## Davis, Hunt, Locklin Take Wool Honors; Sutton County 4-H Wins Best Team Trophy

Rodney Davis, Nancy Hunt and Dave Locklin walked off with the wool honors Wednesday as the biggest and one of the best of the Lions Club's Wool and Mohair Shows drew to a close.

Davis, 12-year-old 4-H member and son of Mr. and Mrs. W. L. Davis, exhibited the champion single wool fleece. It was clipped from a registered Rambouillet ram in his flock.

Nancy Hunt, daughter of Mr. and Mrs. Bryan Hunt, entered the champion bag of wool in the junior division. She won the same championship two years ago.

Winner of the first contest held for bag of wool shown by adults was Dave Locklin, who exhibited a bag of Delaine fleeces from his ranch 16 miles west of here. Locklin has exhibited fleeces at the show for the past five years and his son, Connie, won the junior bag championship in 1948, 1949 and 1951.

From point of exhibits this 15th annual show was also a record-breaker. One hundred ninety-seven junior wool fleeces, 67 adult fleeces, 27 junior bags of wool and 14 adult bags of wool were shown, as well as 85 fleeces and seven bags in the junior mohair division.

Participating in the show this year were 128 4-H Club and Future Farmers of America members, making up 19 teams for the judging contests.

Wool and mohair judges were Stanley Davis, Bluebonnet Experiment Station, McGregor; Russell Martin, wool buyer from Del Rio, and Jay Myers of the University of Wyoming. Myers is currently in San Angelo as a representative of the Fred Whitaker Co. of Philadelphia.

Davis, who has been present at

nearly all the local shows and who has had a prominent part in making the show the nation's largest fine wool show, commended the quality of the fleeces shown this year, commenting that they were especially good considering the drought during which they were grown.

MRS. O. W. ROUTH, FORMER SONORAN, DIES TUESDAY

Funeral services for Mrs. O. W. Routh, former Sonora resident, were held Wednesday afternoon from The First Baptist Church in San Angelo. The Rev. Joseph Emory, officiated.

Mrs. Routh died early Tuesday morning in a Wichita Falls hospital after an illness of several weeks. A brief service was held in Wichita Falls Tuesday night at 6:30 o'clock.

Mrs. Routh was born January 27, 1922 in Colorado City. She moved to Sonora in the nineteen-thirties with her parents, Mr. and Mrs. H. P. Largent, and attended local schools. Largent was maintenance supervisor here with the State Highway Department. In 1942, the family moved to Ballinger and she was employed in a furniture store.

The former Miss Kathleen Largent, she and Oscar W. Routh were married in June, 1943 in Ballinger and moved to Wichita Falls in 1947.

She is survived by her husband, her parents, three daughters, Meline, Joyce and Gloria; and an aunt, Mrs. Vera Taylor of San Angelo.

Sonora Defeats Big Lake 3-2

Sonora held on to third place in the Concho League Sunday by taking a hard-fought game from Big Lake-Texon 3-2 in ten innings.

Lee (Red) Thompson, Sonora lefthander kept the Big Lakers under control giving up only four hits, while his mates were making nine. Gene Henderson's triple in the tenth broke up the ball game. John Bell got three hits and Bill Baldwin, Sonora catcher, got two.

There will be no game here Sunday since Sonora a bye in league play, according to Pat Lyles, manager.

Blowout Causes Wreck

Three Sonora youths, Jack Mackey, Bobby Scott and Joe David Ross, escaped injury Friday night when a blowout caused the car in which they were riding to veer off the Ozona highway. They car hit a post when it left the road, causing damage to the grill and fender estimated at \$200. Mackey was the driver.

## Interest In Natural Gas System Here Still "Mostly Gas"

According to Lions Club President A. E. Prugel, the response to the natural gas proposition presented here last week by representatives of the Lone Star Gas Company, is still "mostly gas." Prugel said several persons have mailed

in coupons clipped from last week's News indicating their interest, and several have called at the office to state their interest.

On the whole, however, the response has not been too great, he added.

## The Lions Roar Ex-Students To Meet August 31

A movie showing the work of the Air Force during the Korean War was shown following the club luncheon Tuesday. The film presented battle sequences taken from both fighters and bombers and showed much of the behind-the-scenes work performed by the ground crews.

Guests included Dr. C. M. Patterson, extension veterinarian from Texas A. & M. College, and Billy Shurley of Marfa.

## SONORA TO PLAY IN BALLINGER THURSDAY NIGHT

The Sonora baseball team will play a league game with Ballinger Thursday night, July 3 in Ballinger. Game time is 8 o'clock. A return game will be played here July 6.

## NEW WAREHOUSE

The Stockmen's Feed Company has started construction on a warehouse on the Santa Fe property adjoining the Western Beverage warehouse.

G. E. Ellis and Mrs. Nellie Allen visited in Langtry Sunday.

The Sonora Ex-Students' Association will meet this year, it was announced this week by the directors.

The barbecue and meeting will be held at 6 o'clock, August 31, on the Court House lawn. Further details will be announced later.

## Return From Florida

Mr. and Mrs. R. L. Hallum, accompanied by Mrs. Margaret Dunagan and son, John Barton, returned Monday from a three-week trip through the southern states to Florida. They returned through Hot Springs, Ark.

Highlights of the trip included attending the National Shrine Convention in Miami and several boat trips in Florida.

Guests of Mr. and Mrs. L. W. Elliott last weekend were Mr. and Mrs. J. V. Massey and son, Jim, and daughter, Marie, of Waco and Mr. and Mrs. L. C. Harlow of San Angelo. Mrs. Massey and Mrs. Harlow are sisters of Mrs. Elliott.

## DIAGNOSE POLIO IN LEROY WHITWORTH CASE

The illness of Leroy Whitworth was diagnosed as polio Wednesday in Brooke General Hospital, San Antonio. He had been feeling ill Monday and his illness had been tentatively diagnosed as polio Tuesday by a physician at the Edwards County Memorial Hospital in Rocksprings. He was taken to Brooke late Tuesday afternoon. Mrs. Whitworth, the former Willie Nell Hale of Sonora, was here visiting her parents, Mr. and Mrs. Hub Hale, when called to accompany her husband to San Antonio. The seriousness of the case was not stated Wednesday.

