Broncos Drop Last Game To Ozona, 27-6

The Ozona Lions romped to a 27 to 6 decision over the Sonora Broncos Thursday night. This was the Lions second win of the season.

Ozona scored once each in the first three quarters with Virgil Machado making two tallies, Charles Garlitz scoring on a pass from Joe Bailey and Tom Piner going over for two yards. Extra points came from boots by De-Hoyas.

The lone Sonora score came in the fourth quarter when Tracy Crites ran 53 yards for a touchdown. The teams were nearly even with first downs, Ozona having 12 to Sonora's 11.

ATTENDING FUNERAL

The Rev. and Mrs. John E. Winslow left Tuesday for Barnard, Mo., where they will attend the funeral of Mr. Winslow's stepfather, J. W. Powers, 77, who died Monday night.

Mr. and Mrs. Jack Noyes have as their guest for a few days her mother, Mrs. O. J. Davis of Lubbock. Noyes is an assistant coach for the high school.

call Mrs. Dan Cauthorn, P-T A president.

We haven't heard from our football prognosticator this week. Last week, he was doing all right until the wacky Southwest Conference played its games. It was like trying to read a compass over the North Pole. Anyhow, Ed got most of the other games right. Maybe he'll give us a few predictions for next Thursday's games.

... Son of a gun ...

Tom Darrow says we should leave the poll tax as it stands except we should put reverse english on it and make those who DON'T vote pay a poll tax. We think Tom is right. Take last week for instance. 121 voters out of about 1,000 went to the polls. With the Darrow tax, the county would be rich in just a few years.

Joe Hull, accompanied by son Hank, killed a coyote Sunday at the Auther Simmons ranch. The coyote, a female, is the first one reported killed here in several years. Hull saw the animal several hundred yards off kill a yearling goat. When the coyote spied the pickup it hid behind some brush, evidently hoping to get to its meal later.

Isn't it amazing how history repeats itself? Take Columbus for example: He didn't know where he was going. He didn't know where he was when he got there. And he made the whole trip on borrowed money.

Pat Lyles donated four new tires to the Parent-Teacher Association, and they are on display at Chapel's Grocery. The P-T A is going to sell them on a sealed bid basis, the highest bidder over list price getting the tires. For information

Thanksgiving

... AND ON THIS DAY, BE PRAYERFUL AND GIVE THANKS."

As our nation joins together in celebrating this day, let us not lose sight of the true meaning of Thanksgiving. Let's pause for a few moments, in the church or our choice, and thank God for his many blessings.

RED CROSS BRINGS EARLY THANKSGIVING TO FAMILIES HIT BY FOUR-STATE FLOODS

After last July's floods, 52,275 families in Kansas, Missouri, Oklahoma and Illinois were thankful to be alive, but many had lost everything they had worked for. In Wyandotte County, with Kansas City, Kansas, loss was greatest, with 4,725 homes destroyed or damaged. Red Cross, on a basis of individual need, made awards totaling \$5,416,850 for assistance in rebuilding and repairing 2,945 homes in that county alone. In the upper photo, a Red Cross worker examines wreckage of a house, typical of damage in the Argentine and Armourdale districts of Kansas City, to estimate its replacement cost. In the four states, 32,057 homes were destroyed or damaged.

Thanksgiving came early for Mrs. Hazel Moberly, below, left, whose house was the first Red Cross-built new house completed in Kansas City, one of 2,945 being repaired or built new in Wyandotte County by the Red Cross. On October 6, she received the key to the house, rebuilt on the old foundation in Kansas City's Argentine district. Red Cross also provided \$470 worth of essential furniture. After verification of family needs, Red Cross awards—outright gifts, not loans—totaling \$3,645,898.11 have been granted to help in building and repairing 4,800 homes in the four-state flood area. For the more than 25,000 families who applied for Red Cross help, Thanksgiving, 1951, came the day a family received notice that a Red Cross award had been granted to help them come back. Texas Agricultural Outlook Good For 1952, Says A. & M. Economist

In general, Texas farmers and ranchmen should have a prosperous year in 1952. In making this prediction, John G. McHaney, of Texas A. & M. College, points out that agricultural economists from over the nation have considered supply, demand and the cost of producing farm commodities in 1952 and have based the outlook on these findings.

McHaney adds that economic conditions within the state will have little effect on the 1952 outlook for Texas agriculture. The big influence will come from economic conditions within the nation and the world.

A powerful force behind the prediction, says McHaney, is our expanding defense program and an even bet for the continuation through 1952 of the cold war. There may or may not be full scale fighting or all out war, but free nations will continue to expand their defense program against the threat of communism.

