

Broncos Push Kerrville B Aside 48-0; Face First Test Tonite

RESERVES PLAY MOST OF SECOND HALF IN EASY VICTORY

Using mostly reserve strength in the second half, the Sonora Broncos coasted to an easy 48-0 victory Saturday afternoon over the Kerrville Antlers B team.

Kerrville had plenty of fast, big boys but a late start in training made the difference.

For Sonora it was Biddle and Kring on most of the scoring, getting plenty of help from a smooth-working line. Most sensational play of the game came in the first quarter, when a pass Henderson to Galindo netted 60 yards and a score. Galindo worked in behind the Kerrville safety to make the catch and had an easy run the last 30 yards.

The Broncos reserve players got a lot of experience in the contest, which will stand them in good stead later in the district race. Ends and guards looked particularly good, Coach Bud Moody observed. Score at the end of the first quarter was 26-0 and second and third strings began taking over from there.

Granger Named Fire Dept. Head

LEE PATRICK REELECTED CHIEF FOR COMING YEAR

Wesley Granger was elected president of the Sonora Volunteer Fire Department for the coming year at a meeting held Wednesday night.

Other officers named at the election include: Lee Patrick, re-elected chief; Matt Adams, vice-president; Gomer Minnick, secretary-treasurer; John A. Martin, Jr., first assistant chief; Tom Womack, second assistant chief; Rev. Stanley Hauser, re-elected chaplain. Mrs. Katie Brasher was elected Fire Mother for life several years ago.

Chosen directors were: Matt Adams, Gomer Minnick, Lee Patrick, C. W. Taylor and Ford Allen.

Fire and drill attendance prizes were also awarded at the meeting. Patrick and Granger split the \$10 prize for the most town fires attended, each having answered 20 out of 23 town calls during the year September, 1948-1949. Attendance at five country fires during this period were not included in the contest.

Drill attendance prize was split three ways, going to Jack Hite, Tommy Thorp and Lee Patrick, all of whom had perfect records of 24 out of 24. This year makes the fourth consecutive year in which Patrick has not missed a drill. The department also bought 30 chairs and five tables for use in the station.

Congratulations To These New Parents

A daughter, Carol Ann, weighing 5 pounds, 13 ounces, was born to Mr. and Mrs. H. R. Hay, Monday night in a San Angelo hospital.

Grandparents are Mr. and Mrs. W. S. Viard and Mrs. Helen Hay, all of Fort Worth. Mrs. Viard is in San Angelo with her daughter.

Mr. and Mrs. Charles Q. Andrews announce the birth of a daughter, Barbara Ellen, born Friday, September 23, in the Monahans hospital. The baby weighed 5 pounds. Grandmothers are Mrs. Carl Richardson of Monahans and Mrs. Willie Andrews of Sonora.

Mr. and Mrs. Andrews are being transferred to Lubbock soon, where Andrews will continue his work with the Robinson Drilling Company.

Mr. and Mrs. J. F. Bricker are parents of a son, Jesse Franklin, Jr., born Tuesday night in Sonora. The baby weighed 7 1/2 pounds. Bricker is employed at the Sawyer 6-mile ranch.

SPECIAL HOURS NAMED FOR POST OFFICE LOBBY

Post Office patrons are asked to pick up their mail between 8 and 6 o'clock on weekdays and 9 and 1 o'clock on Sundays until the grillwork which will be used to separate office from lobby arrives.

Post Office windows will be open the same as they have been, from 8 until 5 o'clock and closed all day Sunday, but the lobby will be open an extra hour on weekday afternoons and four hours on Sunday.

When the grillwork arrives, probably in about a month, the lobby will remain open as it has in the past.

District Play Opens With Big Lake Tonite

District 6-B play opens tonight at 8 o'clock for the Broncos when they go to Big Lake to take on the Reagan County Owls. The Broncos go into this first district test with no injuries.

Although the Owls absorbed quite a beating recently at the hands of the Ozona Lions, they are still a potentially powerful team, having five lettermen, including two all-district players, back this year. These include Holt, all-district tackle last year and Chaddock, all-district center who has been converted to blocking back. Kelley, the fullback who gave Sonora fans several thrills here last year, is also on the starting lineup. So far the Owls have been bothered a little by intrasquad friction, but are expected to have overcome this handicap by tonight.

Petition Asks 'Business Route' Sign On Highway

A petition presented to the city commission and asking that either the city or the State Highway Department erect business route signs on U. S. 290 was accepted Thursday morning and a request sent to the department asking cooperation.

The request, signed by some fifty businessmen, stated: "We, the undersigned, business operators in the city of Sonora, Texas, hereby respectfully request that the City of Sonora or the State Highway Department erect or cause to be erected appropriate signs on Highway 290, at the east and west entrances into Sonora, plainly showing the route through the business district, so that travelers can plainly see the way to turn to reach said business district."

In all likelihood the signs will be erected since most cities where highways do not pass through the business districts, have such signs.

S.C.S. Personnel Holds Training Course Monday

Personnel of the Sonora and El Dorado Soil Conservation Service work units met Monday night at the Soil Conservation Services offices in the Courthouse here. The two work unit staffs are assisting the El Dorado Divide and the Edwards Plateau Soil Conservation Districts, in carrying out a soil and water conservation program.

Present for the meeting were: Olin Fenner, San Angelo; Meril Carter, Ft. Stockton; Bill Roundtree, Gerry Hardgraves, Lloyd Johnson, Lilburn Hazelwood, all of El Dorado, and E. B. Keng, Tom Darrow, Andy Truden, Gene Alley, Harry Hunter, Sam Coleman, all of Sonora. Alley, Coleman, Hunter and Hardgraves are new employees being trained for conservation work in new districts.

Clay Puckett discussed the preparation of news articles and other publications and their plan and value in advancing conservation work.

Fenner presented film strips of applied conservation practices from the Concho, Menard County and El Dorado Divide Soil Conservation Districts.

The Soil Conservation Service, in an effort to provide the best possible technical assistance to local Soil Conservation Districts, carries out a continuous personnel training program. This enables employees to carry first hand, up-to-date information to cooperators in the districts they are working with.

This interchange of ideas and information gained from working with ranchers towards better range management practices is made possible by the existence of local Soil Conservation Districts.

In this manner ranchers in the Edwards Plateau Soil Conservation District can benefit from the experiences of ranchers in other districts as well as their own.

Much training work, such as Monday night's meeting, is done during off-duty hours and as a means to better help ranchers working with the Soil Conservation Districts.

Funeral Services For Giles P. Hill Held Friday

Funeral services for Giles P. Hill, 74, native West Texas and Sutton County ranchman for nearly 50 years, were held Friday afternoon at 4 o'clock at the Methodist Church. The Rev. W. H. Marshall officiated. Interment was in the Sonora Cemetery.

Mr. Hill died of a heart attack Thursday morning as his daughter, Miss Lois Hill, was bringing him to Sonora from the ranch. He was dead on arrival at the office of Dr. C. F. Browne here.

The pioneer ranchman was born May 18, 1875 at Bandera, and married the former Miss Nora McKinney on December 12, 1900. He moved to Sutton County in 1886 and ranched 22 miles southwest of Sonora for many years.

He is survived by his wife, four daughters, Miss Hill, Mrs. W. D. Kring, Mrs. Harry Kiser, all of Sonora, Mrs. Ben Gilbert of San Angelo; four sons, Giles, Wes and Clyde Hill, all of Sonora, and F. A. Hill of Sanderson. Also five brothers, two sisters, thirteen grandchildren and one great-grandson. A son, R. W., was killed in action during the late war.

Pallbearers were Sam Karnes, Devers Valliant, Roy Valliant, Dee Word, Joe Berger, C. W. Taylor and Joe Hull, and Houston Smith of Ozona.

Roping Planned At Fort Terrett

Sloke Turney resumes the Ft. Terrett calf and goat roping program Sunday afternoon at 2 o'clock with a matched roping for 6 calves between John Ed Rogers and Bing Crosby headlining the bill.