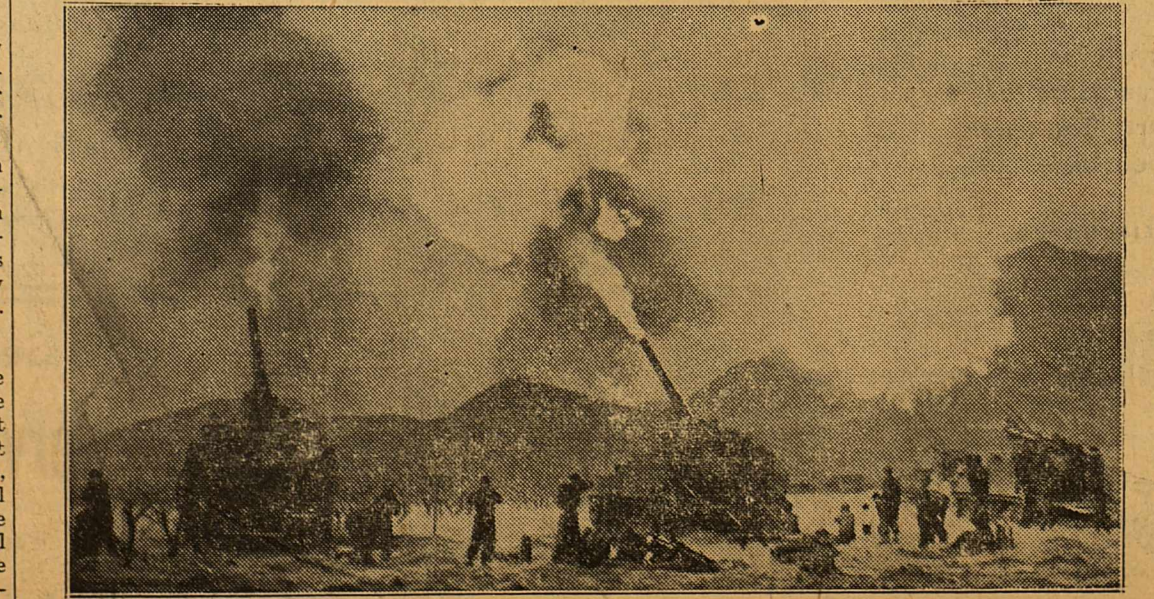

The polio case is the first reported in this area in about a week. Most towns in the area are cleaning up as a preventive measure.

## GENE WALLACE INJURED IN WINDMILL ACCIDENT

Gene Wallace, young Sonora ranchman, suffered severe cuts on the head, shoulder and arm Monday, when a windmill which was being lowered to the ground got out of control. A part of the mill mechanism struck Wallace as he attempted to move the position of the fin. He received treatment here and is recovering at home.

Aviation Cadet Dick Street, recently stationed at Mauldin, Mo. AFB is here visiting his parents, Mr. and Mrs. Bill Smith, before reporting to Goodfellow Field for advanced training.

Mr. and Mrs. Lee Labenske have as their guest, Mrs. Labenske's sister, Mrs. Lillie Swatchesue of Winters.

NOTABLE PICTURE OF BIG GUNS IN ACTION IN KOREA—A night scene similar to this won first place in the photographic exhibit sponsored by the White House Photographers' Association for Pfc. Vadim Samoilie. The artillery supported elements of the 25th Infantry Division.

... Son of a gun ...

If you attended the races Saturday and Sunday, and if you saw every race, you saw exactly 8 minutes, 14.1 seconds of actual horse racing. Just think of it! Thousands of dollars invested, months of training and conditioning of horses; a racing plant to maintain, exercise boys standing pre-dawn reveille week after week, hours of travel to the meet, more hours of conferences over the matching of races, and finally, minutes that seem like hours while the horses are being readied for the start.

Is it worth it? You dern' tootin' it's worth it, pardner! When you hear the crack of the starting gate snapping open and look down the track 440 yards away to see three tons of straining horseflesh, ridden by what appears to be eight gaily-colored demons from hell, bearing down on you; and when you hear the drumfire of pounding hooves getting louder and louder until finally a hurricane of men and animals storms across the finish line, brother, you've had a thrill.

Horse racing has been going on, we suppose, since the fellow who had the first horse spied the fellow who had the second horse. It's popular everywhere from the Gobi Desert to Haleah, and always will be. The Park Association put on a real meet here last weekend and we hope they have another in the fall.

Those two prominent square dance musicians, Billy Savell and Lee Roy Valliant, left Wednesday on a trip to Louisiana, Tennessee and the Eastern Seaboard. They plan to attend a broadcast of the Grand Ole Opry in Memphis and will attend the Annual Convention of the Southern Bell Ringers Association in Atlanta, Georgia. The boys tell us there's nothing like a southern belle.

Mr. and Mrs. Norman S. Davis had as their guests this week, Mr. and Mrs. Robert Nishiyama, their daughter, Rhoda, 5, and their son, Robert, Jr., 14 months. Quite a story here.

Davis first met Nishiyama in 1945 in Tokyo, where Davis was running a post exchange for the Air Force. Nishiyama and his wife came to work there after he was mustered out of the Japanese Navy. Three years later, Bob, who is 28, had graduated from the Tokyo College of Foreign Affairs, a branch of the University of Tokyo, and was awarded a four year scholarship to Lafayette College at Easton, Ill. He completed his work there this month, and plans to do a year's graduate work at Stanford University before returning to Japan. During his stay in the U. S. he has contributed articles to Life Magazine and the American Magazine, and has worked in a cafe, as a gardener and as an ambulance driver. His wife was raised in California.

He is studying government in this country and wants to have a career in United Nations work if and when Japan is admitted to the U. N.

It's a funny world. We met Bob and liked him the minute we met him. You would too. And yet, only nine years ago, we were on opposite sides of the fence to a great degree. Well, we wish him the best and hope our paths always cross as they did Wednesday morning.

Always have time for a few words on the Great State Of Texas. Whatever we have, whatever we do, in Texas, we do it bigger and better. How much bigger? Well, right now, June 1952, with about 5% of the nation's population, we have under contract in Texas nearly 15% of the total national construction volume. That's not twice as much, it is nearly three times the national average. Thank you.

Our thanks to the writer of the anonymous letter enclosing the dollar. The letter was a perfect gem and we heartily agree, but you can't publish that sort of thing, you know. If you care to reveal yourself, we'll explain why we can't publish your letter and we'll give you your dollar back. If we haven't heard from you by Tuesday, the dollar goes in the coffee fund at Vicars DDT Emporium.

