

Among the buyers at the Tausig Brothers' Hereford sale at Parshall, Colorado last week were C. T. JONES, Jr., ROBERT HALBERT AND RIP WARD. Jones purchased the third highest selling bull, M. W. Larry Domino, 96th for \$7,600. Ward and Halbert who have an interest in the animal, also bought several cows.

Jones, who has a herd of 75 registered Herefords, said the bull's sire, Larry Domino, is the highest registered of merit bull living. A half-brother of the Tausig animal sold recently at the Wimberly Sale at Bryan for \$31,000.

Last week we mentioned some ex-Bronco football players who were out for college freshman football this year. Omitted was the name of AL BOUGHTON, son of Dr. and Mrs. I. B. Boughton, who is in his sophomore year at Rice Institute. Al did not go out for football last year because of a heavy lab schedule (he is majoring in chemical engineering) but is definitely out for a backfield spot this year. What with the top-heavy injury list at Rice, Al may get to play if he shapes up. In his last year here, his style of running from the fullback spot was often likened to that of Jarrin' John Kimbrough, Aggie great. His body-wracking smashes into the line earned him the respect, if not the love of many an opposing tackle and end, and his stiff-arming ability left many a would-be tackler flat on his back, angry and frustrated. He was rough and he trained 12 months a year.

Thursday night at the Colt-Eagle game, we noticed that the Colts weren't the only youngsters the school will be counting on in two or three years. To keep morale up and render general support the junior team has four promising twirlers and cheerleaders to head the Pep Squad. Twirlers include BETTY SUE ALLEN, WANDA MERRIMAN, PATSY DRENNAN and CLARA DALE GUEST, while cheer leaders are JOHNNIE JOHNSON, NANCY EATON, CARRIE CRITES and MARILYN MITTEL.

Tentative plans are to have the Heart of Texas Quarter Show here at the local racetrack Wednesday, November 3. As proposed, it will be an all day affair and will wind up at night with a cutting horse contest. According to Dr. M. E. Genrich, secretary of the Park Association, the show will be divided into three classes, quarter horse, half-breed and thoroughbred, with a total of 30 different classes and three judges for each class.

Visitors to the city this week included CAROL RATLIFF, Eldorado; PAUL GIBBS, Ozona; GUY MUNN, Junction and HARDIN TOBIN, Rocksprings. Together with JOE F. LOGAN, they make up Draft Board No. 110, offices in Sonora.

—(?!\$*?)—

Also seen around town was BARTON "BOTCHY" KOCH, of Temple, who was an All-America guard at Baylor quite a few years ago. He was swapping yarns with POLLY WELLS and BUD MOODY - must have been some tall ones exchanged in that gathering.

In case there has been any doubt as to the outcome of the presidential election, let us here and now dispell said doubt. The Republicans are in like Flynn. It's a cinch. How do we know? Because we got a notice from a Los Angeles advertising agency enclosing proofs of three Republican campaign ads and stating that the Devil's River News could have the right and privilege to publish these ads for only \$15. Generally, politicians pay through the nose for space ads during a campaign, but the GOP must be so certain of victory that it can charge for the opportunity of bringing its message to the people.

We're really not very hepped up about the election, however, mainly because there just don't seem to be enough outstanding candidates in the race. Why, do you know there isn't one single "Calvert Man of Distinction" on the whole ticket.

Here's a couple of last-minute football predictions for the weekend game between the Broncos and Reagan County Owls: S. M. Kerbow says we will barely win and the margin of victory will be due to the fact that the game is played in Sonora. Reagan has never beaten Sonora in this conference. Mont Merriman, whose predictions two weeks ago were right on the nose, goes out on a limb and says Sonora will be 3 and maybe 4 TD's

Jack Raymon Brings Reptile Show To High School On Thursday, Oct. 7

Sonora students and faculty members and anyone else interested will get a first-hand chance to get caught up on snake lore Thursday, October 7, when Jack Raymon, owner of the Kentucky Reptile Garden at Mammoth Cave, brings his exhibit to the high school auditorium.

Jack Raymon might be called a Public Relations specialist who has dedicated his life to a better understanding of the reptiles of North America by mankind. He comes to this work with a unique and solid background. For years he was associated with summer camps. He is a member of the American Red Cross Life Saving Corps, the New York Zoological Society and other organizations of a similar character. In his various contacts he has come to appreciate the need for more knowledge and less folklore concerning reptiles.

As a member of these scientific organizations he has done much work to break down the fear and misunderstanding of that most dreaded member of our animal life, the snake.

Raymon is owner and director of the Kentucky Reptile Garden, located in the Mammoth Cave area and one the featured attractions of Kentucky. Here thousands of students and adults form a new and more realistic picture of reptiles every year.

For fifteen years Ramon has been presenting his program "Reptiles of North America" in

high schools, colleges, universities and clubs. He has spoken more than 6,000 times to an estimated total audience of over 30,000,000 in forty six states. His program is recognized as one of the top attractions in school assemblies.

Raymon carries a beautiful and interesting stage set-up, featuring Indian blankets, mounted skins, and other features in the line of biology including fifteen live snakes.

During the program a great deal of information about reptile life will be presented, first aid will be demonstrated, and the live specimens exhibited. The high spot of the exhibition will be the showing of a beautiful Indigo snake from Florida.

Many schools take pictures for the annual during the program. When time permits interviews with science teachers are given to promote a better understanding of our North American reptiles.

