### Wool And Mohair Ceilings Leave Room For Good Prices This Year

The wool industry got its dollars and cents price ceilings from the Office of Price Stabilization Wednesday. Most West Texas wool men agreed that the ceiling left room for some good wool prices for Texas wool growers.

The ceilings will not mean much to Texas sheeplens this spring because practically all of the present clip is under contract.

It was pointed out that the OPS didn't hurt wool men nearly as badly as it did the cattle industry. Ceilings, however, show some reduction from January peaks.

Effective at once, the ceiling prices are 65 to 70 per cent higher than market prices were before the outbreak of the Korean war, OPS officials declared.

The order set a ceiling of \$3.35 a pound for 64s average wool, clean basis, at the warehouses of wool sellers or a port of entry, re-

gardless of the country of origin. Ceiling on 64s top is \$4.13 clean. By sellers is meant wool dealers or handlers, most of whom are in Boston. Ceilings are not set at the producer level.

The regulation set up a scale of prices for original bag greasy mohair matchings, and mohair top and noils.

It provides a ceiling of \$2.28 a pound for original bag kid and \$1.81 for adult.

Prices for mohair matching range from 71 cents for low offs (burry) to \$3.18 for 40s in the kid, and 71 cents to \$2.23 for 30s in the adult.

A Sonora wool warehouseman saw a danger that the ceilings may take the United States out of the foreign wool markets at a time when this country badly needs foreign wools.

Fred Earwood, manager of the

Sonora Wool & Mohair Co. and former president of the Texas Sheep and Goat Raisers Association, pointed out that if foreign markets are above the ceilings, buyers in this country may not be able to buy foreign wools.

They can't look to Uncle Sam for help either, because the government at present does not have authority to buy wools in foreign markets. President Truman has asked for this authority. It is said the government would buy foreign wools and resell them to American mills at a loss if necessary. Opponents of this have called it a move toward subsidization.

"I can't see how the OPS can put ceilings on foreign wools imported to this country when the United States has no control over foreign markets, Earwood declared.

Just before the OPS ceilings were announced, the Texas Sheep & Goat Raisers Association office here received a price ceiling schedule which J. M. (Casey) Jones, executive secretary of the National Wool Growers Association, said was most likely to be accepted. It seems to check with the few prices announced Wednesday.

Jones' list follows: 70's staple, \$3.65 clean; 70's average, \$3.46; 64's staple, \$3.46; 64's average, \$3.35; 62's warp, \$3.39; 62's average, \$3.33; 60's staple, \$3.33; 60's average \$3.30; 58's staple, \$3.23; 56's staple, \$3.04 50's staple, \$2.94.

Ed Long of Del Rio Wool & Mohair Co. said the \$3.35 clean price on 64's looked good to him. On the basis of 55 per cent shrinkage, 64s in the grease could, under the ceilings, bring \$1.50 a pound less cost of shipping to Boston, he pointed out.

Frank Roddie, warehouseman and president of the Texas Sheep Goat Raisers Association, said the \$3.35 price is a good one for growers. He said it should be pointed out, however, that the fact the ceiling is so high is no guarantee that the wool actually will bring that much. It will take demand to push wool prices to that level. Right now, he doubts that demand is strong enough to warrant that price on the market. The wool market has been extremely sluggish in recent weeks.

Joe B. Blakeney, San Angelo warehouseman, said that the ceilings allow good prices. Like Roddie, he pointed out that demand will make the actual price. But he added that because so little domestic wool is left unsold, he believes growers will hold for the ceiling

## Ranchmen Authorize Krick To Operate Here

### NEWS TO GIVE AWAY NEW FORD

Announcement of a "Subscriber Appreciation Day" on Saturday, July 28, was made this week by the Devil's River News. On this day, Sutton County's newspaper will give away to one of its subscribers a 1951 Ford Six Tudor Custom sedan, with radio and extra tire, bought from Sonora Motor Co.

Procedure governing the award of the gift may be found in an advertisement in this edition.

Now in its sixty-first year, the News was established on October 18, 1890 and is the oldest business institution in this county.

### Sub Station To Hold Field Day Saturday

The Sonora Experiment Station will hold its annual field day Saturday, according to Dr. W. T. Hardy, superintendent, at which time the results of this year's ram progeny tests will be announced.

The program is to begin at 9 o'clock and should last until about 4 o'clock. A barbecue dinner will be served by the Sutton County 4-H Club at \$1 per plate.

The station has fed 151 rams 224 days. The rams were fed in groups by the same sire so the value of the sire could be determined by the performance of the offspring in wool and mutton production.

No formal program is planned. The first couple of hours will be given over to inspection of the rams. There will be a short discussion shortly before noon. The afternoon program is expected to last until about 4 o'clock.