Turney said there will be free-for-all calf and goat jackpot ropings plus other matches during the afternoon.

Edwards Plateau Supervisors Set Election Tuesday

An election for a supervisor for Zone 1 of the Edwards Plateau Soil Conservation District will be held Tuesday, October 4, at 2 o'clock, J. M. Vander Stucken announced today.

Zone 1 includes all landowners living or owning land south of the Juno road in Sutton County, and those in the Edwards County portion of the district. In the election to be held in the district courtroom, nominations for District Supervisor will be made from the floor and balloted upon. All landowners and wives owning land in Zone 1 are eligible to vote.

Fred Earwood is the present supervisor for Zone 1. Other supervisors include Edwin Sawyer, Zone 2; Frank Bond, Zone 3; Joe Brown, Zone 4, and J. M. Vander Stucken, Zone 5. Each term of five years is staggered so that one term expires each year.

Since the Edwards Plateau District began operations in April 1947, some 75 conservation plans covering 534,360 acres have been approved by the district supervisors. "This indicates splendid cooperation from the landowners," Vander Stucken pointed out, "and is one of the outstanding records in West Texas."

Band Parents Hold First Meeting

The Band Parents Club organized for the year at a meeting in the band room Monday night. Supt. A. E. Wells spoke on the proposed band program for this year, and the set-up of band finances in the school year. Total expense of the band and allied music training for band students will run about \$1,000, Wells said.

Committee appointments were made by Boyd Lovelace, president, for transporting band members to the Reagan County game tonight. Officers of the club include Lovelace, president, Mrs. Earl Lomax, vice-president, Mrs. Ford Allen, secretary, and Mrs. Carl Peoples, treasurer.

CITY TAX EVALUATIONS PASS \$2 MILLION MARK

City tax evaluations this year total \$2,281,591, of which \$1,574,996 is real property and \$706,596 is personal property. City tax notices go out October 1, and will total approximately \$33,000. Penalty and interest are not added until after January 31, 1950.

Altizer Wins Over Kossman In Sunday Roping

Jim Bob Altizer defeated Powder Kossman in a 10-calf return roping Sunday at the racetrack arena, 199.6 to 268. Both ropers were having trouble with the calves, but Kossman never got back in the race after taking 52.8 to tie his first calf.

Altizer's times were: 27.8, 26.5, 17.7, 27.3, 19.6, 16, 13.7, 17.5, 13.3, 22.

Kossman's times were: 52.8, 19.4, 35.9, 28.3, 30.2, 15.2, 21.9, 31.1, 18.4, 14.3.

In one of the biggest jackpots held here in some time, with 43 ropers entered, Tom Powers took first with 11.6, and Pancho McMullen was second with 12.9.

PARK INN MOVING

Park Inn Cafe closed Thursday night to make the move into new quarters on U. S. Highway 290, one block south of the present location. According to A. B. Hightower, who owns the present building and has leased the new one, the move will require four to five days. Formal announcement of opening of the new Park Inn will appear next week.

KINDERGARDEN CLASS OPENS MONDAY, OCTOBER 9

Kindergarten class will open Monday, October 9, at the new Elementary School. Children may be registered with Principal Rex Lowe. Remainder of the new furniture will be here next week, Supt. Wells said, and all will be ready a week from Monday. Tuition, including a morning snack, is to be \$7.50 a month.

Troop 19 Hosts Monday Night

Boy Scout Troop 19 held a joint meeting Monday night at the Scout Hall with Senior Post 19. The senior Scouts presented a program consisting of a short hike and campfire program, which included a demonstration of Tenderfoot requirements. These requirements demonstrated in order to help 11-year-olds pass their first Scouting tests.

Plans were made to register the troop in October. Remainder of the meeting was spent practicing these tests and playing games.

Next meeting will be held Monday night at the hall.

Weekly Swing of SOUTHWEST FARM MARKETS PRODUCTION AND MARKETING ADMINISTRATION, U. S. D. A.

Many southwest-farm products sold lower during the past week, while others held steady or showed gains, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Livestock marketings continued about as heavy last week as the week before.

Monday's prices on cattle and calves were steady to \$1 higher than a week earlier at Texas and Oklahoma markets, except that all calves lost 50 cents to \$1 at San Antonio and stocker calves dropped that amount at Oklahoma City.

Cattle and calves registered losses ranging from 50 cents to \$1.50 at Denver.

Texas and Oklahoma sheep markets saw little change during the week. Ewes sold a little higher at Denver. Mature goats held about unchanged at San Antonio. Kids gained \$1 or more per head, to sell mostly at \$4 to \$5, a few Spanish to \$5.75.

Wool markets were unsettled as a result of foreign currency devaluation. Wool buying stopped in Texas and the territory states. Mohair prices held unchanged.

CARD OF THANKS

We wish to thank our many, many friends for the food they brought, the flowers they sent, and the expressions of sympathy.

Mrs. G. P. Hill and Children Brothers and Sisters of G. P. Hill.

Mr. and Mrs. John W. Nettleton and son, John, and Mr. and Mrs. Maynard Welch and daughter, Marguerite, of San Angelo were recent guests in the home of Mr. and Mrs. Malcolm Bollinger, Jr. Mrs. Bollinger is a daughter of Mr. and Mrs. Nettleton and a sister of Mrs. Welch.

Mr. and Mrs. T. M. Brown, Jr., of Abilene spent the weekend here with their son, Don Brown.

EXORBITANT PRICES CHARGED HERE IN "SEPTIC TANK" DEAL

Two men, representing themselves as being from Waco and Kerrville and as being State Health Department officials, and as being private businessmen engaged in cleaning out septic tanks, are making the rounds of Sutton County ranches with disastrous results -- for the ranchmen.

According to one ranchman, who got \$410 worth of experience out of the deal, the men said they would clean out his septic tanks for 4 cents per pound of what was taken out. He agreed, and later the men told him they had hauled away three 3,500-pound loads in a tank truck and were starting on a fourth. The ranchman said there was no way to tell how much had been hauled away. Another ranchman paid \$150 to the two men, but he had only been charged 3 cents a pound.

Ranchman Bond Drive Slated To Start This Fall

The value of financial reserves in farming and ranching operations will be emphasized in a special effort to sell U. S. Savings Bonds to farmers and ranchers of Texas this fall, Nathan Adams, Dallas, state Savings Bonds chairman, announced today.

The program is now getting started with the cooperation of the major state and federal agricultural agencies, Adams said, and will extend into all of Texas' 254 counties. He said it would continue through October and possibly well into November.

Nearly all of the 385,000 farm and ranch families in the state will receive letters and printed literature about Savings Bonds. Adams said that the mailing lists of county agricultural agents and county representatives of the Production and Marketing Administration (PMA), the Production Credit Corporation (PCC), and the National Farm Loan Association (NFLA) are being utilized to achieve virtually 100 percent distribution in rural areas.

Adams said that other activities in the program will include distribution of 25,000 to 30,000 posters for display in banks, cotton gins, hardware and implement stores, and other places where farmers meet or transact business; distribution of special literature to vocational agriculture students; and supplemental projects to be undertaken by various agricultural and livestock associations.

"A financial reserve is a powerful aid for proper management of a business," Adams said, "and farmers and ranchers need such a reserve for their business just as much as do the merchant or manufacturer."

"We want the farmer and rancher to become as well acquainted as the city man with the value of Savings Bonds as the means for acquiring financial security. Agriculture has always been a hazardous business, subject to sudden disasters such as flood, drought, epidemic in the livestock, or a sharp break in commodity prices. The farmer or stockman who builds a strong financial reserve for himself by investing in Savings Bonds during the good years protects himself against these emergencies.

"If emergencies fail to develop his cash reserves are still available for buying more land, expanding production, replacing old buildings and equipment, home improvement, education of his children, or comfortable retirement in old age."

Gene Shurley, Gene Alley, Mr. and Mrs. Bobby Kelley and Ralph Tipton were in San Antonio Saturday for the A&M-Tech game.

