SIXTY-THIRD YEAR

Sonora, Texas, Friday October 31, 1952

FOURTH WEEK

Joe David Ross Winner Of State Award As Top 4-H Producer

The winner of the 1952 4-H award that designates him as the champion sheep and wool or goat and mohair producer for the year is Joe David Ross of Sutton County. The announcement was made by Floyd Lynch, state 4-H leader. The award, an all-expense educational trip to National 4-H Club Congress, Chicago, is provided by the Texas Sheep and Goat Raisers Association.

Joe David is the son of Mr. and Mrs. J. B. Ross of Sonora, is 17 years of age; a senior in Sonora High School and a 4-H member for eight years. His demonstrations have involved mostly sheep and goats. Special emphasis has been placed on building up through a breeding program the quality and production of good animals and wool and mohair.

Winning honors is not new to young Ross. He is a Gold Star boy and his exhibits has won eight grandchampionships and 211 ribbons. He has received 80 individual awards and 37 team awards for judging wool and mohair, livestock and grasses. These include state honors in wool and mohair judging and grass judging. He has for several years been a heavy winner in the Sonora Wool and Mohair Show.

A check of Joe's records reveal that he is a sizable producer. His demonstrations for 1952 involve 300 ewes, 87 lambs, 92 head of registered Angora goats, 95 grade goats, 7 fat lambs and 1 beef calf. He is a member of the American Angora Goat Raisers Association and the Texas Sheep and Goat Raisers Association.

It hasn't been all work and no play with Joe. He goes in for sports and recreation and holds letters in football, basketball, tennis and track. He has passed all qualification tests for the Eagle Scout badge in his scouting work. He is active in all phases of school and community life and holds membership in the National Honor Society as a result of his high scholastic ranking in high school.

He has served as president and vice-president of the Sutton County 4-H Club but is proudest of the record he had made as a junior leader. Serving in this capacity, he has coached younger members top ranking in wool and mohair, grass and livestock judging.

"Ever since I have been old enough to hold a goat, I have been doing just that," says Joe David. He makes this statement in referring to his showing experience. He adds that in preparing himself for "To Make the Best Better" rancher, an effort has been made to conduct a well-rounded program of demonstrations and activities. After graduating from high school next spring, he plans to enter Texas A. M. College to further equip himself for doing that better ranching job. He says he will continue his judging and feeding programs.

The trip to Chicago will come the latter part of November and with young Ross will achieve another of his life's ambitions-attending Club Congress and the great International Livestock Exposition.

Loan Ass'n. To Hold Directors Meet Monday

Directors of the Sonora National Farm Loan Association have set Monday, November 3, at 2:30 o'clock as the date for the annual members' meeting. A. E. Prugel, Secretary-Treasurer, has announced.

The association which is comprised of members from Crockett, Schleicher and Sutton Counties, is one of the largest of its kind in Texas with Capital Stock of \$127,000 and surplus and reserves totaling \$200,000.

In addition to electing two directors and attending to other business, members will inspect the association's new office building, which was completed in the early summer.

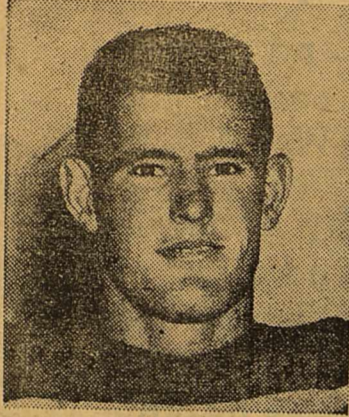

Mr. and Mrs. W. G. Bruce and family, of Del Rio, spent Sunday guests of his brother, D. C. Bruce and family, and was accompanied home by his parents, Mr. and Mrs. C. P. Bruce, who were here last week.

Mrs. J. Dunkin Seale is a guest of her parents, Mr. and Mrs. Boyd Lovelace, until Nov. 15, when she plans to join her husband, Pvt. J. Dunkin Seale, stationed near Philadelphia.

Attend SOME Church Sunday

Henderson Lauded By SAC Coach

Gene Henderson, former Sonora high all-district quarterback, is making a name for himself at San Angelo College, according to a letter from Coach Max Baumgartner. Baumgartner said "This boy's

showing has been little short of sensational. He has speed, deception and that complete will to win that cannot be beaten. He is an excellent triple-threat man. So far this season Gene is the leading ball carrier on the squad with an average of 11.5 yards per carry. This is Gene's first year in a Ram uniform."

Henderson is a sophomore at the college. He stands an inch over six feet and weighs 172 pounds. He is the son of Mr. and Mrs. Clyde Henderson of Sonora.

MICHOU RITES SUNDAY

Mrs. I. Michou of Weatherford, Texas, passed away Monday, Oct. 20, of pneumonia contracted while she was visiting her sons, Howard and Lawrence, in Spanard, Alaska. The body was brought by plane to Weatherford. Funeral services were held at the Baptist Church in Brock Sunday, Oct. 26 at 2 o'clock.

Survivors include a granddaughter, Mrs. Buddy Ray, of Sonora.

Murphy Resigns From Hospital

Edwin M. Murphy, administrator of the Hudspeth Memorial Hospital for the past several months, resigned last week.

The hospital is now under the direction of a committee appointed by the board of directors, Mrs. E. E. Sawyer, L. W. Elliott, and Joe M. Vander Stucken. Appointment of an administrator to succeed Murphy is under consideration.

Mr. and Mrs. Murphy and children are in Memphis, Tenn., where he is attending a convention of laboratory technicians.

Congratulations To These NEW PARENTS

Mr. and Mrs. Charles Marshall of Aransas Pass are the parents of a daughter born last Saturday and weighing five pounds.

Grandparents are Mr. and Mrs. M. R. Mason of Ruthville, Iowa, and the Rev. and Mrs. W. H. Marshall of Sonora.

Mr. and Mrs. Bill Logan of Seligman, Mo., are parents of an eight-pound daughter born Tuesday at the hospital in Rogers, Ark. Grandparents are Mr. and John Logan of Gateway, Ark., and Mr. and Lee Pearl of Sonora. The Logans have another daughter, Donna Sue, 4.

Mr. and Mrs. Cleburne Cochran are parents of a daughter, Patty

Sonorans Fly To Florida Meet

Billy Scott, president of the Sonora Student Council, and Norman S. Davis, principal of Sonora High School, left Monday for Miami, Florida to attend the convention of the Southern Association of Student Councils. Sonora High School is the president school of the Texas association.

Scott and Davis traveled by bus to San Antonio, where they and 60 other delegates flew by chartered plane to Havana, Cuba, for a two-day sightseeing trip. Wednesday they flew to Miami for the opening session of the convention. Saturday they will be guests of the University of Miami at the Miami-Kentucky football game, and Sunday they will fly back to San Antonio.

Davis is administrative representative of the Texas Association of Student Councils and is a member of the board of directors.

Colts In 26-0 Win Over Eaglets

Scoring in every quarter except the third, Sonora's Colts handed Junction's Junior High Eaglets their second consecutive defeat 26-0 Thursday night before a large here. Last week the Colts beat Junction 31-0 in Junction.

In last night's game Sonora had a touchdown in two plays. George Johnson caught the Eaglets backfield in close and passed to Harold Garrett for 30 yards on the first play after the kickoff. On the second play Johnson passed to Shannon (Stollhanske) Ratliff for 20 yards and a score. The two plays covered seventy yards. Johnson kicked the point.

