State Selective Service Board Answers 'Reserve - Draftee' Question

AUSTIN, Texas, August 29 — Two of the most prevalent questions which men are asking state draft boards now are: "When will I have to take my physical exam?" and "When will I be drafted?"

"These are two questions which local boards cannot answer," Brigadier General Paul L. Wakefield, state Selective Service director, said today, in commenting on queries which are coming in to the draft boards.

"These two questions can't be answered," the state director continued, "because there are too many intangible factors involved."

General Wakefield listed some of the reasons why local boards can't answer these questions:

1. Local boards do not know whether calls will be for an increased number of men or not.
2. Local boards cannot tell how many of their registrants will be found acceptable for military service or how many will be rejected.
3. Local boards cannot tell whether the world situation will improve or get worse.
4. Local boards cannot tell how many men will enlist for service in the armed forces now and in the future.

"All these things have a bearing on the numbers which will be called for physical examination and induction," General Wakefield said. "Therefore, the local boards cannot say with any degree of certainty when a man's number will be reached in the Selective Service process."

The state director urged men not to ask these two questions. At the same time he called upon registrants to be alert and advise of changes of address and status. State Selective Service headquarters has been notified by National Headquarters that draft registrants enlisted in an organized unit of the reserves or National Guard will have orders to report for physical examination or induction postponed.

Such postponement will be for an indefinite time "until terminated by the Director of Selective Service" in Washington. This means that such registrants can join organized units either before or after being placed in I-A, before or after receiving an order to report for physical examination, or before or after receiving an order to report for induction.

Brigadier General Paul L. Wakefield, state director of Selective Service, said that draft registrants who have joined or join such organized units of the reserve or National Guard "swap one liability for another."

General Wakefield pointed out that all reservists have a liability for call to active duty.

"All reservists," he said, "regardless of their Selective Service status, are subject as reservists to call to active duty by their respective services. Calls to active

duty as reservists and delays granted certain reservists because of their civilian occupations are responsibilities of the services concerned, carried out under policies established by the Department of Defense. They are not functions of the Selective Service System."

Under the terms of the new directive Selective Service registrants who are commissioned officers or warrant officers in the reserves or National Guard can get similar postponements.

San Antonio Show To Feature Sheep, Goat Entries

One of the largest sheep and goat shows is assured for the San Antonio Livestock Exposition to be held Feb. 16-25, 1951, according to exposition livestock chairman, Mark Browne.

The combined sheep and goat show, including breeding animals, the boys' show and the newly added Fat Lamb open show offers approximately \$6,500 in premiums.

Rambouillets, Delaine Merinos, Corriedales, Shropshires, Southdowns, Suffolks, Hampshires and Columbias will compete for \$4,200 in premium money.

The Angora Goat show, as a result of additional premiums offered by the American Angora Goat Raisers' Association and the Texas Angora Goat Raisers' Association, features a high of \$1,000 in premium awards.

The new Fat Lamb Open show, which provides an opportunity for girls, individuals and colleges to exhibit Fat Lambs weighing under 110 pounds, offers more than \$300 in premiums.

In the Boys' Livestock show exhibitors of Fat Lambs, under Fine Wool, Southdown and Other Crossbred classifications, will compete for more than \$1,000.

Premiums offered by the San Antonio stock show for all the standard breeds of livestock now total \$48,000 according to Browne.

Deadline date for livestock entries is December 15, 1950. Premium lists are available from James F. Grote, secretary-manager, San Antonio Livestock Exposition, P. O. Box 1746, San Antonio, Texas.

Congratulations To These New Parents

Mr. and Mrs. Duane Prater are parents of a daughter, Claudia Jo, born Saturday morning in a San Angelo hospital. The baby weighed seven pounds, one ounce. Grandparents are Mr. and Mrs. C. C. Smith of El Paso and Mr. and Mrs. Claude Prater of Sonora. The Praters have two other children, Jeannette Lou and Dennis Duane.

Trainer Nominated As Postmaster

The nomination of James D. Trainer, acting postmaster here since April, 1946, for the postmastership at Sonora has been submitted to the Senate by Congressman O. C. Fisher.

A native of Sonora, Trainer received his education in local schools. He enlisted in the Marine Corps during World War II and was discharged following an injury received in California while serving with the Fifth Marine Division.