The organized program will be a panel discussion of the project. Audience participation is hoped for.

The rams were shorn after the last weighing April 18. Full report on scouring, clean weight of fleeces, spinning counts, and other points of interest will be available Saturday.

### County Gun Club Elects Officers

Stanley Mayfield was elected president of the Sutton County Gun Club last week when local rifle and pistol enthusiasts met at the Courthouse to organize under the auspices of the National Rifle Association.

Other officers elected are L. P. Bloodworth, vice-president; Elmo Johnson, executive officer; Harold Garrett, chief instructor; Shelly Lowe, secretary; Harold Scherz, treasurer; Web Elliott, legal officer.

Another meeting has been called for Friday, May 18, at the Courthouse to receive new members and to charter the club. Anyone who wishes to join the club may do so by contacting Lowe. Dues are \$10 a year.

Arrangements have already been made to build a rifle range on the Stanley Mayfield ranch.

### Students Win At State Meet

Sonora students won a fair share of prizes offered at the State Inter-scholastic League Meet last week in Austin.

Gene Henderson set a state Class B record in winning the discus throw with a heave of 139.5 feet. Henderson had done better in other meets, but the state toss gave him plenty of room.

Jack Ratliff became one of the few students in league meet history to win every speech event offered when he placed first in boys declamation. In winning he made himself ineligible for further competition, unless it be in a one-act play. Ratliff was coached for the declamation event by Billy Wood.

Jackie Wardlaw won a first in headline writing in the journalism contests, and she and Ratliff both placed in feature story writing.

Sonora journalism students also presented a program on how to conduct an editorial campaign.

Billy Scott and Tyree Hardy, competing in boys debate, won their matches up to the semi-finals, where they were eliminated by the Cooper team.

Henderson was coached by T. M. Hawkins, and Hardy, Scott, and Miss Wardlaw by T. M. Harvey.

### Driver's Course Students Pass License Tests

Nine boys enrolled in the driver education course offered by the high school passed their course, according to T. M. Harvey, instructor. No girls were enrolled, Harvey said, due to schedule conflicts. The course is open to both boys and girls.

All of the nine passed their drivers license examinations, except one, Joe Richard Lancaster, who must wait until he is 14 years of age to take the test.

Those licensed are George Sprinks, Turney Friess, Ralph Copeland, Connie Locklin, Albert Ward, Eddie Smith, Bill Ratliff and Travis Carter.

The students spent about 45 hours doing classroom work including study of traffic regulations, attitude in driving, and auto maintenance.

Another 45 hours was spent in learning to drive both on city streets and on highways.

Students learned gear operation, starting, turning, backing, angle and parallel parking, turnabout, parking up and downhill with and without curb, coordination exercises, procedures on stop-signs, intersection and right-of-way courtesy, observance of pedestrians.

### FAILING CREW HERE

Five families whose heads are employed by Failing Seismograph Company, moved her in late April from Stephenville.

They are Mr. and Mrs. Travis A. Dunn and daughter, Joyce; Mr. and Mrs. Fritz Sanders and daughters, Sandra Lynn and Ruby Lee; Mr. and Mrs. Walter Smith and son, James Harvey; Mr. and Mrs. Levon Guest and sons, Kenneth Dale and Royce Levon; and Mr. and Mrs. Gene Benson.

Dollars fight cancer. Give to the 1951 Cancer Crusade of the American Cancer Society.

Earwood and Blakeney both recalled that some domestic wool now pegged at \$3.35 brought \$3.75 or more in Boston as the market reached its peak in January.

Bill Littleton, manager of the Western Wool and Mohair Co. warehouse here, said top in his warehouse was \$3.50, with average closer to \$3.00.

### Sutton Crockett And Val Verde Counties In On Rain Project

Quick action by the Water Resources Development Corp. was expected this week by ranchmen in the Sutton-Crockett-Val Verde area following the meeting Wednesday night in Ozona. This is not to say ranchmen are expecting rain in the next few days, but simply means that partial seeding will be carried out at the next opportunity and complete seeding will be carried out as soon as possible.

Ford Hubbard, Texas representative of the WRDC, advised Dr. Irving P. Krick, president of the company, Thursday that 22 ranchers representing 300,000 acres in Crockett County voted to make a contract with Sutton County and to get action on the next opportunity. The ranchmen, Hubbard said, underwrote payment of \$5,000 if a final contract failed; \$2,500 of this will be paid next week.

The Crockett County group is headed by Dick Henderson, E. S. Mayer has been active in organization efforts here, and Roger Gillis is handling matters in Val Verde. The three county area will amount to about 5 million acres. Hubbard advised Krick that a final contract by telephone is virtually assured. He said ranchmen expect a partial operation on the next opportunity and complete operation as soon as feasible.