Junction came right back and drove to the Sonora 20, but Johnson intercepted a pass on his own five and carried back to the 45. In the second quarter he passed to Hernandez for a score but the play was called back. The quarterback then hooked around left end for 40 yards and the second score. Johnson scored again in the second and once in the fourth on runs of 70 and 35 yards. Blocking by Gildardo Badillo, Vivian Vasquez, Ben R. Mittel, Kenneth Fuqua, Hernandez, Hill and Galindo cut the backs loose at will. Ratliff's defense play was good, as was that of Adams, Sessum, and White.

Pascal Allison and Rodney Davis held down tackle and halfback positions during the closing minutes of the game.

Now A Man

ABERDEEN, SCOTLAND—Listed for 40 years in Debrett's Peerage as "The Honorable Elizabeth Forbes-Sempill", younger sister of the 19th Baron Sempill, this British woman doctor announced that she will be known in future as a man with the legally-changed name of Ewan. She, or he, announced: "I have completed the re-registration of my birth as a male."

Mrs. C. C. Stroud has as guests last week her mother, Mrs. W. H. Johnson, and her aunt, Mrs. J. V. Brown of Whitsett.

MRS. W. T. HARDY IN BIG SPRING HOSPITAL

Mrs. W. T. Hardy is in a Big Spring hospital recovering from major surgery performed Tuesday morning. It is understood her condition is satisfactory.

Jane, Born Wednesday Oct. 29 at the Hudspeth Memorial Hospital. The baby weighed 7 pounds, 7 ounces.

Grandparents are Mr. and Mrs. Fayne Perry of Aspermont and Mr. and Mrs. Cecil Cochran of Merkel.

Sonora Boy Dies In House Fire

A house fire of undetermined origin claimed the life of Joe Bean, 3-year-old son of Mr. and Mrs. Henry Bean, here early Sunday morning.

Although over 20 local volunteer firemen answered the call and had the blaze out less than four minutes after the alarm sounded, it was still too late to prevent the tragedy.

Mrs. Bean, who is in Hudspeth Memorial Hospital recovering from severe burns, told firemen the fire woke her about 3 o'clock Sunday morning. She said she tried to take both children out at once but couldn't make it. She took her 14-month old daughter, Johnnie Ellen out, but when she returned for Joe, the door had stuck and she was unable to get in to sound the alarm.

Firemen restrained Mrs. Bean from returning to the house. The baby was finally rescued by Lee Patrick and George Barrow. Sidney Awalt administered artificial respiration and the baby was breathing when Dr. Charles F. Brown arrived.

The baby was rushed to the hospital, but died of severe burns at 8:30 o'clock Sunday morning.

At the time of the blaze, only Mrs. Bean and the children were at home. The father is in the trucking business with his father, H. R. (Pat) Bean of Rocksprings. At the time of the fire Bean was on a run to an Edwards County ranch.

Joe Bean was born November 18, 1949 in Rocksprings, where Mr. and Mrs. Bean made their home until coming to Sonora in July.

Graveside services were held Monday morning at 10 o'clock in Rocksprings Cemetery with the Rev. Don Dulaney, pastor of the Rocksprings Methodist Church, officiating.

Turkey Shoot Slated Nov. 11

The Sutton County Rifle and Pistol Club will sponsor a turkey shoot Tuesday, November 11, at the local range. Since Armistice Day is one of Sonora's official holidays, a large crowd is expected.

Twenty-five turkeys will be given away at the shoot which will feature small bore, large bore, trap and pistol matches. One turkey will be given away at a free drawing held during the free barbecue lunch.

Six live-turkey shoots will also be held. The day's program will start at 10 o'clock Tuesday morning.

Sonora Plays Mason Tonight

Sonora goes to Mason tonight seeking its third win of the season against a team rated about on even terms with the locals. Game time is 7:30 o'clock. All Broncos are reported in good shape for the non-district contest.

Cubs, Parents Meet Monday

pack meeting of all the Cub Scout dens and Scout parents was held Monday night at the school cafeteria. The Scouts showed the achievements they completed this year. Herbert Fields showed a film taken at the picnic at the end of last year's scout activities at Camp Sol Mayer.

Scouts were given their registration cards and the new members were awarded their Bobcat badges. New members of Mrs. Ruby Moore's den are Roland Moore, Bill McClelland, Joe Wess Hill and Johnny Augustine; Mrs. Clayton Tolliver's den, Bob Tolliver, Arthur Hull, Phillip Chalk, Mark Winslow and Douglas Wood; Mrs. Wm. A. McCoy's den, Richard McCoy, Jimmy Adams and David Bruce.

Last week Mrs. Pete Skains' Den including Jimmy Cahill, Jack Baker, Charlie Smith, Robert Smith, Wesley Franks, Mack Mayhew, Pete Skains, Curt Schwiening and Toddy Honer, won Monday. Mrs. Hucherson's Den, including James Hucherson, Adrian McCoy, Johnny Fields, Stevie Fuqua, Charlie Howell, Gene McCarver, Gene West and David Archer, won Tuesdays Game.

Mrs. Cleburne Cochran has as a guest this week her mother, Mrs. Fayne Perry of Aspermont.

Mr. and Mrs. G. W. Archer had as guests last weekend her daughter, Mr. and Mrs. Ernest Smith and daughter of Artesia, New Mexico.

SERVICES HELD TUESDAY FOR SONORAN'S FATHER

Funeral services for R. E. Moore, 76, were held Tuesday afternoon at the Baptist Church in Bee Cave. Mr. Moore, the father of Andrew Moore of Sonora, died at the home of a daughter, Mrs. Willie Wood, in Boerne Monday.

The Rev. Elvin Simpson officiated and burial was in Bee Cave Cemetery.

Mr. Moore was native Texan and had ranched at Bee Cave most of his life. He survived by his wife, a son, Andrew of Sonora, and five daughters, Mrs. Wood, Mrs. Walter Maul, Bee Cave; Mrs. John Figer, Miss Pauline Moore and Miss Anne Moore, all of Austin. Eight grandchildren and four great-grandchildren also survive.

Sonora Blasts Eden 31-0

In a game featured by greatly-improved blocking and tackling, the Sonora Broncos coasted to their first district win of the season Friday night piling up 31 points to none for the Eden Bulldogs. Eden threatened several times but couldn't keep organized long enough to hit pay dirt.

Led by Bobby Scott and George Wright, the Broncos scored in every quarter. Scott and Wright each made two scores on runs of 47, 42, 35 and 8 yards and Tracy Crites scored once from the eleven. The second string played most of the second half, and before the game was over Coach Joe Turner cleaned out the bench.

Eden's backs, Mullin and McDonald showed up well, but Eden's reserve strength and poor blocking spelled defeat.

The key to Sonora's victory was in the blocking, which was the best seen this year. Key blocks by Sanchez, Ross, Joy, Crites and Minnick and Fuqua resulted in turning the backs loose for sizeable gains.

Mr. and Mrs. Edward Archer and son, of Houston, stopped over to visit with his parents, Mr. and Mrs. G. W. Archer, this weekend on their way to California.

Mr. and Mrs. Jack Biggs and children, of Seminole, spent Tuesday and Wednesday of last week with his parents, Mr. and Mrs. L. O. Biggs.

Record Vote Seen Here Tuesday

By this time next week the people of Sutton County will know who their next president is to be. Much interest has been shown locally in the campaign between Eisenhower and Stevenson, and local observers are predicting a record vote next Tuesday.

County Clerk F. L. McKinney said he had issued 65 absentee ballots through Wednesday, a record for this county for a presidential election. Schleicher and Crockett Counties also reported record absentee votes.

