FIFTY-NINTH YEAR

Sonora, Texas, Friday, July 22, 1949

FORTIETH WEEK

... Son of
a gun ...

The Ozona Roping Club has invited all Sonorans to the roping tonight at the Ozona arena from 8 until 10 o'clock and to a dance from 10 o'clock on.

The OZONA LIONS CLUB has challenged the SONORA LIONS CLUB to a softball game, which would be played in Ozona. If the locals accept the challenge, details of the match will be found in next week's paper.

It seems that some employer in Fort Worth was flooded with answers to a "Help Wanted" ad last week, when members of the local VETERANS ADMINISTRATION class decided to answer the ad as a part of their business letter writing course. Fortunately, LOUIN MARTIN knows the man, and wrote a letter of explanation two days later.

Work on the SONORA-JUNO REA line is due to get started soon, possibly around the 27 or 28 of July. The line will be completed by a contractor, and bids on the completion of the job are due to be opened soon. The SOUTHWEST ELECTRIC CO-OP recently finished other lines in Sutton County.

Any social gathering which is in need of entertainment need search no further than Sonora, for EDITH ELDRIDGE and her Gay Nineties songs present a most enjoyable few minutes of laughs.

BOB VICARS and GLENN HAYS decide to "paint 'er up" a little, and as a result, the Sonora Drug now has a new coat of make-up. Surprising as it seems, the guys did a good job, too.

Latest rage in refreshment circles is rumored to be salty ice cream. Partakers of this delicacy are said to be rendered speechless -- or almost so, anyway. Recipe may be had from WESLEY SAWYER, EDWIN SAWYER, CLEVE JONES, JR. or BURETTE KENG.

DR. ALFRED ELLISON gets a warm welcome to Sonora, when several emergencies occur during one of his first nights on duty.

Gus Wheat recently purchased 10 Columbia bucks from Whitefield and Son of Friona at an undisclosed price. Wheat also reports 1 1/2 inches of rain at his place last Thursday night and Friday morning.

Corriedale Sale Today In Angelo

FIELDS-JOHNSON BARN SCENE OF ANNUAL SALE

San Angelo will be the scene today of the Third Annual All-American Corriedale Sale, which gets underway at 10 o'clock this morning in the Tom Green County city. Site of the sale will be the Fields and Johnson Barn, and the sale is being held in conjunction with the 13th Annual Fields and Johnson Corriedale Auction.

Up for sale will be approximately 25 stud rams, 25 stud ewes, 50 top quality registered ewes and 300 purebred, registered range rams. These animals have been consigned by the leading Corriedale breeders of the nation.

The All-American Corriedale sale was started in Ohio in 1947, with 200 head of sheep being sold. The 1948 show was held in Iowa, with even more success, and show officials look for the 1949 show to top both previous efforts.

The Fields and Johnson Corriedale Sale was started in 1937, and has been a yearly event since that time. The firm has been one of the leaders in bringing the Corriedale into the state to be bred with the native Texas fine-wool sheep.

Ranchmen from all over the nation are expected to be present for the sale this morning.

Elliott Harlow of San Angelo, nephew of Mr. and Mrs. L. W. Elliott, is visiting his uncle here. Harlow is a law student at the University of Texas.

DRIVE SAFELY! — Give the pedestrian the right-of-way.

Lions Expect To Net Over \$5,000 From 12th Show

AUCTION SALE BRINGS IN TOTAL OF \$5,834.54

Final figures for the 12th Annual Lions Club Wool Show & Auction Sale reveal that the auction, held on the afternoon of June 30, brought a total of \$5,834.54 into the club coffers. Top item of the sale was \$800 paid by Cleve Jones, Sr. for T. Royal Rupert 100th, who was given to the club by Robert Halbert.

Expenses for promoting and presenting the show are to be deducted from the figure, as is the approximately \$1,000 spent for trophies and prizes and to feed and house the 4-H and FFA boys who were entries in the Wool & Mohair Show.

The Thursday night dance netted the club \$103, after payment of musicians and advertising.

Sale of a beef brought in \$273.50, from which the cost of the animal is to come.

From the above figures, it would seem that the club would net slightly over \$5,000 from the two-day show to carry on its community betterment program for the coming year.

Elliott Shows Improvement

L. W. Elliott, who has been ill at his home for nearly six weeks, was reported improving this week. His illness has been diagnosed as virus pneumonia, a type which takes about six weeks to run its course.

Broncos Down M System In 13-0 Ball Game

The Sonora Broncos, out of the Concho Basin League playoffs, took it out on the M System team of San Angelo here last Sunday, as they handed the visitors a 23-0 lacing.

Jack Henderson went all the way on the mound for the locals, and held the M System nine to four safeties while blanking them. He whiffed eleven.

The Broncos hopped on Armstrong for 16 hits to gain their 13 runs. Leading hitters for the day were Bell and Street, with three for five. Clemens, Noriega, Moore and Henderson each got two hits.

The Broncos travel to Ozona on Saturday afternoon, the game to get underway at 4:30 o'clock. Ozona is a member of the Trans-Pecos League, and the two teams have been trying to schedule a game all year.

No game has been scheduled for the locals for Sunday.

LINE SCORE:
M System 000 000 000 - 0 4 6
Sonora 011 103 43x - 13 16 1
Armstrong and Martin, Patton; Henderson and Malish.

