

... Son of
a gun ...

This week's column is written by Norris Loeffler, journalism student at The University of Texas, while the editor takes a couple of days vacation in Marfa.

Howdy folks! I'm just as surprised as you are to see me writing this column. But then, even newspaper editors need an occasional rest. The only thing that puts me in a pinch, though, is that I only got into town Tuesday night and haven't really had the chance to get out and learn what's going on.

I was glad to learn, upon arrival, that we had a shower Monday night. Maybe it wasn't enough to get excited about, but at least we know there's still water in some of these clouds. Oops! Do you think it could have been the "Little White Cloud That Cries"?

Jimmy Morrow, who will join the group of us Sonora students at The University of Texas this fall, was recently awarded a Wilbur S. Davidson Scholarship of \$100. These scholarships were given to 71 high school graduates who will enter the University this fall on the basis of character, grades, and need. Jimmy, the son of Mrs. Violet Morrow, is working in Austin this summer.

As I sit here trying to wring out enough words to fill in this column, I wonder. Just how much do YOU know about Civil Defense? Frankly, I didn't know anything about it (hardly knew there was such an animal) until I had to write some articles on it for the campus newspaper at the University, The Summer Texan. After doing several hours of research in the library, attending a Civil Defense Workshop, and talking to several of the state officers, including William L. McGill, State Co-ordinator of Defense and Disaster Relief for Texas, I began to see just what we'd better watch out for.

Through military developments in aviation and atomic weapons since World War II, the possibility for an enemy nation to attack every important American city is great. With this in mind, the United States began planning after the atomic bombing of Hiroshima and Nagasaki. In 1946 the War Department Civil Defense Board was created. Out of it branches the Defense and Disaster Relief for Texas.

These organizations are trying to get the American people-yes, Texans too-to look at the possibility of an atomic attack positively. From there, they try to teach us what to do in case of a bombing.

I know, I was just like you. We have never been invaded before, and why worry about it now. However, I have come to realize that we are no longer "Untouchable" and we'd better make a few preparations ahead. Fear is not the solution. We all have to keep our heads and work side by side to see just what our job can be. SAFETY IS EVERYBODY'S JOB!!!

Come noon Monday, September 1, dove season starts here. The season lasts until October 10, inclusive and shooting hours are from noon until sundown. Old hunting licenses expire August 31, Game Warden Ted Wheelis, Jr., reminds, so don't forget the new license.

Forgot a couple of birthdays recently. Mary Lena Greenhill was one year old on August 24, and Raymond Darrow was 16 on August 10, and we offer both our felicitations.

It isn't of any consequence, we suppose, but a friend of ours, Jimmy Frank Richardson, 6, told us that he has a donkey named "Charlene." He and Charlene have had quite a time together this summer.

Cleve Jones, Jr. In Mayo Clinic

Cleve Jones, Jr., local ranchman, is in a critical condition in the Mayo Clinic, Rochester, Minn., reportedly from the effects of treatment with chloromyacin.

Jones had undergone a physical examination in San Angelo recently and was advised Tuesday he was in a critical condition. He and Mrs. Jones, his brother-in-law, Edwin Sawyer, and Dr. J. F. Howell flew to Rochester Tuesday night. Jones entered the Mayo Brothers Clinic at 2 o'clock Wednesday afternoon.

Although his condition is considered critical, San Angelo physicians hold some hope, as do Mayo physicians who were consulted by long distance telephone Tuesday. Chloromyacin is a fairly-recently discovered anti-biotic used principally in combatting virus infections. Jones had used some of the drug under prescription on a recent trip to Mexico. His illness was diagnosed as a poisoning by the drug.

Girl Scout Council Names New Officers

The Girl Scout Council met last Thursday afternoon at the Scout Hall to elect officers for the coming year.

Mrs. Travis Glasscock was elected president. Other officers named are Mrs. Wallace Renfroe, vice-president and program chairman; Mrs. S. A. Bridges, publicity chairman; Mrs. Dorothy Baker, secretary and treasurer; Mrs. Wesley Young, registrar; Mrs. Gomer Minnick, chairman; Komer Minnick, camp chairman.

Plans for organization of the Brownies and Girl Scouts were also discussed at the meeting. Leaders for these groups were appointed.

HAYDEN BARKER NAMED SQUAD LEADER IN KOREA

Hayden H. Barker, son of Mr. and Mrs. Bill Barker, Sonora, recently was promoted to corporal while serving with the 25th Infantry Division in the eastern Korea sector.

The 25th, famed for its stand at Pusan and the breakthrough at Tegu in early Korean fighting, has recently been engaged in probing Communist concentrations northwest of the Punchbowl area.

Corporal Barker, a squad leader in Company I of the 35th Infantry Regiment, arrived in Korea last April and has been awarded the Combat Infantryman Badge and the Purple Heart with Oak Leaf Cluster for wounds received in action.

He entered the Army in September 1951.

P.M.A. Reelect Committeemen

Sutton County PMA committeemen were reelected last Tuesday for the 1953 program year, according to Mrs. O. C. Ogden, PMA clerk.

W. B. McMillan was named chairman, Cleve Jones, Jr., vice-chairman, Thomas A. Morriss, regular member; and Edwin Sawyer and Joe M. Vander Stucken, alternate members.

A meeting of committeemen from Sutton and surrounding counties will be held at Court House in San Angelo September 12, to discuss procedure for administering 1953 programs, Mrs. Ogden said.

All In Readiness For Exes Meet

Arrangements were complete this week for the annual Ex-Students Association meeting and barbecue Sunday afternoon at 4 o'clock on the Court House lawn. Lea Roy Aldwell, chairman of the program committee, said that Johnny Martin's string band will furnish music for the program. It is unlikely, Aldwell added, that a speaker will be procured.

Mrs. Alvis Johnson, chairman of the invitation committee, said 227 invitation have been mailed to out-of-town exes, and that it is hoped a large percentage of these will be present.