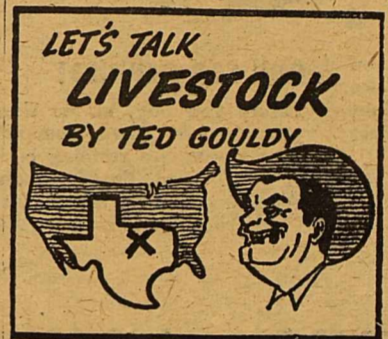

"I only hope I have enough ballots to go around," McKinney said Thursday. "We have 1,500, but from they way things look there is a good chance they will be used."

Local Eisenhower headquarters continue to serve coffee daily and pass out literature. Stevenson sup-

porters are also active in the county, although they do not maintain a local headquarters.

Meanwhile the Sonora Woman's Club is intensifying its "Get Out The Vote" campaign, as are the Boy Scouts. The Womens Club will hold an all-day open house at the club, provide coffee and cookies, provide a baby-sitting service for voting mothers, and furnish transportation to and from the polls. For transportation, call 25111. Flags will also be displayed as a reminder to citizens that it is a patriotic duty in a free country to cast a ballot on election day.

The local Boy Scouts, under the direction of Andre Truden, scoutmaster, will hang cardboard Liberty Bells on door throughout the town. The markers urge all citizens to vote.

Fort Worth—Heavy movement of cattle and calves continued this week. However, a stronger stocker and feeder market and broader demand for replacement cattle and calves helped prices away to a better start at Fort Worth Monday.

Fat calves shared the stronger market. Many sales of stockers and fat calves were \$1 or more above a week ago at Fort Worth. First interest in many weeks in lightweight steer calves this week resulted in some calf sales sharply higher for their kind. Typical was a lot of 42 calves at 216 pounds at \$24.50. Hugh Rogers, Knox County, had 32 stocker steer yearlings at 521 pounds at \$22.50, with 31 heifers at 492 pounds at \$18. G. R. White, Brady, had cows at \$14.50 and \$15.50. Curtis Martin, Motley County, sold cows at \$14 and \$16 at Fort Worth Monday, Mrs. Jessie Mae Williams, Midland, had three loads of 916-pound cows at \$12.50. C. F. M. ck, Oklahoma, had two loads of 1,152-pound steers at

\$29. Lambs were strong to 50 cents higher at Fort Worth Monday, and ewes were mostly 50 cents up. Feeders and yearlings ruled steady.

Good and choice fed steers and yearlings drew \$23 to \$31, and plain and medium sorts sold from \$14 to \$21, with cutter grades from \$10 to \$13. Fat cows cashed at \$13 to \$16, a few heiferettes to \$18. Canners and cutters cleared at \$7 to \$13. Bulls sold from \$10 to \$18.50.

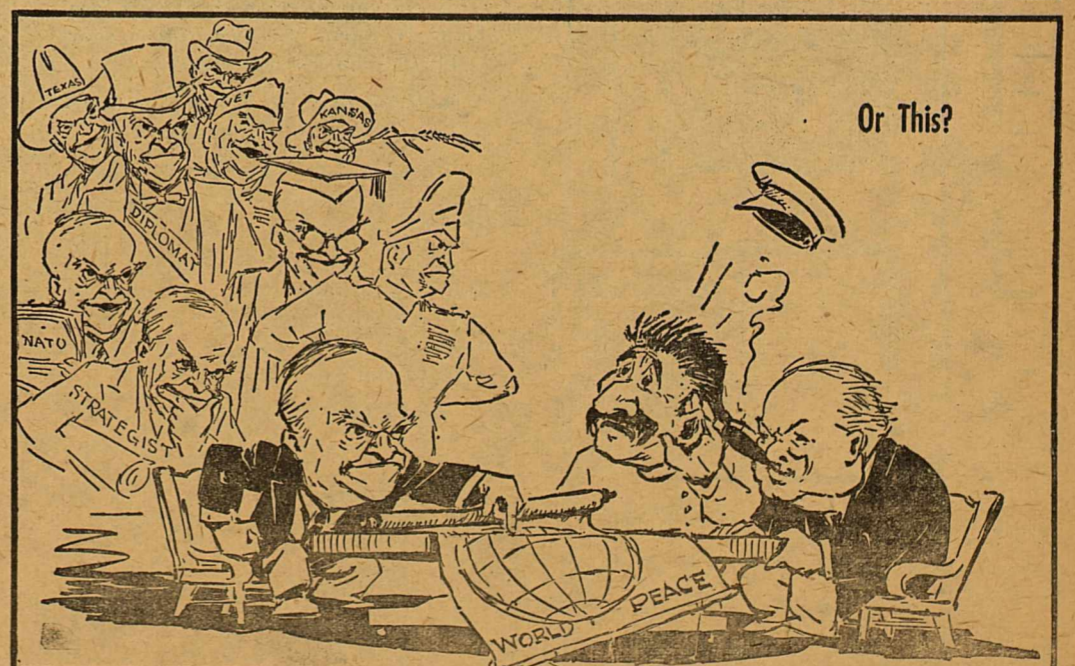

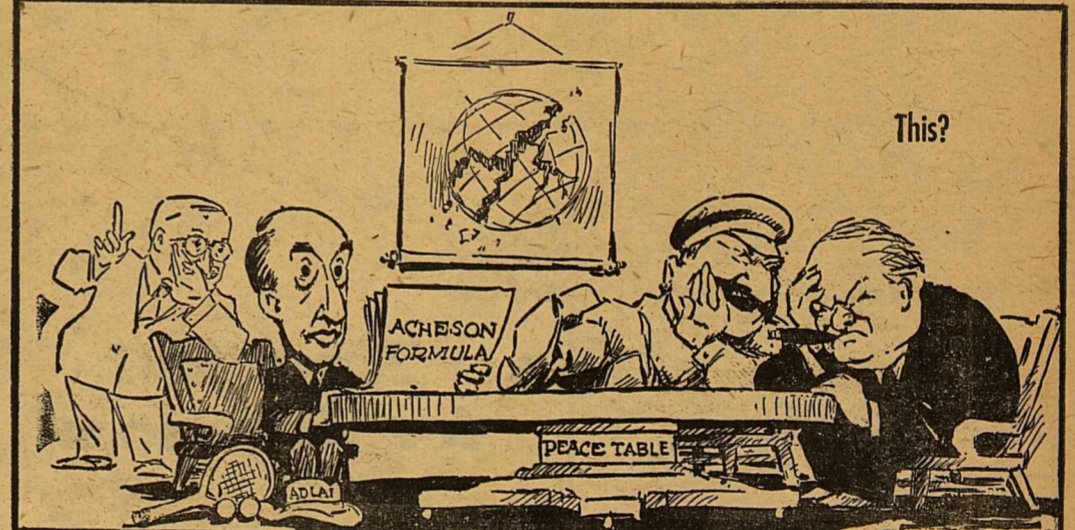

Good and choice slaughter calves sold for \$18 to \$23, with fancy heavyweights of 500 to 600 pounds at \$23 to \$26. Plain and medium butcher sorts cashed at \$14 to \$17, with cull sorts from \$10 to \$13.

Hogs topped at 18, lowest since April 1952. Sows drew \$14 to \$16.50.

Good and chice stocker calves ranged from \$17 to \$24.50, some mixed steer and heifer calves averaging 216 pounds at \$24.50, and some plain and medium kinds sold from \$13 to \$17. Stocker steer yearlings cashed at \$14 to \$22.50. Stocker cows drew \$11 to \$18. Several sizable shipments of feeder steers and heifers sold in the \$16 to \$19 bracket.

Merium, good and chice slaughter lambs sold from \$18 to \$23, and stocker and feeder lambs sold from \$8 to \$15. Cull lambs and yearlings, as well as some cull two's sold from \$6 to \$8. Aged wethers sold from \$4 to \$8, and slaughter ewes drew \$3.50 to \$5. Old bucks sold from \$3 to \$4. Slaughter yearlings drew \$8 to \$15.

