Sonora Praised by State Fire Official

Commendation was expressed this week by Marvin Hall, State Fire Insurance Commissioner, for fire fighting and water system improvement here that made possible the reduction of the key rate from 64 cents to 39 cents, as announced in the NEWS last week.

Mr. Hall stated that improvements made in Sonora and three other towns was responsible for the reductions of 1 to 25 cents in key rate.

The greatest reduction — 25 cents — was in Sonora.

Commissioner Hall said in the statement, used by many Texas papers this week:

"Fire fighting and fire protection facilities possessed by cities and towns play a large part in their fire losses and, hence, in insurance costs."

The other three cities which will enjoy rate reductions and the reason for the lower key rate are: Humble, 44c to 43c, installation of electric siren; Sulphur Springs, 26c to 25c, reinstallation of night watch service; Cuero, 24c to 23c, installation of separate booster tank truck.

Travel Notes of Two Lions Given Others of Club

Stock Pen Discussion Part of Program at Tuesday Noon Luncheon

Lions Club members and their guests Tuesday noon heard two of their number—F. J. Wood and W. E. James—tell of recent vacation trips they have taken.

Mr. Wood's remarks were chiefly concerning his trip by plane between Dallas and Columbus, Ohio, and return. Changes in air accommodations in ten years were outlined by Mr. Wood who flew a similar journey ten years ago.

On the return trip to Dallas passengers on the plane experienced a lightning and rain storm. In Ohio, with many stops scheduled, flying is at 3,000 feet; in Texas altitude is usually about 9,000. The return trip of about 1000 "air miles" was made in seven and one-half hours, Mr. Wood said.

Hitch-Hikers Numerous

Mr. James told of a motor trip to Pecatonica, Ill., describing pleasures of the highway miles as well as of a fair that was in progress in the Illinois town. The problem of hitch-hikers on the highways has not been solved to any noticeable degree in Mr. James' opinion. Individuals of many ages and types were seen "thumbing" on the highways.

Roy E. Aldwell spoke briefly, suggesting that the club had made an error in making possible the hiring of a night watchman for the Sonora stock pens. He commented that people elsewhere were

Sonora Blasts 6-5 Win Through Crane Sunday Afternoon

Season Schedule Ends Sunday When Texon Comes Here For Two Games With Sonora

It was a determined, hard-hitting bunch of Sonora ball players that displayed their baseball playing ability Sunday afternoon in an 11-inning contest that sent Crane players back home with the small end of a 6 to 5 count.

Lefty White was on the pitching mound for Sonora, tossing them over to Paul McLeod. Jones pitched for Crane with Manny doing the receiving. Sonora made 11 hits, Crane 10.

Two Games Here Sunday

At 2:30 Sunday in Sonora the local team rings down the curtain on the 1938 Permian Basin baseball season by tackling the league-leading Texon team. The next day Texon meets the "All-Stars" aggregation in a game in Texon which will be a feature of the Big Lake Oil Co.'s Labor Day celebration.

Lowrie and Paul McLeod began the work with the stick in the second inning Sunday with Lowrie getting on; stealing second and Ratliff sacrificing him to third. McLeod's fly to right field scored Lowrie; Dorley, new in the lineup this year but veteran of several other Sonora seasons, connected for a 3-base hit and Wade got another nice one bringing Dorley to home plate.

Opponents Scoreless 5 Innings

Crane did not score until the sixth when Jones came home after a 2-base hit by B. Crittenden. In the same inning Dorley stretched a single for two bases when a Crane player loafed. Wade scored him as he did in the first inning.

In the eighth a Crane rally accounted for four runs with Smith, B. Crittenden, D. Crittenden and Colvard, ace fielder in the center garden, making the circuit of the bases. Sonora scored twice in its half of the frame with Fields and P. McLeod coming home when Montgomery got a 2-base hit.

There were two outs in the eleventh when Ratliff got a walk to first. P. McLeod landed for a single. Dorley, who certainly celebrated in a large way his first 1938 play with his former teammates, laid against the bat for a single which brought Ratliff to the home plate with the run that won for Sonora.

Sunday afternoon while the Sonora team battles the Texon nine in Sonora the Crane team will mix things with San Angelo in two games played in the Tom Green county town.

OST Bridge Work Started

A story in the San Angelo Evening Standard Wednesday stated that Copperas Creek bridge work on the Old Spanish Trail had been started. The bridge, costing \$110,000, will serve in place of the one washed out by flood waters two years ago.

