TWENTY-EIGHTH WEEK

... Son of
a gun ...

The money which your sons spent at the Valentine box supper at the Elementary School went for a good cause. A Bell & Howell 16 mm movie projector, with sound and all accessories was recently delivered. The machine can stop on a frame, reverse, and has a 1,000 watt lamp which makes the picture on the screen exceptionally bright and clear and reduces eyestrain. The cost was \$540, and the machine has a lifetime guarantee. Wonder whose lifetime? The school also bought a film strip and slide projector, the finest type manufactured. Both machines are used as teaching aids, and we think, after looking at the slides on arithmetic, that they are worthwhile.

Possibly, when we were in the second grade at P. S. 21 in Houston, arithmetic slides might have helped us understand long division. Mrs. Byrnes, rest her dear old soul, just never could get us to see long division. This may have been because we spent most of the time locking out the window while Mrs. Byrnes was explaining long division at the blackboard. So, as we see it today, two things could have made long division whizzes out of us: one, for Mrs. Byrnes to hold the blackboard out the window where we were looking, and the other, to have had arithmetic slides.

But we haven't allowed ignorance in long division to interfere with solving the maze of mathematical problems which confront the businessman of today. We simply call up one of the lumber yards, chat a few minutes about the cost of adding a closet, and then say, "By the way, see what your calculator has to say about 12 into 144; somebody borrowed my pencil." The answer bounces back fast as radar and all it cost was a five or ten minute conversation.

Alan Saunders, former Sonoran who now operates a nursery business in Ozona, has written the words and music for a new song, "Silver Wings." We're not enough of a musician to describe what the music sounds like, other than to say its mood is serious. The words, however, we publish:

Silver Wings
O Silver Wings, Please carry me home,
On Silver Wings, I'll never more roam.

I've wandered far-O'er land and O'er foam,
On Silver Wings that taught me to roam.

I've seen the road to Mandalay, the harbor lights of old Bombay,
O Silver Wings, I'm so all alone,
So please make haste and carry me home.

I met a gal down Mobile way, and promised her I never would stray,
But the cannons roared and I knew I must go

On Silver Wings to meet the foe, if I should die E'er my mission ends, I pray the Lord, forgive my sins.

And to my loved one make it known
That Silver Wings have carried me home.

Saunders, who served in the Air Force as pilot during the war, has copyrighted the song and expects to have it played over the radio soon.

Here's a letter from an 18-year-old English boy who wants a pen pal. It's from Jim Newman, 66 Clark Way, Leavesden Green, Watford, Herts England, and is addressed to Mayor Alfred Schwiening:

"This may seem a bit unusual, but I wonder if you could possibly find me a penfriend. At the moment I am confined to my bed, so I get through plenty of letter-writing. While having plenty of friends here in England, it would be very nice indeed to be able to communicate with someone there in the USA. My age is eighteen. I am interested in any sport and if there is any boy or young man interested in English football I will gladly enlighten him on any query. Hoping you will be able to oblige Jim Newman."

If someone about his age will correspond with Jim, we'll send him the paper.

Showers And Hail Fall Friday

Scattered parts of the county received some rain and hail Friday night. Dan Cauthorn received .30, Thomas Morris .35, Sears Sentell .70, Alfred Schwiening .50, D.Q. Adams .50 and some hail. The Loma Alta area got from 3/8 inches to one inch according to Jack Lane.

Some hail fell in Sonora, but the bulk fell about 15 miles east of town. In town hailstones were about the size of the end of a pencil.

MOTHERS OF CHILDREN ENTERING SCHOOL IN SEPT. TO MEET TUESDAY

Mothers of children who will enter first grade of the Sonora Elementary School in September will meet Tuesday morning at 9:45 o'clock in the school library, according to Rex Lowe, principal.

Sponsored by the school and the Parent-Teachers Association, the purpose of the meeting is to acquaint mothers of future first graders with requirements for entering school and to outline the school program for the first year.

A. E. Neal of San Angelo stuck a card in a local ranchman's pocket the other day. On the card was the following: "Thunder showers April 27, in Sonora, between 3 and 7 P. M." We'll see, Brother Neal, we'll see.

The Corner Drug Store received a check for account from Wray Campbell last week. Pasted on the enclosed statement was a sticker which stated, "Tourist Money Paid This Bill! Tourists are our business and this check proves that tourists are your business too." Tourists may not be our main business, but they certainly are a big part of it. Campbell's sticker also proves one of the most wonderful things about money: it circulates.

On 30 spools of microfilm can be kept a complete photographic record of the First National Bank's business transactions for a year. In fact, the bank has been doing this since 1938. The winners of the children's photogenic contest conducted about a month ago at Joseph's will be published if and when they are announced. Noted in a release from the State Medical Association: "Virus, virus, undesirable, how does your poison grow?"

An effort should be made to locate the doe that wrote that and isolate him. Next week's will probably have something like this: Metatarsal, Metatarsal, you feel so arful, how does you little bunion grow?"

A local purveyor of pharmacopoeia is going to spend a few days each week assisting one of the local exploration crews in its search for oil. But we faithfully promised we wouldn't put his name in the paper, and so we won't. If out-of-town subscribers will please mail us a self-addressed postcard, we will be glad to let them in on the know. The Ozona Stockman and the Eldorado Success have each published stories crediting Attorney General Price Daniel with saying that neither Crockett nor Schleicher County has any slot machines. But we have not heard from Daniel.

Kerbow To Head Lions Club For Next Year

S. M. Kerbow, local lumber company manager, was elected president of the Sonora Lions Club for the next year. Annual election of officers was held Tuesday following the club's luncheon in the basement of the Methodist Church.

Named vice-president was A. E. Prugel. A. E. Brodhead was elected second vice-president. Other officers are: secretary, A. E. Prugel; treasurer, A. E. Prugel; tail twister, Ervin Willman; Lion tamer, Bomer Gist.

Directors are George H. Neill, Joe Berger, G. H. Hall, E. D. Shurley, Jack Mackey, Louin Martin, and Lea Roy Aldwell.

On the program, Mrs. Jack Ellington and Mrs. Malcolm Bolinger sang three duets, accompanied by Mrs. Batts Friend, W. R. Cusenbary gave a report on the new officers of the West Texas Chamber of Commerce.

Creep Feeding Pays Off, Station Experiments Show

Does it pay to creep-feed calves? How much feed will it take to produce 100 pounds of gain by creep-feeding?

These questions have been answered by A. L. Smith, Extension Service animal husbandman. He pointed to research conducted by the Texas Experiment Station.

One hundred fourteen pounds of extra calf gain was produced by feeding 229 pounds of cottonseed meal and 915 pounds of grain. The weaned calves were fat enough for slaughter. They would have sold for 10 per cent more than other cows.

This feed would cost about \$40 today. With present cattle prices, the creep-fed calves would sell for nearly \$50 more than calves not fed.

The extra 50 pounds of weight on the mother cows insures a better calf crop next year. On the market, that 50 pounds would sell for \$12 to \$14. The Experiment Station workers explained that the mothers of creep-fed calves gained more because they ate some of the feed while the calves were being trained to eat. Also, the calves did not nurse these cows as much as did the calves not creep-fed.

Creep-feeding is usually not profitable if the calves are to be sold as fat slaughter calves or immediately full-fed after weaning. It is desirable for developing breeding heifers early. Purebreds develop good conformation and thick fleshing, bringing better prices.

Creep-feeding may not be profitable for steer calves which will be grazed or wintered on roughage after weaning.

