## THE HOUSE CRIME INVESTIGATING COMMITTEE

**TEXAS CRIME PROBERS**—Pictured above is the five-man committee named by the Texas House of Representatives to investigate organized crime in Texas during the next two years. The second public hearing of the committee is slated for June 25 when the committee will delve into the activities of the Maceo gambling group in Galveston. Left to right the members are Horace B. Houston, Jr. of Dallas, Waggoner Carr of Lubbock, Chairman Fred V. Meredith of Terrell, Bill Wood of Tyler, and Charles Murphy of Houston.

**OUR WASHINGTON LETTER**

By Congressman **O. C. FISHER**

**STILL DRAGGING ITS FEET**, after six months of the present session, the House last week finally passed a Mexican labor bill which is designed to effectuate the agreement between this country and Mexico whereby Mexican laborers may be processed and permitted to enter the United States on a temporary basis to do agriculture work.

A provision in a companion Senate bill, previously passed, made it a felony for an employer to hire a Mexican national illegally in this country, if the employer should have found out or should have suspected that the employee was unlawfully in the United States. The House by a vote of two and one-half to one defeated a similar provision offered as an amendment to the House bill.

The House and Senate versions of the labor bill are now being considered by a Conference Committee, and it is hoped an acceptable compromise can be agreed upon shortly.

**STOPPING OFF IN WASHINGTON** for a brief tour of the capitol and city on last Friday was a large delegation of Texas Lion Club members, en route back to Texas from the International convention in Atlantic City. Traveling on a special train, the party visited briefly at the capitol which gave a number of the Congressmen a chance to see friends from their districts.

Among those in the group from our area were: Mr. and Mrs. E. J. Lehmburg of Mason, Mr. and Mrs. Zola Frise of Uvalde, Mr. John Lowrey and Mr. A. E. Prugel of

## MOBILIZATION COMMITTEE MEETING SET TUESDAY

A meeting of the Sutton County Agricultural Mobilization Committee will be held in the District Courtroom Tuesday morning. Representatives of the San Antonio Chamber of Commerce, members of the State PMA Committee, Fred Walker, range specialist of Texas A. & M. College, will attend the meeting. All who are interested in this work are urged to attend.

Mrs. Lamar Fuqua and children, Donald, Kenneth, Steve and Kay, returned from a two-week vacation in Dallas and Shreveport, La. Fuqua joined them for a few days in Houston and Galveston.

Sonora, Mr. and Mrs. M. D. Buster of Llano, Mr. and Mrs. Jack Cooper of San Angelo, Mr. Sandy King of Brownwood, and Mr. and Mrs. W. T. Little of San Saba.

Pointing to the phenomenal growth of Lions Clubs in Texas, the convention delegates from the Lone Star State issued their own publication which recorded that in 1940 there were 280 clubs, in 1945 there were 354, and in 1950 with Herb C. Petry, Jr. of Carrizo Springs, President of Lions International to inspire and lead them, the number of clubs jumped to a total of 609, comprising 33,810 members.

Speaking of Mr. Petry, he was recently admitted to practice before the United States Supreme Court on an admission day when I had the honor of introducing him to the Court.

**AMONG RECENT FRIENDS** who have visited our office have been Mrs. J. A. Barnett and Miss Manrie Wilson of Del Rio; Dr. and Mrs. Clarence F. Winchester, formerly of Fredericksburg but now at Beltsville, Md., near Washington. Dr. Winchester is a Research Specialist for the Department of Agriculture at its Experiment Station located near Beltsville. Others who recently came by to see us included Mr. and Mrs. John R. Box of San Angelo and Mr. and Mrs. Ralph Hickman, formerly of San Angelo but now teaching at Georgetown.

## Soil Conservation District News

News of Edwards Plateau Soil Conservation District Prepared by Local SCS Personnel

R. A. Halbert harvested 250 pounds of Madrid clover seed in combining 2 acres of second year Madrid clover. Halbert has approximately 35 acres of clover under irrigation, most of which was planted this spring. Grazing was started this week when 100 cows were put on the clover.

Edwin Mayer has started pasture deferments this spring in six pastures totaling 4,500 acres on his ranch west of Sonora. Mayer has been practicing pasture deferment during the growing season for the past 3 years. With a system of resting pasture during the growing season Mayer is improving the grass cover and is getting

a substantial increase of the more desirable grasses.

Marvin H. Woodbury, range conservationist, moved to Sonora from San Angelo last Sunday. He is replacing Jack Jarvis who moved to Del Rio last week. Woodbury, a graduate of Utah State Agricultural College, has been working for the Soil Conservation Service in San Angelo. Mrs. Woodbury and two sons accompanied him in the move.

