TWENTY-FIRST WEEK

POLICY

It is the firm belief of the editor of this newspaper that "Eternal Vigilance Is The Price Of Liberty." It is therefore the policy of this newspaper to stand against both socialism as such and the ever-increasing trend of our present federal administration toward the complete socialistic state.

... Son of a gun ...

Have you noticed the paragraph at the head of this column, capped "Policy"? Well, we thought we'd leave it there as our two-bits worth on how the country ought to be run. We fully understand that it is the primary duty of country editors to report local news mostly, but as we sit here and watch our national government gradually tighten the web of socialism around us, we get nervous. And being too ignorant to know exactly what to do about it, we just decided to take a stand, even at the risk of being called a you-know-what.

We've heard of fans writing radio stars before, but we've never heard of the situation being reversed. But it happened the other day when Nelson Stubblefield, local record dealer and juke box owner, entered a cafe and was handed the following note: "Mr. Stubblefield -- Why don't you put some of my records on your machines? We have some of the latest tunes out now. I am passing through on my way to Coconut Grove, Los Angeles, where I will open next Tuesday. Regards, Jan Garber." For the information of today's youth, Jan Garber is one of the old timers in the dance band business, and one of the few who has been a consistent top drawing card throughout his career.

Overheard by Supt. A. E. Wells at the recent Atlantic City convention of school administrators -- "We want to maintain the type of faculty in our schools so that if any of our children should become like the teachers who taught them, we'd still be proud of our children."

Will you Sonorans please get off our backs concerning the Post's article on Crockett County? You, as a newspaper man, must know that journalists do not speak the unadulterated truth. Instead, writers are usually looking for public interest rather than presenting facts. We people in Ozona have not stated that the Post story was true. On the other hand, there is very little truth in it. We have, however, enjoyed the publicity and assume that intelligent people will know that the writer did not print an accurate picture of Ozona and Crockett County.

I am not a native Ozonan. I came to Ozona two years ago and have been received royally by all the people with whom I have come in contact. Ozona is not, as you think, a place where everybody is a millionaire and if you are not, you art the scum of the earth. Instead, it is a friendly little town with loads of poor and middle class inhabitants.

Sincerely, W. M. Stoker. For the record let us say that Ozona is a nice small West Texas town. We have quite a few friends there, and many of our friends here have relatives in Ozona -- all nice people.

On the other hand we think the Saturday Evening Post a rattling good magazine which enjoys an excellent reputation throughout the United States for the veracity of its articles.

And finally, Mr. Stoker, we know of no person who felt slighted, jealous or even miffed because the article was written about Ozona instead of Sonora. Sonora simply doesn't have the characteristics which would make it a "good copy" for an article of that exact type. All we want to do, Mr. Stoker, is just live in peace, drink an occasional cold beer with our lunch and listen to the distant "toot-toot" of the noon train pull-

Moody New Coach At Athens High

NO SUCCESSOR IN VIEW AT PRESENT, SAYS WELLS

Coach Preston B. (Bud) Moody, head coach and mathematics teacher at Sonora High School for the last two years, has been named head football coach at Athens High School to succeed Bob Hill. Hill resigned the post recently to become athletic director of Athens High School and head of the physical education department. He also will be in charge of the Hornet basketball team.

Moody, high school star at Mineola, was all-state quarterback in 1929 and 1930, first string forward on the basketball team and set several track records in the broad jump and hurdles. He played with Lon Morris Junior College and East Texas State Teachers College and was on the 1931 Lon Morris quintet which won the state title from the Tyler Apaches. He began his coaching career at Jefferson High School and went from there to Gladewater. He coached a service team in Hawaii that won the title of its division and upon his discharge from the Navy, coached two years at Mineola.

Mrs. Moody is the fourth grade teacher in the Elementary School. Superintendent A. E. Wells said Wednesday he accepted Moody's resignation with regret. "He has been a fine coach and a fine leader," Wells stated, "and we hate to see him leave. On behalf of the student body, faculty and board of education, I wish him every success at his new post."

Wells added that no steps have been taken toward appointing a new head coach here.

44 Years Ago

A. F. Clarkson had an exhibition in Sonora this week 14 head of shorthorn cattle of the original Warren herd. They were just off the range and clearly demonstrated that blooded stock can rustle as well as the scrub.

Small ranches are in demand at a good profit. The old Sam Cox ranch 16 miles southeast of Sonora sold this week at an advance of two and one-half times what it sold for four years ago.

Mrs. W. F. Decker, who was here this negotiating the sale of her property, returned to San Angelo Tuesday.

J. T. Evans sold for Thomas J. Morris of Sonora to S. E. Halcomb of San Saba County the 3 1/2 section ranch 4 miles south of Sonora where the prosperous town of Wentworth stood 17 years ago, for \$5,750. The ranch contains 2 sections of school land and 1 1/2 sections of T & R under lease. As a brief illustration of the progress of the Sonora country and because of the interest in the place the News will state that on May 17, 1904, V. J. Turney sold this place to W. R. Jackson for \$2,500; Jackson sold to S. A. Hunter Feb. 1, 1905 for \$3,000; Hunter sold to R. F. Halbert September 19, '06 for \$3,200, and Halbert sold to T. J. Morris for \$4,900.

J. A. Sykes, who ranches near Owensville, was in Sonora this week.

George Miers of Del Rio, one of the most successful livestock speculators in West Texas, was in Sonora several days this week visiting his sister, Mrs. Theo Savell.

Sci Mayer was in from the ranch several days this week on business.

Mrs. M. S. Davis is recovering from bruises received when she fell at her home last week, and is able to be up.

A note from Coach Edwin Thompson says not to forget to mention the donkey baseball game between the High School seniors and the Veterans' All-Stars Thursday night, March 16, at the football field. Sixty percent of the advance sale and 40 percent of the gate will go to the seniors' treasury and will be used for the spring trip, banquet, class gift to the school, etc.

Thompson said red ribbons will be tied to the tails of the donkeys the vets ride to prevent mix-ups. Yuk! Yuk!

Adkins Shows 3rd Place Winner At Odessa Show

Frank Adkins, Sutton County 4-H Club boy who won the grand championship with his Hereford calf in the county show in January, placed third in the drylot heavy-weight division at the Sand Hills Hereford and Quarter Horse Show in Odessa Wednesday. His was the only local entry in the show.

Gerry Mayfield, 6, Recovering From Ranch Accident

REGAINS CONSCIOUSNESS WEDNESDAY; HURT IN FALL FROM HORSE SUNDAY

Gerry Mayfield, 6-year-old daughter of Mr. and Mrs. Stanley Mayfield, who suffered critical head injuries Sunday in a fall from a horse, regained consciousness Wednesday morning and was reported greatly improved but definitely not out of danger yet.

The accident occurred about 2:30 o'clock Sunday afternoon at the White House ranch, about 35 miles south of Sonora on the Rocksprings highway. Gerry was riding her horse in a one-acre runaround by the house while her grandmother, Mrs. Ed C. Mayfield, watched from the porch. A ranch employee, Polo Gomez, was also present. Gerry rode by the house and said she was going to the other end of the trap. In a few minutes Gomez saw the riderless horse walking in and he and Mrs. Mayfield immediately found Gerry in a semi-conscious condition.