**JUDGES' STAMENTS OF LAW BINDING UPON JURORS**

Judges get the law by which they decide the legal questions arising in a lawsuit from three sources: federal and state constitutions; federal and state statutes; and from previous judicial decisions and legal writings. Previous decisions state the public standards of rights and duties in matters not covered by constitutions and statutes.

Lawyers say that if judges and juries were not bound by law and precedents—if in each lawsuit, the judge or juror could set up a private standard of rights and duties as a basis for deciding that case—no one would know in advance of the decision how he should have acted in a particular situation. Cases arising out of similar circumstances would not be decided on settled principles but on the personal ideas of the trial judge or juror.

Because cases must be tried and determined on established and recognized public standards of right and wrong, we call ours a government of law and not a government of men.

Judges have access to statements of the law and know which apply to the situation involved in any lawsuit. So that justice may be done according to the law, it is imperative that the jurors in each case accept the law as the judge gives it to them. They are therefore required to base their verdict on his instructions as to the law, rather than on their own notions of what the law is, or ought to be.

For somewhat similar reasons there are rules governing the way a case is to be tried in court. These rules prescribe what must be stated in the pleadings, in what order evidence must be presented, what evidence is proper, what form questions must take, in what order lawyers are permitted to argue, what is permissible and what is not permissible argument.

If it were not for these rules no one could foresee what would happen during a lawsuit. It would be impossible to prepare properly for the trial. No one would know, until the judge had ruled, what he would be permitted to say or do, or in what order. Such a situation would inevitably result in confusion and injustice.

The whole purpose of laws and rules is to insure equal justice by providing a single standard of

**Giant Speedometer Cuts Accidents**

To make motorists conscious of speed limits, the Seattle, Wash. police department has put into operation a Powerglide Chevrolet with a precise speed clock mounted at the rear. Flashing red and amber lights on the giant exterior dial reflect the speed recorded by the car's speedometer. Police drive the car around the city an average of 90 miles a day and report it has reduced accidents appreciably. Two-way radio and a loudspeaker system to caution drivers are included.

**Try This Cool Summer Dessert**

American Beauty Home Baking Institute Photo

Party all planned? Looking for a dream of a cool dessert with no last minute fussing? Then bake and chill this luscious Pineapple Bavarian Cake today . . . serve it for tomorrow's gala dessert.

Developed by Virginia Roberts of the American Beauty Home Baking Institute, it's a four-layered beauty that takes only minutes to make. Filled and frosted with cool Pineapple Bavarian Cream, you'll be proud to serve this glamorous cake to your guests.

**Chilled Pineapple Bavarian Cake**

1 package All-Purpose Cake Mix (20 oz.)	1 cup water
2 eggs	1/2 cup drained, crushed pineapple*

Mix the cake according to the directions on package. Fold pineapple into the batter, pour into greased, 8-inch layer cake pans and bake for 25 to 30 minutes at 375°F. Cool the layers, split each in half and fill with Pineapple Bavarian filling. Frost sides and top. Place in refrigerator and chill several hours or overnight.

**Pineapple Bavarian Cream Filling**

1 cup pineapple syrup and water	1/4 cup powdered sugar
1 package lemon-flavored gelatin	1/2 cup crushed pineapple*
2 cups whipping cream**	1/4 cup sliced almonds

Heat pineapple syrup and enough water to make one cup; add gelatin and dissolve. Chill until partially set. Whip the cream until stiff and add powdered sugar. Beat partially set gelatin until fluffy. Fold gelatin, drained pineapple and almonds into whipped cream. Chill until mixture holds shape, then spread.

\* 1 can (9 oz.) crushed pineapple equals 2 3/4 cup.  
 \*\* If evaporated milk is used, follow directions on can for whipping.

A FEW YEARS AGO there was a story going the rounds about the welfare State had done to a flock of seagulls in California. A fish processing plant was being operated, with the refuse being dumped on a nearby hillside. Soon the seagulls found this easy source of food and more were attracted to this easy life. They no longer had to work and use their talents and instincts to live. Then came the pay-off—sure enough, a new sanitary law was put into effect and the garbage was disposed of in a different way.

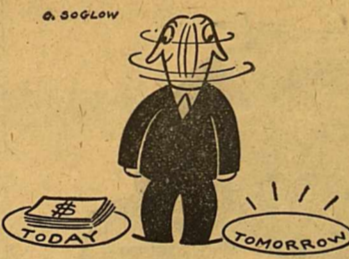

Thus the source of livelihood for the seagulls suddenly disappeared. The story has it that the birds held a protesting meeting. Many of them were indignant in their denunciation of the politicians who had robbed them of their source of livelihood. Finally, one old seagull got the floor and said: "Now, I'm not for this appeal to Washington. I remember when we had to work for a living. We were sleek, fast, physically fit and rugged. We were happy then. But came the easy life when we didn't have to work for a living. You are spoiled, and it's your own fault. Let's go back to the sea and make our living for ourselves."

Well, the other day there was a parallel story—a true story—out of the Far North. It began: "Government handouts have destroyed the initiative and in dependence of Eskimos once renowned for vigorous self-reliance in the far north, authorities on Eskimo life reported."

The story went on to say that deterioration of morale and health among the Eskimos, under the white man's socialistic system, was a chief concern at a conference in Ottawa, attended by Arctic missionaries, Mounted Police, and government representatives. Eskimos now tend to concentrate at posts where they receive government handouts, it was disclosed.

"There has been a consequent decline in their vitality and resistance to disease," the report con-

THE IMPORTANT characters in this photo are the 18 in the foreground—the members of a litter reared at Spring Grove, Minn., to a 56-day weight of 820 pounds. The proud persons in the background are (left and right) Lawrence Meyer and his father-in-law, Edwin Leuhr, owners, and (center) J. S. Van Wert of Farmers Hybrid Hogs, Hampton, Ia., whose geneticists bred the parent stock for high fertility. Meyers raised the pigs on Terralac, the synthetic sow's milk which is effective because it contains terramycin, and fed them pig starter with a high level of terramycin to bring them to the championship weight. The litter is expected to weigh more than 2 tons at 6 months. Before the synthetic milk was discovered last year, a 6-months' weight of 1 ton was regarded as near perfection.

And so it is—whether seagulls or Eskimos—or any of us for that matter. Life in a welfare state is often a hoax and a delusion.

**WASH NEWS** — swnyoop —

A completely revamped price and wage control program for the next year appeared likely as a result of House action last week. Differences between the House and Senate versions of OPS and WSB will have to be resolved, and the final version will not be known until that is done.

