

BOY SCOUT TROOP 19 ESTABLISHES EXPLORER TROOP FOR OLDER SCOUTS

50 Years Ago

The president of the Citizens water works company, F. M. Wyatt, says his company is now prepared to furnish water at the following rates: Families, \$1.50; business houses, \$1.00, and stock, 10 cents a head.

—50—

Elder Slack of the conference of the Methodist Church is said to be a brilliant orator. Go and hear him tonight and tomorrow morning and evening at the school house.

—50—

If any case comes up before the Grand Jury next week relative to the setting prairie on fire, it is to be hoped an example will be made of the culprit.

—50—

O. T. Word was in town Monday. Mr. Word has completed a seven section pasture. Improvements of this kind greatly enhance the value of a ranch.

—50—

W. R. Rudicil and bride will occupy the old Allison place on Concho Avenue.

—50—

Frank Large was in town Monday for supplies. He was ready to shear last week and when the shearers arrived, there was not a great quantity of water and while out looking for the horses the Mexicans took hold of the horse power and began pumping, when suddenly something broke. The Mexicans then undertook to draw the plunging rod and got a few lengths and dropped the balance. Then they began at the piping and had one length off the clamps slipped and the piping fell to the bottom.

—50—

W. J. Fields, the handsome young cattleman, was in Sonora Saturday. He turned the wheel \$3 worth.

—50—

The jail is finished and will be passed on by the commissioners' court shortly.

—50—

Married on the 10th of September, at Point Breeze Ranch, Schleicher County, Mr. Thomas Bond, of Sutton County, to Miss Edith Jordan of London, England. The ceremony was performed by Rev. Harry Cassil, rector of Emmanuel Church of San Angelo, in the presence of a small company of immediate relatives and friends of the contracting parties.

After partaking of a most elegant wedding breakfast, the happy couple started for Kerrville, amidst a shower of rice, shoes, etc., en route for San Antonio and Galveston, where a honeymoon of some two weeks' duration will be spent.

—50—

Born, on September 8th to Mr. and Mrs. Edgar Saunders, a boy.

—50—

Born, on September 17th to Dr. and Mrs. Matthis, a boy.

—50—

Born, on August 26, to Mr. and Mrs. Tom Birtroug, a girl.

"QUESTION MARK" WINS

The "Question Mark," outboard motor boat owned by B. M. Halbert, Jr. and Lea Allison, won first Sunday at Lake Walk in Del Rio. The boat was driven by H. L. "Shorty" Robinson.

GIANT PECANS ON DISPLAY

The largest pecans seen in Sonora in some time were on display at the First National Bank last week. Budded by Bill Drennan, some of the pecans measured over four inches with the hulls on.

JOHN ALLEN WARD IMPROVED

John Allen Ward, son of Mr. and Mrs. J. A. Ward, who was taken to the Clinic Hospital in San Angelo Friday with pneumonia, was doing as well as could be expected Wednesday, according to word from Mrs. Ward Wednesday night. He had been under an oxygen tent since Saturday.

The Sonora Scout Council, meeting here last week, voted to establish an Explorer Troop 19 to take care of the needs of the many older boys who have become interested in scouting this year.

Although the attendance at Scout meetings has more than doubled since the end of last year, it was not thought necessary to add the extra unit. Continued increase, however, proved the worth of the idea.

The Scout Troop number will remain the same—19. The only change being made is that about fifteen of the older boys will form a separate group known as Explorer Troop 19. The Explorer Troop will meet Monday nights at 7:30 o'clock at the Scout Hall and the regular troop 19 will meet in the Band room of the high school gymnasium.

The meeting held last Monday night—the last meeting before forming the new troop—was perhaps the best Scout meeting ever held here. Attended by fifteen parents, the meeting featured a joint program. The first part being put on by the boys who will form the Explorer Troop and the second, a lecture on the care and use of firearms, by J. T. Shannon.

The Explorers were led by Richard Boughton, who acted as master of ceremonies, complete with microphone. Mr. Shannon used all common firearms in his demonstration and showed various ways to handle and clean guns safely. Scout leaders from surrounding towns continued their Scout leadership training Tuesday night at the High School gymnasium with instruction in the use of the Scout uniform, cleanliness, sanitation, and health, and the importance of keeping records.

Suffers Head Injury In Car Accident Here

Miss Willie Mae Hart received serious head injuries last Thursday afternoon when she fell from a moving car at the edge of town on the San Angelo highway.

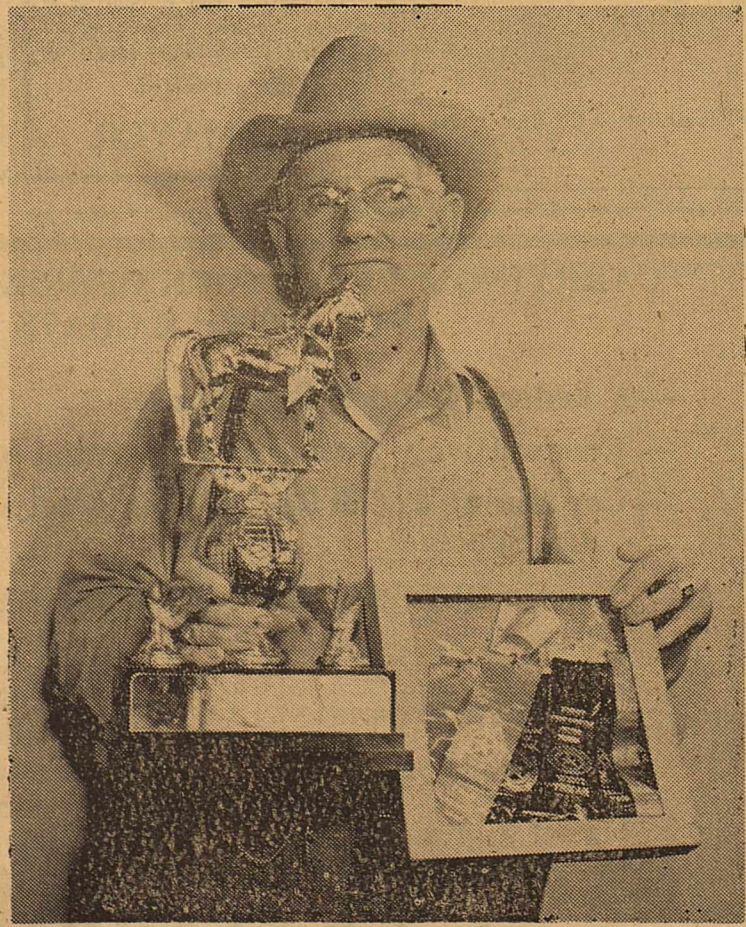

Miss Hart was given emergency treatment here and taken to San Angelo in the Sonora Motor Company ambulance.

The driver of the car, Ernest Hardin was held on a charge of failure to stop and render aid.

Latest reports were that Miss Hart was improving.

Mrs. John Fields and Mrs. B. M. Halbert, Jr., were in San Antonio over the week-end.

ELDORADO PALOMINO BREEDER WINS TROPHIES AT ABILENE HORSE SHOW

Pictured above is J. E. Jones, prominent Palomino Breeder of Eldorado, with a group of the trophies won by his horses at the recent Abilene Palomino Show.

Mr. Jones, who is one of the most prominent Palomino breeders of West Texas, has taken top

District Governor J. Andrew Smith Talks Before Lions Club

District governor J. Andrew Smith of San Antonio addressed the Sonora Lions Club Tuesday noon in the Methodist church basement on what the local service club can do to aid the nation's defense. Most important thing, especially in the large cities, he said, was to stop political waste and mismanagement, thereby saving the taxpayer, who is footing the defense bill, money.

Also meeting with the club in honor of Mr. Smith were Lion C. C. McLaughlin, president of the Eldorado club, E. W. Brooks, E. H. Sweatt, and E. C. Hill, also of Eldorado. George Brockman was also a guest.

Lion and Lioness pins were presented to Anne De Berry and Worth Fullingim, who made the top scholastic averages during the last six weeks of school.

A committee composed of Rex Cusenbary, H. V. Stokes, Alvis Johnson, Noble Prentice, and John Lee Nisbet, was given recognition before the club. The committee has been working for some time on the projected highway between Sonora and Menard.

