THIRTY-SECOND WEEK

## Un-Texan, Un-American

An editorial reprinted from the May 14, 1948 edition of the El Paso Herald Post, and heartily endorsed by the Devil's River News.

THE TRACK TEAM OF MARFA High School set out for the State Meet at Austin. They are healthy, growing boys and along about noon they became hungry.

They stopped in Ozona, and were refused service. Same in Sonora. Same in Junction.

Reason: There were some American boys of Mexican descent among them. The other American boys would not eat where their friends and teammates could not. So it was mid-afternoon before they could find a restaurant.

Raymond Wheat, coach of the boys, grew very angry about such treatment.

"In this school system," he writes, "we have resolved never to travel Highway 290 through Ozona, Sonora and Junction. If we go to Austin, we will take some other way around. Many school men who heard of this situation have agreed to the same course."

No one can blame Mr. Wheat for growing angry. Such actions are un-Texan and un-American. They are also inexcusable and stupid.

Marfa's decision to avoid the three towns where its boys were insulted is perhaps about as effective a protest as can be made. We hope it will bring good results.

## WASHINGTON NEWS LETTER

By Helen Routh, Secretary to Congressman O. C. Fisher

Since Mr. Fisher has to be out of town for a few days, he asked me to write the news letter this week.

My home is in Ballinger, and I made my first trip to our Nation's Capital over a year ago to become one of Mr. Fisher's secretaries. Each day has been a busy one and thoroughly enjoyable. Perhaps some of the observations of a congressional secretary would be of interest.

Few newcomers escape the housing problem, about which you hear so many stories. I am told that the population in the city of Washington and its environs has practically doubled since just before the war. This is hard to understand when you think that the total number of federal employees has been cut in half since the war ended and vast numbers of military and naval personnel stationed here during the war have returned to civilian life. No factories of any size are allowed in the District of Columbia, and no skyscrapers can be built here. Of all the many beautiful buildings in Washington, the tallest is only about twelve stories high.

One of the least publicized buildings, but one of the most outstanding, is the Library of Congress. The main building, completed in 1897, with its Pompeian frescoes, mosaics in the ceilings and floors, grand staircase with marble balustrades, murals and sculptures, was considered at that time to be one of the architectural wonders of the world. The annex, completed in 1939, is in direct contrast, being completely modern in style and design. The library houses more than 29 million pieces, including books, pamphlets, newspapers, manuscripts, maps and views, microfilms, motion pictures, music, recordings, photographs and slides, posters, photostats and magazines, and is the information center of the governmental agencies and Congress. We often make use of its enormous collection of information in connection with our work.

The work in a congressional office follows a certain routine, just as does the work in any office; however, every day has its own interesting variations. There are four of us now working in this office. Each day, as the mail is opened, we are assigned particular responsibilities, often requiring telephone contacts with the various governmental agencies and departments. We are frequently requested to find out the status of bills and to obtain copies of public laws, reports, etc. Mr. Fisher usually dictates answers to correspondence in the mornings. He also attends committee meetings in the mornings, and frequently goes to the Veterans Administration, the Pentagon or elsewhere for conferences in behalf of his constituents, and at noon, when the House meets, he goes to the floor for the proceedings there.

I think a lot of people hesitate to write their congressman because they fear it will take too much of his time. I have read some magazine articles about the volume of congressional mail and the time consumed on incidental matters. Most of these stories contain exaggerations. We have no difficulty in handling our mail, and the more we get the better we like it. We send out about fifty to one hundred letters a day.

And we like to have company, too. By all means, don't ever come to Washington without coming by

## Local Scouts To Spend Week At Camp Fawcett

Camp Fawcett, the Boy Scout Camp, will begin its twenty first season for all Boy Scout Troops in the Concho Valley Council on June 6. The camp is located forty miles northwest of Uvalde on the Rocksprings road and is on the banks of the Nueces River nestled among pecan timber in the heart of the hills.

The schedule calls for three periods: June 6-12; June 13-19; June 20-26, and the facilities are adequate for 125 boy campers plus their leaders. Printed folders have been distributed to the Scoutmasters in the area in quantity enough to give to each Scout.