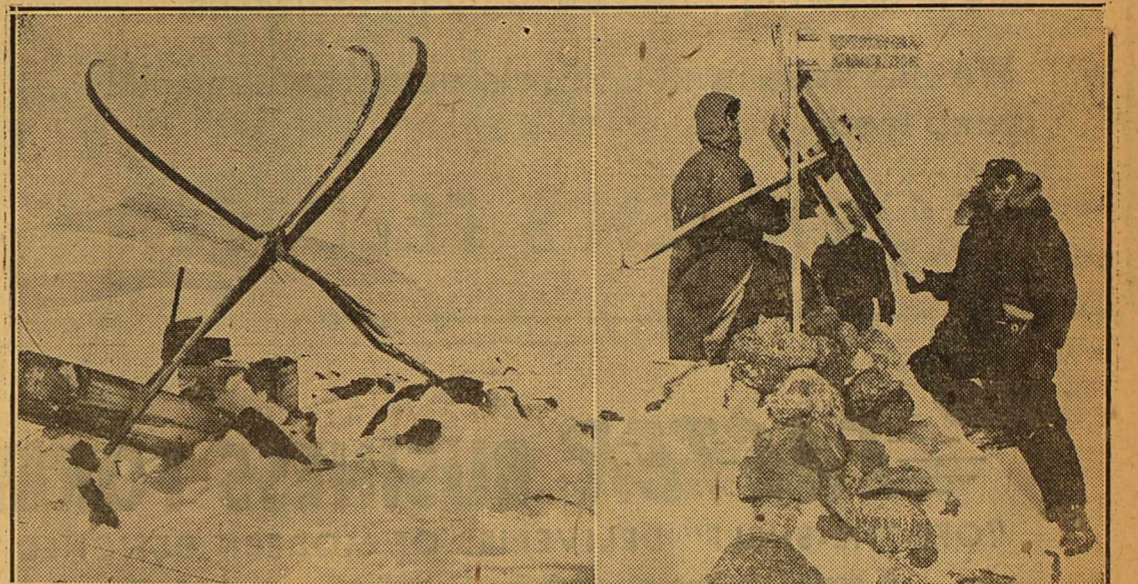

The House tentatively removed controls from fresh fruits and vegetables, and directed decontrols with respect to all commodities that are in short supply and which sell below ceiling prices. It simplified or removed requirements for reports to OPS on many items and attempted to cut out a lot of the unnecessary red tape and book-keeping that has been required in the past.

On the subject of wages, the House abolished the present Wage Stabilization Board and provided for a new board wherein the appointments of all public members would have to be confirmed by the Senate. This was designed to eliminate the "packed" board which has been instrumental in causing the present steel strike. In addition, the House set the stage to adopt the Senate amendment which requests the President to invoke the Taft-Hartley law to stop the present disastrous steel strike. His failure to do this is costing this country 2,000,000 tons of steel each week.

Actually, the OPS is spending a major part of its time in attempting to control prices on items that are nonessential or which sell well below ceiling prices. It costs the taxpayers at least \$80,000,000 a year to pay the salaries and expenses of the nearly 15,000 government employees now on OPS payroll. Many of us believe the American people would be better off if the OPS were completely abolished. It has been pointed out that Armour & Co. sell 90 percent of their meat at prices that are below the ceilings set by OPS. And the same is true of many other important food products.

Another development growing out of the House and Senate actions on controls was the refusal to provide new seizure powers for the President. The President had requested legal authority to do the same thing that he recently did illegally with respect to the steel mills. He wants power to take over and operate the mills indefinitely, with the right to impose wage changes, the union shop, and other conditions if he should see fit.

**ON OFFERING EXCUSES**  
 By W. H. Marshall

Any act of ours that is in any way wrong or unworthy, almost always seems to set in motion a process of self-justification. Often, even before we are called upon to explain our errors to others, we have already explained them to ourselves. And the excuses human-kind can think of are a tribute to man's inventive genius, even if not always to his regard for truth. There is no small deception; no theft, there is no kind of lying or cheating or misdoing but for which, if a man goes back far enough, and misuses the fact adroitly enough, he can find the means of self-justi-

fication. If he takes something from his employer that doesn't belong to him, he may offer, first to himself and to others, the explanation that he has given more service than he has paid for anyway, and that what he has taken was therefore rightfully his. Errors are one thing, but justifying them is quite another. If you can bring a man to admit the error of his ways, there is some chance of saving him, but if he will never drop his "face-saving," will never humble himself, will always offer excuses, will always indulge in self-justification, he but digs himself deeper and deeper into his false position. "Face saving" has nothing to do with honor. "face saving" concerns but

the appearance of things, which honor to do with the very moral structure. And of time when a man is solely concerned with offering excuses, he loses his honor and jeopardizes his soul's salvation. We are not apt to reform on any of our errors, or wrong-doing until we concede to ourselves our own errors. You might practice a fraud upon your neighbor, but you can never practice a fraud upon yourself. We must live with ourselves as we are, not as others might think we are.

 White side-wall tires at extra cost

**WHEN YOU TRY POWER STEERING...  
 HERE'S WHERE TO COME FIRST!**

You've heard about it and read about it. Now, if you haven't felt what Power Steering does for you, we invite you to try it first in a Chrysler New Yorker . . . where you will find full-time (not partial) Power Steering!

What happens is this . . .

You handle the steering wheel in normal fashion. But 4/5 of all the work is done for you by hydraulic power, constantly at your command. Also, you turn the wheel 1/3 less distance now for every maneuver . . . the feeling you get of utter control is as wonderful as it is new.

Even at a standstill you can turn the wheel easily. Now, parking is shorn of its troubles (and fatigue!) . . . and you can negotiate traffic, awkward drives, and garage doors precisely and with ease.

You can double the longest day's drive you've

ever known . . . end up free from arm and shoulder strain. Rough roads, soft shoulders, snow, mud? . . . the power that helps you steer now prevents the car's wheels from "steering back" at you. The course you set is held, at any speed, till you want it changed. Yet, with this 5-times greater control, "wheel feel" is always the same.

Why not come try it? Learn for yourself why growing thousands of motorists say they'll never be without Full-time Power Steering from now on. Drive a Chrysler . . . and Learn the Difference!

### Miss Sue Wendt, Edward Gilmore Exchange Vows

The marriage of Miss Sue Wendt of Galveston to Edward Morris Gilmore, Jr., of Galveston was solemnized at 10 o'clock in the morning, June 14, at Trinity Episcopal Church, Galveston. The Rev. Edmund H. Gibson officiated.

