THIRTY-FIFTH WEEK

Texas Loses Its Tidelands
A solemn contract made between the Republic of Texas and the United States defining the conditions under which Texas would enter the Union, was scrapped and repudiated last week when the Supreme Court by a 4-to-3 decision held that the confines of Texas as set out in the annexation agreement is no longer binding on the Federal government.

It was the Tidelands case - a billion dollar lawsuit - whereby ownership of and all income from minerals under the submerged coastal lands will go to Uncle Sam following June 23, 1947, and not to the school children of Texas as has been the case since Texas agreed to enter the Union.

Let's remember the names of the three men on the Supreme Court who affirmed the principle of sanctity of contract in making their decision. They were Justices Reed, Minton and Frankfurter.

And while we're at it - not that it will make much difference, I suppose - let's remember the names of the four who held otherwise. These were Chief Justice Vinson and Justices Douglas, Black and Burton.

A reading of the opinions by Justice Douglas for the majority and Justices Reed and Frankfurter for the minority, is both interesting and revealing.

"The Congress of Texas," wrote Douglas, "on December, 1836, passed an act defining the boundaries of the Republic. The southern boundary was described as follows: 'beginning at the mouth of the Sabine River, and running west along the Gulf of Mexico three leagues from land, to the mouth of the Rio Grande.'"

The Justice, in reciting the historic facts, conceded that the annexation agreement contained the provision that Texas "... shall also retain all the vacant and unappropriated lands lying within its limits ..."

But despite these solemn and stubborn facts, the Justice proceeded to theorize that when Texas came in she agreed to be on an "equal footing" with other States and therefore must have retained nothing other states did not retain, and ruled in effect that therefore the United States is not bound by the contract of annexation.

Justice Reed Dissents
The weak logic of the majority opinion was exposed by Justice Reed in a brief dissent. His opinion is based upon judicial reason and not on a political philosophy. Here are a few of his expressions:

"Equal footing," he pointed out, "has heretofore brought to a State the ownership of river beds, but never before has that phrase been interpreted to take away from a newly admitted State property that it had theretofore owned. I see no constitutional requirement that this be done and I think the Resolution of Annexation left the marginal sea area in Texas. The resolution expressly consented that Texas should retain all the vacant and unappropriated lands lying within its limits."

Mr. Frankfurter in taunting the majority opinion for robbing Texas of its rights as set forth in the annexation contract, recognized the binding effect of the agreement and the undisputed fact that Texas owned the tidelands when admitted. In conclusion he expressed amazement at the majority opinion:

"The Court now decides," he concluded, "that when Texas entered the Union she lost what she had and the United States acquired it. How that shift came to pass remains a mystery to me."

And it remains a mystery to all of us. It is just such torturous

Sutton - Kimble Wildcat Shows Some Promise

Several small heads of oil were made Tuesday afternoon by a wildcat on the Faulkner ranch, near the Sutton-Kimble County line. According to some sources, the well is a few hundred feet east of the line, but the San Angelo Standard has consistently reported it as being in Sutton County.

Seven-inch casing was on bottom at 2,917 feet late Wednesday. It was to be raised to 2,900 feet and cemented when 8 5/8 inch pipe had been pulled from 2,508 feet. Plugs will be drilled and tubing run Sunday for production tests. Two 500-barrel tanks were delivered Thursday.

The wildcat headed oil several times while the 7-inch casing was being run. It made its flow Monday and there was 2,600 feet of oil in the hole when the 7-inch pipe was started. Gravity of the oil was estimated between 29 and 30 degrees. The oil bearing formation is believed to be Strawn.

No. 1 Faulkner is 660 feet from the north, 4,000 feet from the east line of section 79, block A. GWT & P survey, with elevation 1,964 feet. It is west of the Llano River, 2 1/2 miles west of Junction and 30 miles east of Sonora.

Partners of J. K. Davis, Casper, Wyoming, who is drilling the well, are Frank Siehmond of Phoenix, Ariz., and Art Beason of Los Angeles, furniture brokers, and S. B. Adams of Deming, N. M., who own a half interest in the well and the 135-acre tract on which it is located. Davis has an additional 1,400 acres under lease.

