Sonora Firemen Attend Meet

The Ballinger Fire Department walked off with most of the honors at the Hill Country Firemen's Association semi-annual meeting Tuesday in Eldorado, but the Sonora department won second in the six-man team race, featured race of the day.

The daylong program participated in by members and auxiliaries of sixteen departments, started with a downtown street parade, followed by registration in the Memorial building. At the morning meeting the group voted to discontinue the practice of exchanging fire chiefs with neighboring cities. Next meeting will be held the second Tuesday in February. Host city will be Coleman.

The afternoon program included a memorial service led by Rev. Walter Leamons, Junction minister, and an address by W. B. Burns, Dallas city fire marshal. Team contests followed. The City of Eldorado, Lions Club, and Ex-Firemen served a barbecue supper to visitors and a dance in the Memorial building followed.

Members cities of the association are Ballinger, Bangs, Coleman, Eden, Eldorado, Melvin, Junction, Mason, Menard, Miles, Ozona, San Angelo, Santa Anna, Sonora and Winters.

The First National Bank, one of the oldest business institutions in Sutton County will observe its fiftieth anniversary Tuesday. No special program has been planned. The bank first opened for business here August 15, 1900 in the building now occupied by the Sonora National Farm Loan Association. The present building was erected in 1928 at a cost of \$75,000. A remodeling and redecorating program, including the installation of a night depository, was recently completed.

Plans for the organization of the bank were started after a visit by Ed. R. Jackson to Sonora in 1899. Jackson had just sold his interest in the "09 Ranch" on the old stage line between Ozona and Sherwood in Crockett County, and was anxious to invest his money.

Coming here in the fall, he talked with a number of citizens, all of whom believed the Sonora section offered real opportunities for a bank. As a result, Jackson, with the late W. L. Aldwell, held an organization meeting May 3, 1900. Officers of the bank, which was to open August 15, 1900, included Jackson as president, E. F. Vander Stucken as vice-president, and Aldwell as cashier. Those present at the first meeting were Jackson, Aldwell, D. A. Cauthorn, J. Lewenthal, S. G. Tayloe, R. F. Halbert, George S. Allison and Walter Whitehead.

The first report to the Comptroller of Currency was made at the close of business on September 5, 1900. Resources totaled \$88,128.87, with loans and discounts \$25,549.63. United States bonds and premiums totaled \$13,000; banking house, furniture and fixtures were valued at \$2,501.93 and cash on hand and in other banks aggregated \$45,077.31.

Liabilities showed capital stock paid in to be \$50,000, undivided profits during the short time were \$366.94, deposits were \$37,717.24 and other liabilities were \$44.69. Today's picture is considerably different, with total assets of \$4,040,167.58. Cash on hand is \$1,098,788.08, and loans and discounts total \$1,660,342.70. The capital stock has doubled and there is a surplus of \$100,000. Undivided profits have climbed from \$366.94 in 1900 to \$106,429.44 as of June, 1950. Bank deposits are \$3,665,674.23.

The only officer in the bank who was present at its founding is E. F. Vander Stucken, now president and chairman of the board of directors. Other officers are George H. Neill, executive vice-president, Jean Derebery, cashier, Mrs. Maysie Brown, assistant cashier. Directors are E. F. Vander Stucken, Joe M. Vander Stucken, George L. Aldwell, S. H. Allison, L. W. 4-H Clubbers Feeding Calves, Lambs For Shows

15 CALVES, 37 LAMBS BEING READED FOR DALLAS STATE FAIR

Sutton County 4-H Club members have 15 calves and 37 lambs on feed at the present time. Most of the lambs are being fed for the State Fair which will be held in Dallas in October and the calves are being fed for shows next spring.

Club members feeding calves are: Joe David Ross, Betsy Ross, Lynn Kirby, Tommy Espy, Eddie Smith, Billie Bob Ellingson, Jack Adkins, Frank Adkins, Carlos Loeffler, and Connie Locklin. Carlos Loeffler reports that his Angus calf, bred by Bill Wade, gained 4 pounds per day during the last twenty-five days, and that his Hereford calf, bred by Cleve Jones, Sr., gained 3.8 pounds per day during the same period. Connie Locklin's Hereford calf gained 4.31 pounds per day during the last thirty-five days for the top reported gain during the month. Lynn Kirby's Angus calf, bred by Nancy B. Hunt, gained 3.2 pounds per day during the month which is also an excellent gain. Other calves are doing equally as well and from all indications there will be some rugged competition at our local show.

A LOOK AT THE BOOK
By DR. BOB JONES, JR.
PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

Christ said to Peter, "Feed My sheep" (John 21:16). That was a strange command to give Peter. Peter was not a shepherd. He was a fisherman. He was to follow Jesus and be a soul-winner, an evangelist. Christ's call to Peter had been to follow Him and be a fisher of men (Matthew 4:19). But the Saviour, just before ascending to heaven, gave to Peter this command to feed His sheep—the duty of the pastor, the shepherd.