The bride is the daughter of L. F. Frenzel and Mrs. E. J. Billiedeaux of Galveston. Gilmore is the son of Mr. and Mrs. Edward M. Gilmore of San Antonio.

Traditional wedding music was played by James R. Rice, organist.

Given in marriage by her father, the bride wore a gown of white organza. The fitted bodice was high necked and buttoned to the waist with rhinestones. Three quarter sleeves accentuated the dress. The full skirt was worn over a matching satin slip and the shoes and belt were also of satin.

The bride chose a white hat covered with daisies with rhinestone centers. She carried a small white prayer book topped with white stephanotis.

Mrs. Jimmy Cusenbary of Ballinger was her sister's matron of honor. She wore an aqua blue lace street length dress. The bodice was designed with small sleeves and a large collar. The full skirt was worn over a matching slip. She carried a nosegay of yellow carnations and gladiolas. Her accessories were white.

Don Morris of Waco was best man. Ushers were Jimmy Cusenbary and Jimmy Bureson of Houston.

A reception was held at Eaton Hall, parish house of the church. The table was laid with an imported linen cloth. A three-tiered wedding cake topped with a miniature bride and groom was the centerpiece. Flower arrangements of

## Have you tried BUICK'S POWER STEERING?

HIGH-TAILING down a broad straight road, you have that same sure sense of command that has always put such a thrill into piloting a great performer.

You're the boss. Your hands tell you so. It's the feel that so many folks who love to drive have come to know and enjoy.

This year, you also have at your command the highest horsepower in Buick history—and an Airpower carburetor, with two barrels in reserve to deliver an extra spurt when needed.

You have the size, the silence, the

smoothness that make this ROADMASTER so distinguished among fine cars.

Where then, you ask, does Power Steering† come in?

When you want to get into—or out of—a tight spot at the curb, Power Steering takes over the extra effort of turning the wheels, and you can forget the two-tons-plus of automobile you're handling.

When you want to turn around in a narrow space—Power Steering lets you get the last inch of benefit from Buick's short turning radius, because it makes the maneuver so easy.

When one front wheel hits a bump, a

chuckhole, loose sand or dirt at the edge of a road—Power Steering takes up the jerk—makes control of the wheel easier and therefore safer.

Many folks who have tried it tell us that Power Steering has added almost as much to the pleasure of owning a Buick as Dynaflo Drive.

When would you like to try it?

Equipment, accessories, trim and models are subject to change without notice. †Optional at extra cost on Roadmaster only.

**LINDA GAIL STROUD GIVEN BIRTHDAY PARTY MONDAY**

Mrs. C. C. Stroud honored her daughter, Gail, with a party on her third birthday Monday afternoon at the Episcopal Parish House. Favours were balloons and paper horns.

After the children played games, refreshments of cake, ice cream

and punch were served to Elsie Earwood, Richard and Sharon Logan, Jo Ann Lowe, Teddy Langford, Yvonne Young, Ted and Suzanne Emert, Lynn Burkett, Randy Awalt, Robert Brown, Guy Askew, Tim Thorp and Peggy Grobe.

Out-of-town guests included Mrs. B. D. Roberts of Menard and Mrs. W. H. Johnson of Junction.

**State Draft Board To Reconsider Cases Of 8,000 College Men**

Texas draft boards have started to tackle or will soon tackle the job of reopening and reconsidering the cases of some 8,000 college students to determine their eligibility for further deferment to study.

A point stressed by Brigadier General Paul L. Wakefield, state Selective Service director, is that students desiring deferments for the next academic year should make written request to their local boards as soon as possible.

"If your present deferment is up," he advised students, "and you want to get it renewed, you had better ask such renewal. A board isn't required to hand out deferments or give consideration to them unless the individual makes a request."

General Wakefield also advised students that colleges and universities are not required to advise a

local board of student's class standing during the past academic year on the printed form provided for the purpose unless the student requests the educational institution to forward it.

"If the student wants this form called SSS Form No. 109-Forwarded by the school to support his request for deferment," General Wakefield said, "it is his responsibility to ask his school to send it."

Most schools, colleges, and universities are expected to have class standing figured and be in position to advise local boards within 30 days after the end of the academic year just concluded.

Local boards have been advised to wait 30 days for this information, and a "longer period when, in an exceptional case, more than 30 days is necessary."

**MRS. McMILLAN HONORS SON WITH PARTY SATURDAY**

Mrs. W. B. McMillan honored her son, Dick, with a party on his sixth birthday Saturday morning at the City Park.

Horns were given as favours. Games were played and Linda Lambert and Gil Allison won prizes.

Ice cream, cake and punch were served to Jan McClelland, Mary Davis, Suzanne Emert, Diana Cahill, Joyce Hearn, Ruby Joyce Shaw, Lindsay Lambert, Sandra Newton, Johnny Merck, Gil Allison, Ozzie Ellington, Gen Chenault, Gil Trainer and Bill Elliott.

Mr. and Mrs. C. C. Stroud had as their guests Sunday and Monday, Mrs. Stroud's mother, Mrs. W. H. Johnson of Junction, and her sister, Mrs. B. D. Roberts of Menard.

Mr. and Mrs. J. T. Penick returned this week from a week's fishing trip to Lake Boquillas, Mexico. They were accompanied by Mr. and Mrs. Stooks Berry of San Angelo.

Mrs. Rip Ward and Mrs. J. A. Cauthorn spent Sunday in Del Rio as the guests of Mrs. G.C. Earwood.

**SONORA BOY RELEASED FROM GONZALES HOSPITAL**

Six-year-old Bobby L. Miller, son of Mr. and Mrs. Leonard L. Miller, 290 Traylor Courts, Sonora, Texas and formerly a patient at the Gonzales Warm Springs Foundation for Crippled Children, has been discharged from the Gonzales treatment center and returned home.

Young Bobby was stricken with polio in 1951. Admitted to the Gonzales Warm Springs hospital last December, he received treatment there for six months.

Although Bobby has been discharged from the hospital, his treatment program will not end there. A series of periodic check-backs at the Gonzales Foundation has been scheduled in order that the hospital may record his progress and check the fit and condition of braces and other appliances. A course of home treatments has also been prescribed to stimulate continued advancement.

