WASHINGTON NEWS LETTER

By O. C. FISHER, M. C.

Should the U.S. admit 400,000 of Europe's Displaced Persons? That question was debated on the American Forum of the Air broadcast last week in which I took a part supporting the negative. My opening statement included the following, which contains some of my reasons for opposing this pending legislation:

"By all means, these attempts to break down our immigration laws, scuttle our quota system, and admit 400,000 Eastern Europeans should be defeated.

'Already under existing law we can admit a total of 154,000 quota immigrants each year, mostly from Europe. A total of 312,000 aliens, including tuorists, business men and transients, were admitted last year, and that does not include the unknown number who came in allegally. Under our quota law we are now admitting about 1,600 a month from our Displaced Persons

camps in Germany.
"But those who want to break down our immigration laws say that is not enough. They want to bring in 400,000 over and above the quota allotments under the existing law.

"Our quota system is sound and should not be disturbed. Under it the number who may be admitted during a year is limited to a percentage of people of that same nationality living here in 1920. The quota system is based on the desire of Congress to preserve the racial composition of this country thru the selection of immigrants from those countries whose traditions, languages, and political sysstems historically were akin to

"I maintain we have no obligation to admit those 400,000. Let us first rehabilitate our own un- DR. derprivileged, provide housing and jobs for our own people, before burdening our problems and our economy with an influx of jobseekers and perhaps many trouble-

"Instead of relaxing our immigration laws, I favor reducing the people, many of whom I am reliably informed are among the dregs and riff-raff of Eastern Europe?"

Supporting me in this debate was Mr. Omar B. Ketchum, National Legislative Representative, Veterans of Foreign Wars. On the other side were Congressman Emanuel Celler of New York and Mr. Edward Mark O'Conner, Executive Assistant, War Relief Services, National Catholic Welfare Conference.

The fact is that a major portion of the 700,000 displaced persons now in the American and British camps in Germany entered the camps long after the war ended. Army officers just back from Europe assure me many of those are looking for a soft lift and by Jesse Powell. many get into camps in order to enter the United States.

to return. "Let them go home vention. persecution upon the return.

mad world is to keep this country other lands. Our immigrants who pital, El Paso. are admitted should be limited to a good stock of people.

Also on the program is an event for girls, jackpot and matched ropings, a \$40 added calf tie-down and a \$25 added ribbon roping.

Money will be split on a 50-35-15 basis. The program begins at 2:30

Texas City Gets New Fog Fire Fighter

TEXAS CITY, TEX.—Smoke filled the skies again here, but it was good smoke, the kind people like to see. It came from oil fires set by the Texas City Volunteer Fire Department when demonstrating the fire fighting abilities of their new F.M.C. high-pressure Fog Fire Fighter, a gift of the manufacturer.

Top picture, taken on the grounds of a Texas City refinery, demonstrates how an oil fire can be extinguished in 10 seconds with 10 gallons of water. The new fire-fighting unit is self-contained, carries its own water and releases it in fog form under 800 pounds pressure.

The value of this unit was proved in the Texas City disaster when a duplicate unit belonging to the Pasadena, Texas fire department fought fire continuously for 60 hours.

In lower photo, Mayor J. C. Trahan holds certificate of ownership presented by John B. Crummey, Chairman of the Board of Food Machinery corporation, as Bob Horton in the cab, Fire Chief Fred Dowdy, left, and R. G. Pulver of the John Bean Mfg. co., right, look on.

Sonora Takes 12 - 7 Win Over Eldorado

END FIRST HALF WITH 5 WINS, 4 LOSSES

n the eighth inning and four more in the ninth, the Sonora Broncos chalked up a 12-7 win over Eldorado Sunday to end the first half of the Concho Basin league with 5 won and 4 lost.

Sonora started off like a whirlin the first inning, but gradually slowed down until Eldorado tied he score in the seventh. Bud Smith pitched a good game for the locals, errors acounting for most of the Eagles' scores. Smith was relieved by Medford in the seventh.

Every man on the Sonora team hit at least once for a total of 17 hits off Griffin and two relief pitchers. Lee Patrick connected for the hit of the afternoon, a triple to deep center which scored one of

the needed runs in the ninth. Sunday Manager Walters takes the Sonorans to Miles to make up a game that was rained out early in the season. The following Sunday the second half of the league will start probably with a game

Visiting Mrs. J. H. Brasher is made July 24.

