# The Bovina Blade

"In The Agricultural Center Of Parmer County"

THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, JANUARY 20, 1960

BOVINA, TEXAS

VOL. V, NO. 30

## WHITTLIN'

BY DOLPH MOTEN

When it's Springtime in Alaska, it's zero degrees in Bovina.

There's been a lot of publicity across the country and a little discussion locally about the fact that Senator Ralph Yarborough isn't sure he wants his fellow senator, Lyndon B. Johnson, to be the Democrats' nominee for president.

This puts this department in an embarrassing situation, from a coffee shop standpoint, since we've been "for" both these politicians in the past.

We think it would be nice if Yarborough could go along with Johnson. But since he can't, or didn't, we see no need to fall out with Yarborough. He didn't promise to do just exactly as we wanted him to, remember, when we elected him.

And the fact that Johnson doesn't have Yarborough's support won't hurt his presidential chances to any great extent.

However, should Johnson get the nomination, you watch Ralph Yarborough, who has been tabbed as a Democrat's Democrat, join in and do his best to see that Johnson is the next president of United States.

In Yarborough's defense, too, we want to remind you that he has possibly the most sympathetic ear in Washington when it comes to the problems of High Plains grain sorghum producers.

How's that for riding the fence in this particular controversy...?

Week by week, we become even more proud of our Weather by Willie feature. It's as accurate as a \$500 compass.

Jimmy McGuire, our good friend at Oklahoma Lane, says he reads that feature in The Blade whether he reads any of the rest of the paper or not. That didn't make us feel a whole lot better, but it was a fine compliment, we thought, for the weather feature.

While we're bragging on The Blade's weather reporting, we want to knock the tremendous amount of time television stations take up with the weather.

We feel sure the amount of time stations devote to the weather is no more than their viewers want or demand.

And if such is the case, we're certainly not an ordinary viewer. It's sure too much for us. Only good thing about it as we see it is that it's an excellent opportunity to take a nap between shoot-em-ups.

Willie can tell us all we want to know about the weather in a couple of short sentences.

There's a story in this issue about Roy Crawford's welding course. We told you here several months ago that this might happen. You might learn something if you attend.

Back to our basketball attendance crusade we started last week:

Bovina teams play Nazareth here Friday night with the first game starting at 6:30. That is if the weather and the flu epidemic permit.

Nazareth boys are riding on top of district standings with a 2-0 record. The Mustangs are even with a 1-1 mark. It would be a feather in the locals' hats if they could knock the Dutchmen off the top rung.

They stand a good chance to do just that.

Bovina's Fillies are last in the girls' division of the district race, 2-0. Nazareth is the top team. Therefore the girls' end of that doubleheader should also prove to be interesting.

Bovina's maroon and white didn't build its fine basketball reputation without pulling an occasional upset.

If you haven't had the flu yet this winter, just wait a while...

## Mother Dies In Haskell

Mrs. T. J. Hodgkin of Haskell, mother of Mrs. Dennis Williams of Bovina, passed away January 12.

Services were in Methodist Church of Haskell on January 13. Interment was in Haskell.

# Flu Epidemic Closes School

## Reelect Bank Directors

First National Bank stockholders elected the same directors Thursday in the annual meeting.

The Directors in turn elected the same officers. Warren Embree was re-elected president, Dick Martin, assistant cashier; L. M. Grissom, chairman of the board; and Joe B. Temple, vice president.

Seventeen stockholders attended the meeting.

The stockholders voiced their appreciation of the bank's growth, revealed in the statement of condition published rehelped by county funds placed in the bank for the first time but the stockholders recognized that other deposits also show a "substantial growth" by the bank.

Mr. and Mrs. Odis White returned from California last Sunday after visiting with their son and family, Mr. and Mrs. Bob Kelly, in Salinas. They also visited in San Francisco, Vallejo, Hillsboro, and Virginia City, Nev.

## THURSDAY NIGHT--

# Group Sets Meeting On Quail Importation

The newly-formed Parmer County Game Management Assn., defeated in its pheasant importing project, will attempt to launch a similar program for quail at a meeting Thursday night.

The meeting is scheduled for 7:30 in the American Legion Hall in Bovina. Efforts are being made to get interested people from throughout the county to attend.

## RACE OPEN--

# Sherrill Won't Run Again

Bovina's mayor race was thrown wide open last week when J. E. Sherrill, announced that he "definitely will not" seek reelection.

Sherrill has served as head of city government for four years, two full terms.

"The job takes lots of time, usually about half a day each week," Sherrill said.

Deadline for filing in the mayor's election is February 28. The election will be April 5.

The mayor's position pays a salary of \$5 per regular city commission meeting and \$3 for called meetings.

No candidates have filed for the position. City commissioners have another year to go on their terms. The mayor and commissioner elections are staggered so that one of them will be experienced when the other is inaugurated.

GRAND OPENING -- Sudderth Oil Co. which features Deep Rock products and is Bovina's newest station, will observe its grand opening Saturday. Owned by Billie Sudderth, the business is on Highway 60.

## Win, Lose In Tourney

Playing in an eighth-ninth grade basketball tournament at Friona Monday, Bovina teams took one and left one.

Eighth grade boys won over Lazbuddie, 23-12, and freshman girls lost to Lazbuddie, 40-20.

Freshman boys and eighth grade boys play Thursday and all four teams will play again Saturday.

## AT AG SHOP--

# Welding Class Set Next Week

A welding school, sponsored by Bovina FFA Chapter, will be conducted next week.

The school will run through Monday, Tuesday and maybe Wednesday. A session will be conducted Wednesday if enough students want it, according to Roy Crawford, FFA advisor.

The adult school will have E. M. Golden, representative of Forney Welder Co., as an instructor.

"Instruction will be given to beginners and some advanced instruction is planned for those who already know something about welding," Crawford said.

"Arc welding will get most of the emphasis but we hope to have time for some acetylene instruction also," Crawford said. Crawford says that pre-registration for the school is not necessary, but he would like to

have some idea how many plan to attend.

Three permanent welding machines in the high school agriculture shop are available and Golden will bring one or two machines according to Crawford. About 20 students can take the training.

Price of the school is \$1 per session. The proceeds will pay for welding rods and other supplies used by the students. Sessions will last from two to three hours each.

## WEATHER

BY WILLIE

More winter -- More moisture. -- Willie

## 95 Absent In Grades Monday

Because of a flu epidemic, Bovina Schools were closed Monday afternoon for remainder of the week.

The epidemic left the total of absentees in grade school at 95 Monday. This is 22 per cent of enrollment.

With Superintendent Warren Morton in a Clovis hospital with pneumonia, School Board President Bob Wilson consulted County Health Officer Dr. Paul Spring. Dr. Spring advised that school be closed the remainder of the week.

Reasons for that length of time were because it would take a minimum of five days to help the situation, and it was felt that much time would be necessary to avoid exposing other

students to the disease.

The type flu which is in circulation is highly contagious. Also, school officials felt it wasn't fair to those students who were absent because of sickness to cause them to miss so much school work.

The epidemic isn't especially noticeable in high school, Principal Roy Whisler reports. Only nine students were absent in that division. "We've had more than that when there was no epidemic," Whisler explains.

Three teachers were also out of grade school due to flu. It's possible, but not probable, that school will be held on Saturdays to make up for time lost due to the epidemic.

## SUNDAY--

# Sleigh Crash Injures Four

Four Bovina people were injured in a snow sleigh crash about 2 p. m. Sunday on Eighth Street.

The accident occurred when the station wagon-towed sled crashed into back of a pickup. The sled was an automobile hood.