Membership, registration fee and dinner combined will be \$1 for each adult, and children are fed free of charge.

The invitation committee also issued this statement: "It is the desire of the Ex-Students Association to secure the names of all exes for permanent reference. Please check the list at the barbecue and give us the name and address of any ex-student you know whose name is not on the list. A permanent record will then be available for future meetings."

Mr. and Mrs. Douglas Ivey and children visited relatives in Leesville last weekend.

Marla Schwiening is the guest in Texon this week of Nancy Comp-ton.

School Budget Estimated At \$220,523.84 For Coming Year

An estimated budget of \$220,523 for the coming school year was adopted by the board of education at the annual budget hearing Monday morning at 10 o'clock. The budget is a \$14,000 reduction from last year's budget disbursement total of \$236,588.01, in spite of the fact that salaries, operating and maintenance costs are slightly up this year.

The rise in costs for the coming school year and at the same time a lower budget is explained by the fact that last year a \$25,893.84 building account was paid off.

Anticipated costs for the coming year are as follows:

Administration	\$ 12,000
Instruction-	
White	122,070
Colored	2,815
Plant Operation	15,500
Maintenance	6,600
Auxiliary Agencies	14,500
Fixed Charges	11,500
Capital Service	3,750
Debt Service	33,620
Total	\$222,355

PATRICK FAMILY HOLDS THIRD ANNUAL RENUNION

Descendants of the late Mr. and Mrs. T. W. Patrick, pioneer Ozona couple, gathered for the third annual Patrick family reunion last Saturday and Sunday at the reunion site at Camp Allison on the Llano river between Sonora and Junction.

There were 76 members of the family and guests present for the two-day reunion.

Seven of the nine living children of Mr. and Mrs. Patrick were present for the reunion with their families. They were Mrs. Ida Fields of Uvalde, Mrs. Rufe Everette of Ozona, Mrs. E. E. Finigan of San Antonio, John Patrick of Pecos, Joe Patrick of Ozona, Tom Patrick of Lancaster, Texas, and Tim Patrick of Corsicana, Texas. Unable to attend were Jim Patrick and Mrs. Patrick of Ozona and Dim Patrick of Frankston, Texas. However, the Jim Patrick family was represented by Mr. and Mrs. Lee Patrick and Betty Ann of Sonora and Mrs. W. A. Smith and three children of El Paso. Lee Patrick is president of the reunion organization.

Other Ozonans attending the reunion were Mr. and Mrs. Floyd Moss and Floydine, Mr. and Mrs. Cleophas Cooke, Mr. and Mrs. Tom Everett, Myrtle Mae Everett, and guests, Mrs. H. A. Elledge and Mr. and Mrs. George Hester and children.

Mr. and Mrs. W. C. Bricker and family visited his uncle, A. J. Bricker in Pumpville, and his cousin, Hubert Bricker, in Dryden last week.

Light Vote Gives Culver 18-1 Win Over Bell

In what might be a record in Sutton County for high voting local citizens gave Robert Culver an 18-1 decision over Spurgeon Bell for place No 1 on the Texas Supreme Court.

Precinct 1 voted 9 for Culver and 5 for Bell. Precinct 2 voted 1 for each candidate. Precinct 3 voted 3 for Bell and 4 for Culver. Precinct 4 voted 0-0 and Precinct 5 gave Bell 5 and Culver 4.

JOYCE DRENNAN ILL WITH POLIO IN LAMESA HOSPITAL

Word has been received here that Joyce Drennan, 17, daughter of Mr. and Mrs. Tom Drennan, former Sonorans now living in Lamesa, is in a Lamesa hospital with spinal polio. She became ill last Tuesday and her illness was diagnosed Friday.

Mr. and Mrs. Frank Bond spent last weekend in San Antonio. Mrs. Bond is remaining there to be with her sister, Mrs. Herbert Walters, who is ill.

Slight Gas Show On Conoco Mayer Wildcat

Continental Oil Co. No. 2 Sol Mayer, Sutton County wildcat in McMullen csl 4, recovered 35 feet of slightly gas-cut mud, no oil or water, on a 1 1/2-hours drillstem test between 7,843-64 feet in Strawn lime and was drilling ahead at 7,889 feet in lime, shale and chert. Shutin bottomhole pressure was 1,475 pounds.

Continental No. 1 Sol Mayer, Sutton wildcat, was drilling at 6,256 feet in lime, shale and chert.

C. L. Norsworthy, Jr., of Dallas No. 1 Shannon Clarkson, east central Sutton County wildcat, was Saturday at 2,934 feet in shale.

Strawn Drilling Co. of San Antonio has the contract to drill 6,500 feet or 200 feet into the Ellenburger. Location is 1,980 from the south, 660 feet from the east line of section 46, block 14, TW&NG Ry. Co. survey, on a farmout from Pure Oil Co., which drilled a Strawn discovery, No. 1 Sam H. Allison, 4 3-4 miles to the northwest.

No. 1 Shannon Clarkson is 15 miles east-southeast of Sonora, three eights mile south of Old Spanish Trail and 5 1/4 miles north and slightly east of Shell's gas discovery on the Duke Wilson ranch.

High School Opens Sept. 4

All high school students have already been scheduled for classes in accordance with their registration last spring, Norman S. Davis, high school principal, announced this week. Their class schedules will be given them Thursday morning, September 4, at 8:45 o'clock in the auditorium before opening ceremonies.

Applications For G. I. Training Now Available

Veterans with service anywhere in the world since the start of the Korean conflict, June 27, 1950, now may apply for education and training under the new Korea GI Bill, Veterans Administration announced. Forms are now available at the Veterans Administration Regional Office, 307 Dwyer Avenue, San Antonio, Texas. The new Korean GI Bill provides up to 36 months of training to veterans who were on active duty on or after June 27, 1950-the date of the outbreak of fighting in Korea-regardless of where they served. While in training, these veterans may receive an allowance from the Government to cover part of their expenses.

