Key Rate Drop To 39 Cents Reduces Insurance Cost

Fire Insurance Buyers Profit Because of Water and Equipment Added

Reduction in the fire insurance key rate in Sonora from 64 cents to 39 cents was interesting news, economically speaking, for property owners this week.

The key rate reduction is due to improvements in the city water system and fire-fighting facilities maintained by the city. Insurance agents in Sonora—A. C. Elliott, George Wynn, O. L. Richardson, J. D. Lowrey—may use the new rate at once.

Penalty items which were reduced or eliminated this year in determining the lower key rate were:

Pressure deficient, .05 (eliminated); supply main less than 8 inches, .02 (eliminated); 100 per cent of mains less than 8 inches in size in mercantile district, .10 (eliminated); mains not wholly cast iron, .05 (eliminated);

Fire hydrants deficient 30 per cent in number in mercantile district, .02 (eliminated); fire hydrants deficient in residence section, was .04, now .01 (deficiency now—10 per cent);

No auto pumper apparatus, .04 (eliminated); no reserve hose truck, .01 (eliminated); (new penalties include those for "pumper non-standard and inadequate in capacity," "hose truck of inadequate capacity," "reserve supply of hose not as required").

In estimating insurance cost, according to Mr. Elliott, the basic rate for the particular type of construction is increased by the full key rate in the business district and by one-half the key rate in the residence section. Penalties are then added for hazardous types of property construction.

Three thousand dollars of insurance would have cost \$29.83 on a frame dwelling house with shingle roof and ventilated flues. Now it will cost \$25.24. The saving in this particular instance amounts to slightly more than 15 per cent.

PARTS OF WATCH CLEANED BY WHIRLING IN LIQUID

It resembles the familiar electric milk shake mixer at the soda fountains but in reality the new equipment at the Barrow Jewelry Store is for the more thorough cleaning of the many parts of a watch!

After the watch has been taken apart the parts are placed in a metal sack and the electric plunger whirled in three jars of liquid successively, and finally in a jar for drying purposes.

Mr. Barrow says that the new device, ordered a number of months, is one of few of its type in West Texas.

NEW FIXTURES FOR MEAT SALES BOUGHT BY STORE

Attractive and efficient meat refrigeration equipment of the very latest type was installed this week by the E. F. Vander Stucken Co., Inc., store.

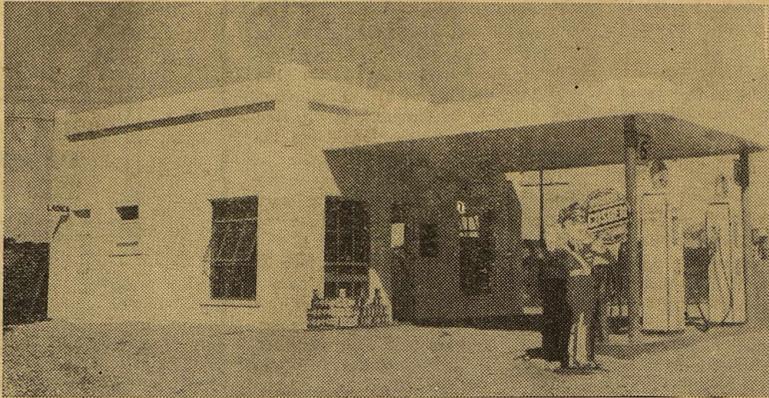

A "walk-in" type of cooler (storage case), a "floating air" display case and an inclosed fruit and vegetable case made up the purchase which was from the Ed Friedrich, Inc., organization in San Antonio. The fixtures, in black and white, blend nicely with the remainder of the store which has been painted recently.

Scale and meat grinding equipment has also been added by the store to its grocery department facilities.

New Employee at Sonora Store

Claude Adams of Cotton Valley, Louisiana, began work as pharmacist at the Corner Drug Store this week.

STATION OPENING SATURDAY

Representing an investment in business property of about \$3,000, a new service station on the Junction highway near the city limit has been open for business almost two weeks and will have its formal opening tomorrow (Saturday).

The owner is W. W. Gibson, a Sonora resident more than two years, who opened a service station, handling products of Cosden Petroleum Corporation, here April 20, 1936. That station, on the Del Rio highway, is being operated on

a commission basis by Cesario Martinez, 1937 high school graduate.

The new station, Spanish-type and finished in green and white, presents an inviting appearance to the traveler. Construction is of frame and stucco with steel casement windows. A portion of the building is used for a lunchroom and the remainder for station facilities.

In charge as operator at the new

station is Raymond Morgan, also a graduate of Sonora high school. Mr. Gibson retains ownership of both stations and is also the wholesale dealer for Cosden products in Sutton county.

Those who had a part in the construction of the station are: Tom Guest, carpentering; G. B. Rankhorn, window frame and door work; Wm. Cameron & Co., Inc., building materials; O. K. Rankhorn, wiring; Gilmore Hardware Co., plumbing work.

Texon Wins Latter Half of Baseball Season For 1938

Crane Contests Sonora Team Here Sunday; Final Games With Texon Sunday, Sept. 4

Texon and Crane will do battle sometime next month to determine the 1938 winner of the Permian Basin League.

Crane was first half winner.

The Texon players won from Crane Sunday afternoon in Texon by a score of 5 to 4. Friday night they won from the same team by a count of 7 to 3, the two victories give them undisputed claim to first place for the last half of the season. Crane won the first half.