George E. Smith was in Abilene early this week to see the races.

DRIVE SAFELY! - Give the pedestrian the right-of-way.

Bill Whitehead, son of Mr. and Mrs. Willie B. Whitehead of Del Rio, is recovering from an appendectomy undergone last week in a San Angelo hospital.

Mrs. Edna Wheat Beam is visiting her sister, Mrs. Ed Mayfield.

TS&GRA Directors Discuss Mohair, Money Problems

Finances, mohair support, A&M aid and the Auxiliary's "Make It With Wool-Mohair" contests received most of the attention Saturday, when directors of the Texas Sheep and Goat Raisers' Association met in New Braunfels.

The report of Ernest Williams, secretary, showed the association's balance was only \$6,897.90. Of this amount, Williams and Edwin S. Mayer, Sonora, a member of the budget committee, pointed out that only about \$300 of the amount was the association's balance, the remainder had been pledged to the American Wool Council and other special accounts.

Collections from wool and mohair fees, Williams reported, for the last three months totaled \$8,312.40. Disbursements totaled only \$4,703.52.

Dr. Vernon Young, head of the Range and Forestry Department, Texas A&M College, said that assistance of the association and its members had been of much benefit in efforts to increase the department's staff.

Dr. Young said the department had received considerable aid from the PMA, the SCS and many other agencies along with West Texas ranchmen. Enrolled in the Range and Forestry Department and taking at least one course are 1,000 students, Dr. Young said. There are 18 graduate students.

Dr. Young said that more and more ranchmen were beginning to realize that grass is the greatest friend of man.

In that respect, Sayers Farmer, Junction, president, said that government representatives on the recent range tour which was directed on brush control, were sure to give endorsement to the Angola goat and federal support for mohair in any measures pending in Congress.

One new committee, the exhibit committee, has arranged for a mohair exhibit at the Texas State Fair, Dallas, Oct. 8-23, Charles Schreiner, III, Kerrville, chairman, reported. Included in the exhibit will be a registered Angola Billy of W. S. Orr, Rocksprings, breeding.

Members of the Ladies Auxiliary meeting in the Faust Hotel were guests at a morning coffee.

Their business session was devoted to plans for make-it-yourself-with-wool and make-it-yourself-with-mohair contests. Heading the state contest committee is Mrs. Dolph Briscoe, Jr., Uvalde.

Attending the TS&GRA directors meeting last Saturday in New Braunfels were Mr. and Mrs. J. M. Vander Stucken, Mr. and Mrs. W. R. Cusenberry, Mr. and Mrs. Lee Fawcett, H. V. Stokes, Mr. and Mrs. Fred Earwood, Lea Roy Aldwell, and son, Edward.

TROOP 25 MEETS TODAY AT L. W. ELLIOTT SCHOOL

Troop 25 Boy Scouts will hold their first meeting of the fall this afternoon at 4 o'clock at the L. W. Elliott School. The troop is sponsored by the L. W. Elliott School P-T-A.

Mike Chavez is the new Scoutmaster, Medardo Arredondo is assistant Scoutmaster, and Santos Lopez, Ernesto Castro and Mike Ibarra are troop committeemen.

PROSIT IN BAVARIA

The United States Navy has a way of turning up in the least expected places. Here on leave at Garmisch in the Bavarian Alps, site of the 1936 winter Olympics and in pre-war days one of the most exclusive resorts in Europe, is an American sailor with two Bavarian friends performing an ancient ritual on a mountain top.

Stites Brought Home
C. E. Stites was brought home from a San Angelo hospital Wednesday. He is getting along as well as can be expected.

Mrs. Edna Wheat Beam is visiting her sister, Mrs. Ed Mayfield.

... Son of a gun ...

Agriculture Dept. -- Sutton County may yet become known as "The Garden Center of the U. S." or some othr likely handle, if local amateur horticulturists ever put their experiments into large scale production.

O. L. Richardson brought in some giant apples Monday which would make the apple growers of Fort Davis green with envy. Then we saw some English walnuts Dave Locklin had raised by budding an English walnut bud into a native scrub walnut. These efforts, coupled with those of Thomas (Cabbage King) Espy, Robert (Cucumber King) McCarver, Lawrence (Tomato King) Nichols, Dr. J. F. (Dahlia King) Howell, J. Wray (Onion King) Campbell, and others should easily be enough to replace wool and mohair as our chief commodities.

Besides -- you can't eat wool and mohair, although it has been tried several times in the county's history.

—(??)??)—
S. S. Bundy bought nine registered Hereford bull calves from Joe Logan at \$300 - \$500 a head. Thomson Brothers & Logan delivered 73 mixed Hereford calves to C. T. Jones at 22 and 23 cents. Steers weighed 482 and heifers 444, pay weight. Contract was made some time ago.

—(??)??)—
Mrs. C. C. West of Eldorado has added an unusual and interesting relic to her collection -- half a dinosaur egg found in South Dakota by Col. Jim Adamson, Mrs. Adamson and a party of friends.

Col. Adamson's friends kept half the egg and gave him the other half. An idea of the size of the prehistoric monsters can be gained by looking at the egg, which is nearly two feet long. It is now petrified and is the color of grayish-brown rock with the yolk clearly visible inside. The Adamsons vacationed in South Dakota this summer.

—(??)??)—
Tom Davis bought 50 registered Rambouillet ewe lambs Saturday from Mrs. Tom Adams, San Angelo. Purchase price was \$22.25 each.

The Adams flock, one of the oldest registered flocks in Texas, was established by the late Tom Adams nearly 50 years ago. Adams was a pioneer Sutton County ranchman who formerly owned the J. A. Ward, Jr., ranch. He moved to San Angelo in 1921 and died last year.

—(??)??)—
It didn't rain in town this week, but those clouds you saw Tuesday weren't for nothing. John Reiley and Alfred Schwiening ranches reported good rain, as well as several others in that neighborhood. Schwiening measured 1.35.

—(??)??)—
The Broncos aren't taking any chances, we've decided after looking them over at practice Tuesday. They were working on points after touchdown and looked pretty good at it, we might add. Henderson kicked four out of four while we were there, and the line kept one of the coaches from coming through. The point is, of course, that you can't kick a point after touchdown until you make a touchdown.

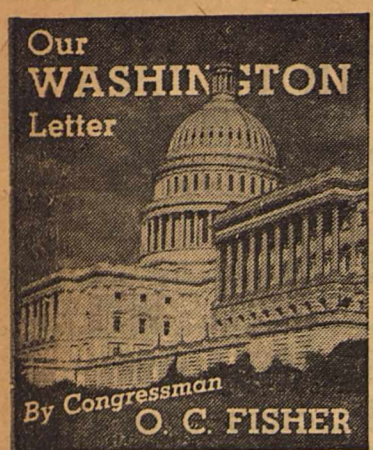

Lions Program On Religious Education Week

Religious Education Week was observed Tuesday at the Lions Club luncheon when Rex Lowe, program, chairman, gave members a 20-question test on facts about the Bible. Artie Joy was awarded the prize.

A. E. Wells opened the program, leading the group in singing popular hymns including, "The Old Rugged Cross" and "Onward Christian Soldiers." Miss Katherine Davis was piano accompanist.

Guests included Sgt. Doyle Dobbins of San Angelo, Miss Davis, H. V. Stokes and Delma Odum.

HUTCHERSON IN HOSPITAL
B. W. Hutcherson is in Dallas for medical treatment and to undergo a major operation. Mrs. Hutcherson and his sister, Mrs. Edna L. Eubank, are with him.

Behind-the-scene battle lines are forming on Capitol Hill for the 1950 elections. With uncertainty marking the quitting date for Congress, observers here now regard the balance of the session as being mainly political sparring on legislation which might or might not be the advantage of those who plan political campaigns for the future.

One faction thinks it wise to force a vote or two on civil rights measures, just to have records made. Others want an outright shown-down on repeal of the Taft-Hartley law, and thereby have a cut-and-dried issue in industrial districts when election time comes around in 1950.