The four-page "Application for a Program of Education and Training" has five sections which must be completed by the veteran:

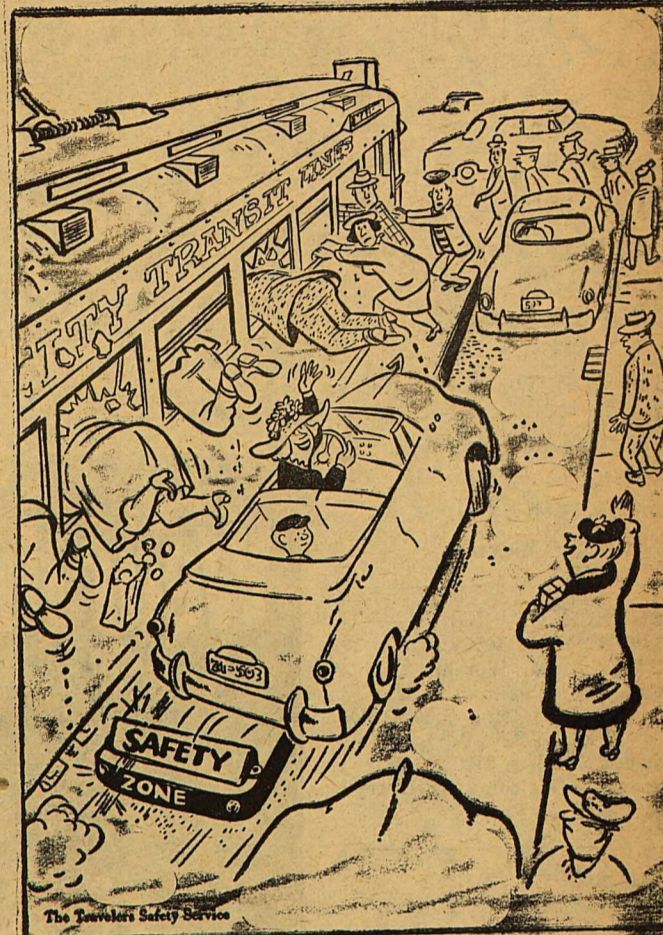

- (1) Identification of the veteran;
- (2) Program of education and training applied for;
- (3) Education and training received while on active duty;
- (4) Civilian education; and
- (5) Employment experience.

These five sections are contained on the first two page. Page three is for VA use only and the last page contains instructions for the veteran to follow in completing the form. Photostatic or certified copies of all discharges from the armed forces since June 27, 1950, must accompany the completed application.

More than 500 veterans, who had previously made informal application for training under the Korean GI Bill, were being mailed formal application forms by the San Antonio office this week. VA advises veterans to take great care in planning and outlining the program of education and training in the second section of the form since VA may

Farmers Home Administration To Make Emergency Feed Loans

As a result of serious drought conditions in many areas of Texas many farmers and ranchmen are faced with an emergency need for credit not available through local sources to buy feed for their livestock and seed and fertilizer for the planting of fall grain and pasture crops, according to L. J. Cappelman, state director of the Farmers Home Administration of Dallas, who has received reports from every section of the state on conditions as they exist at this time. Cappelman has been told that if such assistance is not provided it will be necessary for farmers in these drought stricken areas to reduce sharply, or in many instances to liquidate entirely, their livestock enterprises because of the lack of feed stuff and pastures for grazing. In the interest of the farmers concerned, the agricultural economy of the areas affected and the welfare of the farming interests of Texas, the Farmers Home Administration is taking every reasonable step to prevent

the liquidation of desirable productive livestock by drought stricken farmers.

Cappelman pointed out that in order to accomplish this purpose and to help farmers continue in business county offices of the Farmers Home Administration are in a position immediately to make disaster loans in any county in the State of Texas to qualified applicants in accordance with publication instructions and revised policies outlined at a meeting of State Field Representatives in Dallas last week. At the meeting held here in Dallas, Cappelman received reports of serious crop losses through drought and the farmers and ranchmen are in urgent need of funds to buy feed, seed and other supplies to continue their operations for the remainder of this year. In many instances it was pointed out that these farmers will require emergency credit to put in their 1953 crops and funds are available through the local Farmers Home Administration County Office now for the purposes indicated. These funds are available at 3 percent interest for crops production needs, under the provisions of Public Law 38.

The purpose of the disaster loan program authorized by Public Law 38, said County Supervisor Denny O. Sullivan of San Angelo is to provide a source of temporary or emergency credit to assist farmers in designated areas who have suffered serious production losses as a result of drought or other natural causes, and who are unable to obtain from other established sources the credit needed to continue their farming or ranching operations.

The area county office of the Farmers Home Administration is located on the third floor of the Courthouse in San Angelo and applicants may contact Supervisor Sullivan there for the purpose of discussing their needs. The County Committee in each county is composed of three members who certify to the eligibility of applicants for loans and otherwise assist the county supervisor in the administration of Public Law 38 and other phases of the County Farmers Home Administration program.

Brentons Move Here

M-Sgt. and Mrs. W. C. Brenton and son, James Huffman, have arrived in Sonora from Selma, Ala. Sgt. Brenton is leaving soon for duty in Japan. Mrs. Brenton and son will live here for the coming school year and later will join Brenton overseas.

Mr. and Mrs. J. W. Elliott have as their guest, Mrs. Elliott's mother, Mrs. Emma Matthews of Livingston.

YOUR HEALTH

"It must be the heat," is a common excuse these days for a run-down, no-good feeling. "The heat saps my strength," "All the starch has been taken out of me"—any number of sad tunes in the same key are offered as an excuse to get out of a tennis game or a dinner date.