Injured were: Joy Redden, who was knocked unconscious; Harriette Charles, who received a gash above her left eye;

Mrs. Mark Charles and Marilyn Brandon, who suffered bumps and bruises.

Billy J. Charles, who was also on the sled, escaped uninjured.

Those hurt were taken to Parmer County Community Hospital in Friona by Ramey Brandon following the accident.

Driver of the station wagon pulling the sled was Mark Charles.

Miss Redden remained in the hospital overnight for observation. Others were treated and released.

JACK YOUNG

## Jack Young Announces For DA Post

This newspaper has been authorized to announce the candidacy of Jack Young of Muleshoe for the office of District Attorney for the 154th Judicial District, subject to the May, 1960, Democratic Primary election.

In announcing his candidacy, Mr. Young made this statement: "It is with the sincere desire to be of service to the citizens of this District that I seek the office of District Attorney for the 154th Judicial

District, composed of Parmer, Lamb and Bailey Counties.

As to my reasons for feeling that I am qualified to hold this important office, let me briefly list a few biographical facts.

I am a native of Texas, attended school at Muleshoe, and received a BA degree from Texas Technological College and a law degree from the University of Texas. I am married and have a three year (Continued on last page)

ENMU BIBLE CHAIR CHOIR -- Under the direction of Bill Blackstone, this group provided an inspirational program for members of Bovina Church of Christ Wednesday evening. Also on program were speakers from the Chair, which Bovina Church of Christ is helping to support financially.

## FILLIES LOSE--

# Ponies Beat Cowboys On Hot-Cold Effort

Bovina Mustangs sputtered, then sputtered, then battled back to take a 33-29 win over Happy there Friday night.

The Fillies fell to the highly-regarded Happy girls 45-25 in the first game.

The Ponies led until late in the final period when a 13-point Cowboy streak tied the score at 27-27. Roger Ezell, who led the Ponies with 13 points, hit a field goal to give Bovina a 29-27 margin but the Cowboys

came fighting back to tie again.

Ezell again found the range with a long shot and Don Caldwell iced it away for Bovina with two free shots.

The Ponies had a 6-5 first quarter lead, increased it to 15-8 by halftime and were in a commanding 12-point lead when the fourth quarter began with a 27-14 advantage.

But Happy meshed 15 points in the last period while the Ponies could manage only six.

In the first game, the Fillies jumped into a six-point lead in the first quarter but couldn't hold their advantage.

Cynthia Patterson led Bovina scoring with 11 and Ruth Francy was high for Happy with 16. Tuesday night Bovina dropped two games to Lazbuddie on the latter's home court.

The Longhorns were pre-season favorites to nab the 2-B crown but the Mustangs gave

them a scare before losing by four points. Friday night Lazbuddie stirred up a hornet nest at Nazareth. The Longhorns were knocked from the district lead by a 31-30 loss. Lazbuddie's girls also lost.

Nazareth also owns wins over Hart and a 2-0 district mark. Bovina met Nazareth week before last in the Dimmitt tournament and won easily 46-35. The two teams will meet again Friday night in a district game.

# THE BOVINA BLADE

Dolph Moten, Editor & Publisher

Second-Class Privileges Authorized at Bovina, Texas. Published at Bovina, Texas, Every Wednesday.

## Next 10 Years?

With the decade of the 60's beginning, it's comforting to look back at the growth and progress accomplished in Bovina in the past 10 years and a challenge to make the next 10 even more productive.

As late as 1955 when The Blade was established here, Bovina was a struggling community with a population of about 600. Since then paved streets, sewers and a modern water system have been added by the city. But the most important thing Bovina can boast about is its population increase -- from 600 to 1500 in five years.

Businesses have been built, not in a boom-town fashion but steadily so that Bovina firms now number around 70.

Many things are lacking, but progress has been good during the last 10 years. If people don't abandon the idea that Bovina has a bright future, progress in coming years can far surpass that just accomplished.

Steps that have been taken so far will make those yet to be taken much easier. Improvements such as paving, sewers, water and zoning ordinances give prospective citizens and business people confidence in Bovina and its future. They are more likely to cast their lot with a town that is growing but as yet has had no severe growing pains.

Rough edges still exist, however, that cast a vote against Bovina when one is looking for a community to settle in. Law enforcements is inadequate. One man, regardless of how well qualified he is, can't protect the town 24 hours each day. A night watchman is a glaring need.

A drive through certain areas of Bovina reveals another rough spot that is really rough -- the streets. While paving was probably the best improvement made in the '50's, the job was only partly done. When a person, institution, or community starts looking back with pride and fails to look ahead with anticipation, progress doesn't stop, it retreats.

People who need medical attention now have to drive to another town for it. A doctor is a necessity, a hospital something to set our sights on. Those who think these goals are distant and unattainable are out of step with this community.

J. V. S.

## JP Report

Paul Thomas Moses was fined \$40.50 in JP court December 24 for being drunk in his car.

Cristoval Castillo paid a fine of \$16.50 for improper

starting of car December 28. He drove through Super Save-way's plate glass window.

Pete Quiroga was issued a ticket for driving with no license.

## Battle Border

Little known facts about Texas boundaries.

(No. II of a Series)

The first Texas-New Mexico boundary fight came close to going down in history as a shooting war between Texas and the United States.

"Texans were so mad they threatened secession and war," Attorney General Will Wilson said.

Wilson is right now fighting another battle for Texas boundaries--the tidelands suit before the Supreme Court of the United States.

Background for the Texas-New Mexico fight began with the 1819 treaty which settled the western limits of the United States, establishing the eastern boundary of Texas at the Sabine River.

Many people at the time, including Thomas Jefferson, thought this a bad bargain. They believed the boundary should be the Rio Grande.

As it turned out the treaty featured built-in headaches brought out later in an Oklahoma-Texas dispute.

In 1821, Mexico revolted from Spain, falling heir to the Spanish lands south and west of the United States. This included Texas up until 1836 when Texans won their independence at San Jacinto.

One of the first acts of the new Republic of Texas was to draw up a declaration of its boundaries, fixing three leagues in the Gulf of Mexico, which is now being fought out in the tidelands case, and claiming the Rio Grande to its source in present day Colorado.

This gave Texas the eastern half of present New Mexico and a large part of southern Colorado.

U. S. Senator Thomas Hart Benton of Missouri voiced Mexico's complaint by saying the Texas boundary was "an act of unparalleled outrage on Mexico."

"It is a seizure of 2,000 miles of her territory without a word of explanation to her," he raged.

Kingpin of Missouri politics, Benton used his rugged strength to fight Texas to the end--his end as it turned out to be.

In the 1844 Congress Benton successfully opposed a treaty that would have admitted Texas to the Union. Six years later he shook Texas and disrupted Congress by introducing a bill to reduce Texas to 150,000 square miles (about the size of Montana) with the right to divide it into two states of 75,000 square miles each.

"This bitter stand on the Texas question eventually de-

feated Benton after he had served 30 years in the Senate," Wilson points out.

Wilson, who has an extensive library on Texas history, likes to quote a description of Benton.

"--all the Senate knew that Thomas Hart Benton was a rough and tumble fighter off and on the Senate floor--no longer with pistols but with stinging sarcasm. He himself was immune to the wounds of these political clashes from which his adversaries retired bleeding and broken. For his great ego and vigorous health had him thick skinned mentally as well as physically."

Wilson particularly likes this part.

"The leathery quality of his skin was in part the result of a daily brushing with a horse-hair brush--when asked if the brush was truly rough, Benton would roar: 'Why, sir, if I were to touch you with that brush, you would cry murder, sir!'"