AN EDITORIAL: Which Conference Do You Think Would Better Preserve Peace?

The greatest problem facing America today is: HOW DO WE STAY OUT OF WAR—WITH HONOR?

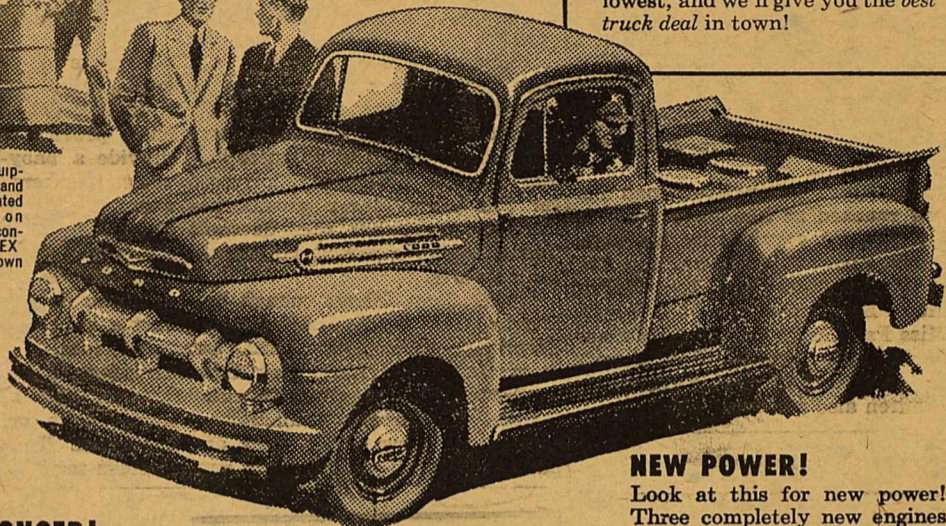

In the showdown which surely lies ahead, which of the nominees, Eisenhower or Stevenson, do you want to have speak for you in a meeting with Stalin and Churchill? Which man do you think Stalin would fear and respect? ... Eisenhower has had vast experience in world affairs during periods of both hot and cold war. LOOK believes he is incomparably better prepared for the Presidency.

SONORA MOTOR COMPANY

61 Years Ago

A grand oyster supper will be given by the ladies of the Baptist Church on the night of November 10, at the Sonora House, for the benefit of the building fund. Those who don't like oysters, may regale themselves with fruit, cake and coffee. Be sure you come out and help the good cause along.

Garrett Bean came in Wednesday and deposited with the county clerk a panther scalp. The brute was killed near the Huffman ranch in the western portion of the county and from the size of the scalp it must have been a large one. He was treed by the dogs and shot, and thus ends the career of another wild western marauder.

Billy Drennan has an especial

weakness for roast turkey, so the other day when a small boy showed up with an ancient and venerable rooster of the shanghai species nicely picked and asked Billy if he wanted to buy a turkey, the trade was soon made. Billy took the "turkey" home and had a grand feast and only learned after the last bone had been picked his turkey was a rooster.

The ice cream party at Mrs. W. A. Stewart's netted the church building fund about \$25.

On Saturday night Judge and Mrs. Dunagan celebrated at their residence their 40th wedding anniversary by a social and candy breaking. The attendance was large and everyone had a jolly good time. We hope that Judge and his wife may live to celebrate many happy returns of the happy occasion.

W. F. Decker was in town Fri-

day and reports sale of his ranch to Runnels County parties for \$1,200. Mr. Decker will probably establish a new ranch west or south of Sonora.

Henry Cusenbary, the P. M. and Druggist, came in from Dallas Monday night. Henry looks well after his trip.

The school trustees have purchased the Wentworth school building and will place it adjoining our present building which is not large enough to accommodate the school we now have.

Air Cadet Bobby Allen left today for Vance Air Force Base where he will report for duty Sunday after spending this week with his parents, Mr. and Mrs. Ford Allen.

Mrs. W. J. Jeffrey and family left Monday for Albuquerque, New Mexico, to join her husband.

Time Out for Freedom

This coming election day, your local Santa Fe Agent will be taking a short "time out" for freedom's sake.

He'll be over at his polling place voting along with his neighbors.

It's only one vote, but like yours and your fellow citizen's, it's a mighty BIG one this year.

Be sure you take an active part in this year's election. You'll feel 100 per cent better after you have voted because you will know you are being a real American.

See you at the polls, November 4th!

A MESSAGE

for

AMERICANS

from

General Eisenhower

ONCE before I had the honor and duty of leading a crusade for human freedom and dignity—in Europe during World War II.

That crusade was won not by generals and admirals but by the blood and effort of American G. I.'s and all the other forces fighting for freedom. Now in 1952 a different call to duty has honored me—as Republican nominee for President of the United States.

This time the effort is civilian—not military. But again, the crusade will be won not by me nor by the political leaders, but by everyday Americans who value their National heritage and are willing to go to the polls and vote to protect it.

THIS IS A CRUSADE TO:

- SWEEP OUT OF GOVERNMENT the corruption and the scandal which have brought us dishonor at home and disrespect abroad.
- BANISH THE SUBVERSIVES and incompetents who have crucified both good public service and good public servants.
- BUILD A STRONG ECONOMY not based on war.
- SAVE OUR GREAT, FREE NATION from the reckless Policies which are leading America down the road to bankruptcy - Socialism - and possibly even World War III.

AMERICA NEEDS YOU . . . in this Civilian Crusade.

I hope that you, too, believe the time has come for a complete change in our National leadership—a change which will restore courage, integrity and faith in American Government.

I INVITE YOUR SUPPORT NOVEMBER 4TH.

Edwin Sawyer had a close call Wednesday afternoon when a wood chip cut his eye. He was standing near a wood chopper when the mishap occurred. He is recovering. . . . The choir of the First Presbyterian Church, San Angelo, will present a concert of sacred music Thursday, November 6, at 7:30 o'clock at the Eldorado Presbyterian Church. Miss Marie Watkins is the director. . . . Lt. John Allen Ward has been transferred to Williamson-Jackson Air Force Base at Duluth, Minn. He recently completed training in all-weather jet interceptors at Tyndal AFB, Florida and made the highest grade in his class. . . . The rest of Sonora's football games will start at 7:30 o'clock. . . . The Senior Class entertained the second grade with an ice cream party Monday afternoon for having sold the most tickets to the senior play. . . . Friday night at the half-time intermission at the football game, June Henderson was presented as band sweetheart and Patsy Drennan was presented as football sweetheart. The jeep carrying the young ladies on the field for the presentation was driven by the California Fireball, Jim Green. . . . Halbert and Fawcett won prizes in five classes with their polled Herefords at the American Royal, Kansas City. . . . One of the better horses racing this year is Son-Tex, now owned by Lon J. Marsh of Ohio. Son-Tex (Sonora, Texas) was sired by James Hunt's Buckskin and was raised by George E. (Bul) Smith. . . . Home from the University last weekend: Jane and Nancy Neill, Jackie Gwen Wardlaw, Ernest Stephen, Jimmy Morrow, John S. Hamby, and Jack Ratliff. . . . Mrs. Birdie Rutledge is back from El Paso, where she visited a daughter, Mrs. H. L. Blackwell. . . . Mrs. B. C. McGilvray's sister and husband, Mr. and Mrs. G. N. Chaffin of Athens, were here last weekend. . . . Local grocers will display OPS ceiling price posters November 3. . . . The Hudspeth Ranch sold five bulls, averaging 1,321 at \$15.25, and five cows, averaging 772 at \$8, Monday in Fort Worth. The Texas Livestock Marketing Association handled the shipment. . . . Mr. and Mrs. Jim Decker attended the convention of the Texas Producers of Veterinary Supplies Sunday and Monday in San Antonio. Six speakers addressed the gathering on insecticide developments and livestock diseases. . . . In the Elementary School's "Get out The Vote" poster campaign, Albert Sykes won first, Barbara Halbert and Gene Brodhead tied for second and Charlie Howell won honorable mention. Albert's poster is in the Post Office, Barbara's is at Ratliff's Gene's at Joseph's and Charlie's at the Sonora Appliance Store.

