

Capt. Jack Gentzler Awarded 5 Medals Posthumously

PRESENTATION MADE TO WIDOW SATURDAY

Mrs. Marjorie M. Gentzler, in a ceremony at the San Angelo Army Air Field last Saturday, was presented with five awards made posthumously to her husband, the late Captain Victor Jack Gentzler who was killed in action with the Air Corps over France. Presentations were made by Col. G. M. Palmer, commanding officer of SAAAF.

The awards, the Silver Star and four Oak Leaf Clusters to the Air Medal, were made at formal parade at 11 o'clock Saturday morning. Citation for the Silver Star award is as follows:

"For gallantry in action while participating in aerial flight as pilot of an F-6C type aircraft. On Dec. 12, 1944, while making a reconnaissance of the Rhine Valley from Mannheim to Karlsruhe, he sighted more than 20 ME-109's diving to attack his formation.

"Realizing he would be unable to evade encounter, and although outnumbered more than 10 to 1, he turned into the formation. Attacking the lead planes, forcing them to break formation, he observed strikes on the wings and fuselage of one of the leading planes.

"He successfully evaded the remaining planes, and searched for his weaver. Seeing his weaver being attacked by three planes, he courageously disregarded all personal safety to attempt to save his wingman. In the resulting encounter, he destroyed one ME-109 and forced the other two to discontinue their attack on his weaver, and returned safely to base.

"Such gallantry and fearless courage reflect great credit upon himself and the Armed Forces of the United States."

The Oak Leaf Clusters to the Air Medal were awarded "for meritorious achievement while participating in sustained operational flights and for participating in aerial flights against the enemy."

After taking part in the actions leading to the awards Captain Gentzler was killed in action.

Those attending the ceremony Saturday were Captain Gentzler's mother, Mrs. S. G. Gentzler of Rapid City, S. D.; his brother and sister-in-law, Lt. and Mrs. Robert Gentzler of La Junta, Col.; Major John Armstrong and Lt. Col. Davies of Key Field, Meridian, Miss.; Mrs. Marjorie Gentzler's parents and sister, Mr. and Mrs. G. H. Davis and Miss Flora Dell Davis of Sonora, and Mr. and Mrs. C. A. Tyler and Mrs. Margie Evans, also of Sonora.

School Students To Hold Carnival On Hallowe'en

Witches will ride, goblins will dance and Hallowe'en "spooks" will reign supreme next Wednesday night when the Sonora school students open their Hallowe'en Carnival.

The evening's festivities will open at 7 o'clock with a parade of spooks from the Court House to the carnival site, which will be the block from the Corner Drug Store to Piggly Wiggly.

Best-dressed spooks, three from the elementary school and two from the high school, will be selected by judges stationed along Main Street as the parade passes by. Prizes will be awarded the five best representing "what the well-dressed spook is wearing this Hallowe'en season."

The various school grades and organizations will operate booths at the carnival, and teachers and businessmen will be asked to assist in erecting them. Funds from the carnival will be used by the classes and organizations operating the concessions.

Some booths already planned are the taxi dance of the senior class, fortune telling, juniors; bingo, sophomores, and "house of horror", freshmen. Others will be penny pitching, raffles and pitching at the dolls.

The Student Congress, made up of faculty sponsors, executive board of students, and presidents of the High School classes, will supervise the Carnival.

Mrs. Marjorie M. Gentzler of Albuquerque, N. M., and Mrs. S. G. Gentzler of Rapid City, S. D., are the guests this week of the former's parents, Mr. and Mrs. G. H. Davis.

Broncos Throw Bronte Team For 32-0 Loss

TO MEET ROCKSPRINGS NEXT FRIDAY

The Sonora Broncos threw the Bronte Longhorns for a heavy loss last Friday, the final score being 32-0. The Broncos, who have lost only one conference game this season, were in their best form Friday, and Chalk and Bond turned in outstanding work during the whole game.

Chalk scored the first touchdown in the first period, and Bond intercepted a pass and returned it 70 yards to score before the half ended. Bond's run, the longest of the game, brought the Broncos lead up to 12-0 by the half.

In the last half, the Broncos scored three more times. Chalk passed to Boughton, who carried the ball 50 yards for a touchdown. Bond made the fourth touchdown, and Dickie Street carried the ball over for the fifth counter. Only one of the five conversion efforts were good.

The Broncos scored 15 first downs against five for the Longhorns.

The Broncos, with an open date today, will probably go to Rocksprings to the Rocksprings-Eldorado tilt, and tomorrow will watch the Junction-Ozona game at Ozona.

The Broncos will meet Rocksprings here on Friday, November 2, then Ozona, in Ozona, on Saturday, November 10 and Menard here on November 16. At the beginning of the season there was some question as to where the Menard game would be played, but Sonora was finally decided upon. It is expected that the lights for the football field will be up by that time, so that the game can be played at night.

Coach Alexander says that the line-up for the Rocksprings game will not change, unless Charles Lee Cusenbary, injured this week in practice, is still unable to play.

C. R. Brewster Accepts Church Pastorate Here

Acceptance of the pastorate of the Methodist Church here brings the Reverend Charles R. Brewster back into the San Angelo district, where he began preaching twenty-five years ago. Mr. Brewster came here to fill the vacancy left by the resignation and retirement of the Reverend F. L. Meadow, who served here three years.

Mr. and Mrs. Brewster arrived here Thursday morning, and his first service will be held at the church on Sunday morning at 11 o'clock.

Mr. Brewster began his ministry 25 years ago, his first two churches being at Carlsbad and Water Valley. Since that time he has served as pastor at Corpus Christi, Edinburg, Smithville, Yoakum, Victoria, El Campo, Kerrville, Mason and Hondo, coming here from the latter, where he served for two years.

He attended the University of Arkansas, and completed his theological studies during summer sessions at Southwestern University in Georgetown and at Southern Methodist University at Dallas.

Both Mr. and Mrs. Brewster this week expressed great pleasure in moving to Sonora, and said that they are glad to return to the West Texas ranching country.

The Brewsters have one son, Douglas Brewster, who makes his home in Fort Worth.

LT. JACK WHITLEY GETS DISCHARGE FROM AIR CORPS

Lt. Jack Whitley of Eldorado, whose wife is the former Miss Louise Morris of Sonora, has just received an honorable discharge from the Army Air Corps. This week he and Mrs. Whitley and their small son are visiting Mrs. Whitley's parents. Mr. and Mrs. H. V. Morris.

Lt. Whitley was a bombing instructor on a B-27 at Concho Army Air Field, San Angelo, at the time of his discharge. He had been in service since December, 1943, and had trained at fields at Stockton and Santa Ana, Calif., and at Kingman, Ariz.

Mr. and Mrs. Lea Allison and Pascal spent last week-end and the first part of this week visiting Mr. and Mrs. William Allison at their Presidio County ranch.

1946 Red Cross Budget Set At \$1,650 By Chapter

The executive board of the Sutton County Chapter of the Red Cross, meeting Tuesday night with Melba Turriff, field representative, set the 1946 budget figure for the local chapter at \$1,650.00, or \$125 less than the 1945 budget amount. The budget was figured on the basis of expenditures during the past seven months and estimated expenditures for the next five months.

Although the amount allocated in the 1946 budget for Home Service was raised \$50.00, and the amount for First Aid, Water Safety and Accident Prevention was increased \$25, the production allotment was cut \$200. With so many men returning from service, production needs will naturally be less, most of the production being hospital garments and knitted articles. An increase was necessary, on the other hand, for Home Service, because of the increased demands made on Home Service by returning veterans. The First Aid, Water Safety and Accident Prevention allotment was increased, because the chapter plans this year to send at least one person to a Red Cross school for instruction in these subjects.

The estimated balance the local chapter will have on hand at the end of this fiscal year, February 28, 1946, is \$1,272.62. This amount, however, will include the \$962 the chapter has in war bonds.

At the meeting Tuesday A. E. Wells accepted chairmanship of Junior Red Cross, to be organized in the Sonora school.

School Children Entertain Lions

LOVELACE, DAVIS, KENG ON PROGRAM COMM.

The Fourth Grade Harmony Group, under the direction of Miss Helen Boyd, public school music teacher, presented the Lions Club luncheon program Tuesday. The group sang three spirituals and a swing number.

In the business meeting that followed the luncheon, George D. Chalk, presiding in the absence of President E. D. Shurley, appointed the November program committee, to be composed of W. L. Davis, B. W. Lovelace and E. B. Keng.

H. V. Stokes, local chairman of the United War Chest, announced that greater cooperation is needed for the Chest to succeed here this year. The goal has not yet been reached, and Stokes asked that all who have not contributed do so.