Jack Jarvis, range conservationist replaces Harry Hunter who resigned. Jarvis, a graduate of Texas A. & M., has been in Sonora for the past 1 1/2 years.

## Judging Teams Place Fourth In State Contest

The Sutton County 4-H Club grass judging team and wool and mohair judging team judged in the State 4-H Club contests held at College Station Monday, June 25. Both teams placed fourth in their respective contests. Joe David Ross was fifth highest individual and John Mittel was seventh highest individual in grass judging.

Teams scores in grass judging were: Runnels Co. 4-H Club, 692; Brown Co. 4-H, 686; Childress Co. 4-H Club, 675; Sutton Co. 4-H Club, 664; and Martin Co. 4-H Club, 656. Twenty teams participated in the grass judging contest.

Teams score in wool and mohair judging were: Menard 4-H Club, 1911; Kimble 4-H Club, 1753; Schleicher 4-H Club, 1745; Sutton Co. 4-H Club, 1732; Crockett 4-H Club, 1725; and Glasscock 4-H Club, 1527.

Members of the Sutton County grass judging team were Joe David Ross, John Mittel, Betsy Ross, and Corky Schweining. The wool and mohair team was composed of George Spinks, Ben R. Mittel, Carlos Loeffler and Oscar Carpenter.

Joe B. Ross, Jimmy Cusenbary, Charley Turney and Clint Langford attended the round-up with the judging teams.

## New Draft Law Explained By State Board

The draft law, scheduled for expiration July 9, has been extended in amended form to July 1, 1955, Brigadier General Paul L. Wakefield, state draft director, reminded Texas people today.

General Wakefield noted the following important changes in the Selective Service act:

1. Men inducted will serve for 24 months as compared to 21 under the old law. Males must register at the age of 18, as formerly.
2. Men are liable for induction at age 18 1/2 instead of 19. No man below 19 can be inducted so long as a board has eligible older men.
3. Physical and mental standards for service have been lowered, with the result that some men now classified IV-F will be found suitable for I-A.
4. The present strength of the armed forces, approximately 3 1/2 million, can be raised to 5 million men.
5. Exent for cases of extreme hardship, a man may not be deferred for dependency on the basis of a wife alone.
6. Men now or hereafter deferred on educational, occupational, farming, or dependency grounds will remain liable for service until age 35. Men not deferred are liable only to 26th birthday.
7. Conscientious objectors to military service shall be ordered by local boards, subject to regulations prescribed by the President, to perform civilian work in the national interest for 24 months.
8. Men entering the service by way of a draft board are obligated to serve six years in the reserves after discharge.
9. High school students will be deferred until graduated, until they attain age 20, or until they fail school work.
10. Some college students may be deferred on the basis of class standing during last completed school year, or on the basis of a government-sponsored test. The local board is not bound to defer on the basis of this information, but can defer on consideration of it. Some other college students may be deferred on a less competitive basis.
11. No inducted man may be assigned overseas until he has had four months training.
12. All enlistments in the armed

## SCS Districts Set Field Day

The Association of Hill County Soil Conservation Districts has announced July 27 as the date of its annual range conservation Field Day. The association, of which the Edwards Plateau Soil Conservation District is a member, was organized on a non-profit basis in 1950 for the purpose of promoting range conservation. At the present time 12 soil Conservation Districts are members of the association.

The field day, to demonstrate the benefits derived from the establishment of good range management practices, will be held in the Pedernales Soil Conservation District, north of Johnson City.

The association voted to include a plant identification contest as part of the field day activities. The contest will consist of the identification of 30 plants and the determination of each plant as to whether it is cool or warm season and annual or perennial. The contest will be only open to landowners or operators and their wives.

Troy Foster of Willow City, chairman of the contest committee, stated arrangements would be made for prizes to be awarded to the winners.

## Four Sonorans Join Service

Four Sonorans left Monday to report for duty with the armed forces. Oscar Drennan, James Yancy of Sonora, and Bill Goodall of Roosevelt and Lee Armentrout of Ozona, left for Abilene to enlist in the Air Force.

Orville Anthony and Rudy Bittle left Monday for Abilene, where they will enlist in the Navy.

## \$6,000 Loss Halbert Ranch Fire Wednesday

Damage estimated at \$6,000 was done by fire Wednesday afternoon at the B. M. Halbert, Jr., ranch when a faulty cookstove flue started a blaze which destroyed three buildings before it was brought under control.

Totally destroyed were the garage and a Ford coupe which was parked inside, a bunk house, store-room and two deep freezers, and commissary.