The Atlantic Refining Co. has an irregularly shaped 17-section block east, south and west of No. 1 Faulkner. The wildcat is 3 1/2 miles east of Ordovician Oil Co. No. 1 Evans, a 4,188-foot Ellenberger failure, and 3 1/4 miles northeast of Southern Oil Co. No. 1 Garrett, which was abandoned dry in the Ellenberger at 4,143 feet.

SCS SUPERVISORS APPROVE WORK PLANS

The regular meeting of the supervisors of the Edwards Plateau Soil Conservation District was held at 2 o'clock, June 7, in the Courthouse.

Conservation plans were approved for Duke Wilson (Bryson and Stuart ranches), Lillian Hudspeth Hospital ranch, Carra Simmons, Mary Luckie, Stella Sewell, S. C. Pelps, H. Eastland and C. E. Stites totaling 73,389 acres.

Applications for planning assistance were received from Sol Mayer, Upper Ranch) and L. E. Johnson totaling 51,780 acres.

A hand model grass seed stripper was ordered for inspection by the supervisors. If this seed stripper proves to be satisfactory it will materially aid cooperators in harvesting seed from small grass plots.

Those supervisors present for the meeting included Joseph Vander Stucken, Frank Bond, Joe B. Ross and Edwin Sawyer. E. B. Keng, District Conservationist was also present.

Rodeo, Roping Wednesday Night; Auction Sale Thursday At Stadium

Indications are that the Thirtieth Annual Lions Club Wool and Mohair Show and Auction Sale will be the biggest and best yet presented, says Joe F. Logan, general chairman and incoming president of the Lions Club. Plans have been completed for the carrying of more than 300 contestants and coaches during the two-day affair.

Donations for the auction Thursday afternoon continue to come in steadily according to Louin Martin, chairman of the soliciting committee, and the Potet Filling Station is rapidly accumulating gifts donated by local merchants. Livestock donations will be brought in by ranchmen on the day of the sale. Other members of the soliciting committee are H. V. (Buzzie) Stokes, San Angelo district, J. Wray Campbell, H. M. Smith, S. M. Kerbow.

The livestock donation list is again led by a Robert Halbert gift, this year in the person of HHR Royal Essar 305, bull calf sired by Royal Essar 30, which sold for \$10,000 at the O. E. Tausage & Sons dispersal sale at Passhall, Colo. this year. Other local ranchmen have indicated that they would give both registered and range livestock and the 1950 sale should be the best in the history of the show.

One of the top attractions of the show will be the appearance of Jack Free and his orchestra at the dance Thursday night at the Sonora Wool and Mohair Co. warehouse. The dance begins at 9:30 o'clock and tickets may be purchased from Lions at \$2.50 per couple, tax included.

Wednesday morning main events will start when contestants will register at the wool house and be grouped for the various judging contests. At 9 o'clock livestock judging gets underway and lasts until noon.

Thursday morning will see the placing of wool and mohair and the plant judging contest. Thursday afternoon winners of all events will be announced starting at 1:30 o'clock at the football field. Following the announcement of winners, the auction will begin, with Nelson Johnson as auctioneer.

One of the secrets of producing high quality hay is getting rid of the moisture in the hay as fast as possible and at the same time retain in the hay a bright green color.

decisions as this that has brought the great Supreme Court into so much disrespect in recent years.

Congress Will Try Again
While our able Attorney General, Price Daniels, will file a motion for a rehearing, the chances of getting one of the judges to reverse his decision against Texas are, of course, extremely remote. Daniels did a brilliant job of presenting the case in behalf of Texas. But the cards were stacked. Now, Congress will try again. A bill will likely come before the House soon to undo the Supreme Court decision and quitclaim all minerals under tidelands to the respective coastal States. But chances for enactment at this session are very remote, what with the President being sure to veto any bill that may be passed. I predict the House will pass a tidelands bill by a substantial majority. But we will get considerably fewer votes than we received for a similar bill before the 80th Congress when only 29 House votes were registered against it. The Senate, however, did not act, and facing a crowded calendar it is rather doubtful that the Senate will act this time.

It will be recalled that three years ago both the House and Senate passed a Tidelands bill but President Truman vetoed it. It will be a long and hard battle to get the Supreme Court's injustice corrected. But surely right will eventually prevail.