A. E. Wells, school superintendent, announced that the Sonora school children will put on a benefit carnival the night of Hallowe'en, in the block between the Corner Drug Store and Piggly Wiggly.

The Club voted to pay for an office for the one rationing clerk who will continue to work here until the first of the year. The OPA office that has been open here during the war, will be closed in the near future.

Stokes announced that plans for the community center building have been submitted by Paul Maddux, San Angelo architect, and estimates will be received soon.

Guests at the luncheon were Pat Cooper of Fort Stockton, and Rex Merriman and Lloyd McGhee who have recently received discharges from service.

YOUNG NEWSOMS GUEST LAST WEEK AT WEST RANCH

Guests of Mr. and Mrs. Carson West last week were Mr. and Mrs. Young Newsom, who recently returned from Miami, Florida, where Newsom received his honorable discharge from the Army Air Corps. Newsom, who was a pilot on a B-17 with the rank of first lieutenant, was released from a German prisoner of war camp where he had been held for almost a year, before his liberation and return to the States last summer.

Mr. and Mrs. Newsom will make their home in Fort Worth, where he will be connected with the Gulf Oil Company.

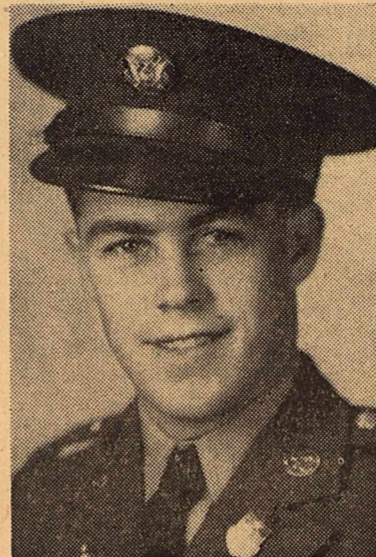

MRS. MCCONNELL ATTENDS EASTERN STAR MEETING

Mrs. W. P. McConnell is to return today from Amarillo, where she attended a State meeting of the Order of the Eastern Star, as representative for the local chapter. Mrs. McConnell flew from San Angelo to Amarillo.

Mrs. S. H. Allison returned Sunday from San Angelo where she had gone for medical treatment.

5 Sonora Men Receive Discharges, Return To Civilian Life Here

A lot of time and action overseas was seen by Pfc. Paschall Odom, son of Mr. and Mrs. R. P. Odom, before he returned to Sonora this month with his honorable discharge from the Army. In the Army since January 1941, Odom had been overseas since January 1943, and had seen service in North Africa and Italy.

After intensive training in the States, Odom went to North Africa as a member of the First Ranger Battalion, which won fame in the battles of "Hill 69", El Guettar and Kasserine Pass. For these he was awarded the Combat Infantryman's Badge and a Unit Citation.

He just missed the fighting in Sicily, because of an eye injury that caused him to be hospitalized at the time his battalion left Africa. Then, in December 1944, he was sent to Italy, where he was transferred to the Military Police.

Other decorations he is authorized to wear are the Good Conduct Ribbon, the American Defense Service Medal and the EAME ribbon with Bronze Star.

Two brothers, Sergeant Justin Odom and Tech. Sergeant Odell Odom, have also seen service overseas, both with the Marine Corps. At present they are stationed in California.

Savell Lea Sharp Home Awaiting Service Release

Home awaiting notice that he has been put on Reserve status is Major Savell Lea Sharp, son of Mrs. Annie Sharp, who has just completed his second tour of duty in the South Pacific. At present, Major Sharp has no definite plans for the future and will probably be in Sonora for some time.

Major Sharp was here on leave last fall, after 18 months in the Pacific, most of which time was spent on New Guinea, where he was an operations officer in the Army Air Corps. While in the States last fall he attended the Command and General Staff School at Fort Leavenworth, Kansas.

At the end of his leave, he was returned to duty in New Guinea. From there his group was sent to Palawan, and from there to Leyte, where he was transferred to the Far East Air Force Headquarters as operations officer. In May, the headquarters was set up in Manila, and he remained there until this month when he flew home.

Sharp, who volunteered for service in the Air Corps in 1941, was band instructor and business administration teacher in the Sonora High School.

rites Held In Junction Friday For Sister Of Jim & Jeff Merck

Funeral services for Mrs. J. B. Wallace, 63, sister of Jim and Jeff Merck of Sonora, were held last Friday, October 19, from the Hodges Funeral Home in Junction. The Reverend W. W. Leamons, minister of the Church of Christ, officiated.

Mrs. Wallace, who had made her home in Junction for the past two years, died early Thursday at her residence.

Survivors include, beside the two brothers here, her husband; four sons, E. J. of Lubbock, Raymond of San Angelo, Pvt. Rudolph stationed at Camp Roberts, Calif., and Hamp of Junction; and four daughters, Mrs. Bettie Puryear of Lubbock, Mrs. Mildred Smith of Austin, Mrs. Irene Cook of San Angelo, and Mrs. Rowena Beard of Brownfield.

Twenty-nine grandchildren and four great-grandchildren also survive.

Other Sonorans who have returned home in the past week with honorable discharges and are ready to take up civilian life again are Rex Merriman, Nelson Stubblefield, Robert V. Kelley and James Whiddon.

Merriman, an aviation mechanics crew chief for a medium bomber group of the Army Air Corps, returned on October 9, from Germany. He held the rank of sergeant at the time of his discharge.

He had been overseas since February 1944, and saw service in England, France, Germany and Belgium. He is entitled to wear the ETO ribbon with six battle stars for the Normandy, Northern France, Ardennes, Rhineland, Central Europe and Air Offense of Europe campaigns; also the Good Conduct Ribbon, Bronze Star Medal for "meritorious service" and the Distinguished Unit Badge.

Countries in which he was stationed and those he passed through or visited during his overseas service are Scotland, England, France, Belgium, Germany, Holland, Luxembourg and Switzerland.

Merriman, son of Mr. and Mrs. J. M. Merriman, is now associated with his father in the service station business.

STUBBLEFIELD, A SERGEANT IN A SIGNAL SERVICE COMPANY ATTACHED TO THE AIR CORPS, UNTIL HIS DISCHARGE THIS WEEK, RETURNED TO THE STATES ON OCTOBER 14, AFTER MORE THAN TWO YEARS OVERSEAS.

He landed in England in August 1943, and remained there until June 14, 1944, when his group was sent to Normandy, France, where they served with a fighter-bomber group supporting the First and Third Armies. From there they went to Belgium, then into Germany. V-E Day found him in Nurnberg, Germany, and from there he was sent to Straubing, Germany.

His decorations include the ETO ribbon with four Bronze Stars for the Normandy, Northern France, Rhineland and Central Europe campaigns, and the Good Conduct Ribbon.

A brother, Sgt. Wayland Stubblefield, who has served two tours of duty in the Canal Zone, has recently arrived back in the States and is expected to arrive home, discharged, this week-end. Another brother, Wilton, is with the Navy in California. They are the sons of S. A. Stubblefield of Sonora.

James Whiddon, whose wife and children live here with his mother, Mrs. A. V. Whiddon, received his discharge at Camp Wallace this month under the Navy's point-release system. He held the rating of Metalsmith first class.

Whiddon entered the service in August 1942, and has since served 30 months overseas.

Robert V. Kelley, son of Mr. and Mrs. Robert Kelley of Sonora, held the rank of second lieutenant at the time of his discharge from the Army Air Corps. He received his commission at Blackland Army Air Field, Waco, in March of this year, graduating as a B-17 pilot. Before that he had trained on fields at San Antonio, San Angelo and Ballinger. After receiving his commission, he was sent to Sebring, Fla., and then to Roswell, N. M. At the latter he was transferred to the B-29 aircraft.

Kelley, who was a student at Texas Technological College, Lubbock, at the time he entered service, says that he will probably go back to school for awhile before entering the ranching business here with his parents.

County To Be "Over Top" On Bond Quota Mon.

CREDIT GIVEN "E" BOND BUYERS

Thanks largely to patriotic citizens who voluntarily made E Bond purchases early, George H. Neill, War Finance committee chairman here, said this week that he will be able to process and mail into the State headquarters office in Dallas on Saturday more than the amount necessary to cover the county's overall quota of \$170,000 in the Victory Loan Drive. The bonds will be recorded, and by Monday, the official opening day of the drive, Sutton County will be reported "over the top" on its Victory Loan quota.

"When the bonds are written up here Saturday," Neill said, "we will have more than eighty thousand dollars worth of E Bonds and over one hundred and twenty-five thousand dollars in bonds of other denominations. This will bring our overall total beyond the two hundred thousand dollar mark."

Neill said that, on the behalf of his committee, he wished to express gratitude for the speedy and excellent cooperation the citizens had shown in putting the drive over. Especial appreciation was expressed to those who bought Series E Bonds.

