F. T. Jones Takes San Angelo Job

F. T. Jones, formerintendent of the Sonora schools, has accepted a position as clerk in the sales division of the quartermaster corps at Goodfellow Field in San Angelo.

Before becoming superintendent in Sonora, Jones was L. W. Elliott school principal for a year and high school principal for two years. Under his administration, the school grew from 744 scholastics and 23 teachers to 895 scholastics and 30 teachers. New courses added included speech, woodwork, band, stenography, and junior business. New buildings included gymnasium, band room, shop, superintendent's residence and a four room addition to the L. W. Elliott school. Many other improvements were made.

Mrs. Jones and the couple's daughter, Sandra Ruth, have already moved to San Angelo.

Legion Auxiliary Plans Poppy Sale

The American Legion Auxiliary will sponsor a poppy sale on the 19th of June. Each year the American Legion Auxiliary sells millions of poppies and every penny of the money is for the welfare of the disabled veterans and their families.

The poppies are made by the disabled veterans. It is their only chance to help support themselves and their families. Even in hospital beds they can make a poppy. The work is of value in aiding their recovery, occupying their hands and minds during the long hours of the day, and tending toward their general contentment. By buying poppies, we are honoring the dead of World War I, and serving the living victims of the war.

Beardhonor ROLL

Sonorans who are growing beards in cooperation with the Wool and Mohair Show and Pioneer Jubilee are listed below. Although the list this week looks about as moth-eaten as some of the beards, it is hoped that it will contain more names at each printing. Although the list is headed, "Beard Honor Roll," cookie dusters, soup strainers, and nose ticklers will be included. Here they are:

Alfred Schwiening, Clay Puckett, H. V. Stokes, Dave Locklin, H. C. Atchison, Jr., H. J. Long, Rae Eastland.

W. A. Carroll, H. D. Brown, Preston C. Lightfoot, J. L. Nisbet, Frank Knapton, W. C. Gilmore, W. H. Dameron, I. B. Boughton, Joel Shelton.

George Trainer, H. P. Largent, F. H. Hamby, Joe H. Trainer, John Eaton, Jr., A. W. Awalt, Jr., J. W. Taylor, W. B. Fort, Tom White.

Nelson Chadwick, Troy White, Jr., Henry Greenhill, Raymond Morgan, Edward Glasscock, Bill Logan, Vernon Morris, C. H. Carson, Billy Penick, Harold Saunders, Jr., Garland Slaughter, Bill Norris and W. P. Pruitt.

FORMER SONORAN DIES

W. M. Adams, brother of Charles and Thomas Adams and Mrs. Agnes Parker, died in Rodeo, N. M. He was survived by his widow, three boys, Girtsey, Henry and Walter Adams, and a daughter, Mrs. Alfred Ballard, all of New Mexico.

Mr. Adams was a pioneer settler of Sonora and left here 30 years ago to go to Arizona. Later he moved to Rodeo. He was in the ranching business all his life.

Instructors Plan Varied Vacations

After close of school the Sonora teachers are off on their vacations. Some will continue studying, some will visit friends and relatives and others will stay in Sonora.

Plans of the teachers are:

After summer school, Mr. and Mrs. Preston C. Lightfoot and daughter, Ann, are to visit in Sonora and Corpus Christi, and Miss Annie Duncan is to spend the summer in San Antonio, Devine and Chicago.

To stay here for at least a part of the summer are Mr. and Mrs.

L. Richardson.

New Remedy For Screwworm Found

An effective remedy for screwworm, one of the most destructive pests to livestock known, has been announced and Sutton County ranchmen will soon be able to secure a supply from their local warehouse, according to H. C. Atchison, County Agent.

The remedy is relatively inexpensive and consists of a current compounding of the two principal materials—diphenylamine and ben-jol—and present advocated by the Department of Agriculture for the treatment of prevention of screwworms. To this is added Turkey Red oil and lamp black.

When applied to infested wounds the compound is efficient in rapidly killing all screwworms in a wound. At the same time the remedy gives as good protection, or better, to all wounds against subsequent attack as materials heretofore recommended for this purpose.

The smear is best applied with a one inch paint brush.