Local firemen answered the call but the headstart the fire had plus a shortage of water made it difficult to halt the blaze. The direction in which the wind was blowing was all that saved the house, Halbert said.

Most of the loss was covered by insurance with the exception of a Savage 12-gauge, automatic shotgun owned by George Edward Allison.

## Jimmy Cusenbary Named Assistant County Agent

Jimmy Cusenbary has been appointed assistant county agent in training and has been temporarily assigned to Sutton County, it was announced this week.

Cusenbary is the son of Mr. and Mrs. Ben H. Cusenbary and is a June graduate of Texas Tech at Lubbock.

Guests of Mr. and Mrs. Boyd Lovelace last week were Mr. and Mrs. V. D. McLin and Mr. and Mrs. C. M. Howard and children, Charles Lee and Doris Ann, of San Angelo.

George Barrow returned Wednesday night from a two-day fishing trip on the Llano.

forces, reserve and regular, which expire after July 9, may be extended by the President for one year. No person shall have his enlistment extended a second time.

## Sonora Reserve Unit Leaves For Camp Sunday

Company B, 830 Engineer Aviation Battalion will leave Sonora early Sunday morning for Camp Polk, Louisiana for two weeks reserve duty training. The first portion of the trip will be made by bus to Austin. There the unit will join other Texas Reserve Units for movement by rail to Camp Polk.

Sonora reservists making the trip include Captain Thomas S. Darrow, Captain Lea Roy Aldwell, Sgt. Fcl. Tommy Smith, Sgt. Jesus Sanchez, Sgt. Cesario Martinez, Pfc. James Branscum, Pedro Chavez, Oscar Galindo, Howard Hay, Espinano Lumberras, Pfc. Evaristo Abila, Pat Brown and Miguel Chavez.

Sgt. Jesus Sanchez and Pfc. Pedro Chavez made up the advance party leaving Sonora Tuesday morning.

The training the unit will receive at Camp Polk will consist of operation and maintenance of Engineering Equipment used in airfield construction.

The unit commanded by Capt. Darrow has been training one night each week since it was organized in December 1949. The unit has secured training facilities in the old elementary school building.

## 4-H CLUB TO MEET NEXT WEDNESDAY NIGHT

The Sutton County 4-H Club will hold its regular monthly meeting at the Court House Wednesday night, July 11 at 7:30 o'clock. All boys and girls who plan to take part in 4-H Club work for the coming year are urged to attend this meeting.

Plans to attend the District 11 4-H Camp at Leakey will be discussed. The dates of the camp will be August 2, 3, and 4, 1951 and the cost will be \$6.50 for each club member. Both boys and girls may attend this camp.

Other 4-H Club activities which will be discussed at the meeting include a livestock judging contest in Fredericksburg July 14, and the feeding of county agents during the Range School at the Experiment Station.

## YOUR HEALTH

During the first five and one-half months this year 283 cases of poliomyelitis, polio for short, have been reported to the Texas State Department of Health. Dr. Geo. W. Cox, State Health Officer, has issued the following suggestions concerning the disease and its control.

"All the methods of transmitting the disease may not be known, however, sufficient information is at hand to demand certain precautions and these include personal hygiene and campaigns for sanitation improvements.

Stringent efforts should be made to eliminate house-flies, mosquitoes, and rodents and to destroy their breeding places. Every effort should be made to institute approved garbage collection systems, and secure safe water supplies. Where adequate municipal sewage disposal systems are not in operation, it is necessary to install and maintain sanitary septic tanks and outdoor privies.

All raw foods and vegetables should be washed thoroughly before use and protected from filth and insects. All food handling establishments should adhere strictly to the State law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation, should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitation standards.

Over-exertion in children should be avoided. Children should not visit homes where there is illness. Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, following by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

## TRAINER SELLS INTEREST IN STORE TO NEWTON

Louie Trainer, owner of the Piggy Wiggly Grocery, announces that he has sold an interest in the business to Aerial Newton. The sale was made July 1.

Newton has been with the store for the past five years. He served in the Navy as a chief petty officer during the war. He and Mrs. Newton have one daughter Sandra Lou, 4.

Attend SOME Church Sunday.

"Can't never could do anything," says W. D. (Ikey) Kring, Sonora ranchman and truck operator who suffered a broken hip several weeks ago when a horse threw him. Kring had a phone installed in front of his office and directs his business from his wheel chair. About the only thing that could keep him from working in front of the office, he says, is a heavy rain, and that, he adds, would be well worth it.

## Personal Notes

Tommy Branson left Thursday on a business trip to Waco. He will also visit his parents in Houston.