Local OPA Staff Cut, Office Being Moved

Only a remnant of the original Sutton County Office of Price Administration which had its beginnings here in April 1942, will be left by the first of next week. The local board is closing its offices this week, and only one clerk will be kept here to handle ration applications which will now be forwarded to the Val Verde County board at Del Rio.

Mrs. Dorothy H. Barho will serve as the clerk and will have her offices in the Devil's River News building, in the office formerly occupied by the Ratliff Insurance Agency. All present members of the board will continue to act on applications before they are sent to the Del Rio board.

The rationing board, when first opened here in 1942, was headed by John Lee Nisbet, who continued as chairman until he moved to San Angelo in November, 1944. Starting out on the board with him were Fred Simmons, still a member of the tire panel, and Jack Mann. Secretary was Mrs. Wilburn Glasscock, the former Miss Louise Briscoe.

In the fall of 1942, the rationing board opened an office in the building next to La Vista Theater, with Mrs. Marjorie Gentzler as chief clerk. Since that time, all rationing business has been handled there.

Now with many items being non-rationed, the OPA will not maintain offices for the small county boards, one board handling the business for several counties. So the Sutton County board will move back to its original office in the News building. The Lions Club will pay for the upkeep and rent of the office.

Present members of the board are B. W. Lovelace, one-time chairman, and Simmons on the tire panel; Mrs. L. E. Johnson Sr. and G. H. Hall on the miscellaneous panel, and Mrs. B. H. Cusenbary, Mrs. Sterling Baker and George Barrow on the price panel. The recently inactivated mileage rationing panel was composed of D. L. Locklin, C. A. Tyler and C. W. Tyler. Mrs. Willie Nell Whitworth, at present chief clerk, will give up her position with the closing of the board.

HENRY GREENHILL RETURNS TO STATES FROM SECOND TOUR OF DUTY IN PACIFIC

Henry Greenhill, a motor machinist's mate first class, in the Seabees, has arrived on the West Coast after his second tour of duty in the Pacific, and will report soon to Camp Wallace, Houston, for honorable discharge from service. His wife, the former Lyda Archer, who has been making her home here with her parents, Mr. and Mrs. G. W. Archer, will go to Houston to meet him.

Greenhill has been stationed on Guam for the past year. His first tour of overseas duty, from February 1943 to February 1944, was spent in the Aleutians.

National Magazine Publishes Article On Texas' Golden Eagle

Of all the birds of prey, Texas' golden eagle is one of the greatest hunters, declares an article in the November issue of CORONET magazine. Like most of nature's creatures he is both bad and good. If he destroys countless harmful rodents, he also destroys game birds, deer and antelope, fawns, lambs, kids and even calves.

The magnificent golden hunter sits on a mountain scanning the valleys below, or he glides thousands of feet in the air searching out his prey with telescopic vision. When he sees what he wants, he folds his wings against his sides and comes down in a power dive with bullet-like swiftness, making a sound like air being forced through a pipe. If his prey is a ground squirrel or a rabbit he usually swoops up with it in his talons, hardly breaking his speed, says CORONET.

Sometimes in flight the golden eagle plays a game of catch, dropping a ground squirrel from a great height and catching it in mid-air. When attacking birds on the wing he dives under them, turns over and fastens his talons in their breast. Many observers have marveled at the eagle's catch-games while he builds his nest. He repeatedly drops sticks and dives for them apparently testing his accuracy.

Eagles prefer mountain cliffs for their nests, but they have been seen building in trees, on grease-wood flats, in Spanish daggers and on old windmills. They use the same nest year after year, making repairs each spring until the nest becomes four or five feet across and about the same amount deep. They lay their eggs, ordinarily two, in March. Young eagles take

de music's gentle swell!
In de dreamland uv little children whar de blessed spirits dwell.

And then she tucked him away in the paradise of his childish slumbers.

The bow in its sweep grew slow and tremulous. It brooded like a gentle spirit over the violin, and the music eddied into mournful tone. A little coffin sat by an empty cradle. The prints of baby fingers were on the window panes; the toys were scattered on the floor; the lullaby was hushed; the mirth and mischief and little feet and midnight screams of pain were no longer in the way to vex and worry. Sunny curls dropped above eyelids that were closed forever; two little dimpled cheeks were bloodless and cold; two little dimpled hands were folded on a motionless breast.

The vibrant instrument sighed and wept. It rang the church bell's knell; and the second story of life, which is the sequel of the first, was told. I caught glimpses of half-veiled paradise and a sweet breath from its flowers. I saw the hazy stretches of its landscapes and heard faint echoes of its distant music. I saw the flash of white wings that never weary . . . A string snapped; the music ended my vision vanished.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the St. Angelus, Hotel, San Angelo, Sunday and Monday only, November 4-5, from 9 A.M. to 4 P.M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location, but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. 6509 N. Artesian Ave., Chicago 45.

Large incisional hernia or rupture surgical operation especially solicited.

they take to the up-wind side where the air is rough and it is hard to shoot. They will fly as close in as they can, then you have to use the plane like a cutting horse in a herd, banking it and flying close to the mountain to cut the eagle out in the open. An eagle can out-climb a plane. We've followed them up to 12,000 feet and just when we thought we're in gunning distance the eagle would dive under the nose of the plane or fold its wing and drop to earth like a rock. I've followed them down at 120 miles an hour and they left me like I was tied to a cloud.

The golden eagle is a beautiful bird and a wise one, and he does much good. He should be protected, but because of his hunter's instinct and voracious appetite, he will always have to be controlled, lest his hunting habits conflict with the rights and needs of the ranchmen, concludes CORONET.

Washington Letter

BY O. C. FISHER

The House last week struck fifty-two and a half billion dollars from the appropriations that were made last spring for the current fiscal year. There will be more slashes a little later.

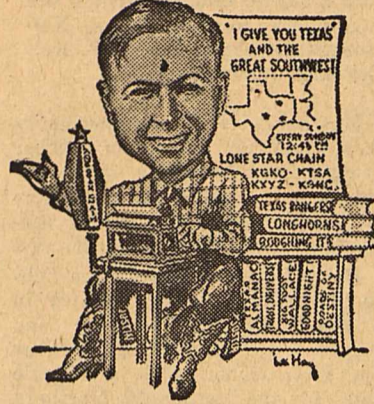

The House also passed a national airport bill which had previously been approved by the Senate. That measure authorizes an appropriation, to be matched on a 50-50 basis, of a total of 650 million dollars. While the bill passed by a substantial majority, I could not vote for it. As the law is written I think a major portion of the money will go to the big metropolitan centers. Very few of the smaller towns will be able to match the Federal funds in the amounts that will be required.

It seems to me that we must start retrenching on the spending of money. Our national debt is now 262 billion dollars. How can we hope to have much tax relief and be able to pay the five billion dollar interest each year on the national debt if we continue to appropriate hundreds of millions for purposes the states and local communities could very well take care of? Besides, the cost of rehabilitating war veterans, pensioning the disabled, and other necessary veteran expense will call for vast expenditures. And meeting those demands is one of our very first obligations.

There are in this country today a total of 3,774 airports and there are many smaller ones. I doubt if many towns would want to spend from 50 to a hundred thousand dollars on an airport, especially unless they are on an airline.

With regards to costs, the Civil Aeronautics Administration recommends airports in our area, costing as follows: Menard, \$169,290; Bandera, \$152,493; Eden, \$169,290; Boerne, \$155,243; Fredericksburg, \$102,630; Mason, \$383,284. In addition, the individual towns would be obliged to provide the land. The above are but a few of a vast number of towns in our district that would be eligible by providing half of the funds indicated.

The Senate last week passed a

(Bob Taylor's "Fiddle and the Bow") continued:

The sympathizing, half-angry, old, black mammy bore her weeping, sobbing charge to the nursery and bound up his broken heart and soothed him to sleep with her old-time lullaby:

O, don't you cry, little baby; don't you cry no mo', For it hurts ole mammy's feelin's for to hear you weepin' so!

Why do dey bring temptation to de little hands an' feet? What makes 'em 'buse de baby, kase de jam and 'zarves am sweet?

O, de sorrows, triberlations, dat de joys of mortals break! O, it's heaven when we slumber, it's trouble when we wake! O, go to sleep, my darlin', now close dem little eyes

And dream uv de shinin' angels an' de blessed paradise;

O, dream uv de blood-red roses and de birds on snowy wing; O, dream uv de fallin' waters and de nebberr-endin' spring! O, de roses! O, de rainbows; O,

bill to authorize the use of surplus war machinery for soil conservation purposes. I strongly favor that legislation and have actively supported a House proposal on the same subject. The whole nation will benefit from soil conservation and it seems to me here is a means of doing more for preserving our top soil and stopping erosion than could be done in any other way. Cong. Bob Poage of Waco wrote the bill that passed the Senate. His bill on the subject now pending in the House will probably be passed before long.