A Public Relations expert for snakes may sound a bit far-fetched at first, but when one considers the universal prevalence of snakes, the fantastic folk-lore built up around them, and the foolish fear people have for non-poisonous snakes, it becomes more sensible. Through his thorough knowledge and skill Raymon imparts to others a realistic and sane attitude toward this mis-understood form of life which is extremely practical in every day living.

First Polio Case Is Reported Here

AURELIA LIRA, 11, IN SAN ANGELO HOSPITAL

Sonora and Sutton County's first case of infantile paralysis was reported Thursday afternoon from a San Angelo hospital. The victim is Aurelia Lira, 11, daughter of Mr. and Mrs. Nick Lira and a second grade student at the L. W. Elliott Elementary School, who was taken to a San Angelo hospital late Monday afternoon. The diagnosis was made by the hospital doctors Thursday afternoon.

The child is reported to have the Bulbar type disease, and at latest reports was suffering paralysis in the neck muscles. Present indications are that the girl has a mild case, but doctors are awaiting developments.

The Lira home is located near the Mike Sanchez Service Station, and City Health Officer J. F. Howell has ordered the two city sprayers to start at the Lira home and spray the entire residential district with DDT, in hopes that such action will reduce the chances of a spread. The City has a fogging machine, recently purchased, and a power sprayer, and Dr. Howell reports that both will be used to the fullest extent again, although the city was sprayed last week.

The Lira girl, who was in school all last week, came home Sunday afternoon and complained of not feeling well, and the transfer to the San Angelo hospital followed.

This case, coming as it did when the polio siege was supposed to be dying down, and when the National Foundation for Infantile Paralysis is issuing a call for funds, should call the attention of Sonora citizens to the appeal.

LEGION AUXILIARY MEETS TO ELECT 1949 OFFICERS

The American Legion Auxiliary has elected its new officers for the year. President is Mrs. Ella Archer; chaplain, Mrs. Juliet Drickell; historian, Mrs. Mamie Awalt; secretary and treasurer, Mrs. Muriel Hamilton; sergeant at arms, Mrs. Edward Archer.

Regular meeting night is the second Monday of each month. All members are asked to leave their 1949 dues, which are now due, with Mrs. Ella Archer, Mrs. Hamilton or Mrs. Myrtle Krings.

Mr. and Mrs. Hillman Brown visited in Blackwell last Sunday.

Draft Board 110 Issues Figures

Members of Local Draft Board No. 110 met in Sonora, this week to complete classification of men who registered in the recent draft call. Thus far, a total of 1,105 men have been registered within the five counties comprising the local board. Of these, 226 are classified as non-veteran and single, thus making them eligible for the draft.

The office of Board No. 110 will be open from 1-5 o'clock each afternoon except Saturday next week for the convenience of draftees and those who might be due to register.

Following is a break-down of the draft figures by counties:

County	Registered	Eligibles
Crockett	302	43
Edwards	161	44
Kimble	242	47
Schleicher	158	28
Sutton	242	64

Appreciation Day Starts October 9

Twenty local merchants have banded together to present a series of "Appreciation Days" for Sonora citizens. The purpose of the organization is to return to the buyers of the town part of the money they spend within the city. Such a program is designed to encourage residents of this city to seek their needs here before going out of town to buy.

Heading the Steering Committee of the group is Tom Ratliff, with Louie Martin and Bob Baker serving with him. Hillman Brown has been elected Secretary and C. A. Tyler, Treasurer.

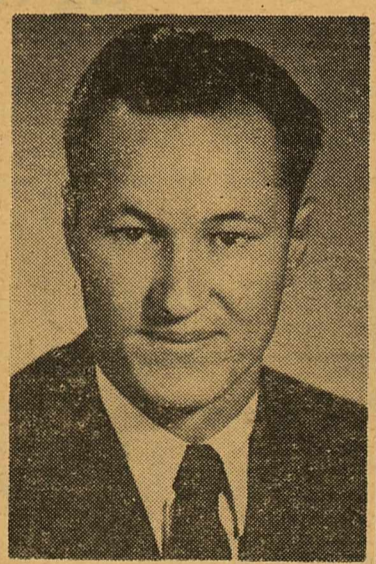

Members of the sponsoring firms issue tickets with each purchase of over 25 cents, and each Saturday afternoon at 4 o'clock, a drawing will be held downtown, with the winner receiving a portion of the funds in the chest.

Circulars will be distributed throughout Sonora this week which will contain details of the drawings, and a list of the sponsoring firms. The first drawing is slated for Saturday, October 9.

Former Basketball Star Starts Coaching Career At Sonora High

Sonora would have been a fertile field for a psychiatrist lately, for fans come home from the football game complaining about the First National Bank building being allowed to attend the games. Not only that, but it had been sitting on the Sonora bench, too. Wives of those fans who complained may now relax, for events have proved that it wasn't the FNB building after all - it was just Delbert (Yank) McKnight, the new coaching member of the Sonora High School staff.

Yank, who goes by no other name, please, towers six feet and four inches into the air, and puts 210 pounds onto his shoe soles every time he takes a step. He says that he was given the nickname by his father when he was a youngster, for no apparent reason, and that it has clung to him throughout the years. Personally, this writer suspects that Yank might have been concealing the true facts of the story, but if you think we gave him any argument about it, you're nuts! There is a limit to the dangers I should encounter to report the facts to the readers of The Devil's River News.

The new coach was born at Kelsey, Upshur County, on January 30, 1922, which puts him at the 26 mark these days. He was brought up on a farm, and attended school at Gilmer, near his home. He played two years of football at Gilmer High School as an end, four years of basketball as a center and forward and two years of track as a weight man. He also attended classes at the school, but didn't graduate from there because a Kilgore Junior College man talked him into transferring to Kilgore High School to finish, so that he could perform on the hardwood for the college. Yank was six-three by this time, and weighed 185, so it is easy to see why the Kilgore man was so interested in his welfare.