Dave Young, chairman of the Val Verde District announces the camp in readiness and with many improvements made. "We are anxious to camp every Troop in our district for one of the periods at Camp Fawcett."

The Camp Staff will include all Scoutmasters in attendance plus a resident staff made up of experienced scout campers and directors. J. B. Morris, Del Rio, and Norton Curry, San Angelo, will serve as Camp Directors.

Herbert Ward, Catarina, Game-Warden of Dimmit County, will be on the resident staff and will care for the conservation program to include nature study and wild life and marksmanship. Rev. W. S. Humble, Uvalde, is a resident staff member and will look after all shop work including working in leather, wood working, carpentry, painting and metal work.

Jim Davidson, Carrizo Springs, is the Water Front Director and will instruct in swimming and life saving. Elbert Bennett, San Antonio, will be in charge of all First Aid instruction and treatments and will handle crafts.

Sonora Troop 19 will send 15 boys to the camp and Troop 25 will send five.

Mr. and Mrs. Gene Wallace visited Mr. and Mrs. Libb Wallace and other relatives here last week.

to see us! We like to see folks from home. This always brightens the day for us and we get some first-hand news from Texas. Recent visitors were Mr. and Mrs. R. M. Lowrey of Ballinger, and Lt. and Mrs. R. M. Lowry, Jr. Lt. Lowry was a 1946 West Point graduate, and is now flying jet planes at Langley Field, Virginia.

Of particular interest to visitors in Washington is a visit to the White House. Although we are often asked to arrange for White House passes, it was only last week that I went to the White House for the first time. The occasion for this was a reception given by Mrs. Truman for women federal employees and congressional secretaries. Wearing an attractive navy blue dress topped with an orchid corsage, Mrs. Truman received over a thousand guests in the green room, where she was assisted by Mrs. George Marshall, wife of the Secretary of State, and Mrs. Tom Clark, wife of the Attorney General. Next in line were Mrs. Jesse Donaldson, Mrs. Julius Krug, and Mrs. Clinton P. Anderson, completing the cabinet circle. A long buffet table stretched the full length of the state dining room where fruit punch and cakes were served. The doors were open and some of the guests sat on the south portico enjoying the view overlooking the Jefferson Memorial, others walked down into the gardens, while still others were more interested in seeing the new balcony.

#### Last Rites For Mrs. Lula Karnes Held Wednesday

Funeral services for Mrs. Lula Karnes, pioneer Sutton County ranchwoman, were held Wednesday home. Mrs. Karnes died Tuesday evening following a three-day afternoon at 5 o'clock from week's illness.

Born January 22, 1868, in Polk County, Mrs. Karnes was the daughter of Captain and Mrs. B. F. Byrd. She was married to William Houston Karnes December 18, 1889, and the couple made their home in Sherwood in Tom Green County. Mr. and Mrs. Karnes moved to Sonora in 1893, and acquired a ranch here. They sold their first ranch property after a few years and bought the present ranch 30 miles southwest of Sonora. Mr. Karnes managed this ranch until his death in 1925.

Survivors include four daughters, Miss Alice Karnes, Nan Karnes, Mrs. Vernon Marion and Mrs. Fred Simmons and one son, Sam Karnes. Two other children preceded her in death.

Three sisters, Mrs. Josie Belows of San Antonio, Mrs. D. B. Jackson of Van Horn and Mrs. Frank Friend of San Angelo, and five grandchildren also survive.

Services were conducted by the Rev. W. P. Carmichael and the Rev. Stanley F. Hauser. Burial was in the Sonora Cemetery. Pallbearers were Louie Trainer, R. C. Vicars, B. M. Halbert, Jr., Vernon Hamilton, Alvis Johnson, W. B. McMillan, Clay Puckett, all of Sonora, and Bill Seahorn of Ozona.