From the standpoint of supply, 1951 was near a record for total agricultural production and prospects for 1952-weather permitting—should be another year of high production. With the outlook for large supplies of agricultural products, the prices received by farmers are expected to hold generally near the 1951 levels despite an expected strong demand. However, McHaney points out that an unfavorable growing season in 1952 would result in considerable upward pressure on prices, particularly in the second half of the year.

Demand for farm products is expected to continue strong during 1952 as employment and incomes rise. Larger defense expenditures are expected to push consumer income higher. McHaney says current plans call for defense spending by fall of 1952 at a rate of 65 billion dollars a year as compared with a rate of 41 billion for the third quarter of this year.

With few exceptions, prospects for export of agricultural commodities in 1952 look very good. The rearmament program of the free world should make available additional foreign exchange, and this should relieve dollar difficulties encountered since World War II by countries which normally are our customers.

The unfavorable side of the 1952 outlook for agriculture, says McHaney, are production costs, which

continue to rise. Those in 1951 set a new record. Costs may average five per cent higher in 1952. Supplies of materials needed for production are expected to be sufficient to permit high farm production though some items will be relatively scarce, McHaney says. Prices of all important groups of items used in production are higher now than a year ago. Farmers and ranchmen, adds McHaney, must also expect a moderate increase in farm wage rates in 1952.

The prospects for higher production costs in 1952 offers a challenge to all agricultural producers to cut costs and use more efficient methods of production. McHaney says producers should place orders now for goods and supplies needed for producing the 1952 crops and livestock.

Gross farm income may be five per cent higher in 1952 but will come from the expected increase in volume of sales rather than from any increase in agricultural prices. However, McHaney adds, the increased cost of production which is virtually a certainty will offset the expected increase in gross income and the final result will be a net income for agriculture about equal to that for 1951.

Those attending the funeral of Mrs. Helen Berger from out of town included the following nieces and nephews: Mrs. George Crump, Fort McKavett, James Crump and Mrs. Conway Slaughter, Menard, Mr. and Mrs. Jake Britz, Mr. and Mrs. Harry Brahm and Mrs. Dorothy Faught, all of San Antonio.

In the story of Mrs. Berger's death, the News inadvertently omitted the names of two other survivors, Mrs. G. B. Baker and Mrs. Pete Skains, both nieces of Mrs. Berger.

Allen In Air Force

Bobby Allen, son of Mr. and Mrs. Ford Allen, left Monday for Abilene, where he took his physical examination prior to entering the U. S. Air Force. Allen will take basic training either at Wichita Falls or San Antonio and will apply for cadet training on completion of basic.

Mr. and Mrs. Julian Golson have as their guest for the holidays her mother, Mrs. Bertha Garner of Lamar, Colo. Golson is teaching Journalism in the high school.

RECORD ENTRIES STATED AT SAN ANTONIO SHOW

San Antonio's 1952 Livestock Exposition appears headed for another record entry list, judging by the heavy demand for entry cards which flowed into exposition headquarters within two weeks after premium lists were distributed.

The third annual stock show and rodeo is to be held Feb. 15-24 at the Bexar County Coliseum. Show officials said that requests for entry cards were running far ahead of previous years.

In the first two weeks after distribution of premium lists got underway, county agents, agricultural teachers and individual exhibitors applied for entry blanks covering a total of 3,161 animals. Bob Tate, general livestock superintendent, pointed out, however, that many of those will not be finally entered.

At San Antonio's 1951 show, a total of more than 3,700 head of livestock surged into the Coliseum grounds. On the basis of enthusiastic early interest, Tate said there is every indication that the entry list for the 1952 show will be much higher.

In the two-week period after the premium lists went out, exposition headquarters received requests for entry cards for 600 steers, 911 lambs, 791 pigs, 441 breeding beef cattle, 53 dairy cattle, 232 breeding sheep and goats, 77 boys' dairy calves and 56 negro boys' pigs.

Pvt. Bobby Joe Granger, who is home on leave. He is the son of Mr. and Mrs. Wesley Granger.

TB X-Ray Unit Here Tuesday

Two Inducted; 14 Go Nov. 26 For Physicals

Two Sonora men, Rodolfo Guajardo and Gilberto Avila, left Wednesday, November 7, for induction into the army in San Antonio, according to Mrs. Andre Truden, clerk of Draft Board No. 110.

Mrs. Truden also announced that the following are leaving Monday, November 26, to take physical examinations in San Antonio:

Basil Dunbar, Ozona; James Rudell, Ozona; Burney Glpnn, Jr.; Rocksprings; Joe Greenwood, Eldorado; Orin Sweeten, Ozona; Lee Wilson, Ozona; Allen Broussard, Ozona; Vernon Luckie, Sonora; Eldon McAngus, Eldorado; Jessie Young, Ozona; Rayford Camp, Junction; Herman Lacey, Rocksprings; Johnny Hover, Junction; Emilio Barrera, Sonora.