By the time she was rushed to a San Angelo hospital Sunday afternoon she had lapsed into a coma and roused only slightly until Wednesday morning. Dr. Ralph Munslow, San Antonio neuro-surgical specialist, observed Gerry Sunday night and Monday. Wednesday morning she awoke and recognized her father and mother and was in good spirits.

My Soil Conservation District

By John Stanley Hamby Second Prize Winner in SCS Essay Contest

Soil is the earth's most valuable possession, for without soil, all plant and animal life would perish, yet, a large part of the United States soil has been destroyed by soil erosion. Considering this, eighty four ranchers in Sutton and Edwards Counties took time out to vote whether or not a Soil Conservation District should be formed to assist in conserving the soil in this area. Eighty three of the ranchers voted for this unit and only one against it. The Edwards Plateau Soil Conservation District is a completely voluntary organization. Ranchers do not have to submit to letting the unit assist them in conserving their soil.

Land with no grass often becomes overflooded with water, and drains into large gullies. These gullies flow into rivers and always carry away the much needed soil. Thousands of acres of land have been destroyed by overflowing rains. The productivity of the land depends upon our soil and soil is not permanent. Therefore, it is necessary that the Soil Conservation Program continue its successful work in our area. Conservation is vitally necessary in the Edwards Plateau District, because of the bitterweed which is poisonous to livestock. The brush increase has caused much trouble for the ranchers. Floods are frequent in this area, and watersheds should be improved. The desire for better grasses such as little bluestem, has been shown by progressive ranchers.

Showing the ranchers the urgent need for soil conservation, is one of the many tasks the District performs. Much interest has been aroused, and an excellent example of this was shown last fall when the District had a field day at the C. T. Jones Ranch. One hundred ranchers were present, and all gladly participated in an adult grass judging contest.

Soil Conservation does more than safeguard the land. It is responsible for many of the benefits of the land. Increased crop yields and lower cost of production are some of its benefits.

High School Honor Roll Announced

The number of high school students making the honor roll during the past six weeks slipped slightly, according to Norman S. Davis, principal, but more students made straight A cards, than on the last report.

Seniors -- All As: Mrs. Vernon Luckie and Ernest Stephen. As and 1 B: Roberta Doran and Jesus Gomez. Juniors -- All As: Geraldine Peitchinsky, Enequina Chavez, Flora Dell Davis, Onita Smith, Blanche Taylor. As and 1 B: John Howell, Anne Karnes, Martha Renfro and Jackie Wardlaw. Sophomores: As and 1 B: Inez Chalk, Esther Chavez, Tyree Hardy, Nancy Neill and Jack Ratliff.

Freshmen -- All As: Joe David Ross and Billy Scott. As and 1 B: Oscar Carpenter, Nancy Eaton and Rita Renfro. Eighth grade -- As and 1 B: Bill Ratliff. Seventh grade -- As and 1 B: Patricia Hardesty, Betsy Ross and Rose Alice Turney.

REA Co-op Gets \$320,000 Loan

A loan of \$320,000 to the Southwest Texas Cooperative, Eldorado, has been approved by the Rural Electrification Administration, REA notified Sen. Tom Connelly this week.

The money will be used to build 300 miles of new distribution lines to serve 160 new customers.

The Southwest Texas Co-op serves six counties -- Tom Green, Schleicher, Crockett, Irion, Sutton and Menard.

LOCAL EXHIBITORS PLACE AT SAN ANGELO STOCK SHOW

Sutton County 4-H Club members exhibited fifteen lambs at the San Angelo Fat Stock Show. Connie Mack Locklin exhibited the sixth place fine woolled lamb and Oscar Carper showed the fifteenth and twenty-third place fine woolled lambs. The lambs sold as a group to the San-Tex Feed & Mineral Company for forty-six cents per pound.

Connie Locklin exhibited the thirteenth place Angus calf which sold to Cox-Rushing Greer Co. for forty-two cents per pound.

WRITER DISCOVERS

More Head Of Stock On One Sutton Ranch Than In All Crockett County

Do you know that there is one ranch in Sutton County which runs more head of stock than all the ranches in Crockett County? Do you know that this ranch and a sister ranch, also located in this county, run close to a million head of stock, yet use only about 840 square feet of "rangeland" -- the year around?

If you would like to know more about these amazing ranches we suggest you visit the J. Wray Campbell and Gilbert (Son) Allison Worm Ranch, part of which is located at Campbell's tourist courts and part of which may be inspected at Allison's (sheep and cattle) ranch on the Junction highway.

Campbell, who went into the business a few months ago with a brood stock of 50,000 worms and 5,000 eggs, now estimates his "herd" at half a million. Allison, who is Campbell's partner in the worm business as well as the minnow business, which we'll try to get to later, has about the same number.

It may come as something of a surprise that there would be much chance for success in the worm business in this arid and landlocked section, but Campbell and Allison sell worms to several camps at Lake Nasworthy at San Angelo, Lake Travis at Austin, and the upper and lower lakes at Del Rio. In fact, Campbell's last shipment consisted of 5,000 worms ordered by Jack Rape, former Sonoran now owner of a fishing concession at the Del Rio lower lake. Worms are sold at one cent each or \$6 per thousand wholesale.

Getting into the finer points of worm culture, Campbell pointed out that one of the advantages in worm ranching is that both males and females lay eggs, thus more or less doubling production.

"We have all the advantages and none of the disadvantages of the sheep, goat and cattle ranches," Campbell said in explaining how his and Allison's set-up operates. "For example, we don't have to keep so many bull worms to so many cow worms. They all lay eggs and the fathers are just as devoted mothers as the mothers

Funeral Services Thursday For Mrs. Mayfield

Funeral services for Mrs. Rowena Nancy Mayfield, 86, one of the last of the pioneers of this section, were held Thursday morning at 10 o'clock from the First Methodist Church. The Rev. W. H. Marshall officiated.

Mrs. Mayfield died early Wednesday morning. She had been confined to bed for the last four years.

A Sutton County resident for 61 years, Mrs. Mayfield was born March 12, 1863, in Bosque County, the daughter of Mr. and Mrs. Samuel Jackson Wallace. She was married to Jess W. Mayfield in May, 1882, and the couple moved to a ranch near Ft. McKavett in 1888. A year later they came to Sutton County and settled at Lost Lake Ranch, now owned by Bryan Hunt. Later they lived on the White House Ranch, where Ed C. Mayfield, their only son, now resides.

Mrs. Mayfield's husband died March 31, 1932.

Survivors, in addition to the son, include a stepson, Lewis Mayfield of San Antonio, a grandson, Stanley B. Mayfield, and one great-granddaughter, Gerry Mayfield, now in a San Angelo hospital recovering from injuries received when thrown from a horse Sunday; two sisters, Mrs. J. E. Grimland, San Antonio, and Mrs. H. O. Dahl, Houston; and one brother, Joe Wallace of Pottsfield.

Mrs. Mayfield also raised two of her sisters' children, George Edward Allison of San Angelo, and J. B. Reader of Sonora. Known to many of her friends as "Aunt Rena," Mrs. Mayfield took an active part in the social life of her day and was a lifetime member of the Methodist Church.

Allbearers included Fred F. Earwood, Bill Fields, John Fields, Sam Karnes, B. M. Halbert, Jr., and Bryan Hunt, all of Sonora, and H. P. Allison of San Angelo and Russell Martin of Del Rio.