He was sent straight to San Diego, trained there and was sent into action in the Pacific campaigns. His Navy duties were concerned with a LCM, in the Marshall Island, Saipan, Guam and Philippine Island campaigns. After hostilities ceased, Yank was transferred to the battleship Indiana, spent six months there, and was discharged on November 28, 1945.

From the Navy, he went back to NTSTC, and played three years of varsity basketball. This feat gave him six years of college athletics, quite an eligibility period, even in Texas. During his last year, he

CALIFORNIAN CHOOSES A HALBERT HEREFORD

Robert Halbert, Sonora ranchman, this week sold to Joe Chamberlain of Watsonville, California one of his prize bulls. The animal Domestic Mischief 210, brought \$5,000. Halbert reports that the Californian flew to Dallas, bought a car and toured the state looking for a bull. After completing his tour, he wired the local rancher from Dallas and ordered one of the Polled Herefords from the Halbert herd.

Cub Scouts Meet

The first pack meeting of the local Cub Scouts was held last Tuesday night in the basement of the Methodist Church, with Cub Master Stanley Hauser as leader. The local group, composed of boys nine, ten or eleven years of age, is Pack 19 of the West Ranch District. Also present to assist in the meeting was J. B. Morrow, Scout Executive for the district.

The gathering was opened as Don Valliant led the group in the pledge of allegiance, and the program consisted of Scouting stories told by Birl Davis, Jack Ratliff and Willis Dean Minnick.

In addition to 17 Cubs, 13 parents and one Den Chief attended the meeting. Den Mothers for Pack 19 include Mrs. Aubrey Ward, Mrs. Clarence Valliant, Mrs. Tom Darrow and Mrs. Jack Ellingson.

LOCAL CHAPTER MAKES \$50 DONATION TO POLIO FUND

The National Foundation for Infantile Paralysis faces a crisis at the present time, according to Basil O'Connor, president of the organization. The severe epidemic of this year, and the resulting drain on foundation funds has caused O'Connor to declare a national financial emergency.

In a letter received this week by Wesley Sawyer, chairman of the Sutton County Chapter, O'Connor asked the aid of the local group in carrying on work in Texas, which state has been hard hit in the epidemic. Pooling of resources in the epidemic states for maximum use in caring for the patients of that state is the only answer to the problem, according to O'Connor. States which are not in the epidemic classification are also asked to contribute additional funds to the National Foundation.

The local chapter will contribute an additional \$50, according to Sawyer. Needed to carry the foundation through the present year is \$1,261,301.60 in additional funds.

Student Council Of Sonora High Holds Meeting

The Student Council of Sonora High School held its first meeting of the school year Wednesday night. As it has since its inception three years ago, the council held its first meeting at the home of Mr. and Mrs. W. W. Wendt. Present were sixteen students, including members of the Student Council, class presidents and elected representatives and the three pep leaders for the Broncos.

Plans were laid for the giant rally and bonfire which were held Thursday night on the school campus. The council voted to stage a "clean-up" campaign at the local schools, with the campus, lockers and interior of the schools all being included in the drive. The drive is to begin today.

Tentative plans were drawn for the social calendar for the year; subject to approval of the various classes and organizations. The calendar will be set up in its final form at the next meeting of the council. It was voted to hold the annual Halloween Carnival on Saturday night, October 30.

The council decided to stage an all-school play within the next six weeks, with "The Night of January Sixteenth," a Broadway comedy-drama production, as the play. Wendt will direct the all-student production.

Those present were served a basket supper before the business meeting. Next meeting of the council will be next week.

Clean up! Help combat polio.

Conference grid play starts in District 8B this week - with a bang. Coach Bud Moody's Broncos entertain the Big Lake (Reagan County) Owls here tonight, in what is sure to be a slam-bang ball game and may prove to be a stumbling block for the locals. The team which walks off the field beaten tonight will be in poor position to hope for any share of the district honors, for at the moment these two teams are the front runners for the crown.

The Broncos, primed and ready, will have no excuses if they drop this one. They have had two weeks to prepare for the Owls, the squad is free of injuries and the boys realize that they are starting the season with what may be their toughest foes. The opening whistle will find them ready, and should the closing gun find them losers, they will have lost to a better team.

The Owls are riding the crest of a winning spree after dropping the opener to Crane by a 0-12 score. Since then, they have smacked the Midland B squad by a 25-0 count and last week took the powerful Iraan eleven into camp by a 12-0 score. The Owls, who have yet to beat Sonora on Bronco field, will be itching to get at the Broncos tonight, and are capable of taking them over if the locals aren't enthusiastic enough about the encounter. The Owls have what it takes to win ball games, as last week's game should prove.

The Broncos have won both of their outings this year, neither of the games providing much opposition. Tonight should tell the tale. If they get by Big Lake, they have a running start toward the flag in what may turn out to be one of the closest district fights in years.

The visitors will have a slight weight edge on the locals. The Owls line will weigh in at 157 pounds per man, against 155 for the Broncos. Most of the Owl line left is carried by two big tackles, Seals and Holt, who weigh 190 and 184, respectively. The rest of the linemen are evenly matched. The backs again show an advantage to the visitors, 147 to 144, giving the Reagan County boys a team average of 153 against 151 for the Broncos.