Miss Barbara Exell of San Antonio, is visiting Mr. and Mrs. Earl Loraax and daughter, Lois Lu.

Arch Vollant was in a San Angelo hospital last week for treatment.

Guests of Mr. and Mrs. C. T. Jones last week were Mrs. George McNeely and daughters, Beth Ann and Emily, of Texarkana.

Mr. and Mrs. H. C. Kiser had as

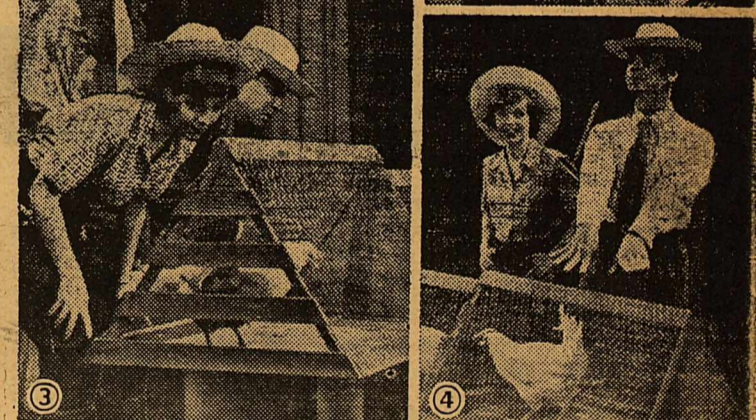

their guest last weekend, Mrs. Emma Bradshaw of Eldorado. She is Kiser's sister.

Mrs. Harold Saunders, Jr., of Austin, was the guest of Mr. and Mrs. H. C. Saunders this week.

Mrs. H. L. Taylor, who has been ill at home and in a San Angelo hospital for the past two weeks, is reported improving.

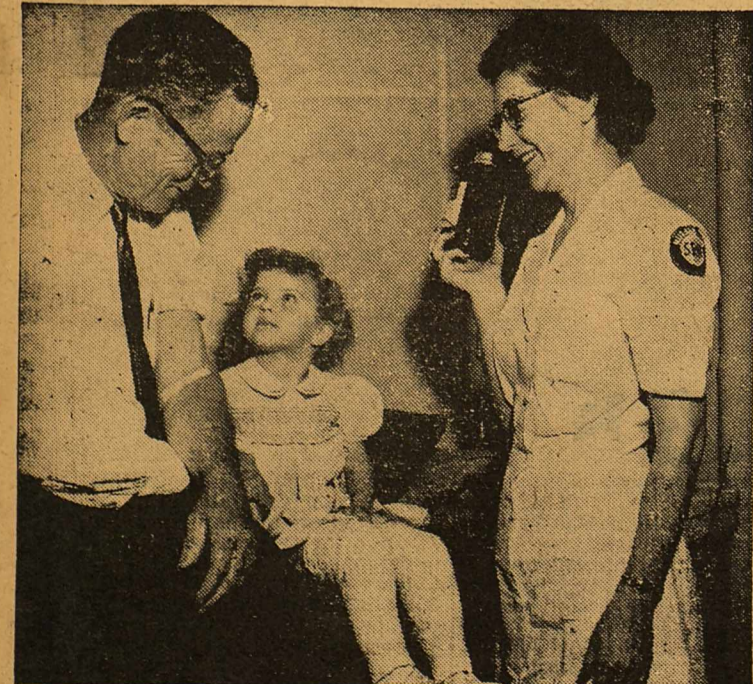

Mrs. Sam Karnes and daughter, Ann, and sons, Bill and Dick, spent Wednesday and Thursday in Sam Angelo, the guests of her mother, Mrs. Will F. Drake. Miss Anne Karnes will go to Midland later this week as the guest of Mr. and Mrs. Gerald Nobles.

## Fowl Play on the "Bert Parks Show"

Using pituitrin, a fluid derived from the pituitary gland, the cast of the daytime "Bert Parks Show," seen thrice weekly over NBC-TV at 3:30 p.m., EDT, attempted to televise for the first time a hen laying an egg, with Bert and songstress Betty Ann Grove singing "The Chicken Song" as accompaniment.

1. At 3:38 the pituitrin was injected into the hen's vein. If the egg shell has fully developed, this injection will cause the chicken to lay within a fifteen minute period.
2. They're off. Bert and Betty Ann start singing—but all eyes are on the birdies—two chickens were used just to make sure.
3. Interrupting their serenade, the anxious pair look in vain for signs of cooperation.
4. Desperately, Bert resorts to mumbling sounds that strangely resemble voodoo. The chickens are having a fine time, but no eggs are in sight.
5. HOORAY. Bert, elated with the success of "Operation Sunny-side Up," points to the breakfast food, while Betty Ann stares in amazement.
6. And here it is, the indisputable proof as seen over the TV news work. Everyone on the "Bert Parks Show" talked about "Sun-ny-side Up" for days—everyone except the chicken, that is, her it was all in a day's work.