Farmers and ranchers are now assuming their responsibility as landowners, because of the hard, willing, and beneficial work of the Soil Conservation District.

Five County Officials File For Reelection In July Primaries

A "coming out party" without the usual frills of the social event took place here this week when five county office holders announced for reelection. They include G. A. Wynn, county judge, B. W. Hutcherson, sheriff, tax-assessor-collector, H. C. (Doc) Kirby, county clerk, J. W. (Web) Elliott, county attorney, and Dave Locklin, county commissioner, precinct No. 1.

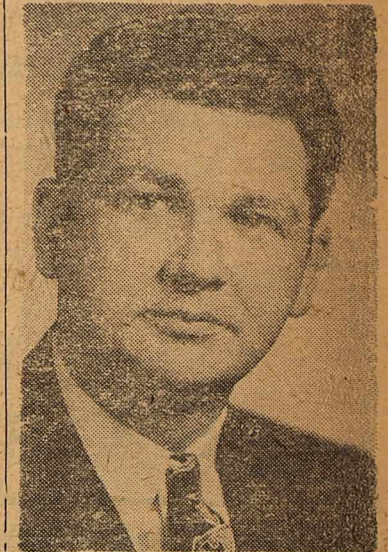

The mass announcement places candidates on the ballot for every county office except five, county commissioners from precincts 2, 3, and 4 and justice of the peace. Incumbents in these offices are Dan Cauthorn, precinct 2, Dantes

World War II.

Also a veteran is H. C. (Doc) Kirby, who asks his fourth term in the county clerk's office, Kirby was elected in 1944 following his discharge from the Navy.

Dave Locklin, local ranchman and merchant, has held the office of Commissioner, Precinct No. 1, since the resignation of Joe F. Logan, and asks his fifth term in this office.

J. W. (Web) Elliott, youngest candidate on the ticket, graduated from the University of Texas School of Law in 1948 and was

J. W. (Web) Elliott

selected to his first term as county attorney that year. He is a veteran of World War II and is engaged in law practice here with his uncle, L. W. Elliott.

The five candidates issued the following statement: "Although we make up no coalition or private political party, we offer the following statement to prevent repetition -- That each of us, if re-elected, will do his best to fulfill the duties of the office to which he is reelected to the best of his ability. That each stands on his record, each will appreciate all support given him and each will express this appreciation in person to as many voters as possible between now and the election."

In seeking his fifteenth term in the sheriff's office, Sheriff Hutcherson seeks to round out 30 years of public service. In point of tenure he is the oldest county office holder.

G. A. Wynn, local attorney and insurance man, has served two terms and seeks his third. Judge Wynn is a graduate of the University of Texas School of Law and served in the Air Force during

BOOKLETS ON CASHING CHECKS ISSUED TO AID RETAIL MERCHANTS

Reprints of a Small Business Aid entitled "Things to Watch for in Cashing Checks" are now available without charge on request to the U. S. Department of Commerce Field Office, 1114 Commerce Street, Dallas, Texas, Ray L. Miller, Regional Director of the Dallas Office, announced this week.

The material in the leaflet, (condensed from an article "Frauds and How to Stop Them" in the CREDIT WORLD) has proved so helpful to merchants and others that reissue became necessary, Miller stated.

Merchants have always had trouble in connection with cashing checks and take it for granted that they will have some losses. This loss can be significantly decreased by following a few simple principles. For instance, don't let just anybody cash checks; don't cash checks for people to whom you would not grant check accounts; examine every check carefully; require proper identification.

The publication points out further that an analysis of your worthless checks will disclose that at least 75 percent of them have either incorrect or non-existent addresses. Check artists do not intend for you to find them after the check bounces.

Other angles to consider are the kind of check presented, what constitutes proper identification, and when to be especially cautious. A check artist is a coward at heart, and his nerve will fail him when he knows an investigation is being made. In requesting a copy of this reprint, please ask for Small Aid No. 329.

LOGANS LEAVE WEDNESDAY

Mr. and Mrs. Sam Logan of daughter left Wednesday morning by plane from San Angelo on the first leg of their trip to Saudi Arabia, where Logan will be manager of King Ibn Saud's state agricultural project sponsored by the Arabian-American Oil Company. The Logans will travel by plane all the way.

Mrs. Clayton Bray has returned from a week's visit in Carrizo Springs, where she was the guest of her aunt, Mrs. S. E. McKnight.

Attend SOME Church Sunday.

B. W. Hutcherson

of public service. In point of tenure he is the oldest county office holder.

SCHOOLS CLOSED TODAY AS FACULTY ATTENDS MEET

Sonora students were granted a holiday today in order that members of the faculty may attend the 43rd Annual Convention of the Texas State Teachers Association, District 11. The meeting will be held Friday and Saturday in the municipal auditorium in San Antonio.

Ross Hay, band director, will address a meeting of band directors and teachers Friday afternoon, and Supt. A. E. Wells is a member of the credential and auditing committees.

Mrs. C. W. McBride and sons of Dallas visited her parents, Mr. and Mrs. Robert Halbert, over the weekend.

Wiggler kicks him overboard.

In the minnow department, now being run largely by Allison, who has several thousand at his ranch, the fisherman has his choice of Bluntnose, Leapin' Lena or Silversides, all of which are shipped to various lakes in this section.

1920 Fashions Relegated to Past as Museum Piece

The flapper of the early Twenties will not return to haunt the fashions of 1950, predicted Warner Brothers at their annual New York fashion show, "Figure Talk." The byword for spring and summer fashions is "naturalness" in body line. The new and exciting necklines demand well-rounded curves—the slim trim skirts insist on well-controlled hips—thus Fashion marches on!

Soil Conservation District News

News of Edwards Plateau Soil Conservation District
Prepared by Local SCS Personnel

Spring planting time is really at hand, as many cooperators with the Edwards Plateau Soil Conservation District can verify.

To date approximately 275 acres of cultivated land has been planted to soil building legumes such as Madrid and Hubam sweet clover, and Peruvian alfalfa. These cover crops are vital in any crop rotation in order to maintain fertility and increase organic matter. They are invaluable as soil and moisture conserving crops.

The following ranchers have planted these legumes this spring as part of their conservation plan with the District:

W. L. Davis, Mrs. Velma Shurley, Lee Fawcett, Robert Halbert, Ben Cusenbary, W. R. Cusenbary and the Ranch Experiment Station. Ben and W. R. Cusenbary and the Ranch Experiment Station have planted Peruvian and Australian alfalfa respectively.

The cover crops are being planted with the District planter, small seed attachment funnels provided the District by the SCS and by regular grain drills.

With grass seed as high and scarce as they have been the past few years, many District cooperators are finding it profitable to

raise their own seed. District cooperators are being helped by the Sonora Wool and Mohair Co. in obtaining adapted grass and legume seed for spring plantings.

As of this week about 75 acres of cultivated land has been planted to grass this spring. Another 75 acres have been broadcast planted on rangeland.

The following District cooperators have planted one or more varieties of grass seed for seed increase purposes: W. L. Davis, G. H. Davis, Herbert Fields, Philip Jacoby, Tate Jarvis, Gilbert Allison, Mrs. Velma Shurley, Paul Turney and Jack Turney.