The remedy kills screwworms quickly, and after its application large members of them soon drop out of the wound carrying along a considerable amount of the protective chemical. For this reason, it will be a good practice to apply a second treatment 24 to 48 hours after the first one in order to insure a proper coating of the wound surface, according to the Bureau of Entomology and Plant Quarantine, who developed this remedy through research during 1940 and 1941. Regular treatments twice weekly should be given until the wound heals. It is especially recommended that infested animals be kept in a hospital pasture when this schedule of treatment is used. When flies are unusually active and abundant more frequent treatments may be necessary.

In treating an infested animal, the material is swabbed into the wound. Care should be taken to push it well into the pocket made by the maggots and painted around the wound where blood and wound exudate have made the surrounding tissues attractive to flies and susceptible to infestation or to fly blows.

Sonora Gardens Show Wide Variety Of Plants

KNOW OUR NEIGHBOR

"Make a job for yourself" is the advice L. L. Gulley would give the young man striking out on his own today.

Working for yourself, says Mr. Gulley, who has had his own business since he was seventeen, is the quickest incentive to success.

Born in 1895 at Miles, Texas, Mr. Gulley is the son of Mr. and Mrs. L. M. Gulley. Before the family moved to Big Spring in 1902, Mr. Gulley's father worked for the Santa Fe Railroad, which was then laying track through Miles.

After the family moved to Big Spring, Mr. Gulley attended public school and worked in the cafe business during his spare time. It was here that he got his experience which led to his opening his own cafe in 1914.

After a bare start in business, World War I broke out and Mr. Gulley became Sergeant Gulley, 36th Division, 141st Infantry, and went to France where he spent 23 days in combat duty in the Champagne Sector. Leaving the front late in October, he was taken ill and spent the next few weeks in a French hospital. He returned to this country on Easter Sunday, 1919.

Coming back to the business he left to join the army, Mr. Gulley settled in Big Spring, where he married Miss Nora Kinman on March 20, 1921. To them have been born three children, Loy Louis Gulley, Jr., Raleigh Davis Gulley, and Bobbie Nell Gulley. Loy attends Schreiner Institute, and Raleigh and Bobbie Nell attend school here. The family moved here in February, 1939.

A member of the Sonora Lions Club, the Modern Woodmen of America, the American Legion, the Veterans of Foreign Wars, Mr. Gulley chooses as his hobbies hunting, fishing, and baseball.

When asked his opinion of the war and American defense, Mr. Gulley said, "Methods and material have changed so much during the past twenty years, that I hardly know what the Schreiner Cadet Corps is up to when it drills. However, I have three convictions that I think sum up my thoughts on the question. First, I think Roosevelt is the man for the job; second, I don't think we should send men overseas, and third, I do think that we should convoy to the limit."

BALL SEASON HERE—

Water ball, we mean, or had you noticed the ball? Lovely Louise Renfro of San Angelo, winner of the coveted title of "Miss South-west" at the 1940 Fort Stockton Water Carnival, keeps in trim with a Water Ball as she eagerly awaits—along with us—the date for the 1941 Carnival—June 13, 14 and 15. Louise plans to attend as the guest of honor, witness the choosing of her successor, see the "Aquacade of Comanche Spring" and enjoy the dances. In fact, we'll all be there.

FAMOUS SPORTSMAN

Jack Lamb, famed fisherman and outdoor photographer, who will bring his magnificent colored motion pictures of the Big Bend National Park to the City Auditorium in San Angelo on June 12, has been busy editing and cutting these films in Fort Worth for the past several days. When Lamb went to the Park he only figured

on making about 1000 feet of film, but after arriving there and recognizing the immense possibilities for motion pictures in this colorful 800,000 acre project, he remained far beyond his allotted time and shot several thousand feet of film.

Lamb's premiere showing of these pictures will be in Municipal auditorium at Amarillo on Wednesday night, June 4th; Lubbock High School Auditorium Friday, June 6th; El Paso Liberty Hall, Monday, June 9th, and San Angelo Municipal auditorium Thursday, June 12th. There will be only ten shows in Texas during 1941. The proceeds of all shows will be divided between the Big Bend Park Association; Texas Federation of Garden Clubs and the garden club group of each city.

Startin gat Alpine May 4th, Lamb traveled hundreds of miles by automobile, horse-back and by foot to reach inaccessible spots, and gathered a set of beautiful pictures that will more nearly depict the tremendous scenic splendor of this great area than any pictures ever produced before.