Will Study in Los Angeles

Mr. and Mrs. Lum Hefflin and children, J. B. and Mary Lee, and Mrs. L. E. Holland, were in San Angelo Tuesday of last week. J. B. Hefflin left from there for Los Angeles where he will study Diesel engineering several months.

Sonorans Return From Trip

Mr and Mrs. P. J. Taylor and daughter, Jobeth, and Mr. and Mrs. R. A. Halbert have returned from a trip to the west and northwestern states. Jobeth Taylor has been visiting in Los Angeles several weeks.

Mr. and Mrs. James Return

A two weeks' trip to northern Illinois was completed Saturday by Mr. and Mrs. W. E. James. They visited their son and his family, Mr. and Mrs. Everett James and Jack, in Pecatonica.

Mrs. Barnes at Switchboard

Blowout Cause of Accident Monday

Dimmit Man's Coach Damaged On Ozona Highway Near Here

Blowout of a left rear tire on the new coach of H. J. Maddux of Asherton (Dimmit county) was given as the cause of an automobile wreck Monday morning about twelve miles from Sonora on the Ozona highway.

The car is said to have turned over twice. The steel top was badly dented and windshield and window glass broken but not thrown over the occupants of the car. With Mr. Maddux was his wife and son, Bobby, his sister-in-law, Mrs. James Maddux and daughter, Lora Jean, of Knippa, Mrs. Maddux's mother, Mrs. E. H. Sheets, of Odessa, and J. T. Maddux of La Pryor.

The party was on the way to Odessa to take Mrs. Sheets who has been visiting her son and family.

Mrs. James Maddux's back and shoulder were injured and J. T. Maddux suffered bruises.

In some peculiar manner the upright radio aerial of the car was not broken in the accident. It shows scratches and Lewis Rouché of Sonora Motor Co. expressed the opinion that the rod is flexible enough that it bent along the car body as it catapulted from the highway.

J. E. Molampy of Oakland, Cal., brought the group to Sonora for medical attention.

Tax Rate in Sutton 76 Cents; Lower By 7 Cents Than 1937

More Attractive Tool House in Jail Yard Improvement For Coming Year

Sutton county taxpayers will make a 7-cent saving on each \$100 property valuation when they pay their obligations to their county in the first few months of 1939.

A tax rate of 76 cents rather than the 83 cents of last year has been set by the county commissioners and judge. A public meeting for consideration of the 1939 budget was called for last Saturday afternoon when taxpayers might express themselves on any portion of the budget. None attended the meeting of the commissioners and judge, Alvis Johnson.

Reduction of a net of 8 cents in the levy required for road bonds retirement was the chief reason for the lower rate. The four types of road bonds required a levy of 35 cents last year; this year's tax rate provides only 27 cents for the purpose.

Further Reduction Possible Judge Johnson said yesterday that if money comes from the state by means of the gasoline tax revenue in time that the bonds levy might be reduced further, perhaps as much as the 9 cents set aside for retiring Series A bonds. Money is due the county from the state but it is not known when it will be available or the amount.

The "breakdown" of the tax rate, with 1937 amounts in parentheses, is:

Jury Fund, none (.01); Road and Bridge, .15 (.15); General Fund, .25 (.25); Courthouse and Jail, .03 (.03); Road Bonds, Series A, .09 (.11);

Road Bonds, Series B, .07 (.09); Road Bonds, Series C, .08 (.05); Road Bonds, 1931 Series, .03 (.10); Public Improvements Fund, .05 (.02); Park Fund, .01 (.02).

Assessed value of Sutton county property is about 4½ million dollars, just about as the previous year. The 3-cent levy for 1931 Road Bonds will retire that series completely this year. The Series A road bonds will be retired in part and the remainder refunded at lower rate of interest June 1, 1939. This action will do away with most of the 9-cent levy for that fund next year.

The bonded indebtedness of the county now is \$303,000 with \$297,000 of the amount in road bonds and the remainder for courthouse and jail purposes.

Saving About \$3,150 The saving in taxes because of the lowered rate will be about \$3,150 for all the taxpayers in the county.

Jail Yard Work Planned

The increase of 2 cents in the Public Improvements Fund was made, according to Judge Johnson, to take care of painting and other maintenance work which will be done at the courthouse and jail. A tool house and garage is to be built near the jail to replace the frame structure there. It will be located so that the jailer may use it without entering the jail yard with his car.