MRS TAYLOR RETURNS

Mrs. J. W. Taylor returned Wednesday from Centralia, Mo., where she had been with her father during his recent illness.

Mrs. Taylor was accompanied home by her mother, Mrs. C. W. Settle.

PIPE SET ON ALLISON RANCH

Twelve and one-half inch pipe was set last week at 800 feet on the well located on the George S. Allison ranch 20 miles Northeast of Sonora. The work is being done by S. P. Roberts of Abilene.

DOVE SEASON CLOSES SOON

The dove season will close October 27, not October 31, as an erroneous report stated this week, J. T. Shannon, game warden stated this morning.

UNDERGOES OPERATION

Dr. J. Franklin Howell, who underwent a sinus operation Tuesday in San Antonio, will return to his practice Friday, according to word received from Mrs. Howell.

Batts Friend bought a 1942 Ford deluxe sedan from the Sonora Motor Company.

Sonora Educators To Attend Convention

Sonora's three school principals and superintendent, Preston C. Lightfoot, M. A. Tant, Haley Black and Noble Prentice, will attend the Mid-Texas Educational Association's fall administrator's meeting October 28, in Ballinger.

Meeting at 4 o'clock Tuesday in the Ballinger High School auditorium, the group will hear Charles Tennyson, Public Relations Director of the T. S. T. A. speak on that organization's program of legislation.

"The Attitude of the State Department Toward the Use of Evaluative Criteria" will be discussed by J. W. O'Banion, Director of Supervision of the State Department of Education.

After a banquet and entertainment at the Central Hotel dining room in Ballinger, the delegates will hear Dr. J. G. Umstatt, professor of secondary education at the University of Texas, speak on "The Administration of the Evaluative Criteria."

This last subject has been the key subject of study among Sonora educators for the year. The Sonora High School will be evaluated this spring.

RETURN HOME SUNDAY

Mr. and Mrs. Frank Potmecil returned Sunday from Temple bringing their son, Jerry Edward, who was born September 21.

SOUVENIR CANE FROM LOOKOUT MOUNTAIN TREASURED BY MAN HERE

Although it is a hard subject to check on, the once popular song, "Hand Me Down My Walking Cane," must have been dedi-

Broncos Win 19-6 Over Rocksprings

Striking three times in the first six minutes of play, the Sonora Broncos rolled over the Rocksprings Angoras Saturday by a score of 19-6.

The first tally was made by Ory on an end reverse play. Richardson passed to Berger for the extra point on a fake kick.

Berger kicked off and Sonora stopped the Angoras on the fifty yard line after a few plays. The ball was worked down to the fifteen yard line where Richardson, in an attempted pass, crossed the pay stripe. Berger failed to convert.

Hudson kicked off and due to a fumble by Rocksprings, Sonora stopped them on their thirty yard line. After two plays Rocksprings tossed a pass. Berger intercepted and ran fifteen yards for the third tally. Berger failed to convert.

Sonora played most of the remainder of the game in defense. Rocksprings' only score came in the fourth quarter after a fifty-yard drive of passes and center plays. It was made by Babb.

The starting lineup is listed below.

Sonora	Position	Rocksprings
C. Smith	E	D. Hutt
V. Cook	E	B. Brown
R. Boughton	T	J. Smith
D. Sloan	T	W. Draper
C. Henderson	G	G. Varga
W. White	G	B. Bird
B. Shurley	C	J. Noble
W. Berger	B	W. Thurmon
W. B. Ory	B	D. L. Cloudt
G. Shurley	B	V. Lacey
J. R. Hudson	B	J. Babb

TWO ALERT CITIZENS HELP RECOVER STOLEN CAR AND SADDLE; ARIZONA RANCH WORKER ARRESTED HERE

A stolen car and saddle were recovered Monday when Western Hargis, ranch worker from Arizona, tried to sell the saddle here.

Marco Perez and Miguel Sanchez, who were contemplating buying the saddle, decided to "ask Mr. Crowe if it was all right" before making the purchase. When Crowe talked to the man, he could not produce evidence of ownership either to the car or to the saddle. Upon further investigation, it was found that he did not possess a registration card for the draft, nor a driver's license.

A wire to the Tucson Police Department revealed that the car had been stolen from a local resident. The United States Deputy Marshall from San Angelo took the prisoner there Wednesday.

Glen Warner, State Highway Patrolman, found that the saddle had been stolen from Mrs. Pete Meadow of Eldorado.

TO REPORT NOV. 4 TO ARMY

Reginald Trainer, Monroe Voigt, and Manuel Nombra have been notified by the local board to report to the local office November 4, to be sent to Ft. Bliss, El Paso, for induction into the army.

Hub Hale and Henry Decker fished for bass on the Devil's River Lake last week.

Sonoran's Mother Passes Away Sunday In Eldorado, Okla.

Mrs. Ella B. Largent, mother of H. P. Largent, highway supervisor here, passed away Sunday morning at Eldorado, Oklahoma. Funeral services were conducted at the First Baptist Church of Eldorado by a former pastor, Rev. L. S. Hill, Rev. A. F. Whitlock, the present pastor, and the Rev. P. D. Fullingim, pastor of the First Baptist Church in Sonora. Interment was in the Eldorado Cemetery. Pallbearers were intimate friends of the family.

Born in 1858 at Lansing, Michigan, Mrs. Largent moved to Granbury, Texas, at the age of six. She resided in Texas until 1914, when the Largent family moved to Eldorado.

Mrs. Largent joined the Baptist Church when she was eleven years old, and for years she had been a devoted W. M. U. worker. Besides being a member of the Baptist Church, she belonged to the Order of the Eastern Star, Rebecca Lodge, and the Daughters of the American Revolution.

Survivors to Mrs. Largent include two brothers and a sister, eight children, fifteen grandchildren, and nine great-grandchildren.

Sonorans Attend Club Convention In Sweetwater

The Music Study Club of Sweetwater was hostess at the fifteenth annual convention of the sixth district Friday and Saturday. There are sixteen Clubs in the district that belong to the Texas Federation of Music Clubs.

Miss Marie Watkins represented the Sonora Club and was on the program Friday evening. Her selections were "The Lord's Prayer" by Malotte, "When I Am Dead My Dearest" by Hageman and "The Year's At the Spring" by Beach. Miss Watkins was accompanied by Mrs. Edgar Shurley.

Delegate from this club was Mrs. W. E. Caldwell and Mrs. O. G. Babcock, president, and Mrs. C. A. Tyler, district chairman, attended the convention.

The guests were honored at tea Friday evening and that afternoon a sight seeing tour was made of the city. R. S. Covey, former superintendent of the Sonora schools accompanied the Sonora group.

Mrs. Sterling Baker is district chairman of the Defense committee and Mrs. C. A. Tyler is district chairman of the Folk Music committee.

New officers were elected at the convention and will be installed in June.

Stock News . . .

Pat Cooper, Ft. Stockton rancher, was in Sonora on business on Tuesday. Mr. Cooper said that the Ft. Stockton section was getting plenty of rain.

—SN—

Auther Simmons sold C. T. Jones Co. 433 lambs, 57 of which were ewes. H. L. Byrd, San Angelo, sold 100 calves, and Moore and Neill sold C. T. Jones Co. 23 calves.

—SN—

T. C. Hines, for many years a peace officer in Kerrville and San Angela, was visiting friends here Wednesday.

—SN—

Another out of town buyer here was Albert Sykes of Winters who bought 152 lambs from C. T. Jones Company.

—SN—

Moore and Neill sold 1599 lambs to B. W. Hutcherson for the largest sale of last week. Mr. Hutcherson sold some of these to W. A. Paul of Oklahoma.

—SN—

Johnny Hamby bought 144 lambs from Mack Cauthorn, and 20 calves from Dave Locklin. Tues-

day was the day of heaviest trading last week with C. T. Jones Co. recording the purchase of 378 lambs from Mrs. Luella O'Leary, 366 lambs from Ben Mittel, 19 lambs from Theo Savell, 153 ewe lambs and 476 muttons from Ben Mittel.

—SN—

R. E. McDonald, chief of the San Antonio Bureau of Plant Quarantine of the United States Department of Agriculture, stopped in Sonora Wednesday on his way to San Antonio from Chihuahua City where he had been vacationing. He was accompanied by Mrs. McDonald and Dr. I. B. Rutledge, also of that office.