### Allison Wildcat Tested Wednesday

A Sutton County wildcat, Ralph Lowe of Midland No. 1 Lea Allison, 12 miles east of Sonora, Wednesday was drilling below 6,255 feet in Hme, probably Strawn, after recovering oil and water shows on two drillstem tests between 6,177-240 feet with tool open four hours. No. 1 Allison had gas in one hour, 25 minutes, recovering 292 feet of gas-cut drilling mud, and no water.

The second test from 6,204-55 feet, on five hours, recovered 90 feet of heavily gas-cut mud, 90 feet of oil and gas-cut mud and 385 feet of mud-cut salt water slightly gas-cut.

Operator said no correlations were made with any other wildcats in the region that went to the Strawn.

No. 1 Allison is located 660 feet from north and east line of the south half of McGonigle survey 4.

### SONORAN'S FATHER BURIED MONDAY IN GRANBURY

Funeral services for J. E. Waldrup, 72, were held Monday afternoon at the First Baptist Church in Granbury. Mr. Waldrup was the father of Mrs. Dick Morrison of Sonora and had visited here two weeks in April.

Mr. Waldrup died Sunday morning in a Stephenville hospital after a two-week illness. A native of Hood County, he was born October 5, 1879 and was a retired ranchman and stock farmer.

Surviving are his wife, two

### HOSPITAL TO HONOR DONORS

Patients of the Texas Scottish Rite Hospital for Crippled Children watch Colonel Alvin M. Owsley point out names of persons who have left bequests to the institution during the last year. Col. Owsley, former diplomat to three European countries and past national commander of the American Legion, will give the principal address of the hospital's 1951 Memorial Services honoring its benefactors. The special services will be broadcast over Texas Quality Network May 20 at 3:30 p. m.

It's the only new-type engine  
in any "new car"!

Chrysler FirePower

Finest engine ever put in an automobile

180 HORSEPOWER

The new Chrysler Hemispherical Combustion Chamber, heart of the finest car engine built today. In this dome-topped area, you see the only ideal combustion chamber... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

With so many engines claiming newness... how can we call FirePower the only new type engine today? The answer's very simple, and one you ought to know before you invest in a car. The fact is that engine "improvements" happen every year... but a basically new motor car engine is a very rare thing. And FirePower is the most basic new development since Chrysler introduced high-compression in 1924!

To get to the heart of the matter, just go to the heart of the engine... the combustion chamber where the spark fires gas into power. Here Chrysler brings you something no car has had till now... a Hemispherical combustion chamber... the only perfect and ideal combustion chamber in any passenger car. Here the same amount of gasoline delivers you

far more energy than it could in any other car. What this means to the man at FirePower's wheel is impossible to tell you till you take that wheel yourself. FirePower's 180 horsepower can outperform any other engine on the road, even on regular grade gas.

Remember, too, that Chrysler now offers the wondrous road-ease of new Oriflow shock absorbers with twice the shock-absorbing power of any others... and the exclusive safety and delight of Hydraguide power steering\* which takes four-fifths of the work out of steering! You can learn for yourself how Chrysler has changed your motoring life by seeing your Chrysler dealer now!

\*HYDRAGUIDE regular on Crown Imperials, optional at extra cost on all New Yorker and Imperial models.

### What's going on in Sonora . .

In the baby photogenic contest which Joseph's held about a month ago, the following were awarded prizes: Michael Richardson, son of Mr. and Mrs. O. L. Richardson, Jr., first; Geraldine Drews, daughter of Mr. and Mrs. N. E. Dewes, second; Alvin Lee Beyer, son of Mr. and Mrs. Clarence Beyer, third. Prizes are the pictures which were made . . . The Junior Girl's Auxiliary of the First Baptist Church was recognized Sunday night at the church and sang in the choir. They also said their pledge, according to Barbara Nell Smith, reporter . . . Tyree Hardy was appointed drum major of the

band for next year. New twirlers are Marilyn Mittel and June Henderson. Hold-over twirlers are Carnie Sue Wyatt and Lena Lanier . . . The voice of Ben Cusenbary will be heard on the "Mr. Paymaster" radio program over Station KGKL, San Angelo, May 24 at 1 P. M., and over KWFT, Wichita Falls, May 24, at 12:30 P. M. Both shows are recordings made here, and consist mainly of an interview with Cusenbary, who won the Best Farmer award in this district of the "Save the Soil and Save Texas Contest." Cusenbary was awarded the \$200 prize and plaque on the basis of his ranching activities, however, rather than his work as a farmer . . . A. E. (Poly) Wells, former school superintendent here, was last week elected superintendent of the Abilene Schools. He was given a three-year contract at \$10,000 a year. Wells was formerly director of curriculum at Abilene . . . Richard Saunders, a Sonora High ex is now owner of ust 28, and said Thursday he hope tory at Wichita, Kansas . . . James Caldwell, a last year graduate of Sonora High School, was honored as an outstanding cadet in the Tarleton State College corps