Jimmy Rieck is putting in a twelve acre irrigated pasture on his ranch. The pasture will be seeded to sweet sudan grass this summer. This fall it will be seeded with summer and winter growing grasses and a clover. This will furnish year round grazing on the pasture.

Irrigated pastures of this sort furnish a lot of grazing and are valuable to have on a ranch, where irrigated land is available.

Sutton TB Assn. Plans Program For Schools

Plans for an educational Tuberculosis program, to be carried out during the coming school year, were discussed at a meeting of the Sutton County TB Association Tuesday night at the home of Mrs. Charles Browne, local president.

The group plans to show films at different clubs in the city and for the school children, that will be both educational and entertaining. Final plans for the study program are pending approval of school authorities.

Four Hurt In Wreck Sunday

Three Sheffield men and one Iraan resident were injured but none seriously in a one-car traffic mishap 40.4 miles south of here about 5 o'clock Sunday morning.

Jake Hoover, 26, of Iraan, driver of the 1940 Buick and Lawrence Chandler, 22, Sheffield, owner of the car were taken to a San Angelo hospital and have since been released.

Texas Highway Patrolman Hugh Shaw said Calvin Evans, 28, and Virgil McElhaney, 18, both of Sheffield, were treated by a local physician.

The patrolman said the Buick in which the four were riding apparently left the road, U. S. Highway 277 leading from Sonora to Del Rio, missed a culvert, and jumped a 10-foot-wide draw, nosing into the bank on the opposite side. The car was demolished, he reported.

Shaw said the men told him they were bound for Del Rio.

WHY SHOULD I TRADE IN SONORA?

By U. R. Mytown

Why should I trade in my own home town? A splendid question - let's kick it around!

"Things are cheaper away," is my first reply, But are they - actually - and I wonder why?

What brings prices down? Its volume, yes, So when I stop to think, I must confess That if all our citizens would trade in town, Our merchants would drop their prices down!

And many, many things have a statewide price Yet some rarely stop to wonder twice, Could they buy the thing from a friend as cheap, Whose friendship they need to cherish and keep?

Who makes this town that we love so well? Who gives it the spirit that rings the bell? Sonora business people play a leading part, Our town's well being is in their heart.

Who drops their work when your house catches fire? It's voluntary help - businessmen not for hire. Their unselfish work keeps our taxes down, Their sleepless vigilance will save our town.

Who makes our churches, our lodge, our school? Who forms a group to get a swimming pool? When we stage a show, who makes it click? It's the local people who turn the trick.

Who closes their business' when we mourn our dead? When misfortune strikes us, whose tears are shed? Yes, only local people worry about our bliss, But why didn't somebody tell me this?

Their taxes help support our civic needs, Their contributions and work our community feeds. Their children with our children play, Let's help each other to a better day.

And another thing - often valuable to you, Don't you frequently need a small item or two? On a Holiday, Sunday, or late at night,

Sonora will give the grandest celebration in history on September 1 and 2. It is not intended to detract from the state fairs but as an annual celebration for the people of Sutton and surrounding counties. Tuesday night at Jackson Hall a meeting will be held to arrange the programme and it is desired that everybody be there and express their views as to the method of entertainment.

Hige Smith, one of our jolly cowboy friends, was in Sonora Wednesday. Hige is pasturing his

The Sonora Cornet Band was unable to attend the Eldorado celebration owing to the absence of some of the musicians on their vacations and the inability of some others to be absent from business. This is to be regretted as they are making good music and would have been a good ad for Sonora.

Mrs. Louie Trainer and Miss Flora Dell Davis played piano selections during the afternoon, and Miss Peggy Sue Reiley sang "One Alone," accompanied by Miss

Davis. Gifts were displayed on bridge tables, each centered with an arrangement of the bride's chosen flowers, pasted shades of daisies. About seventy guests called during the afternoon.

Mrs. A. E. Prugel honored Miss Billie Joe Barker with a buffet luncheon at her home Tuesday. Sweet peas, dahlias and daisies were used for decorations and places were marked with cards picturing a bride and groom. Maxine Chalk was winner of a contest held, and each guest was asked to write a story about the approaching wedding. The honoree was presented with a gift.

Attending the luncheon were the honoree, and Misses Jane Neill, Nina Smith, Peggy Barker, Ethel Alley, Minnie Westbrook, Chalk and Mmes. Sidney Awalt, Clayton Hamilton, Granville Barker and H. M. Smith.