NINE 4-H BOYS ATTEND DISTRICT 11 CAMPING

Nine members of the Sutton County 4-H Club were in attendance at the District 11 4-H Club camp at Bandera last week. The group left Thursday morning, and returned home Saturday night.

Representing Sutton County were Joe David Ross, Tyree Hardy, Oscar Carpenter, Connie Mack Locklin, Billy Bryan Savell, Eddie Smith, Bennie Friend, Rus Chalk and Billy Bob Ellingson.

Also attending the camp from Sonora were Joe Brown Ross, Jimmy Cusenbary and County Agent D. C. Langford.

Fire Department Makes Run

The Fire Department made a run at 12:45 Thursday afternoon, to extinguish a grass fire behind the A. W. Awalt residence. The fire caught from a trash fire. No damage resulted.

STOCKS BLACK BASS

Jim Richardson received 1,500 small black bass Thursday of this week, from the Fish and Wildlife Service. The fish came from the San Angelo office of that organization, and are destined for Camp Allison.

Any ranchers interested in stocking their tanks and lakes may obtain information on the project by writing to the Fish and Wildlife Service, P. O. Box 1306, Albuquerque, N. M.

Mrs. L. W. Elliott is in the Medical Arts Hospital in Dallas receiving treatment for a sinus infection.

Attend SOME Church Sunday

4-H Club Elects New Officers

GRASS JUDGERS STUDY FOR STATE FAIR MEET

Officers for the coming year were elected by the Sutton County 4-H Club in a recent meeting. Chosen to lead the club was Joe David Ross, who was elected president. Other officers include Corky Schwiening, vice-president; Norris Loeffler, secretary, and Tyree Hardy, reporter.

Following the elections, a business meeting was held.

A grass-training committee was appointed to prepare plant identification boards for the new 4-H Club Room, located near the Sutton County 4-H barn. Committee members were Oscar Carpenter, John Mittel, Billy Bryan Savell, Hardy and Ross. The committee members were all members of this year's grass judging team, and will assist in the training of other club members in grass judging during the coming year.

At present the grass judging team is studying for the grass judging contest to be held during the State Fair at Dallas in October.

The barn committee, composed of Frank Adkins, Ross and Hardy, was appointed to keep the grounds around the 4-H barn clean and free of weeds. A new barn committee will be appointed each month.

O. L. Carpenter of the Experiment Station has purchased a Registered Rambouillet Ram from Jack Canning of Eden and donated him to the 4-H Club. The ram will be used in the breeding of show lambs for club members, and Travis Glasscock has furnished 82 top yearling ewes for the project. Plans call for the purchase of another good ram to be used in the experiment.

In preparation for next year's show, 35 lambs have been selected from Edgar Glasscock's flock for feeding. Any boys who would like to feed lambs, and have not already bought the lambs, should contact County Agent Clint Langford as soon as possible.

Wednesday Set For Vets Meet

NEW OFFICERS TO BE ELECTED AT MEETING

There will be called meeting of all Sutton County veterans of World Wars I and II at 8 o'clock Wednesday night, July 27, in the courtroom of the county courthouse, for the purpose of reorganizing Post 309 of the American Legion.

Present plans call for officers to be elected that night, and a complete overhauling of the organization.

Sponsors of the move state that unless something is done to remedy the situation, the local post stands a good chance of losing its charter.

An active post would enable Sutton County veterans to take advantage of the various programs being put into effect by state and federal governments, including the Veteran's Land Purchasing Board and the Veterans Administration Educational Program.

All veterans are urged to be present to vote for the new officers, and have a voice in the reorganization of the post.

Fishermen At Don Martin

A fishing party composed of Dave Locklin and son, Connie Mack, Leonard Gibbs and son, Nolan, George H. Neill, Joseph Vander Stucken and Jack McDermitt, left Tuesday for Lake Don Martin. They will be gone several days.

SUTTON COUNTY WEATHER REMAINS HOT AND DRY

Sonora and Sutton County suffered through another hot, dry seven days during the past week. A light shower broke the spell on Thursday, but the temperature soared back near the 100 mark within a day or two.

High for the week was a 99, registered Wednesday, and the low mark was 65 degrees, reached during Saturday night.

Weather forecasters see no quick end to the present hot and dry weather.

The Weather

Sonora Visitors Point Way To Cheap Vacation

TRAVELERS COME FROM CALIFORNIA IN 18 DAYS

Passing through Sonora Monday morning were Don Moore, 23, of Houston, and Robert Holdsombeck, 25, of Birmingham, who were bicycling to their homes after being discharged from the Navy at San Diego. Moore had spent five and one-half years in the Navy, and Holdsombeck was a veteran of seven years.

After studying the costs of tickets to their homes from San Diego, and realizing that the exercise wouldn't do them any harm after a few years on ship, the boys decided to buy bicycles and ride back home in style.

They shopped around and bought two Columbia bicycles, at \$65 apiece. The bikes are of English make, and have hand brakes and three-speed gear shifts, which the boys found most welcome on some of the hills they have had to negotiate between here and California.

The travelers spent Sunday night in Ozona, and planned to spend Monday night in Junction, which was about an average day for them. Highest mileage posted in a single day was 124 miles, which was necessary because it was necessary to go that far to find a place to spend the night.

The boys had one flat apiece, and the only ride they had came as a result of one of the flat tires. In the Arizona desert, Don had a flat, and the highway patrol picked up the boys and carried them four miles into the next town, where they settled down in the shade to repair the damage.