A resident of Sutton County over 54 years, and born three years after the end of the Civil War, Mrs. Karnes witnessed the development of this section which resulted from the conflict between the states. Her father, Captain B. F. Byrd, enlisted in Littlefield's Texas Rangers at the outbreak of the Civil War, served through the war with Hood's Brigade and took part in battles in Virginia and Tennessee until wounded and captured near the end of the war.

Captain Byrd ranches in Crockett County after the war and helped to organize Sutton County in 1891, the first commissioners' court convening under a liveoak tree near the present court house.

#### Legion Poppy Sale Saturday

From early morning until nightfall Saturday, volunteer workers of the American Legion Auxiliary in Sonora will be on the streets offering memorial poppies to be worn in honor of the dead of two world wars. In exchange for the flowers they will receive contributions for rehabilitation work among disabled war veterans and for child welfare work among children of veterans.

Poppy Day will be directed by Mrs. W. D. Kring, Poppy Chairman of the Sam C. Merck, Jr. Unit of the auxiliary. A large corps of volunteers has been organized to distribute poppies in downtown and neighborhood centers. Poppies to be distributed here were made by veterans at the Legion Hospital near Kerrville.

"Much depends on the success of Poppy Day," said Mrs. Kring. "On the public response to our Poppy Day appeal depends the Auxiliary's ability to carry forward its work for the disabled war veterans and for the children from whom war has taken a father's support. We would not like to go to them with empty hands. Poppy Day contributions give us the means to serve them with more than words of cheer."

#### LAST MINUTE NOTICES

The driver's license examiner, who was scheduled to be at the court house Wednesday, June 2, will not be there at that time.

#### CARD OF THANKS

We wish to thank our friends for their thoughtfulness and many acts of kindness during our recent loss.

In what was reliably reported to be the "best all-round wool sale in Texas history," the Sonora Wool & Mohair Company announced Thursday night that it had sold approximately 1,500,000 pounds of graded twelve months wool and fine ungraded twelve months wool to R. R. Martin of Williams and Whitney Co. of Boston for an average of over 80 cents a pound. A small lot, 75,000 pounds of clothing, went for 60 cents.

A breakdown on prices and approximate weight of lots shows that about 400,000 pounds of staple brought 85 cents, 300,000 pounds of French 78 cents and 725,000 pounds of ungraded brought 78 cents. Martin will set prices on each individual clip. This sale leaves about 200,000 pounds of 8 months wool unsold.

Several wool sales were announced here this week by the Sonora Wool and Mohair Company. Included in the sales were 52,000 pounds of 12-months Corriedale wool belonging to Sol Mayer and Edwin Mayer, bought by John Lindsey and Dutch Wardlaw representing Julius Forstmann Co. of Passaic, N. J.

Dan Sullivan of Huntington Wool Co., Boston, bought 43,000 pounds of 1946 eight months, Guy Burton, Forte, Dupee, Sawyer Co. of Boston, bought 36,000 pounds of 1945 fall wool.

Bill Fields of Albert Schneider Co. bought 46,000 pounds of twelve months wool from the Roy Huds-peth estate, T. F. Burke bought 18,000 pounds of 1946 wool, Henry Maginot of J. W. Vaughan bought 17,000 pounds of 1947 wool.

#### Voters To Polls Saturday On School Question

**\$475,000 BOND ISSUE ASKED FOR IMPROVEMENTS, NEW ELEMENTARY BLDG.**

Taxpayers were this week mailed a complete prospectus regarding the \$475,000 school bond election to be held tomorrow, including a statement of the present bonded indebtedness of the school system together with proposed improvements and building should the bond issue pass.

Number one on the list is a new \$350,000 Elementary School building, to be built in the shape of an "L" and to be located on the south and west sides of the school grounds. Also planned is the renovation of the old elementary building, improvements on the High School building, a Negro school, teachers quarters, recreation hall and cafeteria for the L. W. Elliott School, lights for the tennis courts and addition of another court, construction of toilet facilities at the football field.

These improvements have been estimated at \$100,000. The new Elementary School, equipment and furniture will cost \$350,000, making a total of \$450,000. An additional \$25,000 has been added to be used only in a case of emergency, where estimates have been made too low. If this money is not needed, the school board has an option of \$30,000 worth of bonds redeemable on one year's time. There is a 15-year option on all other bonds.