—SN—

B. W. Hutcherson bought 459 lambs from Ben F. Meckel, and 276 lambs from Lavell Meckel.

—SN—

The Texas Production Credit Association bought 10 bull calves from Alfred Schweining, and Hal Peterson bought 394 lambs from Mark A. Moss. Hyde and Peterson sold 320 ewe lambs to C. T. Jones Company.

Since bacterial canker may be spread in nursery stock, young plum, peach, nectarine and apricot trees purchased for planting should be carefully inspected.

DEFENSE BOND Quiz

Q. How many defense savings stamps does it take to fill an album?

A. Seventy-five 25-cent stamps; seventy-five 50-cent stamps; seventy-five \$1 stamps; or fifteen \$5 stamps. The completed albums are immediately exchangeable for Defense Bonds (Series E) at your post office, or through your bank.

Q. Who directs the National movement to sell Defense Savings Stamps in retail stores?

A. The Treasury's Retail Advisory Committee, of which Benjamin H. Namm, of the National Retail Dry Goods Association, is chairman. Officers of 13 other great national retail organizations comprise the committee.

NOTE.—To buy Defense bonds and stamps go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps are now on sale at most retail stores.

Hot Lunches Vital To School Children

Austin, Texas, Oct. 21.—Now that the schools are under way and the daily routine is well established, the question of school lunches that will be adequate and attractive and will help to keep the growing boy or girl up to the mark mentally and physically, is of special importance. But the child's growth and development are helped or hindered by various other things in a child's daily program.

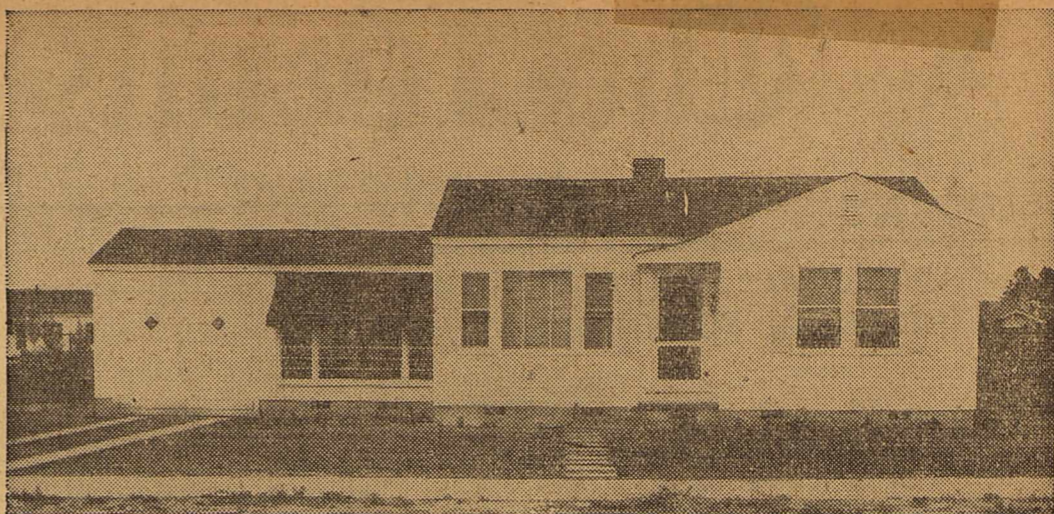

Here are some of them as outlined by Dr. Geo. W. Cox, State Health Officer:

"The average school child needs from 10-12 hours of sleep each night. A tired child is a nervous child who finds it hard to concentrate. Does your child have a bedtime that is early enough to insure an adequate amount of sleep?

Teachers complain that many of the children find it necessary to eat part of their lunch in the middle of the morning. A hungry child does not make a good student. Does your child have an adequate breakfast before he leaves for school?

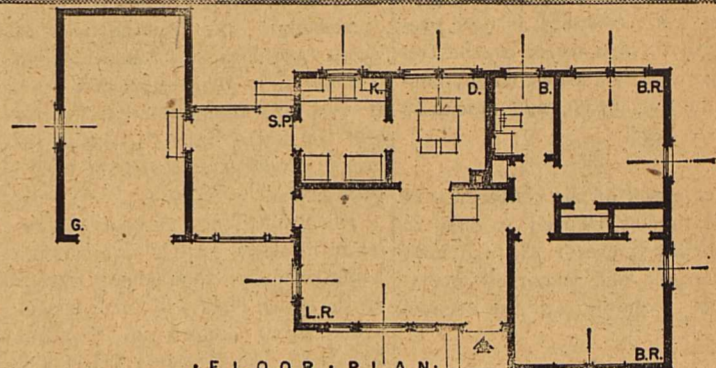

"A hot food in the middle of the day prevents fatigue and stimulates the appetite. If there are no provisions for hot food at school the teacher should place a jar of food brought by the child in a pan of water to be heated and served at lunch time. Does your child have an adequate lunch, one which includes a hot dish?"

"A well nourished body must have certain necessary foods every day, such as milk, fruits, vegetables, whole grains, meat and eggs, and cod liver oil. Does your child have an evening meal which supplements the other meals of the day and provides the balance of the food needed during the day?"

The single-floor scheme is so well handled in this low-cost home that the bulk of the house seems much greater than it actually is. A sleeping porch is used as the connecting element between the living units and the garage. This treatment is regarded as excellent since it not only adds to the apparent size of the house but also removes the odors and fire hazards of a garage to a point as far as possible from the dwelling itself.

In Florida this property was valued at \$2,950 and was financed with a Federal Housing Administration insured mortgage of \$2,500. Average monthly payments on a maximum 25-year mortgage of this amount total approximately \$15, exclusive of local taxes and hazard insurance. The cost of this property will vary in other localities.

UNITED STATES CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission announces open competitive examinations for the positions of Assistant Communications Operator, \$1620 a year, and Junior Communications Operator, \$1440 a year, for employment in the Fourth Region, Bureau of Federal Airways, Civil Aeronautics Administration, which has headquarters at Fort Worth, Texas. Vacancies in the positions of Under Communications Operator, \$1260 a year will also be filled with registrants resulting from these examinations.

Normal, Non-Defense Home Building Unchanged By Recent SPAB Ruling

Analysis of the recent policy statement by the Supply, Priorities and Allocations Board (SPAB) on the exercise of control over public and private construction shows that the order will leave repair, remodeling, ranch building and normal residential construction practically unchanged, Hollis Dalton, manager of Wm. Cameron & Co.'s local store, said today.

The real purpose of the SPAB release was: (1) To prevent the passage of "pork barrel" legislation now before Congress providing for river and harbor improvements, flood control and power projects which would use a substantial amount of critical materials, particularly structural steel. (2) To discourage the planning, promotion and requests for priorities in respect to the building of all unnecessary public and private projects such as factories, warehouses, office buildings, etc. which use an appreciable amount of critical materials. Even in the case of such buildings, if wood can be substituted for the critical metal materials, construction is OK. (3) The term "residential construction" is aimed at larger homes, costing over \$6,000 and which require substantial amounts of metal. Homes costing under \$6,000, involving only a small quantity of metals, plumbing, lighting and hardware in relation to the amount of other materials and em-

ployment furnished are not banned under the order. (4) The order concerns solely the granting of future priorities to replace material used in construction. Where dealers, builders or contractors have the material, such construction can go ahead. Where there is a need for housing in defense or non-defense areas, such housing can go ahead, but priorities will not be granted for it if it uses an appreciable amount of critical materials. Dealers, builders and contractors must eliminate all metal possible. They substitute other materials for metal wherever possible. Unnecessary speculative building must be eliminated. (5) There is no ban on farm and rural construction. In fact, all farm construction is encouraged as necessary for the health and safety of the public and to create further food and other farm reserves for war and after-the-war rehabilitation purposes. (6) The majority of modernization and repair materials, such as lumber, paper and paint are materials on which there is no shortage and no limitation whatsoever.

Therefore, Mr. Dalton stated that there are no limitations today on normal construction in our area which would limit the majority of the building needs of our community. "If construction is largely of wood and furnishes employment, this is still OK. On homes costing under \$6,000—which most of ours are—and on repairs and remodeling, and on farm work, it is still possible to build. Some delay may occur and substitution of designs in plumbing, hardware and lighting fixtures may be necessary. But normal construction work is still possible," he said.