during the ROTC field day ceremonies held there recently. Caldwell is a member of the squad judged as the best drilled during the program. He was awarded a medal for his participation . . . H. R. Hay, band instructor at the high school, will report to the Naval Air Station, Dallas, May 26, for active duty. Hay expects to be on active duty only until August 28, and said Thursday he hops to return here in the fall . . . A girls trio composed of Nancy Hunt, Betsy Ross, and Cynthia Hall will sing "That Wonderful Mother of Mine" at a special Mother's Day service at the Methodist Church. . . Jackie Sharp and Donald Ray Behrens are expected home on furloughs between May 11 and 27 . . . Charles Lee Haines and Bobby Joe Granger will be home next week on leaves. Sharp and Behrens are in the army in California, while Haines and Granger, also in the army, are stationed in South Carolina . . . Quite a few yearling muttons are being delivered at Junction now. Most sold from 26 to 29 cents . . . Mr. and Mrs. Tommy Thorp moved into their new home last weekend . . . About a half-inch of rain fell Sunday night in the area between Junction and Rocksprings . . . Mrs. E. E. Sawyer received .53 inches of rain Sunday at the Eagle Well place.

The Rev. and Mrs. W. H. Marshall and Mr. and Mrs. Dee Word of Sonora were among the Methodists who were at Kerrville May 7-8 for the meeting of the Southwest Texas Conference boards to plan for the approaching annual session at Travis Park church, San Antonio, May 23-27. Highlighting the session was the dedication of an electric organ in the auditorium at Mount Wesley, summer assembly ground. Bishop A. Frank Smith conducted the ceremonies as the organ was presented in honor of Rev. Arthur E. Rector and in memory

of Mother Rector. Brother Rector celebrated his 96th birthday April 25. Admitted to the Conference in 1883, he is known throughout West Texas. The organ is the gift of friends through the work of a committee headed by "O. P." Schnabel of San Antonio. Most recent addition to the assembly equipment is a swimming pool. "We are ready for the summer crowds with a strong program," said Superintendent Sloan L. Batchelor.

## MRS. BABCOCK HOSTESS TO THURSDAY BRIDGE

Mrs. O. G. Babcock entertained the Thursday Bridge Club in her home, April 3. Mrs. R. G. Nance won high member. Mrs. Rose Thorp won high score guest, and Mrs. Lee Labenske won low. A sandwich and dessert plate was served to Mmes. Joe Berger, John Bunnell, Sim Glasscock, S. M. Kerbow, B. C. McGilvary, Harvey Morris, Robert Rees, A. W. Awalt, M. Brown, Nance, Thorp, and Labenske.

## ART CLUB INSTALLS NEW OFFICERS THURSDAY

New officers were installed following the picnic held by the Sonora Art Club in Simmons Park Thursday evening. Mrs. Lloyd McMullen is the new president; Mrs. Howard Kirby, vice-president; Mrs. Eriel Newton, secretary-treasurer. The club voted to meet during the summer. Thirty-five members and guests attended.

WANTED: WORK during the summer. Call T. M. Harvey at 27561. 1 tp 30.

G. I. FORUM ORGANIZES  
 BASEBALL TEAM HERE

The G. I. Forum here has organized a baseball team which will play a summer schedule on a new diamond being laid out on the Negro School grounds. The team will be directed by Alpidio Torres, Alfred Bermea and Rev. L. R. Flores. The organization wishes to thank the following businesses for donations toward uniforms: Piggly Wiggly Grocery, Sanchez Cafe, C. R., Granger & Johnson Motor Co., Club Latin, Rouseche Grocery, Hamilton Grocery, Sonora Cafe, Sonora Steam Laundry, Guarnero Grocery and Market, La Vista Theatre, Ramirez Boot Shop, Gonzales Cafe, Perez Liquor Store, and Brown's Cafe. Officers of the G. I. Forum are: Cesario Martinez, president; Louis Perez, vice-president; Cecelio Cardona, secretary and Tomas Favela, treasurer. Mrs. Nita Aiken and son, Jimmy, of Lubbock, are the guests of Mr. and Mrs. Andre Truden.

