SEVENTEENTH WEEK

## ... Son of a gun ...

Cattle numbers are increasing in Sutton County, largely because of bitterweed trouble in sheep. Tax rolls show more than 8,000 cattle in the county.

Quality of the cattle is exceptionally good, as evidenced by the high market prices they usually command. Ranchmen are quality conscious. Among leading cattle breeders of the county are R. A. Halbert, Bill Wade, Libb Wallace, Cleve Jones, Sr., Cleve Jones, Jr., Joe Logan, and Sol and Edwin Mayer.

Most ranchmen last year dipped or sprayed their cattle to control parasites. Most popular was DDT, with BHC, toxaphene, and methoxychlor used to a lesser degree. Some stockmen used rotenone against grubs.

The News omitted three 4-H Club members last week who won prizes at the FortWorth show. Lynn Kirby won second in the fine wool open class, Anna Rose Glasscock won 15th and Arnelma Odum won 16th in the cross bred open class. . . . The club has bought a new 9-passenger carryall and will use same to take exhibitors to shows in . . . Time Magazine's cover man two weeks ago was Lester "Tex" Colbert, president of Chrysler Corporation, and an uncle of Mrs. Edwin Sawyer. Colbert hails from Oakwood, Texas and is a UT graduate. . . . Jack Turney will judge cutting horses at the San Antonio Livestock Exposition next week. Dr. M. E. Genrich is entering a quarter horse in the show. . . . Willie B. Ory, a Sonora boy who graduated with the class of 1942 here was in town Wednesday. After he left Sonora, Ory served three years in the Air Force, graduated from Texas A & M College and is now an inspector for the Texas Livestock sanitary Commission. He lives in San Angelo. . . . Joe Berger has an orange tree that did not freeze during the cold spell last week. The tree at present has 13 oranges. . . . Mat Adams must have confused the vapor trail of a jet plane with grass fire smoke Tuesday afternoon when he reported a fire at the Mayfield-Sawyer corner down by Fort Terrett. Anyhow, the fire department drove around the area for some time without finding a fire and besides that, a jet plane was reported over the area that day. The firemen can hardly wait until next week's meeting. They want to talk to Mat. . . . Mans Hoggett and R. A. Halbert have been elected directors of the American Polled Hereford Association. . . . Corky Schwenning received a big juicy kiss Thursday afternoon from Betty Jane Henry, singer with the KABC Texas Top Hands. The band was here hosting the San Antonio Livestock Exposition. Corky was a little surprised but certainly didn't lose his poise.

Tom Ratliff and Artie Joy brought Joy's son, A. Z., home Friday from a Galveston hospital, where he underwent an operation on his hip. The hip was injured in a motorcycle accident two years ago. . . . Jimmy Cook, son of Mrs. R. V. Cook, left Friday for Houston, where he will take his physical examination for the Navy. Cook is married, his wife being the former Miss Ernestine Clark of Eldorado. . . . Mrs. G. H. Davis is returning from a San Antonio hospital where she has been receiving medical treatment. . . . Bud Gibbs is recovering from a broken ankle. . . . Mrs. P. H. Coates and daughter, Debora Ann are visiting her parents at Bracketville this week. . . . Leo Merrill has reported to A & M College, where he will work on his master's degree. . . . Leroy Withworth bought out the cleaning and pressing shop of Jack Brown in Rocksprings and has incorporated it with his shop, the Model Cleaners. . . . Mr. and Mrs. Ed Pfister are moving to their eight and one-third section ranch southwest of Fort Stockton, having bought livestock on the ranch from a former leasee, Herman Chandler. Pfister is the son of Mrs. Beula Pfister of Sonora, and lived here for 20 years.

First Navy aircraft catapulted from a shipboard-type catapult was piloted by Lt. Ellyson on Nov. 12, 1912.

## Funeral Services Held Sunday For Mancel Crumbley

Funeral services were held here Sunday afternoon at 2:30 o'clock for Mancel Crumbley, 37, who died Friday at the Veterans Hospital in Waco.