These fagged-out persons probably wish they had more grit-and-go, but they just don't know how to come by it. Since causes for summertime tiredness may be many, each of its victims should look into his daily routine.

First of all, does he get enough sound sleep? The usual six or eight hours is not enough if it is broken by having to sweat mosquitoes, get up and quiet a baby suffering with prickly heat or

colic, or yell at the neighbors holding a watermelon party in their backyard. Of course, the obvious thing to do is to get rid of the cause of sleeplessness if possible.

Next, the worn-out fellow might think about the exercise he is getting. Is it enough or too much? Too little exercise can lead to sheep counting. On the other hand, it takes only common sense to know that eighteen holes of golf in the mid-day sun is not good for comfort, much less for sleep. Swimming and sunning between 11 a. m. and 3 p. m., can have the additional danger of sunburn, itself a sleep killer at times.

Diet is important. Because of less physical activity during the heat and because of the heat itself, the appetite may be expected to fall off. This is little excuse, however, for making snacks a regular routine or for "living out of cans." Even though less food may be needed, the right balance of fats, carbohydrates, and proteins is just as important as in cooler weather.

The amount of salt which a person should have during hot weather worries some unduly. In general, unless one does hard physical labor at extremely high tem-

peratures in dry surroundings, he will not need any more salt than usual. If an extra amount is needed, however, there are any number of methods for getting it; salt can be used more freely in cooking or can be added to tomato juice, soup, broth, or even beer. Salty foods such as crackers and sardines might be added to the diet. Still other ways are to take salt tablets by mouth (which occasionally may cause nausea and vomiting) or to dissolve small amount of table salt in the drinking water.

A common question is what the temperature of drinking water should be. That is a matter of personal preference, as there is little evidence that cool water itself is harmful. Regardless of its temperature, large amounts of water, as well as other liquids, are called for when the mercury soars. In moderation carbonated drinks and beverage such as iced tea and coffee are helpful.

Constipation, which may occur more often during summer, should be treated with an oil or vegetable lavative rather than a stranger medicine such as epsom salts.

Above all, if the weatherman predicts a severe heat wave, sickness such as heat exhaustion, sun stroke, and heat cramps must be prevented by avoiding exercise, especially hard exercise, in the noon-day heat, by making working and living quarters as cool as possible; by taking sufficient liquids by mouth; and, if necessary, by increasing the amount of salt in the diet.

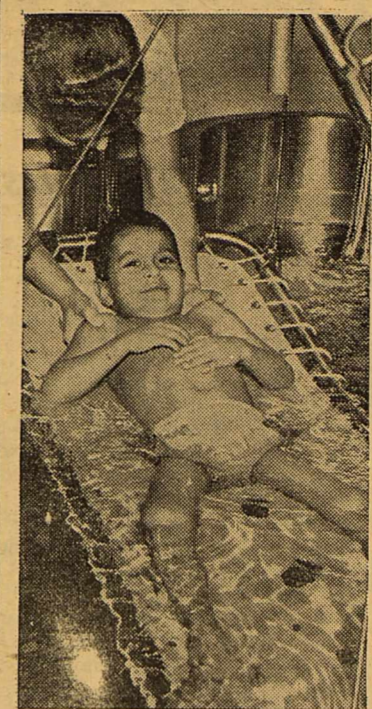

Artie Joy suffered a hip injury Thursday night when he jumped off a fire truck in West Sonora. He was taken to Hudspeth Memorial Hospital for treatment and is recovering.

Eva Peron Dead

BUENOS AIRES, ARGENTINA—President Juan Peron of Argentina is shown grieving at the bier of his wife, Eva, 33, who died after months of suffering from cancer. Peron was at his wife's bedside during her final hours.

DRIVE SAFELY! OBSERVE STOP SIGNS!

POLIO TREATMENT—Danny Rodriguez, 5, of Dallas, is one of hundreds of Texas youngsters stricken this summer by infantile paralysis. Danny is shown receiving muscle-loosening treatment in a \$5,000, stainless steel tub at Texas Scottish Rite Hospital for Crippled Children, at Dallas. The hospital is supported by donations from generous Texans and, since 1923, it has treated 2,600 young polio victims from all over the Lone Star State.

Mr. and Mrs. R. G. Nance attended the directors meeting of the Texas Butane Dealers Assn. in Dallas Wednesday and Thursday. They are stopping in Abilene today to visit his sister, Mrs. John Crowley.

HOUSE JOINT RESOLUTION NO. 20 proposing an Amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 61 to authorize cities, towns, and villages of this State to provide insurance for employees; providing for the submission of the proposed Amendment to the qualified electorates; and providing for proclamation and publication by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new section thereto to be known as Section 61 to read as follows:

"Sec. 61. The Legislature shall have the power to enact laws to enable cities, towns, and villages of this State to provide Workmen's Compensation Insurance, including the right to provide their own insurance risk for all employees; and the Legislature shall provide suitable laws for the administration of such insurance in the said municipalities and for payment of the costs, charges, and premiums on policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at the General Election to be held on the first Tuesday after the first Monday in November, 1952 at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages"; and "AGAINST" the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages."

Each voter shall mark out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, he same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Cadillac

It Means So Much — To So Many!

In all the history of the world's commerce, it is doubtful whether another manufactured product has ever had such a hold on the affections of its owners as the Cadillac car.

There is a well-to-do gentleman in a southern state, for instance, who will permit no one to minister to his Cadillac except himself—other than for its mechanical needs. He washes it, polishes it and cleans it... himself.

There is a family in New York which has owned a long series of Cadillacs to which have been given the names of people—because they regard their cars as all but members of the household.

There is a professional man in a mid-western state who insists that his whole life changed for the better when he got his Cadillac.

These are but typical of innumerable instances of the deep regard in which Cadillac owners hold their cars. The loyalty and respect a Cadillac engenders are extraordinary indeed.