Kindergarden Registration Set Tuesday

Children who were five years of age on or before September 1, 1950 are eligible to enroll in the Elementary School kindergarden, according to Rex Lowe, principal. Prospective kindergarden students should have birth and vaccination certificates ready to present when enrolling, and if such is impossible, they should be made available at an early date.

Fees this year will be \$7.50 per calendar month, from September through May inclusive, and regardless of attendance record. Statements will be mailed before the first of each month and parents may mail checks to the superintendent's office. The schools pay the teacher's salary but the fee is necessary to pay for the mid-morning lunch and other minor items.

Kindergarden hours will be from 8:45 o'clock until 11:30 o'clock and pupils who wish to eat in the cafeteria will be extended that privilege.

Instructional effort will be directed toward increased efficiency in muscular coordination and the acquisition of those skills which enable a youngster to live happily and successfully with his fellow students. Efforts will also be made in teaching youngsters those activities that will prepare them to read in the first grade. Such activities include the ability to discriminate or see likenesses or differences, eye-muscle coordination, minor number activities, etc. The purpose of the kindergarden program, Lowe said, is not to prepare students for the first grade, but to prepare them in a general way for a well-adjusted and successful school life.

ELEMENTARY STUDENTS TO REGISTER TUESDAY

All Elementary School and L. W. Elliott School students will report to the rooms they will be in the coming year Tuesday, September 5, at 8:45 o'clock.

Students who will be in the 5th, 6th and 7th grades will have a full day's program Tuesday, but those students in the 1st, 2nd, 3rd and 4th grades will be dismissed after registration activities and will report again on Wednesday morning at 8:45 o'clock. This delay will enable the faculty to group and sectionize students in the first four grades so that a full program can be started Wednesday.

Attend SOME Church Sunday.

Rain Received South And West Of Sonora

A good rain, with heaviest fall reported from south and west of Sonora, fell here Sunday night and early Monday morning. Heaviest rainfall reported was 6 inches at the L. P. Bloodworth ranch.

Sheep & Goat Entries In Fair Close Wednesday

Beef cattle, swine, sheep and Angora goat entries in the Mid-Century Livestock Exposition of the 1950 State Fair of Texas will close Wednesday, Sept. 6, Ray W. Wilson, manager of the Fair's livestock department, has announced.

Dairy Cattle, Junior Livestock and Quarter Horse entries close Sept. 11. Other closing dates for entries in the Mid-Century Livestock Exposition include Palomino Horse, Sept. 18, and American Saddle Horse, Sept. 20.

The livestock premium list for the 1950 State Fair of Texas Livestock Shows totals \$72,659, largest in the Fair's history.

Beef cattle will be featured the first week of the Fair along with swine, sheep, Angora goats and American Saddle Horses. Aberdeen-Angus, Hereford, Polled Hereford and Shorthorn shows are scheduled for Oct. 7-12. Brahman cattle, swine, sheep and Angora goat shows will be Oct. 7-15. The American Saddle Horse Futurity of Texas will be Oct. 7-9.

Beef cattle premiums total \$22,350, including: Aberdeen-Angus, \$3,000; Brahman, \$4,200; Hereford, \$7,500; Polled Hereford, \$3,000, and Shorthorn, \$4,500. Grand Champion Steer will be awarded \$150. Sheep and Angora goat premiums amount to \$3,773.

The All-American Jersey Show and Junior Jersey Exposition, Oct. 13-20, will be one of the most important dairy cattle shows ever held at the State Fair of Texas, Wilson pointed out. It is the world's largest cattle breed show. More than 600 of the nation's finest Jerseys will compete for \$10,000 and trophies valued at \$35,000.

The Regional Holstein-Friesian, Guernsey and Milking Shorthorn Shows also will be held Oct. 13-20 and will offer premiums of \$5,200, \$3,000 and \$2,500, respectively.

Dates for the Quarter Horse show are Oct. 10-16 with \$3,000 in premiums. Palomino Horses will vie for \$2,500 in premiums Oct. 17-22.

The Junior Livestock Show, Oct. 17-21, will offer \$11,250 prize money. Judging dates are: Hereford cattle, Oct. 9; Polled Hereford, Oct. 10; Shorthorn, Oct. 11; Aberdeen-Angus, Oct. 12; Brahman, Oct. 13.