The boys rode only at night in crossing the desert, starting out about 8 or 9 o'clock each night, and riding until near dawn, or until they reached a point from which they could not reach another town before the sun started bearing down.

Both boys had fishing poles, and reported the fishing "good" between here and California. Some nights the duo stayed in tourist cabins, other nights they unrolled their bedrolls and slept under the stars.

Both boys plan to continue their collegiate educations this fall, Don at the University of Houston and Robert at the University of Alabama.

Remodeling Job Nears End

Remodeling at the Methodist Church is about completed, according to the Rev. W. H. Marshall, pastor. Mr. Marshall said Thursday everything was completed except installation of carpeting and rebuilding of some of the pews.

Mr. Marshall said plans are underway for an open house to which the public will be invited and added that the church is getting a fine response to its requests for funds to complete the building program.

DRAFT BOARD 110 GETS NEW JUNCTION MEMBER

Word has been received in the offices of Draft Board 110 of the resignation of Board Member Cecil Allen of Junction. Allen plans to move out of Kimble County and has resigned in anticipation of the move.

His place will be taken by Jordan L. Cunningham of Junction, who will meet with the board when the August meeting is called.

FATHER OF COUNTY AGENT DIES WEDNESDAY AT HOME

Word has been received here of the death of the father of Clint Langford, Sutton County Agent. The elder Langford died of a heart attack at his home in Bandera Wednesday of this week. He was engaged in ranching and the hardware business in Bandera.

Funeral services will be held in Bandera at 10 o'clock this morning.

Mr. and Mrs. Harold Friess and boys and Mr. and Mrs. Paul Turney have returned from a two weeks trip into Wyoming, Utah, Colorado and New Mexico.

Mr. and Mrs. E. B. Keng and Mrs. Joe Brown Ross have returned after taking Jan and Betsy to Camp Mystic, near Hunt. The girls will spend six weeks at camp.

Mrs. Nelson Stubblefield was admitted as a patient to a San Angelo hospital this week.

Wallace Dameron was a business visitor to Barnhart this week.

Mohair Research Money Due Soon

Only a few days remain in which to complete the \$10,000 mohair market research fund raising campaign, Sayers Farmers, President of the Texas Sheep and Goat Raisers' Association, informed his fund-raising committeemen in a letter this week.

"Our contract with the Marketing Research Branch of the USDA's Production and Marketing Administration requires that our part of the \$30,000 fund be deposited with the government by July 29. That means we will have to mail our check by July 27," Farmer mentioned in his letter.

A visit among most of the warehousemen and others charged with raising the \$10,000 was made by Ernest Williams, Association Secretary, last week and in general the campaign was progressing nicely.

Mohair producers who have not been contacted by their committeemen should get in touch with him immediately and contribute their part, Farmer said. "This market research project is too important for us to lose. It is up to the mohair producer to insure that we fulfill our part of the contract," he added.

Man Injured In Fall From Truck

Antonio Torres, 68, received a fractured nose and serious skull injuries Saturday morning when he fell from a truck about 6 miles north of Sonora on the Eldorado road.

Torres, a native of Eagle Pass, was asleep on some bedding piled on the truck when he fell. He was brought to Sonora for treatment and later removed to Eagle Pass. His condition was reported as satisfactory.

The injured man was a member of a group of 35 under the management of Rudolph Bunetello, and had been to Knox City to hoe cotton.

Visitors At Gus Wheat Ranch

J. R. Cade, field manager for Gulf Oil Company in Materine, Venezuela, and daughter, Glenda, a niece of Mrs. Gus Wheat, were guests at the Wheat ranch last week. Cade has returned to South America, Miss Cade will continue her visit here.

YOUR HEALTH

A deficiency of salt in the human system can cause serious consequences, and for this reason Dr. Geo. W. Cox, State Health Officer, advises every person whose work is such that it causes excessive perspiration to add a pinch of ordinary salt to each drink of water taken during the day.

Farmers, mechanics, carpenters, construction men and all others whose work causes them to sweat profusely are in danger of having their body salt content seriously depleted, and as a result may suffer from heat cramps or heat fag.

Salt is a prominent constituent of sweat, and when the thermometer hits the high register, the human body may lose as much as 40 to 50 grams of salt during a single day.

In many industrial plants, workmen are furnished with and urged to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Many find this a pleasant way of taking extra salt, but others prefer to add the needed amount of extra salt to their food and drink.

"Take your extra salt in any manner that is agreeable to you," says Dr. Cox, "but take it. Heat cramps are very painful and exhausting. They are characterized by cramps in the abdominal region, headache, and in severe cases there may be nausea and vomiting. Body salt losses occur without the knowledge of the individual until a deficiency exists; then the abdominal muscles begin to cramp."

According to the State Health Officer, it is a wise precaution to keep the body supplied with salt, and thus avoid much possible suffering and loss of time from heat cramps.

Dance Teacher Given Honors

Mrs. Vestel Askew returned last week from Dallas, where she passed entrance tests for the Dancing Masters of America and Dancing Masters of Texas associations. She also took special instruction at the Texas Normal school.

Mrs. John McClelland and children visited her mother, Mrs. F. F. Pierce, and Mr. Pierce in Big Lake last week.

Former Students To Meet Saturday

COKE STEVENSON TO MC ALL-DAY GATHERING

Former students and teachers of the Cedar Hill Schools will hold a reunion on Saturday, July 23 at Camp Allison. The meeting is to get underway at mid-morning, and last through a dance that night.