Present bonded indebtedness of the school system includes the \$24,500; High School Gym: \$28,000; following: L. W. Elliott building: 000; High school building: \$73,000; Elementary Building: \$2,250.

#### Walker Promoted To Range Work

A. H. (Fred) Walker, extension pasture specialist of Texas A&M College, has been appointed extension range specialist effective June 1, according to J. D. Prewitt, acting director of the Texas Extension Service.

A native of West Texas, Walker was reared on a ranch in Comstock County. He was graduated from A&M in 1936 with a B. S. degree in animal husbandry, and a year later became county agent for Culberson county. He transferred to Menard County in 1940, and served there two years before going into the army.

Upon discharge from his four years in the army, Walker returned to Menard county as county agent. He completed a year's graduate study in September, 1947, receiving a Master of Science degree in range management from A&M. In September, 1947, Walker was appointed assistant pasture specialist-range in the Texas Extension Service, with headquarters at College Station.

Under his recent appointment as Extension Range Specialist, Walker will be devoting his activities to proper range and pasture management on native vegetation pastures and range lands.

Walker will move his office from the Experiment Station building to the Range and Forestry Department in the Agricultural Engineering Building.

Mr. Willie Martin and Miss Helen Martin of San Angelo spent the week end here visiting Mr. and Mrs. J. A. Martin, Jr., and family.

#### Scattered Rains Here This Week

Halbert 1-2 and Alfred Schwingen 1-4.

Continued cloudy weather is in evidence Wednesday night.

**COSTS OF

HAVE BEEN  
GOING . . . . . UP**

**BUT THE PRICE  
YOU PAY FOR  
ELECTRIC SERVICE  
IS STILL . . .

*It's a hard fight!*

**T**HE cost of producing electric service is going up... and up! Every-day necessities are taking more and more of Reddy Kilowatt's pay—but he is fighting to keep your electric service the biggest bargain in your family budget.

Fuel is up, materials are up, structures are up, new equipment is up, the average cost per man-hour worked is up; almost everything needed to provide you with electric service is up except the hire of capital. Many people—who are owners either directly or indirectly through savings accounts, insurance policies, trust funds, or similar institutions—are getting less for our use or hire of their savings.

Thus, here is one very important difference between Reddy Kilowatt's services and most other things you buy. While other costs have almost doubled since 1938, the hourly pay of Reddy Kilowatt—average cost per kilowatt-hour for residential use—has come down 17 per cent.

**NEW PROPOSAL TO  
SIMPLIFY FISHING LAWS**

In an effort to simplify fishing regulations in 19 West and South-west Texas counties, a set of six proposed regulations is being submitted this week to Texas game wardens and sportsmen for their comment.

In a letter to Henry Burkett, local warden, J. T. Swanson, game supervisor at Junction, said, "We are of the opinion that these regulations will make a very good law and should make fishing regulations universal for all this section of the state, therefore simplifying the law enforcement

problem. Please let me know whether interested sportsmen and sportmen in your district want this passed as a law."

Counties concerned include Burnett, Williamson, Blanco, Gillespie, Kendall, Llano, Bandera, Crockett, Edwards, Kerr, Kimble, Menard, Real, Schleicher, Sutton, Lampasas, McCulloch and San Saba.

Fishing tackle or gear used in the above named counties must be: pole and line; rod, reel and line; hand line; throw line, trot line or artificial lures. No more than 20 hooks will be allowed to be used by any one person on any or all devices. Minnow seines over 20 feet long will be unlawful. Posses-

ion of tackle other than mentioned above within 200 yards of a lake or stream in the above named counties shall be unlawful. It shall be unlawful to take to sell, buy or offer to buy to buy or sell catfish, perch, crappie, bream or bass.

Punishment will be by fine of not less than \$10 nor more than \$200.

Anyone having any comment on these proposals is asked to contact Burkett.