LEE STEINER

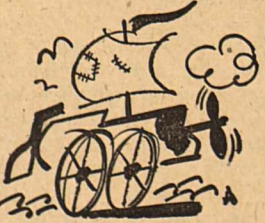

About twelve years ago Mrs. Lee Steiner was assigned by the Illinois Society for Mental Hygiene to assist in a study of "psychological quackery." Now she tells what she discovered in a book titled "Where Do People Take Their Troubles?"

She visited a so-called "vocational guidance" school, who assured her they would be able to direct her maladjusted nephew to the right job merely by measuring his skull—for \$25. She applied to a marriage broker for a husband, was promised that she would immediately be put in touch with several cultivated wealthy gentlemen

—and received visits from three pathetic fortune hunters. She interviewed heads of radio "courts" for solving domestic difficulties, attended a lecture guaranteed to teach mind-reading, was in touch with scores of mediums, fortunetellers, and self-labeled "psychologists."

We suggest you read Mrs. Steiner's book before you take your troubles to the nearest cure-all agency.

What was possibly the first "horseless carriage" was invented in 1849 to carry gold seekers to Colorado, relates Arthur Amos Gray in "Men Who Built the West." It was known as the "Westport Wind Wagon," because it was made in the small town of Westport, where Kansas City is now located, and it was to be driven by wind power. With wheels twenty feet high, and large sails on top of it, it was made to carry twenty passengers. All very well, except that no one was ever able to make it go in the right direction.

Ten years ago the Russian correspondent, Konstantine Simonov, was a factory worker. Then he became a writer, won the Stalin prize with his play, "The Russian People"; to date several millions of his books have been sold in 21 languages in the USSR. Covering the war fronts, he was in Stalingrad during that epic battle. He wrote a novel about it—"Days and Nights"—which has now been chosen as the Book-of-the-Month Club selection for November.

Culling, Canning Old Hens Puts Pennies In Bank

COLLEGE STATION, Oct. 25—Ranch and farm women who are culling old hens from their flocks will find a ready market for these birds if they are placed for sale as dressed or canned hens. Supply of dressed or canned hens has never equaled consumer demand in most sections of Texas, and poultry products "standardized" under the Extension Service requirements always find a ready market, says Myrtle Murray, home industries specialist of the Texas A. and M. College Extension Service. Many customers buy canned chicken to send overseas, Miss Murray states, and old hens are good for canning because they do not overcook.

A standardized product bears the 4-H Label, which is identified in marketing circles, with high quality products. In order to get hens "standardized", the seller must have her county home demonstration agent score method of killing, bleeding, dressing and wrapping. In the case of canned chicken the agent must check recipe and method used in canning. (Other considerations, such as cleanliness of the seller and her kitchen and work area, also enter into the score as well as the product itself).

The agent will then score the product and methods used and if it scores 90 or above, the product then may be submitted to an Extension Service headquarters specialist for her scoring. A sample of

4 College Games To Be Broadcast By Humble Sat.

Humble continues to bring action of the Southwest Conference race to football fans this Saturday with two conference and two inter-sectional tilts on the broadcast schedule.

A conference battle finds Texas U. and Rice clashing at Austin. This game takes the air at 2:15 p.m. with Kern Tips describing the plays and Alex Chesser assisting with color highlights. Stations to air the tussle are KPRC, Houston; WOAI, San Antonio; WFAA-WBAP, Dallas-Ft. Worth; KRGV, Weslaco, and KTBC, Austin.

In the other conference fray of the afternoon, A. & M. meets Baylor at College Station, Charlie

dressed chicken will be scored by the food preparation specialist, who will check it in the seller's home if the product is perishable. The food preservation specialist will score canned chicken, if two cans of each kind are sent to her.

Only after the food specialist has approved the product as standardized and Miss Murray has sent a statement to that effect to the demonstrator or seller, the county home demonstration agent, and the distributing agency, can the product bear the 4-H Label.

When a consumer sees a 4-H Label on a dressed or canned chicken, or any other product, she knows it meets the Extension Service standardization requirements and that she is getting a high quality product.

Jordan handling the play-by-play while Dick Bush describes the color. Broadcast of this game starts at 2:15 p.m. over stations KCKO, Dallas-Ft. Worth; KTSA, San Antonio; KXYZ, Houston; KRIS, Corpus Christi; KEEW, Brownville; WTAW, College Station, and WACO, Waco.

Oklahoma A. & M. travels to Ft. Worth to tangle with T.C.U. in an inter-sectional tilt. Game time is 2:15 p.m., Bill Michaels and Fred Kincaid doing the play-by-play and color respectively. WRR, Dallas; KFJZ, Ft. Worth; KTEM, Temple; KNOW, Austin; KMAC, San Antonio; KRBC, Abilene; KBST, Big Spring; KGKL, San Angelo; KRLH, Midland; KTHT, Houston; KFRD, Longview, and KWBU, Corpus Christi will carry this broadcast.

Another inter-sectional conflict brings S.M.U. against Tulane at New Orleans. Announcers for the game are Ves Box calling the plays, and Dave Russell the color. Broadcast time for this tilt is 2:00 p.m. over stations KRLD, Dallas; KTRH, Houston, and KABC, San Antonio.

Army Recruiters To Be Here Each Tuesday

MANY ADVANTAGES OFFERED RECRUITS

Sgt. Roe and other military personnel from the San Angelo U. S. Recruiting office were here Tuesday afternoon of this week, seeking volunteers for service in the Army. They announced that they will be here every Tuesday afternoon in the future, from 2 to 3 o'clock, at the Postoffice, and men interested in enlisting for service may contact them there.

"Those enlisting now for service with the Army will be subject to the Armed Forces Voluntary Recruitment Act of 1945, which offers many advantages to eligible men," Sgt. Roe said.

Following is the text of the Act, received by the recruiting service, from Washington:

1. PERIOD OF ENLISTMENT:

a. 1 YEAR ENLISTMENT. Is open to any member of the AUS who has served therein for a period of not less than six months, such one-year period to begin upon the completion of any furlough granted for such reenlistment.

b. 18 MONTHS ENLISTMENT. Is open to any applicant whether he has previous service or not.

c. 2 YEAR ENLISTMENT. Is open to any applicant whether he has previous service or not.

d. EXCEPTION. No one who has enlisted on or before June 1, 1945, may be discharged for the purpose of reenlisting for a shorter period.

2. AGE. Any male person between the ages of 17 and 34 may be enlisted, provided otherwise qualified, except that no person under eighteen years of age may be enlisted with the written consent of his parents or guardian.

3. PROMOTION. Any person who enlists in Grade 7 will, upon the expiration of six months service, be promoted to Grade 6 (if he has not already been promoted) providing he is otherwise qualified. Vacancy need not exist.

4. REENLISTMENT IN GRADE.

a. Men who have been honorably discharged and who enlist within 20 days of discharge, will be enlisted in the highest permanent or temporary grade, held at the time of discharge provided such enlistment is made prior to February 1, 1946.

b. Men discharged under the

provisions of *RR 1-1, since May 12, 1945, and prior to receipt of this radio, will also be enlisted in the highest permanent or temporary grade, held at the time of discharge provided they re-enlist prior to October 25, 1945.

5. REENLISTMENT FURLOUGH. a. All men reenlisting within twenty days of discharge will be granted reenlistment furlough on the basis of thirty days for each year of service. However, no furlough will exceed ninety days.

b. Their reenlistment furlough pay, plus five cents per mile to place where members of his immediate family are residing and back to their reception center to which he is ordered to report for duty, will be paid IN ADVANCE, if desired. Any travel pay received at the time of discharge will be excluded from travel pay received at the reception center.

c. Orders will be issued by the recruiting officer on all men enlisted or reenlisted in the Regular Army who are entitled to furlough, directing them to proceed to a designated finance office to receive payment of their reenlistment allowance, furlough pay due in advance, travel pay due on the basis of five cents per mile from the enlisting station to the designated finance office, thence to the place of furlough, thence to a designated War Department reception center. Such orders will also show the duration of furlough and date the soldier will report at the reception center.

6. MUSTERING OUT PAY. Any person immediately reenlisting upon discharge will be paid a mustering out pay.

7. REENLISTMENT ALLOWANCE. Any man discharged on or after June 1, 1945, who reenlists within ninety days, is entitled to reenlistment allowance on the basis of fifty dollars for each year of service completed subsequent to payment of any previous enlistment allowance. Completed service will be based upon continuous active federal service in the AUS or component thereof, whether in enlisted, commissioned, or warrant grade.