Most prominent ex-student present will be former Governor Coke Stevenson, who will serve as Master of Ceremonies for the occasion.

The program includes dinner and supper, for which those attending are requested to bring a salad and either cakes or pies. Other courses have been donated and will be prepared at the camp grounds.

A program to keep the students and teachers busy has been arranged, and the dance Saturday night will have Johnny Martin, Jr. and his Melody Boys to furnish music. All former students and teachers of the Cedar Hill School System are urged to be present for this reunion, as plans will be made to make the affair an annual event and officers elected for an organization of ex-students.

The effort to keep graduates of the school in touch is being heightened by the recent consolidation of the school district with the Sonora Independent School District, a local spokesman for the group stated.

Fires South Of Sonora

The huge pillars of smoke which Sonorans noted on Wednesday afternoon came from two fires in the Loma Alto country. One was a grass fire on the Noble Taylor ranch, the other came from a cedar brake fire in the Camp Wood area. Aside from several acres of grass and cedar being burned, no damage was reported from the fires.

Sonora Duchess Named For TAGRA Show

Sonora will be represented at the Texas Angora Goat Raisers' Association Show and Sale, to be held in Kerrville on August 4, 5 and 6, by Miss Raymie Jo McClelland, daughter of Mr. and Mrs. Ernest McClelland.

Miss McClelland, who was invited to serve as a Duchess in the court of Miss Mohair of Texas, will participate in the elaborate cavalcade in Antler Stadium at 8 o'clock on the night of Thursday, August 4 and the coronation of the queen, following the cavalcade.

Duchesses and their escorts are invited to a buffet supper preceding the coronation, and a dance will be held in one of the hangars at Louie Schreiner Field following the crowning of the queen.

Sunday Roping At Ft. Terrett

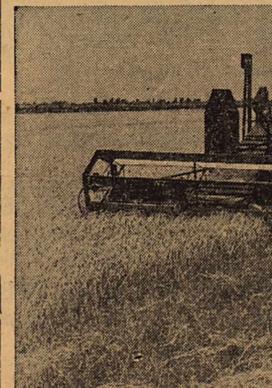

There will be a roping at Ft. Terrett Sunday, July 24. Action is slated to get underway at 3 o'clock.

The schedule calls for goat and calf roping, with matched and jackpot ropings in both categories.

The condition of Mrs. Sol Kelly, who is confined to a San Angelo hospital, is reported as "muchly improved" on Thursday.

Miss Beverly Smith, daughter of Mr. and Mrs. George E. Smith, is visiting in Abilene this week with her grandmother, Mrs. Fannie Gahagan.

Near Record Wheat Crop Foreseen

WASHINGTON, D.C.—The U.S. Department of Agriculture reports acreage plantings and weather conditions so far this year are favorable for the prospect of the second largest wheat crop in history. With the near-record wheat crop in prospect for the coming harvest, seems like the above farmer with his Massey-Harris Self-Propelled Combine moving through a heavy stand of grain will again become a common sight on farms throughout the grain-growing states.

Show And Sale Of Rambouillets Set This Week

Plans have been completed for the 13th Annual Rambouillet Sheep Show and Sale, which is to be held in San Angelo Tuesday and Wednesday of next week. The show is under the joint sponsorship of the San Angelo Chamber of Commerce and the American Rambouillet Sheep Breeders' Association, and the entry list is limited to Rambouillets.

The show and sale has 514 entries from Texas, California, Utah, Wyoming, Montana, Oregon, New Mexico and New York.

In the show division, which is to be held Tuesday, July 26, \$340 in premiums will be offered in six classes of judging. Classes include lightweight yearling ram; four-tooth ram; heavyweight yearling ram; champion ram; pen of five range rams and pen of ten range rams.

L. D. White, Fort Stockton Rambouillet breeder, will be judge for the show.

All sheep entered in the show must be offered for sale through the auction ring. The sale is set for Wednesday, July 27, and Walter Britten of College Station will be the auctioneer.

The Sonora Experiment Station plans to show entries in the event this year.

Bronco Football Captain Hurt Saturday Night

MOTORCYCLE-AUTO CRASH RESULTS IN BROKEN HIP

A. Z. Joy, 16, son of Mr. and Mrs. Artie Joy, suffered a broken hip, broken hand, cuts and bruises when the motorcycle on which he was riding crashed into a car driven by J. Wray Campbell. The accident occurred at 7:30 o'clock Saturday night, near the Castle Courts on U. S. Highway 290, as Campbell made a left turn to enter the courts.

Joy, who is captain-elect of the 1949 Sonora High School Broncos, and an all-around athlete for the local school, underwent a two-hour operation on his hip in a San Angelo hospital on Tuesday morning, and surgeons reported the operation as a decided success. When Joy will be able to resume his athletic career was not disclosed, but doctors ruled out the possibility of his starting training with the rest of the Bronco squad in August.

The motorcycle, which was the property of Vernon Luckie, was severely damaged in the collision. Campbell's car was not badly damaged.

GAY NINETIES SINGER APPEARS BEFORE LIONS

Lions Club members were entertained Tuesday by a Gay Nineties skit, presented by Miss Edith Eldridge. Assisted by Miss Carolyn Johnson, Miss Eldridge was presented in a mimicry of a Gay Nineties female singer, with records of Songstress Beatrice Kay furnishing the lyrics.