Judge Johnson said that he hopes it will be possible to make yard improvements surrounding the jail which will make its appearance harmonious with the courtyard which it adjoins.

Mr. Barton Improving

Steady improvement is noted in the condition of James Barton who has been in a hospital in San Angelo several weeks.

El Paso Man Tells of Sonora of 1915

L. P. Bloodworth Came Here First For Revival Meeting

Sonora as it was in 1915 when he first knew it was recalled recently by L. P. Bloodworth of El Paso, son-in-law of B. M. Halbert, while he was here on a visit.

Mr. Bloodworth came here with his father who was assisting in a revival meeting at the Methodist Church where the Rev. J. H. Maxwell was pastor. The Bloodworths were guests of a Mr. and Mrs. Walker and of Mr. and Mrs. Cope who operated a hotel. Mr. Walker was employed at the Sonora Mercantile Co.

Reminiscences of Mr. Bloodworth included:

—Alvis Johnson was county attorney.

—The late S. T. Gilmore had come here from Fort Worth to do some tin work, liked the country so well that he was to bring his family here.

—Publishers of the NEWS were Mike and Steve Murphy of whom Mr. Bloodworth says—"We never could get together on religion but both were my good friends as long as they lived."

In concluding his account of Sonora during the twenty-three years he has known it Mr. Bloodworth said:

"I have seen Sonora grow from a little ranch village to a modern and prosperous town. Men of vision and courage have carried the town forward in prosperity and depression. May their tribe increase and as the lengthening shadows fall across their pathway may they rest in the comforting thought that they have built here upon a solid foundation."

AAA Program in '39 Like That of 1938

Earlier Submission To Ranchmen and Farmers Promised

College Station, Sept. 1.—The general plans for the 1939 governmental agricultural adjustment program are the same as those now in effect.

This information was welcomed by more than 100 farmer-state committeemen, state AAA officials, and agricultural workers who met in Washington, D. C., recently to discuss 1939 plans.

Texas representatives at the meeting were George Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee, and G. E. Gates, Laredo, a member of the committee; E. N. Holmgreen, administrative officer in charge of the state AAA office; and Jack Shelton, vice-director and state agent of the Texas A. and M. College Extension Service.

Secretary of Agriculture Wallace told the group that no new agricultural legislation, with the exception of possible amendments, is expected for 1939. With machinery and procedure already set up to handle the provisions of the farm act of 1938, AAA workers will be enabled to bring the 1939 program to farmers without the delay experienced this year, when the legislation was enacted by Congress in middle February.

Soil depleting allotments for wheat, cotton and rice are to be set up in Texas while peanuts may not be given a special allotment but will likely be considered in the list of general crops, Slaughter said. Consideration is being given to the proposal that special provision be made for commercial vegetable crops.

Excessive Heat Kills Many

There were 4,678 deaths in the United States in 1936 caused by excessive heat, according to the U. S. Census Bureau.

CAN YOU MATCH IT?

Things went haywire with the Shreveport (La.) Journal Thursday of last week when Douglas Corrigan landed there for a short visit.

As a Dallas newspaper told about it:

Pilot (erstwhile managing editor) Dolph Frantz and his crew admitted that something went wrong with their make-up compass, so the front page landed where the back page usually is, and the pages were numbered backward all through the paper.

"Reflecting the Corrigan spirit," they blithely announced, "the Journal today got its compass reversed; so please read from west to east instead of east to west."

A deep, four-column cut of the Corrigan grin was splashed in the middle of a big green shamrock on the front page, and the banner was printed in green. A huge "Welcome" greeting in a back (?) page advertisement was printed in reverse.

Drive Carefully

There is no time in the year when an editorial urging careful driving is more appropriate than at the beginning of the school year.

Children of all ages will be more active during the next nine months. Their play will take them, often unavoidably, into the streets. Many will walk to and from schools.

Hazards of traffic will be multiplied with so many young people going here and there. That increases the responsibility of the motor vehicle driver.

An extra bit of care in handling the motor vehicle will bring dividends well worth while to the man or woman... or younger driver... in the knowledge that he or she has done a bit toward lessening the accident toll that discredits America yearly.

Little Stories

By
The DREAMER

FALSE PRETENSES—
Every day, everywhere, citizens are called upon to help this one or that one, who is in trouble, sick or hungry. It is not at all possible to tell the worthy from the unworthy, so alms go out to all alike.