Proportions of grain and protein concentrate in creep-fed mixtures should vary according to the amount of milk the calves are getting and the condition of the pasture. More protein is needed when milk flow is low or if pasture are not green and plentiful. Usually, five to seven parts of grain are mixed with one part of cottonseed meal. In the Texas experiment, one mixed with one part of cottonseed meal with four parts of grain.

A good mixture until calves are

Cusenbary Gets SCS Award As Best Farmer

Ben Cusenbary will receive a \$22 cash award as the best farmer in Region 2, of the Save the Soil and Save Texas Soil Conservation program sponsored by the Fort Worth Press. This is the sixth annual contest.

Region 2 is comprised of 51 counties in west and southwest Texas.

According to Walter R. Humphrey, editor of the Fort Worth Press, "Save the Soil and Save Texas is the name by which this program has been carried on because we believe that if Texas is to grow and prosper and attain its high destiny, its soil must be saved. We are gratified by the enthusiastic state-wide response to this annual awards program and by the full and generous cooperation which it has received from all sides. The fine conservation-minded people of Texas have made it the success it has become."

"The program is carried on primarily through the organized soil conservation districts of Texas which represent the most practical and effective instrument of achieving the conservation goal on a broad basis."

17 Make High School Honor Roll

Seventeen Sonora high school students made all A's in their studies during the fifth six-weeks period, according to Norman S. Davis, high school principal.

Seniors making all A's include Fred Adkins, Enequina Chavez, John F. Howell, H. W. Kile, Martha Renfro, Onita Smith, and Blanche Taylor. Those making all A's and one B were Flora Dell Davis.

Junior Class: All A's Esther Chavez, Irma Gomez, Eva Lee Moore, Myrtle McKee, and Carrie Sue Wyatt. Those making all A's and one B are Inez Chalk.

Sophomore Class: All A's Patsy Gandre, Nettie Kisselburg, and Rita Renfro. Those making all A's and one B are Oscar Carpenter, Joe David Ross and Billy Scott.

Freshmen making all A's and one B are Bill Ratliff and Marilyn Valliant. None Made all A's. Eight Grade: All A's Greta Shaw and Rose Alice Turney. All A's and one B Ralph copeland, June Henderson and Martha Moore.

Henderson Sets State Record At Regional Meet

In the Class B competition at the Region Two track and field meet last Saturday in Brownwood, Gene Henderson, competing in the discus throw, set a new state Class B record of 142 feet, 7 1/2 inches. The old mark was 135 feet, 6 1/2 inches. The old Region Two mark was 119 feet, 3 3/4 inches set by Finley of Novice in 1950.

At the Meet the Brady High School Bulldogs won their fourth straight championship with 55 2/3 points. Clyde was named the Class B champion with 41 points.

Duane Prater, whose recall to active duty is reported in this edition under the column, "What's going on in Sonora," has subsequently been advised that since he has four dependents, he will not be recalled.

four months old, is: 200 pounds of coarsely-ground corn or sorghum grain; 100 pounds of oats, coarsely-ground barley or wheat; and 50 pounds of cottonseed meal. After four months, use 600 pounds of cottonseed meal.

The feed mixture may be self-fed or hand-fed in amounts needed to produce the desired gain. Check regularly to insure regular feeding. Discard any feed which has become spoiled from getting wet.

Locate creep-feeders near watering places. The calves learn to eat the feed in the creep while the cows are resting around the water or salt trough. Calves start eating quickly if a small amount of salt is sprinkled on the feed in the trough creeps.

Calf creeps are easily constructed. Enclose the trough or feeder with a fence to keep out the cows. Calves enter the creep through gates or gaps which are large enough to let the calf pass through but too small for the cows. Some self-feeders are constructed with small passages leading directly to the feed trough. These are convenient to use when it is desirable to move the creep several times during the season.

Rifle Club May Be Formed Here

County marksmanship enthusiasts met in the District Courtroom Friday night to discuss possibilities of forming a rifle club and affiliating the the National Rifle Association. The meeting was called by Shelly Lowe.

Louin Martin was made temporary chairman and Lowe temporary secretary. A committee composed of Elmo Johnson, L. P. Bloodworth and Henry Turner was appointed to look into the possibilities of securing a rifle range here. Another committee was appointed to determine the cost of building a concrete blockhouse to be used for storing ammunition and other supplies. Tom Guest and Bill Logan are on this committee.

Another meeting has been called for Friday, May 4. This will be an organizational meeting and all who are interested in rifle marksmanship are cordially invited to be present, Lowe said.

Those present at Friday night's meeting were Bill Drennan, Marion Elliott, James Wilson, Vestal Askew, Wilfred Berger, L. P. Bloodworth, Shannon Clarkson, G. E. Ellis, Tom Guest, Stanley Mayfield, Bob Teaff, Dantes Reiley, Turner, Martin, Lowe, Duke Wilson, W. S. Shahan, Bill Logan, Johnson, Ed Albe, M. E. Genrich, Dick McCalmont, Robert Wolff, R. L. Scott, D. O. Carr, George Wallace, J. W. Neville, F. L. McKinney, Web Elliott, Clarence Calliant, and Cashes Taylor.

Funeral Services For Mrs. Whiddon Held Sunday

Funeral services for Mrs. Arra Virginia Whiddon, 83, were held Sunday afternoon at 4 o'clock from the First Baptist Church. The Rev. T. R. Chappel, South Side Church of Christ minister, officiated, assisted by the Rev. J. E. Eldridge, pastor of the Baptist Church. Interment was in Sonora Cemetery.

Mrs. Whiddon died Friday night at her home here. Mrs. Whiddon was born March 8, 1868 in Walnut Grove, Texas. She was married to W. L. Whiddon at Voca July 14, 1884.

Survivors include three sons, Tom Whiddon of Langtry; James Whiddon of Sonora; Joe Whiddon of Premont. Also surviving are five daughters, Mrs. Maude White, Mrs. Mattie Foster, Mrs. Frank Smith, Mrs. Elizabeth Paris, and Mrs. Ellen Hearn, all of Sonora; one foster daughter, Mrs. Minnie Williams of Ozona; four sisters, Mrs. Lizzie Reed, Mrs. Carrie Merck, Mrs. Candy Lemon, and Mrs. Nonna Lemon; 33 grandchildren and 48 great-grandchildren.

Pallbearers were Birl Davis, Lawrence Nichols, Tom Guest, Howard Guest, Clyde Bricker and Giles Hill.

BRUSH FIRE THURSDAY

A brush and cedar fire of undetermined origin out Thursday afternoon near the T. R. Chappell residence near the hospital. Firemen put out the blaze before it had a chance to spread.

Mrs. Theo Cahill was taken to a San Angelo hospital Wednesday for treatment.

CAPT. MILLICAN GETS DUTY AT GOODFELLOW

Capt. Howard Millican, who was recalled to the Air Force recently, has been assigned to duty at Goodfellow Air Force Base, and is in charge of the clothing sales store.

Millican, who was commissioned in 1942 and served five years in the Air Training Command, was formerly a partner in the Sonora Gas Company with R. G. Nance and M. C. Scott. Mrs. Millican and daughter, Beverly June, are here.

ST. ANN'S CHURCH TO SPONSOR CINCO DE MAYO

With the permission of the City Commission and the Patriotic Committee for the Latin-American people in Sonora, St. Ann's Church will conduct the Cinco de Mayo celebration for the fourth and fifth of May. Ticho Ramos and his orchestra from Del Rio will furnish the music.

A patriotic program will be held. There will be a number of booths; and a large assortment of Mexican-type food will be sold. Antonio Chavez is in charge of arrangements; he will be assisted by the members of St. Ann Church. The public is invited.