The game tonight may turn out to be a wild, free-scoring affair. Both teams use the T formation, and use the same type of plays for their offense. Both depend upon outside plays, quick openers and passes for their long gains, and the backfields of both teams are loaded with men who might go the distance on any play. And one long run or pass in this close game might prove to the turning point of the entire contest.

Sonora fans who want good seats are hereby warned to be at the playing field early, for fans from all over the area are expected to put in an appearance here tonight. Junction and Menard have open dates, and should send delegations, and Angelo fans have indicated a desire to watch the opening round of play in District 8B. Game time is eight o'clock.

For the fans who can't get enough football in one night, the local B squad will meet the Rocksprings eleven at Bronco Field on Saturday night at eight o'clock. No starting lineup can be indicated for the locals, as Coaches Moody, McKnight and Thompson have no way of knowing how many players they will need against Big Lake, and participation in that game makes them ineligible for action with the B squad. Admission to the Saturday night game will be 50 cents for adults and 25 cents for students.

Funeral services were held Sunday for C. B. Hardin in Coleman. Hardin is a brother of John Hardin of Sonora, Mrs. Betty Goodwin of Hobbs, New Mexico, and an uncle of Mrs. C. W. Taylor, and a brother-in-law of Oscar Wright. All mentioned above attended the services.

SWING OF SOUTHWEST MARKETS

Southwest farm markets recorded many price declines during the past week, the U. S. Department of Agriculthre's Production and Marketing Administration reports. Heavier runs of cattle and calves brought sharply lower prices at most southwest markets. Stockers and feeders made up the majority of offerings, but moved slowly in Monday's trade. San Antonio took medium and good stocker calves from \$23 to \$25.50 while Houston paid \$21.50 to \$24.50. Good choice

stocker steer calves changed hands at \$23 to \$27.50 at Fort Worth and \$25 to \$29.50 at Kansas City. Good grades made \$24 to \$26 at Oklahoma City. Wichita moved medium and good light stocker steers and yearlings at \$20 to \$26. Denver sold common steers at \$18.50 to \$20. Another week of heavy sheep marketings brought uneven price trends. Prices ruled steady to strong Monday in active trade. Good and choice spring lambs sold \$25 at Denver and Kansas City and \$22.50 to \$23 at Wichita and Oklahoma City. Medium and good brought \$22 to \$23.50 at Fort Worth. Goats held firm at San Antonio.

Most current shearings of Texas wool moved into storage. Some Texas mohair sold at 38 cents a pound for adult hair and 58 cents for kid, f.o.b. Texas. Your Most Important Right

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county. And it's all because, at the last town election, folks got out and voted—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it. Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it! . . . like all the other individual liberties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men. Folks can thank themselves that on summer evenings they'll be able to listen to band concerts in a well-kept park . . . enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!

A salad plate was served to Mesdames Boughton, Frank Bond, Clayton Bray, Earl Duncan, J. S. Glasscock, G. H. Hall, G. H. Davis, Edwin Sawyer, C. A. Tyler, Rip Ward, W. R. Cusenbary, W. T. Hardy, O. L. Carpenter, O. G. Babcock, E. F. Vander Stucken, George Brockman, Sterling Baker, Ben Cusenbary, W. H. Dameron, Charles Davis, Ella Wallace, Joe B. Ross, E. B. Keng and Miss Jo Boughton.

Mrs. Boughton won high cut prize and was presented with a gift. Other prizes were won by Mrs. G. H. Davis, Mrs. Carpenter and Mrs. Keng.

EPISCOPAL DRAMA TO BE HEARD FROM SAN ANGELO

"Great Scenes From Great Plays," an entirely new departure in religious radio programs, and sponsored by the Episcopal families of the United States, will be broadcast for the first time on Friday evening, October 1, from 7 to 7:30 o'clock over Station KTXL, San Angelo, and every Friday evening thereafter.

Edmond Rostand's great drama of self-denial, "Cyrano de Bergerac," starring veteran actor Walter Hampden will be the first "Great Play" to be broadcast. Mr. Hampden will act as host on all subsequent programs.

Without hymns, prayers or scripture readings, "Great Scenes From Great Plays" will be heard on Friday evenings in frank competition with other broadcasts.

Wesleyan Guild Meets Monday

The Wesleyan Service Guild had its first meeting of the year Monday night in the home of Mrs. S. M. Loeffler with Mrs. Ervin Willman acting as hostess.

Four new members are Mesdames W. H. Marshall, Dick McCalmont, Bob Baker and Eriell Newton.

The meeting was opened by singing the Guild's theme song, "The Hills of Time." Mrs. C. T. Davis led the group with the Lord's Prayer.

Refreshments were served to Mesdames Loeffler, Davis, Maysie Brown, Thelma Briscoe, Leonard Caldwell, Marshall, McCalmont, Baker and Newton.

The next meeting will be in the home of Mrs. Briscoe on October 11.

VINSON - ROWAN RITES READ IN SAN ANGELO

Miss Louise Rowan, daughter of Mr. and Mrs. Leo M. Rowan of San Angelo, became the bride of Morty Vinson of Big Lake, son of Mrs. May Vinson of Abilene.

The single ring ceremony was read in the First Baptist Church of San Angelo by the Reverend James Leavell, pastor.

Mrs. Howard Millican of Sonora, sister of the bridegroom, was matron of honor and Mrs. Ed Armstrong of San Angelo was bridesmaid. They wore gowns of blue organdy designed with a basque bodice and bouffant skirt, and carried colonial bouquets of pink and white.

Howard Millican also attended the wedding.

MISSIONARY UNION OBSERVES WEEK OF PRAYER

The Baptist Church was the scene of a Wednesday meeting of the Women's Missionary Union for the first day of a week of prayer. The subject topic of the meeting was "Baptist Highways in Texas."