But right now indications are FEPC and other civil rights bills, along with demands for repeal of labor laws, will be kept on cold storage until next spring and then pushed along under the pressure of imminent Congressional elections.

Altogether, there is more political window-dressing and shadow-boxing going on than has been seen in Washington in many a day. The strategy boys have their hands full.

Where Big Business once dominated much of the political scene, Big Labor is now in the ascendancy. A number of years ago Congress passed a Corrupt Practices

law that prohibited corporations, banks, etc. from making any form of contributions to political campaigns. Labor unions were exempted from that law until they were included in the Taft-Hartley Act two years ago. Under the exemption, John L. Lewis dished out \$500,000 in one political campaign a few years back.

But the Big Unions figured a means of evading that inclusion. The CIO created an adjunct Political Action Committee (PAC) and the AFL followed suit with Labors League for Political Education (LLPE). Both are staffed with high-paid experts and are padded with large slush funds. Kiplinger estimates the LLPE will have five million dollars to use next year to "educate" the voters on why they should support certain candidates for Congress to their liking. And the CIO-PAC is in a drive for an even bigger fund for use in the 1950 Congressional campaigns.

This Big Labor activity has caused some veteran observers here to speculate that the 1950 Congressional elections may furnish the big test of whether we are moving in the near future to a real Labor-Socialist government in this country.

While some measures advocated by the Union business agents are very undesirable, at the same time it is pointed out many of them veer strongly toward the present British system. Most of them advocate socialized medicine, more and more socialized housing, anti-segregation laws, higher taxes, a return of OPA, the passage of civil rights legislation, and more Government in business.

The proposed repeal of the Taft-Hartley Act was put on the top of "must" legislation at the beginning of this year, but the advocates of no control over labor union activities took a sound licking in the first skirmishes in the House and Senate. Earlier in the year the House by a rather close margin of 217-to-203 voted against the repeal, while the Senate passed a slightly watered-down substitute for the Taft-Hartley law.

Now the union leaders have announced an all-out campaign to defeat what they term "reactionary die-hards" who have dared vote to retain any control or regulation over labor unions.

In this all-out drive for control of Congress, labor's political experts are already choosing their candidates and oiling their guns for the 1950 election battles. Speaking of the strategy to be followed, one authority says: "Over and above all will be the technique of printed propoganda.

Millions of leaflets will be distributed. Labor's pamphleteers are expert, able to turn out punchy prose in smart simple fashion. Aside from such hoopla, labor plans a further big step -- to hand-pick its candidates wherever possible."

Much of such activity in the past has been behind the scenes. Rarely do they come out in the open. In some non-industrial districts, to sponsor a candidate openly might actually do more harm than good and they are smart enough to know that. It is all a matter of modernized political strategy.

REGULATIONS FOR SENDING GIFT PACKAGES OVERSEAS EXPLAINED BY GOVERNMENT

Provisions for sending gift packages to foreign countries and the various import regulations of each country are available from the Department of Commerce Offices, Ray L. Miller, regional director, has announced.

Each country's regulations on unsolicited gift packages sent from one individual to another are radically different; some countries permit the importation of items of necessity duty free, while others prohibit entirely the importation of many items even when included in gift shipment, Miller said. Meeting the U. S. export control requirements is another regula-

tion which must be complied with, Miller stated. Information on sending gifts to individuals in foreign countries is obtainable from the Commerce offices, upon request, mentioning the country and the article. The address of the Dallas office is Room 1114, 1114 Commerce Street.

845 TEXAS SCHOOLS FIELD FOOTBALL TEAMS THIS YEAR

A total of 845 Texas high schools are fielding teams for the 1949 football season. Dr. Rhea H. Williams, athletic director of the Texas Interscholastic League, announced.

The number of high schools competing in interscholastic football showed a net decline of two from last year. A gain of one school in Conference AA resulted when Thomas Jefferson High School of El Paso entered competition this year. Conference A lost one school to drop to 227. Conference B with 340 competing has an increase of 16 over last year.

The Six-Man Conference was hard hit by consolidations and lost 18 schools from the 1948 total of 185. As a result, only 167 teams will be playing in the 24 six-man districts when regional playoffs are allowed for the first time in Interscholastic League history.

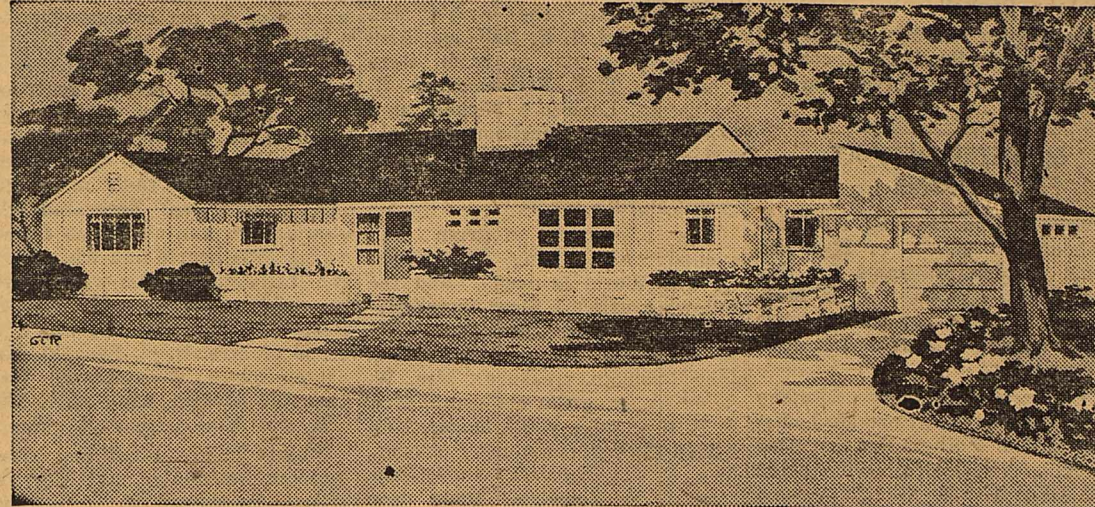

THIS TASTES GOOD IN TEXAS

Olive Rice with Tomato Rarebit
1 package (1½ cups) quick cooking rice
½ teaspoon salt
1¾ cups water
1 can (10½ oz.) condensed tomato soup
2 cups grated sharp cheese