Mrs. Ira Glascock, Jr., and Mrs. Ruby Hardy of Eldorado brought Mrs. Thelma Briscoe home from the Clinic Hospital in San Angelo Monday. Mrs. Briscoe underwent an operation Thursday. Her son, Harold Briscoe of Devine, was here to be with his mother.

I think you're wonderful
says *Rosalind Russell*

I hope you don't mind if I take this opportunity to tell you what a wonderful person I think you really are. For I've just heard about the way you're planning for your future through Defense Bonds! And I can't help but admire you for being so farsighted, and so practical! And, it makes me proud, too. For I'm a regular Bond buyer myself.

Of course, you and I know what a wonderful buy U. S. Defense Bonds are. But don't you think we ought to let other people in on it, too?

If you'll help me, here are just a few of the things we can tell them:

FIRST—Thanks to new Treasury regulations, every Series E Bond we buy begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start.

SECOND—Every Series E Bond we own can now go on earning interest for 10 more years after it reaches the original maturity date—without our lifting a finger!

THIRD—During the 10-year extension period, every unmatured bond earns at the new, higher interest rate (average 3% compounded semiannually). Our original \$18.75 can now pay us back \$33.67. \$37.50 pays back \$67.34. And so on.

FOURTH—When we make ourselves and our families economically secure through buying bonds, we're helping to build the great economic strength that backs up our national defense. And this is the best security our money can buy. For after two world wars we have found that peace is for the strong!

U. S. Defense Bonds are one of the easiest, most convenient forms of saving ever invented. For through the Payroll Savings Plan where you work, you can buy bonds on a time payment plan. Just specify the payments, as large or as small as you like, and they will be automatically set aside from your salary. This way you save the money before you spend it. And millions of people have found this is one sure way to save.

TEXAS DEMOCRATS FOR EISENHOWER

The Crystal Ball

Predictions For Saturday's Collegiate Games
By Ed Mayer, Jr.

Well we did a little better last week. We struck a 725. average for the week and brought our average for the year up to .676. That's still not very good, but since we called UCLA's upset over Wisconsin we don't feel so bad. Since UCLA is concerned for the second week in a row with a tough test we'll start with them. The Bruins travel up to Berkeley for a game with the Golden Bears of the University of California. The Uclans have throttled everyone they've come in contact with this year. Their defense is not the best in the nation, but when the opponent gets close to the Bruin goal line, they become very stubborn. It's too bad they don't have three Rose Bowls this year because the Pacific Coast has three of the finest teams in the nation, and it is my opinion that they could certainly reap revenge on the Big Ten. But back to business at hand. California was held scoreless for the first time in several years by USC, and UCLA with their terrific goal line defense should win this one 21-14.

The other equally important game of the week will take place clear across the country at Chapel Hill, North Carolina where two undefeated elevens, Georgia Tech and Duke, get together in what should be a wide open affair. I saw Duke play SMU in Dallas, and believe me this boy Lutz is a smooth operator under the T. Both teams have picked up steam from the opening game of the season, and the folks at Chapel Hill will be in for a real treat. I'm going way out on a limb this week,

and pick the Blue Devils to stop Tecks' win streak. Final Score: Duke 27-Georgia Tech 21.

Up in the East Penn and Penn State collide in what will be another thriller. Penn State got upended by Michigan State last week, but that doesn't mean anything. Penn got tied by a stubborn Navy defense and State also has a good defense. Penn State to win 26-21. Their defenses should both crumble this week. Look for a good one.

Now for the Southwest Conference. Who knows? Who can tell? SMU and Texas. Should be a push-over for Texas, but it doesn't happen like that down here. Texas should win, though, 21-14. How about TCU and Baylor? C. O. Brocado's educated toe has spelled trouble many times in the past, but don't forget the Froggies "One Man Gang" in the person of Ray McKown. This one should be wild and woolly also. TCU to win by three points 20-17. And now for your old prognosticator's Aggies. They have done a lot better than expected and only Darrow Hooper's injury in the first quarter kept them from gaining a tie with Baylor. They shouldn't have too hard a time with the Razorbacks. Aggies 28-Arkansas 7. Down at Houston, Rice takes on powerful Wisconsin. Too bad for the Owls. Wisconsin 34-Rice 14.

- The rest:
- Maryland 28
 - Pittsburg 21

2. Leave the rest of the Democratic Party column as it is.
3. At the top of the Republican Party column, leave the names of Dwight D. Eisenhower and Richard M. Nixon.
4. Strike out the rest of the Republican Party column.
5. Strike out all other columns on the ballot.

Wonderful Way to Start the Day!

Well, there he goes, backing out into the challenge of an October morning—and there's no denying that he's off to a wonderful start.

You see, he's at the wheel of a Golden Anniversary Cadillac—and there's no greater lift to the spirits than the deep-throated whisper of a Cadillac engine.

It says inspiring things to the man at the wheel.

It tells him, first of all, that life must have gone rather nicely—to take him from where he was—to a place where he owns and enjoys a beautiful Cadillac. Pretty good precedent for a good day today!

It tells him, too—that wherever he drives in the day's activities—the Cadillac crest will pave the way for the respect of the people he encounters.

Yes—he feels pretty good as he turns into the highway, touches his toe to the sensitive throttle, and heads into the adventure of another day.

The miles go softly by . . . the occasional tick-tick of the electric clock reminds him that he's ahead of time for his first appointment . . . and he settles back—relaxed and at ease. Nice, nice going!

Many men have told us that the drive to work in a Cadillac is the finest part of the day. Their heads are clear and their minds at ease as they roll serenely along—a wonderful time to think and plan.

Of course, this is only an extra value that comes with a Cadillac: comes in addition to comfort and safety—and dependability and long life—and all the other wonderful things that make this magnificent car the Standard of the World.

Why not come in and see us—and arrange to enjoy them all yourself?

We'd be happy to see you—any time.

SELF-RIGHTEOUSNESS ANONYMOUS By W. H. Marshall

Are you a member of SELF-RIGHTEOUSNESS ANONYMOUS? It is an organization without structure, without form, without location, and without offices. Every person who belongs to it holds all the offices at one and the same time, for each member is the organization. It is a very old group, as old as the first mistake. Its watchword is bigotry. Of course

it does not mean to be intolerant, bigoted and "upright." But that is the way it happens. Its members are always right. In every discussion their word must be taken at its face value. Others may have to prove what they say, make a clear case for their position; not so with S. R. Anonymous. When he speaks, Truth has spoken. When he is tolerant, it is a benevolent toleration, the kind that a bulldog may have for a poodle pup. Of course such a person does not make mistakes. To be sure, mistakes occur in his career, but they are always due to extenuating circumstances for which someone else is responsible. Such a person cannot be challenged. When you challenge him, you are being unreasonable, or self-willing, or stubborn. There is a smugness about him that inspires ill-will. Jesus describes such a man who went up into the temple to pray. He said to God "Lord, I thank thee that I am not as other men. I pay my vows. I offer my prayers. I am a good man. I pause in the midst of my well-organized righteous life to let Thee know how good I am."