The next article will describe how the Federal government bit off a large chunk of the territory and paid Texas fifteen cents an acre for it.

In claiming the Rio Grande to its source in present day Southern Colorado, the Republic of Texas was faced with establishing possession.

Attorney General Will Wilson points out:

"Since possession is nine points of the law, the Texas weakness was its claim to a chunk of territory not occupied by settlers or patrolled by militia."

In the northwestern reaches of the Texas' claim was old Santa Fe.

"Lamar, President of the Republic of Texas, figured that if these people would consent to becoming Texans it would go a long way toward solving the problem of actual occupation," Wilson says.

The Attorney General is an authority on Texas history.

Out of Lamar's idea sprang the disastrous Santa Fe Expedition. The real purpose was to persuade the New Mexicans peacefully to accept and recognize the jurisdiction of the Republic of Texas.

Over 300 men, including traders and soldiers, left Brushy Creek near Austin.

"I have a goat ranch on Brushy Creek and I cherish the old camp site which is on the site of Kinney's Fort about two miles east of present Round Rock," Wilson observes. The site is recorded by a marker erected by the school children of Williamson County.

They thought Santa Fe was only 500 miles away. It turned out to be 1300 miles in the long way the expedition traveled.

Three months on the trail, Indian attacks, starvation, and poor leadership put Texans in New Mexico in no condition to defend themselves from the sudden appearance of the Mexican militia.

As captives they were marched 2,000 miles to Mexico City under the order "If one of them pretends to be sick or tired on the road, shoot him down and bring me his ears."

Forty Texans died on the march. Those who lived were put in the dark dungeon of Castle Perote and in other Mexican prisons with lepers and criminals.

News of the Texans' fate reached the United States in January, 1842. Enraged, the Texas Congress resolved to annex all of Chihuahua, Sonora, New Mexico, Baja and Alta California and parts of Tamaulipas, Coahuila, Durango and Sinaloa.

"They believed that if Texas

was going to war with Mexico they might as well make it worth their while," Wilson explains.

"Instead of fighting over half of New Mexico they would scrap over the whole hog. It is interesting to note that President Sam Houston vetoed the measure because he feared it would be taken as a bit of legislative horseplay."

Congress, however, immediately passed it over his veto.

Texans wanted war but had no money, troops, or equipment.

Hurry is the weakness of fools

LOUIS PASTEUR WROTE: The greatness of human actions is proportioned to the inspiration that engenders them. Happy is he who bears within himself a God, an ideal of beauty, and who obeys it; ideal of art, ideal of science, ideal of country, ideal of the evangelical virtues. These are the living wells of great thoughts and great actions. All of them reflect light from the infinite.

PUZZLE  
The city vendor was trying to outdo the farmer in buying some of his farmland. "Tell you what I'll do," said the farmer. "I've got a good piece I'll let you have cheap. It's a triangle, and the longest side is 200 rods and the other two sides are 100 rods each. Don't know how many acres there are, but you can have it for \$100."

"Sold," said the vendor happily, handing over \$100. Now, if there are 160 square rods to the acre, how many acres did the vendor get?  
You can perhaps best picture the answer by sketching the plot the slicker bought. Draw a triangle allowing 100 rods to the inch.

Success is a result, not a goal

BY BAPTISTS--

# Work To Start On Church

Bond sale by First Baptist Church of Bovina is "practically closed," according to Roy Whisler of the church's building committee.

Within the week since the bond campaign started, \$73,000 worth of the securities has been sold and another \$10,000 is tentatively sold.

"We will probably start on the building sometime next week," Whisler said. "Weather may interfere but foundation

work should be started by the last week of this month."

Killingsworth Construction Co. of Dimmitt will build the \$85,000 structure, which will include new educational rooms and a 550-600, capacity auditorium.

The church will meet in the old auditorium until the new one is complete. The new structure will be where the old one presently sits. The old auditorium will be moved to the rear of the lot.

## Crash Victim Dies

A Lubbock man critically injured in a one-car accident near Farwell last week died Tuesday, reports Sheriff Chas. Lovelace this week.

William D. Crawford, 25, received severe head injuries in the wreck after he lost control of his car and skidded sideways on the wet pavement into a tree on Highway 70-84 last Wednesday night.

Ironically, another wreck of

similar circumstances occurred in almost the same spot Sunday afternoon. Jerry Ellis, 19-year-old Houston youth, wrecked his 1954 Chevrolet when he lost control of it after skidding on some ice. He collided with three trees, but was not injured.

The location of the two wrecks is about a mile east of Farwell. The highway curves at that point.

## Of Interest To THE WOMEN

**SILVER TEA** -- Hostesses for celebration of Women's Society of Christian Service twentieth birthday in Bovina Methodist Church parlor were Mrs. Billie Sudderth, Mrs. Rouel Barron, and Mrs. Vernon Willard. Charter members and new members of Bovina WSCS were honored guests.

### Women's Society Celebrates 20th Year With Silver Tea

In observance of Women's Society of Christian Service's twentieth birthday in Bovina Methodist Church a silver tea was celebrated Tuesday afternoon.

Hostesses for the occasion were Mmes. Billie Sudderth, Vernon Willard, and Rouel Barron.

Mrs. Warren Morton, WSCS president, extended the welcome and introduced Mrs. L. W. Quickel who read scriptures pertaining to missionary work. Mrs. Frank Hastings, a charter

member, read a list of other charter members of WSCS who were honored guests. Those present were Mrs. L. M. Grissom, Mrs. Wilbur Charles, Mrs. Quickel, Mrs. W. E. Williams, and Mrs. Vernon Estes.

New members of WSCS were honored by Mrs. Leon Ware, president of Friendship Circle. They were Mrs. Don Vance and Mrs. Leon Grissom, who was unable to attend.

New members of Wesleyan Service Guild, Mrs. Dolph Moten, Mrs. Mack Ragsdale,

and Mrs. H. J. Charles, were honored by Mrs. Fleeta Terry, Guild president.

A program on missionaries in the Belgian Congo was given by Mrs. Terry and Mrs. Bedford Caldwell. Mrs. Jimmie Charles, accompanied by Mrs. Vance, sang the International WSCS Hymn.

The tea table was laid with a blue and white linen cutwork cloth. Tea and coffee were poured from a silver service by Mrs. Barron. Mrs. Sudderth served blue and white birthday cake.

Guests placed their offering to conference daughters in a silver bowl in the center of the serving table.

Those attending were Mmes. Sudderth, Willard, Leon Ware, John Dixon, Barron, Jimmie Ware, Grissom, Davis Edens, Jimmie Charles, E. M. Ware, George Turner and Warren Morton.

Also Mmes. Estes, Caldwell, William Thornton, Hastings, Wilbur Charles, Moten, Mark Charles, Terry, Bob Wilson, Vance and Ragsdale.

### Bovina HD Club Quilts For MOD

Mrs. T. J. Hopingardner was hostess for a luncheon meeting of Bovina Home Demonstration Club Friday.

During the afternoon a business session was conducted and ladies quilted on a quilt to be donated to March of Dimes.

Several members were unable to attend due to illness. Those present included Mmes. Earl Dean Boyd, Alfred Mills, Mabel Newberry, Howard Looney and

**DISHING OUT GOODIES** -- Fruit salad in huge quantities is being dished into serving sized paper dessert cups for hungry students of Bovina school by Mrs. Sikes, Mrs. Wassom, and Mrs. Ezell. They prepare food for more than 300 each school day.