The Rev. J. E. Eldridge conducted services at the First Baptist Church, and the Dee Ora Masonic Lodge had charge of graveside services. Interment was in the Sonora Cemetery. Crumbley had been in ill health and had been a patient in the hospital for some time.

He was born September 1, 1914, at Leander, Texas, and moved with his family to San Angelo in 1928. He came to Sonora in 1934, and was engaged in the trucking business until 1942, when he volunteered for service in the Navy. He served aboard a battleship and participated in several battles in the Pacific. He received his honorable discharge from service in 1945.

He is survived by his parents, Mr. and Mrs. Elmer Crumbley and a brother, Connie Crumbley.

Palbearers were Bill Fields, Bill Smith, Artie Joy, Dave Locklin, Raymond Morgan and Francis Archer.

## Local Reserve Unit Gets New Status

Orders were received this week changing the designation of the Army reserve unit located in Sonora. Until this week the unit was Company F, 2nd Battalion, 357th Infantry Regiment, a part of the 90th Infantry Division. The new designation is Company B, 830th Aviation Engineer Battalion.

Operating since December 1949 as an Infantry company, the unit has been meeting for training periods once a week. These training meetings have enabled local Army reserve personnel to remain active as members of the reserve. It has also made it possible for members to maintain the ranks they held at time of release from active duty and in several instances men have qualified for promotion.

With the change in unit designation Captain Tom Darrow, an Engineer officer, has been assigned as company commander. Captains Jarrow and Lea Roy Aldwell both served as company commanders while the unit carried an Infantry designation.

Captain Darrow announced that his meeting scheduled for February 12, would be cancelled due to the necessity of revising the training schedule to meet the requirements of the new unit. Training will be resumed on Monday, February 19, 1951.

## HUMBLE PAYS 53 CENTS FOR SUTTON 4-H CALF

Billy Bob Ellingson, 13, exhibited his prize Angus steer, "Elmo," at the Houston Fat Stock Show which opened January 31. "Elmo" won third place at the Sutton County 4-H Club Fat Stock Show, January 20 before being shown in Houston.

He sold the 990-pound steer at the Fat Stock Show auction Friday, February 2 for 53 cents a pound. Joe A. Haegelin, farm and ranch representative of the Humble Oil & Refining Company, was high bidder.

Young Ellingson is the son of Mr. and Mrs. Ellingson of Sonora. He is in the seventh grade and a member of the 4-H Club.

First take-off from a ship in Naval aviation was made on Nov. 14, 1910 by Eugene Ely.

## 100,000 Pounds 12-Months Sold For \$1.47 1/2

The Sonora Wool and Mohair Company this week announced the sale of 100,000 pounds of 12-months wool at \$1.47 1/2 cents per pound to Winslow and Company of Boston. Clyde Young of Lampasas was the buyer. This purchase is a contract deal.

Also contracted was 450,000 pounds of 12-months at \$1.37 1/2 per pound to Bill Fields of Sonora, representing Albert Schneider Company of Boston.

According to George D. Chalk, warehouseman, about 700,000 pounds of 12-months remain to be contracted. All 8-months has been shipped, Chalk said.

## MAN INJURED IN OIL WELL EXPLOSION

John (Slim) Bunnell, employed on the Norsworthy No.2 in the Brushy Top Field, Wesley Young driller, received three broken ribs, bruises and severe shock early Monday morning when butane gas which had accumulated in a shed near the well, exploded. The steel door on the shed struck Bunnell. He was brought to Sonora for treatment and is recovering at his home.

The well is located on the Thompson ranch.

## Soil Conservation District News

Grass, man's best tool for anchoring soil against erosion, was given a sound vote of confidence during 1950 by Texas farmers and ranchers.

Increased respect for this weapon against soil and water waste is reflected by last year's seed harvest, which shows 746,599 pounds of native grass seed harvested in Texas.