The proceeds will be used to help complete the extension to St. Ann Church, which is now under construction.

NEW STATION- Greenhill's Station, located at the intersection of the Del Rio and San Antonio highways, is pictured above. Recently completed, the station offers a complete service, tire and tubes, a stock of auto accessories and road service. -Photo by Boyd Lovelace.

Sonora Students Set State Record

Sonora High School' extemporaneous speakers accomplished something in last year's State Meet which has been done only three other times in Interscholastic League history; they won both boys' and girls' division titles.

Martha Renfro and Jack Ratliff were victorious in their respective divisions, continuing the fine Sonora showing in State Meet events.

A feature story, appearing in the Interscholastic League News, state high school league newspaper, carries a complete record of these students' speech work. The article follows:

"It marked the first time in League history that both Conference B titles went to the same school in extemp, but it was the fourth time for it to happen, when all divisions are taken into consideration. In 1931, Temple High School's entrants won both contests; in 1942 it was Austin's contestants who turned the trick; and in 1946, Reagan High School of Houston won both events.

For Jack it was the second State Championship in as many years. In 1949 he teamed with Max Murry in debate to win the title. He was also a member of the second place one act play cast at the 1949 State Meet.

For Martha, the award was the first in a speech activity. She is the daughter of Mr. and Mrs. J.B. Renfro of Sonora, and at the time of her victory was but a junior in school. She holds membership in the Press Club, of which she was parliamentary; the Future Homemakers of America, of which she

was president; the Student Council, of which she was secretary; the Pep Squad, and the volleyball team. Martha also was president of District V, Area III of FHA, selected Daughter of Sonora for 1950, and delegate to the National Student Council Convention for 1950. She is the feature editor of the Sonora Bronco, and editor of the school annual.

Martha's hobby interests include sports, homemaking activities and speech. She hopes to study homemaking at TSCW after graduation this year.

Quartet To End Ozona Concert Series Thursday

The 1950-51 Ozona Municipal Concert series will come to a close May 3, when the Philharmonic Mixed Quartet appears in an evening of song at the High School Auditorium in Ozona.

Stars of concert, stage and radio, each of these four young people is an artist in his or her own right and each will have a solo spot in the forthcoming program. But it is in their ensemble work that they have found their greatest joy. Moritz Bomhard, Manager and Musical Director of the New Lyric Stage, in New York City, has created arrangements of Classic and Folk tunes especially for them. One of his musical inspirations is an adaptation of the entire opera, Die Fledermaus by Johann Strauss. This shortened version of the current Metropolitan Opera House hit will not only be sung by the Quartet but spoken and acted as well.

Comely Gertrude Anderson will be Rosalinda and beautiful blonde Ruth Witwer will sing the role of the rollicking Adele. Baritone Robert Fischer in Eisenstein, husband to Rosalinda and Russell Hedger will have the rich part of Alfréd, the famous operatic tenor. See QUARTET On Page 8.

In 1950 there were 10,004 rotary hoe-equipped tractors in Texas. By using rotary hoes, cotton growers can cut their hoe bill by 50 to 60 percent.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - - Could I get a GI business loan to help out my brother, who is having a hard time making a go of his restaurant? I am not connected in any way with the restaurant.
 A - - You may not obtain a GI business loan for such a purpose. One of the provisions of the law is that you must play an active part in the business for which you need the loan.
 Q - - I dropped my National Service Life Insurance as a civilian, and now that I am returning to active military duty, I would like to reinstate my policy. Will the armed forces do this automatically for me, or are there any steps that I have to take?
 A - - The armed forces will not renew your policy automatically. You either must apply to reinstate your old policy, or apply for a new

one.
 Q - - As a member of the National Guard, I receive drill pay for short periods of training each week. I intend to enroll in school under the GI Bill. When I do so, must I report my drill pay as income, in order for VA to determine the amount of subsistence allowance I will get?
 A - - No. Remuneration for such National Guard training is not considered as income from productive labor and need not be reported, for it has no bearing on the amount of subsistence you will receive.
 Q - - I am a veteran paralyzed from the waist down, and on my own I bought a home a few years ago. May I obtain a housing grant to be used to remodel my home with ramps and other special adaptations, so that I can get around more easily in my wheelchair?
 A - - Yes, if you meet the eligibility requirements of the law. Application may be made at any VA office.

Program Added By Extension Service

Soil judging was brought into the demonstrational teaching of the soil and water conservation specialties of the Texas A. & M. College Extension Service in 1950. Notwithstanding, teaching of practices which have long proved effective against waste and exhaustion of soil of Texas farms and rangelands also was pursued systematically and, additionally, the Extension specialist assisted the State Soil Conservation Board in establishing six new soil conservation districts and eight annexations. The specialist, P. G. Haines, characterizes the introduction of soil judging "an achievement" which should stimulate "getting soil and water conservation practices on the ground." Judging was conducted in the form of contests in six counties and at College Station during the year. The routine first requires digging soil pits on fields chosen for a contest. Determinations then are made of texture, permeability and depth of the soil, and the slope, degree of wind and water erosion, drainage and land capability class of the field. At the same time, recommended treatments for stabilizing, rebuilding and increasing the productivity of the soil are determined. In order to bring soil judging into the widest and most flexible use, county agricultural agents and representatives of other agencies are being trained to conduct schools. The specialist quotes the "consensus" of those who went through the school that soil judging "is the greatest teaching device employed in soil and water conservation, and that persons who participate will be inclined to carry out conservation practices on their lands."

Billie Crites, son of Mr. and Mrs. B. H. Crites, is serving on the aircraft carrier Bataan, operating off the coast of Korea. Crites is a fireman and has been in the navy nearly three years. He participated in the evacuation of the UN forces at Hungnam.

The importance of prayer will be emphasized by Texas 4-H Club members in their observance of National 4-H Sunday, April 29.

LILLIPUTIAN SURVEY—Two-year-old Kathy Manson of New Orleans inspects a huge Marsh Buggy used to haul oil exploration equipment over the Gulf Coast marshlands. The buggy was part of an open workshop put on recently by the Tulane University Department of Geology.

"Smart Buy's Roadmaster"

IT started the day the 1951 ROADMASTER made its first appearance—and has been building up ever since. Folks looked at the fresh new styling—the power—the features—the fabrics—the cloud-soft cushions—and the prices—and said, "Here's the smart buy in the fine-car field." Why don't you come and see for yourself what a sensational buy this proud beauty really is? It's a honey to handle—a joy to ride in—and just about the handsomest thing on wheels. It has room, and poise, and a level-going gait that comes from coil springs front and rear. There's a triumphant thrill in the willing obedience of its Fireball power and the luxurious ease of its Dynaflo Drive, which doesn't cost you a penny extra.

There's a sweeping view fore and aft through broad and uncluttered glass areas, and the new clarity of an instrument panel with high visibility at night. Even the brakes are new, self-cooling, with a grip that takes hold like steel fingers in a velvet glove. Here indeed is a car that is fine in bearing, in action, and in the precision of every structural part—a ROADMASTER custom built by Buick. When will you try one as our guest?

Equipment, accessories, trim and models are subject to change without notice.

YOUR KEY TO GREATER VALUE

West Texas Utilities Company

BEFORE A HUSHED AND TENSE joint session of the House and Senate, General Douglas MacArthur appeared last week to make a dramatic report to the country on his stewardship in the Pacific. It was estimated that a million people lined the streets to cheer the Pacific hero, and around 18 million witnessed the performance on television. So, although others have had receptions somewhat comparable, none approached the total who saw and heard MacArthur because television is of recent origin.