QUESTIONS AND ANSWERS  
 FROM  
 VETERANS ADMINISTRATION

Q - - I want to take a GI Bill course in accounting, but the only one available doesn't start until the Fall of 1951. Can I enroll even though the July 25 cut-off date which applies to me will have passed?  
 A - - No. You actually must be enrolled in a GI Bill course by the July 25 cut-off date, except for interruptions for reasons beyond your control. You may not enroll for the first time after that date.  
 Q - - I interrupted my GI Bill training to enlist in the Army. Does VA consider an enlistment an interruption for a reason beyond my control? Will I be allowed to continue training after my discharge?  
 A - - Enlistment in the armed forces is considered an interruption beyond your control. Therefore you will be permitted to go ahead with your GI Bill training after your discharge provided, of course, that you are discharged prior to the termination date for the GI Bill program.  
 Q - - I am receiving compensation for a service-connected disability. Recently I lost my sight as a result of an automobile accident. Will VA provide me with a seeing-eye dog and electronic and mechanical equipment for the blind?  
 A - - Yes. Blindness need not be service-connected, so long as you are entitled to receive compensation for any service-connected disability.  
 Q - - I have just entered military service and, because of my reduced income, I no longer can meet payments on my \$5,000 commercial life insurance policy. Is there any help I can get to hold my policy?  
 A - - Under the Soldiers' and Sailors' Civil Relief Act, the VA may take over your payments while you are in service and, if necessary, for two years afterwards. But after your discharge, you will have to repay VA for all

**Get more "run" for your money!**

TODAY, the money you make depends a lot on the way that truck of yours runs—and keeps running!

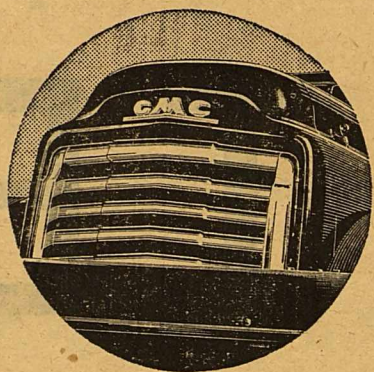

We aim to give you—and always deliver—more "run" for the money you spend on truck repairs, because we know that maintenance costs are mighty important to your profit picture, too.

At our shop you get honest estimates and quality workmanship—by mechanics who know and understand all kinds of truck troubles.

What's more, the service is fast! And the work's done right by men with real truck experience, men who represent

the world's largest exclusive manufacturer of commercial vehicles.

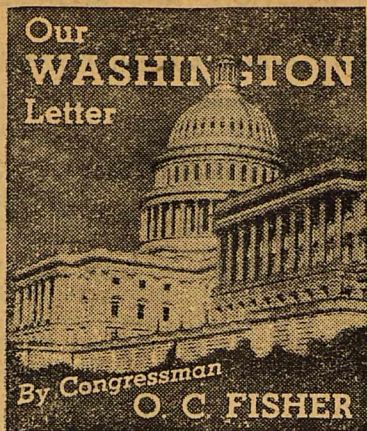

And the prices? Just try us—see if our service department doesn't give you the best-running truck for the money you spend!

**THE ECONOMY BLOC** in the House whacked nearly a billion dollars in non-essential spending from an appropriation bill last week, including cuts below the President's budget made by the Appropriations Committee. The major floor cut was for Government-owned public housing, the House voting 181 to 131 to reduce construction of non-military public housing units to be begun during the next year from 50,000 down to only 5,000. This has nothing to do with FHA housing projects.

The Interior appropriation bill, also passed last week, was also cut by several million dollars as a result of an economy drive by a coalition of Republicans and Southern Democrats.

FOR MORE THAN A YEAR I have been protesting the shipment of scrap iron from this country across the Rio Grande into Mexico unless it is made certain that the movement is not unduly depleting our own needs and unless it could be made certain that some of it does not eventually get into the hands of Communist countries.

Recently Secretary of Commerce Sawyer wrote me a letter further explaining the situation. He said that all such exports out of Mexico are subject to export control by the Mexican Ministry of National Economy, which he says has "operated effectively to prohibit exportation of significant quantities of these products to any destination". This, he says, has been confirmed to him by the Mexican Embassy.

"I might mention", the Secretary continued, "that requests for scrap licenses are handled in this Department and are carefully screened as to consignee and end use. In addition, it should be noted that we are familiar with the capacity

New Potatoes English Peas  
Wilted Leaf Lettuce Salad  
Hasty Pineapple or Berry Cobbler  
Iced Tea or Coffee

of Mexican facilities for utilizing scrap and that the quantities shipped from this country are not excessive in relation to this factor. Further, our Embassy in Mexico City and the Consulates throughout the country are constantly on the alert and would report any trans-shipments promptly.

"Finally, I might add", the Secretary's letter said, "the Mexican authorities are keenly aware of the importance of U. S. scrap to Mexico's iron and steel industry and realize fully that permitting the re-exportation of significant quantities would adversely affect the country's position with reference to obtaining further supplies from the United States".