**CHIEF BREAD MAKER** -- Mrs. Wines keeps the school cafeteria filled with the aroma of baking bread each day. Mrs. Joplin is in charge of preparing main dishes.

**SURE DOES LOOK GOOD** -- These first grade students are looking over food that will be placed on their plates. Several high school girls assist kitchen employees with serving students.

Eddie Redden. Mrs. John Sikes will be hostess for the club's next meeting, February 5. HD agent Jimmie Lou Wainscott will be present for this meeting.

### WHAT A JOB--

# Feed 390 Mouths

BY WANEEN RAGSDALE  
Under the capable direction of Genevieve Ezell, the task of feeding lunch to approximately 390 hungry students and teachers in Bovina school system each school day is accomplished.

First grade students begin filling past the wash fountains and automatic hand dryers at 11:30 and within forty-five minutes everyone in the school has been served.

Carrying out a well-planned efficient system are workers Mrs. Opal Wines, Mrs. Helen Wassom, Mrs. Barbetette Sikes and Mrs. Doris Joplin. They are assisted by several students during the rush period.

These students work for their lunch. Small chores are also given to a number of students.

Employees begin their day's work at 8 a. m. and usually finish by 2 p. m. They have stainless steel equipment to make their job easier and

faster. It is hard work, nevertheless, with the huge pots and pans to be carried and cleaned. In the clean-up section is an automatic dishwasher, but even with aid to washing the "mountains of dirty dishes," all pots and pans have to be washed by hand.

The dining hall and kitchen are mopped thoroughly once each week.

Mrs. Ezell plans menus on Friday for the following week. She feels by planning for only one week ahead there is less waste and she is able to serve fresher foods at lower prices. She said it would be impossible to serve a balanced meal of such high quality for 30 cents without government aid. The government contributes large quantities of staples and canned goods, such as meat, flour, meal, sugar, butter, and canned fruits and vegetables. About the only local purchases are perishables.

### Mrs. Charles Brings Study

Mrs. Jimmie Charles brought a program on "Town and Country" study recently completed by Marzie Lynn Circle to members of Friendship Circle of Bovina Methodist Church in the parlor Friday afternoon.

A short skit was also presented by members of Marzie Lynn Circle, Mrs. Rouel Barron, Mrs. Frank Warren Morton, and Mrs. Frank Hastings. Title of the skit was "Dirt Under Their Feet."

In the absence of the chairman, Mrs. Dorothy Ware conducted a short business session.

A regular Friendship Circle meeting will be Friday afternoon with Mrs. Vernon Willard as hostess.

### Quilts For Boys Ranch

Members of Thrifty Club quilted a quilt for Boys Ranch Wednesday in the home of Mrs. L. M. Grissom.

Refreshments of sandwiches, pumpkin pie topped with whipped cream, coffee and hot tea were served to nine members and one guest, Mrs. A. E. Sanders of Higgins. Members present were Mmes. J. T. Jones, E. M. Ware, G. A. Bandy, Wilbur Charles, H. N. Turner, J. D. Stevens, C. R. Brandon, H. H. Kelso and Miss Lola Grissom.

Next meeting of club will be January 25 with Mrs. Kelso.

### Bible Chair Gives Program

Ladies of Bovina Church of Christ were hostesses for a covered dish supper in Bovina Women's clubhouse Wednesday evening. The meal was served buffet style to approximately 148 including guests from ENMU Bible Chair, Portales.

The group moved to the church for a program. Billy Mayfield discussed the church's financial report and Billy Marshall gave members their challenge for 1960.

Steve Eckstein, Bible Chair director, introduced Bob Matheny, public relations director, who discussed the work of the Bible Chair. The Portales Bible Chair is only one in 30 such schools offering BA and Master degrees in Bible.

Eugene Byrd, instructor at the Bible Chair, discussed future needs and plans of the organization.

Bill Blackstone introduced 17 students who entertained by singing several religious selections, under his direction.

### Lingerie Shower For Bride-Elect

The Eddie Redden home was scene of a lingerie shower Friday afternoon for Miss Avis Williams, bride-elect of Julius Bradshaw. Hostesses were Misses Joy Redden, Harriette Charles, Carolyn Crump, and Patsy Richards.

Refreshments of sandwiches and Cokes were served to guests, Virginia Embree, Verna Marie Estes, Penny Lloyd, Lavonia Newbrough, Marylyn Turner, Patricia Patton, Janice Leake, Kay and Lezli Williams, Sandra Ware, Sandra Martin, Charlotte Morris, Suezzy Estes, Arlene Clayton, Jackie Davies, Eileen Williams, Marilyn Brandon, Barbara Rea, Linda Gilreath, Floye Smith, and the honoree's mother, Mrs. Dennis Williams.

Louise Tomme of Lockney is visiting in Bovina this week with Mr. and Mrs. Joe Pinner. She is Mrs. Pinner's sister.

### Wandering with Waneen

by Waneen Ragsdale

If you haven't had it -- it's likely that you will. Myself, am already feeling it coming on. Hope it's only my imagination.

Hope some of our population stay well long enough to aid the ill ones until they are well enough to take care of them.

Supt. Warren Morton is confined to Clovis Memorial Hospital with pneumonia. Mrs. Morton said he will have to remain there all week. Warren, who is rarely ill, is taking it pretty hard, laughed Mrs. Morton. Just goes to prove -- when the man of the house is sick -- he really is SICK. We wish him a speedy recovery.

There were substitute teachers running loose everywhere at school Monday morning. Mrs. Wilkinson told us her phone nearly rang off the wall all day Sunday. It was sick teachers trying to find a substitute to take their place. Mrs. Hammonds was successful.

Mrs. Bob Wilson was teaching for Ellen Estes, Mrs. Don Vance had charge of Mrs. Rigdon's fourth grade. We don't know who was teaching for Mrs. McElroy.

Patsy Edens was out early Monday morning making the rounds for her sick family. She was the only member not confined to bed with that mean 'ole flu bug. Mothers can't get sick in a situation such as that. At least we hope not.

Roy Whisler was a man of mixed emotions Monday. He couldn't decide where his loyalty should be -- at home with his ailing family, or at school. He was at school making periodic calls home to see that all was well.

Their daily average attendance records were really taking a beating with 22% absent. "To school or not to school -- that was the question."

Bob Wilson told us they are considering holding classes on Saturdays when weather is more favorable. This would make up lost days so school could let out sooner in the spring. Mr. Wilson said members of our school board would welcome parents' and teachers' opinions on this matter.

Mrs. Bob McMeans has our complete sympathy. Her boys were home all last week due to illness. She could hardly wait until Monday when they could return to classes. Wouldn't you just know when hers were well, they would decide to dismiss for five days.

June, we read an article in Readers Digest over the week-end on a sure cure for that "Over-Tired" feeling mothers

### Mrs. Corn Study Club Speaker

Mrs. Ann Corn was guest speaker at regular meeting of Bovina Woman's Study Club Thursday afternoon. Her topic was an account of contemporary homes and their effect on present way of life.

Following Mrs. Corn's talk, Mrs. Joe Brown presented an amusing article on homes of tomorrow.

Prior to program was a short business session. During the social hour, hostesses - Mrs. Lela Shockley and Mrs. Mabel Ellison served refreshments of coffee and fruit salad.

Attending were Mmes. Arlin Hartzog, Earl Stevenson, Ike Quickel, Charles Ross, Amos Shockley, Buck Ellison, A. B. Wilkinson, Clarence Gauntt, Reagan Looney, Tony Ivy, Cecil Berry, Mrs. Joe Brown, and guests, Mrs. Corn.

occasionally suffer from. Instead of the mother taking tranquilizers -- give them to your husband, children, and dogs.