County Agents Move West For Work In Field

RANGE MANAGEMENT COURSE ENDS MONDAY IN MARFA COUNTRY

More than 25 West Texas coury agents took the field Wednesday in continuing their first range management course which began June 30 at the Ranch Experiment Station. The course will be concluded Monday with work in the Marfa

The agents and their instructors, Dr. Vernon A. Young, head of the range and forestry department of Texas A&M College, and Dr. O. E. Sperry, professor in the departbonds from the Water Fund In- ment, camped on the L. T. (Crit) Clark ranch four miles north of Water Valley. They inspected the new water well and pump. Prooperations. They also took note of the fat Hereford cattle and calves on Clark's place.

They will visit the famous E L Ranch and the Clayton Fuckett ranch in Pecos County, observing the practices there. From Fort Stockton, they will visit ranches in the Alpine and Marfa sections. Laboratory work and theory were stressed while the agents were camped at the experiment station. Before leaving there, however, they visited the Bryan Hunt

en ranch, observing work and operations on both places. The agents are attending lectures, making field trips and doing actual range survey work in the first credit range school ever

ranch and the J. M. Vander Stuck-

held in West Texas. Purpose of the school is to give county agents first hand information of range plants and practices and set up certain principles of management that will enable them wind, getting 6 hits and 5 runs to be of greater help to ranchmen in their respective counties.

The school is being conducted under auspices of Texas A&M College with Drs. Vernon A. Young and Omer E. Sperry of the College's range management department, and Leo B. Merrill, botanist at the experiment station.

Dr. I. B. Boughton, acting superintendent of the station and Dr. W. T. Hardy, veterinarian, also have been making some talks to the agents.

T. O. McNew, Fort Stockton, is cooking for the group.

Attending the school are the following county agents: Marvin Simms, Dallam; E. L. Dysert, Hartley; Hug Clearman, Deaf Smith; H. W. Mozingo, Menard; Marion H. Badger, Tom Green; David F. Eaton, Jr., Garza; T. E. that the entire county had a "a daily except Sunday at 3 am, arfair clip" at shearing time, but rives in San Angelo at 1:30 pm. Over-Fatigue Invites Polio in Summer Months

I'M SO TIRED

Strenuous exercise or games causing extreme fatigue should be avoided during the hot summer months as another precaution against polio, the National Foundation for Infantile Paralysis, through its local chapter, stresses among six simple health rules that should be observed in combatting the disease.

Tests on laboratory animals carried out in experiments financed by March of Dimes funds, showed that where ani-

mals were strenuously exercised, twice as many of them exposed to the virus developed more severe forms of infantile paralysis than did those which had rested quietly in their cages.

The studies indicate, the National Foundation points out, the wisdom of avoiding extreme fatigue is a worthwhile precaution in the polio danger months-June through September.

520 N. Jackson San Angelo, Texas

The men about the chuck wagon and their thoughts swerved homewere relaxed but their faces still ward. It would be good to be back bore signs of fatigue. Their mis- again with some hard cash in sion had been completed and the their pockets! This was in 1870; 3,000 steers marketed in Abilene, money could surely be used in war

The boss of the outfit patted his on Texas soil. From here on home they could take it easier.

pocket fondly. This trip meant much to him. He had come out of As they refilled their coffee cups the Civil War a captain and with and grouped themselves in a casual a shoulder wounded at Chickasemi-circle about the low fire, the mauga. And no money nor businew look-out rode off to his post. ness.. All that Texas had was The conversation turned, as he had talked several friends into usual, to their own northern drive. trusting him with some of their beeves and another into staking midst of the sweat and dust and him with purchasing some of his stampedes, was now mulled over. own, and had then set out for the But gradually quiet prevailed, railroad in Kansas. And his gamble had paid off well.

> The hand on the pocket suddenly pockets were searched frantically but to no avail. His wallet was gone! And gone, too, was the peace around the camp fire that night. Each cowhand took up the search, but it was rinally agreed that the wallet, with the hopes of a man's future tucked inside, was surely lost.

"When do you remember having it last?" someone asked, and the young captain sat down to collect his whirling thoughts.

"I know that I had it this morning just before we broke camp,' he decided; and he hadn't had it since. Already he was starting for

the remuda and a few seconds later he rode off in the moonlight. He was glad that they had dawdled today and covered less territory, but if his wallet had been lost on the trail, it had probably been cut to shreds by that herd that had passed this morn-

ing.
In the murk light of dawning he rode up to the charred remains of last night's cookfire. An old cow stood nearby chewing her cud at that time of morning. As he locked, she lowered her head. And there at her feet lay his lost wal-

His spring from the horse was nstantaneous and he reached the wallet just as her grasping tongue was encircling it. But a sad looking object it was. Only half of it was there; it had been bitten in two, and the other half swallowed.