The picture is overdrawn. It is

Soil Conservation District News

News of Edwards Plateau Soil Conservation District
Prepared by Local SCS Personnel

W. R. Cusenbary and Tom Davis, accompanied by Andy Truden and Clint Langford, attended the Soil Conservation Field Day in Fredericksburg last Thursday. The field day sponsored by the Hill County Supervisors Association, was held on the Otto Schumann Ranch Southeast of Fredericksburg.

They saw some good waist high grass that did a good job of holding one half of the 20 inches of rain which recently fell. Needless to say the Schumann ranch looked like a paradise.

Schumann's best pasture had received three consecutive growing season deferrals and was in a position to make some rapid growth after recent heavy rains.

Schumann stated that the water ran clear from the pasture that had excellent cover of grass.

Those who predict weather by watching wildlife signs are predicting an early wet spring. Bucks have been running for some time. We hope the prognosticators are batting 1,000 on their predictions.

almost a caricature. Nevertheless, the sober truth is clear. All of us are candidates for SELF-RIGHTEOUSNESS ANONYMOUS. One of the sure results of self-examination in the light of the Highest is an immediate humility and a canceling of one's membership in SELF-RIGHTEOUSNESS ANONYMOUS.

The Soil Conservation Service, whose primary job is to assist locally operated Soil Conservation Districts, has been assigned the responsibility of conducting the National Cooperative Soil Survey.

Conducting this soil survey had previously been the responsibility of the Agricultural Research Administration. The Soil Conservation Service has been relieved of the responsibility of research in soil and crop management and in water management on farms related to crop production. The ARA has been given this responsibility. All research is conducted cooperatively with the State Agricultural Experiment Stations.

The only research function the SCS will have includes local studies in irrigation and drainage engineering directly related to SCS operations, hydrology, sedimentation, and the economics of conservation.

P-TA MEETS TUESDAY

P. T.-A. will meet Tuesday, Nov. 4, in the elementary school auditorium at 3 o'clock. E. A. Brodhead will speak on "Blessings in Every Home." Mrs. Gwen Askew's dance pupils will present a program.

Mr. and Mrs. Monroe Crowell of Tucson, Arizona, spent the past weekend with her mother, Mrs. Frank Turney and their son, Glen Crowell, and family.

THIS TASTES GOOD IN TEXAS
Ginger Pear Preserves
1 pound prepared pears
3-4 pound sugar
1 or 2 pieces of gingerroot
Select pears that are of a good flavor and hold shape. The Kieffer pear is a variety commonly used. Allow fruit to reach the firm ripe stage. Wash, pare and cut fruit into uniform pieces, as quarters or eights, depending on size of fruit; then core. Combine the sliced pears and sugar in alternate layers and let stand 8 to 10 hours or overnight before cooking. Boil the lemon for about 5 minutes in only enough water to cover. Add with what water remains and the gingerroot to the pear and sugar mixture. Boil rapidly and stir constantly until the fruit is clear and of rich amber color. Fill hot sterilized jars three-fourths full with the preserved fruit, and then add enough of the

Letters

To The Editor

To The Editor:
My wife and I are Canadians. We have been living in Sonora for almost six months. One of the reasons we came to the United States of America was to obtain a first-hand view of our great Neighbour to the South. What better place to begin than Texas?

We are grateful to the citizens of this town for what they have shown us. We had heard of how Joe McCarthy was conducting smear campaigns - implying certain persons were Communists and thereby damaging their chances for employment and depriving them of the trust and respect of their community. We never dreamed that exactly that would happen to us.

But being the target of such a campaign has been an enlightening experience. We know how empty the charges are. We know that nobody could come to us and tell us a single good reason for his believing we were Communists. How interesting to see the variety of rumours which spring up, once the first is started.

We will not soon forget this experience. When we return to Canada, we will be glad to tell our friends of how we were welcomed in the land where Freedom of Speech is held in such respect. And of the Western hospitality we found in the Friendship State.

Yours truly
James P. Huston
We are very sorry that Mr. and

syrup to fill the jar to within 1/4 inch of the top if paraffin is to be used. If not, fill to top of jar. Seal, label and store.

Mrs. Huston have been so poorly received, and we hope that they will be shown that such a reception is not typical of this community or of the State of Texas.

The burden of proof is on those who accuse, for Huston has very clearly thrown down the gauntlet. The Devil's River News cannot but feel that these accusations are the result of a mistake or a misunderstanding, and we sincerely hope that the remainder of the Hustons' stay will be made pleasant by the people of Sonora.-Ed.

Dear Editor:
Will you please tell me how Mr. Dewey is going to clean house with an old wet mop that the Army has worn out and thrown away.
Your Friend,
Dee Word.

Dear Dee:
It's better to read papers four years old than no papers at all.
Your Friend,
The Editor.

WATER CONSERVATION

Dear Editor:
Let us save millions of dollars and our river bottoms and pecan groves, and at the same time have all the water we can use hereafter all over the Edwards Limestone and elsewhere in the state.

All we have to do, is to drill wells up in the Hill country in the bed of the dry creeks, and run water down to the Edwards Reservoir and all other reservoirs under ground.

The go up the creek and build small dams to hold the water back till they can take care of it.

This will save floods and save land washing better than any other way. September 12th the Texas board of Water Engineers at Austin reported in the Express papers or by Associated Press, that we

got millions of acre-feet of water stored in our underground reservoirs during the last flood through cracks in the ground and in rocks and even big caves. If that is the way to get water, through holes that mother nature put there, why not help nature to do better?

With less cost than building big dams and taking lots of good productive land out of production. This plan will avoid taking away production land. I believe that in a few years, with enough of the wells and small dams, we can have our water up to a higher level than it has been in the past 50 years or longer. The more water we put in the ground the better our rivers and creeks and springs will flow, and in this way rains will do our crops and grass more good, and these wells and dams can be put all over the state. With enough of them over our Edwards limestone, we can put more land under irrigation. In this way the wells which the farmers are pumping from all southwest of here, and around Crystal City valley will again start flowing.

The fact is, with this plan we can get billions of acre-feet of water from small rains, where our big dams must have big rains to keep alive through these long dry spells.

This dry spell has proved that. Of course there are many particulars to this plan that I cannot go into here, but if anyone is interested to know more, I will be glad to go into details if you will write and enclose a self addressed envelope.

This is my own idea.
J. A. Tumlinson, 1903 West Ave., San Antonio, Texas.

Mr. and Mrs. Pat Bently and son of San Antonio are here this week guest of her grandmother, Mrs. Neil Roueche.

YOUR HEALTH

Two widely separated areas in Texas an upsurge in rabies between now and June, Sate Health Officer Geo. W. Cox predicts. The disease could easily spread to other vulnerable areas.

One focus is in Travis, Bastrop, Fayette, and Hays Counties in Central Texas. The other is in Pannola, Shelby, San Augustine Counties in East Texas. Individual instances of mad foxes have been occurring in both these sections throughout the year.

Blanco, Comal, Guadalupe, and Gonzales Counties are directly in the path of the southwestern spread of the Central Texas focus. In East Texas, the trend is east and southeast, threatening Sabine, Jasper, and Newton Counties, Dr. Cox re-

ports. "The first case of fox rabies in any county is an indication that work needed to be started immediately on control," Dr. Cox said. "You know you're in for trouble."

For rabies is six times more prevalent in winter months than in summer, Cox indicated. He added that every fox killed now will save trouble later.

He made the prediction of increased rabies incidence despite the fact that rabies-suspect animals heads autopsied at the health department Bureau of Laboratories in September were fewer than at any time since May.