Broadcast range re-seeding work has been done by the following: John Lowrey, Lee Fawcett, J. A. Sykes, Travis Glascock, Edwin Mayer, Harold Friess, Thomas Espy, Thomas Morris, John A. Martin, Sr., Jack Wardlaw and the Ranch Experiment Station.

4-H Club Plans Program On Show Calf Raising

The Sutton County 4-H Club will hold its regular monthly meeting Wednesday night, March 15. All regular members and all boys and girls who are interested in joining the club for the coming year are urged to attend.

A set of slides on the "Selection and Care of Beef Calves for Show," prepared by R. B. Tate, County Agent of Bexar County, will be shown. Parents and other interested persons as well as club members are invited to see these slides.

Plans will be made to start training judging teams for the coming District, State, and Sonora Wool & Mohair Show judging contests. The club will concentrate on wool, mohair, sheep and goat judging for the Sonora Wool & Mohair Show which will be held June 21 and 22.

SHOP HERE AND SAVE

MEAT BALLS en CASSEROLE
2 lbs. chopped beef 1 tsp. thyme
1 green pepper 1 tsp. salt
1 tsp. paprika 1/2 cup flour
2 tbl. bacon fat 1 bunch carrots,
1/2 pod garlic cleaned and
6 med. potatoes cut in rounds
1/2 tsp. ginger 1 lb. fresh peas
1/2 tsp. pepper 2 tbl. steak sauce
2 med. onions 1 cup canned tomatoes

Add grated onion and pepper, and all spices except ginger, to meat; make into balls, roll in flour, and saute in fat until brown. Remove meat balls, add remainder of flour to fat, and make a brown gravy. Boil carrots, peas, and potatoes for 15 minutes with ginger and salt in enough water to cover. Drain water into skillet of gravy. Place meat balls and vegetables in casserole, and cover with gravy; add steak sauce and tomatoes, sprinkle with salt, and bake in moderate oven 40 minutes.

Captain Eddie Rickenbacker Endorses American Bible Society Program

Captain Eddie Rickenbacker receives a Bible from Francis Stifler, secretary of the American Bible Society.

Captain Eddie Rickenbacker again has given his unqualified approval of the annual observance of Worldwide Bible Reading from Thanksgiving to Christmas. The slogan will be "The Bible—A Light and Guide." Captain Rickenbacker has been an active member for several years of the sponsoring committee of national laymen who assist the American Bible Society in the promotion of the program. The committee is headed by President Truman, who is honorary chairman.

"I heartily endorse the theme for 1950," said Captain Rickenbacker, "and I congratulate the American Bible Society for the outstanding success of the 1949 celebration when more than 12,000,000 copies of the reading list of Scripture passages were distributed by the Society on request. Our American people were evidently so deeply impressed with the value of daily Bible reading that from the Bible Society alone they have written for over a million copies of a reading list to cover every day of 1950."

Captain Rickenbacker's lifelong interest in the Bible was greatly stimulated by his experience during the war when, with seven other men, he was adrift on the Pacific for more than three weeks. During this time a Service Testament, belonging to one of the men, was used for daily devotions.

Visit Here From Ft Worth

Mr. and Mrs. T. C. Shivers of Fort Worth, father and mother of Miss Norma Shivers, first grade teacher in the L. W. Elliott School, and Lt. and Mrs. L. E. Strecker and daughters, Dessa Lea and Dana Sue, of Connally Air Base, Waco, were visitors in Sonora over the weekend. Mrs. Strecker is a sister of Miss Shivers.

Shivers is in his twenty-fifth year as a printer on the Fort Worth Star Telegram. Shivers' uncle, Dr. Walter D. Biggs of Lometa, and wife, the former Miss Susie Wilson, the daughter of a pioneer Methodist minister

and circuit rider, were married in the first church wedding to be performed in Sonora. The ceremony took place in the Methodist Church here over fifty years ago.

Ratliff Speaks On Texas At Woman's Club

"Texas Independence" was the topic discussed by Tom Ratliff, local merchant and former mayor, when he spoke before the Sonora Woman's Club Thursday afternoon at the clubhouse.

Mrs. M. E. Genrich presided and Mrs. Dantes Reiley was presented as a new member. Mrs. Edwin Sawyer was appointed chairman of the food sale to be given by the club Saturday, March 11, in the Sonora Gas Company. Purpose of the sale is to raise funds for purchase of new tables and chairs for the club. A new coffee maker was recently installed.

Hostesses to the eighteen members present were Mesdames Joe B. Logan, Lem Eriel Johnson, and C. T. Jones, Jr.

P-TA Meets Tuesday

The Parent Teacher Association met Tuesday in the Elementary School auditorium to hear a report by Supt. A. E. Wells on the recent school administrators convention in Atlantic City. Wells discussed action taken by the delegates which affect Texas schools.

On the program Benjamin Cockrell presented the high school Choral Club in a number, "Green Cathedral."

Music Club Hosts To Sorantin Concert And Buffet Supper Tonight

The Sonora Music Club which sponsors Eric Sorantin, violinist, in a concert at 8 o'clock tonight at the High School auditorium, will be host to a buffet supper in the artist's honor following the concert.

The supper will be held in the Elementary School cafeteria and a ticket to the concert will include an invitation to the supper.

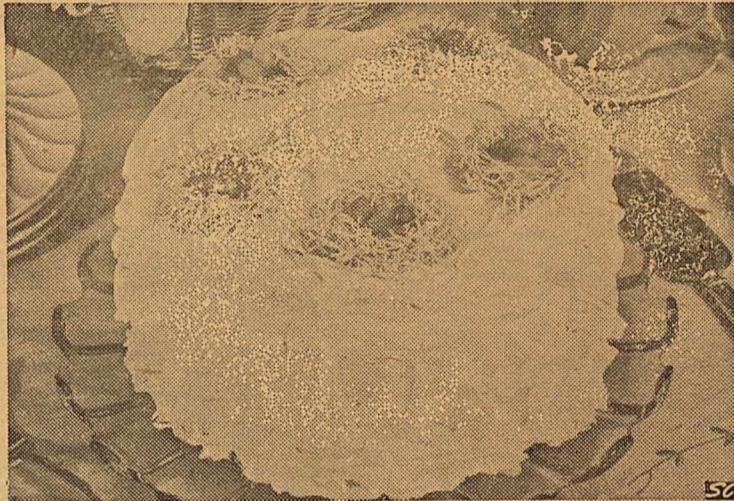

Director of the San Angelo Symphony Orchestra and professor of music at Our Lady of the Lake College in San Antonio, Sorantin has been widely acclaimed as a concert violinist since the age of twelve. He has studied extensively in Europe and has given concerts and recitals in most large cities of the world.

HORACE BUSBYS GUEST AT LUNCHEON MONDAY

Mr. and Mrs. Earl Lomax were hosts Monday at a buffet luncheon honoring the Rev. and Mrs. Horace W. Busby of Fort Worth. Mr. Busby, who is an evangelist for the Church of Christ, has recently completed a meeting in Ozona and will hold a meeting at the local Church of Christ in February, 1951. This will be his fourth appearance in Sonora.

Those attending the luncheon included the Rev. and Mrs. Bomer Gist, Mr. and Mrs. John Eaton, Mr. and Mrs. Boyd Lovelace, and the honored guests.

