Stanton Gets 2-Year Suspended Sentence

A. W. Stanton, 21, was given a two-year suspended sentence Tuesday when he pleaded guilty to car theft in District Court. Judge Garland Casebeer of Fort Stockton, passed sentence. In throwing himself on the mercy of the court, Stanton stated that he was under the influence of liquor when he drove off in a car belonging to J. V. Alley; that it was his first offense; that he was orphaned at an early age and had pretty much raised himself and that he intended to stay out of trouble in the future.

The case of Don Holbrook versus the Texas Employers Insurance Association was settled out of court with Holbrook receiving \$22.50 a week for each week he was out of work due to an injury received while working for the Sonora Welding and General Repair Co.

The case of A. E. Smith versus W. O. Crites, B. H. Crites and J. A. Letsinger for damages resulting from injury received while employed by defendants, was postponed on motion of defense.

Saturday, three men, Thomas Demoville, Sam Wyatt, and James D. Carley, will be tried on charges of breaking into and entering the Sonora High School. The men are now serving sentences at Huntsville and will be brought here today.

SEASON TICKETS GO ON SALE MONDAY

Season reserve seat tickets for this year's home football games will go on sale at the First National Bank Monday afternoon from 1 until 3 o'clock, according to Norman S. Davis, high school principal. Davis said tickets will also be on sale at the bank Tuesday afternoon during the same hours, and any that are left may be bought at his office at the high school.

Last Rites Held For C. E. Stites

Funeral services for Claud E. Stites, Sonora ranchman and businessman, were held Tuesday morning at 10 o'clock at the Methodist Church. Mr. Stites died early Monday morning. He had been ill for the past two years.

A native of Little Rock, Ark., Mr. Stites was born November 27, 1876 and came with his parents to Texas at an early age. He volunteered for the army during the Spanish-American war, and came to Sonora shortly after his discharge. He married the former Miss Dona Allison December 22, 1903. He served as a druggist here and later opened a Chevrolet agency. He was also engaged in ranching.

He was a member of the Methodist Church, the Sonora Lions Club, Texas Sheep and Goat Raisers' Association, the Masonic Lodge, and Post No. 40, San Angelo, Spanish War Veterans.

Survivors include the widow, a daughter, Miss Annella Stites, a brother, Ben of San Angelo, a sister, Mrs. A. T. Talbert of San Angelo, four nieces and a nephew.

The Rev. W. H. Marshall, assisted by the Rev. J. E. Eldridge, conducted services and the Masonic Lodge was in charge at the graveside. Interment was in Sonora Cemetery.

Pallbearers were nephews Jack Stites, George Edward Allison, San Angelo, Jack Allison, Fort Stockton, Lea Allison, Harold Schwiening and Curt Schwiening of Sonora.

Two Sonora Girls Seriously Hurt In Highway Wreck

Two Sonora high school girls were seriously injured Tuesday night about 9:30 o'clock when the pickup truck in which they were riding went out of control and overturned about five miles west of Sonora on US 290.

The girls, Nancy Neill, 16, daughter of Mr. and Mrs. George H. Neill, and Joy Maxey, 15, daughter of Mr. and Mrs. Jess Maxey, are in a San Angelo hospital. Miss Neill received a crushed vertebra and lacerated toe, and Miss Maxey suffered a broken shoulder and chip vertebral fractures. Doctors said Miss Neill will probably be in a cast for two or three months.

The accident happened as the girls were driving toward Sonora. The right front wheel of the truck, driven by Miss Maxey and owned by her father, got on the shoulder of the road causing the driver to lose control. The truck overturned at least once.

The injured girls were picked up by Tommy Watson, Lake Charles, La., who was on his way to Las Cruces, N. M., to enroll in New Mexico A&M College. Watson had a bed in the back of his pickup truck and placed the girls on it. He brought them to Sonora, where they received emergency treatment and were sent by ambulance to San Angelo.

Broncos List Team Roster

The Sonora Broncos are having their first night workout tonight at Bronco Stadium at 8 o'clock. The public is cordially invited and there will be no admission charge.

Coach Bill Willard has twelve lettermen returning this year and a total of 34 boys out for the high school team. The official roster, released this week, lists the following:

Bill Baldwin, Jim Baldwin, Joe Berlanga, Don Brown, Kenneth Brunson, Pat Carroll, Salador Cordona, Leroy Castillo, Jerry Chavers, Bill Decker, Jack Drennan, Pedro Galindo, Pedro Gomez, Mike Gonzales, Charles Griffin, Wilbur Griffin, Gene Henderson, Candelario Jimenez, Fred Kennermer, Herbert McKee, Jodie Minnick, Herman Peitchinsky, Joe Perez, Bobby Prater, Joe David Ross, Billy Bryan Savell, Lionel Sanchez, Bobby Scott, Corky Schwiening, Jack Sloan, Leonard Tafolla, Edward Valliant, Lee Roy Valliant.