The major portion of scrap received from this country is used in Mexico to produce ingots which various iron and steel products are produced, Mr. Sawyer pointed out. The remainder, he said, consisting of a moderate amount of baled and compressed scrap, is used by the lead smelters as a fluxing agent in the refining process. "Any reduction in scrap supplies for this purpose would, of course, effect U. S. receipts of lead" from Mexico, the Secretary added.

In a prior exchange of letters with the Secretary of Commerce, I was informed the average annual exports of such scrap from the United States to Mexico runs a little above 100,000 tons. Practically all of this is consigned to steel mills in Northern Mexico. According to this source, Mexico is traditionally an importer of American ferrous scrap, upon which it is largely dependent to make up its chronic deficiency between consumption and domestic

**KEEP 'EM ROLLING!**  
with  
**GOODYEAR**  
**BETTER TIRE SERVICE**

Here's What We Do:

**COMPLETE INSPECTION**

Check tires and tubes for all types of injuries—breaks, bruises, cuts, etc. Inspect monthly for puncturing objects.

**CORRECT AIR PRESSURE**

Incorrect air pressure cuts tire mileage. We check weekly with accurate gauge—make sure valves and caps don't leak.

**WHEEL BALANCING**

Check wheel balance when inspecting tires. Correct wheel balance saves tires and front-end parts—saves money.

**REPAIR CUTS and BRUISES**

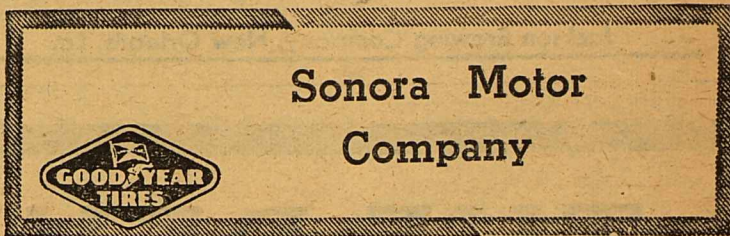

These can result in punctures and blowouts. Our repairs last as long as the tire.

**PERIODICAL TIRE ROTATION**

Tread wear is different on each wheel—regular rotation distributes wear evenly.

**TIRE TREADING**

A sound tire, worn smooth, will give many extra miles of service with new Goodyear factory-approved treading.

**Sonora Motor Company**

supply. The Secretary insists that the current movement is normal, and that exports that are permitted from this country are only sufficient in quantity to meet actual domestic needs in Mexico.

To further confirm this explanation, I have asked the Secretary of Commerce to obtain a statement from Mexico listing the amounts of any exports of scrap iron and steel, and their products, from that country to other Nations.

**ENTRIES FOR HORSE SHOW BEING RECEIVED**

First entries for the San Angelo Horse Show and Rodeo, June 7, 8, 9, 10, were arriving in the secretary-manager's office, after catalogs were mailed last week.

H. E. McCulloch, general manager for the show, made the announcement and emphasized that deadline for the entries is May 15. Meanwhile, tickets for San Angelo's rodeo, produced by Buetler Brothers, Elk City, Oklahoma, were placed on public sale May 1st. Six performances of the rodeo will be held on Thursday night, Friday and Saturday afternoons and night, and Sunday afternoon.

**CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION**

Sealed proposals for constructing 8.012 miles of Gr., Strs., Flex. Base & Two-Crs. Surf. Treat. from 0.2 mi. West of Ft. Terrett Store, east to 1.3 mi. West of Roosevelt on Highway No. U. S. 290, covered by FI 425 (10) & (11), in Sutton & Kimble Counties, will be received at the Highway Department, Austin, until 9:00 A. M., May 15, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said Acts.

sions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for the regular governing rates.

Plans and specifications available at the office of W. N. Harleman, Resident Engineer Junction, Texas, and Texas Highway Department, Austin. Usual rights reserved.

**ARMED FORCES DAY PROGRAM TO FEATURE GOODFELLOW AIR SHOW**

All aerial maneuvers taught to basic pilot training students will be performed by two Goodfellow Air Force Base instructors at the Armed Forces Day program on Saturday afternoon, May 19. The demonstration will follow the aerial review of 27 North American T-6 aircraft.

First Lieutenants Dean F. Singleton and William I. Laughlin are the two pilots who were selected to offer the demonstration.

Maneuvers to be performed include Lazy Eights, chandelles, barrel rolls, half rolls, slow rolls, loops and immelmans. These are the acrobatics which each cadet and student officer in the basic pilot training program at Goodfellow is required to become proficient in before going on to advanced training.

