The Best government depends upon the last man.

No government can endure whose leaders regard the government as their private property.

I would not give a government power, but difficulties, if I wanted it to become strong.

Ever stop to think

Your First Car can be a Buick!

THIS being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.

But too often they start with a lesser car first—from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves.

So—if you have any such notion—we'd like to set you straight, right here and now.

You don't have to hope and dream and wait. If you can afford a new car—the first car you buy can be the Buick SPECIAL pictured here.

Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.

We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.

But that simply means that—at its price—you're getting a very big money's worth.

All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.

Try out its power—the power of its high-compression, valve-in-head Fireball Engine.

Try out its ride and handling—and you'll discover it has the "big-car

feel" that you'd expect from a Buick.

Try it out for size—for room—for comfort—for all the things that you've dreamed someday of having in a car—and you'll thank your stars that you found out the facts of life in time.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

NO OTHER CAR PROVIDES ALL THIS:

- DYNAFLOW DRIVE* • FIREBALL ENGINE
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

Miss Sophie Vander Stucken is the guest of Mr. and Mrs. W. L. Aldwell this week.

Al Haley of Del Rio was in Sonora Monday shaking hands with his old friends.

Miss Tora Smith will leave for the J. N. Ross ranch where she will again teach the Ross children.

Miss Lucelle Grimland will teach the D. Wallace children at the ranch this session.

T. H. Corder and Wallace Smith of Sanderson were in Sonora Monday, on their way home from a visit to Junction.

Mr. and Mrs. J. J. Ford and daughter Miss Manie of San Antonio, were visitors in Sonora this week.

G. W. Sofge and Fred Trainer have taken charge of the Sonora Restaurant and will run it in first class order. Give them a trial.

Miss Lela Wyatt will leave next week for the Arthur Stuart ranch where she will teach this session.

Sam Smith was in Sonora Wednesday from the W. B. Smith ranch 18 miles south of Sonora and reports good rains down there all week.

Miss Jessie Smith who taught successfully last session at Owensville, will teach at G. C. Earwoods in Edwards County this year.

Miss Emma Marshall of Sherwood has been engaged to teach at the W. F. Luckie ranch in the Eastern part of Sutton County this session.

R. Walter Davis and daughter Miss Winnie, were in Sonora Tuesday visiting and shopping. Miss Winnie had been the guest of relatives for several days.

D. B. Cusenbary has been in and out of town the past week being busy with the delivery of 1000 cows to J. L. Sheep of Christoval. The rumor has it that these cows brought \$15 per head.

Chas. Caruthers, manager of the E. F. and Alfred Vander Stucken ranch was in town lately and reports from the ranch state that it's raining every day in that country. Charlie is a "little man in a big country."

W. E. Dunbar was in Sonora Sunday from his ranch 12 miles south of town. His intentions and business were perfectly legitimate, but the rain cloud finding him not at home had to turn the extra wetting on the Monroe Kirkland range.

C. F. Adams is expecting to leave shortly on a prospecting trip to Old Mexico. Mr. Adams is without doubt one of the best judges of livestock in Texas and should he decide to locate in Mexico it would not be long before he was heard from as a success.

Robert Cook bought from John Rae 12 Heifers at \$15 and 1 cow from Albert Baily at \$17.

YOUR HEALTH

As the weather turns cooler our thoughts turn to pork roast dinners or perhaps to waffles and

sausage suppers. Pork is a palatable food, rich in protein, fat and vitamins. Properly prepared, it is a wise choice of food. Properly cooked pork is gray throughout. Undercooked pork is pink in color and should not be eaten because it is a common source of the disease trichinosis, says Dr. Geo. W. Cox, State Health Office. "You are perfectly safe from this disease as long as you eat of hog

that did not have trichinosis when they were butchered. But the danger is real as long as you buy pork and pork products without finding out where they came from. It is equally real as long as you are careful about what your own hogs eat. Most hog trichinosis comes from hogs eating uncooked garbage.

Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving . . . and here's why you get it only in Ford Cars:

All the power you need when you need it!

It gives you instant "GO"!

Some automatics have this

It practically drives itself!

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases costs.

But Fordomatic has both

Some automatics have this

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives. Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

DEFENSE SECRETARY—Robert A. Lovett, a Navy flyer of World War I who gave up a business career in 1940 to become special assistant to the Secretary of War and has since served almost continuously in the Government, has been appointed to succeed General George C. Marshall as Secretary of Defense.

A native of Huntsville, Tex., Mr. Lovett was educated at Yale University and the Harvard Graduate School of Business Administration and entered the U. S. Naval Air Service in 1917. He was assigned to the Royal Naval Air Service, piloting flying boats in North Sea submarine patrol and later in flying night bombers against German bases in France, Belgium and Germany. From 1921 until he entered the Government he was an executive in financial, transportation, insurance concerns and was active in civic, educational and philanthropic institutions. During World War II as assistant Secretary of War for Air he was charged with the large scale production of air craft.

Defense is your job, too!

JUST one minute before this picture was taken you would have seen nothing here but waving grass, pine trees, and blue sky. For in only 60 seconds this alert Marine gun crew has landed by helicopter, set up its 75mm howitzer, and is ready to fire!

Precision training and maneuvering like this means that these men stand ready at a moment's notice to protect you and America. That they're doing their job for defense.

But, defense is your job, too! And one of the best ways to do your job is by buying Defense* Bonds regularly. For by buying bonds you help build the great American economic strength that backs up our armed forces. And at the same time you put your money in the world's safest place. For Defense Bonds are as safe as America!

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you generally don't save at all. So go to your company's pay office—now—and sign up to buy Defense Bonds through the Payroll Savings Plan.

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not \$25—but as much as \$33.33—if you just hold it the extra ten years! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's, too, buy U. S. Defense Bonds now!

*U. S. Savings Bonds are Defense Bonds Buy them regularly!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and