Claiborne W. Merchant, future cattle baron and "father" of both Abilene and Amarillo, Texas, stood looking at those sawed-off halves of many a hundred dollar bill. And a smile wreathed his face. Their serial numbers were intact.

Visiting in the home of Mr. and Mrs. R. E. Shaver is Mr. Shaver's sister, Miss Tressie Shaver. Miss contracted and dived inside. Other Shaver, who is from Tolar, Texas, teaches school in Brady.

TO THE JURORS OF SUTTON COUNTY:

duties of citizenship, for by it the citizen participates in the administration of justice between man and man and between the state and the individual.

The juryman's duties are defined by laws which are the product of some centuries of experiences, an experience which has taught us that they are essential to the impartial administration of justice by jury trial. Unless the juror scrupulously observes them he is himself a lawbreaker. By his neglect he may in some instances subject himself to severe penalties. In all he will fail in his duty as a citizen and inflict injury on his fellow man because through his failure law and justice fail in the appointed task.

As a citizen you are a partner and shareholder in the state and nation. You have long enjoyed the privileges and protections of your government. Now you may be called into service, you may be summoned to serve for a short time as a juror.

It is an honor, a duty and a privilege to serve one's country, both in peace and in war. All true patriots welcome the opportunity.

In a country where the life, iberty and property of each of us s safe and secure, it is necessary that there be courts of justice in which the disputes that arise between people can be settled justly and peaceably. It is necessary that persons charged with crime shall be fairly and justly tried, that the public safety and welfare be protected on one hand and private rights and liberties be safe guarded on the other.

It is the business of every citizen to see that this is done, and it is a duty which the people must do for themselves if life, liberty and property are to be kept secure for yourself and your children.

This article is written for the purpose of encouraging and stimulating the jurors of the 112th Judicial District of Texas to do their duty as jurors when called into service.

HE HE

Respectfully Submitted, J. B. Randolph, Judge 112th Judicial District of Texas.

SINCE 1890

SINCE 1890

*WHO WILL RUN THE NATION'S LARGEST BUSINESSES IN 1974?

YOUNG MEN back from war wonder about the country's future and their own future. What will they be doing 27 years from now?

The 143 top men who manage 50 of the nation's largest businesses can help answer that one.

Twenty-seven years ago, most of them came back from a war, too.

All of them, after the war or before, began their business careers at the bottom.

One started work for \$1.50 a week-11 others for less than \$5 a week. 43 others started work for less than \$10 a week.

Eighty-one others received between \$10 and \$25 a week. Only 7 received more than \$25—the highest getting paid \$69.23 a week.

The average first wage of all 143 was \$13.40 a week. Who will manage the nation's largest businesses in 1974? Exactly the same kind of men.

Then, as now, they will be leaders with courage, ambition and initiative enough to come up the business ladder, rung by rung.

Neither the men and women in industry nor the money in industry can be effective without good management. Nothing else is so important to the workers' welfare, the investors' welfare, or the public welfare.

*This advertisement was purchased by the Reader's Digest and was reissue of that publication.

SURPLUS WAR ASSETS NEWS

Veterans cleaned out the stock of surplus vehicles at a pre-Fourth sales tactics to surplus Texas real property for the first time, War by grabbing them off at the rate Assets Administration will offer of approximately one and a half 100 buildings of the Dalhart Army vehicles a minute. During the open-ing five hours of the War Assets 15. The streamlined type of sale Administration sale, the vets was adopted as the most expedient bought 420 vehicles originally cost- means of providing additional storing approximately \$300,000. The age facilities to wheat growers in remaining vehicles were disposed the Panhandle area. The buildings of early on the sale's second day. will be sold at Dalhart singly with The purchase order drawing for bids acceptable from any one prethe sale was supervised by Dean sent, and awards announced as

> surplus dynamotors to schools and other public institutions. Approximately 2,000 institutions in the Grand Prairie region are eligible, it is estimated. The inventory is located at the Belmont Radio Corporation, Lockland, Ohio, and in quiries should be directed to WAA officials there or to Mr. Logan, care State Educational Agency for Surplus Property, Austin, Texas. Dynamotors are commonly used as power sources for radio and communications equipment.