The Sonora players divided the two games played Sunday afternoon with Iraan on the Pecos county team's diamond. The first went to Sonora by 12 to 7 but the Iraan players came back in the second to lambast the Sonorans for 15 runs to their 3. Fifteen hits were secured in the second from the pitched offerings of Bud Smith, Hubert Fields and R. M. Lowrie.

"Lefty" White was on the mound for Sonora in the first game, allowing Iraan fifteen hits while his teammates were finding the horsehide for twelve successful wallops.

Tonight in Crane the Sonora team enters the home stretch of its (Continued on page 8)

TRAINING OF SONORA SCHOOLBOYS HIS TASK NOW

Pictured above is Ernest Caraway, graduate of Sul Ross State Teachers' College last spring, who was recently appointed coach of athletics here. Mr. Caraway, who has been doing graduate work at the Alpine college this summer, is expected here next week to begin work. First football practice probably will be held the latter part of the week or the first few days of school. Pupils will enroll Monday, September 5.

Mrs. Davis Ill in Hospital

No improvement was noted yesterday in the condition of Mrs. J. L. Davis who was taken to a hospital in San Angelo Sunday. Mrs. Davis will undergo an operation today or tomorrow.

VOTE SATURDAY--

—AT THE CITY BUILDING —AT THE COURTHOUSE

Sutton people tomorrow may vote for their favorite state, district and local candidates and also on the proposition of issuing \$32,500 in school district bonds for the building of a gymnasium, 4-room school building and repairs for the present school buildings.

The bond issue will be voted upon at the city building on the courthouse square property while voting for the candidates will be at the courthouse and other Sutton county polling places.

F. T. Jones, superintendent of schools, said yesterday the school district's application for the Public Works Administration grant of \$26,590—to supplement the bond issue funds—had been filed in the Fort Worth office and might be forwarded to Washington before the end of the week. He was in Abilene Monday and Tuesday and while there conferred with David S. Castle, architect handling the application details.

Budget Meeting Saturday at 1:30

A public meeting for consideration of the county budget for 1939 will be conducted Saturday afternoon at 1:30 by the commissioners court at the courthouse. Announcement of the tax rate will be made in next week's issue of the NEWS.

Men of Two Sutton Pumping Stations Honored Tuesday

Company Official From Houston —J. E. Niland—Presents Interesting Talk

Essentials of salesmanship as it is linked with merchandising were interestingly outlined by J. E. Niland of Houston in an address Tuesday noon when the Lions Club observed "Humble Day," arranged in honor of the workers of the Humble Oil & Refining Co. in Sutton county.

Mr. Niland, one of the Humble "family" eleven years, spent a year in the engineering department after he was graduated from Rice Institute. The last ten years he has been in sales work and for four years has been assistant to the retail sales manager.

Every One A Salesman

Taking as his cue the National Salesmen's Crusade, a promotional effort being carried on in 451 towns and cities, Mr. Niland told of the slogan—"Sales Mean Jobs"—and that the idea behind the all of the recession-ending campaign is "to promote and inspire action of customers in supplying immediately, needs for which buying has been long deferred."

"Life is one perpetual struggle to sell," Mr. Niland declared, "with every person having something to sell. It may be a product of one's hands, it may be a creation of the mind but everyone has something to market. Even the retired person may be said to have his philosophy of life to sell."

Knowledge of product, persistence and perseverance, constancy of co-ordinated effort, unbroken amount of resourcefulness, perpetual study, optimism and cheerfulness were named as essential qualities of the salesman no matter what his product.

Four words 3,000 years old—"Keep everlastingly at it"—were given by Mr. Niland as a basic foundation for the development of salesmanship qualifications. Mr. Niland outlined briefly the origin of his company, twenty-one years old June 21, and remarked that the organization, with 14,000 employees at present, is unique in that for 111 days before the June 21, 1917, date it functioned with (Continued on page 8)

JUNCTION MAN IN CHARGE OF REVIVAL HERE

Evening meetings of the Church of Christ revival will continue through Sunday night, according to Elder Walter W. Leamons, pictured above, minister of the Junction Church of Christ the last five years.

There will be a service at eleven o'clock Sunday morning. Sermon subjects for the remainder of the week are:

Friday night, "How the 144,000 Were Saved Outside the Ark"; Saturday night, "The Scarlet Woman, the Man of Sin, and the Mark of the Beast"; Sunday morning, "The Woman Who Was Divided Into Twelve Parts"; Sunday night, "How To Be Saved Like the Thief, and How To Go To Heaven Without Dying".

John Eaton is in charge of the singing.

HICKORY STICK AND GOLDEN RULE DAYS RECALLED BY FORMER SCHOLARS IN SONORA SCHOOLROOMS

There were just three questions that T. A. Williams, San Antonio attorney and former Sonora school teacher (1912-1914), wanted the answers for Sunday afternoon. They were:

1. Who hit him in the head with a potato while he was a teacher years ago in Sonora?
 2. Who glued two sheets of his algebra book together just before he was ready to hear a class in that subject?
 3. Who was responsible for the mock wedding staged just before a noon hour recess was ended?
- Mr. Williams didn't find out but in a short talk at the first "get-together" of former students in Sonora schools he expressed the opinion that some of his former students who were listening might "know the answers."