Approximately 55 club members were present for a steak dinner, served by the ladies of the Sonora Music Club.

Club guests were Charles Rattliff of Ozona and Harry Hunter of Sonora.

Son of a gun

An article in the Devil's River News of last week, suggesting the use of 2,4-D weed killer on city lots to help in keeping down weeds after they had been cut for the first time, has brought a note from

Superintendent Wallace Dameron of the Sonora Experiment Station, stating that care should be used in the application of this chemical, to prevent harm to flowers and shrubs.

Among the warnings given by Dameron are the following: do not use 2,4-D in the dust or ester forms; use separate sprayer equipment for the application of the chemical and do not store in buildings which house seeds, fertilizers, fungicides and insecticides, because of the danger of contamination.

In short, it might be wise for those contemplating using the 2,4-D chemical to contact their county agent or City Manager R. M. McCarver to aid in its use, or to explain how it should be used.

Chief complaint against the chemical seems to be its drifting qualities, and with the breeze at work in Sonora, the 2,4-D killed might drift as far as a mile before settling to earth to continue its work.

Blessings may sometimes come in disguise - and so it is with needlegrass on many ranges this year.

Above-normal rainfall has provided ideal conditions for grass growth. On many ranges where drouth and over-grazing have taken their toll, the needlegrass has shown up. This is to be expected, since ranges respond to favorable seasons with rapid growth of vegetation that is predominate at the time.

Nature's method of covering the earth's surface is a definite step-by-step process. From bare ground come first annual weeds, then the needlegrass, red grama, hairy triodia, etc. In this manner nature provides a ground cover and mulch for the high order of grass to enter.

As this mulch of weeds, inferior grasses, and turf grasses aid in getting more water into the ground and keeping it there, the conditions become favorable for such desirable high feed producing grasses as sideoats grama, hairy grama, bluestem, etc.

As these tall grasses come in, they replace the inferior less desirable grasses that were so in-

strumental in obtaining the better species. At some point in pasture improvement, a period of needlegrass infestation must be endured in order to progress to a better range condition.

Many cooperators with the Edwards Plateau Soil Conservation District are finding that by practicing good grass management methods, they can reduce the needlegrass to a minimum. Balancing livestock numbers with grass production to the point where a good protective ground cover is maintained is vital in any range improvement program.

Other practices which District cooperators are finding speed-up range improvement are pasture ferments during the growing season to allow for a grass seed crop to provide plant replacements and let young seedlings get established, and the use of short rest periods following rains by rotating grazing.

Heavy infestation of needlegrass can be greatly reduced by grazing with cattle and horses from January to April, then deferring grazing to allow the more desirable grasses to produce seed. Nature is very generous and has

provided means in the Edwards Plateau to realize bounteous grazing returns. The rewards of respecting nature through sound land use and range management are great.

However, the penalties of misuse and over-grazing are equally as great - decreased yields, increased death losses, bitter-weed, brush, etc.

Mrs. S. M. Loeffler and son, Carlos, have returned from a 2-weeks visit with Ensign and Mrs. Aubrey Loeffler in Pensacola, Fla. Ensign Loeffler is stationed there with the Naval Air Corps.

John and Mary plan a Kitchen that's

Practical and Pretty

Mary: I'm going to love that kitchen!
John: I'm jealous...but it's almost as pretty as you!
Mary: And almost as practical as you—because it's all-electric!
John: Love that kitchen!
Mary: Me, too!
John: But...NATCH!

This happy young couple had good kitchen-planning advice—the kind you, too, can get from our Home Service Department. We will be glad to help plan your new kitchen.

A MODERN KITCHEN INCLUDES

Refrigeration Center, built around your electric refrigerator.
Dishwashing Center, featuring electric sink with automatic dishwasher and garbage disposal unit.
Cooking Center, with electric range as central unit. The Electric Range provides safety, better meals.

ADEQUATE WIRING: This simply means: 1. Large enough electric wires. 2. Enough circuits. 3. Plenty of outlets and switches.

 2 cups canned tomatoes with juice
 1/4 cup diced onion
 1/4 cup diced green pepper
 2 tbl. bacon fat
 Combine tomatoes, onion, green pepper, fat, water, salt, and pepper in a large sauce pan. Bring to boil. Add rice and simmer until rice is tender (about 25 minutes), adding more boiling water if necessary. Add olives and fish, and cook for three minutes to blend flavors.

Tea Given For
Recent Brides

A tea was held Monday afternoon, July 18, at the Edgar Shurley ranch home honoring Mrs. Billy Shurley and Mrs. David Shurley, both recent brides.

Mrs. Billy Shurley is the former Miss Jane Bryant of San Angelo, and Mrs. David Shurley is the former Miss Mary Elizabeth Ables of West Plains, Mo.

In the receiving line with Mrs. Shurley and the honorees was Mrs. Collier Shurley. Members of the houseparty included Miss Marjorie Dameron, Mrs. Sam Jones, Jr. of Eldorado, Mrs. Bill Whitehead, Mrs. W. H. Dameron and Mrs. Margaret Tipton.

Motif of the tea was yellow and white. The table was laid with a lace cloth, with a centerpiece of yellow and white asters, gladioli and daisies. Presiding at the punch bowl and coffee service were Mesdames Rip Ward, Ben Cusenbary, Edwin Sawyer and Cleve Jones, Jr.