MILLICAN DEFERRED AFTER RECEIVING CALL

Talmon G. Millican, Sonora Air Force reservist who was recalled to active duty this week at Brooks Air Force Base, was deferred indefinitely after reporting to duty. He has returned to the Joe Logan ranch where he is employed.

With five Bronze Stars and three Presidential Citations for World War II service, Millican became active in reserve training after his discharge in late 1945. He is the son of Mr. and Mrs. I. B. Millican of Robert Lee.

Mr. and Mrs. Robert V. Kelley and son, and Mrs. Robert Kelley spent Wednesday and Thursday in San Antonio.

Mrs. Carrie Wittemore of Newton, Kansas, is visiting her daughters, Mrs. Jack Ellingson and Mrs. Roy Cooper.

Eight Local Men To Report For Physical Exams

The following men have been issued calls to report for Armed Forces Physical Examination from Local Board Number 110: Cleveland G. Nance, Elias G. Avila, Eristeo P. Virgen, Jose A. Sanchez, Jr., Donald Ray Behrens, Geronimo S. Rodriguez, John Allen Ward, and George D. Chalk, Jr., Sonora; Wayne A. Coffman, Rocksprings; Alberta A. Ramoz, Ozona; John A. Long, Jr., Lester H. Ford, Walter I. Bowers, Milton R. Cavness, and James L. Beard, Junction; Jack Samuel Hodges and Billy Eugene Clapp, London. Reporting date is September 8.

The board has received the first induction call for five men to report September 27. These selectees will be notified in the near future.

The percentage of registrants found acceptable for induction into the armed forces from this area has been exceptionally high. Richard Lewis Street, who was leader of the group that took physical examination August 25, reported that all 16 registrants who reported were found acceptable, and the Commanding Officer at the examining station told them that this was very unusual.

The members of the board will hold a meeting September 5. Any registrant who wishes to appear before the board should call Mrs. Tom Neville, clerk of the board. The draft board telephone number is 21551.

Texas Building Skyrockets In Last 11 Months

Building activity in Texas, as measured by permits issued in 57 Texas cities, increased 132 per cent in July 1950 from July 1949, the Texas Bureau of Business Research reported.

July permits amounted to \$73,499,482, a 15-per-cent gain from the previous month.

Building permits in Lockhart were up 12 fold in July from June. Other large increases were recorded in Texas City, 583 per cent; Brownwood, 491 per cent; Kenedy, 487 per cent; Big Spring, 329 per cent; Kerrville, 237 per cent; and Denison, 187 per cent.

Large decreases during the monthly period were registered in Corsicana, 87 per cent; Henderson, 84 per cent; Borger, 83 per cent; Edinburg, 74 per cent; Port Arthur, 67 per cent; and Wichita Falls, 54 per cent.

In comparison with July 1949, large increases in building permits were turned in by Lockhart, Big Spring, Brownsville, Tyler, Lamesa, Lufkin, San Angelo, Houston, Coleman, Austin, Brownwood, and Denton.

Declines from July 1949 figures varied from 7 per cent in Longview to 75 per cent in Gainesville.

Building permits granted during July amounted to \$20,095,504 in Houston; \$13,228,346 in Dallas; \$5,079,077 in Austin; \$4,693,336 in San Antonio; and \$3,927,419 in Fort Worth.

Cpl. Francis (Jinks) Reed, son of Mr. and Mrs. A. F. Reed, Sutton County ranch people, became the first Sutton County casualty in the Korean war when he was reported wounded in action. Reed was shot through the foot about August 15.

A member of the 24th Infantry Division, Reed sailed from the states July 17. His mother received a letter dated August 19, and written in a Korean hospital. Excerpts from the letter follow: "Dear Mom, Well, I guess you thought I never was going to write. I couldn't get any writing paper on the front lines. The fighting is pretty rough up there. I have been fighting with the 24th Division. The Air Corps strafed and bombed them (the Koreans) the other afternoon and we sat up on a high bank with M-1's (standard US Army rifle) and picked them off for about two hours. I have a bullet through my foot. Sure is sore and aches. Sure hope I get to Japan. I've had all the fighting I want."

"I shaved and washed for the first time in three weeks today. Get shots every day. I make \$120 a month now. Liable to be a year before I get paid. You could take \$500 and buy all of Korea. A bottle of sake (Korean or Jap whisky-wine, costs about 4 cents."