Skunk rabies is prevalent in three separate areas of the state, the health officer said. But the disease is "20 times" more serious in fox than in skunk, he said.

Sonora - Phone 25601

"They never had it so good!"

THE order is, "Forward march"—and off they go, feet sucking against the Korean mud, every bone crying, "I'm tired!"

The order is flop and eat—and they flop and try to eat, no matter how little they like the food.

The order is, "Take hill number 631"—and they fight forward, not ready for death, but expecting it with every splatter of bullets.

Then, in the quiet moments, one soldier will turn to another and half grin and say, "You never had it so good."

A joke—a classic Army joke—but these days it has a real bitter note to it. Because at the same time everyone is wondering and saying:

"Did it have to come to this?"

"Couldn't the shooting have been stopped before it began?"

"What's the matter with our foreign policy?"

"Why didn't the Administration see this coming?"

"Must we keep paying for their mistakes?"

"WHAT? We've never had it so good? COME INTO MY FOXHOLE AND SAY THAT!"

All right—the damage is done—and we all know what has been badly begun must be well ended.

BUT—shall we forget or forgive those who blundered? Will YOU? Do you DARE? Will you trust America's future foreign policy to those responsible for Korea? Is this official fumbling what you want for America? You know it isn't!

Not if you value the lives of your sons. Not if you value your own life and welfare and that of your family. Not if you value the peace and prosperity of America.

No—you will want to clean house. You will want to sweep out of power and into the ash can the Administration that brought your country to this. You will run, not walk, to the polls. You will vote eagerly, glad that you can make a change. You will

Vote for EISENHOWER and NIXON

EISENHOWER FOR P RESIDENT COMMITTEE

Boy Scouts To Get Out Vote

As Election Day, November 4, approaches, the Boy Scouts of America, now nearly 3,000,000 strong, are ready to wind up their nation-wide "Get-Out-The-Vote" campaign.

In an unprecedented turn-out in nearly every community in the nation, about two million boys will go forward on Saturday, November 2, to call on thirty million American homes. They will leave a mes-

sage that should awaken all citizens to the fact that voters have a real voice in who shall lead the nation.

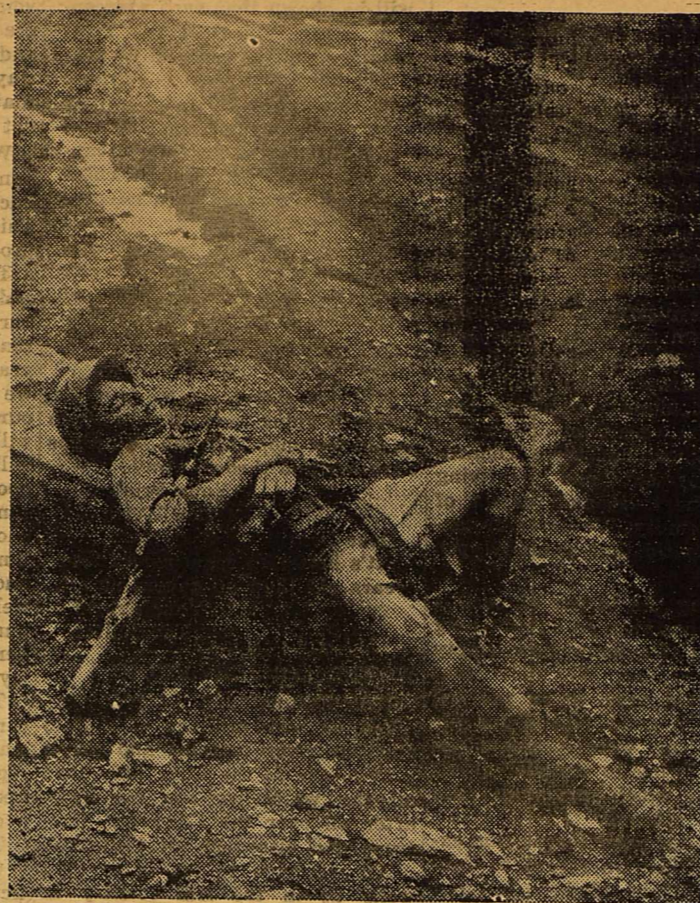

The Scouts will hang a small Liberty Bell cutout on the front doornob, bearing this simple, yet effective message.

"Vote as you think. Think when you vote, Tuesday, November 4. Today's youth counts on you. Use your freedom to vote."

The Scouts' "Get-Out-The-Vote" Campaign is undertaken with the cooperation of the Freedoms Foundation. It is strictly non-partisan, without reference to candidates or

parties, and has the enthusiastic endorsement of the nation's leaders. Reminding the entire membership of the organization that only 50% of eligible citizens voted in 1948, Andre Truden, local Scoutmaster.

"This year there will be about 97,000,000 eligible voters. Our objective is to increase the voting percentage. We feel that America will be strengthened by our efforts in doing this service which we are equipped to do. Over 2,000,000 boys will learn a great lesson of participation citizenship as they perform a significant service to our country."

SLEEP IS WHERE YOU FIND IT for Pfc. Gary A. Hutchcraft of Terrance, Calif., as he takes a cat-nap on his way to a bath and new clothes after days of bitter fighting against Chinese Communist forces in Korea.

EXTRA FEED AND SPRAY HELP CURB CATTLE GRUBS

Extra feed is required for cattle infested with cattle grubs and there is no profit in feeding these parasites, says U. D. Thompson, assistant animal husbandman for the Texas Agricultural Extension Service.

The losses caused by cattle grubs are borne by the livestock producer and he can do something about it, adds Thompson. These parasites annually cause damages to hides and high priced meat cuts that amount to millions of dollars to say nothing about lowered milk production in the dairy herds. This loss could be added to the income of cattle producers and dairymen if the parasites were controlled.

Thompson recommends the use of a power sprayer—with a pressure of 200 to 400 pounds. Lower pressures decrease the effectiveness of the treatment, he says. The animals should be held in a chute while they are being treated. The spray nozzle should be held no further than four inches from the backs of the animals. It is best, says the specialist, to use a full gallon of spray on each animal and from 10 to 15 seconds are required for doing a thorough spraying job.

The spray material should consist of 7½ pounds of 5 per cent rotenone dust for each 100 gallons of water. Mix it thoroughly, says Thompson.

The first application should be made as soon as the grubs appear in the animals backs and repeated at intervals of three weeks as long

as needed. Three or four treatments are usually sufficient to get good control.

A good control job should result in weight gains for cattle of up to 20 per cent and materially increase the value of the hides and cattle when they are marketed. The dairyman with a grub free herd can expect a good increase in the herd's milk production and, adds Thompson, a good job done now means there will be few or no heel flies next spring. Animals tormented by these parasites lose weight rapidly and is coupled with milk losses for the dairy herd. Controlling the cattle grub breaks the life cycle of the parasite and thus stops the

damage from grubs and the multiplication of the heel fly.

Right now feed is about the most important item being considered by livestock producers and Thompson says, the animals cannot fully utilize their feed if they are heavily infested with grubs.

Thompson adds that local county agricultural agents will be glad to supply additional information on controlling this livestock profit robber.

Mr. and Mrs. A. E. Newton and Sandra Lou spent Sunday in McCamey guest of Mr. and Mrs. Bill Ramsey. Mrs. Newton met with the Wesleyan Service Guild Sunday afternoon at the McCamey Methodist Church.

M. E. Joy took his mother, Mrs. Doek Joy, who is visiting here from Menard, to San Antonio for medical treatment Tuesday.

Mr. Rayburn, You Forgot To Mention A Few Facts!