The Broncos play their first game here Friday night, September 15, against the Robert Lee Steers, district champions last year.

Nine have received medical examinations and are acceptable for service. In Class I-A, but not examined are 119; 27 are in the Reserves, 15 are in the National Guard. There are 6 occupational deferments, 1 agricultural deferment, and 90 with dependents and hence placed in III-A. One is in Class IV-D, minister or theological student.

In Class IV-F are 241, and in Class V-A (registrants reaching the age of 26), there are 261.

The stratospheric air above 40,000 feet is one-fourth as dense as the air at sea level.

May Take Movies Of Sonora Games

A plan for taking movies of all Sonora football games and showing them before members of a booster club, was placed before the Lions Club Tuesday by Coach Bill Willard. Willard said the films would be used primarily for training players since mistakes can be more easily pointed out. Edwin Sawyer has volunteered to make the pictures and the Lions Club, or a booster club, if organized, would, under the proposed plan, pay for the film, which would cost about \$50 per game. If such a club were organized, Willard said, films would be shown one night each week to both club members and team members and several free dinners would be served.

A red and white lucite cane was presented to Rudolph Garza, Sonora's blind pianist, and Garza presented a musical program.

It was announced that a Ladies' Night program honoring members of the Sonora faculty will be held Tuesday night at the Elementary School cafeteria.

Guests included members of the five-county draft board, Gareld Leming of Hampton, Iowa, Wilfred Berger, Rudolph Garza, Ernest Castro and M. R. Underwood of Eldorado.

Correction Please

The story regarding the "Make It Yourself With Wool" contest which appeared in last week's edition gave the style show schedules incorrectly in some instances. The correct schedules follow: Fort Stockton, Nov. 3; Marfa, Nov. 4; Kerrville, Nov. 7; None will be held in Uvalde and Del Rio; Fort Worth, Nov. 11; San Angelo, Nov. 14; Coleman, Nov. 16; Lubbock Nov. 18. The contest is sponsored by the Texas Sheep and Goat Raisers' Auxiliary.

A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

It is impossible to imagine any contrasts more definite than those which the Scripture makes between what the Lord Jesus Christ was and what He became.

He was God. John tells us, "In the beginning was the Word, and the Word was with God, and the Word was God" (John 1:1). He

became man. "For verily He took not on Him the nature of angels; but He took on Him the seed of Abraham" (Hebrews 2:16). The most high God, the Creator of all things, took upon Himself the form of man, the creature.

He was the Lord of life. He "became obedient unto death, even the death of the cross" (Philippians 2:8).

He was the Master and Lord of the Universe. "By Him all things consist" (Colossians 1:17). But, He who was Master became the servant. "The Son of Man came not to be ministered unto, but to minister" (Matthew 20:28).

He was rich. All the riches of creation were His. John says, "Thou hast created all things, and for Thy pleasure they are and were created" (Revelation 4:11). But, "Though He was rich, yet for your sakes He became poor, that ye through His poverty might be rich" (II Corinthians 8:9). He walked the earth without a home or any possessions aside from the garments which He wore.

He was altogether lovely, the "Rose of Sharon, and the Lily of

the valleys" (Song of Solomon 2:1), the fairest of ten thousand to the soul. But on the cross He became misshapen and horribly marred "His visage was so marred than any man, and His form more than the sons of men" (Isaiah 52:14), and Isaiah spoke prophetically of His terrible appearance in the hour of crucifixion when he wrote, "He hath no form or comeliness; and when we shall see Him, there is no beauty that we should desire Him" (Isaiah 53:2).

What amazing contrasts, but no more amazing than the contrast of the hatred of sinful man for Him and His love for sinful man. Because He loved man, Christ became man poor, suffered death upon the cross. He, the God who loved so greatly the creatures

which He made, was rejected and spurned and crucified by the very ones He came to save.

BACK TO SCHOOL

There's a Great Day Coming—

Yes, it's a great day when thousands of West Texas youngsters go back to school. Whether they are beginning their first year in kindergarten or their senior year in college, their education is proof of the American heritage of equal opportunity for all.

© REDDY KILOWATT
Your Electric Servant

Our youths of today are intelligent and ambitious. All they need is the full opportunity to develop their ideas freely and market their talents as each sees fit. We must guard that "full opportunity" so that when the "individual initiative and energy" of American youth fathers an idea, they may call upon the American system of free enterprise to make realities of their ideas and ambitions.