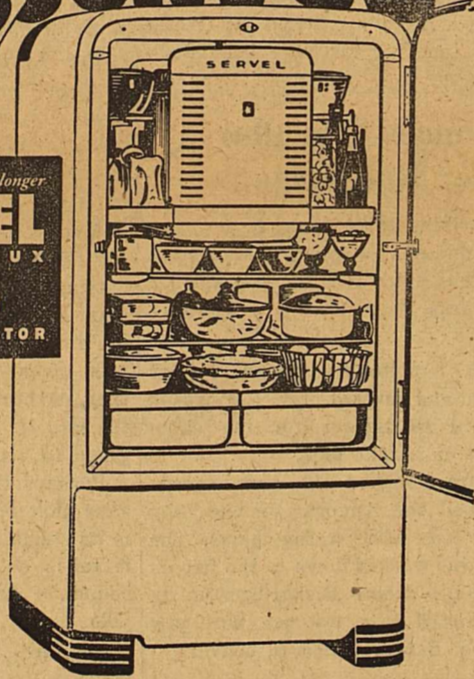

Loans on 1941 wheat to Texas farmers total 18,698, according to the Commodity Credit Corporation. Of the 12,958,820 bushels covered by loan, only about half a million bushels are stored on farms.

NO NEED TO WAIT—

THE GREAT NEW 1942 SERVEL is ready Now

Finer than ever . . . backed by an Iron-Glad 10-year guarantee

BUT, BETTER ORDER NOW!

Mmmmmmmmm! Isn't it a beauty!

And STILL—the only automatic refrigerator with NO MOVING PARTS in its freezing system. Nothing to wear, to make noise, to cause costly repairs.

STILL—the only one backed by an iron-clad 10-YEAR GUARANTEE, at no extra cost.

AND—this beautiful improved new 1942 Servel—the Gas refrigerator—is READY NOW! No need to wait—and with food prices soaring, think of what you can save on leftovers alone, with this beautiful new 1942 Servel in your kitchen—as much as \$50 or more through the winter months alone!

AND—these savings go on and on. For "no moving parts" means nothing to wear, to lose efficiency, to increase operating costs, year after year. Your new 1942 Servel will give you the finest modern refrigeration here, for as little as 1c or 2c a day—year after year! All over West Texas Servels have been giving trouble-free, perfect refrigeration for 10, 12, 14 years—without one cent for service or repairs! What an investment!

BUT—place your order NOW. Our great defense effort comes first—and production has been sharply cut, already. To be sure of having one even next summer—ORDER YOURS TODAY!

Just a small down payment—and 18 LONG MONTHS TO PAY!

Just a small down payment and—

18 LONG MONTHS TO PAY

GUARANTEE
We guarantee to the original purchasers of 1942 Servel Electrolux Gas Refrigerators to re-furnish without cost any defective burner, control or refrigerating unit for a period of ten (10) years from date of installation. (You pay only cost of installing parts.)

- Note These Exclusive Servel Features:
- ★ Loads of ice cubes—more than you'll ever need! New, quick, simple!
 - ★ Dry or moist meat storage!
 - ★ Vegetables crisper than when they came from the store!
 - ★ 2 and 3-position sliding shelves—to accommodate anything!
 - ★ Permanent SILENCE!
 - ★ Nothing to wear—no increase in operating cost!
 - ★ NO MOVING PARTS!

SONORANS TO TRAIN ON ELDORADO AIRPORT WHEN COMPLETED

Shown above is a group of Eldorado men as they recently discussed plans for the city's municipal airport with J. D. Church, Field Engineer of Civil Aeronautics Administration. Mr. Church who outlined plans of construction, is shown sitting at the head of the table.

Sonorans interested in aviation have been invited to use the Eldorado municipal airport for training when the unit has been completed. One runway of the port will be finished within the next week or two and work is being rushed on two additional runways, according to reports received here this week.

Adverse weather has hampered grading operations, but just as soon as the ground dries sufficiently, graders and volunteer workmen will be pressed into service, it was said. The port is being built by citizens of the community by contributions of money and labor.

When completed, the port will consist of four runways, 300 feet wide and 2,225 feet long, according to specifications. There will also be a 40x40 hangar and adequate markings. It will be a CAA class 2 airport, meeting requirements of the Civil Aeronautics Administration.

The invitation to local aviation enthusiasts to use the field was recently presented at the Sonora Lions club and several men from here plan to begin flight training in the near future, J. T. Shannon said here this week.

Jo Ann Warner Honored At Party On Fourth Birthday

Mrs. Glen Warner honored her daughter, Jo Ann, with a party on her fourth birthday anniversary Friday afternoon at her home.

Hallowe'en hats and balloons were given as favors. Cake and punch were served at the end of the games.

Miss Warner received gifts from Sally Dawn Prater, Mary Lehne Prater, Joe Richard Lancaster, Peggy Ann Patton, Mary Jane Queen, Dixie Queen, Benton Barker, Betty Ann Wauson, Martha Jean Valliant, Eunice Mund, Jeanie Simmons, Danny Faye Lancaster, Preston Prater, Carley Barker, Roy Valliant, Stanley Patton, W. H. Wauson, Jimmy Simmons, and W. H. Queen.

Pillow cases do not wear out so fast when they are two inches wider and ten inches longer than the pillows.

Girl Scout Week Program Planned

October 26 through November 1 is National Girl Scout Week. The week starts on Sunday with a service at the Methodist Church, to be attended by the Girl Scouts in a body. Monday is Homemaking Day and the girls are to do something about the house to help on this day.

Tuesday the girls are to do something in arts and crafts. This pertains to leathercraft or any other craft work they choose.

Wednesday, colors will be held on the Courthouse lawn at 5:30. Afterwards they will go to the basement of the Methodist church where a court of honor will be held and badges will be presented. The group will be served a barbecue supper by the members of the committee. Friends and parents of the Scouts are invited.

Thursday the Scouts of the L. W. Elliott School will present a program for the American Scouts to help carry out International Friendship Day.

Friday is Citizenship day and Saturday is Health and Safety Day.

Sonora has a Senior and Intermediate troop and a Brownie organization for the American Girls and a troop for members of the L. W. Elliott School.

Despite wartime reductions in shipping space, importation into the United States of purebred animals for breeding purposes increased 4,175 during the fiscal year ending June 30, 1941, as compared with the previous 12 months.

Mrs. Frank Bond Hostess to Club Saturday Afternoon

Saturday afternoon, Mrs. Frank Bond was hostess to the Girls Bridge Club at her home. Room decorations were vases of dahlias.

High club prize was won by Mrs. Sam Allison and second high club went to Mrs. Lloyd Earwood. Mrs. W. R. Cusenbary won high guest award.

Mrs. Bond served a salad plate and used the Hallowe'en motif in the bridge appointments. Present were Mesdames Earwood, L. L. Stuart of Eldorado, Joe B. Ross, Allison, Johnnie Hamby, Cusenbary, Ben Cusenbary and Miss Alice Karnes.

Discovery of a new member of the ever-growing family of B vitamins, known collectively as the Vitamin B complex, has been made by Roger J. Williams of the University of Texas. It has been named folic acid.

Baptist Missionary Meets Wednesday

Mrs. Alfred Cooper conducted the Bible Study Wednesday afternoon when the Baptist Missionary Society met at the Church for their regular weekly meeting. She also led the group in prayer.

The devotional was read by Mrs. L. H. McGhee, who also presided at the meeting.

Members present were Mesdames G. G. Stephenson, McGhee, Cooper, P. D. Fullingim, W. P. Fullingim of Lorena, Nichols, Lee Hart and H. P. Largent.

Two Tie For High At Night Club Party

Mrs. Van Davis and Mrs. L. E. Holland tied for high club prize Thursday evening when Mrs. Willie Andrews entertained the Nine of Spades Club at her home.

Dahlias and roses were used as room decorations and Mrs. P. M. Carroll had low.

A salad plate, coffee and cake were served to Mesdames, Davis, Sibe McKee, Holland, Carroll, D. L. Duke, W. H. Fort, Tom Nevills and Miss Viola Adams.

Intermediate Scouts Meet Wednesday

Plans were made by the Intermediate Girl Scouts Wednesday afternoon to observe "Founders Week." Miss Dorothy Calfee, leader met with the girls.

A chain story was told by the girls.