For The Easter Parade

You will look no prettier parading in your Easter bonnet than this Easter Glory Cake will look on your dinner table!

The texture of the cake itself is fine and light; and it is covered all over with a fluffy frosting, tinted a soft, sunny yellow. On top are little nests made of green tinted coconut and filled with gay jelly bean eggs. If you prefer, you can toast the coconut lightly instead of tinting it -- to give a more natural nest effect.

There are two ways to toast coconut -- both simple and easy. (1) To toast in the oven: Spread coconut out thinly in shallow pan. Place in moderate oven (350° F.) and toast until delicately browned. Stir coconut or shake pan often to toast evenly. (2) To saute: Melt 1 tablespoon butter in a skillet. Add 1 cup shredded coconut and saute until coconut is golden brown.

Easter Glory Cake

- 2 1/4 cups sifted cake flour
- 2 1/2 teaspoons double-acting baking powder
- 1 teaspoon salt
- 1/2 cup shortening
- 1 1/2 cups sugar
- 2 eggs, unbeaten
- *Milk (see below for amount)
- 1 teaspoon vanilla

*With butter, margarine, or lard, use 1 cup milk. With vegetable or any other shortening use 1 cup plus 2 tablespoons milk.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add eggs one at a time, beating very thoroughly after each. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla.

Turn into two deep 9-inch layer pans which have been lined on bottoms with paper, then greased. Bake in moderate oven (375° F.) 25 to 30 minutes.

Spread Seven Minute Frosting, tinted a delicate yellow, between layers and on top and sides of cake. Tint shredded coconut a delicate green. Arrange five small coconut nests around top of cake; fill centers with colored jelly beans.

W.M.U. Has Prayer Week Program

The members and guests of the Women's Missionary Union met Wednesday for the annual "Annie Armstrong Week of Prayer" program. The meeting was opened with the singing of "Oh, Happy Day," and Mrs. W. O. Crites gave the devotional. Topic for the week was announced as "On Our Doorstep." Mrs. W. O. Crites talked on work done in Oregon, Canada and Cuba. Mrs. Boyd Moore spoke on work done in missions in North Carolina and South Carolina.

Mrs. Lawrence Nichols spoke on California and Kentucky.

Those present were Mesdames J. E. Eldridge, R. G. Nance, B. H. Crites, R. H. Brister, W. O. Crites, Katie Brasher, J. P. Smith, Pearl Crites, Bob Odom, H. V. Morris, Walter Anthony, J. B. Heflin, Jack Drennan, Lawrence Nichols and Boyd Moore.

Art Club Studies Water Coloring

The Sonora Art Club discussed water color painting Thursday evening when it met at the home of Mrs. Elmer Wilson. A gift and honorary membership in the club were presented to the president, Mrs. Russell Davis, who is to make her home in Rogers. The St. Patrick's Day theme was carried out. Eleven members and guests were present.

MRS. CARL CAHILL HOSTESS TO FIREMEN'S AUXILIARY WEDNESDAY EVENING

Mrs. Carl Cahill was hostess to the Firemen's Auxiliary Wednesday night when it met at the Fire Station. A St. Patrick's Day theme was used in decorating the game rooms and sandwiches and hot punch were served.

Mrs. Lee Patrick won high bridge score, Mrs. Katie Brasher won low, Mrs. Pat Carroll won high bridge score for guests. Mrs. Artie Joy won high forty-two score, Mrs. John A. Martin, Jr. won low and Mrs. James Wilson won high forty-two score for guests.

Those present were Mesdames Ford Allen, Carl Peoples, James Wilson, Tom Womack, Artie Joy, Loy Gulley, Ervin Willman, John A. Martin, Jr., Lee Patrick, Pat Carroll, Edwin Thompson, Gilbert Allison, W. A. Glasscock and Katie Brasher.

A message from the head of their Church will be heard as a part of the Sunday morning service, March 12, by the congregations of most of the nearly 8,000 parishes and missions of the Episcopal Church. The Rt. Reverend Henry Knox Sherrill, Presiding Bishop will speak over one of the farthest radio networks ever arranged, and he will be heard by means of radio receiving sets installed in the churches. Bishop Sherrill's address will be an appeal to Episcopal Church members to support a largely increased program of work in missions in this country and overseas, and in Education and Social Relations. The address is timed for exactly 11:30, Sunday morning, March 12.

Episcopal Church
 Conducts Program
 Of Education

For the past nine weeks the entire Episcopal Church has been engaged in a special activity resembling a gigantic school system. A campaign of education, referred to as ONE WORLD IN CHRIST, has aimed at informing every member of the Episcopal Church about the program of work being done by the Church at home, overseas, and in the field of Christian Education. The month of January was devoted to study of missionary work overseas, February to work in the United States, and the first part of March to new plans for education which are being developed and are beginning to emerge in the form of courses of study on the beliefs and the activities of the Church Schools, for use in families, by children, young people, and adults of every age.

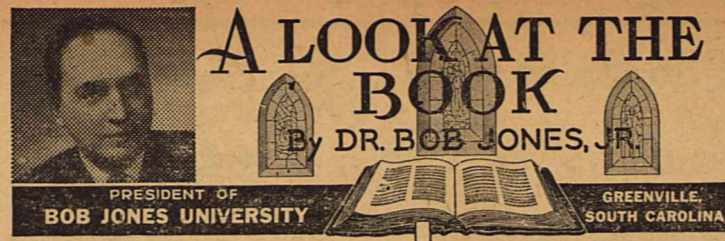

Here in Sonora members of St. John's Church led by their rector the Rev. Stanley F. Hauser have worked intensively in conformity with the suggestions offered by the National Church organization.

The campaign ONE WORLD IN CHRIST will terminate next Sunday, March 12, when Episcopal congregations, gathered into their churches in all parts of the country for the regular Sunday morning service, will hear, through radio receivers set up in the churches, the voice of the Presid-

 Welcome All — T. R. Chappell

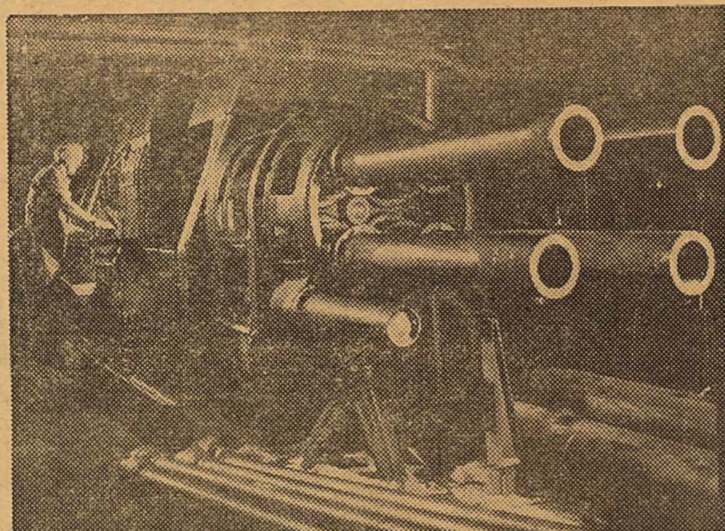

LUKE tells us that the Lord spoke one of His parables to convey to His hearers the truth "that men ought always to pray, and not to faint" (Luke 18:1).