8. DEPENDENCY ALLOWANCE. Any enlisting or reenlisting prior to July 1, 1946, will receive a monthly family allowance for the period of that enlistment. (This provision is important to all enlisting or reenlisting at this time. If they enlist for only 18 months or two years, this allowance will continue for only that period of time, but if they enlist for three years, it will continue for three years).

9. G. I. BILL OF RIGHTS AND POSTAL PRIVILEGES. All persons enlisting or reenlisting within the period of one year from the

WTCC Assembly Moved Up To Monday, Nov. 5

ABILENE, Oct. 25 (Spl.)—The West Texas Chamber of Commerce announced today it was advancing by two days, from Wednesday, November 7, to Monday, November 5, its 1945 Directors & Referendum Assembly, to be held at the Abilene headquarters.

The change, explained WTCC President E. W. Hardin in letters to affiliates, was made necessary by discovery of a conflict in dates with a large church group. The Northwest Texas Methodist Conference months ago arranged to hold its annual meeting in Abilene for five days beginning November 7, preceded by committee sessions on November 6. In consequence, Hardin said, "Rooms in Abilene hotels for our WTCC delegates would have been impossible to obtain during that midweek. In order not to discomode the delegates, the Officers Committee has moved up the assembly, the wind up of the 1945 referendum convention season, to Monday, November 5. Early delegates, those from a distance, will leave their homes Sunday afternoon and will find room accommodations in Abilene reserved for them."

The regional assembly as usual will be a one-day all-business session adjourning Monday afternoon at 4 o'clock. The annual noon luncheon will be a freight rate victory celebration with Olin Culbertson, chairman of the Texas Railroad Commission, the speaker.

The assembly agenda also calls for the formal termination of the WTCC's inter-county Agricultural Production & Improvement contest with award of \$1,000 in cash prizes to four winning West Texas counties. The contest has been in progress two years, having been launched at the 1943 referendum.

Five New Cubs Receive Pins At Pack Meeting

At the Cub pack meeting Monday evening at the Methodist Church, a candle light flag ceremony was conducted. Joe Brown Ross, Scout Master, in the traditional costume of an Indian Chief, presided.

J. B. Morris of Del Rio, district Scout Master, gave a talk on "Cubbing" and Dr. W. T. Hardy, Assistant Scout Master, announced that the pack having the largest number of parents at the meetings will receive a prize.

Albert Ward, George Barrow Jr., Connie Mack Locklin, Joe Bailey Renfro and Robert Guest, new Cub members, were presented their Cub pins.

The meeting closed with the "living circle". Pack meetings are held every fourth Monday of the month.

JO BOUGHTON JOINS SOCIAL CLUB AT TSCW, DENTON

DENTON, Oct. 24 (Special)—As pledges to the 11 literary and social clubs on the Texas State College for Women campus, 269 students have ended the informal initiation period and are now considered active members. Miss Joesette Boughton of Sonora is included in this group.

Chores imposed upon the lowly pledges during the initiation period included the usual "maid service" for old members, carrying loaded suitcases to classes, counting all the steps on the campus while holding an egg in a spoon, and obtaining faculty autographs.

Purpose of these clubs is to stimulate interest in literature, art, or music, promote social activities for members, and encourage the achievement of high scholastic standing.

Miss Boughton, daughter of Dr. and Mrs. I. B. Boughton, is a member of the Philomathians.

Alice deBerry To Be Honored

DALLAS—Miss Alice deBerry will be honored at a formal birthday dinner at the Hockaday School this evening. The Hallowe'en motif will be used in decorating the tables. Following a Hockaday tradition, the dining room lights will be extinguished and the other students will sing "Happy Birthday", as Miss deBerry's birthday cake with lighted candles is carried in. Coffee will be served in the drawing room after dinner. Later the students will adjourn to the Music Building for a square dance.

Miss deBerry is the daughter of Dr. E. M. deBerry. She is a member of the Fifth Form at Hockaday.

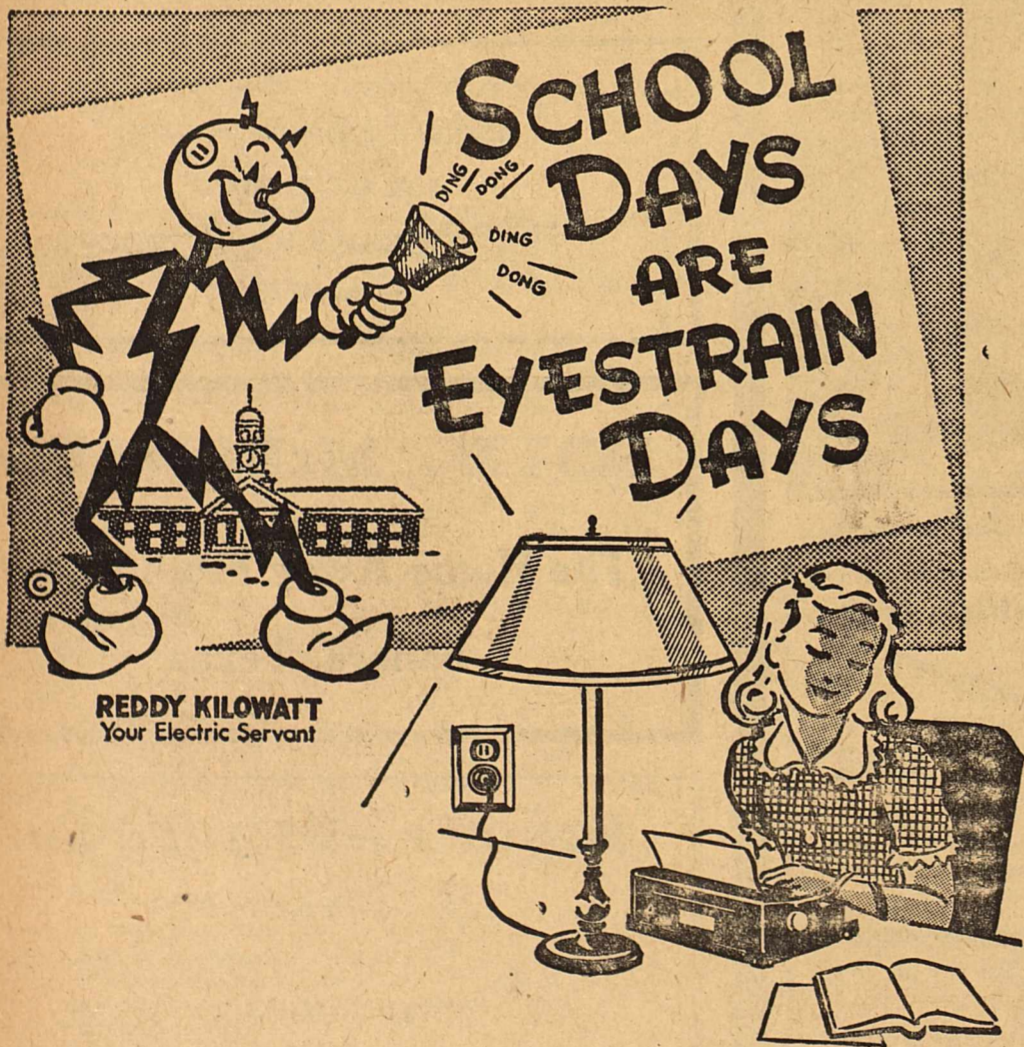

METHODS EXPLAINED ON KEEPING PECANS FRESH

"The best method of keeping pecans fresh is to put them in a freezer locker," advised Mrs. Evie Froehner at the Home Demonstration Club meeting Monday, October 22. "To prepare the nuts for the locker, allow them to dry thoroughly and then hull them. Place them in a carton or jar."

"If you still have some of last year's pecan crop and find that they are rancid, put one-half teaspoon soda in 2 cups boiling water and pour over the nut meats. Place in oven long enough to dry," Mrs. Froehner said.

The meeting was called to order by the president, Mrs. B. H. Cusenbary, and the name of Sonora Home Demonstration Club was selected for the group. Mrs. Froehner gave a demonstration on Whole Grain Products. She made rolls using whole wheat flour. Mrs. A. R. Montgomery made cookies using bran.

This group will have its next meeting November 12, at the High School Homemaking cottage for a demonstration on Care of Household Furnishings. Every woman in Sonora is invited to attend one of the two groups.

WITH the fall come shorter periods of daylight, and this calls for the use of more artificial light.

Ninety-five per cent of the children enter school with good normal eyesight. On leaving school twelve years later, twenty-five per cent will be in need of glasses, and upon graduating from university thirty-five per cent will require them.