Mrs. MacArthur, dressed in blue with a white orchid given her by the Tennessee DAR, of which she is a member, preceded the General into the House. She sat in a gallery seat, looked down on the Senators and military attaches as they were announced. Then at exactly 12:30 the arrival of MacArthur was announced amid a tumult of cheers and applause. He spoke for 35 minutes.

This occasion was reminiscent of the other returning heroes of the war - Eisenhower, Nimitz, Bradley, Clay and Wainwright. Each of them were received in Washington when victory was fresh and gratitude was abundant. It is difficult to pick out any one and say he was received with the most enthusiasm, but the post-war triumph entry of Admiral Nimitz into the Capitol will be recalled for generations. It was probably the most grandiose of all history, and this is no reflection on the others.

The MacArthur message was

firm, dramatic and challenging. He defended his belief that Chinese bases in Manchuria should be bombed, that Formosa must be defended, that Chinese Nationalists on Formosa should be aided and encouraged, and that an effective naval blockade be thrown around the Chinese coast.

The speech has set the stage for House and Senate committee hearings on the over-all Far Eastern policies. The General himself will have a chance to detail his plans and his strategic concepts in meeting the global challenge of Communist aggression.

THE MORALE OF TROOPS in Korea is running high these days. At least that is true with the 5th Marines now engaged in the vicinity of Hongchon, according to a letter I just received from my former Secretary, Lt. Latham Ables of Brownwood. He was a Marine reservist and was recalled last August.

"I landed in Korea on February 16 (my birthday)", he reported, "and was assigned to 'B' company, 5th Marines. Upon reporting in I was given command of a rifle platoon and told that we were moving up in the attack."

"Our movement toward the 38th parallel has been slow and cautious in accordance with General Ridgeway's policy of keeping the line intact and taking no chances."

Speaking of morale, Lt. Ables commented: "I can say that there is a mistaken idea in the States of 'low morale' of the troops over here - or at least so far as the 5th Marine are concerned. The boys are the finest I have ever seen and morale is about as high as it

can get. Nothing at all seems to faze them and their combat efficiency is terrific."

AMONG RECENT VISITORS have been George Beard of San Angelo; H. Marshall Smith of Kerrville; Mr. and Mrs. John B. Matney of San Angelo; Ernest Williams of San Angelo; L. Newton of Coleman; Kirby Robinson of Winters; Forrest Kyle of Bangs and O'Neal Dendy of San Angelo.

KEEP 'EM ROLLING!
with
GOOD YEAR
BETTER TIRE SERVICE

Here's What We Do:

COMPLETE INSPECTION

Check tires and tubes for all types of injuries - breaks, bruises, cuts, etc. Inspect monthly for puncturing objects.

CORRECT AIR PRESSURE

Incorrect air pressure cuts tire mileage. We check weekly with accurate gauge - make sure valves and caps don't leak.

WHEEL BALANCING

Check wheel balance when inspecting tires. Correct wheel balance saves tires and front-end parts - saves money.

REPAIR CUTS and BRUISES

These can result in punctures and blowouts. Our repairs last as long as the tire.

PERIODICAL TIRE ROTATION

Tread wear is different on each wheel - regular rotation distributes wear evenly.

TIRE TREADING

A sound tire, worn smooth, will give many extra miles of service with new Goodyear factory-approved treading.

SOCIETY NOTES

Sonora, Texas, Friday, April 27, 1951

MRS. NANCE HONORED AT COFFEE WEDNESDAY

Mrs. Bennie Babb and Mrs. Cleveland Nance honored Mrs. R. G. Nance with a coffee on her birthday Wednesday.

Coffee and cake were served to Mesdames W. O. Crites, B. H. Crites, Harvey Morris, John Bunell, Andy Truden, Arthur Carroll, Bill Drennan, O. G. Babcock, and Arch Crosby.

FOR SALE:- House, 4 rooms and bath. Cheap. See Woodrow Brunson. 3 tp 26.

WCS TO SPONSOR FOOD SALE SATURDAY

The Woman's Society of Christian Service will sponsor a food sale Saturday, May 5, it was decided at a meeting this week.

Mrs. H. M. Smith, retiring president, reported on the year's work. Mrs. Dee Word was in charge of the program and gave a talk on "The Changing Pattern For Women."

It was announced that the Ruby Circle will meet Wednesday at 9:30 o'clock at the home of Mrs. Joe Brown Ross, and the Friend-

WCS Names New Officers

New officers for the coming year were elected last week at a meeting of the Woman's Society of Christian Service.

Mrs. W. L. Davis was elected president. Others officers are: Mrs. E. A. Brodhead, vice-president; Mrs. A. W. Awalt, treasurer; Mrs. Cleve Jones, Jr., recording secretary. Others secretaries include: promotional, Mrs. Dave Locklin; missionary education and service, Mrs. Norman Davis; spiritual life, Mrs. E. E. Sawyer; Christian social relations and local church activities, Mrs. H.M. Smith; literature and publicity, Mrs. L. E. Johnson, Jr., supply work, Mrs. Robert Kelley; children work, Mrs. A. E. Prugel; youth work, Mrs. Joe Brown Ross; student work, Mrs. W. R. Cusenbary; status of woman, Mrs. Ben Cusenbary.

The two circles of the WCS met Wednesday morning at the home of Mrs. H. M. Smith. A study of the near East was completed. Those on the program were Mrs. Ben Cusenbary, Mrs. Dan Cauthorn, Mrs. A. W. Awalt, and Mrs. E. E. Sawyer.

Coffee and cakes were served to the following: Mesdames E. D. Shurley, Johnson, Doyle, Joe Berger, J. C. Stephen, W. H. Marshall, J. V. Sellman, Jones, Smith, J. V. Alley, Wes Hill, Harry Kiser, Cauthorn, W. L. Davis, Sawyer, Ben Cusenbary, W. R. Cusenbary, Ross, W. L. Burge.

PLANNED PARENTHOOD DELEGATES TO CONVENTION

The Planned Parenthood board met Monday to discuss plans for attending the state convention in El Paso. Mrs. Charles F. Browne and Mrs. Lea Allison were named delegates.

A report on the drive for funds was given. Total amount raised so far is \$117.

Those present were Mesdames Clay Puckett, Brown, Allison, Howard Espy, Ben Cusenbary, C. A. Tyler.

The board holds clinics on the last Saturday of each month in the office of Dr. J. F. Howell, and on the second Tuesday of each month in the office of Dr. C. F. Browne. Mrs. George Barrow is clinician.

Dick Lawhon of Eldorado and Marfa was a Sonora visitor Friday.

Melvin Glascock is back on the job after a seige of flu.

ship Circle will meet at 9 o'clock at the home of Mrs. Harold Friess.

Missionary Union Hosts At Book Review Wednesday

The Women's Missionary Union met Wednesday at the Baptist Church for a business meeting and book review. Mrs. Rip Ward reviewed the novel, "Maria." The group was dismissed by Mrs. Fred Spinks.

Refreshments were served to Mesdames: W. O. Crites, Jim Cauthorn, B. H. Crites, Katie Brasher, R. G. Nance, G. G. Bennett, Louin Martin, M. C. Scott, Frances Bolen, Arthur Carroll, J. C. Stephen, Carrie Peterson, Robert Kelley, W. J. Burge, Cleve Jones, Jr., Rose Thorp, J. W. Trainer, O. G. Babcock, W. H. Marshall, A. W. Awalt, Joe Brown Ross, H. M. Smith, A. F. Spinks, Rip Ward, J. E. Eldridge, Pink Glascock, Bob Odum, J. P. Smith, Pearl Martin, Dick Morrison, G. W. Smith, J. A. Lettinger, John Eaton, Boyd Lovelace, Henry Burkett, Dan Cauthorn, E. A. Brodhead, Earl Lomax, Robert B. Kelley, T. M. Harvey, W. L. Davis, Dee Word, W. R. Cusenbary, Ben Cusenbary, and E. E. Sawyer.