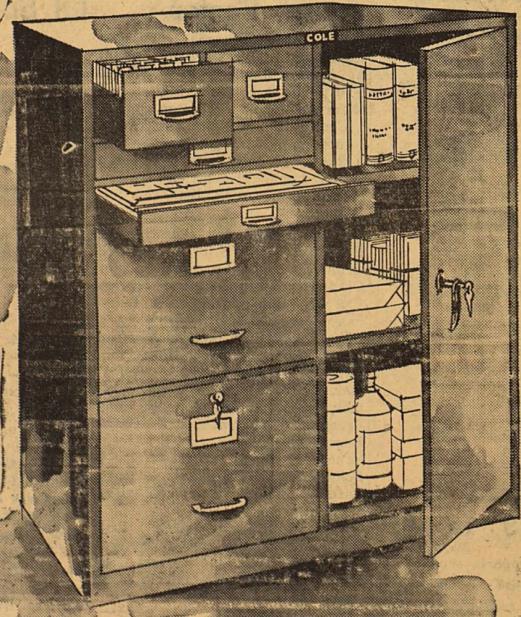

It's a Privilege—

SANTA GERTRUDIS CATTLE BREED STATE FAIR FEATURE
 Mid-Century progress will be exemplified in a dramatic display of Santa Gertrudis cattle first distinctively North American beef breed, during the Mid-Century Livestock Exposition of the 1950 State Fair of Texas, Oct. 7-22, Ray W. Wilson, manager of the Fair's livestock department, has announced.

The famed King Ranch at Kingsville, originator of the breed, is cooperating with the State Fair in the presentation of this outstanding educational exhibit, Wilson said.

Twelve head of the Santa Gertrudis cattle, declared to be a distinct breed by the United States government in 1940, will be displayed in special pens in the livestock barn. Next to them, in a sturdily constructed pen, will be "Geronimo," a Longhorn steer loaned to the State Fair by the Marsalis Park Zoo, Dallas. This comparison of the old and new will give Fair visitors an example of the progress made in the beef industry during the past 50 years, Wilson explained.

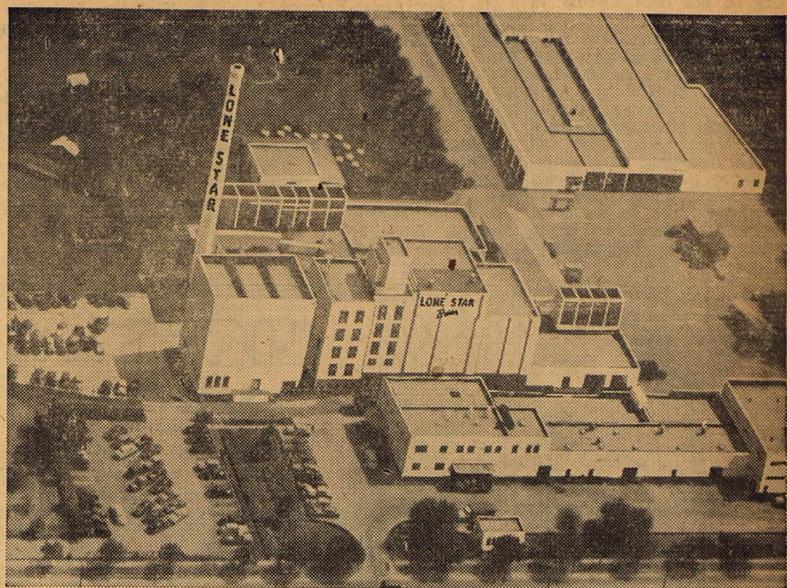

The sherry-colored Santa Gertrudis cattle are the result of an extensive close-breeding and line-breeding program between Shorthorn and Brahman cattle. The program was inaugurated in 1910 by King Ranch and personnel who felt the need for a beef type animal better suited to climatic and range conditions of the Southwest. "One of the most noteworthy contributions to livestock breeding has been the creation and guided development of this breed," Wilson said, "which is the first new breed to be developed in the Western Hemisphere."

The Santa Gertrudis brings to six the number of major breeds of beef cattle to be exhibited during the Mid-Century Livestock Exposition, he said.

Livestock breeders who plan to exhibit in the State Fair Livestock show should get their entries in as soon as possible, Wilson warned. Deadlines for entering livestock in the show are close at hand, he added.

Closing dates are: Beef cattle, swine, sheep and Angora goats, Sept. 6; dairy cattle, Junior Livestock and Quarter Horses, Sept. 11; Palomino Horses, Sept. 18; and American Saddle Horses, Sept. 20.