Drouth Showing Effect On Deer, Turkey Hunting

Deer and turkey hunting has been exceptionally slow this year, as was predicted by old-timers. Drouth and disease have cut the deer population down and most of the survivors are in pretty hard shape.

Raymond Darrow, 15, son of Mr. and Mrs. Tom Darrow, brought in the first deer this season, an eight pointer. H. G. Brown brought in the first turkey. The heaviest deer and the deer having the most points was killed by Mrs. Shannon Clarkson. The buck has eleven points and weighs over 120 pounds.

To date, according to M. C. Scott, locker plant owner, 25 deer and 17 turkeys have been brought to the ice house.

Among out of town hunters in the country was Speaker of the House of Representatives Sam Rayburn of Bonham. Rayburn and party killed six deer and several turkeys on the Duke Wilson ranch.

A complete list of hunters bringing kills to the locker plant will be published next week.

ARMY MEN PROMOTED

Glen Hay and Jim Branscum, members of Sonora's army reserve unit, Co. B., Aviation Engineering Bn., have been promoted from private first class to corporal, according to Major C. W. West, battalion commanding officer, Austin.

Barker In California

Pvt. Hayden Barker, son of Mr. and Mrs. Bill Barker, is now taking basic infantry training at Camp Roberts, Calif., with the 7th Armored Division. Camp Roberts is between Los Angeles and San Francisco and is about 90 miles in land from the Pacific Ocean.

Mrs. Murry Williford will spend the Thanksgiving holidays with her sister, Mrs. M. P. White of Port Arthur.

The State Tuberculosis Association Mobile X-Ray Unit will be in Sonora for two days beginning Tuesday, November 27, according to Mrs. Charles F. Browne, president of the Sutton County association. The goal this year will be 1,000 chest x-rays, Mrs. Browne said.

The unit will be parked by the Sonora Mens Store.

In a talk before the Lions Club Tuesday, Mrs. Browne urged that all buy as many Christmas Seals as possible and that all have chest X-rays made next Tuesday or Wednesday.

"Eighty-four cents of each dollar you give for Christmas Seals is spent right here in Sutton County," Mrs. Browne said. "Direct aid is given tuberculosis cases only in extreme emergency. The reason for this is that if we spent all the money only on direct cases health, and to turn up as many. Our only hope of licking this disease is through education—to teach the public to recognize the disease as a serious threat to the nation's health, and to turn up as many cases as possible."

The chest X-ray program is one of the services sponsored by the association in its year-round program of tuberculosis control and prevention. The program is supported by the sale of Christmas Seals, which this year is being conducted from November 19 until Christmas.

The X-ray can show up any suspicious signs of tuberculosis, and everyone 12 years of age and older should get chest X-rays regularly.

While tuberculosis strikes all age groups, it hits hard at young adults of student age and takes the lives of more young people between 15 and 19 than any other disease.

When an X-ray shows suspicious shadows, further tests are necessary before a diagnosis is made. Persons whose X-ray indicate that further examination is needed will be referred to their own physicians.

ATTEND FOOTBALL GAME

Those attending the TCU-Texas football game last weekend in Austin were: Mr. and Mrs. J. W. Elliott, Mr. and Mrs. Bryan Hunt, Boyd Lovelace, Joe Turner, Billy Scott, Miss June Fisher, Jack Noyes, Miss Nancy Royster, Wesley Sawyer, Mr. and Mrs. F. L. McKinney, Dr. and Mrs. Charles F. Browne and her parents, Mr. and Mrs. K. A. Reeder of Altadena, California, Mr. and Mrs. Lea Allison, Mr. and Mrs. George H. Niell, and Mr. and Mrs. B. B. Nolke of San Angelo.

Mr. and Mrs. Artie Joy and son, John Wesley, and nephew Billy Beck Simon, are spending the Thanksgiving holidays in La Junta, Colorado visiting Mrs. Joys sister, Mrs. C. O. Simon, and A. Z. Joy who is attending Wyoming University.

The High School Choral Club, directed by Miss Nancy Royster, attended a Choral Clinic held at the San Angelo College last Saturday November 17. About twenty members attended.

No chance of fouling up this Thanksgiving Tom for the children of the Texas Scottish Rite Hospital for Crippled Children in Dallas with Diane Canaday, Quitman, and Ray Greathouse, Mobeetie, two of the hospital's star patients, on hand for the roasting.