Scouts present were Betty Faye Glasscock, Kathryn Ross, Pauline Allen, Jewel McGhee, Maxine Chalk Alice deBerry, Carolyn Johnson, Joyce Johnson, and Helen Kasper.

The group formed the Girl scout circle and sang taps to close the meeting.

WITH OUR NEIGHBORS

We See By The . . .

BRADY STANDARD THAT McCulloch County's cotton ginnings are far behind last season's mark, according to the report of Richard R. Faulkner, cotton census enumerator for this county.

Mr. Faulkner's report shows that only 3,402 bales were ginned this year, up to October 1, as compared with 6,424 bales turned out up to the same period in 1940.

Wet weather has retarded picking in McCulloch County, but with fair weather Monday, virtually every cotton field had pickers, and the gins will hum day and night until more moisture falls.

INTO THE RANCH enterprise accounts of the owners of forty-two carloads of Highland Hereford calves last week-end went \$128,821.59 which buyers from many states of the union paid for the livestock that was offered in the eleventh annual Highland Feeder Sale Friday morning.

The amount is a gross one, and, in reality, the amount is that less \$7,855.75 which the cattlemen paid to ship the calves to the buyer's shipping pens. Freight averaged \$186.34 per car.

The Grand Champion load of fifty Smith Bros. steer calves went at \$18 per 100 pounds. The champion animals averaged 382 pounds, the runner-up ones 408 pounds. Buyer of both was Dave Webel of Pittsfield, Ill., who was acting for his friend, Philip H. Postel of Mascoutah, Ill., who operates one of the largest flour mills in central Illinois—the Mascoutah Milling Co.—Big Bend Sentinel.

LOUIS T. BURNS, JR., 1st Lieut. of San Angelo, announces that on Friday, October 31, the purchasing board will be in Menard at the J. M. Treadwell ranch to buy horses that are for sale. They will also be in Fort McKavett at the Virgil Powell ranch on the same date.

These horses will be purchased for the cavalry, and the horses purchased must be sturdy, reasonably well balanced, a short back suitable to take an army saddle, strong legs sufficiently well placed and directed to let him move straight. Horses must be gente and allow all four feet to be handled. The horses must be 15 to 16 hands high if mature, must weigh from

1,000 to 1,200 pounds, according to height. The ages of the horses purchased must be from four to eight years old, and must be geldings. A few mares of outstanding quality and substance will be bought.

The half-breed type is preferred, but any good horse meeting the requirements is suitable. The poor keeping type is unsuitable. Three-year-olds will not be purchased.

A four-year-old should have four lateral teeth in full wear.—Menard News.

SHEARING OF SHEEP on Pecos County ranches is considered about 85 to 90 per cent complete. More ranchers are reported to have sheared this fall due to the excellent price being paid for top fleeces.

Rains since the first of the year have made for a cleaner, lighter fleece with good staple. The fleece is lighter than it has been in previous years.

Although an unusually large number of lambs were sold from the county during the past month flocks have been kept up to the standard and in most instances above the average. Grazing land is reported to be in demand.—Ft. Stockton Pioneer.

NAVY DAY...

In 1922, the Navy League of the United States inaugurated Navy Day and has sponsored its observance each year. October 27th was the date selected because it is the birthdate of Theodore Roosevelt, who first achieved a national reputation by writing a Naval History of the War of 1812. Later as Assistant Secretary of the Navy and finally as President of the United States, he devoted much of his time and energy in an effort to impress the the American people the necessity for an adequate Navy, and through his leadership endeavored to realize that ideal. October is also the month in which the American Navy was founded in 1775.

The purpose in observing Navy Day is not only to pay tribute to our sea heroes and to recall the part the Navy has played in making and keeping us a nation, but it serves also as a valuable means of fostering a better understanding of the Navy and its work. As a result of the splendid cooperation of the radio broadcasting companies, the press, and the motion picture industry, as well as patriotic and civic organizations, Navy Day takes on added significance each year. However, the present international situation, along with the measures which are being taken to cope with it, make Navy Day, 1941, an occasion on which more thought will be given to the Naval service by the American people than ever before. It will find our country in a state of national emergency for the first time since its original observance. It finds the states being called upon to make individual as well as collective efforts to assist in competing a Two-Ocean Navy at the earliest possible moment.

The record of this area in furnishing personnel for the expanding Navy is one of which we may be proud. During the past two months, 140 patriotic citizens who live in all sections of this Navy Recruiting District have volunteered to act as Assistant Navy Recruiters. As a result of such cooperation on the part of private citizens, and the publicity furnished by newspaper editors voluntarily, without any thought of pay this Recruiting District stood 5th for the month of August and 4th for the fiscal year in supplying men for the Navy, according to the latest figures released by the Navy Department. Therefore, as we pay tribute to the Navy this Navy Day, we may be sure that the Navy also salutes us for the part we are playing in the National Defense Program.

Sonora Womans Club Meets Wednesday For Business Session

The second meeting of the year was held by the Sonora Woman's Club, Thursday afternoon at the Club house. Mrs. Earl Duncan president, presided at the business session.

Mr. J. T. Sellman, Mrs. J. H. Trainer and Mrs. Joel Shelton spoke on the Panama Situation. The Library report was read by Mrs. John Fields and the treasurer report by Mrs. C. A. Tyler. It was stated that the club had \$196.00 in the bank.

It was voted to sponsor a dance on November 29 and also Mrs. Duncan was elected as delegate to

With the Churches

Go To Church Every Sunday

the State Convention to be held from November 10 to 13. Mrs. Lloyd Earwood was elected alternate.

Mrs. Noble Prentice, Mrs. Dan Cauthorn, Mrs. Earl Lomax, Mrs. Clay Puckett and Mrs. Howard Espy were voted into the club.

Present were Mesdames Sellman, Tyler, Hix Hall, Shelton, Field Earwood, John Lee Nisbet, I. B. Boughon, Trainer, Vema L. Shurley, W. R. Cusenbary and Duncan.

METHODIST CHURCH

Mens Bible Class—9:30 a. m.
Sunday School—9:45 a. m.
Morning Worship—10:50 a. m.
League Service—6:30 p. m.
Choir practice Wednesday night at 7:30 p. m.

No night service on account of conference.

The Laymen will have charge of our regular and annual Missoinary Program. Order of worship services have been sent by the Board of Missions. The Girl Scouts will be our guests for the service on their anniversary.

There will be no night services on account of many members being at Conference and the pastor there himself.

A report on the cotton spinning industry for June shows 104,662,016 active spindle hours in the state for the month. The average hours per spindle in Texas was 431—slightly above the national average of 408 hours per spindle.

Mrs. Mat Adams Entertains Club Wednesday Evening

The Firemen's Wives Bridge club was entertained by Mrs. Mat Adams Wednesday evening at her home. The club prize was won by Mrs. Bill McGilvary.

A salad plate and coffee was served to Mesdames A. H. Adkins, Bobby Allison, Joe Brasher, Cash Taylor, O. V. Mullins, Hubert Fields, McGilvary, Lee Patrick, Rae Eastland, Beaman Speed, Side McKee, Tom Nevills, O. C. Ogdon, Raymond Morgan and Miss Viola Adams.

FASHION PREVUE

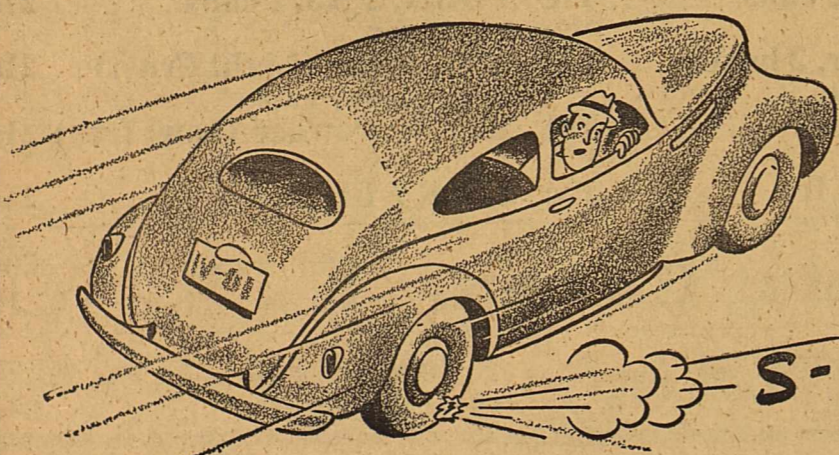

THE LONG TORSO

The long-waisted look is important this season, especially as emphasized in this New York creation with wide banding hugging the hips. Subtle shirring gives the desired molded and slimming effect. The gown is of filmy white chiffon jersey with full skirt hanging straight. The matching scarf can be draped in a variety of ways.