A large percentage of defective vision is the result of eyestrain caused by inadequate

lighting. Children give little thought to the care of their eyes. For instance, a favorite position when doing homework or reading the "funnies" is on the floor. Habits such as this should be corrected.

Good light is always important. Fortunately we can now purchase for a penny as much light as cost a dollar not long before our parents were born. Young eyes have years of work ahead of them and good lighting pays in dividends more precious than money.

ROLL OF HONOR

Cpl. Paul Cordona, brother of Henry, writes from Luzon, Philippine Islands:

"Well, they have stopped censoring our mail now, so I am telling you my story. It is a long story, but I will make it short.

"When I was in New Guinea, at Buna, and then I moved to Finchhaven, New Guinea, where I was attached to an anti-aircraft division. There I was trained, then we moved out by boat in a big convoy. One went to Leyte Island, where the first landing was made. I arrived there November 18, 1944, a month after the landing was made. We landed in Dulog on Leyte Gulf close to where the first landing was made at Tacloban. There we were bombed by the Jap planes. We were attached to the 11th Airborne Division. From there, we moved across Leyte by truck to Ormoc, where the bloody battle was going on. We were attached to the famous 7th Division, which made a landing there. We were protecting a hospital, and then later moved up behind the infantry with the field artillery. There on the beach, we were protecting an ammunition dump and Navy boats on the beach. We were strafed and bombed by the Japs, but luckily, none of us got hurt. I spent Christmas there. There was firing going on all night. The infantry and the field artillery were right beside us. The noise and Jap snipers kept us awake. Many times, I had to stay by my machine gun all night, lying in the pit. I had some sleepless nights, that I will never forget, besides bullets hitting all around me. That was my first campaign.

"Then we moved out to Dulog again. There we were attached to the 11th Division again. By that time, they had landed on Luzon, and they had taken Mindoro. So there we got on the boats in a big convoy of about 100 boats and destroyer escorts. We went to Luzon where on January 31, we made the third amphibious landing on Luzon. I guess you heard about that landing on Batangas, southern Luzon, in a Spanish town named Nasughlen, about 60 miles south of Manila. There we were lucky, we didn't have any air raids. We were protecting the supplies on the beach. I stayed there for about two months. The destroyers shelled the beach for about 45 minutes, then at 7:30 in the morning, the 11th Airborne Division Infantry went in. I was on the third wave behind the infantry when we hit the beach. I was in the boat and some Jap snipers opened up at the boat I was in with a machine gun. There was where I had a close shave. A bullet hit a cable about a foot from me and another

bullet hit a sailor, a machine gunner, who was right beside me. He was wounded in the leg. The infantry got the snipers. We got off the boat. The infantry was heading for Manila, where the 1st Calvary Division and the 37th Infantry Division were coming in from the north and we were coming in from the south. We followed the infantry. We were used as field artillery support with our 40 M.M. guns. We were in Nicholas Field and in and around Manila.

"I have been in the 6th Army ever since I left New Guinea, and I have 4 campaign stars. One for New Guinea, one for Leyte, one for Luzon and one for the Liberation of the Philippines. I also have the Presidential Unit Citation Badge, or ribbon, for the beach head at Nasughlin, Batangas. Well, that's my story, up to now. It seems like a nightmare to me, through all I have been in the past 16 months overseas, and I have been a machine gunner since I left New Guinea. Never had a chance to knock down a plane. They didn't get close enough to fire at them. I consider myself lucky that I am still alive. Thanks to God."

Another letter, written later, states:

"I don't see why you haven't received any letter and also the box of souvenirs I sent you sometime in July. Thanks a lot for the slip of paper about Henry's marriage. That was a swell wedding.

"I am sorry I haven't been writing home too often. Of course I am glad the war is over. I would like to get back to see all of you. I am glad that Eda got a nice college diploma. Joyce sent me a picture of the wedding.

"I am not sure whether I will be able to get home by Christmas or by January, so I wouldn't send anything for Christmas, if I were you. So just forget about it, and I appreciate it just the same.

"News is scarce, except today is Sunday and I just came back from church. Well, I guess you are surprised to know that I am a Corporal now. I made it three days ago. I had it coming since three months ago, because I was acting corporal all the time, but I finally got the rating. I finally caught up with Henry.

"After the war, I sure would like to have a jeep, but they are pretty high priced. An Army jeep comes in very handy in many ways.

"Well, Army life is pretty easy now. We have 30 minutes infantry drill every morning, and we spend the rest of the day in recreation or go to town every afternoon or go swimming. Just whatever we want to do. I go to town pretty often. Last night I was in town and went to the movie, and then I went to a party and dance at a home of some of my Filipino friends. I am enjoying myself while I am waiting to come home. Well, I'll sign off now and write again soon. Let me know how things are running. So long, and I hope we will be seeing each other soon."

The following letter was written by Cpl. Henry T. Cordona from England:

"I am sorry I didn't write to you any sooner, but I just got back from Paris, France, where I spent close to two weeks in school. I flew from London to Paris in an Army transport, and I really enjoyed it very much. I sent a couple of bottles of perfume for you and Eda as a Christmas present from Joyce and me. I sent Mom an ash tray for the house and Sylvia a little toy from Paris.

"I went on tours and saw everything that Paris was noted for and, I tell you, it is really a beautiful city."

Pfc. Wilson R. Owens writes his parents, Mr. and Mrs. A. J. Owens, from Czechoslovakia.

"Believe it or not, I am really starting on my way for home in the morning. I have all my things packed. I think it will be between the 20th and 30th of October, before I get home. It takes quite awhile after I get started to make the trip. You don't know how it makes me feel to start home after so long.

"Don't worry about me if you don't hear from me very often, because you will know I am on my way to 'home, sweet home'."

"I got the package you sent me and sure did enjoy it.

"Dad, you can have my German flying jacket to wear, if you can't make one to suit you. I got your letter yesterday, written about the

16th. "Leaving some of these boys is almost like leaving your own brothers. They have all been so swell to me.

"Will say goodbye for now. Hoping to see you all before long."

Mrs. C. W. Taylor received the following letter from Mrs. Jimmy Taylor of Norwich Norfolk, England.

"Thought it was about time that I wrote to you once more. Hope that you will get the books I have sent you. They are quite interesting and they give you some insight into English living, customs, etc. Thanks a lot for the papers that you send me. I like to read them and learn all about the people in Sonora.

"Did you know about the phone call we had. It was wonderful. I was so thrilled to hear Jimmy's voice all those thousands of miles away; although afterwards, I felt terribly empty and lonesome again. We had six minutes, and I still can't believe that I spoke to him. I think that is sensational enough for the Devil's River News, don't you? I would like for us to be able to call each other more often, but then we have to put up with these hardships just awhile longer. Wouldn't I like to be able to call you and Cashes sometimes? I would be thrilled to do that. I really can't wait until I do see you all and I wish that it could be soon.

Don't think that there is much hope of my being in the States before the New Year, if then.

From where I sit ... by Joe Marsh

"There ought to be a law!"

Every now and then, when I run out of news for the *Clarion*, I print items about what happened Fifty Years Ago in Our Town. May be a lazy man's way of filling space, but it often makes mighty interesting reading.

Seems like human nature is always repeating itself. Same old prejudices, bickerings, and mistakes. Here's an 1895 politician trying to restrict free speech ... a demagogue crying out against women's rights ... a local com-

mittee raising the bugaboo of Prohibition.

Same old cry down through the years: "There ought to be a law!" Same old desire of one group to force its opinions on another.

From where I sit, it's not more laws we need—nor more restrictions of our right to think, and choose, and live as we see fit. But more tolerance and understanding—more "live-and-let-live" among human kind.

Scouts Conduct Weekly Meetings

COURT OF HONOR HELD BY INTERMEDIATE SCOUTS

The Girl Scouts of the Intermediate Troop held their Court of Awards Monday, October 15, in the basement of the Methodist Church. Peggy Ann Willman and Patsy Moore led in singing "The Star Spangled Banner" and "God Bless America". The other Scouts entered and formed a horseshoe. "The Pledge of Allegiance" was led by Martha Lou Renfro. Flag bearers were Geraldine Petchinsky and Carlene Peeples, and color guards were Onita Smith, Patsy Moore, Peggy Ann Willman and Billy June Drennan.

Beverly Smith and Flora Dell Davis were presented the swimming badge, and Flora Dell also received the horsewoman's badge. The cooking, hostess and child care badges were given to Anne Karnes, and Peggy Sue Reiley was awarded the cooking badge. Martha Lou Renfro was presented the arts and crafts decoration.

A welcome was extended to Norva Smith, Onita Smith, Mildred Yancy and Ella Perkins, who are new members of the troop. Blanche Lavon Taylor played the processional and recessional at the piano. Sandwiches, cookies and hot tea were served. Peggy Ann Willman played the piano during the tea hour.