Mrs. Roy Sewell was in charge of Monday's program and Mrs. Aubrey Ward headed the Tuesday program.

Wednesday night the WMU, Men's Brotherhood, the Girls' Auxiliary and the Sun Beams met at the church for the second day of the week of prayer. The devotionals were given by the Rev. J. E. Eldridge, Louie Martin spoke briefly and piano solos were rendered by Marilyn Mittel and Billy Scott. Geraldine Peitchinsky, Roberta Doran and Helen Ward discussed the girls' program of International Auxiliary, and Mrs. Rip Ward spoke concerning the Baptist schools. Mrs. W. O. Crites was in charge of the program, and approximately 60 persons attended.

Friday night the WMU will meet at the church for the last day in the week of prayer.

MISS BRASHER HOSTESS TO FIDELIS CLASS

Mrs. J. H. Brasher was hostess to the Fidelis Class of the Baptist Church Friday afternoon.

Arrangements of cut flowers were placed about the party rooms.

Mrs. C. E. Brown, president, presided over the business meeting. Mrs. Frank Joplin led the devotional.

Games were played during the social hour, and cake and punch were served to fourteen guests.

The Broncos need your support. Turn out for the Friday night game.

SYKES TWINS GIVEN PARTY ON BIRTHDAY

Albert and Alfred Sykes, twin sons of Mr. and Mrs. Wesley Sykes, celebrated their first party on their seventh birthday Wednesday afternoon at the school house.

Guests included the forty-three first grade pupils.

The party began with the group singing "Happy Birthday." Mrs. W. W. Wendt and Mrs. Audrey Bridges, first grade teachers, directed the games, "Luby Lou" and "Musical Chairs."

After singing songs and reciting poems, refreshments of cake and strawberry ice cream were served.

The two birthday cakes were decorated with animal cookies and animal holders with seven candles on each cake. One cake was chocolate and the other pineapple.

Plate favors were balloons and garden tool suckers. Mrs. Sykes was assisted in serving by Mrs. Wendt, Mrs. Bridges and Mrs. Harry Kiser.

helped his team to a tie for the championship of the Lone Star Conference, and they were in the runner-up slots the other years. He was given honorable mention for the all-conference cage team all three years, and was awarded his degree last June.

In the matter of sport thrills, Yank reports two evenings which didn't exactly make him unhappy. The first came when he was in high school, in the first football game he ever played in. He caught nine straight passes, including one for a touchdown and another for the extra point in a game against Grand Saline. His efforts went for naught, for the Gilmer eleven lost the game by a 9-14 count.

The second big night of his athletic career came last year as a member of the NTSTC cage quint. His team met Sam Houston State that night, and Yank was assigned the job of guarding Murray Mitchell, who was hot on the trail of a new scoring record for the Lone Star loop. Yank stuck to the mighty Mitchell like a mustard plaster and kept the SHSTC star from denting the bucket a single time. Mitchell later reported that it was the first time he had ever stepped on the hardwood court and been held without even so much as a free throw. Just to prove he wasn't fooling, Mitchell whipped the hoop for 42 points in a game the following week, and succeeded in establishing a new record for the loop's scorers.

To top off his senior season, Yank held Jake Carter, who was next to Mitchell in the scoring race, to 12 points in two games. His Eagles won both games against East Texas, their bitterest foes, and thereby tied for the loop casaba crown. His feats as a team man are typical of Yank, who is most modest and retiring. Or at least as retiring as a guy of his size can be.

Yank was married three years ago to Miss Louise Smith, of Gilmer, and a former student at East Texas State. Yank made no report on which team they root for when they attend a North Texas - East Texas grudge battle. The couple has a son, William Michael, better known as "Mike," 20 months of age.

Yank's hobbies include sports of any kind, whether he is playing them or watching them. At present he is engaged in golfing, having been bitten by the bug last summer. He reports that he is nearing that elusive par figure now, and hopes to step into the "hallowed circle of par players" ere long.

In addition to his football duties, Yank will be head coach of the basketball team. In conclusion, this seems a safe statement to make: although Yank might never be a winning coach, nor produce a championship team, it's a cinch that his players will always "look up" to the guy.

MRS. SEWELL HOSTESS TO FRIENDSHIP CLASS

Mrs. Roy Sewell was hostess to the Friendship Class of the Baptist Church Thursday, September 23, at 7:30 o'clock in the home of Mrs. Frank Potmesil.

A sort business meeting was held at which time new officers were elected. They are as follows: President, Mrs. Howard Millican; first vice-president, Mrs. Frank Brimberry; fellowship chairman, Mrs. Louie Martin; ministerial chairman, Mrs. Sewell; stewardship chairman, Mrs. W. O. Crites.

A gift was presented to Mrs. Lawrence Nichols, retiring president, by Mrs. Millican.

During the social hour a white elephant sale was held.

FRIDAY NIGHT CLUB MEETS WITH LOGANS

Dr. and Mrs. Joe B. Logan entertained the Friday Night Bridge Club with a dinner at their home last week.

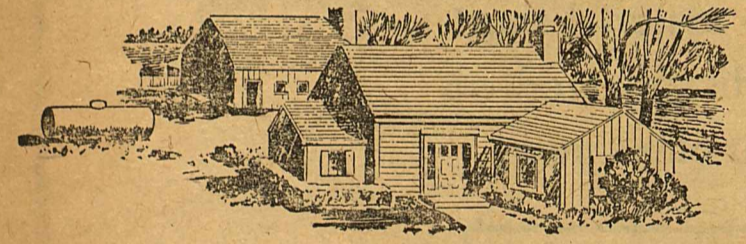

Mrs. F. L. McKinney won high club prize and A. E. Prugel won high guest prize.