You might well ask what there could be about

a motor car to make it mean so much to so many.

The answer is not far to seek. Because of its world-wide standing as one of life's better things, it reflects credit upon its owner and indicates that he is a person of substance and good taste.

Because it performs so well and so dependably, it is conducive to his desire to travel and to see the world—an inspiring companion for his daily movements among his fellows.

Because it is beautiful and luxurious, it is a joy to own and a pleasure to contemplate.

Standing in his driveway, rolling down the streets of his favorite city, or parked at the entrance to a distinguished club or hotel—it is a credit to his judgment and a testimonial to his work.

No wonder he cherishes it, and thinks of it as all but a part of his own personality.

Don't you think that a car which can mean so much to so many could mean a great deal to you?

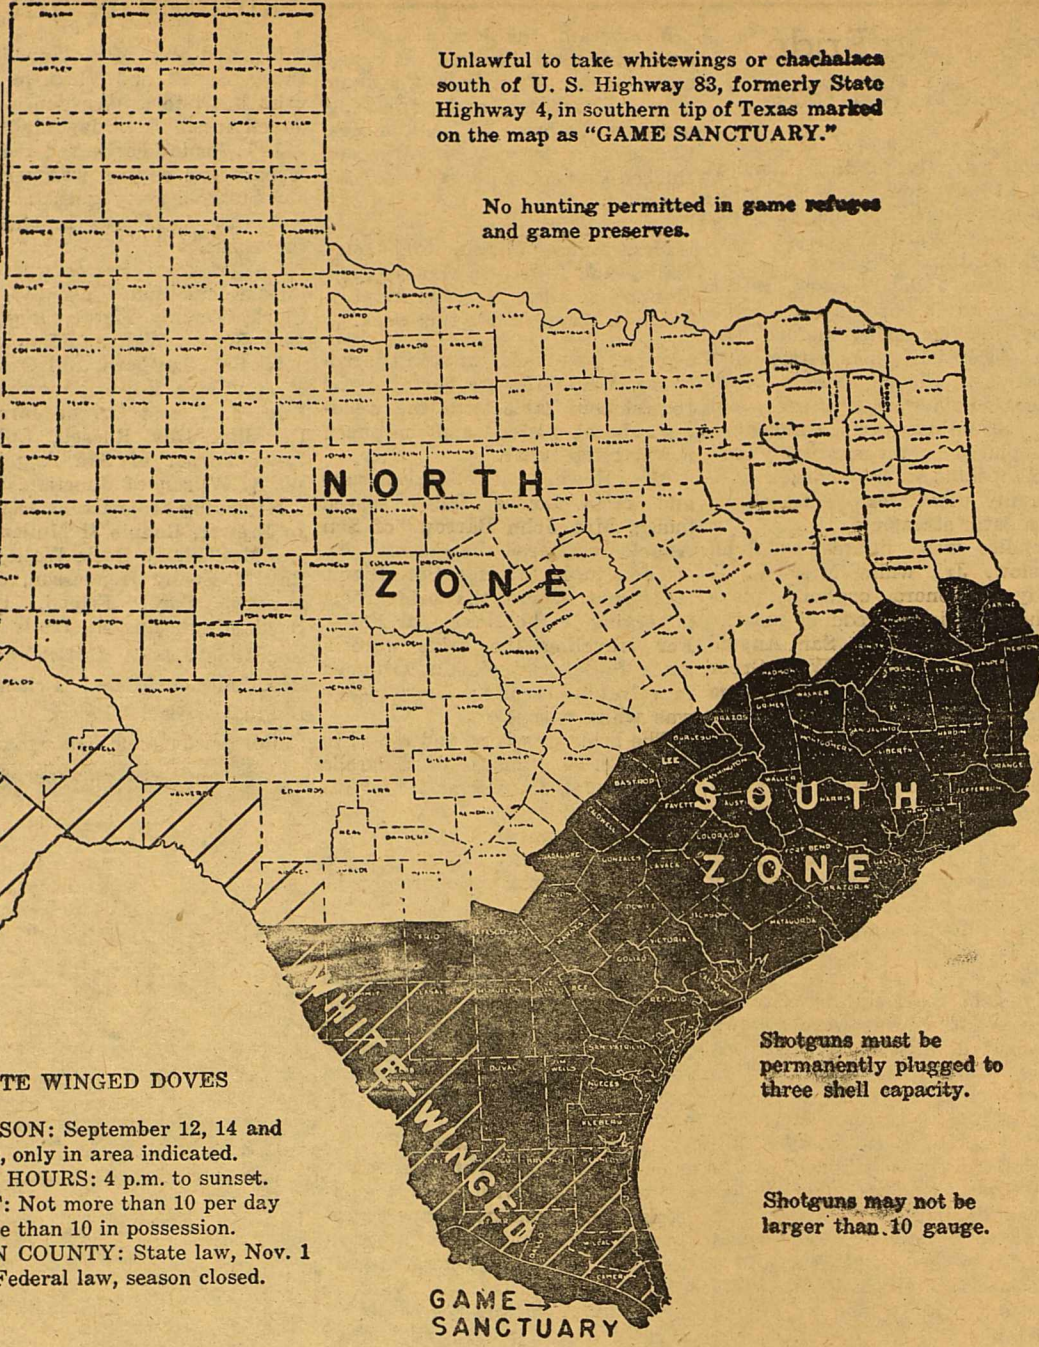

Better come in today—and talk it over.

Johnson & Granger Pontiac & Cadillac Co.,
Concho And Plumb, Sonora, Texas

MOURNING DOVE - WHITE-WINGED DOVE OPEN SEASONS 1952

MOURNING DOVES

- **OPEN SEASON - NORTH ZONE:** Sept. 1 to Oct. 10, both days, inclusive. Shooting hours, 12 o'clock noon to sunset.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - - I am a school teacher and a World War II veteran. I took GI Bill training last summer, and I expected to continue this summer. But I became ill and will have to stay in bed for a couple of months. Will I be able to go ahead with my studies next summer, or will I lose out because I skipped a summer?