Among those attending were Mesdames Ervin Willman, W. H. Karnes, Perkins, Mike Moore, Carl Peeples Dante Reiley, Bailey Renfro, Lloyd McMullen and G. H. Davis; Miss D. Ray Sifford and Miss Sweetie Bogard; Ella Perkins, Rita Renfro, Onita Smith, Norva Smith, Beverly Smith, Mildred Yancy, Blanche Lavon Taylor, Peggy Sue Reiley, Martha Lou Renfro, Carlene Peeples, Jackie Gwen Wardlaw, Peggy Ann Willman, Flora Dell Davis, Geraldine Petchinsky, Peggy Sue Barker, Betty June Drennan, Anne Karnes, Helen Jean Ward and Patsy Moore.

TROOP II PLANS PARTY FOR WEEK OF HALLOWE'EN

Mrs. Carnie Wyatt, leader, met with the Girl Scouts of Intermediate Troop Number 2 Wednesday afternoon at the Wyatt home. Plans were made for a Halloween party. Attending were Darlene Barrow, Diana Wood, Inez Chalk, Myrtle McKee Bobby Ann Drennan, Nancy

Neill, Arlena West and Carnie Sue Wyatt.

PROGRAM COMMITTEE APPOINTED AT MEETING

The Intermediate Girl Scouts met Monday afternoon in the basement of the Methodist Church. At the business meeting, a program committee was appointed. Those serving on the committee are Peggy Sue Reiley, Peggy Ann Willman and Flora Dell Davis.

The Scouts played games and were supervised by their leaders, Mrs. Lloyd McMullen and Mrs. Carl Peeples. Joe Brown Ross and James Bishop, Boy Scout leaders, visited at the meeting.

Scouts present were Norva Smith, Peggy Sue Reiley, Mildred Yancy, Onita Smith, Beverly Smith, Helen Jean Ward, Jill Henderson, Carleen Peeples, Blanche Lavon Taylor, Jackie Gwen Wardlaw, Peggy Ann Willman, Flora Dell Davis, Geraldine Petchinsky and Patsy Moore.

TENDERFOOTS IN TROOP 4 WORKING FOR PROMOTION

The Intermediate Girl Scouts of Troop Number 4 met with their leaders, Miss Palmer and Miss Gardner Wednesday afternoon at the leaders' home.

These Scouts, who are Tenderfoots, are working on the second class badges. At this meeting, the girls studied art. Free hand drawings were made and will later be transferred to cloth and painted.

Scouts attending the meeting were Nancy Eaton, Maxine Ballard, Rita Renfro, Marilyn Mittel, Betty Sue Allen, Nettie Kisselburg, Charlene West, Wanda West, Nina Jennings, Dorothy Nell Miller, Johnny Lois Johnson, Patsy Ruth Kinsler, Lois Lou Lomax and Kay Chalk.

BROWNIE GROUP DOES EMBROIDERY AT MEETING

The Brownies of Troop 5 met Monday afternoon in the Second Grade room. Their leader is Miss Emma Hamilton. The girls played games, gave the Brownie pledge and sang.

The art work was embroidering animals with wool thread.

Apples and candy were served at the close of the meeting. Attending were Betsy Ross, Wanda Ruth Morrow, Connie June Crumley, Glow Wanda Jefferies, Jean Ann Evans, Maybeth Rosson, Lou Ann Adkins, June Henderson, Barbara Mayhugh and Martha Neil Moore.

Officers that were elected at a preceding meeting are Martha Neil Moore, president; Jean Ann Evans, vice-president, and June Henderson, secretary.

Geo. S. Allison, Sutton Co. Pioneer, Observes 91st Birthday Anniversary

George S. Allison celebrated his ninety-first birthday Thursday at his ranch home. Only members of the family were present. At noon, a turkey dinner with all the "trimmings" was served.

Mr. Allison came to Sutton County, December 24, 1884, and brought a small bunch of cattle which he at once established on the free range. He has been a director in the First National Bank of Sonora almost continuously since its organization on May 15, 1900, and is now an honorary second vice-president of the bank.

He and the late Mrs. Allison, who was Miss Maggie Thronhill of Fort Worth, were married more than a half century ago. Their seven surviving children are, Curt Allison, Mrs. C. E. Stites, Miss Clara Allison, S. H. Allison and Mrs. Alfred Schwiening all of Sonora, and Mrs. Dolly McDermott of St. Louis, Mo., and H. P. Allison of San Angelo.

Attending the dinner were Mr. and Mrs. John Allison of Menard, Mr. and Mrs. C. E. Stites, S. H. Allison, Curt Allison and George Edward Allison of Sonora.

THURSDAY CLUB ENTERTAINED AT LABENSKIE HOME

The Thursday Bridge Club met at the home of Mrs. Lee Labenske Thursday afternoon. Mrs. John Cauthorn assisted the hostess. Vases of roses and perennial sweet peas were used as decorations.

Mrs. H. V. Morris received high score for the members and Mrs. Nellie Allen won high for the guests.

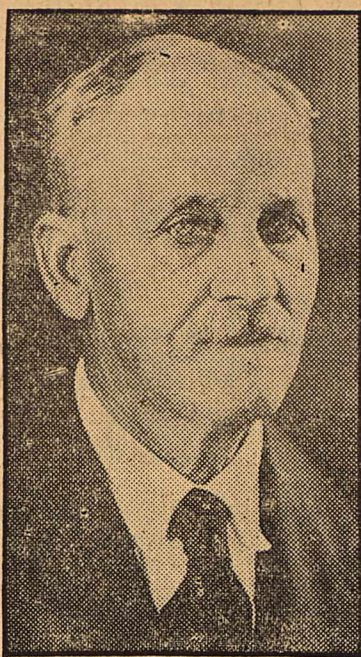

A salad plate and punch were served by the hostess. Present were Mesdames Arthur Carroll, Robert Kelley, J. A. Kring, Allen, B. C. McGilvary, Robert Rees, J. W. Trainer, Oscar Carpenter, Joe Berger, Morris and John Bunnell.

SONORANS VISIT IN MERTZON SUNDAY

Mr. and Mrs. John W. Hull Sr. and John William Jr., Mrs. Clyde Gardner, Mrs. Johnny Hamby and John Stanley, and Mrs. Carl Morrow and Jimmie spent Sunday in Mertzon visiting their nephew and cousin, Hayden Ellis, who has just received his discharge. Ellis was stationed in England during the war.

Mrs. Nettie Mae Roach and Mrs. H. S. Espy returned Tuesday night from Brady where they had spent several days visiting with relatives, Mr. and Mrs. Will Alexander of Galveston and Sid Espy of Brady.

Mrs. R. C. Vicars was in San Angelo Monday.

GEORGE S. ALLISON

Legion To Back Community Center

Members of the local American Legion Post, in meeting Monday night, went on record as being willing to support the building of a community center building, as has been proposed, providing the building is erected as a memorial to the Sutton County men who lost their lives in service in World Wars I and II. If the building is not erected as a memorial, the Legion will build its own, for which a fund has already been started. The Legion has been working on the idea of a memorial building since 1940.

At the meeting, Dr. I. B. Boughton was officially designated by the Legion as their representative on the 16-member committee in charge of making plans and raising funds for the community center.

Members voted to hold meetings in the future on each second and fourth Monday of every month.

GUESTS IN MACKKEY HOME

Guests in the Jack Mackey home the first part of this week were Jiggs Weldon, Mr. and Mrs. Bill Weldon and Mrs. Bert Majors, all of San Angelo. Jiggs Weldon has just received his discharge from the Marine Corps, with which he spent two years in the Pacific. He had the rank of captain when released. Bill Weldon, formerly a lieutenant in the Army Air Corps, was this summer released from a Japanese prisoner of war camp, where he had been held three months.

Mrs. G. H. Hall Is Hostess To 2 Clubs Tuesday

Mrs. G. H. Hall entertained the Just Us Club and the Idle Hour Club jointly Tuesday afternoon at her home. Room decorations were vases of dahlias.

After several games of bridge, the guests played bingo. Mrs. J. F. Howell won the club prize for high in bridge, Mrs. Josie McDonald, second prize, and Mrs. Dorothy Norris, high guest. Bingo prizes were won by Mrs. I. B. Boughton, Mrs. C. T. Jones Jr. and Mrs. C. A. Tyler.

Mrs. Hall served a salad plate to Mesdames Jones, R. A. Halbert, Paul Turney, Tyler, McDonald, C. G. Davis, Boughton, Howell, B. H. Cusenbary, E. F. Vander Stucken, Norris and J. H. Brasher.