Local Club To Observe Natl. Music Week

The Sonora Music Club will take part in the national observance of Music week, May 6-12. The local club plans to present a program at the Elementary School Auditorium Sunday, May 6, at 4:30 o'clock, according to Mrs. Louie Trainer.

Mrs. Trainer said the group will also present programs before the Lions Club, on radio station KGKL, San Angelo, and in Ozona.

LEE PATRICK HONORED WITH SURPRISE PARTY

Mrs. Lee Patrick honored her husband Tuesday night with a surprise birthday party. Guests played Forty-two. Cashes Taylor won high for men and Mrs. Artie Joy won high for ladies. Jeff Lambert and Mrs. Ford Allen won low scores.

Cake and ice cream were served to the following: Messrs and Mesdames Ford Allen, Dick Morrison, Cashes Taylor, E. M. Kerbow, Boyd Lovelace, Artie Joy, G. G. Bennett, Ervin Willman, Mat Adams, Jeff Lambert, Mrs. John A. Martin, Jr.

Guests from Eldorado included Mr. and Mrs. Robert Nixon, Mr. and Mrs. Dwight Wiedenmann and Mr. and Mrs. Farris Nixon.

Individual Meat Loaves

Plan a new approach to the family's favorite meat loaf by molding it in custard cups. Enriched bread cubes extend the savory flavor and protein values of one pound of ground meat to serve four to six people.

Economy meals can be as delicious as expensive ones, the family will agree when they taste the tempting individual meat loaf menu pictured above.

There's new flavor interest when you combine ground veal and lamb in a well-seasoned meat loaf. You can, of course, mold the ground meat mixture in a bread pan, but baking in individual molds offers a novel shaping. For luncheon, serve each veal and lamb loaf with buttered carrots, green beans topped with mock Hollandaise sauce, and butterhorn rolls.

This menu can be enlarged for a thrifty dinner, too, by the simple addition of oven browned potatoes and a rhubarb cobbler for dessert. As a main dish to serve six people, the individual veal and lamb loaves average only about 15 cents a serving.

Nutritional score of the meat loaf entree is high, since enriched bread, meat and egg are high in protein content, essential B-vitamins and food mineral iron. The attractive appearance and excellent flavor of veal and lamb loaf will tempt everyone in your family to get the full value of this good nutrition.

VEAL AND LAMB LOAF

2 cups enriched bread cubes	1/2 teaspoon pepper
1/2 pound ground veal	1/2 teaspoon paprika
1/2 pound ground lamb	1/4 cup catsup
1 teaspoon salt	1 egg

Combine bread cubes, meat, seasonings, and egg. Blend thoroughly. Place in greased custard cups. Bake in moderate oven (375°F.) about 1 hour. Makes 4 to 6 servings.

MRS. SHERZ GIVES BOOK REVIEW IN ELDORADO

Mrs. Harold Sherz was guest reviewer Tuesday at a meeting of the Eldorado Woman's Club.

Mrs. Sherz reviewed a recent novel, "The Grand Portage," by Walter O'Mera, a story of the early Nineteenth Century days of the northwest.

Refreshments were served to twenty-two.

Del Rio Races Open Tuesday

Top quarter horses, including the best in the recent Big Spring Futurity, are to run at the annual Spring Race Meet of the Del Rio Livestock Association May 1-6.

Entries have been made by Ernest Lane, Benson and Jonnings, Stegall, Q. I. Roberts of Florida and the Hepler Brothers of New Mexico, among others.

Seven purse races as well as featured and matched races are planned for every day of the season, with at least 10 races a day assured.

Van Smelker of the American Quarter Horse Association, Racing Division, will be here for the meet. He is secretary of the association and will be the official representative.

Mrs. Thomas M. Johnson and Virgil Cauthorn are in charge of ticket sales at \$1.50 for both general admission and reserved seats. Tickets may be bought by mail by writing the Del Rio Livestock Association, Box 966, Del Rio. The price includes tax.

All interested in horse racing are being invited from surrounding cities.

CPL. MOORE SERVING ON OKINAWA

Corporal Frank Leslie Moore of Sonora is now on Okinawa, according to word received by his mother, Mrs. Mike Moore. The Corporal was a member of the Enlisted Reserve since his discharge July 29, 1949.

Recalled to active duty Friday, October 13, 1950. Corporal Moore received his refresher training at Fort Hood, Texas. His next station was Japan when he joined the 2nd. Infantry Division. He was with the 2nd. Infantry Division when it went into combat December 25, 1950. Corporal Moore received serious wounds while on patrol duty 10 of January, 1951. The 2nd. Infantry Division was surrounded by Chinese Communists in the Wonjer area at this time.

After his evacuation to Japan on the 15th of January, Corporal Moore received medical treatment at a base hospital in Japan. He was released from the hospital on the 9th of March and sent to Okinawa as a squad leader.

BETTY ANN PATRICK FETED ON SEVENTH BIRTHDAY

Mrs. Carl Nixon of Elorado entertained her granddaughter, Betty Ann Patrick with a party Wednesday on her seventh birthday.

Games were played and cake and ice cream were served. Favors of suckers and bubble gum were given as favors.

Guests included Linda Nixon, Fay Nixon, Sandra Nixon, Farris Glen Nixon, Charles Nixon, Laura Sue Nixon, Barbara Faught, Edna Faught, Carol Jane Beckett, Linda Bess Love, Sherry Wiedenmann and Reginald Lagow.

Also Meses. Jack Faught, Milton Faught, J. P. McMillan, Dewight Wiedenmann, Hanson Nixon, Lester Nixon, Cashes Taylor and Lee Patrick and Miss Martha Faught.

THIS TASTES GOOD IN TEXAS

- Tomato French Dressing
 1 tablespoon sugar

Air, Ground Might To Be Shown Armed Forces Day Program May 20

Aerial demonstrations and ground displays of Army, Navy and Air Force equipment have been scheduled as highlights of the Armed Forces Day open house to be conducted at Goodfellow AFB May 20.

A listing of the open house features was issued Monday by the Joint Armed Forces Day Committee composed of Colonel J. E. Roberts, base commander, Goodfellow Air Force Base, Lt. Col. Norman F. Stradleigh, project officer, Lt. F. W. Page, inspector-instructor for the Naval Training Center, Captain W. H. Kraeger, adjutant, 648 Field Artillery Battalion, and Fred B. Jefferson, chairman, Military Affairs Committee of the Board of City Development.

Beginning at 12 noon on the third Saturday in May, the open house activities will extend through 5 p. m. and will include defense exhibits set up by Army, Navy and Air Force units in San Angelo, together with visiting personnel and extra equipment from other military bases.

Planned to advance the national Armed Forces Day theme as a "report to the public on the state of national defense," San Angelo's Armed Forces Day open house at Goodfellow AFB will include an elaborate defense-education exhibit.

Special equipment to make up the defense-education display will be provided by San Angelo's 648th Field Artillery Battalion, Company L Infantry, 8-98th Naval Surface Division, and the Basic Pilot Training Wing at Goodfellow AFB. Utilizing Goodfellow's largest aircraft hangar, the Armed Forces Day Committee will fill the building's 30,000 square feet of floor space with weapons, communications and powerplant units required for modern land, sea and air operations. Aircraft and heavy mechanized equipment will be displayed out of doors.