MUSIC CLUB CALLS FIRST MEETING OF YEAR THURSDAY

The Sonora Music Club will have the first meeting of the fall season on Thursday, September 14, at the home of Mrs. George Barrow. It will be a business meeting.

Mr. and Mrs. Bob Odom have as their guests their two sons, Justin, who is a recruiting sergeant in Dallas, and Clay, who has recently finished boot camp in San Diego. Paschall, another son, visited his parents Sunday from Brownwood.

Couple Honored At Reception

Mr. and Mrs. Ben H. Cusenbary entertained at their ranch home Monday night from 8 to 10 o'clock with a party honoring their son and daughter-in-law, Mr. and Mrs. Jimmy Cusenbary. Receiving at the door were the hosts and honorees.

The register table was centered with an arrangement of flowers topped with the miniature bride and groom used in the wedding of the elder Cusenbarys. The table in the dining room was centered with a tiered flower arrangement and topped with the miniature bride and groom used in the wedding of Mr. and Mrs. Jimmy Cusenbary. The register was the same used for the wedding in Galveston. Both tables were covered with organdy cloths that extended to the floor with ruffles.

In the house party were Meses. Ella Wallace, Joe Brown Ross, W. T. Hardy, Rip Ward, E. B. Keng, Tom Ratliff, Tommy Morriss, W. H. Dameron, Charles F. Browne, Bryan Hunt, Norman Davis, W. R. Cusenbary and C. M. Epps of San Angelo.

About 100 guests called during the evening.

At the coffee were Meses. R. C. Vicars, Belle Steen, Paul Turney and Libb Wallace. Sandwiches, cakes, salted nuts coffee and tea were served.

Mrs. Jack Ellingson, accompanied by Mrs. S. M. Loeffler, sang four songs during the morning and Mrs. James Wilson was the accompanist for Mrs. A. E. Prugel who played a number of violin solos.

In the house party were Meses. Marjory Dameron, Flora Dell Davis, Joyce and Carolyn Johnson, Peggy Sue Reiley and Mrs. Reggie Trainer.

About 65 guests attended.

Miss Kathryn Ross Bride Of Lester Chastant In Home Ceremony

Miss Ella Kathryn Ross, daughter of Mr. and Mrs. Joe Brown Ross, became the bride of Lester A. Chastant, son of Mr. and Mrs. L. A. Chastant of New Orleans, in a double ring ceremony performed at the ranch home of the bride's parents Sunday morning at 9:30 o'clock.

The Rev. W. H. Marshall read the ceremony before an altar banked with gladioli and mums and flanked by floor baskets of the same flowers. Mrs. W. T. Hardy played traditional wedding music.

The bride, given in marriage by her father, wore a two-piece street length dress of navy blue velvet, navy accessories, and carried a Bible topped with stephonotis, centered with a white aster and a stephonotis shower. The Bible is a heirloom of Mrs. Hardy's, having been in her family for a number of years.

Following the wedding a reception was held in the home. The serving table was centered with an arrangement of white gladioli and mums and other arrangements of the same flowers were used in the room. The wedding-ring cake was cut by the bride and groom and then served by Mrs. W. H. Dameron. Mrs. Forrest Avant of Dilley, aunt of the bride, was at the coffee service.

For traveling Mrs. Chastant wore a teal blue suit with navy accessories and a stephonotis corsage.

The groom is a graduate of Louisiana State University and received his B.S. and M.S. degrees in geology there. Mrs. Chastant is a graduate of the Sonora schools and attended Southwestern University and L. S. U.

The couple left for New Orleans and Mississippi.

Out-of-town guests for the wedding were Mr. and Mrs. L. A. Chastant, Mrs. Hortence Chastant, grandmother of the groom, of New Orleans; Mr. and Mrs. Dave Briggs, Mr. and Mrs. Porter Briggs, and Mr. and Mrs. D. T. Briggs and children, Mr. and Mrs. Wallace Briggs and Bobbie, all of Lampasas; Lynn Stuart of Bryan; Mr. and Mrs. Forrest Avant and Gloria and Floril of Dilley.

Mr. and Mrs. W. H. Dameron entertained members and guests of the Chastant - Ross wedding party with a rehearsal dinner at their home Saturday evening.

Guests were seated at quartet tables and included the bride and groom, Mr. and Mrs. Joe Brown Ross, Mr. and Mrs. L. A. Chastant, Mrs. Hortence Chastant, Dr. and Mrs. W. T. Hardy, Mr. and Mrs. Thomas Morriss, Jr., and Joe David and Betsy Ross.