John Artie Kunselman had a close call Sunday night. He suffered a severe attack of

(Continued on page 6)

### Willards Host Couples Club

Mr. and Mrs. Vernon Willard were hosts to Thursday night couples bridge club last week. Guests were served dips, olives, cake, coffee, and Cokes.

Those present included the Jimmie Wares, Leon Wares, Oakley Stevensons, Don Vances, Durward Bells, Jim Hemkes, Jack McCrackens, and hosts.

Mrs. Bill Venable is reported to be in satisfactory condition after surgery in Friona Monday morning.

Envy is a kind of praise --Gay

### Minstrals Club Program

Carrying out a theme of "The Minstral Singers From France and Germany" was Mrs. Margaret Caldwell, teacher of B Sharp Music Club, at their Friday afternoon meeting.

Mrs. Caldwell also told story of opera by Wagner, "Des Miester Singers," and played the grand march taken from this opera.

Students also studied music from Scotland, Ireland and Egypt. Gwen Christian was high

### GOOD ACTIONS

Words are good, but they are not the best. The best is not to be explained by words; the spirit in which we act is the great matter.

### Friends Invited To Bridal Shower

A shower honoring newly-weds, Mr. and Mrs. Bill Burnam, will be Saturday afternoon at 3 in Bovina Women's Clubhouse. Hostesses invite all friends of the couple to attend.

### Feed 390

(Continued from page 4)

Last year the cafeteria showed a profit.

Each summer workshops for lunchroom workers are offered by Texas Tech College at Lubbock.

Mrs. Ezell said these schools are very helpful. One suggestion of these schools is not to serve hamburgers too often because they are more trouble to prepare in large quantities and they do not contain as much nutrition as other dishes.

Menus for each day have requirements. Each lunch must contain two ounces of meat or meat substitute, bread, one-half pint of milk, a serving of butter or margarine and two vegetables or fruits. A food containing Vitamin C must be served daily. A Vitamin A source must be served twice a week. Desserts are optional.

Each member of the staff has a specialty. Mrs. Wines is in charge of bread. She also makes all pastry desserts.

It would be impossible to calculate how many rolls she has prepared during the eight years she has been employed by the lunchroom. There are 15 bread trays that hold 35 rolls served each day. Students are served hot rolls or corn bread everyday, with the exception of when they have hamburgers.

Mrs. Wassom prepares fruits and vegetables. In charge of meats and main dishes are Mrs. Joplin and Mrs. Sikes.

Another time consuming job each day is slicing eight pounds of butter into serving size patties. When potatoes are to be served the staff peels more than a hundred pounds.

To quote Mrs. Ezell, "There is hardly ever a dull moment."

### Superintendent's Monthly Message

BY WARREN MORTON  
The weather has done a good job of confusing us as well as some weather men (not Willie - the local weather man) with regard to having school or declaring a non-intended holiday. We do appreciate the patience everyone has shown as well as the fine cooperation. Usually publicity is hard to get, but not so with us. Last week Bovina was included in an Associated Press story as not having school and no one knows how it happened. Anyway we had school - and thanks to Our Parents we had pretty good attendance in spite of the big snow. We feel that a lot is lost when we have to turn out school for the weather and we will do our

best to have school unless conditions become extremely hazardous. We do appreciate it when you call us and tell us what conditions are like at your place. \*\*\*\*\*  
Only two weeks remain to pay current school taxes (as well as city and state and county taxes) before they become delinquent. At the first of January approximately 70 per cent of the current taxes had been paid which is much better than at the same time last year. However, last year's January collections were better than usual and at the end of January last year 95 per cent of collections were in. We are hoping that this year's collections will be better. While we are on the subject -- may we remind you that you should get your moneys' worth from payment of your poll tax for

1960. I doubt if Mr. Voter has been offered the challenge that is comparable to the one he will get in 1960. PAY YOUR POLL TAX. \*\*\*\*\*  
It makes Teachers feel real good when students are serious about their studies as has been the case during this mid-semester exam period. Our desire is that we might retain some of this spirit throughout the entire year. It is different when parents tell us they can't even get their children to go out and eat with them because of study. We can hope that many of our students learned to enjoy studying -- when this happens life has a real meaning. \*\*\*\*\*  
On the national and state level there is much talk about curriculum revisions. I believe the trend is in the right direction -- we are experiencing a return to drilling for fundamentals and we are shying away from the so-called Progressive education which we have heard so much about in recent years. I believe we will see some changes in our curriculum in the next three years that will please parents a lot. I am convinced that our modern students are more eager to learn than in any period of my lifetime. I just hope that we will be able to steer clear of frustrations and lead them in the right way. It will take all of us working together to do this.

### Wandering

(Continued from page 5)  
croup. Daddy Pat kept him breathing with mouth to mouth respiration until Otho Hammonds arrived with a resuscitator. They called ahead to Clovis and their doctor was waiting for them at the hospital when they arrived with John Artie in the back of Hammonds station wagon. He spent Sunday night and Monday in an oxygen tent and is now reported to be improving. John Artie's grandmother, Mrs. John Wilson, said they are hoping the little gentleman can be home for his fourth birthday on Friday, January 22. We all hope he has a most happy birthday and many joyful returns of the day. \*\*\*\*\*  
We attended the program presented by ENMU Bible Chair Church of Christ last Wednesday evening. It was an outstanding program and well attended for a mid-week service. Bill Blackstone's group of singers were splendid. We'd also like to commend members of the church on being so friendly and making visitors feel so welcome. \*\*\*\*\*  
The old Adirondack guide says he sees no sense in going fifty miles to fish when he knows many places just as poor close to home.

## County Will Aid Fire Departments

City-owned fire departments in the three incorporated communities of Parmer County will get a financial boost from the county starting this year, commissioners decided last week. For a number of years, spokesmen for the city departments, which are supported wholly by taxes collected within the limits of the communities in which they are situated, have maintained that it is not fair for in-town residents to share all the burden of fire protection. They point to the frequent runs into the country, and say that this protection is going unpaid-for; or, rather, it is being paid for by city residents while it is a service to rural areas.

At times, delegations of firemen have called on the commissioners' court to seek all or partial reimbursement for expenses incurred in making such calls. Last week, the commissioners acknowledged the inequity by granting financial cooperation with Bovina, Friona, and Farwell departments. All will receive \$750. No action was taken by the court to indicate this will become an annual custom, since they felt that they were not in a position to bind future court sessions, but observers privately feel that this action will set a precedent for yearly participation so long as the county's financial position remains relatively healthy.

## Moved Jack Young

(Continued from page 1)  
old daughter. Since January 1, 1957, I have been serving as County Attorney in Bailey County, and in this capacity have had considerable experience in the prosecution of criminal cases. If elected I will prosecute with vigor and determination all criminal violations that come within my jurisdiction. It is my sincere desire to be able to visit with each of you personally before the election. But, if for reasons beyond my control I am unable to do so, I take this opportunity to solicit your vote and support." Jack Young

## Stallions Lose 3

Bovina Stallions, outsiders basketball team, dropped their last three games. Cannon Air Base team defeated the Stallions Friday night 93 to 44. Erith Hawkins led the way for Bovina with 25 points. Bovina came out on the short end of the score again Saturday night when Cannon shot them an 80. Hawkins again was high man for Stallions with 15 points of their 36. Monday night Safeway Stores of Clovis outscored the Bovina team to the tune of 49 to 48. In this close game Hawkins was again out front with 19 points. Future games scheduled for the Stallions are with Farwell January 21 at Farwell; Furr Food team of Clovis on January 25 at Clovis; and Safeway team of Clovis at Bovina on January 28. The Stallions and Bovina Mustang team will play a March of Dimes benefit game here January 30 at Williford gym.