**SHEPPERD VISITS SONORA TUESDAY MORNING**

John Ben Shepperd, the personable and energetic 36-year-old candidate for attorney general of Texas, visited in Sonora, Tuesday morning, June 24, in the interest of his candidacy.

Shepperd confined his campaigning here to handshaking, visiting with old friends and making new acquaintances.

He told friends here he was extremely gratified with the encouragement he was given when he announced as a candidate for Attorney General several weeks ago. Particularly pleasing, he said, was the large number of pledges of support he received from the people in the Sonora area.

Shepperd resigned as Secretary of State, an appointive position, to seek a promotion to Attorney General. This is the first time Shepperd has sought an elective public office.

He is basing his candidacy on the record he made during the more than two years he was Secretary of State, his legal ability, his administrative experience and the knowledge he has accumulated over the years of the wants and needs of all parts of Texas.

Shepperd is a lawyer from Gregg County with more than 12 years' legal experience, both as a practicing attorney and as a legal supervisor while he was Secretary of State. Shepperd's qualifications to serve as Attorney General have been endorsed by an overwhelming majority of the practicing lawyers in the State, including the attorneys in Dallas, where his opponent resides.

Shepperd said that he did not have a formal platform, but his record and public statements would show he has consistently spoken out for economy in government, integrity in public office, law enforcement equality and a better understanding of Texas and a knowledge of the wants and needs of each section of Texas and the people.

Mrs. Willie Andrews had as her guests last week her sons and families, Mr. and Mrs. Charles Andrews and daughter of Monohans, Mr. and Mrs. H. V. Andrews of Liberty, and Mr. and Mrs. Louie Andrews of Odessa. Also here was Mrs. Andrews' daughter, Mrs. Bill Garman of San Antonio. The occasion marked the first time the family had been together since 1940.

other art of the nation. rampaging polio was outlined Wednesday by the State Department of Health.

A long-range battle plan against Cox recommended these eight points of action in combatting the disease which this year is striking harder at Texas than at any State Health Officer Geo. W. 1. Spot spray insect breeding places after they have been cleaned up and destroyed. Spraying indiscriminately might kill a few insects on the wing, but it won't do the job. It might kill valuable plants and create a false sense of security.

2. Get rid of animal shelters in

urban areas. They cannot be kept clean and consequently create a health hazard as fly breeders.

3. Get rid of dump piles, tin cans, old tires, and accumulated debris which breed flies and mosquitoes and provide harborage for rats.

4. Provide a properly operated sewerage system, and get rid of all surface toilets. Dr. Cox believes surface toilets constitute one of the major health hazards facing Texas.

5. Provide a source of pure water.

6. Protect food supplies in wholesale business houses, retail shops and in private homes.

7. Make regular inspections of all premises to see that no possibility exists for fly breeding. If you

He urged each home owner to assume responsibility for keeping his property clean inside and out. This will help protect you and your neighbor. More people have been struck down by polio this year than ever before.

He said it takes months and months to clean up a city, and that it "takes forever to keep it that way." The program must be continuous. "It will take from one to five years to really clean up our larger cities," Cox said.

"This is the same program we have followed and published for the past ten years. People have got to get over the notion that spraying alone will keep their city fly-free," Dr. Cox declared. "The only way to kill flies is to do it methodically, block by block, by eliminating their breeding places."

"They carry many diseases—diarrhea, typhoid fever, cholera, trachoma, just to mention a few. I firmly believe that if this 8-point program is invoked, we'll see a lessening of polio incidence in the future."

It will probably occasion no surprise on your part to be told that the Cadillac car is the most wanted and sought-after automobile on the American highways.

But you might be surprised to learn how widespread the desire to own this great motor car has become during recent years.

Statistics indicate, for instance, that there are more than twenty million motorists in America who would like to call a Cadillac their own. And were the whole of the world's motorists to be considered, this number would grow well-nigh beyond comprehension.

There is reason to believe, in fact, that Cadillac may be wanted by more people than any other product manufactured in America today. It might well be called the great desideratum of the American people.

Naturally, a motor car has to offer many wonder-

ful things in order to occupy such a unique position in the hopes and aspirations of so many persons.

It has to offer great and distinguishing beauty . . . luxurious comfort . . . brilliant, masterful performance . . . and wonderful prestige.

And, of course, in order to have become the logical ambition of so many millions, it would have to be practical to own, as well as wonderful to drive. And so, it would also have to offer—extraordinary economy!

If this sounds like the description of the car that you, yourself, would like to own and drive, then come in and see us—soon.

Perhaps the time has come for you to join the hundreds of thousands of motorists who have stopped wanting a Cadillac—and started enjoying one!

We'd be happy to see you any time.

NOTICE OF ROAD BOND ELECTION  
THE STATE OF TEXAS  
COUNTY OF SUTTON  
TO THE RESIDENT PROPERTY TAXPAYING QUALIFIED VOTERS OF SUTTON COUNTY, TEXAS:

TAKE NOTICE that an election will be held on the 12th day of July, 1952, at the places, in the manner, and on the proposition set forth in the attached copy of an ORDER FOR BOND ELECTION, duly entered by the Commissioners' Court of Sutton County, Texas, on the 9th day of June, 1952. Said attached ORDER FOR BOND ELECTION is made a part of this notice for all intents and purposes.

F. L. McKinney  
County Clerk, Sutton County, Texas

ORDER FOR ROAD BOND ELECTION  
THE STATE OF TEXAS  
COUNTY OF SUTTON

On this the 9th day of June, 1952, the Commissioners Court of Sutton County, Texas, convened in regular session at the regular meeting place thereof at the Courthouse in Sonora, Texas, with the following members of the Court present, to-wit:

- George Wynn  
County Judge
- D. L. Locklin  
Commissioner Precinct No. 1
- Dan Cauthorn  
Commissioner Precinct No. 2
- Aldie Garrett  
Commissioner Precinct No. 3
- Dantes Reiley  
Commissioner Precinct No. 4
- F. L. McKinney  
County Clerk

and the following absent: None, constituting a quorum, and among other proceedings, passed the following order:

There came on to be considered the petition of Cleve Jones, Jr. and 55 other persons asking that an election be ordered upon the question of issuing bonds of Sutton County, Texas, for the purpose of constructing, maintaining, operating macadamized, graveled or paved roads and turnpikes, or in aid thereof in said County.

It appearing to the satisfaction of the Court that said petition is signed by more than 50 of the resident property taxpaying qualified voters of Sutton County, who own taxable property in said County and who have duly rendered the same for taxation and is otherwise in conformity with law.