THE RECORD . . . Facts That Concern You

No. 33 of a Series

THERE GOES A TIRE!

... but why junk the car?

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Texas, beer has provided employment

for 31,165 persons, supports an annual payroll of \$22,076,182 and paid \$2,273,968.64 in state taxes last year.

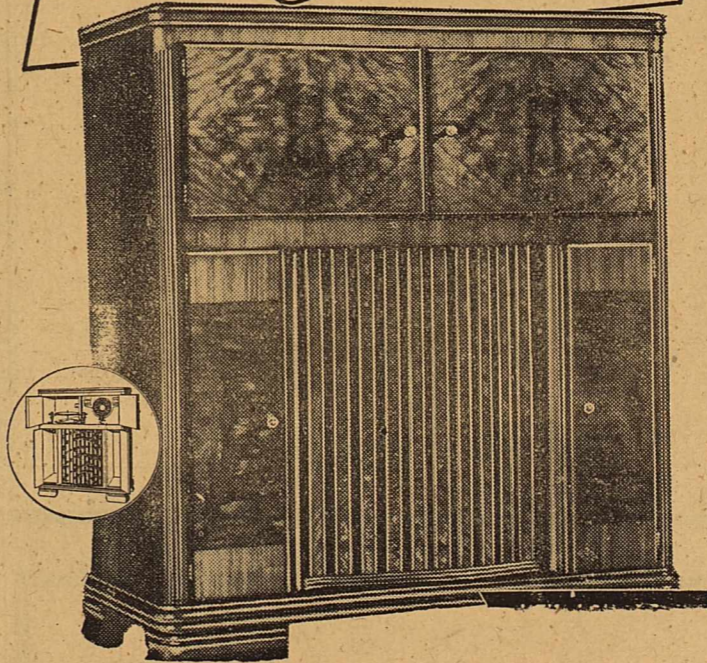

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.

Homemaking Class Entertains High School Students

Mr. and Mrs. Noble Prentice led the Grand March Saturday evening when members of the first year Homemaking class entertained with a dance and party in the gym. The faculty and high school students were guests.

Misses Annie May Lackie, Dorothy May Bricker, Geraldine Morrow, Mary Burtle, Sammie Jeanne Allison, Martha Joe Moore, Lila D. Chalk, Jean Cliff Johnson, Christine Bird, Lois Whidden, Peggy Gilmore, Margaret Smith, Davie Dean Locklin, Lettia White, Betty Jean Rankorn and Francis Jo Lancaster were hostesses. Favors and refreshments were made in class by the girls.

Program dances, tag dances, folk dances, and others were enjoyed during the evening. Bingo, checkers and dominos were played. Punch and cookies were served at intermission.

Attending were Messrs and Mesdames Prentice, Preston C. Lightfoot, Roland Howell, J. D. Wallace, Hayward Bird, Albert A. Murray, and O. G. Babcock, Mesdames Hub Hale, Carl Morrow, Johnny Hamby, Cliff Johnson, Joe Lancaster and Bill Gilmore; Misses Jonniemae Edmonson and Madge Mosely. Students other than the hostesses were C. H. Rose, Frank Nichols, John Ory, Robert Wilson, Raymond Johnson, Perry Ray Henderson, Jimmie Cook, Jimmy Lightfoot, Truett Rayson, Raymond Johnson, Perry Ray Henderson, Jimmie Cook, Jimmy Lightfoot, Truett Wilson, Bobby White, Sidney Awalt, Don Nicholas, Josette Boughton, Frances Atchison, Marguerite Howell, Billie Cartwright, Bernie Dawn Gibbs, Jim Martin, J. W. Newman, Geraldine Meckel, Wanda B. Cook, Marjory Dameron, Lorene Fambrough, Flora Jean Hildreth, George B. Kisselburg, Viola Ory, Gene Wallace, Delmar Lee Sloan, Eugene Shurley, Frances Green Wright, Eugene Alley, Wilfred Berger, Richard Boughton, Vernon Cook, Peggy Gilmore;

Willie Nell Hale, J. R. Hudson, Jack Lindsey, Willie B. Ory, Louise Merriman, Glen Richardson, Fanny Sellman, Ray Wallace Stephenson, George D. Wallace, Wayne White, Edith May Babcock, Roy Cooper, Bobbie Nell Gulley, Raleigh Gulley, Clyde Henderson, R. C. Luckie, Justin Odum, Billy Shurley, Betty Taylor, Sanford Trainer, R. W. Wallace, Jo Beth Taylor, Clarence Smith, and Melba Farr.

Monday Club Meets With Mrs. Earwod

Two tables of members and guests of the Monday Contract Club were entertained by Mrs. Lloyd Earwood Monday afternoon at the home of Mrs. Nannie B. Wilson.

High score for club members was held by Mrs. Wilson and Mrs. Gertrude Reming won high for the guests. Vases of roses were placed around the party rooms.

Refreshments were served to Mesdames J. F. Howell, E. F. Vander Stucken, John Lee Nisbet, Reming, Wilson Clara Murphy and Miss Ada Steen.

Richardson Home Scene of League Party Saturday Night

After Sunday evening church services, members of the Methodist League met at the home of Mrs. O. L. Richardson. Guests enjoyed a scavenger hunt.

In the balloon contest, Willia B. Ory won the prize for the largest balloon and Geraldine Morrow, Rev. L. K. Brown, George D. Wallace and Mary Burtle won the prize in the group singing contest.

A Hallowe'en theme was used and favors and prizes were of the hallowe'en motif. Hot chocolate, cookies and sandwiches were served.

Present were Willie B. Ory, Geraldine Morrow, Rev. L. K. Brown, George D. Wallace, Mary Burtle, Betty Taylor, Sammie Jeanne Allison, Martha Jo Moore, Wanda B. Cook, Josette Boughton, Richard Boughton, Sidney Awalt, Don Nicholas, Edith May Babcock, Margie Crowell, Glen Richardson, Gene Cliff Johnson, Wilfred Berger, Francis Green Wright, R. W. Wallace and O. L. Richardson, Sr.

Band Parent's Club Meets at Gymnasium

Five new members attended the Band Parent's Organization Monday Night when the second meeting was held at the gymnasium. Mrs. Bill Gilmore, president, had charge of the meeting.

Mrs. Tom White, Mrs. H. L. Taylor and Mrs. Bryant Hunt were appointed on the Finance committee. The new members were Mrs. Libb Wallace, Mrs. Carl Morrow, Mrs. Cliff Johnson, Mrs. I. B. Boughton and Mrs. H. L. Taylor. Twenty-two members were present.

Sonora Music Club To Present Concert

The Sonora Music Club will present Miss Marie Watkins and Miss Elizabeth Caldwell in a joint recital Saturday evening, November 1, at the High School auditorium. It will begin at 8 o'clock.

Miss Caldwell will play several piano selections, and Miss Watkins will be accompanied by Mrs. Edgar Shurley, when she sings.

J. H. TRAINER HOME SEEN AS ULTRA-MODERN IN DESIGN

The recently constructed home, built for Mr. and Mrs. J. H. Trainer is one of the most modern and convenient houses in Sonora. The stuccoed exterior is white with a white, slightly slanted roof. Modern architecture is stressed throughout the home, and the garage joins the four room house.

Linoleum floors, light woodwork, venetian blinds to match the woodwork, and chromium trimming are featured throughout the house.

The living room and dining alcove walls are covered in a horizontal striped paper, the color theme being maroon, pink and silver. Jaspe linoleum with British tan covers is used on the floor. The modern divided sofa is upholstered in blue with a biege spray design. End tables and the table between the sofa is blond maple. A yellow occasional chair and a torshire in chromium and tan occupies one side of the room. A modern table with a large mirror attached to the wall completes the furnishing. A walnut dining suite trimmed in blond and red is used in the alcove. The chairs are covered in blond silk.

From the living room, doors open into the hall or kitchen. In the kitchen maroon linoleum is used on the floor and on the cabinet. White built-in fixtures trimmed in red, and white wall paper with silver figures completes the kitchen. Entrance to the garage is in the

kitchen. The hall is papered in white with vertical shaded stripes.