## JOIN THE DOOR COUNT ON 3 CRIPPLERS

A Marching Mother will ring your doorbell one evening this month. Please answer. She is one of the two million New March of Dimes volunteers seeking information on the health of the nation and support for the fight against birth defects, arthritis and polio—three cripplers that affect one out of every four American families. She is counting on you to help define the problem of crippling in our community. She is counting on you to help prevent crippling diseases with your contribution to the New March of Dimes.

### THE HAPPY MAN

Not him who possesses much, would one rightfully call the happy man, but him who knows how to use with wisdom the blessings of the gods, and to endure hard poverty, who fears dishonor worse than death, and is not afraid to die for cherished friends or fatherland. --Horace

# THE HIGH PLAINS FARM AND HOME

FFA WINNERS recognized at the awards banquet at Hub Monday night were, left to right, Roger Ezell, Jon Lin Riddle, James Clayton, Arnold Kriegel, Michael Nelson, Billy Hardage, Robert White, Odis Bradshaw, David Tarter, and Dickie Gerles. Both grain sorghum and cotton champs are in this picture.

## Riddle, Clayton Win FFA Contest

Jon Lin Riddle and James Clayton, both of the Bovina chapter, captured honors in the Future Farmer crop growing contests at the annual awards night at Hub this week.

Riddle, with a yield of 9964 pounds of grain sorghum from his five-acre test plot, won the first place milo award, and Clayton, who produced 925 pounds of lint, took first in

4-H WINNERS--These boys won accolades at the county-wide awards program at the Hub Monday night. They are, from left to right (front row) Dennis Fallwell, Jerry Cass, Gary Matthews, Bruce Billingsley (back row) Larry Johnson, Johnny Mabry,

Tommy Tatum, Dale Gober, John Taylor, and Richard Chitwood. These boys placed high in both grain sorghum and cotton growing contests.

## Laymen Lead Program At Awards Night

It was laymen's night at the annual awards meeting of the Parmer County Grain Sorghum Association and the Parmer County Cotton Improvement Association at Hub Monday evening, when local association of-

the cotton contest. Riddle grew Amak R-12. He irrigated five times, applied 100 pounds of anhydrous ammonia, and planted 14 pounds per acre in 10-inch rows. The land was deep broken.

Clayton got his big yield with Austin cotton, using 32 pounds of seed per acre. He planted in 40-inch rows and applied 400 pounds of 0-20-0 and 50 pounds of anhydrous ammonia. He sprayed for insects three times. The crop was watered twice -- on August 4th and 27th.

(Editor's Note: See last week's Farm and Home issue for results of top producers in the 4-H division.)

ficers did a creditable job of "standing in" for speakers unable to be present.

Dub Anthony of Friona appeared in lieu of Bill Nelson of the Grain Sorghum Producers Association, and Arlin Hartzog of Farwell took the floor when George Pfeifferberger of Plains Cotton Growers called to say he couldn't make it.

Presiding over the meeting was Robert Wilson of Bovina, president of the county grain sorghum group.

This is an annual meeting, and both organizations sponsor production contests for 4-H and FFA boys in the county for their respective commodities. Winners, their parents, and adult leaders, teachers, and other ag officials were in attendance.

Anthony told the group that the main concern of grain sorghum producers at the present time is development of markets. He reviewed the GSPA history and explained its method of operation.

"It used to be that when I

hauled a load of grain sorghum to the elevator and kicked out the gates and dumped it, I was through with it," he told his audience. He added, however, that today things are different. "We have to 'follow through' with our crops today," he said, indicating the importance that marketing and commodity use

have taken in the picture in recent years.

Hartzog reviewed the history of PCG and touched on some of the organization's accomplishments. He made special mention of the recent inclusion of cotton classified as light spot, into the government loan program, and estimated that this alone was worth more than \$10 million a year to Plains farmers.

He also touched on classing problems, and the work of PCG to gain recognition for High Plains short-staple cotton in world markets.

## Feb. 15 Deadline For Trees

February 15 is the deadline for ordering evergreen trees, County Agent Joe Jones reminds area farm families this week.

Planting trees for windbreak and landscaping purposes is increasing in popularity in the Parmer County area, and farm families who have put out and taken care of trees several years ago are now proud of the improvement that has been made to the farmstead.

The price for small trees is \$1.50 per 100 trees, and that is the minimum order. Species that are available include the Austrian pine, ponderosa pine, red cedar, Chinese elm, cottonwood, sycamore, osage orange, Arizona cypress, and mulberry.

All of the above are not evergreens, of course. However, evergreens are what most farm families of this area order.

Trees should be ordered from the Texas Forest Service at College Station.

Failure to take proper precautions in the use of electricity can create conditions which can result in accidents or property damage. Overloading electrical circuits, points out the Texas Farm and Ranch Safety Council, is an example of improper use.

## THE PARMER COUNTY IMPLEMENT CO.

# NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, January 20, 1960

We congratulate the Parmer County 4-H boys who received awards in the grain and cotton production contest. Winners in the Cotton Production Contest are Tommy Tatum, Jerry Cass, Johnny Mabry, Dennis Fallwell, Richard Chitwood and Gary Mac Brown.

Winners in the Grain Production Contest are Tommy Tatum, John Taylor, Danny Murphree, Johnny Mabry, Richard Chitwood, Dale Gober, Bruce Billingsley, Gary Matthews, Larry Hough and Roy Donaldson, Gary Coker and Danny Milner. All Parmer County is full of pride for these young boys who are already successful farmers.

Look for the symbol of savings "IH" on the parts you buy. It's your sign of unexcelled quality and precision fit to give you top implement performance.

The deacons of a little rural church sometime ago decided to increase their pastor's annual support from \$400 to \$500. When the minister was so informed, he replied, "Don't do that. It's all I can do to collect it as it is."

Young Eddie Barker ran into a friend of his at school last week -- head on. Result: Eddie is wearing a patch to cover four stitches that had to be taken in his forehead. Eddie, a fourth grader, is the son of Mr. and Mrs. Judge Barker.

If you didn't have mud-grip tires on your car for the last snow, you'd better get some for the next one.

Try the Goodyear all weather tire for longer safer winter time driving. More people ride on Goodyear tires than on any other kind.

Notice the experts estimate 10,500 geese and 500,000 ducks are at Buffalo Lake. Don't know what that means except that lots of grain will be fed into ducks and geese this winter.

Farmers know the dependability and high quality of Auto-Lite batteries and we know that customer satisfaction is built into every battery. Auto-Lite battery is for every farm use.

Mr. and Mrs. A. L. Black are home again after a trip to Galveston where A. L. received a beautiful silver tray as an award for being the outstanding Soil Conservation supervisor of this area. These awards were given by the Texas Bank and Trust Company. The report on A. L. was made by the Progressive Study Club and he had never read it so when the award was announced he says he kept looking around for the fellow who'd won it. Our congratulations to A. L. for a job well done and we are glad he received the award.

To build the right truck for the right job has long been the philosophy behind the world's most complete truck line. That's why International Trucks offer you the model with the ability to do your job best. When you need a truck compare the advantages of owning an International.

We believe you'll see it our way.

You'll like what IH has done to big tractor engines. For big power that's wonderfully smooth, trigger quick, thrifty on any job, try one of the big IH tractors. Call us for a demonstration on your farm at your convenience.