We think of prayer as a privilege, which certainly it is. One of the great miracles of God's grace is the fact that man may enjoy in prayer communion with God, that in prayer man may make his desires known unto God, that he may in prayer discover God's will and ask God's intervention in his affairs.

But prayer is more than a privilege. It is an obligation. Each individual in the universe has a responsibility to do his best. Every father has a responsibility to his parents which it is his duty to meet to the best of his ability. Each businessman has an obligation of honor and integrity and industry, and it is the plain teaching of the man to do less than his best. No Word of God that it is a sin for a one can do his best until he taps the resources of Deity and seeks divine guidance. Prayer is, therefore, an obligation. Christians are commanded to "pray without ceasing," that is, to maintain a constant attitude of prayer, to keep in constant communion and fellowship with the Father. Paul more than once urged the saints to pray for him to Timothy, his son in the Gospel, he declared, "I will therefore that men pray

through their own radio sets.

WORLD'S LARGEST

Though it looks like the gun turret on a battleship, the picture shows an eight-inch screw machine, the world's largest, in the Canton Bearing Factory of The Timken Roller Bearing Company. Seamless tubing is fed into one end and it emerges at the other in the form of finished bearing cups.

This mechanical monster is a development in the never ending search for more, faster and better methods of production to keep America and the world rolling.

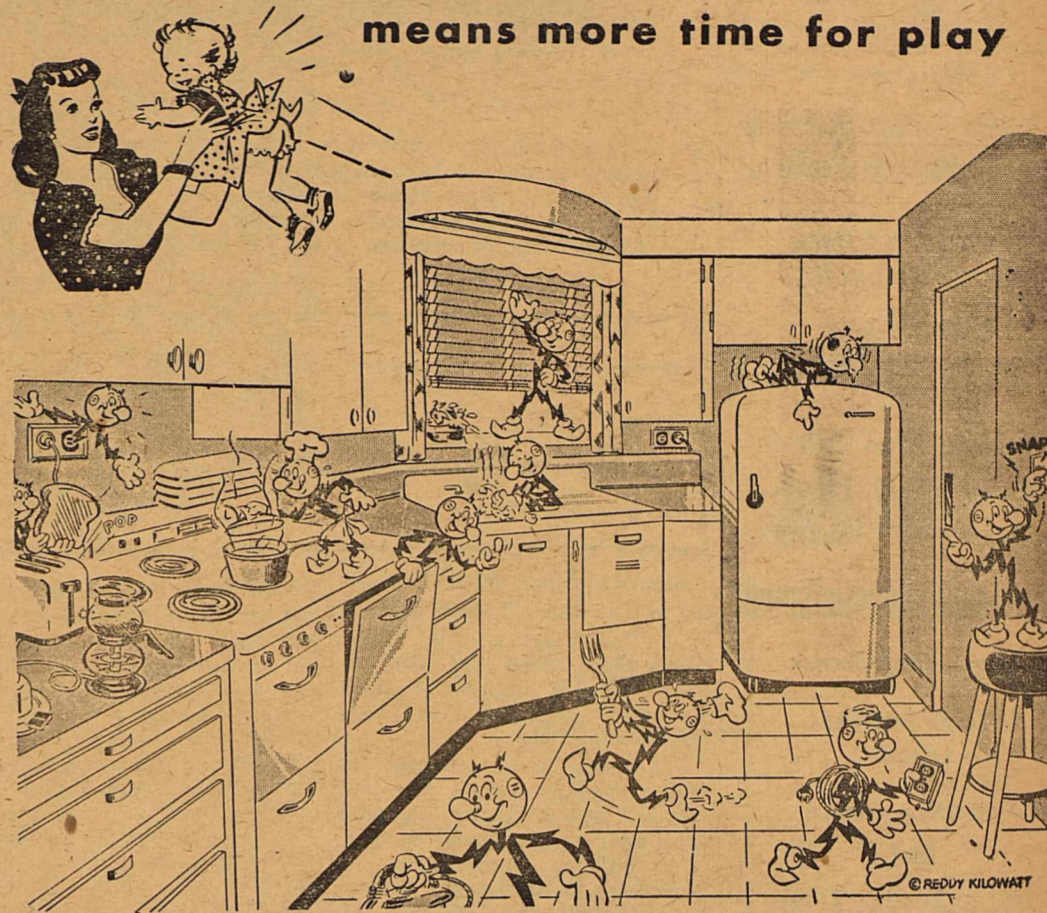

everywhere, lifting up holy hands, without wrath and doubting" (I Timothy 2:8).

Prayer is instinctive. Men who have professed to doubt the existence of Deity in the midst of great battle or in a storm at sea have

cried out to God when death seemed imminent. How much better to be in constant communion and fellowship with Him, a regenerated child of God making our desires and requests known unto Him, who is our Father, assured that "like

as a father pitieth his children, so the Lord pitieth them that fear Him (Psalm 103:13).

Mrs. Theresa Friend returned this week from San Antonio, where she has been visiting relatives.

An All-Electric Kitchen means more time for play

When a Kitchen is Practical and Pretty of Course, It's Electric!

Stay young, Mother, with an all-electric kitchen! With modern time-saving, work-saving, electric appliances properly arranged in your kitchen, you'll find kitchen chores more enjoyable and you'll have more time for leisure. Your electric appliance dealer will be glad to help you plan an ideal kitchen. And remember, a modern kitchen means less work—more play time for you. And of course, it's electric!

AN ALL ELECTRIC KITCHEN INCLUDES:

- Cooking Center:** The Electric Range automatically provides the exact cooking temperature needed. Surrounding work surfaces and storage cabinets keep cooking utensils and food supplies within arm's reach.
- Dishwashing Center:** Ample work space for stacking used dishes and cooking utensils. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well — washes them shining clean, and dries them without wiping.
- Refrigeration Center:** The Electric Refrigerator provides ample food storage, and large freezing capacity. Adjacent work surfaces provide space for food preparation.
- Adequate Wiring:** This simply means: 1. Large enough electric wire. 2. Enough circuits. 3. Plenty of outlets and switches.

37. "Let's take this one Butch -- I saw SONORA MOTOR CO. overhaul it yesterday."

NOTE THESE STYLE LINES WELL. They're straight out of the Buick Riviera book — and they cloak interiors that are roomy as much-higher-priced cars.

FORE AND AFT — a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away.

The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean BUICK'S THE BUY

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.)
- NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back
- TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series
- WIDE ARRAY OF MODELS with Body by Fisher.

Pontiac's New Steel Station Wagon Revealed

The 1950 Pontiac station wagon is of steel construction and to the traditional station wagon swank has been added safety, durability, quietness and low maintenance of a sedan. Because of its revolutionary new construction the Pontiac station wagon may be obtained in a number of handsome, two-tone color combinations. Pontiac reports an enthusiastic reception far in advance of the old-fashioned steel and wood type of station wagon.

from the ranch country

Son of a gun

Governor Allan Shivers, reporting to the people of Texas on work of the special session of the Legislature which ended last week, declared that the purpose for which the session was called had been fully accomplished.

The session was convened to raise money to operate the state hospital system during the next fiscal year and to finance a long-range building program for the institutions included in the system. The Governor reported that the Legislature made \$21,000,000 available for operating the system and established a building fund of \$5,000,000 a year for seven years.

