EFFICIENT LAND TITLE SERVICE ON SUTTON COUNTY LAND We represent several of the old line fire insurance companies.

There's comfort a-plenty in GMC cabs. They're appointed in the "solid comfort" passenger car manner . . . with deep, adjustable seats that lessen driver fatigue; big windshields and windows for clear, wide-angle vision; protective sealing against dust, drafts, engine heat and noise; built-in ventilation system . . . a dozen other features, including ash tray, dome light and package compartment.

Under these all-steel cabs lie the firm foundation of truckbuilt engines and chassis . . . solid power and strength which combine with GMC comfort to form a really solid truck!

Spicy Hot Cross Gems

These quickly made spicy cakes with cross of white icing offer an easy way to put the popular hot cross bun on the Lenten menu.

For centuries hot cross buns have been served on the Lenten table, but never have there been so many interesting and easy ways to make them. Hot cross buns may be created from a kneaded yeast dough, a beaten batter, or muffin-type batter. The delicious and spicy cake-like buns pictured here are the latter kind. They will be your choice to make when time is short, or when you plan to serve them

Spicy gems are made from quick coffee cake batter, with just the right seasoning of spice and sprinkling of currants to resemble hot cross buns. They are excellent hot from the oven, but they are almost as good the day after. These gems are budget-wise too, for they need

Because spicy hot cross gems are made with enriched flour, they provide the same B-vitamins and iron which make all enriched breads such economical "health" foods. Serve these gems as luncheon bread, or for dessert with apple sauce, baked pears, or stewed dried fruit.

Furnishing good service at reasonable rates has always been our aim. We have done this, while at the same time trying to keep down operating expenses. However, the sharp increase in the cost of everything during recent years has hit us just as it has you. Now our operating costs have been increased again due to new Federal legislation which has sent our wage scale soaring.

We believe in paying good wages. In fact, the major increases in our operating cost during recent years have been the result of a series of wage increases.

We will pay this new increase, but it does create a serious new problem for us. We can do this only through new service rates reasonably adjusted to our changed operating conditions.