Traveling through the rugged country from Terlingua to Boquillas, following the canyon-lined Rio Grande River, Lamb found much to photograph. Not satisfied with merely shooting pictures of the breath-taking St. Helena Canyon, from a distance, he obtained a canoe and fowed through the canyon against the treacherous currents caused by recent rains. The walls of this canyon are nearly 2,000 feet sheer drop. The great Boquil-

las canyon is almost as deep, while the canyon of the Del Carmen is one mile deep.

Another scene of great beauty and immensity was the famous Casa Grande peak in the Big Bend Park Proper. Rearing a mile into the air, its brown walls stood in vivid contrast against the spotless blue sky.

And Lamb said it was very fitting that the Garden clubs should have a part in this beautiful program, because when he arrived in the park every cacti in the Big Bend was aflame with flowers. Perhaps there is no place in Texas where so many different varieties of prickly pears grow, and all of these were a riot of color only waiting to be captured by Lamb's camera.

Mr. and Mrs. Henry Greenhill were fishing on the Llano river.

NEW ENTERTAINMENT TO FEATURE WATER CARNIVAL

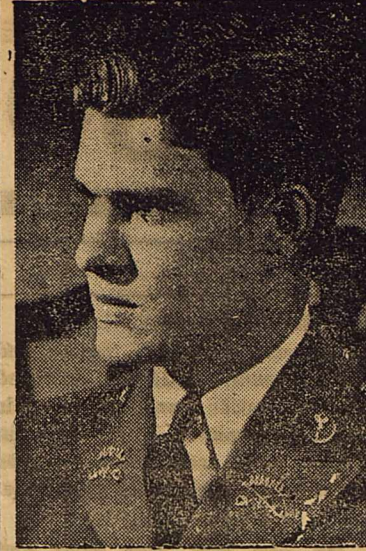

Fort Stockton.—With rehearsals under way for the Fort Stockton Water Carnival's "The Aquacade of Comanche Springs," this year's presentation of the now famous over-water show promises to be even more spectacular and more beautiful than that offered last year. Combining a striking and novel stage revue with water ballets, the forthcoming presentation of "The Aquacade" will offer a new and varied form of entertainment for the many thousands of visitors expected. Every indication points to a wonderful response from the entire Southwest to this colorful and outstanding water spectacle. A bigger and more varied street parade will again open this year's Carnival Friday, June 13, at 3:00 P. M., and the famous University of Texas Swimming Team will give daily swimming and diving

exhibitions Friday and Saturday, June 13 and 14. Amateur swimmers from all over the state will compete for handsome trophies to be awarded winners in various events. Entries are being received daily for the all-southwestern bathing revue, to be held Saturday, June 14, to choose "Miss Southwest of 1941" and many participants from all over the Southwest are expected to compete for that coveted title.

Additional seats are being erected to accommodate the thousands of spectators who will witness "The Aquacade of Comanche Springs" and reserved seats will insure a good view for all present.

Duke Wilson has purchased 800 mutton goats, two to four years old, from the Fields Ranch Co. through Raymond Barker.

The ROAD AHEAD

Old Man Texas is today looking ahead and planning.

Beside the great farming and ranching country which Texans have built, he sees a new industrial empire here.

Already the start has been made. Some industries, such as petroleum, are now showing what can be done to utilize Texas' vast natural resources. Today this industry refines with Texas labor over four-fifths as much oil as the State produces. Its

products make up nearly one-half of all Texas manufacturing. Altogether petroleum provides the living for almost one-sixth of our people.

But this is only a beginning.

Texas has many other raw materials, unexcelled by any other State. Texas has in oil and gas the cheap and dependable fuel supply essential to industry. Texas is the gateway to Latin America, our new foreign market.

Each new industry means more jobs. It makes added tax values for our State and local governments, bigger payrolls for our workers, and greater prosperity for you and every other Texan.

Mrs. Marion Batson Honored At Two Going-Away Parties

Mrs. Marion Batson was named honored guest when the Nine of Spades Club met with Mrs. Willie Andrews at the Jim Decker home. Mr. and Mrs. Batson are moving to Sanderson.

Vases of tiger lilies were floral decorations and each member of the club presented Mrs. Batson with a gift.

Low score was won by Mrs. T.A. McMillan and high was won by Mrs. Bill Cartwright. The prizes were presented to the honoree.