A - - You will be permitted to continue with your GI studies next summer, since this summer's

interruption has been for a reason beyond your control. Of course, you must continue to be employed as a teacher during consecutive regular school years.

Q - - I am a peacetime veteran, having gone into service after World War II and having been discharged before Korea. I have a service-connected disability for which I draw compensation. May I have this disability treated by VA on an outpatient basis?

A - - A veteran may be furnished outpatient treatment by VA for any compensable service-connected disability, whether incurred during

wartime or peacetime service.

Q - - Is it possible to pay GI insurance premiums in advance, rather than on a monthly basis?

A - - Yes. If you pay in advance, you save a certain amount every year. Payments in advance may be made either quarterly, semi-annually or annually.

Mr. and Mrs. Geogre Barrow and son, George, were were in San Antonio last weekend.

Miss Joy Lea Lewis has been visiting in Goldthwaite and Center City with her grandmother, Mrs. Ada Jones of Christoval, an aunt, Mrs. George Carpenter, and her son, Carl Carpenter, both of Attica, Kansas. Carpenter recently returned from Sumatra, where he has been employed with a seismograph crew for the last three years.

THIS TASTES GOOD IN TEXAS

- Baked Salmon Croquettes
- 1 cup soft bread crumbs
- ½ teaspoon salt
- Pepper
- ½ teaspoon dry mustard or
- ¼ cup diced onion
- 2 tablespoons melted table fat
- ½ cup milk
- 1 pound can salmon
- 2 eggs (reserve ½ egg to coat cro-

quettes)
Fine, dry bread crumbs
Combine the crumbs with the seasoning, onions, and table fat. Add the milk, the liquid from the canned salmon, and the slightly beaten eggs; mix well. Flake the salmon and add to the egg mixture. Spread on a plate and chill in refrigerator for about 30 minutes. Shape into croquettes about the size of an egg. Beat remaining ½ egg with 1 tablespoon evaporated

Mr. and Mrs. Dick Morrison had as their guests the past two weeks Mrs. Morrison's mother, Mrs. J. E. Waldrup, her sister, Mrs. L. J. Martin, and her niece, Miss Betty Sargent, all of Grandbury.

or fresh milk. Roll in fine crumbs, then in egg and again in crumbs and place in greased shallow baking dish. Bake in a moderate oven (350 Deg. F.) about 30 minutes or until brown. Serves 4 to 6.

Do you believe in ^{Dollar} signs?

There are a lot of signs to guide you to the best buy in automobiles.

Popularity is a good sign.

It means that a lot of people have tried a car and found it good. So it's important to know that Buick is today - and has been since 1938 - the most popular car outside the "low-priced three."

Room, comfort, power, ride are good signs.

So it's important to know that you can pay hundreds of dollars more and not

beat the room and comfort you get in a Buick SPECIAL.

Nor, at the price, can you match its power. And only Buick gives you a real million dollar ride.

Doesn't all this give you a hint?

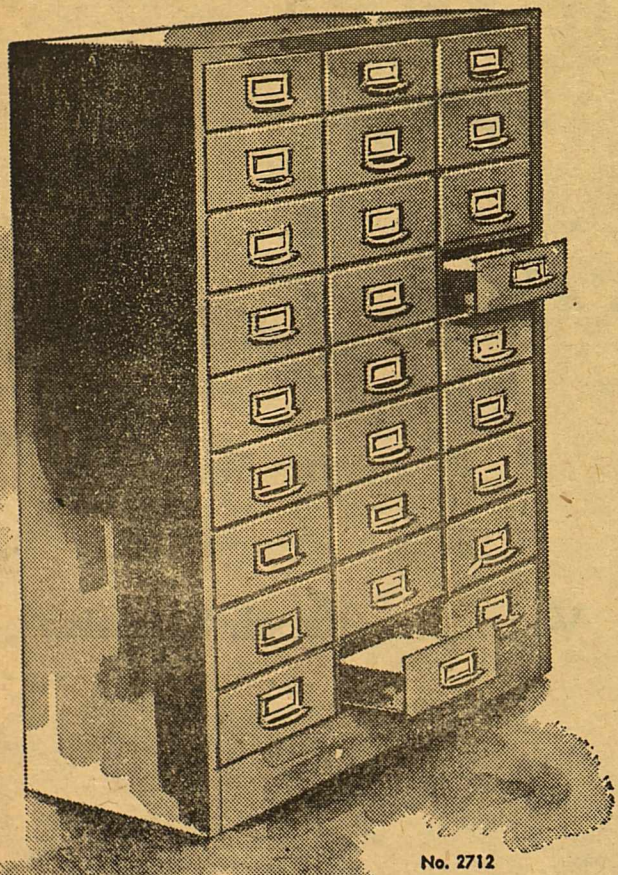

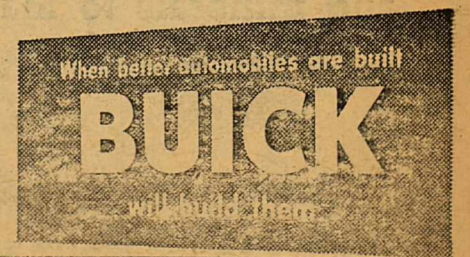

Doesn't it suggest that you ought to try out a Buick - sample its Fireball 8 Engine - find out how it takes you over the road - feel the sure control that is yours on curves - discover its "big car" room and smoothness?

Do that - and look at the dollars on the price tag - and we know what you'll find out:

If you can afford a new car, you can own a Buick - and boy, what fun that will be!

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

NO FOOLING

By W. H. Marshall

Don't make excuses-make good. The most useless thing you can give is an excuse. It is impossible to make an excuse as satisfactory substitute for delivered goods.