1904 Graduate Named President

Reminiscences were the order of the day at the informal meeting of Sonora pupils in days gone by. Arrangements for the affair were made by Mrs. L. E. Johnson, once a teacher here, Mrs. Alvis Johnson, R. D. Trainer and Mrs. L. P. Bloodworth, Jr., of El Paso. The latter three are former students.

Roy E. Aldwell, a member of the "class of '04," was elected presi-

dent of the organization that was formed—Sonora Ex-Students' Association. Mr. Aldwell spoke briefly, telling of early days and schoolboys and schoolgirls of years ago. He urged systematic recording of names of ex-students and information about them, suggesting that such records be filed in the school district office. Gifts were presented Mr. Aldwell, Mr. Williams and Mrs. E. V. De Pew of San Antonio.

Early Day Teacher Speaks

A guest of honor was Mrs. E. V. De Pew who, as Miss Eddie Preston, taught the fifth, sixth and seventh grades here in 1901 and 1902.

In a short talk Mrs. De Pew recalled that she was the first teacher of Mexican children here, that she received her first kiss as a young woman here and that her first corsage was given her in

Sonora. It was of violets and lilies of the valley and the fact that the flowers were frozen during the trip from San Angelo lessened its glamour not a bit.

Officers chosen, other than Mr. Aldwell, were: Vice-president, L. E. Johnson; secretary, Miss L. E. Johnson; recording secretary, Mrs. R. D. Trainer; treasurer, Fred Simmons. A group selected to delve into the records and find the names of former students and their whereabouts now is made up of John Eaton, Mrs. E. F. Vander Stucken, R. D. Trainer.

Pictures Interest Many

Miss Rena Glen Shurley, 1938 graduate of Sonora high school, was asked to secure an accurate list of graduates in years back as far as 1919. The next meeting of the organization will be in August, 1939, with an effort being made to invite and urge attendance by a large number of ex-students living here and elsewhere.

Photographs of a number of groups were made and these are being displayed at the NEWS office. An interesting feature of the Sunday afternoon event on the courthouse lawn was a collection of pictures of early day school

SAN ANGELO SINGER FOR REVIVAL AUG. 28-SEPT. 4

Direction of singing at the Baptist Church revival in Sonora next week will be by Hollis Wills, choir director, Immanuel Baptist Church, San Angelo. Accompanist will be Miss Minnie Faye McQuary of Abilene, a sister of Miss Rena McQuary, Sonora teacher.

The Rev. R. C. Brinkley, pastor, said Wednesday that registration of children for the Daily Vacation Bible School will be Saturday afternoon, August 27, at 2 o'clock. Miss Marie Sadler of Seminary Hill will be in charge. Children of any religious denomination will be welcomed as pupils.

LEGAL NOTICE

THE STATE OF TEXAS
To the Sheriff or any Constable of Sutton county—Greeting:
You are hereby commanded, That you summon by making publication of this citation in some newspaper published in the County of Sutton if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof Eliza Castillo whose residence is New Mexico to be and appear before the Honorable 112th District Court, at the next regular term thereof, to be holden in the County of Sutton on the 5th day of September, 1938, at the courthouse thereof in the city of Sonora, then and there to answer a petition filed in said court, on the 21st day of July, A. D. 1938, in a suit numbered on the docket of said court No. 862, wherein Victor Castillo, Jr., is plaintiff and Eliza Castillo is defendant. The nature of the Plaintiff's demand being as follows, to-wit:

Plaintiff sues for divorce alleging that plaintiff and defendant were married in New Mexico in the year of 1932, and that on the 17th day of May, 1937, the defendant, without just cause or excuse abandoned this plaintiff, that plaintiff conducted himself in every respect as a husband should, and did not bring about said separation; that plaintiff alleges defendant abandoned him for the alleged reason her parents were sick and the defendant through her parents telegraphed the sheriff of Sutton county that plaintiff would not allow her to leave; that defendant placed a child of defendant and plaintiff in a State Crippled Children's Hospital upon false statements and without consent of the plaintiff; that defendant has circulated statements among plaintiff's friends and acquaintances that she desired and had kept company with other men rather than her legal husband; that plaintiff has supported his children to-wit: Mary Lou aged six; Eliza aged three; and Victor 3rd, aged one; and that he desires to continue said support.
That plaintiff does not desire his child Mary Lou to be further confined to the Children's Hospital, and is willing to support and maintain custody of said child; that community property is not existant except for a mortgaged automobile, mortgaged for more than the reasonable market value; that the acts of the defendant have rendered the further living together of this plaintiff and defendant insupportable.
Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.
Given under my hand and seal of said court, at office in Sonora this, the 21st day of July, A.D. 1938.

Work Stock in U. S. Decreasing Steadily

Oats and Corn Consumption Hurt Severely in Texas

College Station, Aug. 24.—Within the last eight years the number of horses and mules on Texas farms has decreased by 379,000, while the decrease in the United States as a whole for the past 10 years is in excess of 10 million.

Jack Shelton, vice-director and state agent of the Texas A. and M. College Extension Service, sees in these figures a partial answer to the puzzle of declining farm markets.

"A recent U. S. D. A. Bulletin, entitled 'The Farm Horse', shows that farm work stock will consume an average of 125 1/2 bushels of oats or 71 7-10 bushels of corn per head in the course of a year. That means that a market equal to more than 47 million bushels of oats or over 27 million bushels of corn per year has been lost in Texas," he pointed out.