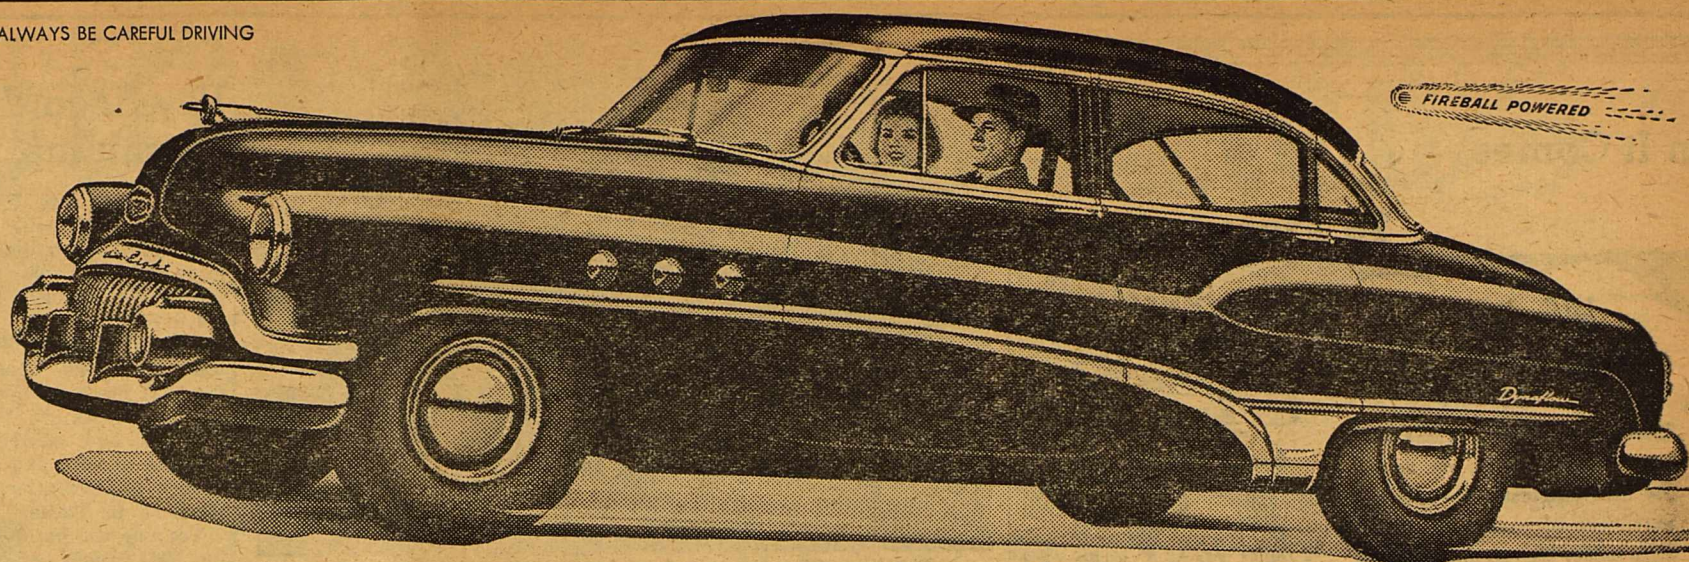

Maximum performance maneuvers requiring a high degree of skill on the part of the pilot and maximum engine performance from the aircraft will also be demonstrated. Among these acrobatics are the Cuban 8 and Leaf maneuvers.

All acrobatics will be performed in front of the Operations Area at a safe altitude and in close view of the spectators.

Every day should be farm Safety Day on the farm. The practice of removing hazards from about the farm and home may prevent farm accidents that too often are caused by carelessness.

ALWAYS BE CAREFUL DRIVING

**The difference goes more than Skin-Deep**

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance — because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

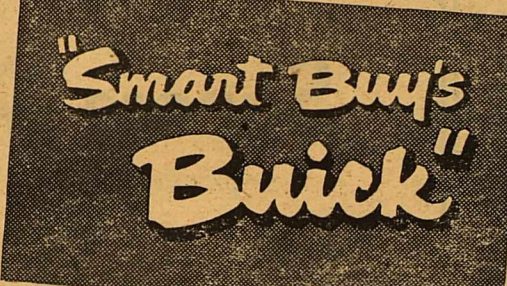

Capping it all, there's the silken versatility of Dynaflo Drive,\* that takes

all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurable from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice

**No other car provides all this:**

- DYNAFLOW DRIVE\* • FIREBALL POWER
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

\*Standard on ROADMASTER, optional at extra cost on other Series.

This new roll innovation teams up nicely with spring salads.

