Winter's Coldest Weather Sends Mercury To 6

Sonora's coldest weather of the year blew in Monday with a "norther" which sent the mercury down as low as 6 above zero Thursday morning.

According to Bill Duckett, Weather Bureau observer, Monday's high temperature was 30, while the low was 10. A trace of snow was also received here, but not enough to benefit stockmen.

Tuesday's high was 26 and the low was 10. Wednesday the maximum was 24, while the minimum rose to 14. Thursday was the coldest day of the week, with 24 and 6 degrees for the maximum and minimum, and a promise of more cold weather to come.

The Texas New-Mexico Station got a reading of 1 degree above zero Thursday morning.

High School Names Honor Roll For Semester

Scout Meeting Held Friday

Two council and district operating training sessions were held during the past week, one in Uvalde Thursday night and one in Sonora Friday night.

At the meeting in Sonora, training was conducted in a like manner for the 33 from six districts in attendance. Districts represented were Permian Basin, West Ranch, East Ranch, Heart of Texas, Colorado River and Twin Mountain.

The group convened in the Sonora elementary school with R. L. Baldwin, president of the Concho Valley Council, presiding. Groups instructed and instructors were identical with the Uvalde meeting with two exceptions. Bryan Dickson, council advancement group, and John E. Robbins, Jr., the finance meeting.

Training was broken down into the two sessions to facilitate the attendance of representatives from the wide-spread districts, according to J. V. Morris.

Draft Board Calls Up 13

Thirteen men from Draft Board 110's five-county district have been ordered to report for induction into the army Tuesday, February 6. Included in this number are three, Bobby Joe Granger (volunteer), Charles Lee Haines (volunteer) and Fred Karl Jungk, from Sonora.

The other include Eldorado: Albert Ray Thigpen and Billy Dan McAngus; Ozona: Ralph Winifred Meinecke, Jr., John Richard Hunt and Ramon Ortego Gonzales; Junction: Norris Lee Frazier, Alfred Ray Carter, and Thomas J. Black; Rocksprings: Oscar Edward Reavis and Bill Earnest Seale.

The following boys have their inductions postponed until the end of the academic school year.

John Wesley Cardwell of Junction, attending Southwestern Unit at Georgetown.

Albert Lowe Stanford, Eldorado, attending Texas Tech at Lubbock.

David Derry Shurley, Sonora, attending Baylor University, Waco.

Office hours of the draft board are 8 o'clock until 5 o'clock Monday, Tuesday and Wednesday of each week. Mrs. Andre Truden is clerk of the board.

March Of Dimes Collects \$807

Three devastating years of the worst polio epidemics in history have wiped out patient care funds of the National Foundation for Infantile Paralysis, and left unpaid bills of \$5,000,000.

So the 1951 March of Dimes, which opened January 10, must raise \$50,000,000 nationally, and \$2,000 in Sutton County.

This sum is essential to enable the Foundation and its local chapters to provide financial aid, equipment and skilled workers for the thousands of children and adults who will be victims this year, and for those needing care from earlier years. Also, the Foundation must continue to pay for research in the treatment and prevention of polio, and the training of professional personnel.

"Let us meet this financial crisis, and give freely to conquer this vicious polio enemy," Sutton County March of Dimes Campaign Director H. M. Smith urged Thursday. To date, \$804 has been collected.

NEW DRAFT RULING ALLOWS COLLEGE STUDENTS TO FINISH SEMESTER

The Defense Department last week knocked out a draft rule which had caused many college students to quit school in mid-term.

The new order gives the student who gets a draft notice to the right to volunteer for the armed service of his choice. As it is the practice now, he won't be called to duty until the end of the school year he has started.

Under the old plan, the student getting a draft call automatically was destined for the Army. Numbers of them dropped out of school to volunteer and get their choice.

The new order permits them to wait until the near of the college year before signifying their choice. The services will accept enlistments in the two months prior to the final month of the term. Then the enlistees will not be called until the term is over.

The rule is effective immediately. Officials said, for example, that if a college student got a draft notice tomorrow he will have automatic deferment until March or April, and then can enlist in the service of his choice.

Education leaders in Washington spoke out for letting college students compete their courses before taking their military training under the administration's proposed new universal service law.

Goodwill Group Coming Feb. 7

Sonora will be visited by the San Antonio Livestock Exposition's goodwill caravan, Feb. 7 at 3 o'clock. Arriving in a chartered bus the caravan will give a free half hour western show, featuring the KABC Texas Top Hands. A U.S. Army and Air Force Recruiting sound car will accompany the caravan.