"For the United States as a whole, the annual loss amounts to a million and a quarter bushels of oats or 715 million bushels of corn. Too, twenty years ago hay was the third largest U. S. crop where today it is in the twenty-sixth place."

Shelton emphasized that he was not decrying the use of power machinery or questioning its efficiency in many operations, but insisted that there exists a demand for horse and mule colts that is far greater than the supply.

"Texas farmers are missing an additional and profitable source of income in this connection, and at the same time are losing a chance, however indirect, to increase the volume of the market for grain produced on their farms," he said. "It is gratifying to note that production of horses and mules in Texas is on the upswing."

EL PASO BOYS AND GIRLS TO LEARN TRAFFIC LAWS

Austin, Aug. 24.—El Paso high school students will be the first in Texas required to pass subjects dealing with traffic safety before graduation, according to M. E. Broom, El Paso assistant superintendent of the schools.

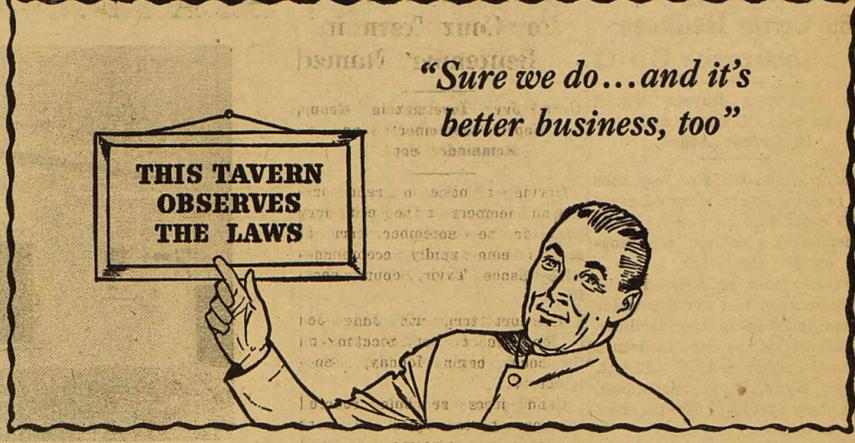

Mr. Broom announced that the safety courses will be complete in every detail and will include the study of texts prepared by state police and other traffic experts. Capt. George Schauer of state police headquarters at Austin has been working with El Paso school officials in preparation for the additional subjects beginning the fall term. Captain Schauer is author of a textbook on safety which will supplement other books chosen for the new course of study.

State safety officials believe El Paso's next step toward safety education will induce other high schools to adopt similar plans. Two hundred teachers and 4,100 students will be affected by the move, El Paso school officials passed a ruling several months ago making safety education mandatory.

CLINIC IN HOUSTON SOON FOR AFFLICTED CHILDREN

Cases of Texas crippled children will be considered September 7 in Houston, according to an announcement by Robert Jolly, administrator, Memorial Hospital. Any child who has never received attention at a crippled children's clinic may be brought to the one-day examination period. None will be admitted as diagnosis only will be attempted that day. Four representatives of the Crippled Children Division, State Board of Education, will be present to confer with parents of the afflicted children who are examined.

Mrs. H. J. Skipwith and son, Herbert, of Austin are visiting her parents, the Rev. and Mrs. R. F. Davis.

When you drink Beer in a tavern... choose your tavern

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.
And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social

conditions that sometimes surround its sale. Existing laws can curb these evils. Help us by demanding their strict enforcement! Sales to minors, or after legal hours... or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort... all these are violations of the law and should be stopped. Public opinion, once aroused, can see that such practices are stopped!

Sutton Men's Silos To Be Filled Soon

Kaffir, Red Top, Hegari Being "Hoarded" For Winter Use

Silo building work in Mother Earth is continuing apace in Sutton county where a number of the trench type storage places for feed were constructed last year.

The Otto Mund silo on his place is 100 feet long, 11 feet wide at the top and 7 feet wide at the bottom. The wedge-shaped "container", which will house kaffir from a 30-acre field, is not quite as large as that built in 1937 by William Allison. The Mund silo is 8 feet deep.

Completion of a silo 120 feet long is expected in about two weeks by Frank Bond, Sutton ranchman, whose twenty-five acres of red top cane should be ready for cutting and storage just about the same time. Mr. Bond has twenty acres more of red top which will be ready before the first frost, according to H. C. Atchison, county agent.

W. J. Fields, Jr., expects to build a silo at the Fields Dairy in town where he will store feed bought for the purrse.

Thirty-five acres of hegari is being put in the silo built by N. L. (John) Word, negro ranchman and farmer in Sutton county. His silo, completed recently is 100 feet long and 8 feet deep.

May They Do Well!

Texans tomorrow will name
those who will operate the huge
business that is their state gov-
ernment for the next two years.

The obligation that rests on the
voters' shoulders is a serious one
that should not be considered
lightly. The business of govern-
ment is an important one that men
skilled in the business of carrying
on governmental affairs should
have assigned them.

Months of effort and one month
of unusually heavy labor will end
tomorrow for state and district
candidates who were successful in
their efforts to contest in a run-
off campaign. Intensive work,
expensive work, which has not
been equaled in a number of years,
has been engaged in by state can-
didates. Some will lose. That's in-
evitable, just as it is in an athletic
contest.