**YOUR HEALTH**

Seasonal advice to vacationists concerning the proper precautions to be used in water sports was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

Lakes and ponds of unknown depth, and streams of unfamiliar currents are often the site of picnic and excursions, and the usual lifeguard supervision associated with bathing beaches and commercial swimming pools is, of course, not available in such places.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted. "Nevertheless, they possess dangerous possibilities if the rules of safety are disregarded through carelessness or thoughtlessness."

The State Health Officer outlined the following simple rules for bathing and swimming safety: at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore, and don't re-enter the water; if chilled, leave the water immediately; do not

enter the water when overheated; learn to float—this is important; never attempt to rock a boat in a spirit of fun; and never swim in water that may be polluted.

"Outdoor excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life," Dr. Cox said. "It is by no means advisable to eliminate these pleasures from our summer program, but it is important that they prove beneficial and not disastrous."

**PERSONALS**

From where I sit... by Joe Marsh

**It's Leap Year, Girls!**

First girl in our town to "get her man" on Leap Year was the Cuppers' daughter, Jane, who wed Bill Webster's boy last Saturday.

When I asked Bill Jr. if it was true that Janey really did the proposing, Bill said: No, but she made it plain she'd make an ideal wife. Instead of looking for diversion or excitement every evening, she was content to chat beside the fire.

"I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

I know it's usual for older folks to shake their heads over the younger generation. (It's gone on for hundreds of years, now.)

But from where I sit, young people of marrying age today are every bit as commendable as their elders were—in their temperance (a glass of beer for instance), tolerance, and common sense. So to Jane and Bill—the best of luck!

Joe Marsh

## 44 Years Ago

Jim Barton was in for the roping and as usual had a good time.

Mr. and Mrs. Joe Turney left for Comstock Tuesday on a visit to Mrs. Turney's mother.

Frank Wyatt and daughter, Miss May were in from the ranch Thursday for supplies and visiting friends.

## SWING OF SOUTHWEST MARKETS

Many southwest farm markets developed marked easiness during the past week, the Dallas area office of the U. S. Department of Agriculture's Production and Marketing Administration reports.

Cattle showed strength early but later turned unevenly weaker to net some gains and some losses for the week. Common to medium cows sold Monday from \$17.50 to \$21.50 at Houston and San Antonio, \$16.50 to \$21 at Fort Worth, and \$19 to \$22.50 at Kansas City. Medium and good grades brought \$18.50 to \$22.50 at Wichita, and up to \$23 at Denver.

Sheep markets began the week fairly firm, and even set some new records, but later trade dropped prices well below the high time. Spring lambs touched new all time high levels of \$29 at Fort Worth and \$32.50 at Kansas City Tuesday. By Monday this week, medium good grades sold at \$22 to \$25 at Fort Worth, while bids stopped at \$28 on good and choice at Kansas City. Goats sold firm, but kids fell sharply.

To Men of the High School CLASS OF '48

THERE'S a big day coming soon—the day when you get your diploma. By enlisting in the Army or Air Force after graduation you can take full advantage of one of the finest opportunities ever offered a young man.

### CHOOSE YOUR FIELD OF SPECIAL TRAINING BEFORE YOU ENLIST!

If you are 18 to 34 (17 with parents' consent) and a high school graduate, you can select your course of training in the Army or the Air Force before enlisting.

Under the Army Technical School Plan you can specify two different courses that appeal to you in each of two fields. The Army will check to make sure there is an opening in one of the four courses you have selected, and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years, and after passing the physical and mental examinations and completing basic training you will be guaranteed training in your chosen field.

The Air Force offers a similar opportunity in its Aviation Career Plan, giving you a pre-enlistment choice of 3 among the more than 40 USAF Specialist Schools. There is no better way to get a start in the great and growing field of aviation.

Either plan gives you good pay, excellent training and a splendid chance for advancement in a real career. You can get full information, including lists of available Specialist Schools and Technical Courses, at your nearest Army and Air Force Recruiting Station.

### To Men with 2 Years or More of College WIN YOUR WINGS with the Aviation Cadets

If you are single, 20 to 26½ years old, physically sound, and have completed at least 2 years of college or the equivalent, you may be qualified for pilot training as an Aviation Cadet. Get full details now. Next class starts July 1, 1948.