Miss Brown Becomes Bride Of Thomas Morriss, Jr., In Rocksprings

Before an altar of native greenery, illuminated with cathedral tapers, and accented with baskets of white gladioli and asters, Miss Doris Ann Brown, daughter of Mr. and Mrs. S. N. Brown of

Rocksprings, became the bride of Thomas Morriss, Jr., son of Mr. and Mrs. Thomas Morriss, Sr., of Sonora. The ceremony was performed June 10, in the First Methodist Church of Rocksprings. Dr. P. B. Hill officiated at the double-ring ceremony.

Music during the ceremony was furnished by Mrs. Jack Whitworth, Jr., Mrs. Lowell Hankins and Mrs. Ernest Searly.

The bride, given in marriage by her father, wore a gown of antique candlelight satin with lace gathered around the narrow berth. The fitted bodice formed an upturned fold at the waistline and terminated into a full cathedral train. Her fingertip-length veil of nylon illusion fell from her satin covered headpiece. The bride's bouquet was of stephanotis, centered with a white orchid.

Mrs. Walter J. Levermann of McAllen, sister of the bride, was matron of honor, and Miss Lila Barrett of San Angelo, cousin of the bridegroom, was maid of honor. Bridesmaids were Mrs. T. C. Barnes, Mrs. W. D. Price, Jr., of Pampa, and Mrs. Bill Morriss and Mrs. Ed Starry of Houston. The attendants wore sleeveless gowns of white organdy over yellow taffeta. The fitted bodices were finished with high necklines and Peter Pan collars. Organdy mitts and hats fashioned from garlands of daisies completed the ensembles.

The candles were lighted by Miss Earle Black of Georgetown, and Miss Frankie Vaughn of Bay City, whose gowns were identical to those of the attendants. They carried white cathedral tapers, tied with floral clusters.

Miss Kay Kempsey of Kerrville, cousin of the bridegroom, served as flower girl. Her dress of white organdy was identical to that of the bride.

Bill Morriss served his brother as best man. Groomsmen were Horace Brown, brother of the bride, W. H. Cowden of Mountain Home, John L. Dibress of Georgetown, Allan Dunbar and Robert Pfluger of Eden.

MILES TAKES 5-1 WIN OVER SONORA SUNDAY

The Sonora Concho Basin team bowed Sunday to Miles 5-1. Bell, who pitched for Sonora, gave up 10 hits, while his mates were getting five off Shorty Granzine. Sunday Sonora plays Big Lake here.

Following the ceremony, a reception honoring the bridal couple was held at Memorial Hall. The bride's table was laid with a cut-work embroidered linen cloth centered with gladioli. The double-ring cake, centered with yellow Shasta daisies, completed the decorations. Assisting in the house party were Misses Cappy Brown, Joan Corwin and Marlee Baker of Austin, Jay McKinney of Beeville, Kathryn Ross of Sonora, Mrs. John L. Dibrell of Georgetown, Mrs. L. L. Tooley of Odessa, Mrs. Ruth S. Franks, Mrs. Lowell Hankins, and Mrs. Tommy Taylor. Miss Janyce Brown, niece of the bride, presided at the register.

The couple left on a wedding trip to Mexico City. For traveling the bride wore a pink suit of imported linen with a white lace organdy blouse and navy accessories.

Mrs. Morriss is a graduate of Rocksprings High School and Southwestern University at Georgetown. She is a member of Delta Delta Delta sorority. Mr. Morriss was graduated from Tivy High School in Kerrville and attended Texas Tech at Lubbock, where he was a member of the College Club. The couple will live near Sonora, where Mr. Morriss is engaged in the ranching business.