**DALLAS (Special), June 20**—For 13 years, Earl Harvey, Sr., of Dallas has contributed blood to the Texas Scottish Rite Hospital for Crippled Children. Mr. Harvey estimates that he has donated more than twelve gallons in surgery cases where blood transfusions are needed. In the picture with Mr. Harvey is one of the SRH Nurse's Aids with one of her grateful little patients. Parkland Hospital, blood bank for Scottish Rite Hospital, is currently appealing for more blood to replace an acute shortage of the life fluid.

How do you buy a new car? Are you one of those people who buy on love at first sight? Or do you check cars feature for feature, price for price—then pick the one that gives you the most for your money? Whichever you are, we'd like to suggest that you come in and see our 1951 Buicks. It's a sure bet you'll go for the swift, smart look of a SPECIAL, SUPER or ROADMASTER—all seriously in love with the pace and power of its bonnet-filling engine. And it's a cinch you'll go for the room and richness of those Buick interiors—the serene smoothness of Dynaflo Drive\* and all-coil springing. But don't let your emotion be the only

judge—get the practical picture too. Note that the power that gives you such a big kick here comes from Buick's famed valve-in-head Fireball Engine—which means you get a lot of miles from each gallon of gas you buy. Note that the silken ease you enjoy with Dynaflo\* goes hand in hand with real money savings in maintenance costs. Above all, note what a Buick's price tag includes—how much more sheer automobile you get in a Buick than the same money would buy elsewhere. How about making tracks to our showroom right soon—checking thoroughly into the matter—and see if you don't fall in love with a smart-buy Buick?

## Miss Martha Neal Becomes Bride Of George Wallace In Church Rites

In a double-ring ceremony performed Friday evening in the First Presbyterian Church of Greenville, Miss Martha Ida Neal became the bride of George Dee Wallace. The service was read by the Rev. J. Kelly Neal, brother of the bride and pastor of the Trinity Presbyterian Church of Houston.

Mr. and Mrs. Leo Neal of Greenville are parents of the bride, and Wallace is a son of Mr. and Mrs. J. D. Wallace of Sonora.

The bride was escorted to the altar by her brother, Harold Neal of Kilgore. She wore an imported white Swiss organdy dress designed with off-shoulder neckline outlined with rows of lace. The lace also outlined the redingote of the bouffant skirt which extended into chapel-length train. Her flowers were of salmelia and stephanotis.

Mrs. Harold Neal attended the bride as matron of honor. She wore a gown of imported blue organdy designed with tiered bodice, velvet sash, and full skirt. She carried yellow calla lilies with magnolia leaves and blue maline.

Bridesmaids were June Fisher of Utopia, Wanda Glasscock, Helen Smith, and Mrs. E. B. Newman, all

of Greenville. Their dresses were of yellow organdy with velvet sashes and full skirts. Their bouquets were of yellow lilies with magnolia leaves and yellow maline.

R. W. Wallace, brother of the bridegroom, served as best man. Ushers were Gene Wallace, cousin of the bridegroom, and Glen Richardson both of Sonora; E. S. Newman, and Cameron Neal, brother of the bride, both of Greenville.

The altar was decorated with a wrought iron screen flanked with candelabra and entwined with huckleberry. White chrysanthemums and gladioli completed the arrangement. Wedding music was played by Miss Dorothy McClure of Dallas. She also accompanied Mr.

- \* NO PRIMING - LUBRICATION FREE
- \* NO PIT OR PUMP HOUSE REQUIRED
- \* ONLY ONE PIPE FROM PUMP TO TANK NEEDED
- \* CAN BE INSTALLED QUICKLY AND EASILY
- \* CAPACITIES TO 3600 GAL. PER HOUR
- \* PRESSURES TO 500 LBS.
- \* PUMPING DEPTHS TO 1200 FT.

Tried, Tested and Proven FOR OVER 30 YEARS

Pumps identical in design to the Red Jacket-Reda "Submerga-Pump" have been used successfully in the oil fields for over 30 years. Billions of barrels of oil, water and brine have been pumped from depths down to 10,000 feet under varying oil field conditions - a tribute to the quality construction and reliability of this new type pumping equipment.