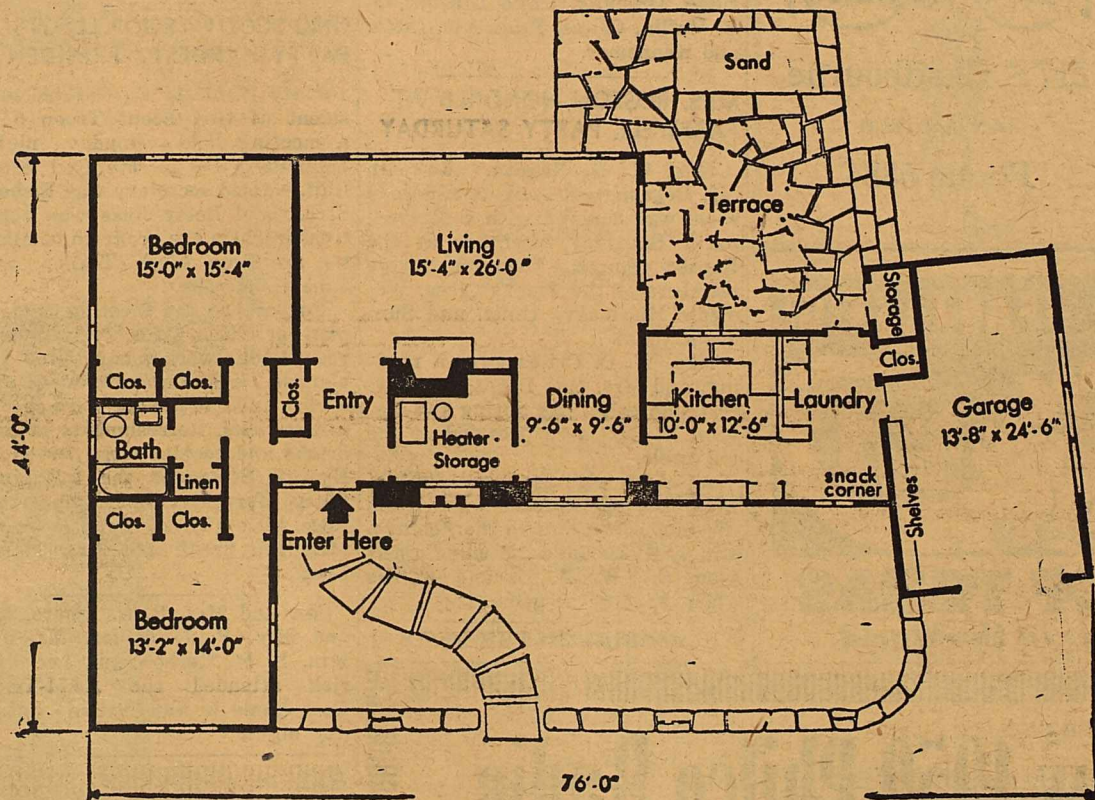

½ teaspoon dry mustard
¼ cup chopped stuffed olives
2 tablespoons butter
Combine rice, salt, and water in saucepan. Bring quickly to a boil. Cover, remove from heat, and let stand 10 minutes. Meanwhile, heat soup. Add cheese and mustard. Cook over low heat until cheese is melted and mixture is smooth, stirring constantly. Add olives and butter to rice. Serve hot with the tomato-cheese sauce on top. Delicious with green salad. Makes 4 servings.

Bill Whitehead, son of Mr. and Mrs. Willie B. Whitehead of Del Rio, is recovering from an appendectomy undergone last week in a San Angelo hospital.

Created for Charm and Children

Here's a house that offers the luxury of sweeping contours and the utility of spacious terraces for children's play and adult recreation—all on a lot only 76 feet wide. Fieldstone walls and chimney, harmonizing with gracefully-battened plywood, give the exterior a permanent tidiness. The rear terrace, with sunken sand pit, is sheltered on three sides and has easy access to kitchen window buffet. Each large bedroom has two closets and is cross-ventilated. Four picture windows in the living room and dining all overlook both garden and front terrace. Sketch plans are available by writing Good Housekeeping magazine.

SCHOOL MEETS ARE OPEN

Registration for grade-school meets for the 1949-50 school term is proceeding at a much faster rate than last year, Rodney J. Kidd, director of the Texas Interscholastic League, announced.

Last year the League organized 90 districts for grade school meets. At the present registration rate for grade schools, participation will be greater this year. Any group of grade schools in

the state may get together and organize a grade school meet, Kidd said. Information on the contests and organizational procedure may be obtained from the Interscholastic League, Box H, University Station, Austin.

STATE FAIR 'ATOM PILE'—This model of a uranium pile is a small segment of one of the dramatic exhibits in the "Man and the Atom" show coming to the 1949 State Fair of Texas Oct. 8-23 direct from the famed American Museum of Atomic Energy at Oak Ridge, Tenn., cradle of the atom bomb. Admission to exhibit will be free.

Leave For Galveston
Mr. and Mrs. Alfred Schwiening left Thursday for Galveston, where they will visit their daughter, Mrs. Ralph Jones, who has been under treatment in a Galveston hospital for several weeks. They expect to be gone about 10 days and Mrs. Jones will probably return with them.

Mrs. Mary Mauldin left this week for her home in Austin, following a four-weeks visit with her aunt, Mrs. Lee Labenske.

PASTIME CLUB MEETS IN LABENSKE HOME

The Pastime Club met Thursday afternoon at the home of Mrs. Lee Labenske, with Mrs. John Cauthorn and Mrs. Mary Mauldin, assisting the hostess. Dahlias were used as decorations.

Those present included Mesdames Lawrence Nichols, Robert Kelley, R. V. Cook, O. G. Babcock, Joe Berger, Rose Thorp, H. V. Morris, and John Bunnell.

Mrs. Berger and Mrs. Thorp tied for high score. Sandwiches, cookies and punch were served to the guests.

DEN MOTHERS MEET AT BILL FIELDS HOME

Pack 19 Den Mothers met this week at the home of Mrs. Bill Fields to plan programs for this year. Scout Executive J. B. Morris was present. Three Dens were organized and a fourth will soon be operating.

The Pack will meet Monday night, October 21, at the Methodist Church. Den Mothers for this year are Mrs. Fields, Mrs. Tom Neville and Mrs. M. E. Genrich. Rev. Stanley Hauser is Cubmaster, Harold Friess is assistant, and Tom Neville, Lawrence Nichols and Joe Brown Ross are committeemen.

Missionary Union Holds All-Day Meet Wednesday

The Women's Missionary Union met at the Baptist Church Wednesday for the Mary Hill Davis Week of Prayer program, to install new officers, and to make out quarterly reports. The program opened with the song, "There Is A Name I Love To Hear," and the prayer was given by Mrs. J. E. Eldridge. Also appearing on the program were Mesdames T. F. Kenemer, D. R. Branscum, Lawrence Nichols, and W. O. Crites. A luncheon was held following the meeting and the G. A. and Y. W. A. gave their programs during lunch.

The afternoon program was opened with a song, "The Light Of The World Is Jesus," and the following officers were installed:

Mrs. Bob Odom, president; Mrs. B. H. Crites, vice-president; Mrs. Jack Drennan, treasurer. Mrs. W. O. Crites, program chairman, Mrs. D. R. Branscum, youth leader, Mrs. Alfred Cooper, community mission, Mrs. R. G. Nance, benevolence, Mrs. J. E. Eldridge, Bible and mission study, Mrs. T. F. Kenemer, stewardship, Mrs. A. J. Ward, periodicals.

Appearing on the afternoon program were Mesdames Cooper, Eldridge, Kenemer and Crites.

Those present were Mesdames Walter Anthony, J. A. Cauthorn, Cooper, Nichols, Nance, Ward, Eldridge, Drennan, Katie Brasher, J. B. Hefflin, Crites, Branscum, Odom and Kenemer.

MRS. REGEON HONORED AT FAREWELL PARTY SATURDAY

Mrs. W. K. Regeon, who with Mr. Regeon, will move to Eldorado soon, was honored with a farewell party Saturday afternoon at the Baptist Church. Hostesses were members of the Fidelis Class, Women's Missionary Union and Sunbeam Class.

Mrs. W. O. Crites gave a reading, and Mrs. Don Branscum played piano selections during the tea. Mrs. R. G. Nance presided at the tea table.

A wagon with the words, "Eldorado Bound" carried gifts from the Sunbeam Class to the honoree. Mrs. J. E. Eldridge presented a gift from the W. M. U. and Fidelis Class to Mrs. Regeon.

Miss Hankins Feted At Shower In Rocksprings

Miss Louise Hankins, bride-elect of William L. Morriss of Sonora, was named honoree at a shower last week in the Rocksprings Woman's Clubhouse. The couple will marry tomorrow.

Chosen colors of blue and white were used in decorations. The tea table was covered with a Mexican drawn work cloth and decorated with a bridal trellis featuring "Belle Beede" the bridal doll initialed B. L. B. D. by four friends who guessed the chronological order of their marriages. The trellis was decorated with blue dahlias and the piano featured big blue hearts and white flowers. Tall blue candles were on the tea table, piano and registry table. The receiving line was composed of Mrs. E. N. Searly, Mrs. Steve Brown, Mrs. Lowell Hankins, the honoree, Mrs. T. A. Morriss, and Miss Lorelei Hankins.

Misses Patti Beall and Ruth Morriss presided at the bride's registry. Mesdames J. O. Hankins and Claude Erwin alternated with Mrs. T. C. Barnes and Miss Betty Ruth Franks at the tea table.