Demonstration of fighter-pilot techniques employed by the Air Force will be performed by Goodfellow-based pilots, flying North American T-6 trainers. Captain John L. Sublett, project officer for the air demonstration, stated that a formation of 48 aircraft made up of three squadrons of 16 planes each will duplicate the tactical

evolutions of fighter aircraft in combat. Low-altitude simulated straffing passes over the field will climax the formation display in which formation take-offs, turns and peel-offs for landings will be executed.

Another feature of the aerial demonstration to be provided by Goodfellow personnel will be aerial acrobatic performances by two instructor pilots.

In the first acrobatic display, a Goodfellow instructor will perform acrobatic maneuvers included in the basic flight curriculum for Goodfellow's cadets. Some of these maneuvers will be the chandelle, slow roll, snap roll, Immelman and split "S". Following this display a second acrobatic pilot will put a training plane through advanced maneuvers to include the cloverleaf, Cuban 8, and a snap roll at the top of a loop.

Precision-drill maneuvers by Goodfellow's Aviation Cadet Corps, numbering more than 400 will be performed in the spectator area in front of Base Operations as the 48-plane formation roars past in a final Armed Forces Day salute.

This year's may 20 observance of Armed Forces Day will mark the first time in the history of the nation that the Army, Navy and Air Force have collaborated in holding a joint military celebration. At military bases and cities throughout the nation, representatives of the three services are working together to conduct open house for the public. In each instance, the service having the largest local representation is given all-over direction of the program.

Personals

Mrs. James Wilson and sons, Jimmy and Johnny, are in Roundrock, the guests of her parents, Mr. and Mrs. J. H. Cavanaugh.

Mr. and Mrs. L. M. Roueche of Fort Worth were here last week.

Mrs. Max Hardegree was ill at home this week. She is recovering.

Mrs. Duckett makes the best homemade pies at 65 cents each. Phone 27061. 1 tp 28 Adv.

DRIVE SAFELY! OBSERVE STOP SIGNS!

Ham-Apple Casserole is Delicious, Thrifty

Red apple slices crown this savory casserole which may be made with leftover ham.

The juicy, flavorful combination of ham and crisp, spicy red apples baked in a casserole, is a grand idea for family dinners and makes a delicious meal in itself when served with a mixed green or jellied salad. Both appetizing and nutritious, it's also thrifty now while local markets are featuring choice quality Winesap apples from Washington State at real economy prices.

These tangy red Winesaps are equally good for eating and for use in salads and cooked dishes. The smaller schoolboy sizes are just right to tuck into lunch boxes and, since this apple is a good keeper, you can buy in quantity and have them cold and crisp in your refrigerator.

SAVORY HAM-AND-APPLE CASSEROLE

- 3 cups cooked ham, ground
- 3 red Winesap apples
- 1/2 tsp. dry mustard
- 1 tbs. onion, grated
- 2 tbsps. butter or margarine
- 1 egg
- 1/2 cup milk
- 1 cup bread crumbs
- 1/4 cup brown sugar

Combine ham, mustard, onion, egg, milk and bread crumbs and place in greased baking dish. Core apples and cut into 1/2 inch thick slices. Arrange slices to overlap on top of ham mixture. Sprinkle with brown sugar and dot with butter or margarine. Bake uncovered in moderate oven (375°) about 40 minutes or until apples are brown and tender. Serves 6.

Wanted: If you don't like being tied down to monotonous work in factory, store or other employment write for details. Good opening nearby. More Money and a real opportunity. Rawleigh's, Dept. TXC-1730-CC, Memphis, Tenn. Ad.

It makes your dollars talk great good sense!

When you look at the times we live in... and then take a look at this new Chrysler Windsor... you might almost think we'd had advance information and special-built this car just to fit these times!

Certainly it treats your hard-earned and tight-stretched dollars with a respect that's hard to find in a good many things you buy!

To begin with, the Windsor line is the *least-priced* of the three lines of cars we build at Chrysler. To buy one gets you all the basic goodness Chrysler engineering means, at the very *lowest* cost. That's good sense in itself.

In powerplant, your Windsor brings you Chrysler Spitfire... one of the truly great engines in the whole bright history of America's motor cars. Time-proved and owner-beloved, it would be hard to put your money on a sounder friend than this to live and travel with you through the months ahead!

As to comfort, Windsor brings you the amazing travel bonus all Chrysler owners get this year... the revolutionary new Oriflow shock absorber. With more than twice the shock-absorbing power of any other in the world, this amazing new device keeps wheels steady on the road, and riders steady in their seats.

As you can see, it is no idle claim that this car makes very special sense in these unusual times. But why not get the whole good story at first hand? Why not go see your Chrysler Dealer, *very soon?*

Beautiful to look at!...
 Beautiful to drive!

**Commended
By Journalism
Department**

Bluford B. Hestir, head of the Texas Interscholastic League Journalism Department, has commended "The Bronco", Sonora High School paper, for outstanding work in carrying on a campaign for safe driving in its columns this year.

"The Bronco" is one of the few high school newspapers in the state which has asserted itself with a definite editorial campaign, Hestir said.

The Bronco staff has been asked to present a 45 minute program at the state meet in Austin, May 5, on the subject, "How to Conduct an Editorial Campaign". The program will be presented before representatives of all schools in Texas which publish newspapers.

Miss Jackie Wardlaw is editor of The Bronco this year. She was especially commended by Hestir for her ability and interest in this field.

**FINAL MEETING OF
WOMANS CLUB THURSDAY**

The last meeting of the Sonora Woman's Club will be held Thursday at next week beginning with a luncheon at one o'clock. Reservations for the luncheon must be made with Mrs. Edwin Sawyer not later than Monday, Mrs. M. E. Genrich, president, said this week. Officers for next year will be installed at this meeting, Mrs. Genrich added.

HENRY ZWEIFEL
Republican National Committeeman of Texas

Republicans of Texas are preparing to launch an all-out fight to restore to the state and people of Texas their valuable tidelands properties which a ruling of the United States Supreme Court has given to national control and ownership.

This campaign will be part of a militant program Texas Republicans plan to lay before the people in the immediate future Henry Zweifel, Republican National Committeeman for Texas, said.

"Texas tidelands belong to Texas," Mr. Zweifel said, "regardless of whatever ruling the Supreme Court has made. Texas Republicans are firmly resolved to restore them to their rightful owners, the people of this state."

The Government of the United States recognized the right of Texas to retain her public lands when our state agreed to come into the Union. The agreement is part of a treaty between two sovereign nations, the United States and the Republic of Texas.

"How did the Supreme Court get around this treaty? By making use of a little known legal clause known as the 'equal footing' clause."

The 'equal footing' clause has long been held to refer only to political and sovereignty rights, never to property rights. "The exercise of this clause to attempt to legalize a great property steal is, as a matter of fact, the most dangerous aspect of the whole tidelands question. It menaces every state in the Union."

"Under the 'equal footing' clause the national government can legally expropriate any state or private property it sees fit to seize."

YOUR HEALTH

AUSTIN, TEXAS. Socialization has no place in either public health or the private practice of medicine, State Health Officer George Cox has said in a statement aligning himself with the medical profession against socialized medicine.

Public health is a separate, distinct field from private medicine, Dr. Cox said. Both professions have their separate objectives, and distinctive methods of accomplishing them.

He declared public health's objectives to be:

1. Public education as to how to avoid disease by such means as vaccination against smallpox and typhoid fever and immunization against diphtheria.
2. Investigation of disease outbreaks.