Leading the native grass seed harvest parade were little bluestem (400,325 pounds), and blue grama (202,410 pounds), both warm seasons forage plants.

The 1950 seed harvest figures also reflect widely increased use of King Ranch bluestem by conservation-wise farmers and ranchers. It is a deep-rooted introduced perennial grass known for its erosion-resisting and forage qualities and its adaptation to wide extremes of rainfall.

Throughout Texas, a total of 50, 537 pounds of King Ranch bluestem seed was harvested, easily a new record seed take for the popular drought and cold-resistant grass.

From Texas' more than 4 1/2 million acres in close-growing, soil conserving legumes, a total of 25, 216, 000 pounds of legume seed, was harvested during 1950.

The 1950 seed harvest is a clear indicator that Texas farmers and ranchers are paying increased attention to the use of grasses and legumes in improving the soil and fighting soil and water waste.

The Supervisors of the Edwards Plateau Soil Conservation District are formulating plans to send a delegate to the fifth annual meeting of the February 20th through the 23rd.

Delegates to the convention will have a chance to see two of Oklahoma's top attractions in soil conservation. One of these points of interest is the Department of Agriculture's watershed flood control program on the Washita River where land treatment is being combined with engineering structures to keep rainfall on the land and slow down run-off.

The other point of interest is the Wichita Wildlife Refuge near Lawton. Here the visitors will see herds of buffalo, elk, deer, and longhorn cattle on native bluestem range against a rugged mountain background. A buffalo barbecue luncheon will be served by the Comanche Soil Conservation District board of supervisors at Lake Quanah Parker. The lake bears the name of the famous Comanche chief who lived in the area.

The bluestem ranges on the Wichita Wildlife Refuge are believed to be the only remaining areas of native bluestems which which have not been commercially grazed.

Speeches by Secretary Charles Brannan of the Department of Agriculture and Dr. H. H. Bennett, Soil Conservation Service Chief, and a three-man panel discussion on the needs of Soil Conservation Districts are expected to be program high-lights.

On the panel will be Allen Kline, president of the American Farm Bureau Federation; Obed Wyum, Chairman of the program com-

## 4-H Exhibitors To San Antonio

Members of the Sutton County 4-H Club, back from the Ft. Worth and Houston shows, will leave next Friday for San Antonio, where they exhibit their livestock at the San Antonio Exposition.

Jack and Frank Adkins will show their Hereford calves and Lynn Kirby will show her Angus calf. Those showing lambs at the San Antonio show are: Carlos Loeffler, Tommy Love, Joe David Ross, Tyree Hardy, Eddie Smith, George Spinks, Joe Renfro, John Mittel, Connie Locklin, Billy Bob Ellingson, Russ Chalk, George and Jack Johnson, Charles Genrich and Oscar carpenter.

County Agent D. C. Langford will leave with the stock Wednesday February 14. Parents who will attend are Joe Brown Ross, Mr. and Mrs. Fred Spinks, Mr. and Mrs. Dave Locklin, Mr. and Mrs. S. M. Loeffler, Mr. and Mrs. Preston Love, Mrs. Jack Ellingson, George E. Smith, Mr. and Mrs. H. C. Kirby, A. H. Adkins and Dr. M. E. Genrich.

## ELDORADO LIONS TO PRESENT CONCERT

The Eldorado Lions Club will sponsor a concert Friday, February 23 in the Eldorado high school auditorium presenting Dr. Erich Sorantin, violinist and Joe Kreklow, pianist. Tickets may be bought here from S. M. Kerobow or the door. Sonora music lovers are cordially invited to attend.

## NEW VETERINARIAN FOR EXTENSION SERVICE

Dr. C. M. Patterson on January 15 became veterinarian for the Texas Agricultural Extension Service. He succeeds Dr. W. C. Banks who resigned on December 31 to accept a teaching position in the School of Veterinary Medicine at Texas A. & M. College.