Tea music was by Misses Cappie Brown and Alta Mae Miller and Mrs. J. A. Lenning of La Pryor. Miss Emma Jean Barnes sang "Always" accompanied by Miss Cappie Brown.

GIRL SCOUT TROOP ELECTS PATTY HARDESTY PRESIDENT

Patty Hardesty was elected president of Girl Scout Troop 5 at a meeting held Monday night, September 19, at the Girl Scout Hall. Named secretary was Elsbeth Street and Betsy Ross was voted treasurer. On the program committee are Rose Alice Turney and June Henderson.

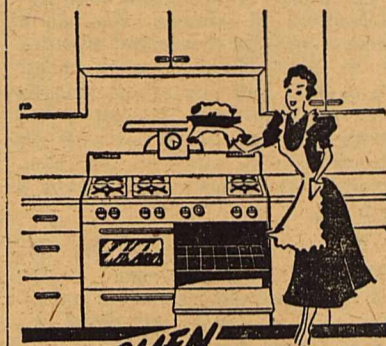

Purpose of the meeting was to plan activities for the coming year. Badge work was selected and planned beginning next week and cyclist and camp work were chosen as activities. Refreshments of cold drinks and cookies were served by Elsbeth Street to the following: Patty Hardesty, June Henderson, Rose Alice Turney, Patricia Ward, Mrs. Bill Smith and Mrs. Joe B. Ross.

Mr. and Mrs. R. C. Vicars, Mr. and Mrs. P. J. Taylor, Mr. and Mrs. S. M. Kerbow and Lee Patrick attended the A&M-Texas Tech game in San Antonio Saturday night.

Austin Visitors Here

Mr. and Mrs. Bob Bobbitt and son, Phillip, of Austin were guests of Mrs. S. L. Felps here Tuesday. Mrs. Bobbitt, a sister of Senator Lyndon Johnson, was a student in Johnson City High School, when Mrs. Felps was superintendent of the school.

Mr. and Mrs. Malcolm Bollinger, Jr. had as their guests last weekend, Bollinger's parents and his brother, Mr. and Mrs. Malcolm Bollinger, Sr. and Charles of Christoval.

KITCHEN MEMO BY JEAN CLARKE

When you're entertaining and want to be free of pot-watching, serve *Hamburger Goulash*. It's full of savor, combines nicely with a tossed green salad and suffers no damage if it must stand and wait for late guests' arrival. Fry $\frac{1}{4}$ slices bacon and add 1 lb. cubed beef, 1 lb. cubed pork, 1 cup chopped onion. Brown lightly. Add $\frac{1}{4}$ slices tomatoes, $\frac{1}{2}$ tsp. paprika, $\frac{1}{2}$ tsp. caraway seed, $\frac{1}{2}$ tsp. marjoram, 1 tsp. salt, 2 cups stock. Simmer over low flame until beef is tender (about 2 hrs.). Yield: 6 portions. Place the goulash in a ring of fluffy white rice or mashed potatoes.

Dust and lint in the air collect on the air filters of your gas furnace. Now is an excellent time to replace this inexpensive protection obtainable from your hardware dealer or furnace repairman.

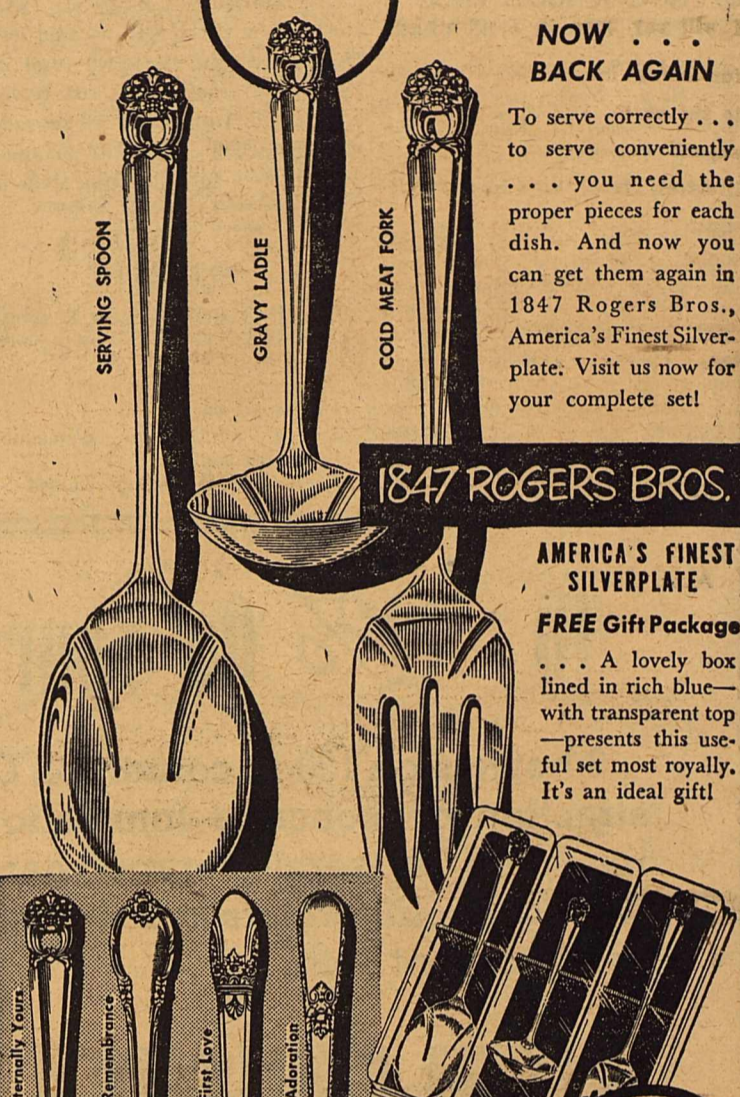

Soup sometimes becomes quite greasy. Drop a few lettuce leaves in it to absorb excess fat, then remove them just before serving.

Any acid foods allowed to remain on porcelain surfaces of sink or gas range will stain them. Wipe up spills at once with a soft paper towel.

Your finest linens will have a smoother finished texture if they are damp-dried in the gas dryer instead of dried out completely. They'll be easier to iron too.

Diced bacon flavors hamburgers and helps to keep them moist. Use about 4 slices bacon to 1-lb hamburger.

Elliott School News

Despite a small enrollment, due to the absence of many pupils who are at work in the cotton harvest, the L. W. Elliott School has settled down to a busy year of "Read-in", "Ritin" and "Rithmetic." There were approximately 170 pupils in regular attendance at the close of this week.

Pupils have become speech conscious the past two weeks due to the beginning of a new "Speak English" campaign. Those boys and girls who forget and speak Spanish at school are labeled "non-cooperators" and in some instances are requested to remain after school. So far all pupils have entered into the campaign with a spirit of good will and enthusiasm and although a few forget from time to time it is believed that lasting good will result for all concerned.

\$500

Reward

I will pay \$500 to any person furnishing information leading to the arrest and conviction of anyone stealing any kind of livestock from any ranch in which I am interested.

SOL MAYER

The seventh grade is planning an assembly program for Friday under the direction of their home room teacher, Mr. Jones. Mr. Jones reports that the program will have Citizenship as its central theme incorporated with a short talk on the value of religious education.

The fourth grade is busily engaged in building a health unit with particular emphasis being placed upon health at home and at school. The fundamental health rules are being pointed out in health booklets compiled by the class. The fourth grade has recently been introduced to the art of finger painting by their teacher, Miss Jones. The class declares

Son of a gun

That's a nice-looking Luger you have in your duffel bag. One just like it took the lives of 13 people in Camden, N. J., recently, when Howard Unruh ran amok.

You say you're no Unruh -- and besides, your souvenir Luger doesn't work? It's all rusted and it isn't loaded. John and Jane Porter thought the same thing about a much older souvenir -- a cumbersome old Civil War rifle.