THIS TASTES GOOD IN TEXAS
 Corn and Cheese Rarebit
 1/4 cup chopped green pepper
 1/2 teaspoon minced onion
 1 tablespoon butter
 1/2 teaspoon salt
 Dash of pepper
 1-8 teaspoon paprika

2-3 cup milk
 1 - 11 ounce tin cream style corn
 1/2 pound cheese, diced
 1/2 teaspoon Worcestershire sauce
 2 eggs, beaten
 toast
 Sauté green pepper and onion in butter until soft; add seasonings, milk and corn, and simmer 10 minutes. Place over boiling water

and stir in cheese and Worcestershire sauce. When cheese is melted, stir in beaten eggs and cook two minutes longer. Serve on toast. Five servings.

Mrs. R. G. Nance and Mrs. Cleveland Nance spent the weekend in Uvalde guests of Mrs. R. G. Nances daughter, Mr. and Mrs. Bill Moss and daughter, Lu Nance.

Mrs. Harry Carlat of Denison will be the guest of her grandson, Jean Derebery and Mrs. Derebery for a few days.

Mr. and Mrs. Jack K. Noyes have as their guests for a few days his parents, Mr. and Mrs. R. C. Maxson of Midland.

42 Years Ago

W. T. O. Holman was in from his ranch in Edwards County this week visiting his family.

Mrs. J. W. Mayfield left last week for Clifton on a visit to relatives.

Mrs. Dee Wallace and Miss Lucille Grimland were in from the Wallace ranch Thanksgiving day the guest of Mr. and Mrs. Ed. Grimland.

Charlie Schauer of Ozona was water bound in Sonora several days this week but managed to have a good time just the same.

O. T. Word arrived this week from a business visit in Fort Worth.

Mr. and Mrs. Will Noguess were in Sonora Tuesday from their home on the Holland ranch eight miles east of Sonora.

Miss Luella Robbins was in Sonora this week visiting Miss Tiny Owens.

J. T. Evans of San Antonio formerly of Kerrville was in Sonora Tuesday on business relative the purchase of a large ranch in this country.

Mr. and Mrs. Ira Word of Ft. Worth were in Sonora Wednesday attending some business.

Jap Holman was in town this week delivering fat cows to H. P. Cooper.

John Martin and W. L. Suther the new owner of the Martin ranch 25 miles west of Sonora were in town this week.

John W. Smith, manager and part owner of the J. B. Murrah ranch in the Beaver Lake country, was in town this week visiting his family.

Mr. and Mrs. Henry Sharp were in from the E. R. Jackson ranch Wednesday shopping.

Mr. and Mrs. Buster Fields and Mr. and Mrs. P. F. Burgstaller of San Antonio were hunting guests this week of Mrs. Willie Andrews.

Mrs. John Bunnell will spend the weekend in San Angelo visiting her daughter and family, Mr. and Mrs. Paul Feist and children.

Quick Orange Bread

Place this Quick Orange Bread high on your list of good things to eat, for its fresh orange flavor is nothing short of luscious.

Easiest way to make your noontime meals glamorous is to include special breads from the baker, or quick breads made at home. Loaf breads have a special attraction, for they look important, taste as good as they look. They are a favorite of the home baker, too, for they stay fresh and tempting for several days, providing meal time treats and between-meal snacks. Flavored with fresh oranges and orange rind, Quick Orange Bread will be enjoyed for its refreshing flavor and thrifty nutrition.

You'll especially enjoy serving this bread with cottage cheese, ham dishes, chicken and seafood salads. In addition, Quick Orange Bread is one of the most delicious ways to get essential B-vitamins and food iron provided by enriched flour.

QUICK ORANGE BREAD

2 cups sifted enriched flour
 4 teaspoons baking powder
 1/2 cup sugar
 1/2 teaspoon salt
 2 eggs
 1/2 cup orange juice
 3 tablespoons melted shortening
 Orange Mixture

Sift together flour, baking powder, sugar and salt. Beat eggs well. Add orange juice, shortening and cooked orange mixture. Combine egg mixture with dry ingredients. Bake in greased loaf pan in moderate oven (350°F.) 1 hour. Makes 1 1-pound loaf.

Orange Mixture
 Rinds of 2 large oranges
 1/2 cup water
 1/2 cup sugar

Simmer rinds in hot water 10 minutes. Drain, cover with water and cook until tender (10 minutes). Drain and shred. Add 1/2

How to make old roads seem NEW

PICK a road that you know by heart. Not too good a road. One that has some bumps—some unbanked turns—a tough hill or two. Then get in touch with us, and let us put you behind the wheel of a Buick, with Dynaflo Drive.* Now you're all set for a new experience. You'll find out this: Those bumps seem to lose their bobble. You just take them with a smooth and level stride. Those unbanked turns don't seem so sharp, and those hills seem almost to flatten out. How come? Well, a lot of things are different when you travel in a Buick.