FAVORITES WIN IN STATE PRIMARY RUNOFFS

Sutton County voters stood in pretty well with the majority of Texans going to the polls Saturday for the runoff elections.

In the hotly contested race for Commissioner of Agriculture, Sutton County gave White 71 votes, while McDonald got 69. Ramsey received 102 votes for lieutenant governor to Brooks' 44. In the judges' races, 92 votes were cast for Wilson and 50 for Dickson; 100 for Griffin and 36 for Harwood; and 90 for Morrison and 47 for Lattimore.

Cecile Aubry, who is the latest find from La France, sets a new style in jewelry for the style-conscious American woman. Cecile herself inspired the original of the pin named the "black rose." It is now being made available through a special offer made through grocery stores. This unusual pin is fast becoming a collector's item in costume jewelry. It gets its name from Cecile's latest motion picture.

Sonora To Close For Labor Day

Sonora businesses, with the exception of a few service businesses, will close Monday in observance of Labor Day, the first Monday in September. The holiday is one of several agreed on two years ago by members of the Lions Club. The other holidays are Armistice Day, Thanksgiving, Christmas, New Year's Day, and July 4.

Some people confuse faith and confidence. In one sense, the two are not identical in their source, nor are they founded on a common spiritual basis.

Confidence may be born of a nature that is naturally optimistic and hopes for the best. A man may be confident that "things will turn out all right," and think he has faith when he has only

confidence.

Confidence may spring from a knowledge of the characteristics and potentialities which another possesses. A mother may have confidence in the qualities of her son's character and take it for granted that because of them he will make a success of his life, and think she has faith.

Confidence may spring from re-

To make lamb patties mix a half cup of milk and a teaspoon of salt with a pound of ground lamb; form into six patties about half an inch thick and broil until the patties are well browned. Turn and continue broiling until the meat is cooked through.

liance in oneself. A man may take an estimate of his own gifts and talents and abilities and have confidence that he will be able to accomplish a certain task and think his is faith.

Faith is more than this. Faith is fixed in God. Faith is not just an unreasoning hope nor is it wishful thinking that God will do the thing we want Him to do. It is the assurance that He will keep His word and bring to pass that which He has promised to perform. Faith is founded in God who because He is omnipotent, and who will because He promised. The surrendered Christian knows that God will lead him because he believes the Word of God which promises, "Commit thy way unto the Lord trust also in Him; and He shall bring it to pass" (Psalm 37:5).

A godly mother has faith that her child will live right because she has done her best to bring him up in the fear of the Lord and because God has assured her in His word, "Train up a child in the way he should go; and when he is old, he will not depart from it" (Proverbs 22:6).

Faith is superior to confidence as divine omnipotence is superior to mortal weakness. Confidence may enable a man to climb a mountain whose lofty peak challenges his efforts. Faith removes the mountain. Confidence helps a mariner to sail his boat safely through a stormy sea, but only faith can enable a man to walk on the waves. Faith has this sure foundation—the Word of God, and "the Word of God standeth sure."

Mrs. E. S. Mayer Names Chairman For 'Make It Yourself With Wool' Contest

Mrs. Edwin S. Mayer of Sonora, state contest director for the fourth annual home sewing contest, "Make It Yourself With Wool," has announced names of area chairmen and plans for this year's area state contests.

This home sewing contest is designed to promote skill in styling and making apparel of Virgin wool fabrics - a joint enterprise conducted by the Women's Auxiliary of the National Wool Growers' Association and The Wool Bureau, Inc.

Prizes will include school scholarships, sewing machines, savings bonds and other valuable awards. The 1950 contest is open to all girls from 14 through 22 years of age living in the "Wool Growing Empire" of the United States.

The "Make It Yourself With Mohair" contest is being combined with the wool contest this year.

Those wishing mohair materials may obtain such by writing to Mrs. Felix Real, Jr., at Kerrville. Entries in both the wool and mohair fabrics must be coats, suits or dresses.

Mrs. Flower McIntire of Sterling City is serving as co-director with Mrs. Mayer and the following area chairmen have been named: Coleman, Mrs. Theo Triffis; Lubbock, Mrs. Mavel Erwin; Fort Stockton, Mrs. Frank Fulk; Fort Worth, Mrs. W. L. Joyce; Kerrville, Mrs. Hendo Crouch; Marfa, Mrs. C. L. Hancock; San Angelo, Mrs. Willie B. Wilson. Chairmen for Del Rio, San Antonio, and Uvalde areas will be announced soon.