But one day not so long ago they heard a loud, explosive report, smoke filled the room and their 12-year-old son lay wounded.

"We didn't dream that gun could still go off," Johnny's parents wept. "It was so old."

Cases like this and the Unruh tragedy aren't isolated. Even though the veterans who brought

that it is a wonderful feeling to be able to get messy with the approval and encouragement of the teachers.

The fifth grade social studies class is walking in the ways of the Indians as they explore the bygone days of early American life. Posters and booklets are being prepared to provide the members of the class with a pictorial idea as to how the early pioneers and Indians lived in this great land of America.

The first, second and third grades have been to the circus, or rather they have brought the circus to their rooms. The second grade room is filled with large pasteboard elephants, tigers and lions. Clowns leer from the walls of the third grade room and the first grades talk about monkeys, bears and giraffes to their hearts' content.

them home knew all about weapons, souvenirs collected in the first World War alone were responsible for the deaths of 70,000 people before Pearl Harbor was bombed -- 80 per cent of them children. Since V-J Day that toll has skyrocketed.

As a result, and especially because of reaction to the New Jersey tragedy, Government agencies throughout the nation again are stepping up their campaign to do away with this menace of weapons like the Luger brought back from Europe.

Servicemen with such weapons are being urged again, as they have been before, to have them checked carefully for safety by authorities at their installations.

Better still, as Investigator W. F. Carroll, Internal Revenue Bureau, N. Y., advises -- "If you must keep a gun of your own, keep an American gun. Mausers, Lugers and what have you may be all right, or then again they may not. An American gun is best every time."

A Look At The Book

Vision gives inspiration for service and encouragement amid the gloom of dark days. Happy the parent who sees in the little lad who is sometimes so noisy and disobedient and stubborn the man whom the boy can become. Without the vision of the possibilities locked in the little life, however much he may love his child, the parent will know times of discouragement and depression and wonder if it is worth all the effort that it takes to teach him to be orderly and obedient and respectful. It is the vision of what lies beyond the horizon that leads the explorer on in hard ways, across stormy seas, over mountain passes, and along dangerous paths. It is vision of what unborn years shall behold that stirs the heart of the reformer and fires his zeal. It is vision which stimulates the statesman and inspires those who go out with the message of the Gospel to the dark places of the earth.

This it is which glows like a glory on the pages of the prophets: "In the last days it shall come to pass" (Micah 4:1). Amid sin and depravity, they beheld the purity of a day when righteousness shall reign. Amid persecution, they caught sight of the hour of God's justice ahead. In bondage they glimpsed through the mists of the future the freedom of His reign. Small wonder then that they were able to endure with such fortitude. They saw the mountain of the Lord's house "established in the top of the mountains" as if it had been already reared there; and they wrote, "It shall be exalted above the hills" (Micah 4:1) as if the future promise had become a present reality.

Well might they prophesy with such assurance, for what God hath promised, He shall perform; and because His word has proclaimed it, it is as sure as if already realized. In the midst of these uncertain days, bright the way of the Christian who sees through the darkness the light of the appearing of the Son of God. The day of redemption draweth nigh. It may be nearer than you think--today but the eve of that latter day when the vision of the prophets and the saints shall become the glorious reality of His established kingdom in the earth.

We live up to your Buick's promise!

FOR sure, at this time of year you want a full measure of real driving sport from your Buick--an eager answer to your toe on the gas treadle, softly obedient brakes, a willing wheel that steers for you without effort. Let's just say--you want the royal ride that only a Buick can give you!

All this you'll get and more, if your Buick gets the care it deserves. Not just a peek here, a poke there--but real Buick care! Our kind of care!

You don't pay any more for Buick-experienced workmanship and

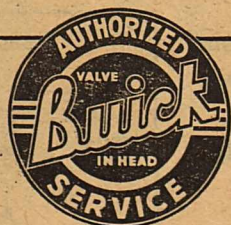

know-how, or for our Buick-trained skills, or for the fact that every part, every adjustment and operation is just what the factory has specified.

Yet there's a thrilling difference in the way your Buick behaves under our careful care. Bring it to us next time you want lubrication, or an adjustment, or a thoroughgoing checkup--and give yourself a mighty pleasant surprise!

You get 2-for-1 with Lubricare

One of our biggest bargain-offers is Lubricare--complete, elaborately thorough lubrication plus a stem-to-stern checkup of your Buick and its general health. Pay us just for the lubricants it needs; the diagnosis is a service we're glad to give! How about driving in this week?

Buick care keeps Buicks best

Concho St., Sonora, Texas

LT. C. T. DRISKELL AT AIR TACTICAL SCHOOL

PANAMA CITY, FLA. — First Lt. Claude T. Driskell, son of Mr. and Mrs. T. R. Driskell of Sonora, is a member of the current class of the Air Tactical School at Tyn-dall Air Force Base here.

The Air Tactical School is the basic school of the Air University. Here carefully selected officers learn fundamentals required of all Air Force officers, the intensive broad academic course including instruction courses from admin-

istration to supply. Classroom instruction is supplemented, for flying officers, by training flights in tactical aircraft.

Upon completion of the four month course student officers return to their home bases from which, after a period of service, many will attend other advanced schools in the Air University system.

Mrs. George Brockman, Sr. of San Angelo is the guest of her son, George Brockman, and Mrs. Brockman at the ranch.

Soil Conservation District News

News of Edwards Plateau Soil Conservation District
Prepared by Local SCS Personnel

That it takes more than rain to make grass is being proven rather generally in the Edwards Plateau Soil Conservation District this year.

For once ranchers are getting lots of good moisture, so that the value of sound range conservation practices are more than ever noticeable.

Cleve Jones' Taylor 1,000 Acre Pasture has shown remarkable improvement this year from being rested since April. The contrast between this pasture and the adjoining one is certainly very sharp. The deferred pasture has large quantities of sideoats grama, the bluestems, hairy grama, green sprangletop, etc., seeding and producing large amounts of good palatable forage that will be utilized this winter. The adjoining pasture, while supporting a good cover, lacks the variety of good desirable grasses so necessary for livestock production.

After all, ranchers have to grow enough feed during the growing season to last the entire year. Jones' practice of completely resting part of his pastures during the growing season is one of the best

ways to insure plenty of good winter feed. While short grasses don't "cure out" too well for winter use, the taller ones like sideoats grama do, and a complete deferment allows this grass to increase on the range.

Joe Logan, cooperating with the Edwards Plateau Soil Conservation District, has certainly obtained some satisfactory range improvement by adjusting his livestock numbers. This adjustment was made in order to keep his grazing units in balance with the amount of feed his range was producing.

This "balance" in effect, means grazing 1/2 and leaving 1/2. It has been said that it "takes grass to make grass," and the litter and residue left on the ground by this practice pays off in more and better grass -- less soil loss and maximum use of available moisture.

This funniest of all stage shows is said to appeal to music-lovers, music-haters, rich people, poor people and the plain ordinary guy who enjoys a good hearty laugh.

USED CAR BARGAINS — See Granger & Johnson for the outstanding used car bargains in Sonora. Here's a hot one -- a used motorcycle and sidecar and it runs. Make us an offer and we'll probably trade with you.

A 1947 red Buick Super 4-door. This is a clean car and with all accessories and low mileage. A real family car with at least 100,000 trouble-free miles left in it.

1940 Buick Special, black, 4-door. This car had excellent care and we are offering it at a real bargain.

Here comes one we really take pride in -- A 1948 Chrysler New Yorker, 13,000 actual miles, seat covers, radio, heater, tires all in perfect condition, and best of all, we're not trying to retire on this one sale. This New Yorker will go at a price you can afford. First come, first served!

We don't go in for trucks much, but we couldn't resist this dilly: A 1940 Chevrolet 3/4-ton, 4-speed transmission pickup. Yes, we'll sell it.

And here's a G. I. 4x4 Carry-all that we may sell and may keep. Anyhow, it's on the lot. Bring your checkbook and take a look.