In making the announcement Director G. G. Gibson said that Patterson is a native of Sweetwater and a graduate of Texas A. & M. College. From 1947-50, he was a practicing veterinarian and from August 1950 to January 1, 1951, was employed by the Alaska Department of Public Health.

The extended drought has reduced the reserve food supply that pasture plants normally store in their crown and root systems. Since new spring growth is dependent upon this stored food, proper management of pastures in the spring is very important. Little or no grazing be allowed until the plants have made good growth.

First landing aboard a ship in naval aviation was made aboard the USS Pennsylvania on Jan. 18, 1911.

The average dairy cow will consume from 100 to 120 pounds of water daily and if this water is not supplied, milk production drops off rapidly for milk is approximately 87 per cent water.

The subject for this year's essay contest is "How Conservation Has Made My Home Town Better." Essays are limited to 300 words, and any student of the local school is eligible to enter.

The Edwards Plateau Soil Conservation District will award a total of \$32.50 prize money for the seven best essays, and all essays will be entered in the Ft. Worth Press contest. First prize in the State Contest will be an all expense trip to Colorado.

Last year Jackie Wardlow, Sonora High School Student, won first place in the State with her essay on "My Soil Conservation District."

Stuart W. McCormack, January graduate of Texas A & M College in range management, reported this week for work with the local SCS Work Unit.

McCormack is originally from Kerrville, and comes here with his wife and son to make his home while in training to assist ranchers through Soil Conservation Districts.

## Draft Board To Send 33 More For Physicals

Thirty-three young men from Sutton, Schleicher, Crockett, Edwards and Kimble Counties, including 14 from Sonora, will report Friday, February 16, in San Antonio for their physical examination prior to induction into the army.

Those from Sonora who will report are: Esequiel Garza Duran, John Wesley Joy, Henry Berlanga, Juan Noriega Reyna, Rudy Bitel, Jr., Miguel C. Ibarra, Jr., Charles Edwin Montgomery, Joseph G. T. deBerry, Jose Guadalupe Sandoval, Abelino Castro Sanchez, Jr., Ralls Royce Regeon, Felipe Solez Gonzales, Ramon C. Santos, and James Albert Yancy.

Schleicher County - Gordon Wesley Hamm, Reuben Neill Dickens, Ivan Hilton, and Andres Pena Villareal.

Crockett County - Ernesto Tijerina Martinez, Jr., Isaias Longoria Rios, Pedro Gonzales Vargas, Alfredo C. Delgado, Charles Manuel Cunningham, and Alan Lee Armentrout.

Edwards County - Beauford Hue Lackey, Rex Hayden Long, and Joe Lynn Whitley.

Kimble County - Billy Joe Frazier, Carl Edward Baker, Ray Curtis, Jr., Richard Weldon Bradshaw, Billy Joe Davis and Robert William Davis.

## March Of Dimes Passes Quota

The Sutton County March of Dimes passed its quota of \$1,500 this week when H. M. Smith, drive chairman, reported that \$1,642.49 had been banked through Wednesday. Added to this will be the gate receipts from the volleyball game played Thursday night between the faculty and students.

Smith said the amount banked Wednesday included individual donations, which were \$1,261.53 totaling \$136.07; Iron Lung collections of \$208.82 and receipts from the veterans basketball game Monday night of \$36.03.

The Iron Lung placed at the Sonora Drug Co. yielded the most money \$107.42 while the receptacle at the Lopez Cafe was second with \$18.07.

## ELLIOTT SCHOOL TO GIVE BENEFIT SUPPER

The L. W. Elliott Parent-Teacher Association will sponsor a Mexican supper Saturday night, February 17, at the school. The public is cordially invited to attend.

## 2,100 ENTRIES SO FAR IN SAN ANGELO SHOW

San Angelo's 18th annual Fat Stock Show will have more champion livestock on parade when it gets underway next month than any previous show in its history.

More than 2,100 head of livestock have been entered in seven departments in competition for \$6,826 in premiums. Last year's show boasted some 2,000 entries. The 1951 show is scheduled for March 1 through 3 at the San Angelo Fairgrounds.