"As a result of this progressive step," Gov. Shivers said, "our state hospitals will be places where sick people can be brought back to mental and physical health -- rather than unsafe, unsanitary places of confinement where they exist without much comfort and without much hope of a permanent cure."

"Thus the 51st Legislature, already distinguished as a Legislature that has attempted to give Texas one of the finest school

systems in the United States; that was the first Legislature to provide for a system of rural roads, and a Legislature that made a long step toward the control of juvenile delinquency, has now crowned its record with this humanitarian legislation of enduring merit and continuing benefits."

Money to finance the program will be raised through an increase of one cent per package in the cigarette tax and in slightly increased levies on beer, wine, whiskey, natural resources, public utilities, insurance companies and other items included in a tax bill passed in 1941.

The purpose for which the lawmakers were summoned was carried out in the first 24 days of the session, the Governor said. The remainder of the 30-day session was devoted to passage of other emergency legislation.

"These additional acts mean," Gov. Shivers pointed out, "that from now on, we will be protected by more stringent and comprehensive laws against sex crimes; that telephone service will be easier to secure in the rural areas of the

Guests Of Trainers

Miss Billie Grace Webb of Lamesa, Miss Snookie Weeks of San Angelo and Miss Jamie Trainer, who is teaching in Lamesa this year, visited Miss Trainer's mother, Mrs. J. W. Trainer, and her brother and wife, Mr. and Mrs. Louie Trainer, last weekend.

The week of March 4-12 is National 4-H Club Week. The theme hat 4-H members will follow is "Better Living for a Better World."

Fred Nichols Better

Fred Nichols is recovering at home from the effects of an overdose of medicine he confused with that in another bottle. He was seriously ill Saturday night but was out of danger Sunday.

state; that the search for a cure for cancer will be accelerated at the M. D. Anderson Hospital in Houston; that our battle against federal control of our tidelands will continue unabated, and that the legal status of many newly created or consolidated public school districts over the state has been established."

The Governor declared that the session's record provides "conclusive proof" that business methods will work in government.

"The success of this session is a tribute to the business approach to governmental problems," he said.

He explained that the accomplishments were made possible, first, by vision: "a grasp of the problem and a conception of the solution"; second, by orderly planning, participated in by a wide segment of the state's population, and, third, by "the cooperative action of the Legislature, the administration, the State Hospital Board and all the individuals, groups and organizations that had interested themselves in the program."

Governor Shivers said this formula was submitted to the people of Texas "as a sound basis for present and future operation of our state government."

AGGIE SCHOLARSHIP APPLICATIONS AVAILABLE AT SONORA HIGH SCHOOL

Norman S. Davis, principal of the Sonora high school, received this week an announcement and application form covering the 1950 Opportunity Awards scholarship competition of Texas A&M College.

Four-year scholarships paying the winners \$200 to \$400 each year, are available. They are designed to make a college education possible for boys of outstanding ability who require financial assistance.

YOUNGEST -- Marine Private First Class Jacklyn H. Lucas, of Belhaven, N. C., is the youngest man of the Navy, Marine Corps or Coast Guard ever to receive the nation's highest military decoration. He wears the Medal of Honor awarded when he was 17 years of age.

Lucas enlisted in the Marine Corps Reserve with his mother's consent when he was 14, but gave his age as 17 and at once was assigned to recruit training. While at the Sixth Base Depot at Pearl Harbor in January, 1944, he was advanced to private first class. With statements to his buddies that he was going to join a combat organization, Marine Lucas walked out of camp in January, 1945. He was declared "absent without leave" when he failed to return that night and a month later was declared a "deserter" and a reward offered for his apprehension.

In the meantime Lucas was a stowaway on board a vessel transporting Marine units into combat. He reached his 17th birthday while at sea. He surrendered to the senior troop officer and was allowed to remain, being assigned to the Headquarters Company, Fifth Marine Division. Two days after landing at Iwo Jima a grenade landed in his foxhole and he threw his body to cover it, saving the lives of his companions. He was left for dead, although miraculously was still alive. He was discharged from the Reserve because of disability. He is now a freshman at Duke University.

Mrs. Barkley Uses Easter Seals

Cheryl Ann Chisholm, 6, who has had cerebral palsy since birth, presents the first sheet of 1950 Easter Seals to Mrs. Alben Barkley, wife of the Vice-President. The 1950 Easter Seal campaign, which runs from March 9 to April 9, is sponsored in this state by the National Society for Crippled Children and Adults through its state society and local affiliated units.

THIS TASTES GOOD IN TEXAS
Chicken Mold
2 cups chicken, cut small (more if desired)
1 cup diced celery
2 cups small peas
2 tablespoons chow chow, pickles or olives
3 hard cooked eggs
2 tablespoons gelatin
1/4 cup cold water or stock
1 1/2 cups stalk
1 cup mayonnaise
1 tablespoon lemon juice
1 tablespoon Worcestershire sauce

1 teaspoon salt
May use 1/2 can pimento
Cut cooked chicken and pour lemon juice over it. Soak gelatin in cold water. Dissolve in boiling hot stock. Chill. Mix chicken and other ingredients with the mayonnaise and add to stock. When it is just ready to congeal pack in pan lined with waxed paper. Serves 8 to 10. One 5-lb. hen makes recipe doubled.

New Officers For Scottish Rite Hospital

Recently elected officers of the Texas Scottish Rite Hospital for Crippled Children in Dallas discuss the plans for the coming year. From left to right are Asher Mintz, secretary; Dr. A. L. Frew, second vice-president; James R. Temple, third vice-president; George R. Jordan, treasurer; Judge Towne Young, president; and William H. Duls, first vice-president.

Not shown is Nathan Adams, chairman of the board. New trustees include W. A. Browning Dallas; Galloway Calhoun, Tyler; W. Steve Cooke, Fort Worth; John L. DeGrazier, Dallas; E. B. Germany, Dallas; Frank C. Jones, Houston; P. D. Mathis, San Antonio; Clinton Linz, Dallas; William G. Lyons, Galveston; Dr. E. P. Miller, El Paso; George I. Plummer, Dallas; Dr. A. A. Ross, Lockhart; Dr. Davis Spangler, Dallas; and W. Henry Watson, Dallas.

Reappointed chief surgeon and hospital superintendent respectively were Dr. Brandon Carrell and Mrs. Irmadine Mitchell. Assistant chief surgeons are Dr. H. H.

YOUR HEALTH

Dr. Geo. W. Cox, State Health Officer, says that the season of the year when typhoid fever is most prevalent will soon be here and urges everyone to clean up their premises to eliminate flies and other insects. A town is only as clean as the individual citizens and public health should be everyone's concern.

The typhoid germ travels from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by the way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is necessary and preventable. Every case is due either to community negligence or to the carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being immunized. Its prevention is accomplished by the enforcement of public health measures to protect food, milk, and water supplies, and by immunization. The purity of water, milk, or food cannot be judged by looking at it, so the best thing to do is to play safe and have your physician protect you.

Handicrafts To Be Featured At State Fair

Plans for a larger, more comprehensive women's show at the 1950 State Fair of Texas Mid-Century Exposition, Oct. 7-22, have been revealed by W. H. Hitzelberger, vice president and general manager.