Whoever wins, Texans are hop-
ing that the choice they make will
be a happy one that will give the
great state that is Texas a busi-
ness administration of the state's
affairs -- one that will succeed
in full measure in the task of de-
veloping Texas in a substantial
way that will increase its prestige
everywhere.

Around the World

By William LaVarre

A Sextant Is Not a Thing-a-Ma-Jig!

THE sextant, Captain F. J. Haasters of the Royal Dutch
Mail explained to Mrs. LaVarre, takes the guesswork
out of modern navigation. It measures angles. Though it
can be held in one hand, it is a complete nautical observa-
tory. Looking through its telescope you can see the horizon
and sun at the same time and get an amazingly exact ap-
proximation of latitude and longitude. At sea captains use
their sextant each day about noon to measure the distance
they have traveled the past 24 hours. It seems impossible,
but seeing is believing!

Salute To Notable
Costly Tribute Type

Former Sonoran's Battery Chosen
For Task of Saluting

It costs about \$157.50 for a
national guard unit to say "wel-
come" to a governor or governor
nominate with a French 75, small
cannon of about 3-inch barrel di-
ameter.

That's the estimate given Her-
mann Allison of Amarillo, former
Sonora resident, who was visiting
his brother, Bobby, and other re-
latives here Saturday. Mr. and
Mrs. Allison were on their way to
Amarillo. He has been with other
national guard enlisted men and
officers in summer training at
Camp Bullis near San Antonio.

Mr. Allison said that his bat-
tery of sixty-five men had the dis-
tinction of firing the salute to
Governor Allred, to W. Lee O'Dan-
iel, governor nominate, and the
governor nominate of Oklahoma.
Each was given the twenty-one
gun salute. Mr. Allison says that
he has been told each shot (blank
in such a case) costs about \$7.50.

A salute to a major consists of
only thirteen shots from the gun.
One of these was fired by the bat-
tery.

Mrs. Allison was formerly Miss
Alice Nichols, daughter of Mr. and
Mrs. Fred Nichols, of Sonora. The
Allisons have been gone from here
several years. He is employed by
a Neon sign company in Amar-
illo.

QUARTER MILLION TEXANS OWN DRIVERS' LICENSES

Austin, Aug. 24.—State driver's license bureau officials announced today that nearly a quarter-million driving licenses have been issued in Texas since last September.

The new licensing law requires state police to examine the qualifications of applicants before driver's licenses are issued. There were 242,384 drivers tested in the ten months' period.

Chief Ralph L. Buell of the license bureau said at least three per cent of the applications are turned down because of drivers' mental or physical defects. Many are denied licenses because their vehicles are mechanically faulty. Thirteen licenses were suspended in July after drivers were convicted of driving while intoxicated.

LEGAL NOTICE

THE STATE OF TEXAS

To the Sheriff or any Constable of Sutton County—Greeting:

You are hereby commanded to summon Fritz Magill, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Sutton county, to be holden at the courthouse thereof, in Sonora, on the first Monday in September, A. D. 1938, the same being the 5th day of September, A. D. 1938, then and there to answer a petition filed in said court on the 3rd day of August, A. D. 1938, in a suit, numbered on the docket of said court No. 864, wherein Mrs. Lillie Mae Magill, is plaintiff, and Fritz Magill is defendant, said petition alleging in substance that plaintiff was legally married to the defendant in Gillespie county, Texas, on the 10th day of July, A. D. 1936, and lived with him as his wife until on or about the 3rd day of May, A. D. 1937; that during the time plaintiff lived with defendant as his wife as aforesaid she conducted herself with propriety and treated her husband with kindness and forbearance, but that on divers occasions her husband was guilty of excesses, cruel treatment and outrages toward her of such a nature as to render their living together insupportable in consequence of which she was forced to leave his house on the 3rd day of May, A. D. 1937; that there was born of said marriage one child, a girl, Greta Mae Magill, who was born on the 9th day of May, A. D. 1937. Plaintiff prays for judgment dissolving the marriage contract now existing between plaintiff and defendant, for the care, custody and education of said child, for costs of suit, and such other and further relief, special and general, in law or in equity, that she may be justly entitled to.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Witness, J. D. Lowrey, Clerk of the District Court of Sutton county, Texas.

MOUNTAIN SCALING AND EEL IN BOAT HELP MAKE VACATION OF 2 INSTRUCTORS PLEASANT PERIOD

A number of favorable comments were heard after the NEWS publication recently of a letter from Miss Rena McQuary, Sonora teacher, who is vacationing in the Maine woods north of Bangor. A second letter from Miss McQuary is published today.

Greetings from the North Woods:—

Do not be surprised at another letter from the Sawyer cottage to Sonorans and Sonora school children. We've been doing things!

Mount Katahdin, Maine's highest, is ours! At least I believe that's the way the successful explorer always expresses it. It was a never-to-be forgotten experience and I must tell you of it.

Our start was early for 100 miles of driving was required to get to the starting place for our 6-mile climb, which was to begin at eight in the morning. The first three miles were not so bad; the last three were—well, something to remember—and that's putting it mildly!

Trip Down Unfortunate One

Three miles up we reached a plateau where we took time out for luncheon (never did food taste so good). The rest of the climb looked terrible but we tackled it. About one we reached the top, took pictures and observed the surrounding country for miles and miles, then began the trip down the mountain which was much worse than the trip upward.