The inference here is plain, indeed. No disciple of the Lord is ever called to just one task and is completely free from the responsibility of every other. A real child of God has the obligation of performing any service which he may find at hand.

The Bible plainly teaches that God has called every Christian to

certain specific tasks and has the responsibility of his business and the duty of providing for his family, but he has a responsibility beyond these. There is an obligation in his case of personal witness and testimony to the saving power of Christ. There is the duty of helping to finance the spread of the Gospel, and there is the obligation of the strong to bear the infirmities of the weak.

I have known Christians who were so interested in foreign missions that they neglected the opportunities at their own front door. I have known Christian men, occupied with the effort of earning a living and providing material comforts for their families, who allowed their own boys to grow up practically strangers to

them, without the companionship which every son has a right to expect of his father.

Modern life is complex. No Christian in this day has only one responsibility. In using the particular gifts with which God has endowed us and in following the path of service to which we have been called, we sometimes forget that we have an obligation to take advantage of every opportunity for service and testimony which God sends our way in whatever field of endeavor it may lie.

Lions Club Camp For Crippled Children Should Open Next Year

KERRVILLE (Special)—Clusters of ranch-style bunk houses, filled with the laughter of physically handicapped youngsters, should dot the neighboring hills by the summer of 1951 if present plans of the Texas Lions League for Crippled Children materialize.

Jack Wiech, president of the

League which was organized to raise funds for the construction and operation of the Melvin Jones camp for crippled children, said this week he has hopes that the \$500,000 camp will be in full operation by next summer.

Among the committees which he has appointed are the membership development committee, camp improvements, advisory and camp awards.

The membership development committee, under the chairmanship of J. I. Moore of Kerrville, is charged with contacting individuals for the purpose of raising funds for the construction, maintenance and support of the buildings and property at the proposed camp.

Others on that committee are C. N. Hielscher of Bryan; Joe Fisher, Jasper; J. I. Daugherty, Midland and Bryan Sparks of Cooper.

Reagan Smith of Conroe is chairman of the camp improvements committee. The five mem-

bers of this group have charge of all improvements at the Melvin Jones camp and all equipment and supplies belonging to the camp.

The committee has the authority to employ a camp staff, subject to approval of the Board of Directors.

Serving on the camp improvements committee are G. S. McCreless, San Antonio; Sam Furr, Olney; Pat Jackson, Nacogdoches, and Curtis Cryer of Borger.

The camp will be open to crippled boys and girls, from the ages of 7 through 16.

"No fee shall ever be charged or collected for the admission or maintenance of any children at

the Melvin Jones camp," Wiech explained.

"Any person or organization interested in the welfare of any particular crippled child or children," he added, "shall have the privilege of making a contribution to the work of the League."

Children at the camp would come from various parts of Texas, selected by local Lions clubs.

Occupational therapy will be available for the youngsters, as well as regular school.

Pony carts, horses and burros will be available for treks over the neighboring hills and through the nearby Texas State Park along the Guadalupe river.

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the light-weights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflo Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! Why not emulate him?

With all its outsize room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

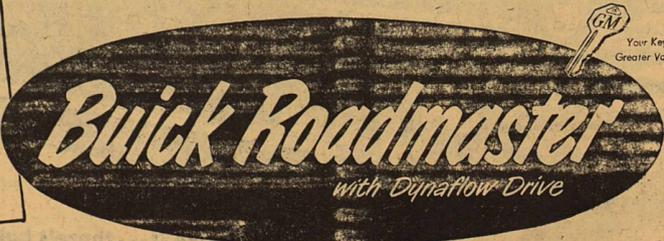

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Dublin Pre-Madison Square Garden Rodeo Aug. 23-26

RODEO GETS ROUGH — Such action as this will be a common sight to all who attend the Pre-Madison Square Garden Rodeo to be held in Dublin, Texas, Aug. 23-24-25-26. The rider pictured here is Harry Tompkins, son-in-law of Everett Colborn, producer of the Dublin show, and

the horse is one of the Lightning C string of bucking broncs, the meanest and toughest rodeo stock in the world. This stock will be used at Dublin this year as it has for the past ten years, before leaving for the New York rodeo. Everett Colborn is on the horse in the background

YOUR HEALTH

In addition to the general instructions for community sanitation which are important in preventing poliomyelitis, Dr. Geo. W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incidence of poliomyelitis having reached a total of 1,395 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold." Dr. Cox said, "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

Oscar Wright spent the weekend on the Colorado River near Brownwood, where he attended a family reunion.

TEXAS HELD ITS OWN in 1950 as sixth in population among the States, according to official

returns from the census takers over the Nation. It was that way following the 1940 count. The State as a whole gained a total of 1,262,000, however. This increase may give Texas an additional congressman next year. At present we have 21.