Winners in the area shows will compete at the state review, and winner at state will compete

at national. Dates for area shows have been announced as follows: Fort Stockton, Nov. 7; Uvalde, Nov. 8; Del Rio, Nov. 9; Fort Worth, Nov. 11; San Angelo, Nov. 14; Coleman, Nov. 16; Lubbock, Nov. 17 or 18.

Highway Deaths Increase 22%

The Texas Department of Public Safety released this week its monthly statistical summary of motor vehicle accidents for July and Homer Garrison, Jr., Director of the Department, issued along with it an appeal to Texas motorists for greater cooperation in combatting the continually rising death figures.

ible for our deplorable rise in highway fatalities."
Garrison pointed out, also, that what are generally regarded as the most hazardous driving months are still ahead and he said that nothing short of a miracle would hold the Texas traffic death fig-

ure below the 2,400 mark for 1950. Early this year the Safety Department's Statistical Chief, N. K. Woerner, predicted that this year would set an all-time high in traffic fatalities but he admits that not even he could foresee that it would go to such extremes.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Cactus Hotel, San Angelo, Thursday only, Sept. 7, from 9 A.M. to 4 P.M.
Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevnan will be glad to demonstrate without charge.

Joan Frenzel Bride Of James R. Cusenbary In Galveston Wedding

Miss Joan Frenzel, daughter of Mr. and Mrs. Edward J. Billedeux, became the bride of James R. Cusenbary, son of Mr. and Mrs. Ben H. Cusenbary, in a ceremony held Friday night, August 25, in Trinity Episcopal Church in Galveston. The Rev. Edmund M. Gibson, rector, performed the single-ring service.

The bride, who was given by her father in marriage, wore an original coronet gown of ivory slipper satin fashioned with molded bodice and marquisette yoke, edged with a small bertha collar outlines in a seed pearl motif. A bouffant skirt extended into a full length train and leg of mutton sleeves extended to points over the hands. Her fingertip veil of illusion fell from a seed pearl tiara. She carried an original lace fan with an orchid at the base.

Miss Sue Wendt of Galveston was maid of honor and wore white embroidered nylon over pink taffeta. The molded bodice was outlined with a wide ruffle and she wore a pink taffeta sash. Mrs. Martha Frenzel of Galveston was matron of honor and Miss Susie Billings was bridesmaid. Donalyn Faye Tolbert of La Marque was flower girl. Miss Billings wore white embroidered nylon over yellow with hat and mitts to match. Mrs. Frenzel wore white over green, with hat and mitts to match and the flower girl was gowned in white.

Bryan Finley of San Benito was best man. Jimmy Mims of Waxahachie and Alain Boughton of Bryan were groomsmen. Ushers were Morriss Gilmore and Steve Fienzer of Galveston.

The church was decorated with palms and baskets of gladioli. Thomas Rice sang "Because," "The Lord's Prayer," and "I Love Thee."

The reception was held at the family of Uvalde; Robert Cooke,

home of Mr. and Mrs. W. W. Wendt. Mrs. S. W. Frenzel presided at the four tiered cake which was topped with a miniature bridal couple. Mrs. E. W. Alexander was at the guest book.

Following a wedding trip to Colorado the couple will be at home in Lubbock. For traveling the bride chose a pink suit with brown velvet accessories.

The bride attended Texas Tech in Lubbock and the bridegroom is a senior at Texas Tech, majoring in agriculture.

Among out-of-town guests were Mr. and Mrs. J. W. Mims and Bill Mims of Waxahachie, Dr. and Mrs. Mark Latimer of Houston, and Mrs. I. B. Boughton and son, Richard, of Bryan.

Patrick Reunion Held Sunday At Camp Allison

The Patrick reunion was held at Camp Allison on the banks of the Llano River, August 26-27. There were 93 descendants of T. W. Patrick in attendance.

Lee Patrick, son of Jim Patrick, had made all arrangements for the affair and was elected chairman of the annual affair. The Rev. James W. Farrier of Laredo, grandson of Mrs. Ida Patrick Fields, preached to the congregation of relatives at the noon hour Sunday. Robert Cooke said the opening prayer and T. S. Patrick gave the benediction.