Mrs. W. T. Hardy played piano selections during the afternoon, and Mrs. Bryan Hunt presided at the two guest books.

Approximately 90 guests called during the afternoon.

plate was served.

Members present were Mesdames Robert Kelley, Lee Labenske, Joe Berger, Lawrence Nichols, H. V. Morris, O. G. Babcock, R. V. Cook, Rose Thorp, J. W. Trainer, Ella Wallace and Robert Rees. Mrs. W. E. Glasscock was a guest.

Mrs. Cook won high club score.

Party Honors
Young Couples

The home of Mrs. E. E. Sawyer was the scene Tuesday night of a party honoring Mr. and Mrs. David (Sonny) Shurley and Mr. and Mrs. Billy Shurley. Hosts for the occasion were Mrs. Sawyer and Messrs. and Mesdames Cleve Jones, Jr., Edwin Sawyer and E. B. Keng.

A barbecue chicken supper was served to approximately 40 guests in the back yard of the Sawyer home.

Following the supper, a treasure hunt, dancing and bridge were enjoyed by the guests. High score at bridge was won by Edgar Shurley.

Gifts were presented to the honored guests.

PIGGLY WIGGLY

A respite from the legislative grind came last week with the House recessing from Thursday, June 30, over to Tuesday, July 5. That gave some of us a chance to get away from Washington for the weekend. For myself, I headed for Texas and was able to visit briefly in the district for the first time this year.

At Kerrville a massive holiday rodeo was in progress. With the stands packed to overflowing on Saturday night, I enjoyed about as good a rodeo as you will see anywhere in the country. There was never a dull moment and the weather was ideal. It was that afternoon that scores of visiting doctors had come to Kerrville to inspect the new Sid Peterson Memorial Hospital - one of the finest in the whole country. My hosts at the rodeo that evening were Mr. and Mrs. W. R. Meredith, Mrs. Estelle M. Gregg, the new Superintendent of Nurses, went along to see her very first rodeo performance. She had just arrived in Texas to take over her new duties. After viewing the daredevil performances and watching an ambulance take the only cowboy casualty of the evening, with a broken arm, away she remarked: "Now I understand why you have such a need for hospitals in this part of the country!"

Then, on the following afternoon, the 55-bed ultra-modern hospital was formally dedicated with 2,000 Hill Country citizens in attendance. It was indeed a memorable occasion. The ceremony was presided over by Hon. W. A. Fawcett. Mr. Ed Martin, the Administrator of the hospital, introduced the medical staff and Mr. Fawcett presented Mrs. Sid Peterson, widow of the late Sid Peterson, Hal and Charlie Peterson, Joe Sid Peterson, and their families, and also the Board of Trustees and the Advisory Board of the new Memorial Hospital.

The principal address was given by Dr. Sam E. Thompson who, in his usual inimitable manner, paid high tribute to the late Sid Peterson and to the sons who chose a million-dollar memorial hospital as a means of perpetuating the name and memory of their distinguished father.

At the invitation of Bill Permecky and the Chamber of Commerce then, on Sunday evening, I was in Fredericksburg for the race meet and the Peach Festival, and had the very pleasant honor of crowning the Peach Queen - the beautiful and charming Miss Anna Marie Lindig. The peach industry has come a long way in Gillespie and surrounding counties and promises to be a vital factor in the economy of that area in the future.

The problem of marketing a perishable crop such as peaches has always been a tough one for individual producers. An individual grower is at the mercy of the vagaries of seasonal markets. But that problem is to a considerable extent solved by the facilities of the Hill Country Cooperative, a non-profit sharing corporation to which practically all growers belong. Without that cooperative arrangement, the industry would be in constant difficulties.

Texans would do well to insist upon Texas-grown peaches and should exert themselves to support and encourage the growing of this type of fruit. In that area can be found a variety of types -- the Elberta, Hale, Frank, Mayflower, Red Bird, Mamie Ross, Early Wheeler, Comal Cling, the Golden Jubilee, New Elberta, Hale Haven and others. They are tree-ripened and through the Coop can be put on the tables of most Texas homes within 24 hours after they are picked. Let's all insist upon Texas-grown peaches when we buy!

Wayne Ogden has returned from Austin, where he attended the first summer session at the University of Texas.

The Fun Begins at your own Front Door

KNOW a nice cool spot where you'd like to be if it weren't quite so far away?

Got a wooded lake in mind, a sandy beach, a gorgeous mountaintop, where you'd love to be — if it weren't a long day's drive to get there?

Well, pick up your phone and get your reservations in!

For not far away is a Buick dealer with a gorgeous new beauty with Dynaflo Drive† — and what that does to vacation fun you're going to find hard to believe.

For Dynaflo makes the going as much fun as being there. Travel time is no longer "time out" — but part and parcel of your vacation.

And no wonder! Every mile is cushioned in the sweetness of smoothly flowing oil. Gearshifting is something you forget about — traffic a mere matter of manipulating the gas-treadle and brake.

Even back-seat passengers feel a brand-new comfort, free of jerk and jar and the harshness of direct gear drive.

So you end the day finding you've come farther — and feel fresher. Far from being just "another

"Around These Parts"

by Reip 44 Years Ago

Mr. and Mrs. W. A. Ezell and Mrs. Deanie Mathias and baby of Barnhart visited in the home of Mrs. Annie Sharp last Thursday. All are former residents of Sonora.