Dr. and Mrs. J. Franklin Howell and son, Charlie, visited in the Jack M. Allen home in Perryton the past weekend. Mrs. Allen is the Howell's daughter.

Gene Kelly Supports Kids' Day

The popular young star of many Metro-Goldwyn-Mayer musicals, Gene Kelly, draws admiring glances from seven year old Charlotte George, of North Hollywood, Calif., as he tucks the first 1950 National Kids' Day poster on his dressing room door.

Spearheaded by the more than 3,150 Kiwanis clubs throughout the United States and Canada, Kids' Day will be observed this year on Saturday, September 23. It is a joint project of Kiwanis International and The National Kids' Day Foundation, Inc., designed to focus additional attention upon the problems of underprivileged children. It is expected that fundraising events conducted on Kids' Day will benefit millions of children for money raised in a community remains in that community to be spent for youth under the supervision of the local Kiwanis Club.

U. S. MARINES HAUNT OLD TRAILS IN KOREA—When the First Marine Division entered combat near Pusan it marked the fifth time in 80 years that the Leathernecks have landed on Korea for the protection of American interests.

Their first landing was on May 21, 1871. The American minister to China had opened negotiations to permit United States sailors shipwrecked on Korean shores to receive sanctuary and help from the Koreans. During the negotiation a survey party under direction of Admiral John Rodgers U. S. N., then commanding the Asiatic squadron, was attacked by the native garrison of the Salee river forts and citadel (Seoul).

Admiral Rodgers demanded an explanation and gave the Koreans 10 days in which to reply. Receiving no answer, he put a force of Marines and sailors ashore on June 10 and captured the citadel. The Marines killed 250 Koreans. One Marine was killed and one was wounded.

This early amphibious landing by the Marines is graphically depicted in a painting by John Clymer, a New York artist. The canvas hangs in the headquarters of General Clifton N. Cates, commandant of the Marine Corps. Clymer's work which so faithfully depicts the uniforms and armament of the Marines of 80 years ago is reproduced above. Superimposed is a photograph of present-day Marine fighters. Note the camouflaged helmet.

Marines were landed to protect the American legation in Korea in 1888 and again in 1894.

Texas 4-H Club Boy Reports On Experiences As Student In Greece

Ed Hill, the only Texan participating in the 1950 International Farm Youth Exchange program, reports from Greece that, during the first part of August, he saw the northwestern section of the country. His headquarters in Greece are in Salonika at the American Farm School.

He has traveled extensively in western Macedonia with members of the staff from the Farm School and says that this is possibly the largest agricultural section in Greece but economically it hasn't fared so well. The present conditions are due to the destruction that came with World War II but chiefly from damages done by the Communists during the period from 1945-49.

He reports on a visit made to Verria (called Berea in the Bible). It was here that Apostle Paul preached on his journey through Macedonia. The city is noted for the fine rugs and blankets that are made there; Ed says the work is done by hand and the finished products are very beautiful. Months are required for the weaving process and the weavers will make rugs or blankets to meet any design or specification.

His travels took him to the Presba Lakes which form the boundary between Greece, Albania and Yugoslavia. The latter two countries are controlled by Communist government while Greece is the one country in the Balkans

with a Democratic government. Two days before his visit to this border area, two Greek and 10 Albanian soldiers were killed in a border skirmish a few miles from where he visited.

He tells of a visit with a Greek mountain farmer in this area. He was plowing a hillside farm with

State's Affairs Badly Organized; TEC to Study

By JOHN BEN SHEPPERD Secretary Texas Economy Commission

(Editor's Note: This is the first in a series of articles on the background, purposes and work of the Texas Economy Commission.)

It's a mess!

Your Texas state government is accurately summarized in those three words. In a nutshell, they speak of disorganization and widespread confusion.

The Texas Economy Commission has been appointed by Governor Allan Shivers as an advisory body to examine the state government and recommend a practical program for efficient reform.

Let's take a look at what the TEC will have to examine:

There are nearly 200 separate agencies of the executive branch of the government. These are run by nearly 150 administrative groups or individuals.

The state conducts its financial affairs out of more than 230 separate checking accounts. Some have less than \$50 in them. Some have tens of millions of dollars in them. Many accounts are earmarked for special purposes and are not available as a general fund. A true general fund provides the logical, the practical, the economical means of carefully controlled government spending.

Texas, unfortunately, has no such arrangement.

As further illustration of how sad is the state of affairs, consider all these nearly 200 agencies. Many of them are supervised by the appointees of as many as three different governors.