In addition to twenty businessmen, the group will include Miss Betty Jane Henry, former vocalist with Glen Gray's orchestra; Talk of Texas girl, Jo Nell Amberson; master of ceremonies, Blake McCreless; Trip chairman, Charles Kuper and Aubrey Kline, and R. Beal Pumphrey, stock show official who will extend an invitation to the Feb. 16-25 livestock exposition and rodeo.

Featured attraction at the '51 show will be Eddy Arnold, the Tennessees Ploowboy, who will appear in person at each performance of the Everett Colborn's World Championship Rodeo.

Mail order for tickets can be made to Ticket Office, P.O. Box 1746, San Antonio. Prices are: \$3.60 boxes; \$3.00 dress circle; \$2.40 lower balcony; \$1.50 ball. Performances every evening February 16 through 25 with matinees on Saturdays and Sundays.

In making mail reservations state performance desired and enclose money order or check plus 15c for postage.

SONORAN'S BROTHER BURIED IN SALINAS

Funeral services for W. B. Goodall, 66, former Kimble County resident who died in Salinas, Monday, were held in Salinas Wednesday. He was a brother of Mrs. Joe F. Logan of Sonora.

Mr. Goodall was the son of Mrs. G. A. Goodall of Roosevelt. He operated at garage at Salinas before retiring a few years ago.

Besides his mother, he is survived by his wife, three daughters and one granddaughter, all of Salinas; six sisters, Eunice Goodall of Junction, Mrs. W. W. Adams of Mertzon, Mrs. L. A. Watkins of Rising Star, Mrs. Logan of Sonora, Mrs. Less Watkins of Acolia, general chairman of the show.

The show will get under way at 8 o'clock. Vestal Askew of Sonora will be the judge. The sale will start at 2 and Col Walter Britten of Colleger Station will be the auctioneer. F. H. Whitehead is

Eagles In Easy Win Over Broncs

By Bobby Joe Granger

The Sonora High School Broncos hopes for at least a tie for the west half 4-B basketball title were shattered by the red-hot Eldorado Eagles Tuesday night in Eldorado when the Eagles blasted the Broncos 61-32.

The Eagles domination of the backboard was the whole story. Aided by such men as Joe Ed Spencer, Jimmy Woodward and Glen Biggs, who all tower over the six-foot mark, the Eagles were not to be denied on the backboard.

The halftime score saw the Eagles in front over the cold Broncos 27-11. Despite the high score the Eagles chalked up, Bill Baldwin of Sonora still continued his versatile play and walked off with scoring honors with 22 points. Gerald Hicks of the Eagles took runner-up position with 17.

Previously, the Eldorado "B" team soared to a 45-21 victory over the Broncos. Cheek of Eldorado was high point man with 10 points closely by Jack Ratliff's

A COMMUNITY ASSET

February, a month of notable birthdays, sees the celebration of a "birthday" in which all Americans can properly join. Boy Scout Week, Feb. 6 to 12, reminds us that one of America's largest youth organizations has reached another milestone.

The Boy Scouts of America has reached its forty-first anniversary. Since Feb. 8, 1910, more than 17,750,000 American boys and men have been influenced by the Scout Oath and Law. They have benefitted by using their leisure-time energies in outdoor living and activities of cultural and practical values which lead boys to become dependable men.

Today over 2,750,000 boys and men are actively enrolled in over 75,000 different units. Fortunate indeed are communities where Scouting flourishes. American adults of good character give generously of their time to give leadership. Others help by raising funds and are members of Local Boy Scout Councils which in turn provide training for leaders, camp facilities, worthwhile year-round activities, personal advancement and opportunities for Scouts to render community service.

In celebration of this birthday, the Boy Scouts are engaged in a nationwide clothing collection to meet emergency needs abroad, are stepping up their training for Civil Defense and are promoting greater interest in conserving the nation's natural resources.

Soil Conservation District News

Clayton Puckett, formerly of Sonora, and now a Fort Stockton rancher, was reelected president of the State Soil Conservation District Supervisors Association at a meeting just concluded at Mineral Wells. At this meeting the Association voted to reorganize and incorporate along the general lines of the Sheep and Goat Raisers Association.

Fred Earwood was elected a vice president from State Sub-division No. 3, which includes 51 West Texas counties. The State Association now has five directors from each of the five subdivisions of the state. Other directors elected from this area included Henry Mills, Jr., Del Rio; Clayton Puckett; W. R. Mimms, San Angelo; and M. O. Schultz, Bandera. Horace Fawcett, Loma Alta, member of the State Soil Conservation Board, and Henry Mills attended the meeting.