Robert Cooke of Ozona, son-in-law, was the oldest member present while Billy, son of Tom E. Everett of Pandale, great-grandson of T. W. Patrick, was the youngest present.

Attending were Mrs. Ida Patrick Fields and R. D. Fields and

COMPLETE oven meals cook automatically while the cook is out of the kitchen. An automatic clock control turns the gas on and off at whatever time you decide. A hearty oven meal with all dishes baking at the same time and temperature of 350° F. for 1 1/2 hours includes Stuffed Pork Chops, Succotash, Sweet Potato Pudding and a Cherry Cobbler for dessert. Sweet Potato Pudding: mix 2 beaten eggs, 1/2 cup sugar, 1 cup milk. Add to 2 1/2 cups grated raw sweet potato. Then add 1 tsp. nutmeg, 2 tbsps. butter, 1/2 orange, sliced thin. Succotash: mix together 1 cup canned corn, 1 cup canned or cooked lima beans, 1 cup canned tomatoes, 1 tsp. salt, 1 tbs. minced onion, 1/2 cup liquid from vegetables, 3 tbsps. butter. Cover both dishes before sliding into the oven with the Pork Chops and Cherry Cobbler.

Keep cooked rice in covered container in your gas refrigerator. Handy for stuffed peppers, rice puffs, any fruit desserts using rice.

It saves time and gas to separate light weight fabrics from heavier clothes when drying them in the automatic gas dryer because the lighter laundry dries faster.

Cheese keeps fresh longer if it's wrapped in cloth that has been sprinkled with vinegar, dipped in water and wrung out. When cloth dries out, repeat vinegar and water treatment.

There's very little bother with ashes when garbage is burned in a gas incinerator because with average family waste, it takes nearly two weeks for the ash tray to fill up.

Tabasco Butter: Cream 1/4 tsp. Tabasco into 1/4 tsp. butter. Delicious with any seafood, chicken, meat or vegetables.

YOUR HEALTH

You wouldn't ordinarily consider a boxful of dead fleas as very much of a gift.

But entomological workers -- specialists who study insects which spread disease -- at the Texas State Department of Health recently were "thrilled" by a gift of Pacific Northwest fleas from Dr. C. Andresen Hubbard, formerly head of the Biology Department at Pacific University in Oregon. He has made similar gifts, collected during a lifetime of studying disease spreaders, to 20 of the world's outstanding institutions in biological sciences.

State Health Officer Geo. W. Cox, acknowledging the gift, said

said it was "something of a compliment" to be classed as a leader in biological studies along with the British Museum, Canada's National Museum, Brazil's Nacional de Agronomia, the Parasitological Laboratory in Sevastopol, Russia, Pakistan's Malaria Institute, the American Museum of Natural History in New York, and "many others of equal prominence."

The Texas Health Department was the only health agency in the nation to benefit from the presentation. It's disease vector collection is reputedly one of the finest in the world. Dr. Cox says the entire assortment, including ticks and mites as well as fleas, is open to study by graduate and advanced undergraduate students in Texas colleges and universities.

Departmental studies are described by Dr. Cox as a "determination of the specific types of insects of medical importance in the state, their distribution, seasonal abundance, and how they can best be controlled."

Department entomologists conducted a two year investigation of typhus fever in Lavaca County in 1944-46. Step by step, they traced out the process by which rodent fleas spread typhus from rat to human beings.

In 1949, they finished a study which showed bubonic plague -- the Black Death of the Middle Ages -- was infecting wild rodents in four South Plains counties in West Texas.

"Our entomologists are disease detectives," Dr. Cox says. "The gift from Dr. Hubbard will help them run down insect culprits."

TEXAS POSTAL RECEIPTS SHOW 3% DECLINE

Postal receipts in Texas slid 3 per cent in July from June, the Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of postal receipts dipped 3 per cent from the previous month to 295 per cent of the 1935-39 base period in July.

Lufkin, with a 49 per cent gain over June, tallied the largest monthly advance in postal receipts. Littlefield presented a 41-per-cent rise and July receipts were up 40 per cent in Raymondville. Other Texas cities turning in notable increases in postal receipts from June to July were: Orange, 24 per cent; Lubbock, 21 per cent; Pampa, 19 per cent; and Buero and Graham, 18 per cent.