Farmers lead a hard life. You go to sleep with the chickens, get up with the roosters, work like a horse, eat like a pig and the buyers treat you like a dog. For a change, visit the Parmer County Implement Company where farmers are always kings.

Jimmy Bainum, son of Mr. and Mrs. Charles Bainum, seems to be in a rut, Jimmy, a senior at Friona High School, has his right foot in a cast again and is once more getting around with crutches.

This makes three times for Jimmy. Once, however, it was his left foot that had a broken bone. His mother thinks perhaps he should play marbles or something instead of basketball.

Tractors are our business and we'd enjoy helping you get the most out of yours. If it's parts you need, we've got them. If you are thinking about a new tractor, we can help you there, too. Why not stop in next time you are in town and let's talk trade.

A fool and his money are soon invited places.

# Holland Parmer County's Pioneer In Sheep Feeding

John Holland has probably been in the sheep business longer than anyone else in Parmer county. He first began sheep feeding and raising in 1947.

"I was in the business before they ever thought of having a sheep market in Clovis," he says.

In his feed lots east of Farwell, Holland presently has about 100 head of ewes and feeder lambs. He does not run a mother herd operation, but runs mostly stockers and feeders. He says the ewes he has that are lambing were bred before he bought them.

"Last week I had nearly 500 head of feeder lambs in here. I buy and sell these things all the time."

Holland buys sheep in large numbers and sells them in small numbers to area farmers. He finds this more profitable than fattening them for market. He is getting set up to buy wool from his customers. He plans to ship it to San Angelo.

"Feeder lambs are worth about 16 cents a pound. That's what I get for them. I paid 14.75 cents and 15 cents a pound for these sheep."

"You can't make anything on one sheep. It's volume, because you haven't got anything invested in one sheep."

Suffolk and Ramboulett are the breed of sheep Holland handles. He says the Suffolk is a rare breed raised mostly in Canada, but there is much

crossbreeding. "Crossbreeding gives a more vigorous lamb."

When a customer is dissatisfied, Holland often buys back the sheep he has sold and sometimes handles the same sheep several times. He usually buys lambs from those farmers who run a mother herd operation.

"I like to fool with sheep." He says sheep are a little more trouble than cattle but the profit

is better.

"Statistics rate sheep 3 to 1 over cattle in profit and the government is now rating them at 4 to 1." He explained that every \$100 invested in sheep would make from \$3 to \$4 more than an equal amount invested in cattle.

"Year before last I lacked 67 head handling 10,000 sheep." Holland does sheephandling just 'on the side.' He says he made about \$2500 to \$3000 profit last

year and even more the previous year, but his income tax was excessive then.

"About seven sheep will take the place of just one cow in the feed lot or pasture." Holland was in the cattle business prior to 1947. He doesn't have any pasture, but runs a feed lot set-up.

He says sheep are a very cold weather animal.

"As far as price is concerned, during the holidays it went up some, and packers think the price is going to be higher yet."

Every farm should have a little flock of sheep because they will live off waste and what you make is total profit."

JOHN HOLLAND feeds some Suffolk ewes at his feed lots east of Farwell. The ewes are all lambing. He says the Suffolk is a cold weather breed raised mostly in Canada. They are distinguished from other breeds by the black faces and legs. Holland has about 100 head of sheep on hand.

FEEDER LAMBS crowd around John Holland as he feeds them at his lots east of Farwell. Most of the lambs in this picture are crossbreeds between Suffolk and Ramboulett. The Suffolk has black faces and legs while the Ramboulett is all white. Crossbreeding gives a more vigorous lamb, Holland says.

THE GRASS IS GREENER ON THE OTHER SIDE OF THE FENCE!

## POLITICAL CALENDAR

The Parmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the first Democratic Primary May 7, 1960.

FOR STATE REPRESENTATIVE, 96th Legislative Dist.:  
Jesse Osborn (Re-Election)

FOR DISTRICT ATTORNEY of the 154th Judicial Dist.:  
Bill Sheehan (Re-Election)

FOR SHERIFF of Parmer County:  
Chas. Lovelace (Re-Election)

FOR ASSESSOR - COLLECTOR of Parmer County:  
Lee Thompson (Re-Election)

FOR COUNTY ATTORNEY of Parmer County:  
Hurschel Harding (Re-Election)

FOR COMMISSIONER of Precinct No. 1:  
Wesley Hardesty  
E. G. Phipps (Re-Election)

FOR COMMISSIONER of Precinct No. 3:  
Guy Cox  
J. H. McDonald (Re-Election)

Ez Tike is keeping his chickens home now. It seems Phil Budley who lives next door to Ez hid a dozen eggs under his own porch one night and then let Ez see him gather them up the next morning.

## It's Worth Crowing About !

A. L. Black of Friona was one of 5 men in the state to be recognized as an "Outstanding Soil Conservation District Supervisor" during 1959.

We are proud to have such a far-sighted farmer as Mr. Black and the honor which was shown to him and his recognition reflects highly upon our rich farming area and the progressive agricultural practices of Parmer County.

# CLABORN

The Texas Farm and Ranch Safety Council will present for the first time in March, a Texas Rural Heroism Award. It will go to a rural resident, who during the past year, has ex-

hibited exceptional bravery at the time of a crisis or disaster in his or her local community. Deadline for submitting nominations is February 15, 1960. Local county agents can

supply detailed information on the award. The Council plans to make the award annually. Content is more than a kingdom.

## Mill Almost Complete

SHOWN HERE IS the new feed mill in Friona being built by Cummings Feed Store. This is just one indication of the growing number of area farmers who are turning to stock feeding to supplement their present farm income. Doyle Cummings says the mill will be equipped to provide all types of poultry and cattle rations.

A new feed mill is near completion in Friona, according to Doyle Cummings of Cummings Feed Store, Inc. He says about three weeks work will finish up the mill.

"We think we will have everything we need to mix poultry or cattle rations in either bulk or sack."

Cummings says the new mill steam roll, grind and mix feed. It is also equipped with a molasses blender.

"The trend is toward more cattle feeding by farmers."

On Saturday, Jan. 12, the Lazbuddie 4-H Clubs had their annual livestock project tour.

Everyone met at Lazbuddie and we went to each member's house to see his project. Eleven boys had projects of either calves, pigs, or sheep. Fourteen boys went on the tour, along with nine fathers and adult leaders.

The adult leaders and fathers were A. B. Young, Dee Chitwood, J. T. Mayfield, Calvin

Embry, Frank Hinkson, Truman Gleason, A. E. Redwine, Freeman Davies, Supt. J. G. Ward of Lazbuddie, and County Agent Joe Jones.

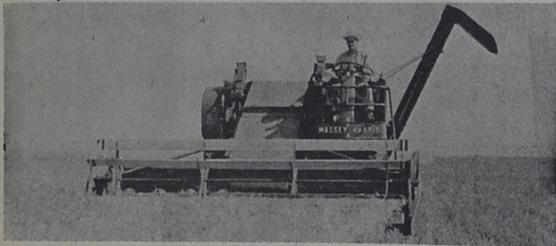

The boys going on the tour were Richard Chitwood, Steve Young, Bobby Redwine, Bobby Gleason, James and Mike Ward, Ronald Mayfield, Jimmy Foster, Happy Jennings, Mike Hinkson, Buddy Embry, Darrell Embry, Larry Davies and Terry Parham.

### THE HAPPY HOMEMAKER

BY JUNE FLOYD

At a party in the home of Mr. and Mrs. Forrest Osborn several months ago, the hostesses, Mrs. Tom Lewellen and Mrs. Osborn, served the most delicious hot spiced tea we've ever tasted. Since that time, we've planned to secure the recipe and pass it on to other homemakers.