Guests were Messrs. and Mesdames Marion Elliott, Prugel, L. P. Bloodworth, Russell Davis, McKinney, Hillman Brown and Sam Logan.

Refreshments of pecan pie and coffee were served to Mesdames Millican, Ben Mittel, Earl Smith, Potmesil, Gordon Smith, Walter Anthony, Emmitt Askins, J. E. Eldridge, Brimberry and Crites.

EVERYONE IS WELCOME

YOU CAN HAVE
PLENTY OF BUTANE
ALL WINTER
IF
YOU HAVE
ADEQUATE STORAGE

Will you be sure of having all the LP-Gas you will need this winter? Or will you be at the mercy of bad roads, bad weather and possible gas shortages? There is only one way in which your Butane-Propane dealer can promise you all the gas you'll need and that is for you to have adequate storage now!

So if you want to enjoy all the advantages of gas next winter — without any empty-tank worries — let your dealer explain how you can be guaranteed of having dependable, year-round gas service. Write, phone or see him today.

HERE'S THE PICTURE

The refineries which produce LP-Gas (Butane or Propane) have the same capacity all the year around. They produce the same amount of gas in the summer as they do in the winter. Yet there is four times as much gas used during the four winter months as there is during the other eight. That means LP-Gas produced in the summer must be stored for use in the winter. The refineries have increased their storage facilities. Your local dealer has increased his. But that's still not enough! Even more gas must be stored.

HERE'S THE ANSWER

The only solution to this problem is for you folks who use LP-Gas to increase your storage facilities, too. That's the only possible way in which your dealer can assure you of having a dependable, year-round supply of LP-Gas. Remember — your storage tank is like the gas tank in your car. If it's too small you're always running out of gas. So play safe. Get set for winter by getting adequate storage NOW!

HOW BIG A TANK DO YOU NEED?
You'll have adequate storage when you have a tank big enough to hold a supply of gas that will carry you through the four winter months. A tank that size will enable you to have it filled now while plenty of gas is available. Then, this fall, you can have it refilled and start off the winter with enough gas to see you through.

Sonora Colts Open Year With 7-0 Win Over Junction B Team

PASSING GAME BRINGS VICTORY TO JR. BRONCS

The Sonora Colts, emulating their big brothers in most ways, and surpassing them in a few, racked up an impressive win in their first game of the 1948 season at the local playing field last Thursday night, downing the Junction Junior eleven by a 7-0 count.

Coach Edwin Thompson's youngsters, with only three weeks of work under their belts, showed that Sonora fans will not be without top-class football on the weekends when the Broncos are idle or out of town.

Although the visitors made more first downs than the Colts, the game was in the Colts' hands from the start. The blocking, as might be expected, was rather ragged, but the defense and the passing game exhibited by the local lads was far above expectations. Above all, the spirit the Colts showed throughout the game assures fans that future Bronco teams will not be lacking in what it takes to win ball games.

It was through their clicking aerial game that the Colts made their first scoring bid. Bill Baldwin passed to Jerry Chavers for a 35-yard gain, to put the ball on the Junction 45, but the drive fizzled early in the second quarter and Junction took over on their own 18.

From there the visitors launched a drive which carried to the Junction 40, then gained another first down on the 50. Jack Petty then carried to the Sonora 30, and Horsefly Murr followed up with another pretty run, this time down to the Colt 11. Bennett made it to the seven, then the mighty Murr took over and carried to the three.

Things looked dark for the Colts, but a penalty on the following play set the ball back to the 12. Bennett was stopped, and on the fourth down Petty was caught at the line of scrimmage when the visitors attempted a tricky reverse. The half ended soon afterward.

The game's only score came in the third quarter. After a Junction punt was returned to the 50, Baldwin passed to Decker for 20, then to Peitchinsky for 10 more. Junction intercepted the next Baldwin heave, lost 15 yards through a penalty, and finally kicked to the Junction 25.

From there Joe David Ross took out around right end to the 10. Two plays brought it to the three. Baldwin faked, and passed a perfect one to Billy Savell for the points. Baldwin passed to Chavers for the extra point.

Action in the fourth quarter was fast and furious. Junction started a drive along the ground, but took to the air and Wilbur Griffin intercepted on the Colt 45. Bill Baldwin got his passing arm unlimbered and tossed three completions to put the ball on the Junction 16. The over-anxious Colts fumbled on the next play and Junction recovered.

Here the visitors opened up with their first sustained passing attack of the night, and had moved down to the Sonora 25 as the game ended.

The whole Colt team deserve praise for their play in the game. Defensive standouts included Bill Decker, H. W. Kile, Jesse Powell and Richard Wall. On offense, Quarterback Bill Baldwin was the standout with his passing. Time and time again he hit his receivers in the eye, and without his passing, the Colts might have had a losing effort on their hands.

103-YEAR-OLD SONORAN DIES THURSDAY MORNING

Death came early Thursday morning to Mrs. Ponposa R. Silvaz, Sonora resident, at the age of 103 years. Until she fell and broke her hip a week ago, Mrs. Silvaz had been active around the house of her son, Victor Rodriguez, employee of the city.

Mrs. Silvaz was born in Mexico on May 20, 1845, some seven months before Texas joined the Union, and sixteen years before the Civil War was begun. Texas had been a republic only nine years at the time of her birth.

Her son is the only local survivor.