This simply means that if one of these agencies fails to do a good job, the voters are too far removed from control of the situation. They cannot correct things by voting out the current governor; he didn't appoint a majority of the supervisors of the offending agency. They cannot vote the supervisors out of office because the supervisors hold office by appointment only. The governor himself cannot do anything about the situation because he can only appoint a minority of the supervisors.

The result of all this division of authority and disconnected funds is simply a mess.

What, then, is the answer? Shall we take this governmental house of cards, throw it into the scrap heap, and rebuild from scratch? Obviously, this is neither desirable nor practical.

The Texas Economy Commission proposes, not to toss the cards aside, but to look them over and work for their rearrangement in logical order.

If the TEC should find two Jacks of Diamonds, or four deuces of clubs, why then in the interest of economy, efficiency, and fairness to taxpayers the TEC will recommend that the surplus cards—duplicated services and overlapping agencies—should be combined or eliminated.

The TEC is not out after anybody's scalp. It is not a political organization. It has no "special interest" to serve. It simply hopes to awaken the people of Texas to the need for impartial and practical reorganization of their state government, their public business.

That is why you will find businessmen, farmers, ranchers, industrialists, laboring men, professional men and women, homemakers, people in all walks of life among our active members and supporters.

In this series of articles in this series, you will be informed of past efforts to reform the government, why these efforts failed, and how the TEC proposes—with God's guidance and a public-spirited citizenry behind it—not to fail.

The next article will discuss an earlier attempt to bring some order out of chaos. The writer will be John Redditt, of Lufkin, former State Senator and former chairman of the Highway Commission. Mr. Redditt is now state chairman of the TEC.

his ox and and a handmade wooden plow. The field was very small—no larger than one-fourth acre—but six hours had been required for the plowing job. Some fields in this mountainous area have a slope that approaches 45 degrees and the use of any mechanized machinery is practically an impossibility.

Enroute back to Salonika, he visited the resort city of Edessa. He says the city is located on a mountain side and overlooks the greenest and most beautiful valley he had ever seen. The valley is famous for fine peaches. He visited the city of Naoussa which was destroyed about two years ago by Communist guerrillas. It was the subject of a story in "Life Magazine" several months ago.

He was accompanied on the tour by three staff members from the American Farm School and stops were made in the farming villages for the purpose of interviewing students. Boys between the ages of 14 and 16 years and who were orphaned from their fathers and had completed the six years of school work offered by the village schools were interviewed. Worthy boys are given

ENLISTMENTS MUST BE MADE BEFORE DRAFT CALL

The San Angelo Marine Recruiting office has released the following information in order to clarify certain policies regarding the draft.

As in the past war the Marine Corps is not permitted to enlist any man who has been summoned by his draft board for his pre-induction examination.

Men who are expecting to be sent their pre-induction notice may enlist in the Marine Corps, provided they do so prior to the receipt of notification to report to their draft board (but not later).

For information about the Marines contact MSgt. Boyd Knowles in Room 201 of the Post Office Building in San Angelo.

scholarships to the American Farm School.

Hill says next month will be spent in the Peloponnese, and on Crete and a number of other islands near Athens and Crete in the Aegean Sea. He will return to Salonika around September 15 and the remainder of his stay will be spent in eastern Macedonia, western Thrace and on the Island of Thasos.

He said in conclusion that he was looking forward to his return to Texas and an opportunity to tell the 4-H members of the state about his European experiences. The exchange program is sponsored by the U.S.D.A.'s Agricultural Extension Service and the cooperating states.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SPECIAL and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Have made **PREMIUM QUALITY PEARL**

the No. 1 Beer from the No. 1 state!

Our 65% plant expansion program of last year provided enormous new ageing cellars insuring the fully-aged goodness of Pearl. It's slow aged...it's naturally better. Buy it in bottles or cans.

PEARL SALES SKYROCKET

Three times the diameter of the world... that's right! If you could stack beer bottles end-on-end the number of bottles of Pearl Beer consumed this year would make a stack more than 24,000 miles high, or three times the diameter of the world. YOUR HEALTH

A puny little parasite no more than a quarter inch long when it's full grown can turn a champion weight lifter into an anemic cream puff.

Even while it's still a baby, this pernicious parasite can make a wheezing weakling out of a top field hand, and turn a stout boy's muscles to the texture of soft butter.

It's a hookworm. State Health Officer Geo. W. Cox, with understandable disdain, puts the finger on it as the cause of so-called toe itch, dew itch, ground itch, and summer scratch.

Says he: "All these itches are provincial ways of saying hookworm."

Dr. Cox says his department has been waging a ten-year battle against hookworm in Texas, and that deep inroads have been made into its natural habitat, especially in eastern and southern sections. Health experts know what it is and how it gets into the human body, but the big job is in convincing people that they ought to do something about it.