The new premium list of the women's division, now in the mails to early inquirers, includes numerous new classifications and a total premium more than double that of any previous year. Entries close Sept. 30. Mrs. Leah Jarrett is manager.

A new handicrafts division has been set up, with separate competitions for junior and senior groups. The division lists four awards for best articles in wooden crafts, metal work, ceramics, weaving, and plastics.

Crocheting for men has been included in the 17 classes of the needlework division. There are new classes for needlework pictures, and competitions for teenagers and 4-H Club girls.

The antiques division shows 37 classes, with new ones for guns or firearms, jewelry, and old spoons.

In the potted plants division is a new section for garden club exhibits, in addition to those from individuals. Prizes will be awarded for blooming plants, non-blooming plants, and dish gardens.

The foods division lists canned fruits and vegetables, pickles, relishes, jams and butter, preserves, marmalades and conserves, and jelly. A special display will depict culinary progress since the days of the old-fashioned wood stove.

An exhibit of early-century costumes and accessories will be another feature. The Texas Bird Breeders and Fanciers Association will return with an enlarged bird show and circus.

Working with the division in gathering food and handicraft displays representative of all sections of the state is a committee

from the Texas Home Demonstration Association. The group, appointed by Mrs. R. L. Campbell, Wildorado, association president, includes Mrs. T. J. Ludwick, Bland; Mrs. Harrison Wilson, Yancey; and Mrs. B. M. Harris, Plainview.

Statement of a Harris County automobile dealer on file at Humble Oil & Refining Company, Houston, Texas

"I recommend Humble's Esso Extra gasoline for every new car I sell..

it's the only gasoline I've found that gives knock-free performance in high-compression motors"

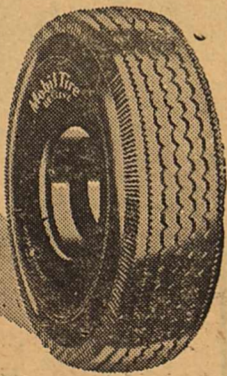

Humble Esso Extra was the first gasoline made for the high compression engines of post-war cars. And this automobile dealer's comment is typical of thousands received by the Humble Company from users of Esso Extra gasoline throughout Texas... Try Esso Extra in your car—fill up at the Humble sign in your neighborhood, and you'll agree it's a gasoline made-to-order for today's automobiles.

The Devil's River News

By Congressman
O. C. FISHER

So far as our district is concerned, the best news on Capitol Hill last week was in the Senate. The House bill to amend the cotton and peanut acreage allotment law was passed. The Senate changed the House bill considerably, however, and at present a conference committee is trying to work out a compromise. Briefly, the Senate version provides that no individual farmer shall have his cotton acreage out below 60 percent of the average in cotton and war crops during the three year period of 1946-47-48. The House bill put that minimum at 70 percent. And the House provision to the effect that no farmers could be cut under 50 percent of any one of these

three years was stricken out in the Senate.

I am hopeful the conferees will insist on restoration of the 50 percent provision, and be able to get it put back in. The Department of Agriculture informs me that under 50 percent provision our district would be entitled to 40,539 additional acres, whereas under the 70 percent provision (cut by the Senate to 60 percent) we would get only 19,739 additional acres.

Here are a few examples of how the 50 percent provision would benefit a few of our individual counties: Coleman county would get 12,405 additional acres under the 50 percent gadget and 3,003 under the 70 percent gadget. Concho county would gain 2,050 acres under the 50 percent, whereas the 70 percent gadget would add only 965 acres.

The 50 percent feature would give Lampasas 766 acres, whereas the 70 percent figure would add only 80 acres. McCulloch county would pick up 8,050 acres by the 50 percent factor, whereas the 70 percent provision would mean only 2,512 additional acres. In Tom Green the 50 percent gadget would add 2,296 more acres, and the 70 percent would mean only 1,296 more acres. Coke county, however, would add more acres under the 70 percent provision with 2,702 acres, and the 50 percent gadget adding only 1,913 acres.

The death last week of Sir Harry Lauder was mourned around the world. He, you know, was the famous Scottish composer and music hall performer. Back in 1944 Congressman Bob Poage and I visited him at his estate in Strathearn, 40 miles out of Glasgow. Then 74, Sir Harry put on his kilts and received us outside in his best style. We spent several hours there that Sunday afternoon, sitting by the open fireplace, listening to our host reminisce and occasionally get to his feet to sing and dance again as he had done before the footlights to the delight of millions around the world. "I toured America 20 times," he recalled, "and in America I got my greatest receptions." Then, thinking beyond the gloom of war, he added "Ah, I must make one more great tour of America when this terrible war is over. Do you think Americans would let me entertain them just one more time?"

I asked Sir Harry what the greatest thrill of his life was. Quick as a flash he answered: "It was in London the first year after I became famous and 10,000 people were there to see and hear me. My old mother had never heard me on

the stage. So I arranged for her to be brought from our humble home in Scotland to be seated in that audience that night. It was the biggest thrill of my life to see my old mother beam and shed tears as she watched me and heard the roaring applause of that tremendous audience that night in London!"

Lauder, author of "Roamin' in the Gloamin'," "I Love a Lassie," "It's Nice to Get Up in the Mornin'," and "She's my daisy," was undoubtedly one of the truly great entertaining geniuses of all time.

He was knighted for his services to the British empire in World War I, and during the recent war he told us he did not accept "one shilling" for scores of entertainments he put on, mainly in American hospitals in Britain.

The House voted to admit Alaska to Statehood, but not with my vote. There were many reasons why I couldn't endorse Alaskan statehood at his time. The territory, it seems to me, hasn't advanced far enough for that. When I was in Alaska in 1948 the general election there had just been held. The newspapers were playing up the fact that in a heated election a total of around 18,000 votes had been cast! And there are only 90,000 people there, a good many being Eskimos who take but little part in government. Moreover, 90 percent of the land is owned by Uncle Sam and up to now there has been very limited homesteading. I visited the Matanuska project and was told that out of the original 140 homesteaders in that resettlement experiment, only 20 remain today. A good many GIs have settled up there and the country has great possibilities. But at present the time is not ripe for Statehood, as I see it.

Senator Lyndon Johnson says he would welcome application from young ladies in our district to fill a vacant stenographic position in his office.

Mrs. Alfred Schwiening, Jr. and daughters, Clara Margaret and Jean Ellen, are in Dallas visiting Mrs. Schwiening's mother, Mrs. Irene Arterberry.

As any woman knows, even the best perfume will evaporate into thin air if the stopper isn't replaced properly.

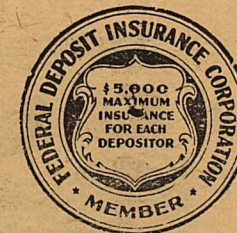

It's the same way with money. On payday, you feel so wonderfully wealthy — but suddenly, if you don't watch out, your cash seems to be vanishing into thin air.

There's one good way to put a stopper on money-evaporation. All you do is sign up for the Payroll Savings Plan where you work (or if you work for yourself, join the Bond-A-Month Plan at your bank) and a certain amount is deducted automatically from your salary.

It's painless — you'll never miss the money. It's safe — you've got Uncle Sam backing up your investment. It's profitable — \$4 for every \$3 after ten years.

And what a happy feeling to know that a part of your salary is tucked away for the future!

Automatic saving is sure saving — U.S. Savings Bonds