Blue and white is the theme used in the front bedroom. Dark blue paper with lighter horizontal stripes covers the walls, while on the floor is Jaspe linoleum and coves. Tables and shelves are bleached maple. The chair in front of the long mirror is blue and white leather with chromium trim. The other two chairs in this room are yellow. On the wall with the two closets are drawers of the same material as the woodwork.

The built-in lavatory is the outstanding feature of the bathroom. It is covered in blue linoleum which is the same pattern as the floor covering. The sand colored fixtures are of Briggs steel. Instead of paper, Mr. and Mrs. Trainer used matellic brown tyrite to cover the walls.

A biege floral design on dark brown background was chosen to paper the second bedroom. The furniture is honey colored satin wood. Mrs. Trainer uses a coral occasional chair to bring out the coral shading in the wallpaper. Jaspe linoleum with a british tan border and coves is used to cover the floor.

Modern indirect light fixtures trimmed in chromium and in colors to correspond to the color theme of the rooms are placed throughout the home.

One Hundred Seven Books Read Per Week By Sonorans

According to the library report read by Mrs. John Fields at the Sonora Woman's Club meeting, two books have been bought, nineteen donated and one special gift book given the Library. This report covered the period from May 20 to October 16.

In this time, five books were lost and 1 destroyed. There were 890 novels, 193 classics, 196 miscellaneous, and 137 children books read and 435 books were ready by people from twelve to twenty years of age.

This makes a total of 1855 books to be read by the people of Sonora.

An average of 107 books a week have been read with a total of 1708 being read in the five months period.

The committee has placed several new books in the library including, "The Keys of the Kingdom," by A. J. Cronin; "H. M. Pulham Esquire" by John P. Marquand; "This Above All" by Eerie Knight; "The Venables" by Kathleen Norris; "Lanterns on the Levee" by Wm. Alexander Percy; "You Can't do Business With Hitler," by Douglas Miller; "What Makes Sammy Run" by Budd Schulberg, and "Berlin Diary" by Wm. L. Shirer.

CONSTRUCTION BEGINS

Work began last week on a rock veneer home for Mrs. Rose Thorp. The house will be located opposite the I. B. Boughton residence.

Curtis Nichols went fishing on the Llano last week-end.

Donations are: "Disputed Passage" by Lloyd C. Douglass; "Legacy" by Charles Bonner; "Bethel Merriday" by Sinclair Lewis; "Thibault" by Roger Martin du Gard and also ten volumes of "The Writings of Thomas Jefferson."

Ten more books have been ordered and the committee is planning to buy several more. All books ordered are fiction for adult readers.

Mr. and Mrs. Lee Patrick attended the football game in Fort Worth Saturday.

Mrs. Boyd Caffey and daughter, Jan, visited in Abilene over the week-end.

Four Sonora Students At Sul Ross Take Active Outside Interests

Four Sonora students, Georgia Lou Nance, Dock Simmons, Grace Thomas, and Troy White, enrolled for the present semester of the school year in Sul Ross State College at Alpine, have taken exceptional interest in extra curricular activities.

Miss Nance is a Freshman, but the other students are upperclassmen in Sul Ross. Mr. Simmons, a sophomore, is a member of Mask and Slipper club, dramatic organization of the college, and of the Skyline staff, the college newspaper. Miss Thomas, a junior, has been a prominent student in Sul Ross since her entrance as a Freshman, and has achieved a number of scholastic honors. She is a member of Schem Literary Society, Los Tertulinos, and Gamma Delta Kappa, social organization of Lawrence Hall, where she resides. Mr. White will receive his degree from Sul Ross this year, majoring in Animal Husbandry. He is a member of the Pioneer Club, the "Ag" club, and Delta Phi band fraternity. He plays the piano in the college orchestra.

A very satisfactory type of curb and gutter has been installed in this California subdivision. At street corners the curb is vertical but along the interior lots it is sloping. This feature permits driveways to be located anywhere without cutting curbs or making special aprons. Federal Housing Administration land planning officials describe this as a practical treatment which could be copied in many low-cost subdivisions.

I INSTALL telephones . . . and for the last few weeks I've been mighty busy. Folks here in West Texas are realizing how much a telephone means . . . how it brings the doctor when baby's sick . . . calls the store for more groceries when company comes . . . and lets you talk to friends any time you please."

If you don't have a telephone, you're missing something. It gives pleasure and protection . . . for only a few cents each day. Have one installed in your home . . . now.

THE SAN ANGELO TELEPHONE COMPANY

Builders Urge Home Improvement

Repair of older homes as a means of improving safety and health of the occupants has been urged by many people in the building industry.

Many dwellings built before enactment of the National Housing Act, and before its influence on property and location standards became felt, provided housing conditions which are thought to have

contributed to ill health.

Thorough improper location on wet, imperfectly drained land some homes are damp, especially in the lower stories. On the other hand, where buildings are placed in a highly exposed position proper heating in winter may be difficult to obtain.

Many homes built before FHA's construction standards became common subject the occupants to continual fire hazards.

Through defective structure or lack of repair there may be an

ever-present danger from accident. Winding stairs take their annual toll of broken limbs, while rotten floors and insecure railing are high in the list of accident causes.

Improper orientation may mean that occupants of buildings are being deprived of sunshine and even of adequate light.

Inadequate plumbing or undesirable or defective fixtures may mean reduced cleanliness and increased opportunity for transmission of diseases.

Windowless rooms, rooms on narrow closed courts, or even rooms having only one window mean at least discomfort from hot, humid, stale air and probably reduced resistance to disease.

Practically all of these ills may be corrected through repair. With proper attention to planning, most older structures can be made structurally safe, and every room can be well lighted, well ventilated, and equipped for comfort and convenience.

House Warmer . . . Paid for in Lower Heating Bills!

Rock Wool Insulation of Attic Ceiling Average 5 Room Home And Weather-Strip All Outside Doors and Windows

\$384 PER MO.

F.H.A. Credit Requirements

Insulation of your home and weather-stripping of doors and windows reduces winter heat losses—save on heating bills. A warm, draft-free house is good insurance against dangerous, costly "colds" and "flu". In summer, the insulation keeps your home cooler—the weather-stripping keeps out harmful dust and dirt. Lower heating bills pay for insulating and weather-stripping. Save money and protect your family's health!

I GIVE YOU TEXAS

By Boyce House

America—love it or leave it.

It was the Aspermont Star that gave the first reminder: "Just 71 more shopping days until Christmas."

A boy rushed into a drug store and said, "Father's being chased by a bull!" The druggist asked, "Well, what do you want me to do about it?" The lad replied, "Gimme a roll of film for my camera and hurry."

For 20 years your columnist has made a study of the history and romance of Texas oil rushes. I would hesitate to say how many weeks and months and how much of my own money have been spent in traveling over the State to get first-hand information. Two books as well as several articles in the Saturday Evening Post and other magazines have resulted. When one of the oil and gas associations became history-conscious and decided to celebrate the fortieth anniversary of the Spindletop Field, this writer wasn't invited to make even a one-minute talk.

I am the Country Weekly.

I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine-clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the day and weeks that go to make up life.

I am for and of the home; I follow those who have humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market place of the world. Into the home, I carry word of the goods which feed, and clothe, and shelter, and which minister to comfort, ease, health and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the Country Weekly.

Some jingler once wrote:

"If all be truth that I do think,
There are five reasons we should drink;

Good wine—a friend—or being dry
—Or Lest we should be by and by
—Or any other reason why."

This seems to be the logic of have in mind, certain special session of the legislature. Not wishing to give the true purpose they have in mind, certain special sessionists put forward the proposed pipe line from Texas to the East as a reason but a correspondent points out that Congress already has given the President ample authority to build it—so they'll have to think up a new "reason" for urging that the taxpayers be put to the expense and turmoil of a special session.

Mexican sayings:

It is pleasant to command, though it is only a flock of sheep. He who loves not the loved one's faults does not truly love.

However early you get up, you can not hasten the dawn.

The dearest child of all is the dead one.

He who loves you will make you weep, and who hates you will make you laugh.

Lowly ground and poorly tilled will sometimes produce a fragrant rose.