Pistons, gears, engine assemolies, lamp bulbs, drive shaft flanges and bearings are included in lots of automotive parts and equipment placed on sale through Customer Service Center of the Grand Prairie office of WAA until July 16. Both priority and commercial groups are invited to bid, with encouragement given to auto parts jobbers, dealers, service garages and fleet owners.

Household furniture now goes on the WAA market until July 14 through the Customer Service Center at Grand Prairie, Texas. Included are single size wood beds steel cots, curled chicken feather pillows, coil springs, rotary type chairs and double pedestal desks. These items will be sold on a competitive bid basis.

Two hundred ninety-four buildings at Pecos Army Air Field are on sale until August 5 for removal from the premises. Included are barracks, mess halls, infirmaries latrines, a post exchange, recreation buildings and warehouses WAA officials announced.

Ammunition igloos at Pantex Ordance Plant, near Amarillo, have been leased by WAA to farmers for the storage of wheat. Eight small and two large surplus oil storage tanks at Cactus Ordance works near Dumas, Texas, were sold for wheat storage. The leasing and sales will materiaaly aid storage of the crop in the PanSanding

HAVE YOU HEARD ... THE SPORT OF GREYHOUND RACING

As early as 329 B.C., Egyptian Pharoahs enjoyed the sport of "coursing", as greyhound racing was called. For this purpose they used the African Saluki, a hound with tufted ears and tail.

Horse racing began in the 12th Century in England. A champion greyhound, fastest dog living, can run neck-and-neck with a race horse for 1/8 of a mile.

AND

HAVE YOU HEARD. there's nothing can beat the grand-tastin' goodness of GRAND PRIZE. The full bodied flavor of this finer beer makes it the popular refreshment favorite with taste-wise Texans.

Although a small admission fee mother seven horses for him and ing so that the traveling salesman is charged, for afternoon swim- becoming indignant when the offer would be standing with his back

enough money. The pool is open business here. The former Sonoran around, the stranger saw a barrel Tuesday through Sunday after- brought two old photos with him. bouncing down the steps toward noons and Wednesday and Friday One showed main street looking him. The merchant, not being nights. This is being done to en-up from the present site of the startled, would wait till the last courage those who don't get off Piggly Wiggly grocery; the other instant, then step to one side but from work until late afternoon to is a view of the house just after the panic-stricken victim of the use the pool. Adults are always it was completed. Hill's present prank would run wildly from the welcome to come out for a swim. address is Box 1766, Amarillo. -(?*½\$*?)-

SWING OF SOUTHWEST MARKETS

last week, but Oklahoma City paid covered with water lilies in bloom; 25 to 50 cents higher prices, while another pool covered with lavender cows and bulls went lower at Houston, as did calves, bulls, and ter and feeder verylings dropped low grade cows and heifers at \$1.00 or more at Fort Worth. San Denver. Common to medium cows bulked at around \$12 to \$15 at fat yearlings at \$14 to \$16.25, grades \$8 to \$12. Common to medium stocker steers and yearlings shorn lambs at \$18.50 to \$21. brought \$13 to \$16 at Houston, while medium and good kinds moved at \$16 to \$20 at Fort Worth, and \$16.50 to \$18.50 at Wichita.

Texas hog markets held about steady for the week, but other southwest terminals dropped 50 cents, more or less. Closing bulk of good and choice butcher hogs brought \$24.75 to \$25 at Fort Worth. San Antonio's late-week top was \$24.50, Oklahoma City and Wichita \$24.75, and Denver \$25.25.

Most sheep and lamb markets held fully steady, and some classes gained up to 50 cents, but slaugh-

A PRESCRIPTION FOR YOUR FINANCIAL ILLS -

Automatic, regular bond buying is an all-American prescription for freedom from worry which any wage earner or professional man or woman—even the doctor himself—can rely on confidently. For professional people and the self-employed, the Bond-a-Month Plan, which is now available with the help of America's bankers, is a simple easy way to security. By buying a Series E Bond once a month at issue price of \$37.50 you can accumulate \$4,998.00 in 10 years' time.

When Waiting is Necessary

Time often moves too slowly for us. We'd love to speed up the time needed to provide telephone service for everyone still waiting. But, unfortunately, equipment necessary for expanded service has been slow in reaching us. Material shortages and other delays beyond the manufacturers' control have hampered production. Like everyone else, we must wait our turn for new equipment. Meanwhile, we will continue to do the very best we can with what we have.

THE SAN ANGELO TELEPHONE CO.