It further appearing to the Court that the amount of the bonds to be issued not exceed one-fourth of the assessed valuation of the real property of Sutton County, Texas.

It further appearing to the Court that it is advisable to issue said bonds and that said petition should be granted, and said election as prayed for shall be ordered: THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF SUTTON COUNTY, TEXAS:

That an election be held in said County on the 12th day of July, 1952, which is not less than thirty days from the date of this Order, at which election, in accordance with said petition, the following proposition shall be submitted to the resident property taxpaying qualified voters of said County for their action thereupon:

PROPOSITION  
"Whether or not the bonds of said Sutton County shall be issued in the amount of \$75,000.00 bearing interest at a rate not to exceed 4% per annum, and maturing at such times as may be fixed by said Commissioners' Court, serially or otherwise, not to exceed twenty years from date, for the purpose of constructing, maintaining, and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof; and whether or not an ad valorem tax shall be levied and collected on all taxable property in said Sutton County for the current year and annually thereafter while said bonds or any of them are outstanding sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due."

That said election shall be held at the following places in said County and the following named persons are hereby appointed officers for said election:

1. Election Precinct No. 1, at County Court House, in Sonora, Texas, with L. P. Bloodworth as Presiding Judge, and W. F. Berger and \_\_\_\_\_, Clerks.
2. Election Precinct No. 2, at Sonora Wool Warehouse, in Sonora, Texas, with Collier Shurley as Presiding Judge, and Mrs. Mamie Awalt and \_\_\_\_\_, Clerks.
3. Election Precinct No. 3, at Cedar Hill School House, in Sutton County, Texas, with Miss Carmen Warren as Presiding Judge, and Oscar Adams and \_\_\_\_\_, Clerks.
4. Election Precinct No. 4, at the John Reiley ranch in the Owensville, Community, in Sutton County, Texas, with Melvin Shroyer as Pre-

siding Judge, and Jo W. Hardgraves and \_\_\_\_\_, Clerks.

5. Election Precinct No. 5, at Humble Pipeline Station B, in Sutton County, Texas, with Mrs. F. M. Ballard as Presiding Judge, and Mrs. J. D. Brodnax and \_\_\_\_\_, Clerks.

The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF"

Each voter shall vote on the proposition hereby submitted by placing an X in the square beside said voter may scratch or mark the expression of his choice, or out one of said expressions, thus leaving the other as indicating his vote.

The manner of holding said election shall be governed, as near as may be, by the General Election Laws of this State, except as modified by the provisions of Chapter 3, Title 22, Vernon's Annotated Revised Civil Statutes of the State of Texas, Revision of 1925, as amended and none but resident property taxpaying qualified voters of said County and who have duly rendered the same for taxation shall be allowed to vote at said election.

Notice of said election shall be given by publication of a copy of this Order in a newspaper published in said County for three successive weeks prior to said election. In addition thereto, a copy of this order shall be posted in four public places in said County, one of which shall be the courthouse door, at least three weeks prior to the date of said election.

The County Clerk is hereby authorized and directed to cause said notice to be published and posted as herein above directed and further orders are reserved until the returns of said election are made by the duly authorized election officials and received by this Court.

The above order being read, it was moved and seconded that same do pass. Thereupon, the ques-

tion being called for, the following members of the Court voted AYE: D. L. Locklin, Dan Cauthorn, Aldie Garrett, Dantes Reiley; and the following members voted NO: none.

PASSED, APPROVED AND ADOPTED this 9th day of June, 1952.

## YOUR HEALTH

State Health Officer Geo. W. Cox has forecast the death this year to some 30,000 Texans due to heart and blood vessel disease. Twenty thousand will be men, and at least half the total figure—both men and women—will be less than 70 years old.

The problem of worn-out hearts, thickened blood vessels, and kidney disorders is an old one, he asserted, but said the longer length of average life isn't the great numbers of heart disease deaths.

To prove that point he quoted these figures: Of the 30,000 Texans that cardiovascular (heart and blood vessel) diseases will kill in 1952, about 15,000 will be less than 70 years old, 700 will be in their 30's, 2,000 will be in their 40's, 4,500 in their 50's, and at least 7,000 in the 60's.

Since 1941, the male death rate has exceeded the female rate by something like 70 percent, the health officer said. For those 75 and over the risk of death from

heart disease is a fourth again as great for men as it is for women. These ever increasing deaths to heart, kidney, and blood vessel disorders have been observed for the last 30 or 40 years.

"If a statewide heart program is to develop," he declared, "it will be necessary that there be provided a professional coordinating committee that will council on program procedures and give necessary directions on essential medical services."

He credited the American Heart Association with "successfully influencing" fund appropriations, and for formulating a heart control program for the nation.

**Kerrville Rodeo Set July 2-4**

Kerrville Jaycees are busy putting the finishing touches on their Annual Hill County Championship Rodeo, and Wild Bill Elliott is scheduled to be the stellar attraction for the four night performance.

The coronation of the Rodeo Queen will be held on July 2, and the rodeo continues through Saturday. Out of town duchesses will be introduced at the first evening performance, and a big street parade is also planned for that afternoon. Top notch cowboys from all over the Southwest are sending their entry fees in already for a chance at the big purses.

Over 200 callers will be in Kerrville on July 3, for the Annual Mid Summer Square Dance Jamboree, which will be held in the Louise Hays Parks.

On July 4, the Jaycees have booked Smiley Whitley and his Texans for their first Rodeo dance, and will serve a barbecue dinner at the Corral, scene of the dances. On Saturday night, an all girl western band, The Texas Tomboys, will play for the dances, which start after the end of the rodeo performances.

Delores and Jerry White, daughter and son of Mr. and Mrs. L. L. White, left Saturday morning for Hatfield, Ark., where they will spend the summer with their uncle and aunt, Mr. and Mrs. Hugh Euntley.

Mrs. L. L. White attended the White family reunion last weekend in Lubbock.

**Mexican National Dies In Truck Crash Sunday**

Juan Bueno, 24, Mexican citizen who was working on a ranch near Junction, was killed and another Mexican, Jose Quinones, 40, was injured about dusk Sunday when the pickup truck Bueno was driving went off the road and overturned two miles east of Sonora on the Junction highway.

Bueno died shortly after being brought to the Hudspeth Memorial Hospital. Funeral service are pending. Quinones suffered a fractured elbow which necessitated surgery Monday. He is recovering.