In securing the recipe, we also secured a copy of a wonderful cookbook entitled, "Friona's Selected Recipes." Of course, this copy was only loaned to us, but if anyone has one for sale, we'd certainly like to buy it.

The recipes in the book were contributed to members of the WSCS of the Friona Methodist Church and the book was compiled several years ago.

The spiced tea recipe Mrs. Osborn and Mrs. Lewellen used was

**RUSSIAN TEA FOR 20**  
Juice of:  
6 oranges  
4 lemons  
1 1/2 cups sugar  
1/4 teaspoon each cinnamon, nutmeg, allspice tied in a small cloth  
16 cups boiling water  
8 teaspoons tea

Boil sugar and spices in 10 cups of water for five minutes. Remove spice bag. Steep tea in remaining 6 cups of water for 3 minutes. Strain and add together with the fruit juices to the first mixture. May be served hot or cold.

Another of the recipes that we can personally recommend is Edith Hannold's

**RUSTY RED DEVIL'S FOOD CAKE**  
2 cups sugar  
1 cup butter or shortening  
3 1/2 cups flour  
1/2 teaspoon salt  
4 tablespoons cocoa  
1/3 cup buttermilk  
1 1/2 teaspoons soda (dissolved in the buttermilk)  
2 eggs  
1 teaspoon vanilla  
1 cup hot water  
Cream sugar and shortening.

Add flour, salt and cocoa, which have been sifted together. Add buttermilk and soda mixture. Add eggs, which have been beaten together. Then add vanilla. Beat well after adding hot water.

Bake at 350 degrees about 35 minutes. For best results,

bake in large loaf pan. When thoroughly cooked, cover with favorite icing.

This cake will keep indefinitely and improves with age.

Think we've printed this recipe before, but if anyone failed to clip it and file it, perhaps the duplication will be worthwhile. This dish is wonderful any time you cook outdoors and is equally as good if prepared on a conventional stove.

**CAMPFIRE STEW**  
2 pounds hamburger  
2 large onions  
2 cans concentrated vegetable soup  
4 medium sized boiled potatoes  
Brown hamburger in a heavy skillet over low fire. Add onion and simmer about 5 minutes. Add soup and diced potatoes and cook 30 minutes over slow fire. Serve on toast or crackers. Serves 8.

Those of you who rarely make hot rolls because of lack of time, will probably appreciate the following recipe. Although we've never tried it, there are a lot of readers who have eaten rolls made by it at the Meryle Massie home.

**ONE HOUR ROLLS**  
1 yeast cake  
1 pint buttermilk  
2 tablespoons sugar  
1 teaspoon salt  
2 tablespoons melted shortening  
4 cups flour  
1/4 teaspoon soda  
2 teaspoons baking powder  
Dissolve yeast in buttermilk then add sugar, salt and shortening. Sift flour, baking powder and soda together and add to first mixture. Mix well. Roll out and cut as biscuits. Let rise about 1 hour. Bake in hot oven.

No doubt, a lot of you will be including some painting in your general spring house-cleaning in the near future. If you're painting baseboards, just set an old dustpan next to the baseboard edge. This will save a lot of work cleaning paint off the floor when you're finished painting.

A. L. BLACK

## A. L. Black Receives State SCD Award

A. L. Black of Friona received a sterling silver serving tray at a state convention of the Soil Conservation Service in Galveston last week.

The award was made to Black for "Outstanding Service as a Soil Conservation District Supervisor" during the year 1959.

Black was one of five men in the state to receive such recognition.

One supervisor from each of the five areas in the state was awarded silver trays. There are about 50 districts in each area.

The awards were made possible through the Texas Bank and Trust Company of Dallas.

Black was entered as outstanding in soil conservation work by the Friona State Bank and a scrapbook was prepared and entered by the Progressive

Study Club of Friona. Joy Lindeman of the Hub Community was chairman of this committee.

"The women deserve all the credit for this award," Black told a reporter Monday night when his picture was taken with the tray. "If it hadn't been for their unselfish work and their scrapbook there wouldn't have been any award."

The scrapbook is similar to the one prepared by the women for James Mabry of the Hub last year. Mabry was voted the outstanding soil conservation farmer for the district here and later he was named the "outstanding soil conservation farmer" in this area.

Congressman J. C. Wright of Fort Worth was the speaker at the presentations which were held at the Moody Center in Galveston last Friday night.

## May Organize Wildlife Group

Interest in bringing wildlife into Parmer County continues high after a meeting a week

ago at Bovina, at which time an official said he considered it impractical to attempt to bring in pheasant for permanent stocking of Parmer County range sites.

Interest has now turned to other forms of wildlife, principally quail, and because possibilities appear good for this bird, a special meeting has been called Thursday night (January 21) at Bovina to talk over the plan.

The meeting, which will be in the Legion Hall, may prove to be the springboard for formation of a Wildlife Management Association for Parmer County, says Al Kerby of Bovina, who is acting president of the move.

"We are hoping to have a good turnout from over the county at this meeting so plans can be adopted and work begun," he says. The advisory committee will present suggested articles of organization, and objectives of the association will be under discussion.

Joe Jones, county agent, is acting secretary.

The meeting starts at 7:30. SUCCESS IS GETTING WHAT YOU WANT; HAPPINESS IS WANTING WHAT YOU GET. --Old Saying

"MORE THAN JUST A PARTS STORE"

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Since we were too slow to get it printed the week it happened, because of the Christmas Newspaper Schedules, we repeat the following: Frances and I thank God for our little girl, Lorri Frances, who was born December 17th. We hope that all of our Christian friends will pray with us that we will raise her up in the admonition of the Lord.

Your Farm Bureau President, Herman Gerles, plans to

attend the President's Conference in Waco January 18 and 19. Theme of the meeting is "United to Meet the Challenge of the 60's."

All of you members should look on page two of Texas Agriculture and read the poem, "My Get Up and Go Has Got Up and Went." If you haven't been listening to it, you can hear the man who read it recently, on Texas Farm Bureau Round-Up. You can hear it on the following Radio Stations on Saturdays: KPAN, Hereford, 7:30 a. m.; KCB, Lubbock, 12:30 p. m.; and KSEL, Lubbock, 7:15 a. m.; You'll find it quite interesting and informative.

Donald Christian, Farm Bureau vice-president and Membership Chairman, will

meet with his community captains in the Friona Office Thursday night of this week. Some of these men will attend the Membership Chairmen's meeting in Waco in February. Texas is fifth in membership in the nation, and these men want to do their part to get it higher on the list, where it belongs, but has never been yet.

You have a good group of farmers on your board of directors who are interested in knowing what you think needs to be done in the interest of farmers. They spend a lot of their time and effort in devising means and ways of getting you to express your ideas so they will know what you want.

Why don't you just talk to the director of your community and tell him what you think? Here they are: Herman Gerles,

Bovina, President; Donald Christian, Oklahoma Lane; Franklin Bauer, Rhea; John Agee, Lazbuddie; M. T. Glasscock, Farwell; J. T. Jones, Bovina; H. P. Hamilton, Friona; Joe Jesko, Lazbuddie; Claude Osborn, Raymond Schlabs, Black; Vernon Symcox, Farwell; Franklin D. Carter, Bovina; Gilbert Kaltwasser,

Farwell and Lariat area, is Chairman of Resolutions, and a good man to talk to. CONSIDER THIS: He that

hasteth to be rich hath an evil eye, and considereth not that poverty shall come upon him. Proverbs 28:22