You're riding on big, soft coil springs that let every wheel dance beneath you, without passing on the jolts to you in the car. You're driving a car that's plenty inches broader than it is high—a sure-footed road-hugger if there ever was one. And you're riding behind a Fireball Engine — Buick's time-tested version of a high-compression valve-in-head—an engine that packs more power than most people ever need to use. With this power — and Dynaflo Drive* — you don't have to "rush" a hill at the bottom to soar serenely over the top. You just feed the power as you need it — climb with a

sure, steady swoop without buck or bobble all the way up. There's a lot more that we could tell you about a Buick. But such things as room, and comfort, the confident way it steers, and the way it shortens the miles are things you can best discover from personal experience. So why not follow the routine already suggested? You supply the road—we'll supply the car — and let it speak for itself.

Jersey Ends Life By Milking It Away

The milking career of the champion lifetime butterfat producer of the nation's dairy cows came to an end this fall. The cause of her death was given as "she just milked away."

Silken Lady's Ruby of F., a registered Jersey cow owned by the Estate of J. W. Coppini, Ferndale, Calif., milked her last at well over 21 years of age, more than three times the average life of a dairy cow. She had been a revered champion of the dairy world for many years, having held the lifetime production title for five years and adding to it until the very last.

Her production accumulated in 20 milking years stands at 196,457 pounds milk and 10,936 pounds butterfat, which is equivalent to 91,375 quarts milk and 13,123

pounds butter. This is enough milk to furnish the needs of a family of five for over 60 years and enough butterfat to meet all of its fat requirements for over 77 years.

Old Ruby, as the production champion is known throughout a family of five for over 60 years. She is survived by a host of descendants, the exact number of which is not known. She was honored recently at two of the leading dairy cattle shows in the nation by having her picture hung in the show barns with the caption, "Old Jerseys never die, they just milk away." The statement describes Old Ruby's passing. She milked away, but her name will continue to live in the hearts of the nation's dairymen.

CEILING PRICES SET ON USED CARS NOV. 20

A new dollars-and-cents ceiling price regulation for used passenger automobiles has been issued by the Office of Price Stabilization, Ellis H. Boyd, Fort Worth district director, has announced.

The regulation sets dollars-and-cents ceilings for each body style

line or series, of each make of used passenger car, for the years 1940 through 1951. These ceilings are to be reduced at the rate of 2 percent every calendar quarter beginning January 1, 1952.

The new order, Ceiling Price Regulation 94, is effective November 20; however, the dollars-and-cents ceiling prices do not become effective until 30 days after November 20. In the interim, current ceiling prices as established under Supplementary Regulation 5 to the General Ceiling Price Regulation will remain in effect.

NEW EXEMPTIONS
The OPS has exempted from price control admission charges for specified public and private school athletic and entertainment activities.

The exemption is limited to admissions to such activities as athletic events and school fairs when held in facilities owned or controlled by the schools. Privately promoted events, such as Bowl games, remain subject to price ceilings with respect to sales of tickets by the private promoters.

PROTEST FREIGHT INCREASE
The Office of Price Stabilization and three other government agencies have filed with the Interstate Commerce Commission an opposition to a petition by the nation's railroads for further hearings on their request for freight rate increases.

The railroads have petitioned the ICC for a 15 percent increase in freight rates. On August 2, they were granted a 6 percent increase in the Western and Southern territories and between territories. The railroads have asked that the hearings be reopened on the grounds that the award was inadequate. The OPS has objected to this request.

RE-REFINERS COMPLAIN
The OPS has received numerous complaints from re-refiners of crankcase drainings and other used lubricating oils, alleging that many retail service stations, garages, and commercial establishments, from whom the refiners

THE DEVIL'S RIVER NEWS

MRS. NANCE ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. R. G. Nance entertained the Thursday Bridge Club Thursday afternoon in her home. High club was won by Mrs. H. V. Morris and high guest was won by Mrs. Tom Neville. Mrs. W. O. Crites won bingo and Mrs. S. M. Kerbow won the slam prize.

A sandwich plate was served to Mmes. Robert Rees, Lee Labenske, B. C. McGilvray, John Bunnell, Claude Stites, Arthur Carroll, R. V. Cook, Andre Truden, Morris, Crites and Kerbow.

MERRIMAN - CROWDER RITES READ HERE LAST WEEK

Mrs. Billy Crowder and J. M. Merriman exchanged vows Saturday, November 10, in a home wedding. Justice of the Peace Alfred Cooper officiated.