3. Quarantine and isolation of communicable disease cases, thus preventing its spread.

4. Inspection of water supplies, and control over the safe production and sale of milk, drugs and food products.

"But," the health officer added, "people get sick and accidents happen, and the job of curing and patching up is the business of the private practitioner of medicine—the family doctor and the specialist."

Doctors in private practice advocate public health principles when they urge mothers to have children protected against diphtheria and smallpox, and public health officials "need their help in the vital work of maintaining a high level of well being for all Texans," Dr. Cox asserted. "We aren't in competition with

doctors in private practice. Public health people deplore the idea of socialized medicine as unworkable, cumbersome, and totally inefficient. "There is no place on earth that has a better system of medical administration than the United States. Private doctors deserve the credit."

"And there is no place on earth with higher standard of public health. Public health deserve credit for that," the doctor concluded emphatically.

Texas has 2,317 community home demonstration clubs with a total of 41,282 members who meet 12 to 24 times yearly for practical demonstrations of homemaking and discussion of current topics.

What's going on in Sonora

AROUND THE TOWN—

The local fire department kept up the pace last week. Saturday a grassfire was reported between Junction and Sonora at 1:30 o'clock. Two hours later, a cedar fire broke out on the Llano, but was quickly put out. Sunday afternoon a grass fire was put out near the Ozona bridge at the edge of town. . . . Mrs. Robert Rees is in San Antonio visiting her sister. . . . Ensign and Mrs. Aubrey Loeffler and son are here for a visit with his parents, Mr. and Mrs. S. M. Loeffler. Ensign Loeffler's next assignment will be sea duty and his first cruise will be to Alaska on an LST. . . . Mrs. Mary Jones is here visiting her parents, Mr. and Mrs. Alfred Schwiening. . . . Mr. and Mrs. Lee Hart, former Sonorans, were visiting old friends here Saturday. . . . Jack Rape, another former Sonoran, has moved from Del Rio to Colorado City, and Mr. and Mrs. Scott Roberts, who have been living in Alpine, are planning to move to Del Rio soon. Roberts is with a drilling company. . . . Mr. and Mrs. Clayton Bray spent the weekend in Carrizo Springs. . . . Mrs. John Bell is visiting her parents, Mr. and Mrs. H. C. Saunders. Sgt. Bell is stationed in Rome, N. Y. and expects to be transferred to Kansas soon. . . . Wesley Sawyer was in Dallas on business this week. . . . Sam Odom injured his right eye Monday when he got some sawdust in it. . . . Mrs. Henry Wyatt returned home this week from a San Angelo hospital where she had been ill several days. . . . Charles Griffin, who suffered a back injury in an auto accident a few weeks ago, was brought home Wednesday. . . . Dave Locklin has been in a San Antonio hospital for medical treatment. . . . The Clarence Scotts returned Thursday from St. Louis. . . .

George Edward Allison visited the Lea Allisons this week. . . . Stan-ly-organized Llano River 4-H Club is going to give the Sutton Club a run for its money. The boys are starting a breeding program similar to that of the Sears Foundation and have some excellent stock to start with. . . . Three were hurt when a truck got out of control a week ago last Thursday and ran into a tree 3 miles west of Sonora on the Ozona road. Elio Jalomo, daughter of the owner-driver, Hilario Jalomo, received a bad gash on her forehead which will necessitate plastic surgery. Consuelo Flores suffered a broken arm and was taken to a Uvalde hospital. Maria Lopez received severe lacerations about the hands, arms and legs. There were 13 in the truck. . . . Jimmy Cusenbary, who was top wool judge in a contest at Kansas City last fall, conducted a practice training and grading session for 32 area FFA boys last Saturday in San Angelo. The session was held in preparation for a wool judging contest to be held Saturday at Texas Tech, Lubbock. Cusenbary, a student at Tech, will be supervisor of this show. . . . The Ralph Lowe No. 1 Lea Allison wildcat 12 miles east of Sonora, was drilling below 5,339 feet in lime and shale Wednesday. . . . Mrs. Claude Sloan, Mrs. W. K. Regeon, Mrs. J. B. Heflin, and Miss Geraldine Peitchinsky attended a Women's Missionary Union conference in Brownwood Friday. . . . Ernest Carroll Stephen was the guest of his parents, Mr. and Mrs. J. C. Stephen over the weekend. . . . Mrs. B. M. Babb of Del Rio was the guest of her son and family, Mr. and Mrs. Bennie Babb last week. . . . Joe Dee Cook arrived Sunday on leave from the navy. He leaves Saturday for San Diego. Jimmy Cook arrived Tuesday for a two-weeks leave from the navy. He also, is stationed in San Diego. Both men are visiting their mother, Mrs. R. V. Cook. . . .

The Rev. Fred J. Brucks, superintendent of Methodist churches in the San Angelo district, was here Tuesday to hold the 4th Quarterly Conference, at which the church year was officially closed. The Rev. W. H. Marshall was invited to accept the pastorate for another term. The past year has seen additions in membership and improvements on the church plant. . . . Mrs. O. G. Babcock returned from a visit with her son-in-law and daughter, Dr. and Mrs. Robert Kokernot and daughter, Jan. The Kokernots are living in San Antonio and Dr. Kokernot is interning at Brooks General Hospital. This summer he plans to work with the Public Health Service and in the fall will do post-graduate work in Johns Hopkins University. . . . Mr. and Mrs. Edward Tipton and daughter, Carol, will leave in mid-May for Damascus, where Tipton is employed by the Socony-Vacuum Company. Mrs. Tipton and Carol will go by boat to Marseille. Tipton will fly to Madrid to attend a company meeting, and join his family in France. They will make the remainder of the trip together. . . . On their way home on furloughs are Cpl. Davis Turman, stationed at Camp Drake Japan, and Pfc. Dan Turman, stationed in Korea. . . . Mr. and Mrs. O. L. Richardson Jr., and son Michael, and Mrs. O. L. Richardson have been the guests of Mrs. Richardson, Junior's parents, Mr. and Mrs. W. T. Hughes of Henderson. . . . The Ranchita Miniature Golf Course, owned by the H. L. Taylors, has been refurbished. Included in the spring cleaning was a new paint job on all backstops, new greens and fairways done over. . . . A new Sonoran is Buckie Leslie of Boonville, Indiana. Leslie is a brother of Mrs. Chester Harrison and making his home with the Harrisons. . . .

I. Gutenberg put his student on the trail of long-range prediction. In 1934, when he was 28, Krick went on a Rockefeller Foundation grant to Norway and Germany, where long-range technique had been carried further than in any other country. The notes he brought home, together with the start he had made before his trip, were the basis for Krick's course in weather forecasting and for the Krick Industrial Weather Service. . . . Most of the large motion-picture companies engaged the Krick service when they found that 97 times out of 100 the weather conditions of any day were as predicted. The Krick reports would go to the studios for the coming five or six days, and they would order extras and equipment for outdoor work accordingly. This service saved the industry an estimated \$6 millions a year. . . . Larry McPhail was a client when he was head man of the Brooklyn Dodgers. As a result of word from Krick headquarters in Pasadena, as to when it would or would not rain in Brooklyn, McPhail made a neat profit in 1941 out of his rain insurance. . . . A number of large utility companies have paid annual fees to the Krick firm; he told them when lightning was likely to damage their lines and where ice formation would break them. A chain of hydroelectric plants brought the service to know when it would rain and therefore when reservoirs would be filled and what would be the eventual ratio between steam-generated power and water-generated power. Such foreknowledge meant substantial economies. . . . In the winter, fuel oil companies in the East based their storage and shipment plans on teletyped information from Pasadena. During the summer period of peak sales, the Coca-Cola company likewise made its plans in accord with Krick reports on how hot and how dry it would be in various parts of the country. Tire-chain companies planned their advertising to coincide with the snow and sleet predictions of the Krick service. . . . On the basis of Krick forecasts a farmer in the Rio Grand valley, where weather conditions are an uncertain factor, cleared \$90,000 in a year when many of his neighbors took big losses. . . . One client was a company that grew Christmas trees in western and eastern Canada and Newfoundland. Trees are not cut until after the first hard frost has set the needles, and they lie on the ground for a day or two until they are gathered. A heavy snow while they are on the ground will cause a big loss. During October, November and December of 1940 the Krick reports saved this Christmas tree company so much money that a wire went off to Pasadena praising the service and renewing the contract. The late Gen. H. H. Arnold, commanding general of the Air Force during World War II, happened to be in Krick's office when the wire came in and Krick showed it to him. . . . Arnold was deeply impressed. Here was a man sitting in Pasadena who could predict the weather five days in advance in Newfoundland. And so it happened