On the other hand, June-to-July decreases in postal receipts ranged from a 1-per-cent drop in Amarillo, Del Rio, Texas City, Waco, and Victoria to a 27-per-cent decline in Luling.

July postal receipts for 78 Texas cities totaled \$3,721,770, or 12 per cent higher than in the same month of 1949.

Snyder, with a 192-per-cent jump in July 1950 postal receipts, continued to mark up the biggest increase over year-earlier levels. Receipts climbed 54 per cent in

BIG DEMAND SEEN FOR ELEMENTARY TEACHERS

Calls for elementary teachers still are most numerous on the University of Texas Teacher Placement Service's request list, Director Hob Gray reports.

Next in demand are high school teachers, college teachers, and administrators, such as superintendents and principals, in that order. Of 387 July calls, 178 placements were made by the bureau. In June 520 calls were received and 59 placements made.

The Placement Service also reported numerous September 1 openings in YWCA work in communities and on college campuses. Most of the positions demand personnel between the ages of 25 and 35 with teaching, social work, or administrative experience. Salaries range up to \$4,000.

Inexperienced personnel may find a limited number of openings in teen-age and young adult YWCA work. Excellent opportunities await recent graduates in physical and health education, Dr. Gray said.

When making iced tea use as much tea to a cup of boiling water as you would in making hot tea.

The New Plymouth Special Suburban

Here is the new Plymouth Special Suburban, a luxurious all-metal utility vehicle which is the latest addition to the Plymouth line of automobiles. It is now being produced and shipped to dealers throughout the country.

Plymouth Announces Production of Luxurious New Utility Car

Production is under way and shipments are being made to dealers throughout the country of the Plymouth Special Suburban, according to R. C. Somerville, general sales manager of Plymouth Motor Corp.

The Special Suburban is an all-metal utility vehicle with luxury sedan refinements. Patterned along the lines of the DeLuxe Suburban, which Plymouth first introduced in 1949, the new Special Suburban has

retained the styling and utility features which made the DeLuxe Suburban an immediate success. In addition, there are 37 different improvements which add to the car's beauty and comfort.

The exterior of the new car is richly trimmed with chrome and there are many interior refinements. Seat cushions and backs are upholstered in tan Bedford cord; the instrument panel, the windshield

garnish moldings and the door garnish moldings are tan leather grained, and the radio grille is chrome-plated. There are arm rests for both front and rear seats, and assist straps for the rear seats. Appointments throughout the interior have been carefully planned to provide maximum comfort and beauty.

The Special Suburban offers the same three-cars-in-one utility that characterizes the DeLuxe Suburban. It has the riding comfort of a fine sedan, and is easily converted into a roomy cargo carrier.

GOODYEAR

TIRES

are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires.

That's why we're having a hard time keeping Goodyear tires in stock -- despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

Trade new miles for old

90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone" -- go Goodyear. And for safer driving, get LifeGuard Safety Tubes.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears -- the best!

Needed - A Better Deer Tag

Further studies to determine the best deer tag for Texas big game hunters will be made this fall, according to the Executive Secretary of the Game, Fish & Oyster Commission.

The tag system was adopted by the Legislature as a conservative measure since it is designed to restrict each hunter to two antlered deer in one season. Enforcement of this bag limit was difficult under the old law.

The 1949 Act stipulated that deer, when shot, must be tagged with a number and data showing the successful hunter's name, date and place the game was bagged, all corresponding with the name and data on the hunter's license.

Tags, presumably metal, were prescribed by the new law, but such self-destructible tags were found inadequate to contain the required data. Last fall two small

detachable stubs were connected by a perforated link to the main license. Holes in the ends of the stubs were intended to facilitate tying on the tag.

Hunters complained that the paper markers came off in transit, particularly if they got wet, and that the eyes in the tags pulled out. Meanwhile, the game department studied systems used elsewhere. States using the metal tags reported difficulty in inseparably connecting the badgets with the paper licenses, and that license distributors had difficulty locating the metal markers with numbers corresponding to the main license.

The Executive Secretary said the new paper stubs are to be used without eyes for string. He suggested the 1950 hunters may find a minimum of trouble by placing the tags around deer horns at the

base and sealing them on with Scotch tape. Thus, when the game warden checks the hunter's bag, he will unroll the tag, inspect it and then seal it back on with the original tape.