Plots of flax, planted at the University of Minnesota in May and treated with 60 pounds of borax to the acre, did not become infected with rust disease. However, as the borax burned some of the flax leaves it is believed that 40 to 50 pounds may give the same protection.

State Modifies Plan For Induction

A modified plan for induction of trainees under the jurisdiction of the Texas Selective Service System will be placed into immediate effect with the Army's most recent call for 1375 men, it was announced by the local board.

The new system has the approval of the War Department, and will reduce entirely the uncertainty with which registrants have been faced during the period between the local board examination and induction. An advantage in the plan is that registrants will be given opportunity to make arrangements in their financial and personal affairs.

Men called for induction formerly didn't know until they reported for induction whether or not they would pass their Army physical examination. This naturally worked a hardship on many registrants—some of them had given up their jobs only to be rejected at the induction station. Now, registrants will know in advance whether they will be inducted and are in a po-

Mrs. B. W. Hutcherson is visiting her parents, Mr. and Mrs. J. E. Grimland, in San Antonio this week.

Mrs. L. K. Brown was taken on Tuesday to San Antonio where she will receive medical treatment.

Tom Thorp and Addie were in San Angelo Tuesday. Mr. Thorp is receiving Medical treatment.

THE WORLD THROUGH NAZI EYES: "Some 100,000,000 people throughout the world speak German as their mother tongue," says the caption under this map, issued in 1938 by a Nazi-sponsored Berlin publishing house. "There are Germans everywhere. . . . For centuries, Germans migrated without a master plan, and therefore were often lost to the

mother land. This is why we value that German racial spirit which has remained and which is now finding its way together again." Austria, Czechoslovakia, Poland, Denmark, Norway, The Netherlands, Luxembourg, Belgium, France, Yugoslavia and Greece have already learned what the finding-together of the German racial spirit means to them.

Wildlife Conservation

(Readers are invited to submit questions concerning game and fish and wildlife conservation to the Game Department. They will be answered in this column.)

Question—Do fish really become more slimy after they are caught?

Answer—Fish excrete an abnormal amount of epidermal mucous when they are irritated or disturbed and this accumulates when they are caught. Normally this slime minimizes friction and is sloughed off constantly as the fish slips through the water.

Question—How can I keep my shotgun barrel from leading?

Answer—Shotguns are bored with circular motion reamers which may leave imperceptible marks that the revolving polisher fails to remove. To obviate leading have a reliable gunsmith lap the barrel lengthwise in the directions the shot travels, but be careful with the choke.

Question—How does fishing compare with other sports?

Answer—The 12 million fishermen in the United States spend over \$875,000,000 annually for licenses, tackles, fishing togs, transportation, meals, lodging, boats and guide hire. Judging from equipment sold, fishing is the largest sport industry with hunting next, then golf, skating, tennis, baseball, skiing, and basketball.

Question—Do snakes take care of their young?

Answer—Reptilian parents do not care for their newly born nor recently hatched young. The offspring are on their own from the beginning and although they may be seen with the parents, they are obliged to feed and look out for themselves.

Question—How many shot are there in an ounce?

Answer—An ounce of No. 9 chilled shot contains 585 pellets; No. 8 shot, 409 pellets; No. 7 1-2, 345; No. 7, 299; No. 6, 223; No. 5, 172; No. 4, 136; No. 2, 88, and No. 1 shot 73 pellets to the ounce. Shells loaded with soft shot contain slightly less.

Question—How can Llewelin setters be distinguished from English setters?

Answer—You cannot tell a Llewelin setters by its appearance. The Llewelin is merely a strain of English setter whose breeding traces back to R. Purcell Llewelin of Shrewsbury, England, who, in about 1870, became famous with his field trial and show dogs.

Question—Why does my shotgun give better patterns with some loads than with others?

Answer—Standard shotguns are designed as all-purpose guns and are choked to produce satisfactory results with any shell the owner might use. The choke could be better adapted to one particular load, but special non-production arms are costly.

Question—How long have they banded birds?

Answer—Banding operations

THE SILVERFISH—A DESTRUCTIVE INSECT

College Station—Less familiar to housewives than perhaps other insect pests, the silverfish may do much harm to bookbindings and thin fabrics.

According to Cameron Siddall, entomologist of the A. and M. College Extension Service, silverfish feed upon the sizing in paper, bookbindings, wall paper and starchy insulation materials. They eat holes to some extent in thin fabrics, especially those made of rayon. Starched clothing and lace curtains may be ruined by the insects as they extract the starch from them. They prefer vegetable foods having a high starch or sugar content and are very found of moist wheat flour.

The bodies of the silverfish are clothed with shining scales. The more common of two known species has a uniform silvery or pearl-gray color and the other, called the fire brat, is distinguished by dusky marking on the back.

Siddall says that silverfish thrive best in warm, damp basements, but cause serious harm almost anywhere, even in rooms and attics of country homes which never are artificially heated. Usually books stored in damp rooms are most seriously injured by the insects. Fresh pyrethrum powder sprinkled freely and often on shelves and books is a common method of preventing injury. Books, starched clothing, stiffened silk and similar fabrics may be stored in tight trunks or boxes and treated with paradichlorobenzene. Liberal use of this liquid in loose bureau drawers, cupboards and closets will act as a strong repellent, but usually the gas will not become concentrated enough to kill them.

A safe and effective spray for home use is a saturated solution of paradichlorobenzene in carbon tetrachloride. The formula of a satisfactory poison bait may be obtained from county agricultural and home demonstration agents, or upon request to the Extension service at College Station.

Dock Simmons, who is enrolled at Sul Ross at Alpine, visited his parents, Mr. and Mrs. Arthur Simmons, over the week-end.

Mr. and Mrs. Lloyd Earwod and Mr. and Mrs. Mack Cauthorn left Wednesday for Eagle Pass where they will attend the Races.

Mr. and Mrs. Thomas Espy and Wampus have returned from Dallas.

Mr. and Mrs. Jack Mann and children have returned from Dallas.

have been conducted by the federal government since 1920 and 3,700,000 birds of 478 species have been tagged. The number aluminum leg bands permit ornithologists to trace flight routes and gather data on migratory game and non-game birds.

Miss Snooky Riely, who is attending school at Incarnate Word in San Antonio, has been visiting her parents, Mr. and Mrs. J. P. Riely on the ranch.

Telephone 9 Sonora, Texas

THANKS! TO OUR Customers IN SONORA

In all sincerity we wish to take this opportunity to express our appreciation for your patronage these many years. It has been our desire to give you the best of service. If we have failed at times, it only proves that we are HUMAN after all.

For the past few months we have been asked many questions as to our plans in Sonora. Foremost among these questions is:

"Since I signed some sort of a paper or petition, will I be forced to give up my connections with your company if the municipal plant is actually allowed to use defense materials to duplicate the present adequate service?"

We have only one answer, that is: NO! The city hall plant cannot hold you to an illegal, unenforceable contract form. You cannot be forced or coerced to do anything that violates the laws of our country and certainly in OUR AMERICA, you can still always choose where and with whom you want to do business. No one tells you where to buy your clothes, drugs, or groceries, so it is up to you and YOU ALONE to decide where you want to buy your ELECTRIC SERVICE. We still want your business and we are going to continue to try to give you, our customers, the best of everything.

We are glad that our TAX DOLLARS have had a part in the building of Sonora. Possible it is a coincidence, but many of you will recall that the steady and continued improvement of Sonora started about the time our complete system of

MODERN TRANSMISSION LINES came here, with modern distribution system installed in compliance with franchise requirements and dedicated to the public service, thus guaranteeing a type of Electric Service long wanted and needed in Sonora.

We want your business. We are going to continue giving the superior, modern-day type of service we have in the past.

We will continue to pay taxes in support of schools, all the various forms of government including our city government, highways, and to help Uncle Sam in the present national emergency.

These tax payments this year to date have been equivalent to 75.7 % of the net earnings; that is, of the surplus left after deducting taxes.

About 14c out of every dollar spent with us for Electric Service, comes back to you and others one way or another in taxes we help pay whereas ALL the untaxed oil engine city hall plant proceeds would, by the bond law, go on to the out-of-town, out-of-state promoters and manufacturers and bondholders whose investment would sit here untaxed and operate FREE by the City Hall.

There would be no difference in the rates or the cost to you. If anything, our rates might be below the city plant for certain classes of service.

We solicit your continued patronage and pledge anew to render a superior service at low cost.