Harva lost her footing several times and once when she tried to get up the muscles in her legs did a "Dipsey-Doodle" but finally calmed down and we carried on to Chimney Pond, halfway down, at four o'clock.

We were making record time, believe it, if you will, when my right leg faltered and "gave up the ghost." It just refused to go farther and a sit-down strike was in order. So—and how I hate to admit it—I resigned myself to my fate and was carried the other three miles. For a week there was a limp and Harva still limps slightly.

But we climbed Mount Katahdin and that's something many Maine people cannot say.

Group Sees Bags Made

A trip through a paper mill at Howland was interesting. Trees became paper bags before our very eyes! If you see any paper bags with "Wa-hoo" printed on the side of them—we saw that brand of bags being made! Look for the little black letters on the bag—to paraphrase a bit of Jack Benny's—"Look for the big red letters on the box".

Last week-end we were in the White Mountains of New Hampshire, seeing several "landmarks" of American literature.

"The Great Stone Face" is clearly visible from the highway. It is a massive formation of rock that closely resembles the face of "an old man of the mountain."

Gale on Mountain Top!

The night was spent at the foot of Mount Washington and before the gates to the automobile road were open the next morning we

were ready for the climb upward—yes, this time the "climb upward" was behind the purring of mighty horsepower which had its origin in America's center of motor car production! At the top the barometer registered forty-eight degrees and the gale that was blowing would put a Texas norther to shame!

Houses on the summit are held in place by huge chains stretched across them and fastened securely to huge boulders on which the houses rest. We were on top long enough to get something hot to drink and to take pictures. Truly, the weather there was disagreeably cold. And for the third time since we left "The Stockman's Paradise" we had been above the clouds!

Eels To the Left, Eels To—

My skill as a fisherman improves! Harva and I bait our hooks (despite the worms' squirming) but we still can't get the fish off—if we catch any! You may have heard my screams one night last week. It was this way: I caught a monstrous eel. At least, it looked monstrous to me. Never before did I know how small one boat could be. It wasn't a canoe we were in or surely the boat would have spilled us into the water.

On the way home we'll see Canada. When I get back in Sonora I'll tell of that part of this glorious summer.

An afterthought that came just now—How's this for energy? Wesley has just finished a swim to Birch Island and back. Now he wants to play croquet!

G. W. LOGANS, MARRIED NEARLY 64 YEARS, HONORED LAST WEEK

One of Sutton County's oldest married couples—Mr. and Mrs. G. W. Logan—parents of Joe F. Logan, ranchman and county commissioner, were honored guests Thursday of last week at a family reunion at the ranch home of the son with whom they live.

The Logans were married in Gatesville October 5, 1874, sixteen years after Mr. Logan came to Texas and seven years after she became a Lone Star State resident. Mrs. Logan is eighty-five and her husband eighty-four.

Eight of the Logans ten children are living. Six were at the reunion. G. N. Logan of Marfa and W. W. Logan of Wilcox, Ariz., were absent. Children there were: J. M. Logan, Menard; Joe F. Logan and T. W. Logan, Sonora; Mrs. E. L. McMurtrey, Ingram; D. T. Logan, Wilcox, Ariz.; Mrs. Luther Kirkpatrick, Junction.

Other relatives present were: Mrs. J. M. Logan and son, Bill, Menard; Mrs. Joe F. Logan and

Accidents To Hand and Fingers Costly

Workers' Injuries Of This Type Amount To 37 Per Cent

Chicago, Aug. 24.—Maybe he picked up the habit about the time he couldn't resist pulling the pig-tails of the girl who sat ahead of him in grammar school.

But even though they were more chivalrous in their school days, adult man (and woman) has a lot of trouble keeping his hands and fingers out of mischief. The National Safety Council reports that of all accidents suffered during 1937 by persons who were at work, 33 per cent were hand and finger cases. Legs and feet were injured in 19 per cent, or the third largest, number of cases. Other parts of the body and the frequency with which they were injured: Arms, 11 per cent; head (other than eyes), 6 per cent; Eyes, 2 per cent. The Council said general accidents accounted for 5 per cent of the cases.

Ever since man began to walk around on his hind legs, one of his hardest jobs has been to stay right side up, with his feet planted firmly and securely on solid footing.

Industrial accidents are proof that humans can't break the law of gravity without being punished.

Falls, says the National Safety Council, in its 1938 edition of "Accident Facts," caused 20 per cent of all accident cases in 1937 which involved industrial employees. Victims of these falls received 25 per cent of the compensation paid for all industrial accidents.

Only one other industrial operation, that of handling different objects, (tools, material, etc.) causes more accident cases. But victims of this type of mishap, the Council said, receive only 14 per cent of total compensation, for the reason that injuries in the usually are less serious than fall injuries.

To improve the golden moment of opportunity, and catch the good that is within our reach, is the great art of life.—Samuel Johnson.

TO THE VOTERS OF SUTTON COUNTY:

Judge Harry N. Graves of Williamson County, who was appointed to the vacancy on the Court of Criminal Appeals after Judge Lattimore's death, is a high-class citizen, a man of the highest integrity and fitted by natural endowment, education and much and long practical experience in the Courts to succeed himself.

