March 14 caught on a shiner.

*Falcon Reservoir -Randy Baker of Peck, Kan., 13.40 pounds, 25 inches long, 21-inch girth, caught 11 p.m., March 15 on a chartreuse crankbait.

*Lake Fork - Rusty Gross of Dallas, 13 pounds, 25.25 inches long, 21.5-inch girth, caught 7:30 p.m., March 16 on a Power Slug.

*Lake Fork - William Koch of Beaumont, 14.02 pounds, 27 inches long, 21-inch girth, caught 8:45 a.m., March 18 on a Suspending Rattlin' Rogue.

*Falcon Reservoir - Bob Hunt of San Antonio, 13.67 pounds, 26 inches long, 20-inch girth, caught 6:30 p.m., March 18 on a black plastic lizard.

* Lake Fork - Bert Stinson of Port Bolivar, 14.68 pounds, 25.75 inches long, 21-inch girth, caught 9:45 a.m., March 20 on a black/ blue salt craw.

The ShareLunker program continues through April 30. Anglers lend their fish to the department for study and possible spawning. Entrants are given a fiberglass replica of their catch.

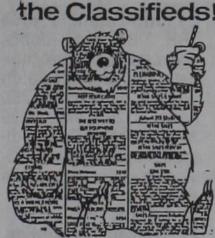

ShareLunker Inc. is under the auspices of the Parks and Wildlife Foundation of Texas Inc. The program is sponsored by Irving Marine, Outdoor Trails, Fin and Feather Marine and Professional Sporting Goods Inc.

To enter the program, call (903) 592-7570. If no one answers, leave a message on the answering machine (it's monitored 24 hours daily) or get the pager number of a program employee from the machine.

Activity Director the country. The residents Wildlife Photo Safaris To Open In Breckenridge May 1

A new and different kind of business, Wildlife Photo Safaris, will be open on weekends in Stephens County as of May 1, 1995. Wildlife Photo Safaris,

owned and operated by Vic Johnson, will offer photographic, video and sightseeing opportunities via guided wildlife tours on a privately owned facility 12 miles East of Breckenridge. The facility currently has over 20 species of native and exotic animals including elk, deer, antelope, big horn sheep and buffalo. There are male and female animals of most species which are already producing offspring.

One and two day packages including lodging, breakfast, lunch and full day guided tours will be offered. Group discounts and two hour tours will also be available. Wildlife Photo Safaris is designed to be a unique nature experience unlike the usual drive-through park.

If you're looking for a great way to save for retirement, then IRAs are still a good idea. Despite changes in the tax laws, many people can still deduct all or part of their IRA contribution. Southwestern Bell Is Offering "21st Century" Technology... AGAIN!

BEWARE OF MONOPOLIES BEARING GIFTS!

Southwestern Bell Telephone Is Making Big Promises To Keep Its Monopoly.

Five years ago, Southwestern Bell made a deal with the Texas Public Utility Commission: the PUC would postpone rate hearings and loosen regulation if Bell would upgrade telecommunications technology around the state. This deal did not work! Southwestern Bell's profits are close to tops in the nation...but Texas ranks close to the bottom in advanced telephone technology. Now Bell is at the Texas Legislature with yet another deal: to invest \$1 billion in overdue improvements, but only if its earnings are kept under wraps, competition stalled, and regulation further diluted. It's time to give the Bell monopoly a wake-up call; it's time to give consumers and businesses alike a choice in local telephone service; and it's time to open the information superhighway in Texas to fair competition. If you own a phone, use a computer, subscribe to a newspaper or watch television, the telecommunications debate in the Texas Legislature will dramatically affect you and your family. Make your voice heard in Austin above the promises of Southwestern Bell's powerful monopoly.

Send Your State Legislators A Message-Now!