A native of Jalisco State, Quinones said he had been working on a ranch near Junction and had been paid off Sunday afternoon. Bueno picked him up in the truck and they stopped in Junction for some beer before coming to Sonra.

Bueno is the third traffic fatality in Sutton County during 1952 and the 44th in the 21-county San Angelo Highway Patrol District. This is an increase of eleven fatalities in the district over the same time last year.

Connie Mack Locklin has some Delaine bucks consigned to the Texas Delaine-Merino Record Association show and sale today and tomorrow in Brady. It is the association's 22nd annual affair.

**Funeral Services Held Wednesday For Neville Wheat**

Military funeral services were held in Fort Sam Houston Cemetery in San Antonio at 10 o'clock Wednesday for Neville George Wheat.

Wheat, 75, died at his home in San Antonio Sunday afternoon following a long illness.

The retired architect and civil engineer, a captain in the Corps of Engineers in World War 1, was a member of a family which helped organize Edwards County. His father, the late Ira L. Wheat, was the county's first sheriff, holding the position for many years.

An 1897 Texas A. & M. graduate, Wheat was architect on the engineering building at the college. His designs also went into the Illinois Central Railway Co. construction in Chicago and the Kansas City terminal building.

His post-World War 1 surveys for highways were followed many years later for the state road radiating from Rocksprings to Uvalde, Kerrville and Del Rio. Returning to government service, he supervised construction of numerous veterans hospitals over the nation. He retired at San Antonio in 1948.

Surviving are the widow, the former Maud Mihill of Houston; three daughters, Mrs. Helen Houston of San Antonio, Mrs. Zena Hale of Georgia and Mrs. Georgia Felazzo of Quantico, Va., a brother, Gus Wheat, Sonora ranchman; three sisters, Mrs. Edna Wheat Bean and Mrs. Bill Reynolds of Bandera; and eight grandchildren.

**SEVERAL SONORANS AT MEXICO CITY CONVENTION**

Mr. and Mrs. Joe Berger left Saturday morning by train to attend the International Lions Convention in Mexico City. The convention began Tuesday and will end tomorrow. Mr. and Mrs. Berger expect to return July 1.

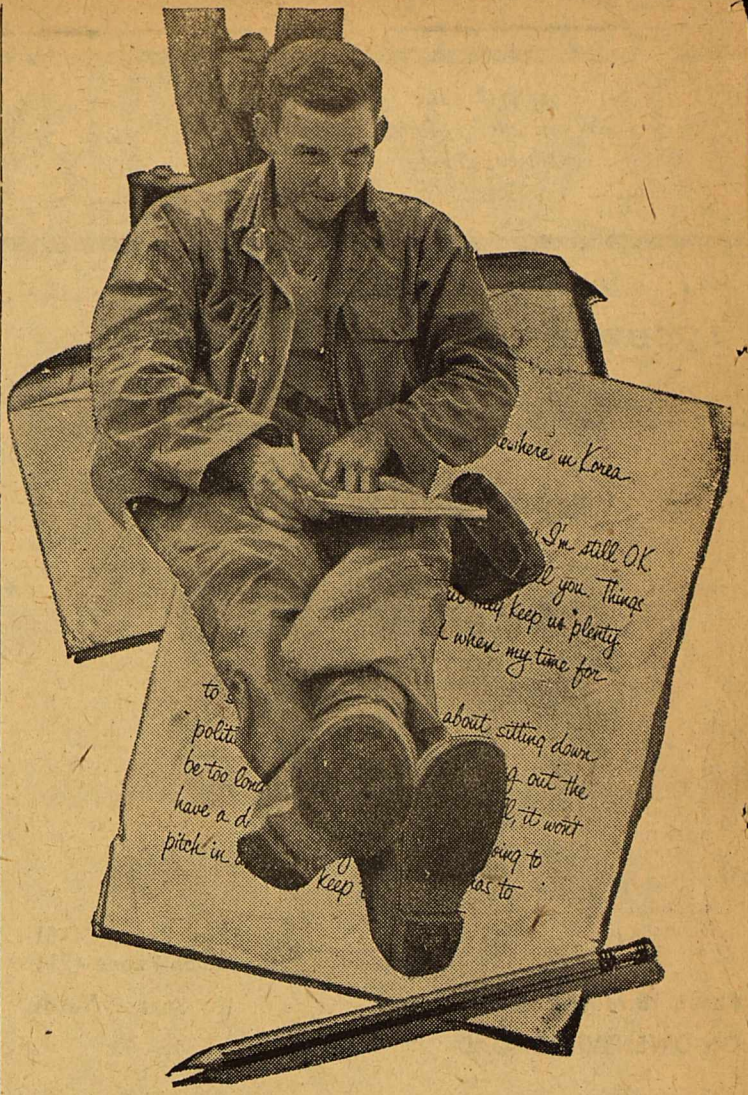

Also attending the convention are Mr. and Mrs. Cleve Jones, Jr., Mr. and Mrs. E. A. Brodhead and Mr. and Mrs. Herbert Fields and children. They left Friday by car and plan to visit Acapulco on the return trip.

Mrs. J. L. Abbess and children left last week for Galveston, where Abbess is undergoing medical treatment. Abbess suffered a broken back here several weeks ago in a fall from an oil derrick.

Dear Folks -

"Just a note to let you know I'm still o. k. Things aren't too bad over here but they keep us plenty busy and I'll sure be glad when my time for rotation comes! Well, it won't be too long now and after all, if you're going to keep a democracy I guess everyone has to pitch in."

Just a lonesome G. I. writing home.

He's helping in the armed forces. But there are things you can do to help, too. One of the most important of these is buying United States Defense Bonds.

Tens of millions of Americans own Defense Bonds now—more than 49 billion dollars worth! And every time you add to the total, you are helping to stabilize your country's economic power, making and keeping it as strong as the G. I.'s are keeping her military power. Remember, it's your bonds and other forms of saving that keep your country strong. And in these troubled times, peace is only for the strong!

So how about starting a patriotic program of regular savings now—by buying U. S. Defense Bonds through the Payroll Savings Plan where you work. It's one sure way to save!

**Here's how E Bonds now earn more money for you!**

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before.

1. Now every Series E Bond you buy begins earning interest after only 6 months. And the interest it pays is now bigger at the start!
2. Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date.
3. During the 10-year extension period, every bond earns at the new, higher interest (average 3% compounded semiannually).

Start now! Invest more savings in better-paying United States Series E Defense Bonds.