He was a leading member of the Texas Legislature for nine years and co-operated fully with our representatives from this section to secure the passage of West Texas measures and made the Tuberculosis Sanatorium his special charge.

He is a nephew of Judge W. L. Davidson, who occupied the same bench to which he aspires, so acceptably for more than thirty years.

Judge Graves has been engaged actively in practice of both Civil and Criminal law ever since he reached his majority, is only sixty years of age, and about ten years younger than his present opponent.

He was not a member of the Legislature which originally raised the salaries of appellate Judges, and only voted to restore the salaries to the normal amount after they had been temporarily reduced during the worst of the depression.

TEXON WINS--

(Continued from page 1)

1938 campaign on the diamond. Another game will be played with Crane here Sunday afternoon and the league season will be closed, as far as the Sonora team is concerned, Sunday, September 4, when the league-leading Texon players come here for two games.

HOW THEY STAND:—

	W.	L.	Pct.
Texon	11	3	.785
Crane	6	4	.600
Sonora	4	6	.400
Iraan	5	9	.357
San Angelo	4	8	.333

Fred Haddock, league secretary-treasurer, who lives in Texon, is still receiving votes of fans which will determine the league's "all-star players" who will contest with the Texon team on Labor Day, September 5, in Texon. Fans who vote must select at least three players from the following teams—Sonora, Iraan, San Angelo, Crane.

Voting for players for the "all-stars" team ends Wednesday, August 31.

SONORANS HOME FROM TRIP TO SIX STATES

Mr. and Mrs. Aiton Hightower and Dan Cauthorn have returned from a two weeks' tour of six western states. They visited in New Mexico, Arizona, Utah, Idaho, Wyoming and Colorado. The Sonorans traveled about 4,000 miles.

Bible Class Pupils Wanted

A good attendance of men at the Bible class conducted each Sunday morning at La Vista Theater was asked this week by the Rev. R. C. Brinkley, teacher. F. T. Jones will be in charge of the class Sunday morning in the absence of the Reverend Mr. Brinkley who will be in Wall at that time.

Boughtons Back in Sutton County

Dr. and Mrs. I. B. Boughton and children, Josette, Richard and Alan, returned to West Texas Tuesday night and spent Wednesday and Thursday in San Angelo before going to their home at the Ranch Experiment Station. Dr. Boughton met them when their boat docked in the United States recently.

Car Accident Tuesday Evening

Badly damaged was the sedan of Carl Hagedorn of Dallas when it overturned near Sonora on the Junction highway after a side-swipe with a motor vehicle driven by C. T. Jones, Sutton county ranchman. A bruised leg, suffered by the Dallas man, was the only personal injury suffered by either of the two drivers.

Mrs. W. J. Fields, Jr., Miss Alice Karnes, and Mrs. M. M. Stokes spent Wednesday in San Angelo.

PRESIDENT'S WIFE WANTS HOME WORKERS IN SECURITY PROGRAM

Old age pensions for domestic workers and farm laborers were given strong endorsement by Mrs. Franklin D. Roosevelt on her monthly question and answer page in the August issue of The Democratic Digest, publication of the Democratic National Committee.

"I feel very strongly that in this country we should eventually include under the Social Security Act domestic workers and farm laborers in all the provisions in which other workers are included," the first lady writes. "I realize all of the difficulties involved but in some way it seems to me we ought to work out a method by which these people, who form a great body of workers, can be included. I have had it suggested that it can be done by means of stamps, and I hope it can. In any case I hope we will never be contented until a solution has been found to prevent an injustice to a big group of workers."

Politics Should Be Profession
Mrs. Roosevelt expressed her opinion on the pension question in answer to a query from Mrs. Charles G. Ryan, Democratic National Committeewoman, Grand Island, Nebraska. Replying to another question, Mrs. Roosevelt lays partial blame for the fact that the words politics and politicians have an unfavorable connotation on the shoulders of the public.

"So many citizens leave their government business in the hands of people who are willing to make

it more or less of a business!" she says.

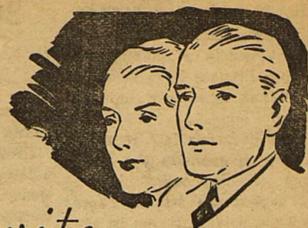

"It is true that politicians are worthy of what they earn just as everyone else is," the President's wife declares, "but citizens who are interested in good government will be wise to take part in the government and make sure those who are in politics will carry out their work in the interest of the community."

Public May Be Blamed
"One reason that politics and politicians have a bad name is that the public has first of all been careless of its choice of public officials and then even more negligent in following up their work," Mrs. Roosevelt holds.

"Human nature being what it is, there are a few politicians who have earned for themselves justifiably bad reputations and they are never forgotten, while people rarely remember public servants who do honest and fine jobs for little remuneration."

"When politicians have a bad name, naturally politics carries the same stigma, but when we learn that living in a democracy means we must all be active citizens and take part in politics, we will soon find a change," Mrs. Roosevelt predicts.

The question, "Why is it that the words politics and politicians carry the connotation in this country of something shady or even disreputable?" was asked by Miss Florence E. Gregerson of Fargo, N. D.

Engagement of Miss Shurley Announced Friday

Outstanding among social affairs of last week, was the delightful coffee Friday morning when Mrs. Ira Shurley entertained at the clubhouse of the Sonora Woman's Club, to announce the engagement of her daughter, Guyon, to Elmo L. Martin of Big Spring.