Utmost Convenience and Economy

This is the only type of submergible pump that can be installed in wells as small as 4". Absolutely noiseless operation. Pressure tank and controls can be installed anywhere. Costs less to operate because of greater pumping efficiency.

**QUESTIONS AND ANSWERS  
FROM  
VETERANS ADMINISTRATION**

Q - If I finish my GI Bill classroom course after the July 25 cut-off date, and have remaining entitlement, could I continue with on-the-job training in the same field?  
A - - If the job training were

more or less a repetition of the material you learned in school, you would not be permitted to take it under the GI Bill. But if the job training were an essential part of your over-all GI training program, and was required before you could qualify as a trained worker, you probably would be permitted to take it. But you would have to apply for it before you completed your classroom work.

Q - - Could I receive a free general physical check-up at a VA hospital? It wouldn't be in connection with any veterans' benefits, but only because I haven't had one for a long time.

A - - VA is not permitted to provide physical examinations that have no bearing on VA-administered benefits.

Q - - My National Service Life Insurance term policy has lapsed-but the term period has not expired. Is it possible to reinstate it under the new "free insurance" law? I am a veteran, not on active duty.

A - - Yes. Your policy may be reinstated on or before-but not after-its term period has expired.

MAN FROM MARS—A soldier tests a regenerating respirator attached to an Arctic mask. He is one of the U. S. Army Ground Forces' men testing equipment for the sub-zero temperatures of Alaskan maneuvers.

The respirator, designed by the Quartermaster Corps and intended to be worn with a mask and parka, is made of soft rubber.

Fitting snugly around the nose and mouth, it has metal wool in the lower portion. The metal retains heat from the exhaled breath and, by releasing it to the inhaled air, protects the lungs and conserves the body heat.

This is one of the many articles now undergoing tests or are in process of production to provide the most modern equipment for U. S. armed forces. Home front workers in labor and industry do the rest.

They're built for long service...tough and dependable with a specially designed tread that reduces wear and skidding...and they're guaranteed by the makers of Mobilgas and Mobiloil. Mobil Tires and Tubes provide more trouble-free driving and greater safety. Put them on your car today!

**How many "Independence Days" have we left?**

*"We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed..."*

Immortal words from the Declaration of Independence, adopted on the first 4th of July, just 175 years ago.

THESE WORDS are the stones upon which man built history's greatest work—the United States of America. Remember them well!

"... all men are created equal..." That means you are as important in the eyes of God as any man ever brought into this world. You are made in His image and likeness. There is no "superior" man anywhere.

"... they are endowed by their Creator with certain unalienable rights..." Here is your birthright—the freedom to live, work, worship and vote as you choose. These are rights no government on earth may take from you.

"... That to secure these rights, governments are instituted among men..." Here is the reason for and the purpose of government. Government is but a servant—not a master—not a giver of anything.

"... deriving their just powers from the consent of the governed..." In America, the government may assume only the powers you allow it to have. It may assume no others.

From Concord to Korea, your kinsmen have fought and died for the principles of America's Declaration of Independence: belief in God... belief in the God-given rights of man... belief that man is more important than government... belief in the vital need for morality in all man does.

But on this Independence Day, as never before, these beliefs are in deadly peril. There are people in America who would deny your God-given rights, who prefer expediency to morality, and who would make government the master—not the servant—of man. These people are the advocates of an all-powerful, all-providing socialistic government to control your destiny from cradle to grave.

The time has come to answer them with your own "Declaration of Independence"...

**Declare that government is responsible TO you—rather than FOR you.**

**Declare that freedom is more important to you than "security" or "survival."**

**Declare again that the rights God gave you may not be taken away by any government on any pretext.**

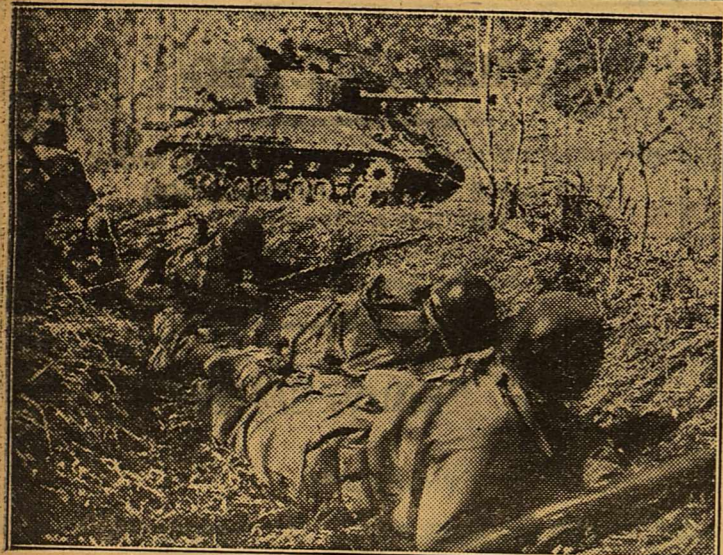

Our founding fathers accepted the truths of America's Declaration on faith alone. Today, our nation is proof—absolute and irrevocable—that these truths work. They are the last great hope for the protection of human civilization.