Ice cream and cake were served to Messrs. and Mesdames Batson, L. E. Holland, Jim Decker, McMillan; Mesdames Cartwright, Pat Carroll, Dennis Duke, Sibe McKee, Misses Viola Adams, Nell Adams and Jean Adams.

Mrs. L. E. Holland entertained Mrs. Batson with a going-away party at her home. Mrs. Sibe McKee, who won high, presented it to the guest.

Others present were Mesdames Bill Cartwright, Bill Drennan, Les Fambrough, Pat Carroll, Dennis Duke, and Willie Andrews. Pie and tea were served by the hostess.

O. E. S. Installs Officers At Public Service Saturday

Mrs. Hillman Brown was installed as worthy matron and her sister, Mrs. Joe Hull, was installed officer of a public service of the OES at the Masonic Hall Saturday evening.

Mrs. B. W. Hutcherson was installed marshal; Mrs. M. G. Shurley, organist; Mrs. Ban Odom, chaplain; and Mr. Shurley, worthy patron. Other officers installed were Mrs. John Fields, associate matron; H. P. Largent, associate patron; Mrs. Joe Hull, secretary; Mrs. Maysie Brown, treasurer; Mrs. R. C. Vicars, conductress; Mrs. L. E. Johnson, associate conductress; Mrs. Gene Lightfoot, marshal; Mrs. Audrey Fields, Ada; Mrs. Ben L. Wheat, Ruth; Mrs. A. W. Awalt, Esther; Mrs. Jack Turney, Martha; Mrs. H. P. Largent, Electa; Hubert Fields, Sentinel, and Mrs. Ardena Speed, warder.

Mrs. W. D. Wallace and Mrs. W. P. McConnell, Jr., were hostesses and served punch during the lunch hour. A five-point floral star in the OES colors framed the punch bowl which centered the lace-covered table.

Others present were Mr. and Mrs. Joe F. Logan, Mesdames Rita Ross, O. C. J. gden, Joe Berger, Stella Keene, Rose Thorp and O. G. Babcock, and L. K. Brown and Joseph Logan.

ST. JOHN'S EPISCOPAL CHURCH

Service on next Sunday known as Trinity Sunday at 11 a.m. The Holy Communion will be celebrated with an address. We welcome others to our service, and members of other churches in good standing, or whose church rules permit them are invited as guests to the Holy Table of Communion. Service Bell will ring 15 minutes ahead of service time. We always like to have you visit with us. The service is just one hour in length.

Mrs. Vernon Hamilton and boys, Mrs. Tom Driskell and Mrs. John Treadwell of San Angelo attended the Hardin-Simmons College Sunday and Monday. Mary Hal Holland, neice of the visitors, graduated from the college. Mary Hal was a member of the Cowgirl band, which played in Sonora this year.

New Organization Has First Meeting

The Young Women's Society of Christian Service, which was recently organized had their first regular meeting at the home of Mrs. H. V. Stokes Monday evening.

After the buffet supper, which was served in the yard, Mrs. L. K. Brown had charge of the meeting. She explained the purposes of the new organization. After this a report of the nominating committee was read. Officers elected were Mrs. E. D. Shurley, president; Mrs. G. H. Davis, vice-president; Mrs. J. F. Howell, treasurer; Mrs. Ben Cusenbary, corresponding secretary—Mrs. W. H. Dameron, membership and fellowship; social service, Mrs. H. V. Stokes and Mrs. W. R. Cusenbary, and recording secretary, Mrs. Eric Lomax.

In unison the group sang "In the Garden," "Help Somebody Today," and "Day Is Dying in the West," which was followed by the responsive reading, the 19th Psalm, which is God revealed in Nature.

After the silent prayer, Mrs. Brown gave the "Educational for Spiritual Defense." The meeting was closed with a prayer.

Present were Mesdames Carroll, Stephen, J. F. Howell, Lem Johnson, Bryan Hunt, R. C. Vicars, Hillman Brown, Henry Decker, Eric Lomax, Ben Cusenbary, W. R. Cusenbary, Clay Puckett, Jack Neill, P. J. Taylor, Batts Friend, Joel Shelton, Lloyd McMillan, N. A. Dalton, Maysie Brown and L. K. Brown.

Personals

Miss Mary Sue Blanton is spending the summer holidays with her mother, Mrs. Susie Blanton. Miss Blanton has been attending school at Southwestern in Georgetown.