The clubhouse was made lovely with summer cut flowers. Pink and orchid colors were used. Plate favors were wedding announcements, tied with pink ribbon, and with the words "Guyon to Elmo, September 1, 1938," written on them.

In the receiving line were: Mrs. Shurley, Miss Shurley, Mrs. Batts Friend, Miss Josephine Sanger and Miss Grace Clark of San Angelo, Miss Rena Glen Shurley, cousin of the bride-elect, Miss Muriel Reiley and Mrs. Raymond Morgan.

Mrs. E. F. Vander Stucken and Mrs. Dantes Reiley poured coffee the first hour, and Mrs. E. D. Shurley and Mrs. M. G. Shurley the second hour. Mrs. Collier Shurley presided at the bride's book.

The program given was: Two songs, "Will You Remember" by Romberg, and "Who Are We To Say," sung by Margaret Ada Martin; two piano numbers, "The Jolly Farmer" by Schumann and "Musette" by Bach, played by Billy Shurley; a reading "Ma And The Auto" by Elizabeth Taylor, who also sang and tap-danced to "I Love To Whistle." Mrs. Batts Friend and Mrs. Robert W. Jacobs played piano selections during the morning.

Attending were: Mesdames Earl Duncan, Troy White, Robert W. Jacobs, G. H. Davis, H. V. Morris, E. F. Vander Stucken, Dantes Reiley, Sterling Baker, Sidney S. Millsbaugh, Jr. of Ozona, Lee Labenske, Collier Shurley.

Bridge Club Entertained by Mrs. Ward Monday

Complimenting members and an additional table of guests, Mrs. Rip Ward was hostess Monday afternoon to the Just-Us Club at her ranch home southwest of here.

A color motif of pink, blue and yellow was stressed in flowers and bridge accessories. Bouquets of queen's wreath, golden glow marigolds and roses were placed at vantage points in the home.

At the tea hour the hostess served potato salad rolled in spiced luncheon meat, hot rolls, olives, chocolate cookies, ice cream, and an orange drink.

Club members attending were: Mesdames Hix Hall, Paul Turney, Vernon Hamilton, Robert W. Jacobs, E. D. Shurley, G. H. Davis, J. Franklin Howell, J. A. Cauthorn.

Club quests were: Mesdames Harold Friess, Sidney S. Millsbaugh, Jr., of Ozona, Jack Mann and Lee Allison.

After several games of bridge it was found that Mrs. Davis had won high club score and Mrs. Allison high guest. High cut award was presented Mrs. Mann.

Miss Agnes Jones left Tuesday night for San Diego to be with Mrs. E. C. Mayfield who is ill in a hospital there. When Mrs. Mayfield is able, the two will return.

Two Entertain For Bride To Be Friday Evening

Amid a profusion of pink rosebuds, guests enjoyed playing bridge at the clubhouse of the Sonora Woman's Club Friday evening when Mrs. Auther Simmons and her daughter, Mrs. Joe Hull, were hostess at sixteen tables of bridge, naming Miss Muriel Simmons honor guest.

A pink and white color plan was expressed in tallies, flowers and refreshment plate. Ice cream moulded in shape of a wedding bell, individual angel food cakes with pink icing, and pink and white mints were served. Plate favors were announcements with wedding bells painted on them with the words, "Muriel and Hillman, September 11, 1938."

In the receiving line were: Mrs. Simmons, Mrs. Hull, Mrs. Maysie Brown, and Miss Simmons.

Miss Zella Lee Thorp presided at the guest book.

Miss Alice Karnes and Miss Nann Karnes won high and second high scores respectively. Miss Simmons was presented a gift of crystal.

SABINAL GOATMAN MAKES TALKS FOR C. V. TERRELL

Houston, Aug. 24.—Judge C. V. Terrell, Railroad Commission Chairman and candidate for reelection, inaugurated Monday in Houston a state-wide move designed to enable him to visit sections of the state in the last five days before the runoff.

The week's schedule will run Terrell's campaign speeches to more than 300 and his miles traveled to over 25,000.

As a member of the railroad commission Judge Terrell has been influential in reducing the cost of gas to the consumers; he has reduced freight rates on farm and ranch products and has helped to prevent increases.

"Ranchmen, farmers, and laborers have found in Judge C. V. Terrell a real friend and they are going to the polls Saturday, and cast their votes in favor of reelecting him," stated J. R. Stewart, secretary of the Texas Angora Goat Raisers Association, who is making a speaking tour of a portion of Southwest Texas in the interest of Judge Terrell's reelection.

Highway signs are installed at a big expense to the taxpayer; they should be used.

MAGNETOMETER MEN TO WORK IN JUNCTION AREA

Five months work in this section was ended Friday for a group of six employees of Atlantic Refining Co., Dallas, who have been Sonora residents since March 15 when they came here for magnetometer work.

The men left Saturday for Junction where they will be employed in the territory adjacent to the Kimble county town.

Those of the magnetometer crew are Ray Austin, E. G. Bowler, Kent Morrison, Bill Hawkins, Bill See and Bob Laughlin. Mr. Austin is party chief. During the time they were in Sonora two others were with the group a part of the time.

A magnetometer is an instrument for measuring the intensity of magnetic forces.

Mr. and Mrs. Jesse G. Barton were in San Angelo Saturday.