BOTTLE OF Pearl PLEASE

The 3 X's of TEXAS
Xtra dry... Xtra light... Xtra mellow

Have made PREMIUM QUALITY PEARL

the No. 1 Beer from the No. 1 state!

Our 65% plant expansion program of last year provided enormous new ageing cellars insuring the fully-aged goodness of Pearl. It's slow aged...it's naturally better. Buy it in bottles or cans.

PEARL SALES SKYROCKET
Three times the diameter of the world... that's right! If you could stack beer bottles end-on-end, the number of bottles of Pearl Beer consumed this year would make a stack more than 24,000 miles high, or three times the diameter of the world. The illustration shows sales progress through previous years.

1950 171,000,000 BOTTLES (EST.)
1948 151,748,370 BOTTLES
1944 82,398,000 BOTTLES
1940 28,540,000 BOTTLES

"I Love its 3-way

LIGHTNESS

- 1 Lone Star is light in color . . . clear, golden, sparkling . . . good!
- 2 Lone Star is light in aroma . . . just a delicate hint of natural all-grain flavor.
- 3 And Lone Star is light on your system . . . because no sugars or syrups are added in brewing.

Lone Star's a wonderful beer!

"I Like its

DOUBLE
AGED
FLAVOR

Only time can put mellowness in the flavor of beer. And Lone Star gets plenty of that. Lone Star goes through not one, but two ageing periods—to give it the full character of an all-grain beer.

The result is that double-mellow, double-aged flavor I recognize every time I drink Lone Star.—Lone Star is a wonderful beer!

Humble Adds
New Pump Station

The mid-way pump station at Eckert, 14 miles north of Fredericksburg, on Humble Pipe Line Company's new 370-mile West Texas line is due to be completed around October 1. Company spokesmen pointed out that with the addition of this new station, capacity of the 18-inch line from Kemper Station near Big Lake to Satsuma, near Houston, will be increased from 84,000 barrels to 104,000 barrels a day to meet the large current demand for oil.

Two other intermediate pump stations will be completed later in the year, one near Fort McKavett, and the other near Warda. Each of the three stations will have two 1,000 horsepower motor-driven centrifugal pumps connected in series. With all three stations in operation, line capacity will be 120,000 to 125,000 barrels

a day. Eventually another 400 horsepower pumping unit will be added at each station, pushing the total capacity to 185,000 barrels a day.

While pump station construction is going forward, foundations are being poured and towers erected for the microwave radio relay repeater stations between Houston and Kemper Station. On these towers, which will range from 100 to 280 feet in height depending on the terrain, will be mounted steel reflectors to pass on the radio waves. This communications system, soon to the longest microwave radio relay system in Texas, is virtually a telephone and teleprinter system without wires. There will be a total of 18 repeater stations between Houston and Kemper.

In addition to a party line for all stations and six private channels, there will be a special line for possible remote control of block gates in the pipe line. Should a break in the line occur, these

block gates might be closed merely pressing a button at one of the stations.

The Kemper-to-Houston pipe line, with its added pump stations and modern communications system, will be able to bring more West Texas oil to the refineries

on the Gulf Coast in a shorter time, to meet both civilian and military needs.

NOW IS THE TIME
TO BUY THE BEST!

GOODYEAR

TIRES
are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires.

That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

Trade new miles for old

90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone"—go Goodyear. And for safer driving, get LifeGuard Safety Tubes.

Remember, if we don't have
your tire size today, it will
pay you to wait for new Good-
years—the best!

Are you the LAZY TYPE?

If you have even the smallest lazy streak in you (and who hasn't) here's some good news:
We've discovered a way to save money, lots of money, without moving a muscle!
It's the *Payroll Savings Plan*. Once you sign up (a very slight exertion at most) you don't ever have to do another thing!
Every payday the amount of money you designate is put away for you—without any effort on your part. You don't even have to take your hand out of your pocket!
Also without any strain (but with much pleasure)—you'll get back four bucks after ten years for every three you invest.
And if you buy these Bonds in denominations like... say... \$100—think how much easier they'll be to add up!
All in all, buying U. S. Savings Bonds through the Payroll Savings Plan is one of the *easiest, wisest, surest* ways to save money.
Come on, join up today.

Automatic saving is sure saving — U.S. Savings Bonds