Sweet potatoes are a spring "thrift" buy in vegetables, so plan to serve them often in the next few weeks. They fit in nicely with spring menus since they can be prepared in so many tempting ways. Baked sweets are always popular. Serve them steaming hot with a pat of fortified margarine melting down into their golden goodness. Of course, your family will want you to feature them "candied" when they make a table appearance with baked ham or broiled chicken. Sweet potatoes are also at home as an ingredient in breads. Sweet potato biscuits have long been popular in the south and are often served at wedding breakfasts. Try the recipe for Sweet Potato Rolls for a new cooking adventure. You will find the family will "dote" on the rich, characteristic flavor of these rolls.

**SWEET POTATO ROLLS**

- 3 tablespoons sugar
- 1 teaspoon salt
- 3 tablespoons fortified margarine
- 2 cups mashed cooked warm sweet potatoes
- 8 cups sifted enriched flour (about)
- 1 cake yeast
- 1 1/2 cups lukewarm, scalded milk

Add sugar, salt and margarine to mashed sweet potatoes. Blend thoroughly. Add 1 cup flour and mix well. Dissolve yeast in milk. Add to sweet potato mixture. Beat until smooth. Cover and let rise in warm place for 1 hour. Gradually add remaining flour and work into a stiff dough. Knead well. Place dough in a margarine bowl and brush top with melted margarine. Cover and let rise until doubled in bulk (about 1 hour). Shape into rolls. Place on margarine cookie sheet. Brush with melted margarine. Let rise until doubled in bulk (about 45 minutes). Bake in 375 degree oven for 12 to 15 minutes. Yield: 2 1/2 dozen rolls.

**State Fair To Pay Record Premiums**

The 1951 State Fair of Texas, October 6-21, will offer \$83,074 in livestock premiums - - \$10,365 more than last year and the highest in the history of the 66-year old exposition.

Ray W. Wilson, manager of the fair's livestock department, said the 1951 premium list will be mailed this week to 1,500 livestock breeders and exhibitors throughout the nation, and to all county agents and vocational agriculture teachers in Texas.

Topping the list of shows featuring 26 breeds of cattle, swine, horses, sheep and Angora goats will be the Pan-American National Hereford Show, Oct. 6-11. Premiums of \$25,000 are offered for this show alone, the highest the fair has ever posted for any one show.

Total beef cattle premium are \$34,650, an increase of \$12,300 over last year. Arrayed with the Herefords will be top aberdeen-Angus Brahman and Shorthorn cattle. All beef cattle shows run Oct. 6-11.

Dairy cattle premiums total \$15,450. Guernsey, Holstein-Friesian, Jersey and Milking Shorthorn cattle will be shown Oct. 12-19.

The Junior Livestock Show Oct. 15-20 will offer premiums totaling \$14,945, an increase of \$3,695 over 1950. There will be classes for dairy cattle, steers, pigs and sheep.

Premiums for the nine breeds of swine to be shown total \$9,152 and prizes for the six breeds of sheep that will be on display come to \$2,977. Angora-goats premiums amount to \$850. Swine, sheep and goats will be shown Oct. 6-14.

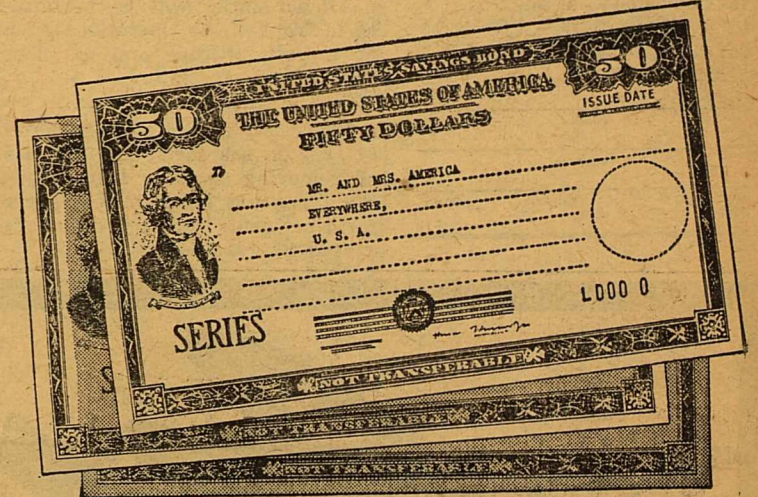

Dates and premiums for the horse show will be announced later, Wilson said.

Of the \$83,000 in premiums being offered at the 1951 fair, the State Fair of Texas will contribute \$64,791 and national and state purebred livestock associations will contribute \$18,283. This is an increase of \$7,392 over premium money given by breed associations last year, Wilson said. This indicates a growing recognition of the fair's vast audience and its leadership in promoting better livestock, he pointed out.