However, when "panhandling" is done so brazenly and under a pretense so false as to "smell to high heaven"—as in the case described by our old friend, Bill Cooke of the Rockdale Reporter—the Dreamer thinks the Rock Pile too soft for such gypers. His story:

She was blind, this young woman... the young man who was with her had great difficulty in guiding her through the traffic, and even so, through the doors of this office. He expressed his appreciation for the small sum we donated at his request to "help my sister! she is blind." In fact, he was so pleased with the touch he made that he celebrated by lighting a fresh cigarette from a fresh pack of seventeen-cent ready-rolls as he aided the sightless one out the door. Could we help it if our curiosity got the better of us and allowed us to watch the pair shuffle off down the street to their parked car? Could we help it if we saw the "blind" sister drop something in the street, turn back and pick it up as her brother continued on? Could we help it if we saw the young man enter one door of the car while his "blind" companion walked unaided around the car to enter another door without help? Could we help it if we cursed just a little bit and muttered something about Barnum being right?

SEPTEMBER, 1933

September 15, 1933, ended fifteen depression years of Prohibition. That day Texans again tasted real PEARL Beer with all the flavor and tang of old. All over the State the wheels of the great brewing industry began turning again, creating new jobs, providing markets for products of farm and factory, opening new sources of tax revenue for federal, state, county and city governments, helping to restore prosperity.

Let's celebrate... sanely! Let's show how much we appreciate the freedom, prosperous benefits and extra pleasures the return of beer has brought. During this celebration the Pearl Brewery is offering four handsome money prizes to the distributors who make the best September sales showing. We will appreciate your co-operation in making us the winner of a cash prize and giving this district the best showing of any district in the Lone Star State.

As its distributor, we want to show our appreciation for the return of PEARL Beer, which has made it possible for the brewers to contribute so much to the prosperity of our state through increased wages, taxes, purchases of equipment, supplies, etc. Only with your help can we do it. Help us make this territory the winner — by always saying, "Bottle of PEARL, please!"

Miss Shurley Married in San Angelo Thursday

At ten o'clock yesterday morning in San Angelo Miss Guyon Shurley became the bride of Elmo Martin, son of Mr. and Mrs. Morgan Martin of Big Spring.

The ceremony—at the First Methodist Church—was by the Rev. K. P. Barton, pastor, who used the single ring form in uniting the couple. The church was attractively decorated with palms, cut flowers and ferns.

Miss Shurley was dressed in a blue traveling suit.

Attending the bride as maid of honor was her cousin, Miss Rena Glen Shurley, of Sonora. Mr. Martin was attended by J. T. Shurley, brother of the bride, as best man.

Mrs. Martin, the daughter of Mr. and Mrs. Ira Shurley, Sutton county ranch people, was reared here and attended Sonora high school one year. The remainder of her high school work was in San Angelo high school where she was active in journalism activities. She was a member of the Pep Squad, Home Economics Club and Scribblers Club and served as exchange editor of "Scratches," school newspaper.

After being graduated in 1937 the bride attended a business college in Big Spring.

Mr. Martin was reared in Big Spring and was graduated from high school there in 1932. For two years he was an advertising salesman for the Big Spring Herald and later was in business for himself in the Howard county town. He is a member of the Big Spring chapter of Kappa Phi Omega social fraternity.

After the ceremony Mr. and Mrs. Martin left on a trip to Denver, Colorado. They will be at home after September 10 on Mr. Martin's ranch, eleven miles east of Big Spring, where a new ranch home has been completed for them as a gift of Mr. Martin's grandmother.

NEWSMEN DELIGHT IN "BACKWARD" HANDLING OF CORRIGAN STORY

New York.—When Douglas Corrigan, who started for California and landed in Ireland, came home recently, some clever newspaper men decided that if the trans-Atlantic flyer could get a lot of attention by flying in the wrong direction, they could get some attention for their papers by printing backward headlines over the news stories and editorials about Corrigan.

The New York Post was one of the first with the headline reading: **lnagirroC yaW gnorW ot liaH**

By a curious coincidence, out on the Pacific coast, the Los Angeles Herald and Express carried exactly the same streamer headline, but it also carried under it a line which said, "If you haven't guessed, read this the way Corrigan flew—Backwards!"

The Nashville (Tenn.) Banner, in an editorial on August 4, a day before the Post and Herald and Express headlines were used, carried an editorial on Corrigan's return which was headed:

EMOH SEMOC OREH

The Los Angeles paper's stunt was originated by John B. T. Campbell, managing editor, and was accomplished by pulling a proof of the line on coated stock with heavy ink and having the engraver photograph and reverse it. In the first two editions they tried it, simply setting the type backwards without reversing the letters, but found it required the services of a watchman over the form to prevent conscientious printers from correcting the error.