The Supervisors Association was organized to stimulate state wide interest in soil and water conservation and to coordinate the work of the 150 Texas soil conservation districts. The State Association is composed of and run by landowners, as are the local soil conservation districts. Earwood pointed out that the association is one of the most democratic organizations of its kind, since all directors are elected by the membership.

One of the immediate objectives agreed upon at the meeting was the publication of a magazine which would be the mouthpiece of soil conservation districts in Texas. The Association is indebted to Clayton Puckett for his unselfish efforts toward accomplishing this

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Springs of stout spiraled steel on all four wheels let your wheels curtsy over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you.

However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.

Better see your Buick dealer—soon.

Standard equipment, accessories and trim illustrated are subject to change without notice.

No other car provides all this:

- 4-WHEEL COIL SPRING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING

Howard Kingsbury of Santa Anna, State PMA Committeeman, has been in Washington for several days in the interest of the peanut industry, mesquite eradication experiments and other matters of interest to our area. He reports that a mesquite-killing chemical solution has been concocted at the Spur Experiment Station that is very successful though not so well in South Texas.

The mixture is sprayed from an airplane. The plan is to use it over a belt in the central Texas area this Spring. It will cost a total of about \$3.50 an acre to use it and re-treatment will probably be necessary a few years later in order to complete the kill and take care of sprouts.

If this experiment proves out it will mean a lot to southwest Texas where mesquite has become one big headache to farmers and

MORE CONTRACT AIRFIELDS will be opened to speed the cadet training program, according to the Pentagon. During the last war our district provided contract training at Ballinger, Brady, Coleman, Kerrville and Uvalde. The Army Air Force had facilities at San Angelo, Brownwood and Del Rio.

The Pentagon has told me that around 8 or 9 contract fields may be opened over the country soon with the particular fields being designated not by the Air Force but by the individual contractors who will bid for the privilege of training the cadets at so much per hour, etc., in accordance with AF specifications.

YOUR HEALTH

Rheumatic fever is serious because it may affect the heart,

said Dr. Geo. W. Cox, State Health Officer. Age is important. Rheumatic fever usually begins in childhood at about age 5 or 6, although adults may have it. There is a susceptibility to the disease

which causes rheumatic fever to be more common in some families than others. The other factors which may favor its onset, combined with an individual susceptibility, are frequent chilling, damp

or overcrowded living quarters, and a poor diet.

It is also known that one attack of rheumatic fever does not protect a child from future attacks as, for example, one attack of measles does. On the contrary, rheumatic fever tends to recur. Repeated attacks are more likely to damage the heart. It is not communicable as chickenpox and measles are, and there is no danger of catching it by being in contact with a child who has it.

The physician is the only one whose judgment can be relied upon in this matter, and his directions should be followed exactly, no matter how well the patient feels or how slight the attack.

Good nursing is important for rheumatic fever patients. In communities which have visiting nurse service, a visiting nurse can give help of great value to the patient and to the doctor.

The child who has had rheumatic fever, with some degree of heart damage, should not be coddled but should be led to enjoy his home and school life, just as other boys and girls do. While it is important to provide the child with healthful surroundings and to encourage him in healthful living habits, harm can be done by overemphasizing the physical handicap.

If serious heart damage exists, and his activity is limited, he must learn to stay within these limits. But even children whose activities must be rigidly restricted because of a severely damaged heart can have a wholesome interest in

The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people - individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in over-loading.

*"The Case of The One Per Centers," an article in The Texas Tax Journal, July-August, 1950

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users - individual and commercial - can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

Band To Del Rio Clinic Saturday

The Sonora Bronco Band will attend the Del Rio Festival Clinic Saturday morning, take part in a competitive parade in the afternoon and wind up the day with a concert, banquet and dance. Band Director Ross Hay will take 56 band members to the clinic in school buses.

Sonora won the band trophy at the clinic in 1948. The 1949 winner was Fort Stockton and the 1950 winner was Brady. Other schools which will be represented are Uvalde, Marathon, Sanderson, Eldorado, Eagle Pass, Comstock, Pearsall, Pecos, San Felipe, Del Rio and Pryor.

Sonora drum major is Tyree Hardy and twirlers are Carnie Sue Wyatt, Lena Lanier, Peggy Reiley and Mrs. Jack Sharp.

1950 TEXAS BUILDING INCREASED 71% OVER 1949

Building permits in 62 Texas cities totaled \$721,585,777 in 1950, or 71 per cent more than in 1949, the Texas Bureau of Business Research reported.

The December total was \$86,980,338, up 71 per cent from November.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."