In addition to the livestock show, a junior college livestock judging contest will be held. Seven junior college judging teams have been entered in the event. They are: San Angelo College Ranger Junior College, Paris Junior College, Wharton County Junior College, Weatherford College, Southwest Texas Junior College and Laredo Junior College.

The program will begin on Thursday, March 1, with the Boys' Show Livestock judging during the opening day will be held in the Fat Lamb Show, Hereford Cattle Show, Breeding Swine Show, Fat Pig Show and Brahman Cattle

Funds will be used to purchase equipment for the school.

## Sutton Brushy Top Test Due

C. L. Nasworthy and Lone Star No. 8 R. M. Thomson will be a slated 1,500-foot cable test in the Brushy Top field in Sutton County. It will be 1,650 from south, 990 feet from east line of section 67-A-HE&WTRR survey.

The present drought in Texas should be evidence enough that livestock producers seldom ever get too much feed on hand. Producers who have stored silage, hay, other roughages and feed grains are now cashing in on their stored crops.

During the second day of showing, the following shows will be judged: Fat Steer Show, Rambouillet Sheep Show, Suffolk Sheep Show, Southdown Sheep Show, Hampshire Sheep Show, Delaine Sheep Show, Corriedale Sheep Show, and Shropshire Sheep Show.

The junior college judging contest will begin on Saturday morning, March 3 at 8 o'clock. The show will close with the Boy's Sale, which begins at 9:30 o'clock on the closing day.

**Uncle Sam Says**

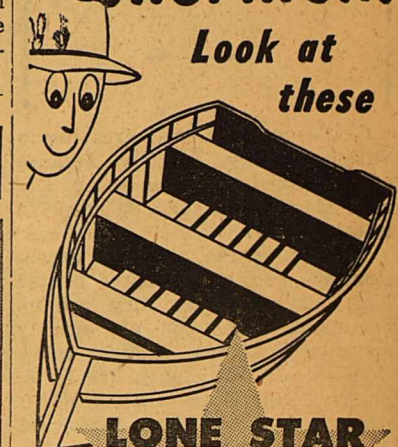

"A Pyramid of Cash Savings." It's not alone possible but it can be made a certainty. Your government offers you a proved, sure-fire savings plan that can change your entire life. It's the Payroll Savings Plan for the purchase of U. S. Savings Bonds. Ask yourself: "out of all the money I've earned in the past 10 years how much can I show today?" Now look ahead—say to 1961. During these years you can build a pyramid of savings by enrolling for the Payroll Savings Plan where you work, or if self-employed, the Bond-a-Month Plan at your bank. "Here's to 1961."

**INCREASING NEED FOR POLIO FUNDS EXPLAINED**

When infantile paralysis strikes, very few families can afford to pay the entire cost of patients care. This may range from a few hundred dollars up to \$15,000 or more, depending upon the degree of physical involvement and the months or years of necessary care. March of Dimes money is a Godsend, available to everyone who needs it.

For example, March of Dimes funds amounting to \$17,000 have helped one Texas boy stricken in 1948. Hospital and physical therapy charges came to over \$11,000, nursing almost \$5,000.

**New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!**

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflo Drive.\*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road.

\*Standard on ROADMASTER, optional at extra cost on other Series.

That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is: Once this one's discovered, the demand will be terrific.

OF PARTICULAR INTEREST to the farmers and ranchmen of Texas, as well as other States, is the negotiations now going on in Mexico City between Mexican officials and the American State Department relative to a renewal of a labor agreement. The confab began on January 25 and is due to last for two or three weeks.

The treaty that has been in operation has been unsatisfactory. It has been bogged down in red tape and in many respects has worked an unfairness and hardship on the employers. As it has been, the employer has had to make a bond to deliver the laborers back at a given time, but the employees have been under no obligation to remain. This unilateral arrangement has been unfair and graduated at San Antonio.