Mrs. Merriman chose as her wedding dress a blue suit with red accessories and carried a bouquet of carnations.

JUNE ROSE LYLES GIVEN BIRTHDAY PARTY

Mrs. Pat Lyles honored her daughter, June Rose, with a square dance party in the parish house on her twelfth birthday November 9.

Sandwich plate, cookies and soft drinks were served to twenty-five children.

Personal Notes

Stuart Phillip's parents, Mr. and Mrs. M. S. Phillips, are visiting here this week. They are from Grand Prairie.

Mrs. Alfred Schwiening, Sr. has returned home from San Antonio where she received medical treatment.

Miss Jane Neill and Miss Peggy Barker will be home over the holidays. Miss Neill will visit her parents, Mr. and Mrs. George H. Neill and Miss Barker will visit her parents, Mr. and Mrs. G. B. Barker. They are students at the University of Texas.

Miss Nancy Neill who is attending Hockaday School in Dallas will be home for the holidays visiting her parents, Mr. and Mrs. George H. Neill.

Mr. and Mrs. S. P. Glascock had as their guest over the weekend his brother, Ira Glascock of Big Lake.

Mr. and Mrs. H. M. Smith and Mr. and Mrs. Clinton Langford were in Bandera last weekend the guest of Mrs. John Langford.

RALPH MAYER HONORED WITH SUPPER PARTY

Mr. and Mrs. E. S. Mayer honored their son, Cpl. Ralph Mayer, with a supper party Thursday. Color slides Cpl. Mayer made in New York were shown after dinner.

Those attending included Messrs. and Mesdames Sears Sentell, Gene Shurley, D. C. Langford, E. S. Mayer, Jr., and Jack Moore of Eldorado. Miss Noweida Matthews and Gene Moore of Eldorado and Glen Richardson also attended.

Mr. and Mrs. Reginald Trainer and son, Jimmy, spent the weekend in Juno and Ft. McKavitt sight-seeing.

Vic Vet says

VETERANS WHO SERVED IN THE ARMED FORCES SINCE THE KOREAN CAMPAIGN STARTED ARE ENTITLED TO VA HOSPITALIZATION ON THE SAME BASIS AS WORLD WAR II VETERANS

For full information contact your nearest VETERANS ADMINISTRATION office

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - - I finished school under the GI Bill just before the Korean campaign, and when things broke out over there I reenlisted. I was just discharged with a service-connected disability. Am I eligible for Public Law 16 vocational training, even though I trained before under the GI Bill?

A - - Yes. The fact that you had GI Bill training will not bar you from vocational training under Public Law 16, as amended, provided you meet these conditions: the service-connected disability must have been incurred after June 27, 1950; you must have an other-than dishonorable discharge, and you must need the training to

overcome the handicap of your disability.

Q - - I am attending college under the GI Bill and the cut-off date applies to me. Could I drop out under the GI Bill and pay my own way the rest of this semester, and then resume under the GI Bill next year, when I will be taking more expensive courses?

A - - No. Such a procedure is not permitted. Under the law, you are expected to remain in continuous training after the cut-off date, except for reasons beyond your control. If you drop out under any other conditions, you may not resume training later under the GI Bill.

Q - - My nephew is a veteran of Korea, and was discharged after a shell fragment paralyzed him from the waist down. Is he eligible

for a VA grant for the purchase of a "wheelchair house," or is that benefit limited to World War II veterans?

A - - Your nephew may be eligible for the VA "wheelchair housing" grant, provided he meets certain requirements. He should file an application with VA. The benefit is not limited to World War II veterans.

Q - - May I use a GI loan to buy a two-family house with a non-veteran?

A - - Yes, so long as your interest will be properly protected in case the non-veteran defaults on his payments.

Q - - May I be treated by my own physician, on the outside, at VA's expense?

A - - You may, if you have a service-connected disability that requires treatment, and you receive prior VA approval for such care.

Q - - Is it possible to get a GI business loan to buy a car for pleasure purposes, or furniture for my home?

A - - No. The loan must be used for business purposes only.

Mrs. H. T. Espy has been ill at home this week.

To The Voters Of Sutton County

IT IS WITH SINCERE AND HEARTFELT APPRECIATION THAT I THANK MY FRIENDS FOR THEIR LOYALTY AND THEIR SUPPORT OF MY CANDIDACY FOR REPRESENTATIVE FOR THE 86th LEGISLATIVE DISTRICT. I FEEL VERY HUMBLE, AND SHALL DO MY BEST TO MERIT THIS CONFIDENCE AND TRUST AS I REPRESENT YOUR INTERESTS IN THE LEGISLATURE.