No man ever made an excuse that fooled God. It is always easier to excuse a man if I have made the same mistake myself.

To say, "Excuse me please" may mean a whole lot tomorrow. You must not excuse yourself for that bad temper because it will cost you your friends.

Don't excuse yourself for always seeing the worst in people-just cut it out, and you will gain by it believe me.

Excuses are mighty poor exchange to offer God when you stand before Him in judgement.

This great county of ours was not built on excuses. Excuses are handy when we want to lay down on our duty and let the other fellow do our part.

Mr. and Mrs. Pat Lyles and children were guests last week of Lyles' sister and family, Mr. and Mrs. W. H. Queen, and his mother, Mrs. C. B. Anderson, in Nacogdoches. They also visited Lyles' sisters in Tyler, Mrs. W. D. Rogers and Mrs. C. B. Franklin, and families.

**Jane Craig Bride
Of Scott Walters**

St. John's Episcopal church in Sonora was the setting Monday night at 8:30 for the wedding of Jane Craig, of Eldorado, to Winfield Scott Walters, son of Mrs. Lucille Walters of Sonora.

The Rev. John Winslow, rector of the church, officiated at the single-ring ceremony before the altar decorated with asters and carnations. Floor baskets with white gladioli were also used, and two seven-branched candelabra were placed in the sanctuary and were repeated in the chancel.

Family pews were indicated by white satin streamers.

Candles were lighted by John Winslow, Jr., while Mrs. W. T. Hardy of Sonora, organist, played the traditional wedding music.

Milton Jackson of San Angelo was best man and DeWitt Greer of Ozona was usher. Miss June Craig, twin sister of the bride, was maid of honor, and Mrs. Eugene St. Clair was a bridesmaid.

The attendants wore identical ballerina length dresses of white embroidered organdy over taffeta and crinoline petticoats. Their shoes and sashes were aqua. Tiny starched lace hats completed their ensemble, and they carried white lace fans trimmed with white daisies.

Given in marriage by Gratton C. Crosby, the bride wore a gown of imported white embroidered organdy which was fashioned with a moulded bodice over which she wore a tiny Spencer jacket with a high standing collar. The full bouffant skirt was ballerina length worn over crinoline. Her fingertip veil of imported illusion was caught to a half hat of flowers and rhinestones. She carried a white lace fan trimmed with white carnations with a shower ribbon and stephanotis.

The bride's only jewelry was a single strand of pearls belonging to the late Mrs. Cordelia Lindsay Crosby. These were also worn by Mrs. St. Clair at her wedding.

Members of the Sonora Fire Department were honored Saturday night by the Firemen's Auxiliary with a barbecue and swimming party at the home of Dr. and Mrs. Charles F. Browne. A barbecued chicken dinner was served to fifty guests.

Mrs. Louie Martin and sons, Jimmy and Billy, are visiting Mrs. Martin's mother, Mrs. W. W. Littleton in Waxahatchie this week.

Reception was held in the parish house. White flowers centered the refreshment table with the wedding cake at one end and the punch bowl at the other.

Mrs. Howard Mittel served cake and Miss Louise Baird served punch. Mrs. John Barrows of San Angelo registered the guests.

The couple left for San Diego, California, where the bridegroom is serving in the Naval Air Force. For traveling the bride wore a black faille original suit, trimmed in velvet accessories. Her corsage was white carnations.

The bride was born and raised in Eldorado. A graduate of Eldorado High School, she attended San Angelo College before being employed at the Standard-Times.

Walters entered the Navy upon graduating from Sonora High School.

Honoring Miss Jane Craig, bride-elect of Winfield Scott Walters, the Eldorado Guild of St. John's Episcopal Church entertained at a tea in the Memorial Building Saturday afternoon, members of the Guild and the immediate family attending.

The serving table was laid with a lace cloth and Waterford crystal, white glads with silver candlesticks and aquamarine tapers provided the centerpiece. A gift from the Guild was presented to the bride.

Pre-nuptial parties for the bride included a card party and shower given by Mrs. Frank Clarke and a garden party given by Mrs. C. W. Taylor in Sonora Thursday night of last week.

Following the ceremony a re- Attend SOME Church Sunday

Mrs. H. L. Taylor

Now is the time to start calves and lambs on creep feed. Molasses is one of the essentials in a correctly mixed creep feed. Scientific tests have proven that gains received by creep feeding pays many times the cost of feeding.

We keep in stock all the necessary ingredients and minerals to make the best feed for your specified need. There is no dust or wasted feed due to blowing when mixed with molasses.

We also keep in stock all classes of commercial creep feed.

"DEED OF TRUST"
SECURES REAL ESTATE NOTE
In most cases the seller wants the cash when the buyer buys the house. The problem to the buyer is, how to raise the money? The answer is, borrow it. Regulation X of the Federal Government requires the buyer to have a certain amount of his own money on hand for payment on the house, if it is not older than a certain age.

However, even as to house not under Regulation X, the buyer should have some cash of his own. One item common to all loans is the promissory note. In this note, the borrower promises to re-pay to the lender the amount of money borrowed. Of course, the borrower agrees to pay the lender some interest for the use of the money. The rate of interest can be as high as 10% and still be legal in Texas, but most lenders today charge about one-half of that rate. The rate of interest is usually lowest on those loans that are insured by an instrumentality of the Federal Government, such as Federal Housing Administration (FHA) and Veterans Administration (VA). A note usually provides for the sum of money being re-paid to lender in installments-monthly installments probably being the most common. This portion of the note is very important to the borrower

as he does not want the installments to exceed the amount he can afford to pay. On the other hand, the borrower does not usually want the installments to be too small. Small installments mean that the principal is re-paid very slowly and, therefore, over the life of the loan, the borrower pays more interest. In regard to re-payment, if the note contains a provision enabling the borrower to pay the loan in part or in full prior to the maturity of the note, ("payment privilege") the borrower can use his extra cash to reduce his indebtedness. Also, a liberal prepayment privilege may be very useful to a borrower if and when he desires to sell his house. In order for the lender to have something to fall back on in case the borrower does not fulfill his promise to re-pay the money, most borrowers are required to place a mortgage on the house and lot they are buying. In Texas, the mortgage instrument used in a "Deed of Trust", is a complicated instrument. In its essentials, it is a conveyance of the real estate by the borrower to a third party "Trustee" for the benefit of and as security for the lender. If the borrower defaults in the payment of the note or defaults in the performance of certain promises made in the Deed of Trust, then the Trustee is authorized to sell the property and apply the proceeds to the satisfaction of the borrower's debt to the lender. A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, merely print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas. (This column, based on Texas law, is written to inform-not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