Mr. and Mrs. B. W. Ramos of Junction are the parents of a baby boy, John, who was born in Sonora Monday night, and weighed only 2 pounds, 6 ounces at birth. The baby was kept under an oxygen tent at a local doctor's office until Wednesday night, when he was moved to San Angelo. His feeding was accomplished with the aid of an eye dropper, and came at one and one-half hour intervals. Doctors gave the infant a good chance to survive.

Last Minute Notices

Officers of the Parent-Teachers Association extend an invitation to all parents to attend the P-TA Tuesday afternoon at 3 o'clock in the high school auditorium.

The Sonora Woman's Club will hold its opening of the year, a book tea, Thursday, October 7, at 3:30 o'clock at the club house. Miss Anne Palmer will give a book review.

POST OFFICE RECEIPTS CONTINUE TO INCREASE

August postal receipts in Texas rose 16 per cent from August 1947, the Bureau of Business Research reported.

Totaling \$3,029,184, receipts from 61 Texas cities dipped 2 per cent from July to August, however.

Substantial August-to-August gains were turned in by Coleman, 65 per cent; Sweetwater, 59 per cent; Edinburg and Jacksonville, 48 per cent; and Tyler, 41 per cent.

Only four Texas cities reported August postal receipts below a year earlier: Seguin, 16 per cent; Greenville, 11 per cent; Big Spring, 9 per cent; and Plainview, 3 per cent.

Following the seasonal downward trend, postal receipts in Lockhart fell 28 per cent from July to August. Borger's receipts slid 24 per cent; Greenville, 21 per cent; Plainview and Laredo, 19 per cent; Big Spring and Orange, 18 per cent; and Midland, 17 per cent.

On the other hand, July-to-August increases were reported by Coleman, 33 per cent; Sweetwater, 26 per cent; Greenville, 21 per cent; Edinburg, 20 per cent; and Texarkana, 18 per cent.

Did You Know Hayfever Is Caused By Love— Love of the Ragweed for Its Mate?

In the Fall a ragweed's fancy lightly turns to thoughts of love and this month, throughout most of the United States, every up-standing ragweed will be on the hunt for a mate.

All this seedy pursuit of happiness is all right for ragweeds but it's tough on you if you are one of the millions who suffer hay fever as the result of inhaling pollen. In that case you cannot afford to look down your nose at the activities of the young ragweed Romeos and Juliets. Many of them may not find each other, but find your nose instead. Worse, they may even have a date there.

In that case you ought to know about Neohetramine (2-(N,N-dimethyl-aminoethyl-N-p-methoxybenzyl) - amino pyrimidine mono-hydrochloride) and don't sneeze at that either. This interesting sounding and acting drug, a product now made available by Wyeth Incorporated on a doctor's prescription, has been found in a number of recorded clinical tests to give relief to 82 per cent of seasonal hay fever sufferers, and what is most remarkable of all, with almost complete absence of deleterious, or "side," effects.

These tests, as reported by Drs. Leo H. Crip and Theodore H. Aaron of the University of Pittsburgh Medical School and Montefiore Hospital to the American Academy of Allergy, showed Neohetramine to be the safest of all similar drugs. In fact the incidence of side effects was so low that they named it the "safest" antihistamine.

Neohetramine, the physicians showed, has also proved startlingly effective in curing or moderating headache, bronchial asthma, the skin eruption known as urticaria, and allergic rhinitis. The tests were extensive, 124 hay fever sufferers being treated with Neohetramine by Drs. Crip and Aaron.

The development of Neohetramine is the result of clever medical detection work. Allergies are a comparatively recent medical discovery. The word "allergy" has been in the language only half a century. It is now known that the inhalation of pollens, especially that of ragweed, can produce asthma, sneezing, face swelling and other allied symptoms. Many foods, shellfish and strawberries for example, wool, cat fur and scores of other things may cause various unhappy reactions among those allergic to them.

When a disease germ enters the body, the body automatically sets up its own defense by manufacturing anti-bodies to combat the germ. Pollens and other allergens are also met in

the body with anti-bodies. But the real villain of the hay fever and other similar griefs is now believed to be a chemical called histamine which is normally found in minute quantities in most of the body tissues. Pollen and the antibodies it creates combine to cause the liberation of histamine in the body. The histamine in turn dilates the blood vessels so that the tissues which the blood vessels feed become swollen and gorged, like the stomach of a man who has eaten far too much. When the tissues of the mucous membrane of the nose get this indigestion and stomachache, the result is hay-fever or perhaps rhinitis. Other tissues so afflicted may result in hives, asthma or worse.

Histamine thus acts as a sort of fifth columnist in the body for allergens. But it was only recently that histamine's devilish underground work was discovered. Once that was established, however, the research laboratories got to work and developed the so-called antihistamines. Of these, Neohetramine, as shown in the Crip-Aaron report, is the least likely to produce in the patient such side reactions as dizziness and drowsiness.

The antihistamines have been found valuable also in other respects— notably in overcoming certain patients' allergies to drugs which it is necessary to administer to them. During a recent operation for tumor at Temple University Hospital, penicillin injections had to be given a woman patient. To these she showed pronounced and

dangerous allergic reactions, which disappeared when the surgeons administered Neohetramine.

The great value of antihistamines to medicine can be appreciated when it is remembered what a tremendous field is covered by allergies. Certain persons, for example, are allergic to cold and a sudden dip in too cold water or too prolonged swimming may result in death. Others are allergic to heat. The list of allergens run the gamut from cat's fur to milk.