Stanley MacGovern, art director, conceived the reverse head for the Post and Walter Lister, city editor, wrote it. According to Lister,

it caused consternation in the circulation department, whose members thought the editorial department had been affected by the heat. However, before the end of the day, apprehension had turned to jubilation. "That head sold a lot of extra papers for us that day," Mr. Lister said.

The Abilene (Texas) Reporter-News, morning, also had a fantastic first page that day. Its story, set 18 ems wide, was printed the "wrong way"—from left to right across the top of the page, rather than from top to bottom. It ran across the top of the first six columns. Inserted in the middle of the story was a half-column cut of Corrigan, rightside up. Charles Ellis, telegraph editor prepared the dummy.—The Publisher's Auxiliary.

RANCH FOREMAN ASSERTS HE SAW METEOR FALLING

The pyrotechnics of what was said to be the falling of a meteor were described for a staff man of the San Angelo Standard and Times, this week by Monroe White, ranch foreman, who lives twelve miles west of Menard.

Mr. White said that the meteor fell Wednesday night of last week on the W. J. Wilkinson Ranch where he is employed. He said that after the blazing glow in the sky the meteor seemed to hit the earth about three miles from the ranch house. The next day an odor like that following a dynamite explosion was evident at the hole the meteor is said to have made.

The description of the phenomenon Mr. White says he saw was concluded with: "Mr. Wilkinson will be back from Hawaii in the next day or two. I don't know what he'll want to do about it."

The Wilkinsons are expected back in the next few days from a trip to eastern states and Canada.

talking considerably regarding the necessity for a watchman at Sonora's shipping pens.

It was suggested by Mr. Aldwell that the club rescind its action toward the securing of a watchman.

Ladies' Night Wednesday
Entertainment at the luncheon was by Hollis Wills, Miss Minnie Faye McQuary and Peggy Gilmore. Peggy played two piano numbers and Mr. Wills sang two solos with piano accompaniment by Miss McQuary.

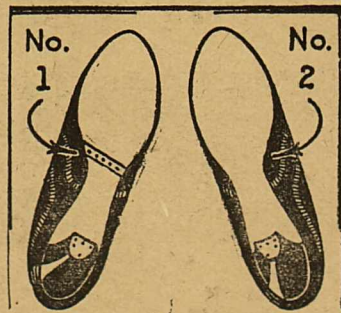

Guests, other than those on the program, were Mr. Crutehfield of Austin, Mr. Carter of San Angelo and Mr. Nevans of San Antonio.

There will not be a Tuesday noon meeting of the club but Ladies Night will be observed Wednesday, September 7, with Sutton county teachers as special guests. The committee in charge is F. T. Jones, Roy E. Aldwell, G. H. Davis, C. P. Alfrey, the Rev. R. F. Davis.

W. C. Gilmore, A. C. Elliott, Joe Berger and C. H. Carson were named as a committee to investigate the possibility of securing lights at the Sonora stock pens.

An Old Chinese Proverb--

“One PICTURE is worth Ten Thousand Words”

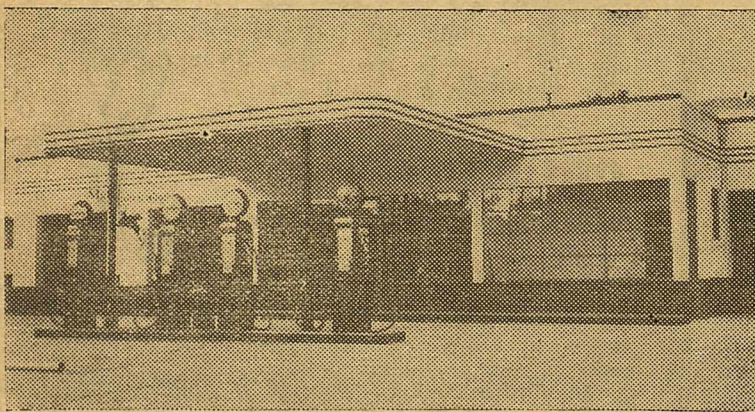

TO paraphrase the above a bit one might say—“one LOCAL picture is worth many times 10,000 words.”

THE NEWS is proud of the many local, state and national pictures it uses from week to week. In all likelihood the number of such equals those of any other weekly paper in this section. The number EXCEEDS those in many West Texas weekly papers.