YOU BET, CREEP FEEDING PAYS

Cattlemen everywhere are finding it pays to creep feed calves. Calves gain faster, improve in quality for a higher price. Cows stay in better condition, too, as calves don't suck as hard or as long when creep fed. Creep feeding is profitable. Ask us about Purina creep feeding rations next time you're in town.

Fort Worth Heavy receipts again featured livestock marketing at Fort Worth and other points around the market circle. Prices of cows and bulls on Monday were 50 cents and spots \$1 lower, and grass steers and yearlings suffered a similar decline. Values were uneven, however, with prices steady on good and choice fed cattle, and steady on good and fat calves. The medium and lower grade calves eased off 50 cents or more per hundred. High grade stocker cattle and calves ruled steady but the plainer quality was weak to lower. The Monday reports from 12 major markets showed the biggest cattle run of the season, over 127,000 head, 28,000 above a week earlier and 54,000 ahead of a year ago on the same day. Hogs topped at Fort Worth at

\$21.50, around 25 cents lower. Sows were steady at \$15 to \$18.

Sheep and lambs were steady, except some of the lightweight feeder lambs recovered some of last week's losses.

A few good and choice fed steers and yearlings brought \$26 to \$32, a package weighing 904-pounds from H. M. Erwin, Ladonia, at \$32. Common, plain and medium kinds \$15.50 to \$18, odds higher, canners and cutters got \$9 to \$15.50, drew \$15 to \$25. Fat cows drew \$15 to \$25. Fat calves \$25 to \$28, plain and medium sorts \$15 to \$24, culls \$12 to \$15.

Good and choice stocker and feeder calves and yearlings sold at \$25 to \$31, a load from L. L. Edwards, Jack County, at 518 pounds at \$31, and a load from W. M. and R. E. Shutts, Clay County, averaged 465 pounds at \$30. Common, plain and medium sorts sold from \$17 to \$24. Stocker cows drew \$14 to \$20. Older stocker steers sold largely at \$24.50 down.

Good and choice fat lambs sold for \$25 to \$28, and medium to good kinds sold for \$20 to \$25, with culls down from \$10 to \$15. Stocker and feeder Spring lambs brought \$10 to \$19. Fat yearling wethers cashed at \$15 to \$18, and stocker and feeder kinds drew \$10 to \$15.

Slaughter ewes sold from \$6.50 to \$8.50, the canner ewes at the best price at Fort Worth in several weeks. Two-year-old wethers sold at \$15 down. Old bucks cashed around \$6.50.

Bill Fields, wool buyer for Albert Schneider & Co., is in Boston for ten days. He left Sunday.

J. A. (Ted) Letsinger

Dear Folks-

"Just a note to let you know I'm still o. k. Things aren't too bad over here but they keep us plenty busy and I'll sure be glad when my time for rotation comes! Well, it won't be too long now and after all, if you're going to keep a democracy I guess everyone has to pitch in."

Just a lonesome G. I. writing home.

He's helping in the armed forces. But there are things you can do to help, too. One of the most important of these is buying United States Defense Bonds.

Tens of millions of Americans own Defense Bonds now—more than 49 billion dollars worth! And every time you add to the total, you are helping to stabilize your country's economic power, making and keeping it as strong as the G. I.'s are keeping her military power. Remember, it's your bonds and other forms of saving that keep your country strong. And in these troubled times, *peace is only for the strong!*

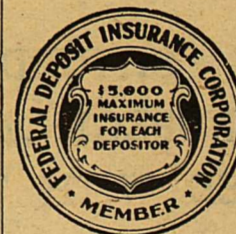

So how about starting a patriotic program of regular savings now—by buying U. S. Defense Bonds through the Payroll Savings Plan where you work. It's one sure way to save!

Here's how E Bonds now earn more money for you!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before.

1. Now every Series E Bond you buy begins earning interest after only 6 months. And the interest it pays is now **bigger at the start!**
2. Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date.
3. During the 10-year extension period, every bond earns at the **new, higher interest** (average 3% compounded semiannually).

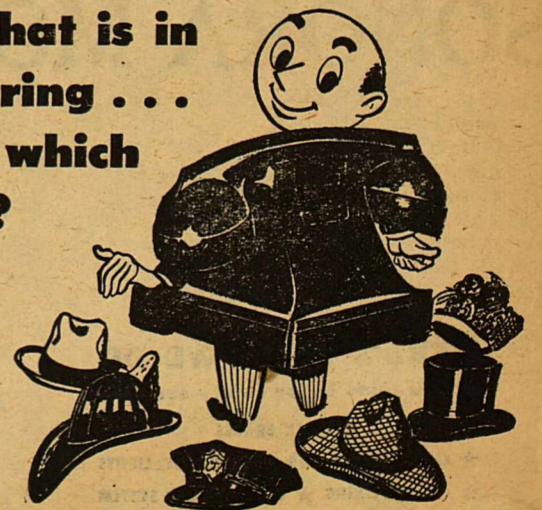

Start now! Invest more savings in *better-paying* United States Series E Defense Bonds.