The case of a man who broke into a rash on Monday mornings puzzled physicians for months. They tested him for one allergy after another until they remembered that his rash always occurred on Mondays. Then the answer finally came. He was allergic to funny papers—that is to the ink used to print them.

There are also allergies which are of psychogenic origin. A woman married for five and a half years had suffered asthma for five years of that time. She went to Arizona, was cured within a few months and returned East to her husband. Five months later she had asthma again. She went back to Tucson and was again cured. Her husband moved to Tucson to be with her. Five days later she was hospitalized with an acute attack of asthma.

Probably Neohetramine would have done no good in this case. Reno was the cure. Since her divorce the lady has lived in the East and has suffered no recurrence of her asthma. She was simply allergic to her husband.

Uncle Sam's Selective Service

1. Q. Suppose a man is taken from a job with a government agency in the executive branch of the U. S. government and that agency is no longer in existence when he gets out?
A. Every attempt will be made by the Civil Service Commission to find a similar position for him in another agency which is either vacant or held by a person having a temporary appointment.

2. Q. How about a man who holds a job in the legislative or judicial branches of the federal government?
A. He will be restored by the officer who appointed him. In the case of a job in the legislative branch, if it is not possible for the person to be restored, an attempt will be made to appoint him to a position with an executive agency of the federal government.

3. Q. What if a man's reemployment rights under the Selective Service Act if he enlists?
A. He has the same rights and benefits as inductees, if it is his first enlistment after June 24, 1948, the period is for not more than three years, and he is honorably discharged.

Attest:
H. C. KIRBY, Clerk,
District Court,
Sutton County, Texas.

The State Constitution provides that, every 10 years, the state shall be re-districted...

There have, of course, been many changes in population in 27 long years. The result is a situation of gross inequality.

Nor is this unfair condition confined to a single part of the State. It has been said that South and West Texas are being discriminated against...

Yet the district with only 19,000 people has the same power in making laws as the district with 127,000 inhabitants.

HOSPITAL TO BE BUILT FOR CANCER RESEARCH

HOUSTON, Texas, Sept. 30 — Construction on the University of Texas M. D. Anderson Hospital for Cancer Research may begin next year, Dr. R. Lee Clark, Jr., director, says.

A \$500,000 allocation of federal funds will be supplemented with approximately \$3,000,000 which was authorized by the State Board of Health under the federal Hospital Survey and Construction Act.

000-six times more people and, presumably, paying six times as much taxes.

The same condition prevails with regard to the State Senate. One district has 110,000 people and another has 463,000, which is the 1940 census, and the latest estimate is that the district has grown to 754,000.

Repeatedly, the legislature has failed to do its duty. Now the people have a chance to take action. In the November 2 general election, Constitutional Amendment 2 will be voted on.

A situation whereby a man living in one district has only one-sixth of the voice in the making of the laws under which he lives as a man somewhere else is not democracy. It is indefensible.

Let's pass Constitutional Amendment 2 and change that condition!

Hogs And Frogs Start SWC Play This Saturday

REVENUE COLLECTIONS UP 15% OVER LAST YEAR

Federal revenue collections in Texas totaled \$83,333,485 in August, rising 15 per cent from a year earlier, the Texas Bureau of Business Research reported.

Employment taxes jumped 37 per cent from August 1947; income, 18 per cent; and withholding, 14 per cent.

Collections in First District (South Texas) stepped up 7 per cent from a year earlier. Employment taxes were up 18 per cent; withholding, 10 per cent; and income, 8 per cent.

Second District (North Texas) reported a 24-per-cent gain from August 1947. Employment taxes increased 53 per cent; income, 29 per cent; and withholding, 19 per cent.

Humble's broadcast of the Arkansas - T.C.U. game starts at 8 o'clock Saturday night from Fort Worth. Eddie Barker and Hal Thompson will handle play-by-play and color assignments.

At 8:05 o'clock the Rice - L.S.U. game at Houston will be broadcast with Ves Box describing play-by-play and Bill Newkirk handling color.

Church Attendance Is Important
Christian faith soon weakens when not nurtured by worship service. Well attended churches are usually churches strong spiritually. Church attendance is a voluntary and outward expression of an inward spiritual life.

Church attendance is important to the pastor, it builds him up. It is important to the congregation, it inspires the people. It is important to the community, it purifies it. It is important to the home, it stabilizes it.

Why Go To Church?
I suppose the most complete one-sentence answer to that question would be, "WE GO TO CHURCH TO WORSHIP GOD."

Worship is the most characteristic thing about religion. In worship the deeper ranges of man's nature are discovered. Whatever the method of worship may be, its purpose is to find God. When the spirit of man arises to God, it is worship. It is the loftiest experience of mankind.

Public worship helps wonderfully in personal religion. Worship rises to its highest heights when it is in unison, when it is in common with many others, when it is a social act. The influence of worship in purifying life is inestimable. The church is first, last and always a place of public worship.

We welcome you to the services of The First Methodist Church. Call 82 for any service we can render to you or your friends.

Mr. and Mrs. C. C. Stroud spent the weekend in San Antonio, where they visited Mr. and Mrs. C. B. Stroud and attended the Texas A&M - Texas Tech football game.

BEEP
BEEP.....

Some facts on telephone voice recording

When you hear a "beep"-like sound on the telephone, it means that the person with whom you are talking is recording your conversation on his own recording machine. This is in accordance with latest government regulations which permit recording machines to be connected to telephone lines, only if the "beep" signal is used to show that the conversation is being recorded.
If you do not want your conversation recorded, ask the person with whom you are talking to please disconnect his recorder.
It is now illegal to connect any recording machine to a telephone line without providing for the use of the "beep" signal over the line.