George Wynn In Austria

A NINTH AIR FORCE FIGHTER-BOMBER BASE, LINZ, AUSTRIA—Warrant Officer George A. Wynn, of Sonora, Texas, is now in Linz, Austria, with the Ninth Air Force 79th Fighter Group. Wynn is adjutant of the 79th Group, which he joined in July in Italy.

Coming overseas in March, 1945, Wynn wears the European-African-Middle Eastern theater ribbon with two campaign stars, and the Distinguished Unit citation badge of the 79th Group with one oak-leaf cluster.

The 79th P-47 Thunderbolt group during combat operations flew in ten separate campaigns and five invasions, from 50 bases in eight countries. It has twice been cited by the War Department for outstanding performance in action. Recently, the late Pierre Laval, ex-premier of France, surrendered to the 79th after his flight from Spain to Austria.

Before coming into the Army, Wynn was county attorney of Sutton County, Texas, and practiced law in Sonora.

MISS MORROW ENROLLS AT SAN MARCOS ACADEMY

Miss Geraldine Morrow, daughter of Mrs. Carl Morrow, left last week-end for San Marcos, where she enrolled in the San Marcos Academy. Miss Morrow was accompanied by Mrs. Johnny Hamby and Mrs. Morrow.

Mrs. G. H. Hall has had as visitors the past week, her mother, Mrs. C. A. Creigh of Breckenridge, and her sister, Mrs. S. L. Bell. Mrs. Creigh and Mrs. Bell left last Sunday.

Beware Coughs That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion, which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. The Bank personnel is this week having a lot of fun out of a situation that was momentarily most UN-funny for the person involved.

—(½*?!&lb*½)—

Movement of livestock here during the past week has continued to be heavy. Most livestock passing through the stockyards went to C. T. Jones, Sr., who bought the following. Lambs: 858 from L. W. Elliott; 186 (blackface) from Ed Mayfield; 90 from E. E. Sawyer Estate; 24 from Jake Merck; 951 from Fred Cross of Rocksprings.

Calves: 17 from J. F. Hamby; 23 from John I. King of Eldorado; 100 from Paul Turney; 49 from Mrs. Lottie Bolt; 43 from Jack Turney; 21 from Lee Hyde, Rocksprings; 61 from Harold Friess; 77 from Fred Hagelstein, Ozona; 243 from George Bean, Ozona; 38 from Bascom Cox, Ozona; 119 from R. Meckel; 127 from Sawyer Estate; 9 from Harold Schwiening; 28 from Ben Cusenbary; 5 from Miss Nettie Word; 13 from Mrs. Luella O'Leary; 85 from Sam Jones, Eldorado; 32 from W. R. Cusenbary, and 20 from Theo Savell & Son.

Jones also bought ewes from the following: 272, Idadell Ranch Co.; 35, Tuff Whitehead, Del Rio; 150, R. L. Miers, Rel Rio, and 158, Dante Reiley.

—(½*?!&lb*½)—

Other livestock sales included the following:

Homer Byrd, 127 calves, to C. C. Bledsoe, San Angelo; R. C. Ward, Ozona, 115 lambs, and John Ward, 150 lambs, to Bob Boyer, Fort Worth; W. R. Cusenbary, 209 lambs, to Fred Baugh, San Angelo; Sol Mayer, 190 calves, to Mayer and Phillips, San Angelo; Tom Jacoby, 182 lambs, to Robert Kelley; Joe B. Ross, 84 calves, to Tom Farr; Willie B. Whitehead, 31 steers, Lee Whitehead, 116 steers, L. D. Whitehead, 78 calves, and Idadell Ranch Co., 32 calves, all to Price Stell, San Angelo; Idadell Ranch Co., 273 ewes, to Ralph Cooper.

—(½*?!&lb*½)—

The Sonora Wool and Mohair Co. this week shipped 33,000 pounds of 1945 12-months wool to Emory & Conant, Boston. Tom Parker made the purchase for the Boston firm.

—(½*?!&lb*½)—

The City Management this week is again asking citizens to keep their livestock penned up, as many complaints have been received about livestock running loose in the streets and on private property. At the beginning of the war, because of certain food shortages, the City relaxed ordinances pertaining to keeping livestock in the city limits. Abuse of the privilege of keeping livestock in town, however, will result in its again being banned.

All Of State To Take Part In Pan-Am Show

Statewide participation has been assured in the gigantic livestock parade which will open the Greater Pan-American Exposition in Dallas on Nov. 9, it was announced Wednesday by Delmo Johnson and Carl Sewell, Dallas businessmen who are serving as co-chairmen of the parade committee. John W. Carpenter, president, Texas Power & Light Co., is honorary chairman of the committee.

Every community in Texas has been invited to join in the parade. Cities and towns which have not yet arranged for participation were urged by Johnson and Sewell to send delegations appropriate to the spirit of the occasion.

Hundreds of horsemen and horsewomen, wearing frontier western clothing, will ride in the colorful pageant. Yoked oxen, special horse sections of palominos and paints, old-time western vehicles, and floats illustrating frontier ballads will be included in the parade. New-style and old-style Texas Rangers will participate.

All parade participants will be guests of the Exposition at a chuckwagon barbecue feed, to be held at the State Fair Grounds immediately following the march.

D. Burns, general manager, Pitchfork Land & Cattle Co., Guthrie, will judge the breeding cattle entered in the Exposition, according to an announcement by Jack Frost, Exposition president, and Lloyd Wheelock, president of the Texas Hereford Association. Capt. Robert B. Tate, Nolan County farm agent before entering the Army, will judge entries in the Junior Cattlemen's Baby Beef Show.

The Baby Beef Show will be judged Saturday morning, Nov. 10. Breeding animals will be judged Monday and Tuesday, Nov. 12-13. A premium list of \$20,000 makes the Greater Pan-American Hereford Exposition, to run through Nov. 18, the world's largest single breed livestock show of 1945.

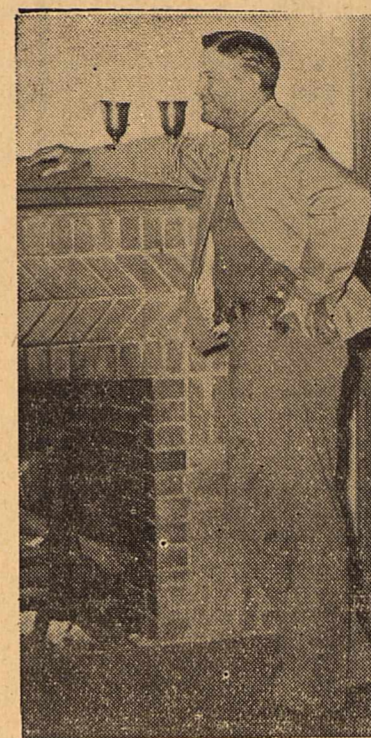

An International Championship Rodeo will be held, and strenuous competition is promised by Alex Mickle, Exposition executive director, in the four contest divisions. Some of the nation's best known bronc busters, bull riders, calf ropers and bull doggers will be entered in the competition. In addition, champion cowboys and special performers from this country, as well as from Canada, Mexico and South and Central America, will appear at the 12 rodeo performances.

Fred F. Florence, president of the Republic National Bank, is chairman of the Exposition's board of directors. Other members of the board and of various committees include a long list of the leading citizens of Dallas.

Rats Are Menace To Health, Says State Officer

AUSTIN, Oct. 25—Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases are known to be transmitted to man from the rat, according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. Typhus fever, in the past few years, has become a major health problem in Texas.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products."

The Doctor pointed out that rats,

like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places includes the employing of ratproof design in buildings, employing ratproof methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Radar Guarded Allied Leaders

(United Nations Photo) THE INVISIBLE ELECTRIC RAYS of that amazing scientific war secret—radar—can now be disclosed to have played a vital part in protecting the great conferences of Allied leaders. This picture shows British Air Force Engineers at the Great (or Cheops) Pyramid in Egypt with their radar equipment ready to detect any possible enemy air attack during the Cairo Conference, November 1943, between President Roosevelt, Premier Churchill and Generalissimo Chiang Kai-shek. The Khephen Pyramid is beyond. In the same way, the world's first chain of radar stations around the coasts of Britain was already in operation protecting that country a full year before the outbreak of the European war. They enabled the gallant few R.A.F. pilots to win the Battle of Britain in the summer of 1940 and were the first operational demonstration of a whole range of new applications with infinite beneficial peacetime uses.

TOIL CONSERVATION

Toil conservation, saving time and effort, has reached its greatest importance to the farmer today. This is why so many farmers have come to regard telephone service as a necessity to their daily work. They know that they can get business done in a few seconds by telephone that would otherwise take them hours of time and effort. We know that the farmer will find postwar improved rural telephone service an even greater instrument of toil conservation.