Not exceeding Ten Cents (10c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars' valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, of Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"FOR RE-ALLOCATION OF COUNTY TAXES."  
 "AGAINST RE-ALLOCATION OF COUNTY TAXES."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote.

The polling places and presiding officers of said election shall be respectively as follows:

- Precinct No. 1: Voting Place -- County Court House -- Presiding Officer -- George D. Chalk.
- Precinct No. 2: Voting Place -- Sonora Wool Warehouse -- Presiding Officer -- Ben Cusenbary.
- Precinct No. 3: Voting Place -- Cedar Hill School House -- Presiding Officer -- Glenn Reeves.
- Precinct No. 4: Voting Place -- John Reiley Ranch -- Presiding Officer -- Leonard Gibbs.

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES," at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make return on a copy of such notice, how and when he executed the same.

Notice of said election shall also be given by publication thereof in a newspaper published in Sutton County, once each week for three consecutive weeks, the date of first publication being not less than twenty-one (21) full days prior to the date of said election.

ADOPTED AND APPROVED, this the 10th day of May, 1948.

## BOYCE HOUSE Gives You Texas

Women's clothes have "that new look"—but my clothes get "that old look," just as soon as I put 'em on.

A suit looks good on the dummy in the window but not on me.

On me, the suit doesn't hang right; it just hangs.

And my knees are knobby, so at once the suit bags at the knees.

Or take a hat—

Other men can buy light gray, or even white, hats and they stay spick-and-span for months. But, regardless of what I pay, my hat gets spotted right away and one side of the brim flops.

And ties—mine wrinkle after the third wearing, except when they wrinkle after the second wearing.

And even as little a thing in the direction of neatness as a shoeshine—within 10 minutes after I get one, somebody steps on my foot in an elevator.

There ain't no justice.

The law says that an alien, convicted of two crimes, shall be deported. But a decision of the United States Supreme Court says you can't convict him of two crimes in a row; no, it can't be that simple; you must convict him of one and then he must go out and commit another and then be convicted of that before he can

be deported.

Why doesn't Congress change the law so that, if an alien is convicted of one crime, he shall be deported?

Another thing: We have aliens in this country who are Communists, which means they favor overthrowing our form of government but we can't get rid of them because the country they came from won't take them back. Why doesn't Congress change the law so that we will admit people only from those countries who are willing to take them back—and when a country refuses to take one of these undesirables back, we admit no more visitors from that country?

Henry George, the economist, once cynically remarked that if the multiplication table stood between some men and a profit, you'd find "authorities" who would attack the correctness of the statement that two times two is four.

### Ozona Nudges Sonora 6-3 Sun.

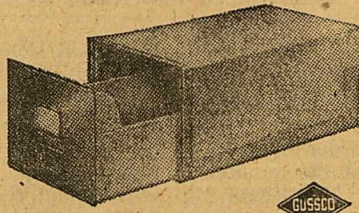

Sonora lost a close game Sunday with Ozona 6-3, in spite of outhitting the visitors, and fell to the Concho Basin League cellar with one win against three losses. Sonora played good ball after getting off to a shaky start in the first innings when three unearned runs scored.

The locals had a good chance to even things up in the seventh when the bases were loaded with nobody out, but Hefley struck the next three men out and retired the side. Medford went the route for Sonora allowing four hits.

Sunday Sonora goes to Maverick for a game. Maverick has only a slightly better record than Sonora and Manager Pat Lyles says Sonora is due to win this one.

### "JAM SESSION"... TELEPHONE STYLE

Telephone "jam sessions" occur when too many people try to make calls at the same time. With the telephone industry handling a record number of telephone calls daily, these "jams" are sometimes unavoidable. But you can help us reduce their frequency. Whenever possible, make local calls during less busy hours. Make long distance calls after 6 PM or on Sunday, when you'll benefit by lower rates. And if you should have a few seconds' wait when telephoning—please be patient. You will be served as soon as a line is open.