Marvelous Motorless
New Servel
guaranteed 10 years

Come a-running to see the amazing refrigerator that makes lots of ice cubes and keeps food cold without wear, without ever making a sound—the marvelous, motorless new Servel!

Because it has no motor to wear, no machinery to grow noisy, Servel stays silent, lasts years longer. Servel gives you all that's new—and silent, long-lasting economy, too. Choose from eight beautiful new Servel models.

Big new Freezer Compartment! Up to 70 pounds of frozen foods fit into Servel's extra-roomy new Freezer Compartment. It's cold enough to freeze a steak, too. And plenty of ice cubes.

Even a special "Odds and Ends" Tray! Servel's roomy interior stays clutter-free—thanks to a special tray for jars, packages of meat and cheese—thanks also to big Dew-Action Vegetable Fresheners.

Quick-Change Shelves! Shelves flip up or down to make room for extra-bulky foods—like a giant turkey or a mammoth watermelon, even a case of soft drinks.

New low prices start at **\$239⁹⁵**

No moving parts to monkey with!

In the Health Line

The line forms on the right for a chest X-ray when a mobile unit such as this comes to town. This unit, purchased with Christmas Seal funds, is used in the search for hidden tuberculosis. Case finding is one of the tuberculosis control activities of the tuberculosis associations which, throughout the country, are conducting the 45th annual Christmas Seal Sale from Nov. 19 to Christmas to raise funds to support their work.

GMC Diesel Trucks For U. S. Army Test

PONTIAC, MICH.—GMC Diesel highway tractors for U. S. Army test, driven by U. S. Army transportation corps personnel leave the GMC Truck & Coach Division factory at Pontiac for Fort Eustis, Va. The GMC is the popular model 650 Diesel with the new "Million-Miler" engine, a rugged 150 horsepower job recently introduced to commercial truck operators. They are built to haul a million miles and more.

Sings for Health

Singing sensation Mario Lanza is starring in a radio program which will be heard over stations throughout the country in connection with the Christmas Seal Sale, to be conducted Nov. 19 to Dec. 25. Christmas Seal Funds are used to support the tuberculosis control work of the National Tuberculosis Association and its 3,000 affiliates. (Photo Courtesy of Metro-Goldwyn-Mayer.)

Air-Cooled Range for Summer Cooking

This gas range includes a brand new cooling idea that reduces outside temperatures on the oven end of the range. To the usual amount of spun glass, Caloric designers have added an open air space between the insulation and the white side of the range so that cool air is drawn from the floor and flows upwards to create an additional air chamber. It means that the range can be operated in summer heat now — and all the year 'round — without appreciably raising room temperature.

A PUMPER TRUCK isn't of much value to a fire department if it doesn't pump—and in sufficient quantity. Here a fireman watches while inspectors of the Fire Prevention and Engineering Bureau of Texas check a pumper's performance. Checking municipal fire defenses is just one of the many jobs performed by the Bureau as a public service of the fire insurance companies.

YOUR HEALTH

"Obesity" is a classy word meaning hefty, overweight, or plain fat. Over 25,000,000 people in the United States are overweight. In Texas the number is probably close to 100,000, causing what State Health Offices George W. Cox call "a significant public health problem."

Obesity, the doctor declares, brings on a predisposition to diabetes and high blood pressure, and adversely affects arthritis. He says diabetes occurs two and one-half times as often in obese persons as it does in people of normal weight. High blood pressure occurs three times as often.

The answer to obesity? Reduce. But do it right, Dr. Cox cautions. This is what State Health Department nutritionists recommend as a good reducing diet:

A daily quart of skim milk or buttermilk, taken during or between meals. Milk is high in protein, minerals and vitamins, and helps prevent a hungry feeling.

One serving of lean meat each day, cooked with added fat. Eat liver frequently for its high nutritive value and low calorie count. Fish and poultry can be used for variety, if prepared by steaming, broiling, or baking to avoid excess fat.

One egg daily, preferably more. They can replace some of the lean meat, but be sure to cook them without fat.

Vegetables, the leafy, green, calorie-short type, should be used generously for their bulk, seasoned with vinegar, lemon juice, chopped onions, or sour pickles, rather than fatty oils. Cauliflower, carrots, and cabbage—both cooked and raw—are beneficial, too.

Citrus fruits and tomatoes are the best food in the fruit department for the heavyweight. Eat them unsweetened.

All cereals and bread should be of the whole grain, enriched variety. Three servings daily are safe, eaten without cream, sugar, butter or gravy.

Tea or coffee may be used as beverages, provided no sugar or cream is added. Skim milk could be used, however, and saccharin makes a good substitute sweetener.

Desserts, the doctor says, are O-UT- for the conscientious reducer.