Misses Jo Nell Miers and Guggie Marion were in San Angelo Tuesday.

Miss Marjory Reba Nisbet has returned from San Antonio where she has been visiting her aunt, Mrs. T. A. Williams and daughter, Winnie Lea.

Jack Whitleys Are Given Shower

A gift party in the First Baptist Church was given Saturday afternoon to honor Mr. and Mrs. Jack Whitley, whose marriage took place last week. Mrs. Wiley Ratliff and Mrs. Joab Shelton were assisted by members of the 3-H Bible Class and others in entertaining.

Roses and potted plants were used for decorations. A miniature vine-covered house which represented a home "Out Where the West Begins" centered the lace-covered table. Refreshments of cake and punch were served.

Mrs. L. M. Hoover presided at the register. In seats of honor Mrs. H. V. Morris, mother of the bride, and Mrs. Jack Whitley, Sr. Neva Jo Steward played piano selections during the tea hour. A program directed by Mrs. Campbell included a reading by Iretta Faye Mace, a song, "Let the Rest of the World Go By," by Mary Hoover, Katherine Moore, Helen Thompson and Dorothy Jean Burk, and a reading, "Love's Path," by Mrs. Ratliff.

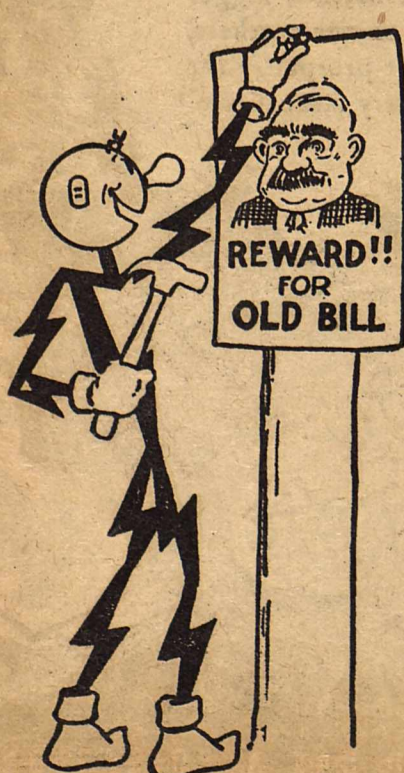

Guests attending from here included Mesdames W. E. Glasscock, Henry Greenhill, H. L. Hallum, Neil Rouché, Vernon Morris and Alfred Cooper, Lee Labenske, Floyd Dunagan, and Misses Marjorie Davis and Lois Morris.

WHAT'S YOUR SCORE ON THIS QUIZ ?

Like to know more about Your Electric Servant? Run through this quiz . . . it's full of facts and explains why Electric Service is GOOD . . . and CHEAP . . . in West Texas.

- Q. How much more light do you get for your money now than you got 10 years ago?
A. You get, for about the same money, two or three times as much Electric Service as you did then. And bulbs today give about twice as much light with the same amount of electricity. Twice as much service for twice-as-good bulbs means four times as much light for your money!
- Q. How much per day do most families spend for electric service?
A. The majority of our customers pay us less than 10 cents a day (the cost of a shoe shine or a good cigar), using, say, lights, vacuum cleaner, radio, toaster, and refrigerator.
- Q. What do you say to a husband (or wife) who fusses at you for letting a 100-watt light burn all night?
A. "Don't get excited, dear. Believe it or not, it costs only about a nickel—and maybe it scared a burglar away!"
- Q. Who owns Your Electric Servant?
A. You do. Every family who has a bank account or a life insurance policy is part owner. The money you put in the bank, or pay to an insurance company, is invested in various businesses, including electric utilities. This makes you one of the millions who have a stake in the American system of private initiative and enterprise.
- Q. Just how dependable is electric service in West Texas?
A. Equally as good as any in the nation! And better than in any foreign country!

Yes, electric service has constantly improved and rates have steadily gone down. Remember that this BETTER SERVICE at LOWER COST to you has been brought about by our trained and experienced organization of over 1,000 men and women, working under a system of private initiative and enterprise . . . the only kind of system ever to bring better living conditions to ALL the people.