GANGER & JOHNSON MOTOR COMPANY

Return From Trip

Mr. and Mrs. Harry Harrison returned Friday from a two-weeks vacation in Turnertown, where they were guests of Mrs. Harrison's sister, Mrs. C. F. Sutherlin, and Mr. Sutherlin.

Alignment Saves Tires!

Tires wear quickly if alignment is imperfect! Be sure to get full service from all your tires by having them carefully checked . . . and aligned by Granger-Johnson Motor Co. The cost will be over-balanced by the additional service you will receive from your tires!

From where I sit... by Joe Marsh

A Big Boost For Smitty!

Stepped into Smith's Department Store the other noon and saw the strangest thing. "Sis" Davis was coming up the stairs from the basement with a bundle of wash. "Is Smitty taking in washing these days?" I asked. "Not quite," she says. "He's just put in a new automatic washing machine, so the girls who work here can get their laundry done while they're eating lunch. Means more time to relax at night and on weekends."

I thought what a swell boss Smitty must be. Human relations between the boss and employees

have certainly taken a big step forward during my lifetime. From where I sit, people seem to be doing a better job of seeing our neighbor's viewpoint these days. Though his ideas and tastes may not be ours, we can understand his preference for a certain breakfast cereal, a favorite movie star, or for a temperate glass of beer or ale. That's the way it should be in a free country.

Interior Modes... by René

NEW YORK CITY—Decorative, yet practical, is this radiant glass heating panel which is part of the heating system chosen by Federal Housing Expediter Tighe Woods for his new low-cost housing unit. Not only is the original installation cost of this system below that of convection heating systems but there is no need for basements, utility rooms or even chimneys. Maintenance and replacement expense are at a minimum. The heat is clean, safe and healthy. It is manufactured and distributed by the Continental Radiant Glass Heating corporation here.

Chrysler New Yorker...

NEW YORKER 4-DOOR SEDAN

does more than you'll ask of any car

... Let the car prove it!

Try driving without shifting in the car with the simplest automatic transmission of all . . . the car that gives you complete control at all times!

Wade through flood and storm that would stall any other car! You've the first and only waterproof ignition system on any passenger car in the world.

Look under the fenders and body . . . there's protective undercoating no other car gets at the

factory. Look at the Safety Rim wheels . . . blowouts can't throw a tire under almost any normal driving.

See how common sense and imagination in engineering and research make you more comfortable. With chair-height seats. With beautiful interiors for full size people.

Telephone your nearby Chrysler dealer . . . he will bring the car to your door. In any body style, 4-door Sedan, Club Coupe, Convertible Coupe, the powerful 8-cylinder Chrysler New Yorker will do more for you than you've asked of any other car.

Spend 15 minutes with

the beautiful Chrysler

YOUR HEALTH

The Texas State Department of Health during the first seven months of this year has a record of the examination of 2,709 animal heads for rabies and of this number one fourth were found positive, said Dr. Geo. W. Cox, State Health Officer.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. If a person is bitten, the offending animal should be penned, if possible, for a period of at least ten days. If the animal is in the infective stage, he will die within this time. This does not mean that he may not be in the noninfectious or incubative stage and develop rabies later. All dogs bitten by a rabid animal should be confined six months. If it is necessary to kill the animal, this should be done in such a manner that the brain is not destroyed.

When sending a head to the State Laboratory it should be put in a container, sealed and packed in ice to prevent decomposition.

Dr. Cox said that rabies is a hard disease to eradicate, but that it could be done if all owners would have their dogs vaccinated each year and eliminate all stray dogs. If you have a dog, get him vaccinated the same as you have your children immunized against diphtheria and smallpox.

Rabies is commonly supposed to be a disease of warm weather, but it is more prevalent during the spring and fall because the dogs congregate and move about more, therefore the chance of exposure is greater during this time. It is true that more dogs are killed during the summer months, but the percentage of rabies is low.

FOR RENT: Furnished double bedroom, private entrance. Dial 26611.

Retail Sales Up 9% From July

Texas retail sales in August stepped up 9 per cent from July to an estimated 437 million, a 3 per cent decline from August 1948, the Texas Bureau of Business Research reported.

Sales of all durable goods rose 9 per cent from the previous month, but dipped 1 per cent from August a year ago.

Jewelry stores turned in the biggest increase of durable goods in August -- 15 per cent. Automotive store sales rose 13 per cent, while building material, lumber, and hardware sales gained 6 per cent. During this period furniture and household dealers reported the only decrease in durable good sales -- 6 per cent.

In comparison with August a year earlier automotive store sales rose 9 per cent, the only increase in the durable good group. All other sales of durable goods stores dropped from the previous year: building material, lumber, and hardware 16 per cent, jewelry 13 per cent, and furniture and household goods 12 per cent.

All stores in the nondurable goods group, except food stores and filling stations, reported July-to-August sales increases. Both of these stores lagged 4 per cent, while office, store, and school supply sales stepped up 26 per cent. Monthly sales gains were also reported in apparel stores, 18 per cent; general merchandise stores, 17 per cent; department stores, 13 per cent; florists' shops, 5 per cent; country general stores, 4 per cent; eating and drinking places, 3 per cent; and drug stores, 2 per cent.

Compared with August 1948 office, store, and school supply dealers reported a 9 per cent increase in nondurable goods in August of this year. Drug stores

COLORS IN PALESTINE

At day's end on the roof of the American Consulate in Jerusalem, two Marines haul down and fold the flag of their country in the age-old traditional military ceremony. On duty at the Consulate in Jerusalem are twelve Navy men and forty-one Marines. The Bluejackets comprise a Navy Communications unit, while the Marine detachment is from personnel assigned to the Sixth Task Fleet. (Official U.S. Navy Photograph)

turned in a fractional gain during this period.

All other nondurable goods stores registered decreases from a year earlier. Apparel store and florists' sales, sliding 7 per cent, recorded the largest declines from a year ago.

Sales of eating and drinking places and general merchandise stores dropped 6 per cent from August 1948, while country general store sales fell 4 per cent and food and department store sales dipped 3 per cent.

Mr. and Mrs. S. M. Loeffler and sons attended the funeral of R. W. White, Jr., in Mason Sunday.

WOMAN'S CLUB MEETS NEXT THURSDAY AFTERNOON

The Sonora Woman's Club will hold its first meeting of the year Thursday, October 6, at the club, according to Mrs. M. E. Genrich, president.

The meeting will include a tea and Mrs. Jarrett of Del Rio will speak. Non-members who are interested in the club are cordially invited to attend both the meeting and the tea, Mrs. Genrich said.

Mrs. C. A. Boehme of Orange and daughter, Miss Ruby Ann Boehme, and Miss Charlotte Laitsoner, Brooklyn, N. Y., were guests of Mr. and Mrs. S. M. Loeffler early this week.

This is no way to bring home the BACON!

Good intentions don't make a good savings plan. What's the smart way to save? A way that's—

- 1. Regular
- 2. Convenient
- 3. Dependable
- 4. Automatic

You can get this foolproof combination by investing in U. S. Savings Bonds. Either of these two ways:

Join your company's Payroll Savings Plan ... or join your bank's Bond-A-Month Plan.

Then sit back and watch your dollars make pigs of themselves, fattening up at the rate of four for every three you put in, every ten years.

That's one sure way to bring home the bacon some day. And by bacon we mean the things you dream about for the future: a home, a business, a college education, and freedom from worry.

Go reserve a slice of that for yourself ... TODAY!

Automatic saving is sure saving— U.S. Savings Bonds

TRAFFIC IS TERRIFIC!

Local and long distance telephone traffic have reached an all time high today. The demand for new service is at an equally high level. We still cannot obtain much of the equipment we need to handle this tremendous traffic as well as the demand for telephone service. Yet we are installing more telephones and servicing more calls than ever before. Yes, traffic is terrific in every phase of telephone service today. And we will continue to keep our service expansion "terrific" as well.

The San Angelo Telephone Co.