Hookworms live a double life, the health official says, in the intestines of a human being and half in the soil around an open pit privy. The female lays eggs while attached to the intestine.

Eggs pass from the body, and hatch within 24 hours. Then the young worm lies in wait for the first unsuspecting barefoot person -- usually a youngster -- to come by. It pierces the foot skin and slowly inches its way deeper and deeper into the body until it reaches the intestinal tract where the cycle starts again.

"It is a disease," Dr. Cox says, "that stunts the growth of children, causes skin discoloration, loss of weight, and anemia." Severe infestations often cause a morbid craving for such things as chalk or dirt, he adds.

But it's easy enough to control -- merely by building properly designed sanitary pit privies or septic tanks. That, and wearing shoes.

A good many children in various rural sections have had light infestations all their lives, and have never known what it means to feel entirely well.

CONFEDERATE MONEY TO BE USED TO PROMOTE SOUTH

Several million dollars in facsimile Confederate money will soon appear throughout the South as part of a huge publicity campaign by Southern manufacturers to promote the growth of the South. The campaign is being launched to call attention to the area's many advantages both as a place to live and as a location for industry. Working together, the companies will sponsor a Southwide contest to stimulate the interest and pride of Southerners in the South. The most ambitious attempt to date of Southern manufacturers to promote their market, the contest will offer 100 prizes valued at more than \$15,000 to the winners.

There is a pudding to suit every taste, and one that should please just about everybody is a rather rich date-nut topped with either an orange or lemon sauce.

This pudding will please the one who makes it, too, for it's easy to put together. Cutting up the nuts and dates takes the most time, and that isn't much. The dates are easy to cut if you use kitchen shears and dip them into warm water now and then as you snip.

If you do not have a 1 1/2 quart casserole, use an 8-inch square pan. Like most puddings, date-nut pudding is at its best served warm with sauce to match. Servings may either be spooned out into a sauce dish, or cut into squares, garnished with walnut or pecan half, and topped with sauce. Either walnuts or pecans are very good in this pudding.

Because it is made with enriched flour, date-nut pudding provides excellent vitamin values for the family, including three B-vitamins, food iron, and food energy. Dates and nuts supply additional nourishment.

Date-Nut Pudding in Casserole

A pudding chewy with dates and nuts gets a topping of orangy sauce to please the family that likes its desserts on the sweet side.

DATE-NUT PUDDING
1 1/2 cups sifted enriched flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1 cup chopped nuts
1 cup chopped dates
3/4 cup boiling water
1/4 cup butter or margarine
1 egg
1 cup sugar
1/2 teaspoon vanilla extract
1/2 teaspoon lemon extract

Sift together flour, baking powder and salt. Add nuts. Mix dates, water and butter or margarine. Beat egg and blend with sugar and flavoring extracts. Add to date mixture. Add flour mixture to date mixture. Pour into greased 8x8 inch pan or greased 1 1/2 quart casserole. Bake in moderate oven (350 degrees F.) about 45 minutes for square pan or about 1 hour for casserole. Serve hot or cold with orange sauce.

ORANGE SAUCE
1/2 cup sugar
1 1/2 tablespoons cornstarch
1/4 teaspoon salt
1 cup water

In Ford Series F-6—110-Horsepower, 212 lbs.-ft. Torque. In Ford Series F-6 COE—106-Horsepower, 210 lbs.-ft. Torque.

THE NEW FORD 254 ENGINE GIVES YOU ALL THESE MODERN DESIGN FEATURES

- CHROME-PLATED** top piston ring for better lubrication, longer cylinder life.
- AUTOTHERMIC** aluminum alloy pistons with solid skirt. Steel strut controls piston-to-wall clearance.
- HIGH-LIFT** camshaft for increased valve opening, greater power, more efficiency.
- FREE-TURN** exhaust valves. Self-cleaning, better seating, longer-lived.
- COBALT-CHROME** faced exhaust valves for hard contact surface giving longer wear.
- HIGH-TURBULENCE** Power Dome combustion chambers for more power, greater economy.

110 HORSES of thoroughly proved power, plus new 4-speed Synchro-Silent transmission makes Model F-6 a standout performer in its class!

Seldom has the performance and economy of a truck engine been so thoroughly proved as in the new 110-horsepower Ford Six. First, in a grueling multi-million miles of motor coach work. Second, in millions of hours of strenuous industrial engine service. And now, in millions of miles of tough truck service.

F-6 Ford Trucks, is coupled with a brand new 4-speed Synchro-Silent transmission -- heavier drive line -- many other Bonus Built features.