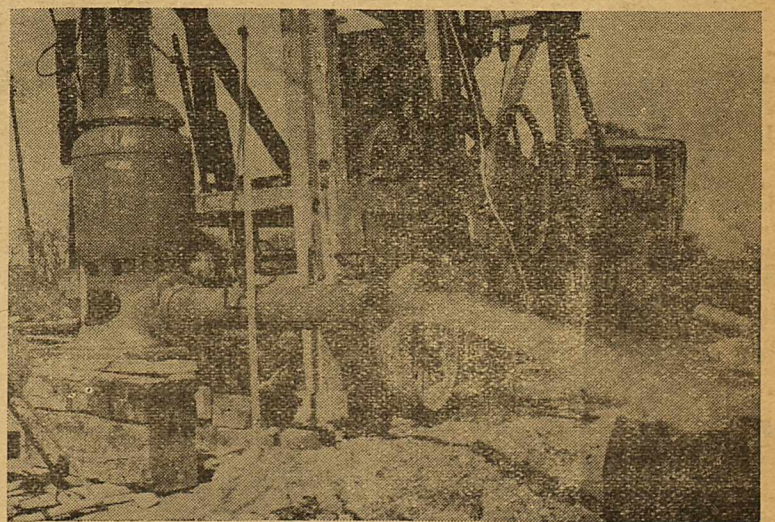

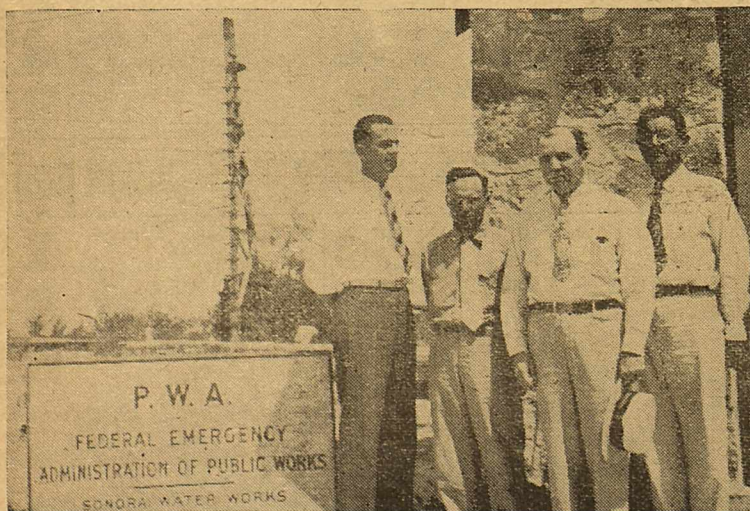

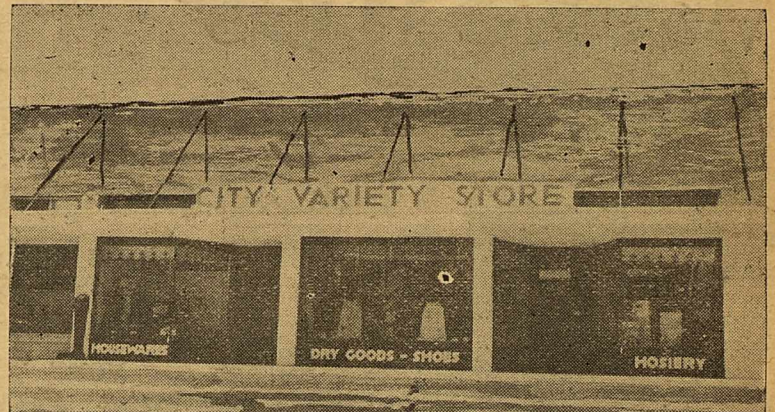

LOCAL pictures, particularly, appeal to readers in a measure comparable to the way world pictures interest so greatly that a large number of picture magazines and newspapers have had origin and amazing growth in recent years.

SHOWN here are a few of the many LOCAL pictures that have appeared in the NEWS since January 1. There were numerous others. Nearly all on this page appeared EXCLUSIVELY in the NEWS. Five of the eight were taken by a representative of the paper.

THE NEWS will continue to publish local, state and national pictures to as great an extent as it is economically possible to do. By doing so the paper that serves Sutton county people will be MORE READABLE, MORE INTERESTING, MORE WORTH WHILE TO READER AND TO ADVERTISER.