It is interesting to note the population trends over the State. As expected, the heavy gains were in the big city and coastal industrial areas at the expense of the rural sections. Harris County jumped from 528,961 to 801,169, to become the most densely populated county in the State. Next is Dallas County which upped its count from 398,564 in 1940 to 612,318 this year. Bexar County now has 496,000 - a gain of 168,000.

In Congressional Districts, the trend varied. Six of the 21 lost population in the 10 year span, mostly in East Texas. In our Congressional district, the Census gives us a net increase of 7,719, the total now being 266,144. Nine of our 27 counties gained population, the other 18 lost.

Several people have asked me how our district will fare in the event Texas gains another representative in the Congress. That will be determined by the State legislature, whose duty it is to redistrict following the decennial census reports - where the total number of representatives is changed.

IT OFTEN HAPPENS that the State legislatures hesitate to give any one county more than

one Congressman, regardless of its size except when big metropolitan centers are involved. If that should be the case in Texas and if Dallas, Harris and Bexar counties are allowed only one representative each, then outside of those three, the other districts would have an average of 303,562 people.

In that event, the 21st congressional district would fall short of the average by 37,418. The most a state legislature can do is to divide the districts about equal with some variations being inevitable. But if the legislature should equalize the population into districts - outside Bexar, Harris and Dallas counties - and divide the counties on that basis among the 19 congressional districts, our district if it should remain intact would be entitled to add enough counties to bring us up to the state average, which would mean the addition of enough counties to total 37,418 people.

ON THE OTHER HAND, the district to the west - the El Paso district - which includes everything from the New Mexico border to the western boundary of the 21st district, if it should be given the average would lose 50,326.

And, to the northwest the Lubbock district which joins ours would stand to lose a total of 54,476 in order to bring its average down to state average outside the three big counties. But the Abilene district which joins us, having lost population, would be entitled to have its population increased by 78,221 to be average population-wise.

So, unless there should be a complete reshuffling of districts over the entire State, our district instead of losing should gain perhaps two or three additional counties when the redistricting is acted upon at Austin.

Building Permits Slip In June

Building permits in 57 Texas cities totaled \$62,879,460 in June, falling 3 per cent from May, the Texas Bureau of Business Research reported.

Edinburg turned in the largest May-to-June increase-451 per cent. Other sizable increases over May were recorded by Wichita Falls, 337 per cent; Henderson, 237 per cent; New Braunfels, 233 per cent; Kenedy, 188 per cent; Paris, 165 per cent; and Port Arthur, 164 per cent.

Large declines were recorded in Vernon, 93 per cent; Brownwood and San Marcos, 92 per cent; Laredo, 81 per cent; Kerrville, 78 per cent; and Big Spring, 76 per cent.

Totalling \$15,351,667, Houston turned in the greatest amount of building permits in June. Permits amounted to \$10,715,299 in Dallas, \$5,609,375 in San Antonio; \$4,239,980 in Fort Worth, \$3,770, in El Paso, and \$3,346,680 in Austin.

Big Livestock Program Set By State Fair

The most constructive Junior Livestock program in the history of the State Fair of Texas will be carried out during the Fair's Mid-Century Exposition, Oct. 7-22, Ray W. Wilson, livestock department manager, has announced.

Junior Livestock Shows, Oct. 17-21, will reflect the progress being made in Texas in the production of quality market steers, lambs and hogs by 4-H Club members and Future Farmers of America, Wilson said.

Due to wide interest in the Junior program by these young farmers and ranchers, more than 200 Texas counties are expected to be represented. The youthful stockmen will compete for \$11,250 in premiums.

A Junior Commercial Steer Show will be a newcomer to the Junior Livestock list. It has been added to encourage more Future Farmers and 4-H Club members to take part in a practical beef production program in Texas. The program has placed emphasis on economy in feeding out top market grade steers through the use of home-grown feeds.

Future Farmer and 4-H teams from more than 30 states will compete in the Junior Judging contest, Monday, Oct. 16. They will judge dairy cattle in open

competition, Wilson said. Premiums and awards will be presented to Junior Jersey winners during the All-American Junior Jersey Awards Banquet in the Grand Ballroom of the Adolphus Hotel. The banquet will be sponsored by the Sears-Roebuck Foundation, he explained. Other divisions of the Junior Livestock Show include Junior Dairy Cattle, Junior Sheep, Junior Pig, Junior Negro Pig and Junior Steer Shows. Grand finale of the Junior

Livestock program will be the Junior Auction Sale, Saturday, Oct. 21, when top quality steers, pigs and lambs will be sold by the young exhibitors. John W. Carpenter, general chairman of the Auction Sale advisory committee, and L. H. True chairman of the Auction committee, expect the most successful sale in history.

Kenner gave the opening prayer. The group sang "Break Thou The Bread of Life." Mrs. Willis Miller spoke on "Suffering From Acidosis," and Mrs. W. O. Crites spoke on "Heart Trouble." The Sunbeams presented a brief program, and the group was dismissed with sentence prayers. Those present were Meses. R.