West Texas Utilities Company

HERE'S THE OFFER
Send your old electric bill to our nearest local office. If yours is the oldest we receive by June 15, it is worth \$50 to you—if one of the 10 next oldest, we will pay \$5 for it. It must be for service in the home, dated 15 or more years ago, and must be accompanied by a letter, 100 words or less, telling something about the kind of service and the cost at the time the bill was paid. All present customers of the West Texas Utilities, or its predecessors in this community, (excepting employees) are eligible.

"THE DOCTOR'S DILEMMA"
We dined on a recent night in the Lafayette hotel in New York city, where one gets, I think, into the proper mood for a holiday evening. Then we went to see "The Doctor's Dilemma," which I much enjoyed. How young and lovely Katharine Cornell looks! Though it is hard to think of Raymond Massey as anything but Abraham Lincoln, he did give me a reminiscent feeling of being in Harley Street.

George Bernard Shaw gives one food for thought, even though it is not always a pleasant thought. In this particular play at least, the weaknesses depicted are amusing, serious though their consequences sometimes are.

The next morning, after seeing a number of people with whom I had appointments, I went to the British War Relief Society, Inc. offices. I was impressed by the variety and efficiency of the work and the number of volunteers in the executive and administrative positions.

It seems to me that if all the various organizations working for British relief could be joined under one head, the expense of administration would be greatly reduced and more money would be available for the actual needs of the sufferers in Great Britain. I hope that the new committee appointed by the President will succeed in doing this for all the different groups working for various countries. I went to see Mrs. Kermit Roosevelt's division, which is working with school and college people who want to help the youth of Great Britain. I also saw some of the Greek war relief work. The next time I have a few minutes to spare in New York city, I shall go to their headquarters.

I had a chance to talk for a few minutes with Miss Rachel Crothers, would have liked to go up to the theater division, which is also working in this same building for British relief. I shall try to do that also the next time I am in New York.

I caught the nine o'clock plane back to Washington. We had a very pleasant flight which, as usual, became a little bumpy a short time before we landed. However, I had already eaten my lunch, so I did not have to maneuver the soup and coffee carefully for fear of having them land in my lap instead of my mouth!

PAN AMERICAN FESTIVAL?
I was much interested the other day in talking with Mr. John Anson Ford of Los Angeles, and Mrs. Gertrude Knott of the American Folk Festival. They are eager to have a Pan-American folk festival in Los Angeles this year. The idea seems to me to have merit and to promise something beautiful and interesting, but as yet it is only in the stage of being planned.

I have just received a notice of a book about the Quakers. It is written by ex-President Comfort of Haverford, and called, "Just Among Friends." It is designed to give information about this particular religious group, their activities and philosophy. I think it will be of interest to a great many people.

With Laughlin Currie, back from China, the Generalissimo and Madame Chiang Kai-shek sent the President and me two interesting seals. I doubt if many would know if I used mine, that I was putting "Eleanor Roosevelt's" seal at the bottom of my letter, or that the President put "Roosevelt" at the bottom of his. Nevertheless, the Chinese characters will make a very impressive decoration.

"RANDOM HARVEST"
I have finished James Hilton's "Random Harvest." In the play of the imagination it reminds one a little of "Lost Horizons." The man who is always seeking his lost memories, is not very different from the rest of us, for most of us go through life seeking something.

We do not always find it, so that we can end our tale with the happy cry: "It is not too late." Mr. Hilton seems very familiar with the baffling situation that faces most people, either because of some lack in themselves, or surrounding circumstances which make the accomplishment of their desires unattainable.

I have also just read through the scenario for a motion picture written by Robert Van Sitter, an Englishman. It gives a remarkable picture of Czechoslovakia before and after Munich. Finally, it leaves you with the assurance that the people may be subjugated, but so long as the thing we call the soul of a people lives on, even in the hearts of its children, there is inevitably a day of resurrection and liberation.

VOCATIONAL TRAINING
I hope those who came to dine with me recently in the interest of the Young Men's Vocational Foundation, Inc., found the evening worth while. The stories which were told by the various speakers, seemed to give a very good idea of why we should be interested in lending a helping hand to boys who come out of our training schools.

Beyond that, everything that was said seemed to emphasize the importance of knowing conditions which the youth of our country face.

I Give You TEXAS...