Mr. and Mrs. Ralph Ord and Mrs. W. R. Qualtrough of El Paso were guests of Mrs. Annie Sharp Saturday on their way to Ponotoc to visit Mrs. J. J. Sharp, who is seriously ill. Mrs. Qualtrough and Mrs. Ord are daughters of Mrs. J. Q. Sharp.

Miss Madelyn Bell of Mahaffey, Pennsylvania and Miss Marie Garrity of Patton, Pennsylvania are visiting in the home of Miss Bell's brother and sister-in-law, Mr. and Mrs. John Bell.

Jeff Pierson and Jim Barton left for San Antonio Thursday on a pleasure trip.

Mr. and Mrs. Geo. Allison and some of the children were in from the ranch Wednesday visiting.

Mrs. C. J. Nichols left last week for San Angelo on a visit to her mother and sister.

G. W. Smith left for his old home at Morris ranch last week to bring home some more his family.

Miss Myrtle Huffman, who has been teaching school at the Joe Turney ranch near Juno, came home last week.

Mr. Corder bought about 145 head of yearling steers from Henry Mansfield this week. The price paid was \$11.50 a head.

Joe Kerr went to Mansfield's this week and delivered to Mart Tankersley 135 head of cattle at \$12 a head. He will deliver about 165 more as soon as the quarantine is raised.

Jim Pharis was in from the Clarkson ranch Monday for supplies. Jim is learning the sheep business.

Keesee and Hall sold to R. A.

Former Sonoran Makes Visit Mr. and Mrs. Wilton Stubblefield of Pecos will arrive today to visit with Wayland Stubblefield and Mr. and Mrs. Nelson Stubblefield. This will be the first vacation since 1942 for Wilton, who is a member of the Border Patrol. He was recently transferred to Pecos from Amado, Arizona.

Mr. and Mrs. Eugene Robinson and children are on a vacation trip to Carlsbad Caverns. They plan to be gone about five days.

Mr. and Mrs. A. W. Awalt and son, Sidney, are visiting in Junction, Austin and Palestine this week, with relatives and friends.

Williamson and Claude Hudspeth 1,800 stock sheep at \$2.50 and 800 lambs at \$1.50 per head.

John Berry through Jackson and Murrah sold to Ed D. Miller of Concho County 1,075 shorn muttons at \$3.25. These are top sheep.

Ratliff & Davis

INSURANCE

Miss Jamie Trainer, who is a Junior Counselor at Camp Waldemar, was here this week visiting her mother, Mrs. J. W. Trainer, and Mr. and Mrs. Louie Trainer. She and her mother visited briefly in San Angelo with Mr. and Mrs. Sam Thomas before she returned to camp. Mr. and Mrs. Billy Shurley of Marfa were visitors in Sonora this week.

Engineers Give Answer to Problem of Texas Weather

Faced with the ups and downs of Texas weather, engineers have produced a new motor oil that stays thin for easy flowing in cold weather, yet stays full-bodied and tough on hot days. The new product, Humble Esso Extra Motor Oil, has the highest resistance to temperature changes of any motor oil in Texas, or any-

where else, according to Humble Company technicians. The technical name for this quality is high viscosity index; Humble scientists add that high viscosity index is a good guide to high motor oil quality. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.

Want to be sure of getting hit with a Horseshoe?

Enough people have been lucky to give rise to this expression.

But by and large the people who get hit with a horseshoe are few and far between.

And those who are lucky enough to have a nice little sum of money left them by great-aunt Susan or third-cousin Joe are scarcer than hen's teeth.

However—there is a way to make sure you'll get hit with a horseshoe... in the form of money...

... and that's to buy U.S. Savings Bonds through the Payroll Savings Plan.

Never before in the history of man has there been a chance like this for ordinary people to save.

It's painless! It's easy! It's safe! Try it next payday! No better opportunity exists to make money come your way when you need or want it.

Put more opportunity in your future!

LAWNMOWERS

SHARPENED & REPAIRED FACTORY SHARPENING PROCESS (Foley Electrakeen System)

We have installed a Foley Electrakeen Lawn Mower Sharpener which sharpens by the same method as used by the lawn mower factories.

No emery wheels to draw the temper of the steel—grinds a heavy beveled edge that stays sharp longer than a wire edge that breaks off quickly and gets dull quickly.

We guarantee that your lawn mower will cut like it did when new.

Western Auto Associate Store PHONE 26151

Weekly Swings
SOUTHWEST FARM MARKETS

Livestock, grain and cotton markets revealed the past week's typical mixed price trends, the U.

S. Department of Agriculture's Production and Marketing Administration points out in the weekly market summary. Sheep receipts fell off sharply from a week ago Monday as prices of spring lambs stood at \$2 to \$3 lower levels. Ewes closed about unchanged, ranging from \$6.50 to \$9.50 for medium to choice. Goats lost 25 cents to \$1 at San Antonio

on heavier receipts. Dressed spring lamb lost \$6 to \$9 for the week at New York. Wool markets felt the summer slump, and little trading took place. Slightly smaller offerings of cattle and calves in the southwest and midwest sold unchanged to mostly lower than a week ago Monday. Bulls show the only real strength, while calves recorded the greatest weakness with losses of 50 cents to \$2 or more. Some cow beef sold lower for the week at New York, and some steer beef and veal went higher. Best slaughter calves reached \$25 at San Antonio and Denver, \$23.50 at Fort Worth, and \$22 at Oklahoma City Monday.