Twenty-four children are at present in the process of being taught to swim by Coach Edwin Thompson, assisted by Miss Ethel Mae Alley and Miss Jane Neill, in the swimming division of the Boys and Girls Summer Program. Those

in the beginners class are Yvonne Penick, Sue Norris, Flora Mae Minnick, Al Moffitt, Allan Wall, Artie and Tommy Adams, Charles Genrich, Freddie Fields, Sonnie Pfiester, Johnny McClelland, Pascal Allison, Priscilla Pfiester, Dan Carter Cauthorn, Joy Berzman, Rachel and Greta Shaw, Betty

Fields, Wanda Sue Mackey, Pam Saunders, Nancy Bess and Mary Adele Wilson, Mary Lois Hull and Tommy Espy. Billie Bob Ellington is the only student in the intermediate class, while the Junior Lifesaving class is composed of Albert Ward, Shannon Ratliff, Rus Chalk, George Johnson,

Willis Minnick and Turney Friess. The pool may be opened at night later in the summer, Thompson said. The pool will also be available for private parties at a minimum of \$3 per hour. When the present classes have completed their work, other classes will start if there is enough demand.

POSITION WANTED

The following letter was received by Lions Club secretary A. E. Prugel:
Marshall, Virginia

Dear Sir:
I have written this letter so many times but each time I have been gently but firmly rebuffed. However, this time I hope the story I receive will be different. I am a white female, with two children ages 6 and 8, a boy and girl, who is looking for a place on a ranch if possible, or a small town. My heart feels like it will surely break if my plea isn't heard and headed somewhere in the West. Please, sir, let me explain that it isn't money I am seeking but only a home in the West and some means of support.

We love horses and that's why a ranch is my first desire. Time is growing shorter each day and I am no closer out there than I was ten years ago. I have no money. That is why I am trying so desperately to find a place before I try to make a trip.

Let's say I'm in the same general "boat" a displaced person is. Why then, can't we pure Americans find places we seek? I can type, take shorthand, bookkeep and file, although I'm plenty rusty on all of them. But sometimes a rancher needs one. I can ride a horse too, and I'll be plumb proud to have a chance to help round up. There are lots of things and I hope somehow you can help me locate something.

Hopefully,
Frances P. Pashby.

Mr. and Mrs. Frank Bond left Thursday for San Antonio, where they will visit relatives.

Larry Culberson of Greenville is the guest of Mr. and Mrs. Norman Davis. Culberson is the brother of Mrs. Davis.

Misses Nancy Cunningham and Mary Jo Faulkner of Austin are the guests of Lois Ann at the ranch home of her parents, Mr. and Mrs. Jack Mann.

BUSINESS CENSUS

Retail, wholesale, and service establishments located in Sutton County, Texas, showed a substantial expansion in dollar volume of trade from 1939 to 1948 according to preliminary figures from the 1948 Census of Business released today by the Bureau of the Census, U. S. Department of Commerce.

Retail sales in the county during 1948 aggregated \$3.7 million, an increase of 164 percent over the \$1.4 million in 1939, when the preceding Census of Business was taken. Wholesale sales in the county reached a total of \$2.8 million in 1948 as compared with \$2.2 million in 1939. The service trades included in the Census of Business recorded receipts totaling \$76,000 in 1948 compared with \$41,000 in 1939.

Employment in the county also rose over the 9-year period between 1939 and 1948 for the above trades. Establishments in these trades reported a combined total of 194 paid employees for the workweek ended nearest November 15, 1948. This compared with a total of 182 employees reported of the week of November 15, 1939. These preliminary figures have been derived from a Census report on Sutton County, Texas, which also includes data for the city of Sonora. Final figures, superseding the preliminary data for Sutton county, will be included in a Bulletin for the State of Texas to be issued in several months. Similar data will be made available this year in preliminary and final form for each of the counties and States. A single copy of the preliminary release for Sutton County as well as an order blank for other area releases may be obtained by writing to the Bureau of the Census, Washington 25, D. C.

Further statistics, released by W. C. Truppner, chief of the business division, Bureau of the Census, reveal only 76 retail, wholesale and service establishments, of which 14 are in the food group, 12 are eating and drinking places, 7 are gasoline stations. The figure will be revised considerably due to the opening the shopping center on Neon Drive, highway 290.

Don't try it, lady!

No matter how hard you try—you can never push back the clock.
It's smarter to go along with it—and face the future—secure in the knowledge that you're preparing for it now.
And the best way we know to prepare for a secure future is to save today. But save regularly, automatically. Save a safe, sure, easy way. The U. S. Savings Bonds way! It's as simple as this . . .
Just buy your U. S. Savings Bonds on the automatic Payroll Savings Plan at your place of business. Or . . .
If you're not on a payroll, buy them at your bank on the Bond-A-Month Plan.