**FREEDOM NEEDS YOU**

On this 175th anniversary of the Declaration of Independence, help give the day the spiritual, religious meaning it had to the founding fathers.

Renew your faith and allegiance to the immortal truths stated in the Declaration. Make them an active part of your thinking, your acting, your voting.

Pray for help in maintaining man's closeness to God, in preserving man's God-given rights and responsibilities against those who would make you dependent upon a socialistic, all-powerful government.

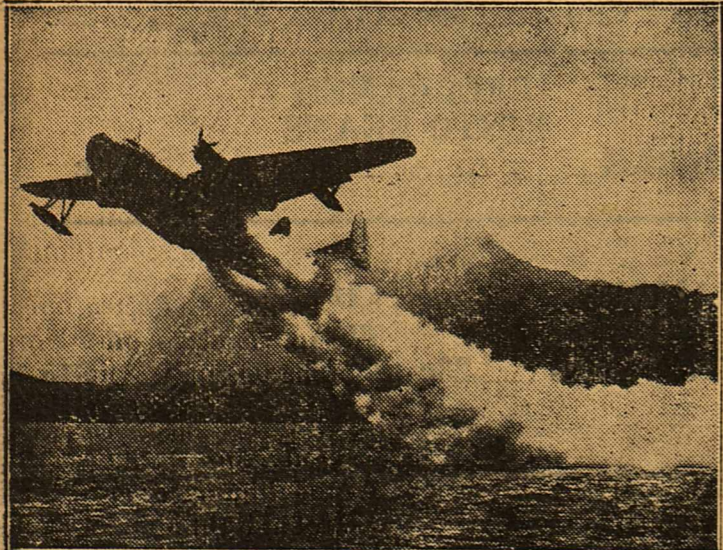

DODGING ENEMY MINE FIELDS—U. S. troops take cover on the south bank of a Korean river as tanks leave the road to avoid striking an enemy mine field.

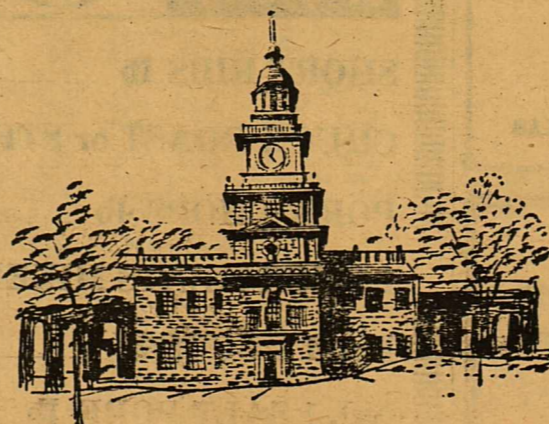

CLOSE CALL—This is a battle-line photograph taken during recent fighting in Korea. These three infantrymen watch the smoke rise from a mortar shell which exploded near them on the front near the 38th parallel. In resisting the long-heralded Communist "spring offensive," U. N. troops took every advantage of the rough terrain to protect themselves from the fury of fanatical attack, and at the same time inflict the greatest possible damage to the columns of the enemy. The result was that attackers suffered extremely heavy casualties.

The U. N. defenders of this line prepared their positions to offer prompt and firm resistance to advancing Reds who purchased dearly with dead and wounded every inch of ground they gained. American lines here were shielded by miles of barbed wire.

W-O-O-O-SH! A Navy heavy cargo "Mariner" takes off by JATO (Jet Assist Take-Off). Officially designated as the PBM, the Mariner is built by Glenn L. Martin Company for the U. S. Navy. During World War II this plane served in many capacities including duty as a coastal patrol over on the watch for prowling enemy submarines. It has a service ceiling of 21,500 feet, a speed over 206 knots, wing span of 118 feet, length of 79 feet ten inches. It is powered by two Pratt and Whitney R-2800-34 engines, and has a gross weight of 60,000 pounds.

"... we need only to recall that the substance of (America's) formula is continuous, strict and closely guarded limitations upon the power of government. Neither the peril of war nor the promise of welfare must ever serve to relax any item of this formula..."

From "The Key to Peace" by Dean Clarence Manion, College of Law, Notre Dame University, published by The Heritage Foundation.