QUIT LOOKING FOR WORK:

Establish yourself in a profitable business. Be your own boss. No experience or capital necessary. Write immediately. Rawleigh's Dept. TXG-1730-236, Memphis, Tenn. ltp40

Mr. and Mrs. Jimmy Holt and daughter of Houston were recent guests in the home of Mrs. Holt's mother, Mrs. Henry Diebitsch.

David Seabury once visited Fort Worth. At that time, he had two books on the best seller list simultaneously, an almost unheard of achievement. One was "How to Worry Successfully;" I've forgotten the title of the other. Seabury had the knack of applying psychology to everyday problems in language which a non-technical mind could understand.

The reporter assigned to interview him said, "Mr. Seabury, I'd like to write -- books, I mean; but I seem to be making no headway." The celebrity said, "You are living, aren't you?"

When the reporter conceded that he was, Seabury made this point, "Every person met, everything which an individual experiences or sees can be grist for the man or woman who wants to write."

To show how the mind of a psychologist works, Seabury said, "Look around the room and name any object and I'll tell you what it suggests." The reporter said, "Chair." Seabury closed his eyes and said, "I can see one particular chair. It is in the Vatican. No one except a Pope has ever sat in that chair--except one man and that

was I. "The chair was on a little platform and had a gold rope around it and there was a guard nearby. I climbed under the rope and sat in the chair. Of course, it was just a moment because the guard, after recovering from his astonishment, rushed over." Then becoming more serious, Seabury said: "Chair. It is conducive to thought--sitting in a chair is. Standing is too uncomfortable and if one lays down, he soon goes to

sleep but a chair is just right. Not until the chair was invented or devised, did human thought really begin." Miss Nancy Jane Nodler of Kansas City is a visitor in the home of Mr. and Mrs. Jean Derebery this week. She is a sister of Mrs. Derebery.

Mr. and Mrs. Emmett Askins and children have returned from a vacation trip to Stamford and Snyder, where they visited with relatives.

Sonorans Visit In Alpine
Miss Ethel Mae Alley was home from Sul Ross College in Alpine for a few days between semesters. Her parents, Mr. and Mrs. J. V. Alley, took her back to Alpine Monday. Miss Billie Joe Barker accompanied them to Alpine, where she will spend a week with Miss Alley. Mrs. Willie Andrews and Miss Felma Andrews left Wednesday for Houston to visit Mr. and Mrs. Louie Andrews.

PERSONALS

Mr. and Mrs. L. M. Roueche, Jr. and son, Hal, of Conway, Ark., and Mrs. Floyd Wilborn of Fort Worth are visitors in the home of Mr. and Mrs. James D. Trainer.

Dr. C. F. Browne left Sunday morning for Fayetteville, Ark., where he will visit his parents, Mr. and Mrs. G. A. Browne. He will return Sunday. Dr. Alfred Ellison of Austin is taking over Dr. Browne's practice during his absence.

Robert Clark of Lovelock, Nevada is visiting his cousins, Mrs. James D. Trainer and Mrs. L. M. Roueche, Jr.

Mrs. Rita Ross has returned to her home in Pasadena, California, after a visit with her aunt, Mrs. Ella Wallace.

Mrs. Dayton Cain has been returned to her home after undergoing surgery in a San Angelo hospital. Her condition is reported as good.

Mr. and Mrs. Andy Truden visited in Lubbock over the weekend with Mrs. Truden's parents, Mr. and Mrs. John Vincent.

APPLICATIONS BEING RECEIVED FOR POST OFFICE BOXES

Contract for moving the equipment of the Sonora Post Office from its present location to the new post office has been awarded to Jimmy Gatlin of Sonora.

Present plans call for the moving of the equipment on or near August 20. There will be no interruption in the service of the office during the move, according to Postmaster James D. Trainer.

Applications for boxes in the new office are being taken now, Trainer continued, and the number of boxes to be obtained by the local office depends in part upon the number of applications received. Those who have been on the list longest will be awarded boxes first, but all who want a box should file application at the post office.

Guests in the home of Mrs. C. A. Tyler this week are her sister, Mrs. J. B. Lee of Hugo, Oklahoma and her brother, Frank Welch of Corsicana.

G. N. Wheat of San Antonio was a guest of his brother, Gus Wheat, and family last weekend.

Is there one in your hand?

FROM ALL outward appearances your hand may appear normal, but—

—there may be a big hole in it just the same.

And through it, week after week, falls all the money that comes your way . . . including that part of your earnings that you ought to be saving.

If you, like so many other people, find it difficult to lay aside money these days, then by all means invest in U. S. Savings Bonds through the Payroll Savings Plan where you work—or, if this plan is not available to you, the Bond-A-Month Plan where you bank.

Week after week, month after month, your savings will grow. Furthermore, in ten short years, you get back \$4 for every \$3 you set aside!

Why not start plugging that hole in your hand right now with U. S. Savings Bonds?

Automatic saving is sure saving U.S. SAVINGS BONDS

First National Bank

Serving Sutton County

Our expansion record is sprouting faster than a growing boy. We are driving with full steam ahead to furnish telephone service for everyone who wants it.

Continued shortages in critical materials, such as lead for cable, may throw an occasional block across our path of progress. But we won't be stopped. We have promised to furnish all the telephone service you want—and with all possible speed. That's a promise we aim to keep.