Bill Smith

that Dr. Krick became Major Krick, and with some officers who had already had Cal-Tech weather courses, formed the nucleus of our first air force weather research center. After December 7, weather became a military secret and that meant a temporary end of Krick's weather forecasting industry. Krick remained a military weather strategist for the rest of the war, putting his experience as well as his files at the disposal of the air forces. . . . Following the war, Krick reopened his old service and added another, the Water Resources Development Corp., the services of which may be of interest to local ranchmen. . . . Penelope Or puh-NELL-uh-pee? . . . We overheard two friends last week arguing over how to pronounce the word, Penelope. Looking the word up in our combination dictionary, atlas, almanac, hints on childhood diseases and the racing record of Man o'War, we find that it does NOT rhyme with antelope or cantaloupe, as many seem to pronounce it. . . . The name Penelope is of Greek origin and it means "weaver." Anyone intellectual to be a Devil's River News subscriber has probably read Homer's "Odyssey" several times-no doubt in Latin-but just to keep this column up to its usual highbrow standard, we thought we'd give a thumbnail sketch of the classic, wherein sister Penelope originated. . . . She was the more or less faithful wife of Odysseus, who had no objection to his silly name because it was fashionable to have silly names in those days, and besides, he was pre-occupied with the Trojan war, being a second-lieutenant on the Greek side. After some horsing around, they whipped Troy. They celebrated the victory for a year or two before withdrawing, and then didn't exactly remember the way home. They wouldn't admit being lost, and claimed that the victory party had nothing to do with the eight-year delay in re-

turning. They were just temporarily confused on the route and also were waiting for the state department to form some kind of a definite foreign policy. . . . It was during this absence that Penelope comes into the picture and we use that expression because they'll make a movie of this some day, although you'll never recognize it from the original story or this accurate summary. Anyhow, there were a bunch of local defense workers and 4-F's making a play for Penelope. She wasn't sure Odysseus was still alive, as the allotment checks had stopped, and she had received no word from him, this being before Don Ameche invented the telephone or before James Farley was even born. So she said, "OK, boys, I'll marry up with one o' ye as soon as I finish this here winding sheet I'm a-weavin' for muh paw." Winding sheets were what they wore in those days to keep from buying suits, and her pa's was getting past the winding stage. Anyway, she'd weave all day and unravel all night, which was hard work, but bought time for her and kept the wolves from her door. . . . Finally Odysseus showed up and she was mighty glad at the sight of him, what with the rent overdue and her daughter needing a new set of braces for her teth. The landlord got his rent, Penelope got her meal-ticket back, daughter got her braces, and pa got his winding sheet, even if its threads were a bit fuzzy from being overhanded. . . . In fact, everybody wound up happy, except Penelope's suitors. Odysseus was a kind and gentle man and didn't want them to feel embarrassed, so he scragged the whole bunch. . . . Oh, yes getting back to the subject, it's pronounced "puh-NELL-uh-pee." Now why don't they spell it that way? . . . Mr. and Mrs. Wesley Granger and Mrs. C. F. Bode returned this week from Columbia, S. C., where they visited their sons, Bobby Joe Granger and Pat Jungk, who are serving in the army there.

RAIN MAKER—

Friday afternoon at 2 o'clock Ford Hubbard, Houston, Texas representative of the Water Resources Development Corporation of Pasadena, California, will meet at the Elementary School auditorium with ranchmen interested in doing something about the rain situation. Hubbard is coming here at the invitation of E. S. Mayer.

The company which Hubbard represents is owned by Dr. Irving P. Krick, who some years ago developed a highly profitable business in long-range weather forecasting and who gave a course in weather at California Institute of Technology from which have been graduated a number of today's long-range weather forecasters.

In the early 1930's, Krick's interest in weather studies led him to sign up for refresher courses at Cal-Tech. One of his professors was Beno Gutenberg, who had been a weather forecaster for the German General Staff in World War

IF YOUR DOG HAS BAD HABITS

It's easy for a farm dog to develop bad habits. It's almost as easy for you to break them. Here are some pointers on how you can help convince your dog himself that he shouldn't roam or kill sheep. The instructions are from the informative Purina Farm Dog Book on how to care for and train the farm dog.

Roaming

Never tolerate a roaming dog! A dog's place is at his master's side. But, beware of the dog who is gone by himself for hours. Roaming dogs at first go out by themselves. Later they may band together in packs and become a real scourge, even for a whole county.

A dog must form the habit of staying around the farm and go out only with members of the family. If you see the slightest tendency to roam keep him confined. Dogs that are never given a chance to roam very rarely develop this vice.

They just naturally form the habit of staying at home and like it! This brings us to probably the most serious misdeeds:

Sheep Killing

Most sheep-killing is done by a group of dogs, although sometimes "lone dogs" are responsible for much damage. There is hardly any way to cure a dog of this vice. Prevention is the one sure method to follow here.

So, first of all, don't let your dog roam. Then you might let several sheep in your flock carry a bell. Dogs going after sheep might give it up as a bad job, hearing the noises the

disturbed sheep make. Also, you could arrive at the scene in time to prevent damage if warned by the bell. A buck running with the herd will help.

Sheep recognize the leadership of the buck, and his capability for defense, and crowd around him. They cannot be scattered as easily and driven into panic.

If your dog has already developed into a sheep killer, but is otherwise good and valuable, better send him to the city where, without these temptations, he can lead a law-abiding canine life.

A copy of the Purina Farm Dog Book may be purchased for 50c at Purina dealers.

First National Bank

SERVING SUTTON COUNTY 50 YEARS

APRIL 29 NAMED AS NATIONAL 4-H SUNDAY

The importance of prayer will be emphasized by Texas 4-H members in their observance of National 4-H Sunday, April 29. Programs throughout the state are being planned around the 1951 4-H theme, "Working Together for World Understanding."

"As each 4-H member attends the church of his choice, it is the hope that there will be awakened a new realization of the power of prayer," says M. L. Wilson, National director of Extension Work.

4-H Sunday occurs the fifth Sunday after Easter. It is closely linked with Rogation Days, celebrated for centuries in the Christian Church during the three days preceding Ascension Day. It is an outgrowth of Rural Life Sunday, which was first observed in 1929. "4-H Sunday emphasizes the H that stands for heart," declares Erma Wines, assistant state 4-H leader. She says it presents an opportunity for 4-H Club members to give expression to the character development that takes place through 4-H activities.

Miss Wines reports that Director Wilson and Gertrude Warren, stressed the factors that contribute to the moral steadiness of youth in speeches before a meeting of Southern Regional State 4-H Leaders and Directors at Lakeland, Florida, during the week of April 1.