### 30 Years Ago

Mrs. Robert Halbert and Mrs. T. L. Benson, were charming hostesses to the Needle-craft Department of the women's club on Friday, at the beautiful ranch home of Mrs. Halbert.

It was an unusual treat to motor out for the affair, and despite the warm day and a little shower of rain, quite a few ladies accepted this hospitality.

Among those present were Mrs. Harlow of Waco, sister of Mrs. L. W. Elliott, and Mrs. Wilson, mother-in law of Mrs. Willie Wilson, who were visitors in town.

After a brave effort, the ladies voted weather too warm for work and all moved to the sleeping porch, where those who chose, joined in a game of "Forty-two," after a salad course was served all voted the afternoon one of the most pleasant of our summer gatherings and motored in again.

Mr. and Mrs. Ted Gilmore and baby returned to their home in Fort Worth Saturday after a ten days visit to Mr. and Mrs. S. T. Gilmore.

Mrs. W. J. White and her guest Miss Gwendolyn Callas were in from the ranch 30 miles south east of town Thursday shopping.

Mrs. L. J. Wardlaw and sons Ariel and Jack were in from the ranch in Edwards county Thursday and on their return were accompanied by Misses Dora Lee McRae and Pansy Buckner of El Paso who will spend a few days on the ranch.

Mrs. Louie Roueche and children were visiting relatives in San Angelo for the past ten days.

### Personal Notes

Guests of Mr. and Mrs. D. Q. Adams last weekend were Mr. and Mrs. P. F. Burgstaller of San Antonio, Mr. and Mrs. Lee Roy Russell and children of San Saba, Mr. and Mrs. Leslie Malmstrom of San Angelo, Mr. and Mrs. Gene Adams and Mr. and Mrs. Bill Gorman of Eldorado, and Mrs. Willie Andrews.

HERE AND THERE — AROUND THE TOWN—

Another move to provide Texas with a well informed, effective game warden force is being taken by the Game, Fish and Oyster Commission this week.

The first of a three-section warden school opened Monday night at Camp Mabry under plans by the Executive Secretary to have two-thirds of the 170-man warden staff in the field while the other one-third takes the refresher course.

Department heads and district warden chiefs will lead discussions. Emphasis will be placed on improving field patrol from a law enforcement and public relations view point, said the Executive Secretary. Talks and discussions also will include game management and restoration, fish propagation, court routine, predator control, pollution and ballistics.

Classes will be held night and day. The Camp 10 p. m. "lights-out" rule will be observed. Captain F. M. Cowser, director of law enforcement for the commission, will be in personal charge of the schools.

As the wardens assembled, some of the results of their patrol work were indicated in the May arrest report. There were 211 arrests for various charges, with to-

Mr. and Mrs. O. C. Ogden visited their son, Wayne, a student at the University of Texas, last weekend in Austin.

Sixty-four of the cases were for fishing without a license. Eight convictions were for using the so-called "hot red" illegal fishing device. Twelve persons were fined for deer law violations, mainly for hunting at night.

total fines and costs of \$4,926.65.

Announcement of the price clinic came from the Fort Worth District OPS. A price specialist, representing that office will be in the city for the clinic.

EL's H. Boyd, district OPS director, pointed out that even on a county basis, price regulations constitute a big job.

OPS statistics show about four million dollars in retail sales were recorded for Sutton County last year. A business survey conducted by the OPS revealed more than 60 business establishments in Sonora alone.

"A good percentage of these firms come under OPS regulations," said District Director Boyd. Exerting from manufacturing to the services of a baby sitter or practical nurse is covered, he said.

Merchants, regardless of their type of business, are invited to take their OPS problems to the clinic.

Defense is your job, too!

Searching our coastal waters for unidentified submarines, this Navy blimp pilot is constantly on the alert to protect American shores. His blimp carries the most effective airborne detection gear in the world, enabling him to pinpoint and track a target even when it is submerged. And he is doing a vitally important job in defense of America.

Defense is your job, too. And one of the best ways for you to do your part is by keeping yourself and your country economically strong. Buy U. S. Defense Bonds now and regularly. Go to the pay office where you work and sign up for the Payroll Savings Plan or join the Bond-A-Month Plan where you bank. But don't put it off—do it today!

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you generally don't save at all. So go to your company's pay office—now—and sign up to buy Defense Bonds through the Payroll Savings Plan.

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not \$25—but as much as \$33.33—if you just hold it the extra ten years! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's, too, buy U. S. Defense Bonds now!

\*U. S. Savings Bonds are Defense Bonds

Buy them regularly!