Mr. and Mrs. Norman S. Davis will spend the Thanksgiving holidays in Amarillo visiting his mother, Mrs. Edward Hamilton, his sister, Mr. and Mrs. J. D. Anderson and Mrs. Davis' brother and family, Mr. and Mrs. W. A. Culberson.

Mr. and Mrs. Frank Potmesil and children are in Louisiana this week visiting their parents.

PLANNING YOUR MEALS

by **ELINOR HOLMES**
Director
Caloric Home Institute

Let's have pie for supper tonight. It's an inexpensive dessert, and hearty, too. Real man's food. And there's nothing like a delicious baking aroma from your kitchen to put the family in a good humor when they come home.

Apple pie, America's favorite, would make a good start. Serve it hot in a sauce dish, adding milk or cream. But don't stop with one apple pie. These days when fresh or frozen fruits are available all year 'round it's easy to whip up peach, cherry, or huckleberry pies in a hurry, especially when you have a roomy Caloric gas range that turns out 3 or 4 pies at one time, each a crisp golden brown, with no overbaked edges.

On days when company is coming, or when you feel very ambitious you may want to try something fancy in the way of pie recipes. Here are two that have been baked recently in our home kitchens and pronounced perfect.

Mrs. Fry's Apple Tart
Line 9" pie pan with chilled pastry 1/8" thick. Then add:
6 peeled, quartered apples
2/3 cup brown sugar
1/4 cup chopped pecans
1/4 teaspoon cinnamon
1/2 teaspoon nutmeg
1/4 cup melted butter or margarine mixed with 1/2 cup water
Sprinkle apples with 2 tablespoons grated cheese. Preheat oven to 450° and bake 10 minutes. Reduce heat to 350° and continue baking until apples are tender.

Buttermilk Pie with Cornflake Crust
Roll 6 cups of corn flakes into crumbs and mix with 1/2 cup melted butter, 1/2 cup sugar. Line 9" pan and chill. Then take:
2/3 cup sugar
3 tablespoons flour
1/4 teaspoon salt
3 egg yolks
2 teaspoons vanilla
3 egg whites
2 cups buttermilk
1/4 cup melted butter
Blend sugar, flour and salt. Mix with egg yolks, buttermilk and butter. Add beaten whites and vanilla. Pour into pie shell and bake 10 minutes in oven preheated to 425°. Reduce oven heat to 325° and bake 30 minutes more.

Title On Line As TCU Frogs Play Baylor

Saturday the Humble Oil & Refining Co., will broadcast to football fans in the Southwest two Conference games expected to be crammed with excitement from beginning to end. The Rice Owls invade Ft. Worth to meet the TCU Horned Frogs in a crucial tilt, while the Baylor Bears, with only

one Conference defeat on the record, take on the SMU Mustangs in Waco.

Humble announcers Kern Tipton and Alec Chesser will be at Ft. Worth to describe the TCU-Rice contest direct from TCU Stadium. Broadcast time is 1:50 p.m. and the game will be carried by the following stations: WBAP-WFA San Antonio; KRBC, Abilene; KG A-820, Dallas, Ft. Worth; WOAI,

KL, San Angelo.

Also at 1:50 p.m., Charlie Jordan and John Ferguson will go on the air from Baylor Stadium to broadcast the action between Baylor and SMU over stations KABC, San Antonio; KPET, Lamesa; KVKM, Monahans.

Sgt. Raymond Cooper arrived home Friday after being ordered to inactive duty by the Marine Corps.

BRONCO BAND MARCHES IN AUSTIN PARADE

The Sonora Bronco Band attended the annual Band Day Festivities in Austin, November 17. The forty piece band, directed by Russell Lewis, participated in

the parade down Congress Avenue. The parade consisted of 147 high school bands.

After the parade band members were guests of the University of Texas at the Texas-TCU football game.

Attend SOME Church Sunday.

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Time to settle...

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept
Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse
But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?
They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?
Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$3.34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?
The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?
The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?
The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated
The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed
With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

Let them not have died in vain...

ON ARMISTICE DAY, 1951, let us resolve that every day will be a day of remembering the men who died for us in Korea. And the lesson they gave their lives to teach us: peace is for the strong.

We must make it clear to all men of all nations that no possible gain can come from aggressive action. That we have built and are maintaining a superior strength. And that we stand ready to use that strength whenever our rights or freedom are imperiled.

We must build for our war dead a monument of strength which shall be, in turn, a monument of peace for our generation and those to come.

There is a job for peace that you can do. It's this. Back up our defense forces, and help keep America economically strong, by buying United States Defense Bonds. Buy them regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. Start today!

Peace is for the strong...buy U.S. Defense Bonds regularly!