Come in today and get the facts on the new 110-h.p. Ford Six -- one of three engines available in Series F-6 trucks. Get the facts on over 175 other models ranging from 95-h.p. Pickups to 145-h.p. Big Jobs. See why more truck users are switching to Ford than to any other make.

Last week the House worked on conference reports, passed a bill to authorize the drafting of certain doctors and dentists, approved and took a swing at slot machines. I voted for all of these measures.

The doctor draft will enable the armed services to obtain the necessary number of medical men and dentists to serve the increased number of men being called to duty. At present we have 6,226 doctors and 2358 dentists on active duty. But by July 1, 1951, we will need a total of 11,250 doctors, and 5,000 dentists.

Most of these will be obtained from young doctors and dentists who got all or a portion of their professional education at government expense during the last war. They were enrolled in so-called A STP and Navy V-12 programs.

This latter group, who served less than 20 months during the recent war, will be the first called; then will those with similar service but who didn't get their education at the expense of Uncle Sam. Then will be others generally in the order of length of prior service, and finally the Reservists.

A bill which will make life more miserable for our domestic communists was passed in the House with but 20 dissenting votes. It was much stronger than was recommended by the President and if favored also by the Senate, some observers think Mr. Truman will veto it. But if so, it can probably be passed over his veto.

This measure is in addition to other anti-sabotage and anti-espionage bills previously enacted. It clamps a heavy penalty upon a government employee who transmits, or on a Commie who obtains, security information. Secondly, it would bar Communists or members of the communist front organizations from holding non-elective jobs in government.

A third provision makes it a crime for an officer or employee of the government to contribute funds or services to a Communist organization, and it is made illegal for a Commie to apply for or

renew a passport.

The bill requires the Communist party to label all literature which it publishes or distributes and to identify Soviet-sponsored radio and television programs. And there are a number of other provisions that will add to the discomfort of these traitorous who live among us.

THE ANTI-SLOT MACHINE

BILL which we passed would make it illegal to ship one of the one-armed bandits or parts thereof in interstate commerce. It is true, of course, that no law alone can end the mulcting and racketeering associated with the devices. But this bill when enacted, will make it easier to control the hookups with racketeers who often escape prosecution by fleeing across State lines. This law, with real

effort by local authorities over the country, can do a lot toward breaking down this nefarious gaming device. And it will probably become law this year.

Announcing the Double-Duty CHRYSLER

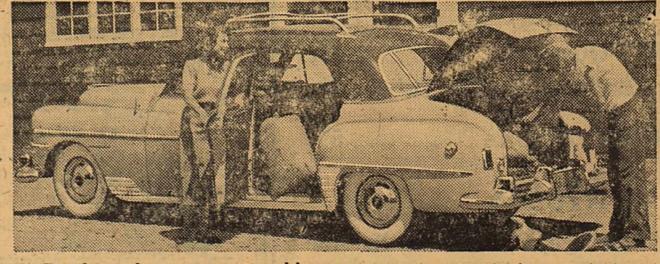

Traveler

the smart new sedan that converts in seconds into a sports car or cargo carrier.

... as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion ... and you have a level deck 6 1/2 feet long. You can sleep on it ... load all your hunting and fishing gear ... haul farm implements, fence posts—a thousand and one

things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel ... find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

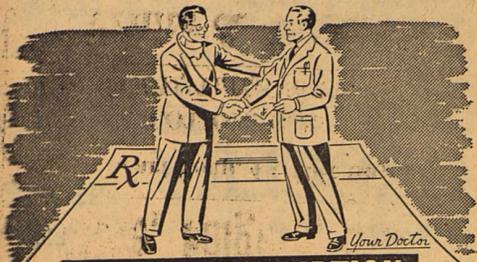

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this car. Upholstery is tough plastic that resembles grained alligator hide.

Are you the LAZY TYPE?

If you have even the smallest lazy streak in you (and who hasn't) here's some good news:

We've discovered a way to save money, lots of money, without moving a muscle!

It's the Payroll Savings Plan. Once you sign up (a very slight exertion at most) you don't ever have to do another thing!

Every payday the amount of money you designate is put away for you—without any effort on your part. You don't even have to take your hand out of your pocket!

Also without any strain (but with much pleasure)—you'll get back four bucks after ten years for every three you invest.

And if you buy these Bonds in denominations like . . . say . . . \$100—think how much easier they'll be to add up!

All in all, buying U. S. Savings Bonds through the Payroll Savings Plan is one of the easiest, wisest, surest ways to save money.

Come on, join up today.

Automatic saving is sure saving — U.S. Savings Bonds