By **BOYCE HOUSE**
The Mexicans have a proverb for it:
Guests and fish stink on the third day.
He who would be rich has not to pile up money but to diminish his wants.
It is a bad hen that feeds at home and lays abroad.
If the pitcher knocks the stone or if the stone knocks the pitcher, it is equally bad for the pitcher.
He who will revenge every affront means not to live long.
Laws, like the spider's web, catch the fly and let the hawk live.
By night, all cats are gray.
Keep yourself from the anger of a great man, from the tumult of the mob, from fools in a narrow way, from a widow that has been thrice married, from wind that comes in at a hole, and from a reconciled army.
Over the hill trailed a man, behind a mule drawing a plow. Unexpectedly the plow hit a root; the mule stopped and the man began to grumble as he fixed the hames:
"Bill, you are just a mule, the son of a jackass, and I am a man made in the image of God. Yet here we work, hitched up together year after year: I often wonder if you work for me or I work for

you. Verily, I think it is a partnership between a mule and a fool, for surely I work as hard as you do, if not harder. Plowing or cultivating, we cover the same distance but you do it on four legs and I on two, therefore I do twice as much as you."
"Soon we will be preparing for a corn crop. When the crop is harvested, I give one-third to the landlord for being so kind as to let us use a small speck of God's earth. One-third goes to you and the rest is mine. You consume all your portion except the cobs while I divide mine among nine children, six hens, two ducks and a banker."
"You are getting the best of me, and I ask you, is it fair for a mule, the son of a jackass to swindle a man, the lord of creation, out of his substance?"
"Why, you only help to plow and cultivate the ground and alone must cut, shock, and husk the corn, while you look over the pasture fence and hee-haw at me. All fall and most of the winter, the whole family-from baby up picks cotton to help raise enough money to pay taxes and buy a new set of harness, and pay the mortgage on you. And what do you care about the mortgage? Not a thing, you onery cuss. I even have to do the worrying about the mortgage on your tough, ungrateful hide."
"About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as big a jackass as your papa."
"And that ain't all Bill. When

you're dead, that's supposed to be the end of you. The preachers tell me that when I die I may go to hell forever. That is, Bill, if I don't do just as they say. And most of what they say keeps me from getting any fun out of life."
"Tell me, William, considering these things, how can you keep a straight face and still look so dumb and solemn?" — (Quoted from Lon Boynton's Lamar County Echo.)
Around the corner I have a friend in this great city that has no end; Yet days go by and weeks rush on, And before I know it a year is gone And I may never see my dear friend's face,
For life is a swift and terrible race.
He knows I love him just as well As in the days when I rang his bell And he rang mine. We were younger then.
We were not busy—tired men— Tired of playing a busy game, Tired of trying to make a name.
"Tomorrow," I say, "I'll call on Jim,
Just to show that I'm thinking of him!"
But tomorrow comes and tomorrow goes,
And the distance between us grows and grows.
Around the corner! Yet miles away!
"Here's a telegram, sir."
"Jim died today."
And that's what we get and deserve in the end—

Around the corner, a departed friend!

Goodyear Head Issues Message
Akron, Ohio, May 31.—In a letter to Goodyear dealers all over America today P. W. Litchfield, Chairman of the tire company's board, called upon the rubber industry to inaugurate a program which will free additional ships for the use of Great Britain and conserve available supplies of rubber for essential purposes. His letter follows:
"While not actually at war, America is proceeding quite rapidly to place her internal affairs on a real war footing.
"This means sharp readjustments in all phases of domestic activities. Particularly important will be the adjustments we must make in the use of strategic materials and facilities, and of course, this includes rubber.
"As I have stressed in previous messages, rubber is a basic and vital requirement in America's peace time economy. In time of national crisis it becomes increasingly important.
"So it would appear high time that we take a square look at the rubber situation with special attention to factors bearing upon ad-

Roosevelt and his pledge to the farmers of Texas to work as senator for full parity prices on farm products, rural electricity for all Texas farmers and ranchmen.

the rubber from the East Indies to America.
"We need not look beyond today's newspapers to learn that the situation is complicated by two major factors:
FIRST, British ships are being destroyed by submarines and raiders more rapidly than they are being replaced;
SECOND, to replace blitz losses and to meet the need for almost unlimited supplies of munitions and food, England must import all manner of essential goods in larger quantity than ever before.
"This means that more and more ships must be taken out of normal service and utilized for vital defense needs. The impact of this stern fact will make itself felt far into the pattern of our normal way of life.