Miss Helen Lewenthal accompanied by her brother, Willie, left Saturday for the Masonic Home at Fort Worth to again enter school. She will finish there this term.

Ira L. Wheat returned Sunday from a business visit to San Antonio and Fort Worth. He was water bound for several days at Fredericksburg.

Mr. and Mrs. J. J. Yowell returned Saturday from a month's visit to friends and relatives in Dilley, Texas.

Fitzhugh Lee of San Angelo was here this week visiting his brother-in-law, Earl Hargrave, manager of the telephone exchange.

unjust to the ranchmen and farmers.

A House Agriculture subcommittee, headed by Rep. Bob Poage, of Waco, has been probing this subject and is observing the Mexico City proceedings in an advisory capacity. The Texas Farm Bureau Federation, the Sheep & Goat Raisers' Assn., and the Cattle Raisers, have all urged an improved and more workable agreement.

Heading the State Department negotiators is Dick Ruebotton, of Brownwood. A native of Corsicana, Ruebotton is thoroughly acquainted with the practical problems of farmers and ranchmen. He will strive for the best agreement that can be obtained from the Mexican representatives.

Proceeding the Mexico conference, a dozen Texas Farm Bureau men came to Washington to plug for a simplified, common sense treaty to replace the old one. Sam Allen of Lamesa, formerly of

Christoval, took a leading part in the Washington talks. The Texans urged entry of agricultural workers upon work permits, then to be processed at recruiting stations on this side of the border. No unilateral bonds would be required to assure the return of the Mexican worker, and "wet-backs" would, when apprehended, be taken to recruiting stations for processing if they desired. These were among the points emphasized.

Incidentally, the Farm Bureau spokesmen also conferred with legislators about possible amendments to the Wage and Hour Act in order to allow itinerant Mexican cotton pickers to let their children work during the brief harvest season before returning to their schools in the Fall of the year.

Officers of the Navy now receive a 24-week basic course in Naval medicine.

**QUESTIONS & ANSWERS FROM VETERANS ADMINISTRATION**  
 Q. Yesterday a salesman came around selling subscriptions to a veterans' magazine which he said

was endorsed by VA. Is that true?  
 A. No. VA has never endorsed any magazine or other publication. The salesman was misrepresenting the facts and should be reported to the proper authorities.  
 Q. I just received a small inherit-

ance and I'd like to pay my GI home lone in full. Is that permissible?  
 A. Yes. All GI loans may be paid off ahead of the due date, without fee or penalty on the veteran's part.

**A LOOK AT THE BOOK**  
 By DR. BOB JONES, JR.  
 PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

"Jesus of Nazareth, King of the Jews." This title written by Pilate was nailed to the cross upon which Christ died. Pilate evidently angered at the insistence of the Jewish leaders upon the death of Christ and possibly ashamed of his own weakness in giving way to them, in the words of the inscription jests at the Jews. The leaders of the people sent back a request to Pilate that the title be altered to read, "He said, 'I am King of the Jews'" (John 19:21), and Pilate in his abrupt and angry reply, "What I have written I have written," betrays his motive in setting up the inscription above the head of the Crucified. He implies by his words, "Behold this poor creature. He is a king, and over what a poor people does he reign." As the reed placed in His hand was a mock scepter, as the crown of thorns upon His brow was a mock diadem, so Pilate by

the inscription makes the cross a mock throne.  
 Judah rejected her King but nowhere is He more kingly than upon those in agony He shall some day sit upon the throne of David. He who endured the cross, despising the shame, shall reign over all nations. The brow crowned with thorns shall wear a diadem. The hand that held the reed and was nailed upon a cross shall grip a rod or iron and a scepter of power. Pilate write more truthfully than he knew that day. He is king of the Jews, but the inscription was incomplete. God's full inscription will be written on His vesture and His thigh when He comes again again in power to rule not Judah alone, but all the nations of the world. "King of kings, and Lord of lords." (Revelation 19:16).