You made much in your talk at Brownwood Monday night asserting our memories are short—that we Texans have forgotten the 12 years under Republican administration.

You forgot to mention, Mr. Rayburn, that you were a member of the congress during the last two years Hoover was president, and that your party was in control.

You forgot to mention, Mr. Rayburn, that during the two years you and others members of your party were in control of congress the average price paid for Texas cotton dropped from slightly more than 10 cents per pound to slightly more than six cents.

You forgot to mention, Mr. Rayburn, that in 1939 just before the war scare began sending prices up, and six years after a Democrat became president, the average price paid for cotton in Texas was still only slightly more than eight cents per pound—or two cents per pound less than it was during the last year a full Republican administration was in control of the government. This was after the gold standard was changed and the dollar was inflated.

You forgot to mention, Mr. Rayburn, that General Eisenhower is in favor of returning Texas' tidelands back to Texas, while your candidate is opposed to state ownership of the tidelands.

You forgot to mention, Mr. Rayburn, that your candidate is in favor of the so-called fair employment practices measure which could send bureaucrats to Texas with authority to tell Texans employing more than a specified number of persons that they must employ a specified percentage from certain races.

You forgot to mention, Mr. Rayburn, that General Eisenhower is opposed to any compulsory so-called fair employment practices bill.

You forgot to mention, Mr. Rayburn, that the Truman administration has spent in seven years 21 billion dollars more than all the preceding administrations from Washington through Roosevelt, and that our taxes now are outrageously high.

You forgot to mention many things Mr. Rayburn. You called attention to the many honors you have been given in the congress, but you forgot to mention that Texans sent you to Congress; have kept you in congress, and it is to Texans you owe your success—not to Truman and his ilk.

You forgot to mention, Mr. Rayburn, that it is extremely important for all Texans who put principle and the welfare of Texas above all to

Mrs. Artie Davis, Society Editor

Sonora, Texas, Friday October 31, 1952

Miss Nancy Eaton, daughter of Mr. and Mrs. John Eaton, will be married on November 28, to Norman Gene Groom, son of Mr. and Mrs. Frank E. Groom of Fort Worth. The wedding will be held at the home of Mr. and Mrs. Louis Davis.

TWO COUPLES HOSTS AT DINNER BRIDGE PARTY

Mr. and Mrs. A. E. Lowe and Mr. and Mrs. Libb Wallace were hosts at a dinner bridge party Monday night at the Ka-Bar Club.

Mrs. J. F. Howell won ladies high score, Mrs. Andre Truden won ladies slam, Mrs. Sid Rogge won bingo and Mrs. Robert Kelley won ladies consolation prize.

Mens high score was won by R. W. Wallace, slam by James D. Trainer, bingo by Jack Mackey, and George Brockman won the consolation prize.

There were 22 table of guests.

STUDY GROUP MEETS WITH MRS DAVIS MONDAY NIGHT

St. Anne's Bible Study Group met Monday night at the home of Mrs. John M. Davis. After a study session on the Book of Exodus, a social hour was held.

A sandwich plate and coffee was served to Mmes. John Bunnell, Ruth E. White, Louis Davis, B. W. Babb, Father Cyril Herman and a tea guest Mrs. Monte Kirkland.

MISS EATON HONORED WITH LUNCHEON

A luncheon honoring Miss Nancy Eaton, bride elect, was given by her aunt, Mrs. W. L. Davis, at her ranch home Sunday. A color scheme of green and white, the honoree's chosen colors, was carried out. The table was laid with an imported white damask linen cloth centered with white mums in a crystal bowl. A gift was presented to Miss Eaton.

Small white and green nutbaskets were given a favors to Rita Renfro, Betty Sue Allen, Patsy Drennan, Marilyn Mittel, Lois Lu Lomax, Elsie Street, Betsy Ross, Carol Marvin of Del Rio and Nina Jennings of San Angelo.

HUDSON-LANCASTER WEDDING READ SATURDAY

Mrs. Reba Lancaster and A. C. Hudson, son of Mr. and Mrs. B. E. Hudson of Dumas, Texas, were married Saturday afternoon in a double-ring ceremony read at the Baptist parsonage. The Rev. J. E. Eldridge officiated.

Attending the couple were Mrs. Charles Reddock and Joe Richard Lancaster.

Mrs. Lancaster wore an imported black and pink tweed suit with black and pink accessories and wore a corsage of pink carnations.

Following a trip to San Antonio, the couple is at home here, where Hudson is employed by the E. I. Ott Motor Company.

Mr. and Mrs. L. E. Johnson, Sr., and grandchildren spent the weekend in San Antonio.

KNITTLE-THOMPSON RITES READ HERE OCTOBE 18

In a double-ring ceremony performed at St. John's Episcopal Church October 18, Mrs. Lois Thomson was married to Ray Knittle. Mrs. Thomson's brother-in-law, the Rev. J. E. Winslow, officiated.

Mrs. Winslow and Joe M. Vander Stucken attended the couple. Mrs. Thomson wore a street-length dress of seafoam green lace over taffeta. She wore an orchid corsage.

A reception was held following the ceremony at the Winslow home. Mrs. Thad Thomson of Eldorado served the cake and Mrs. Roy E. Aldwell and Mrs. Joe M. Vander Stucken served the coffee and punch. About thirty attended.

After a trip to Monterrey, the couple will tour the western states before returning to Los Angeles, where they will make their home.

Personal Notes

Mr. and Mrs. J. E. Bennett, of Christoval, were here Thursday to visit his Aunt, Mrs. C. P. Bruce and cousin, D. C. Bruce and family and his brother, G. G. Bennett.

Mr. and Mrs. L. O. Biggs and family spent Sunday in Burnet with her brother, Emmett Lewis and family.

Mrs. Harry Bochat and Mrs. Harry Stewart of Del Rio and Mrs. Andrew Bode of Loma Alta are here this week with their father, Mr. C. F. Bode.

Personal Notes

Mr. and Mrs. W. C. Bricker spent Sunday evening in Eldorado with his sister, Mrs. John West and family.

Mrs. Ellen Ray is visiting her sister, Mrs. O. C. Mangold and family in Corsicana for two weeks.

Mrs. Margaret Dunagan of Odessa spent the weekend with her mother, Mrs. R. L. Hallum and her son Jon.

Mrs. Lela Sheldon, of Los Angeles, and Mrs. Ila Smedley of San Bernardino, Calif., were guests last weekend of Mrs. Sheldon's brother, L. C. Hardesty and family.

ANOTHER DROUTH WINTER INVITES SEIGE OF 'WHITE MUSCLE DISEASE'

The stage is set for another winter of narrow nutritive margins for livestock. The continuing drouth is responsible, says C. M. Patterson, veterinarian for the Texas Agricultural Extension Service, for conditions that can cause trouble for livestock producers unless corrective measures are taken.

Animals during the past months, have had little chance to build up reserves of vitamin A for carrying them through the winter and according to Patterson, it appears that conditions are becoming favorable for the reoccurrence of "white-muscle disease." This disease caused heavy livestock losses last winter in the north-east fourth of the state.

Patterson warns that unless rations of pastured animals are supplemented, with vitamin A rich feeds, respiratory trouble will increase as changes in the weather become more sudden. If the lack of rainfall prevents the growing of winter grazing crops, green hay or vitamin A enriched concentrates must be supplied. In addition to bronchitis and pneumonia prevention, the veterinarian points out that vitamin A also plays a very important role in animal reproduction. The large number of aborted, still-born or weak and deformed calves dropped last spring, he adds, was a direct result of the lack of green feed last fall and winter.

Tidelands Question Explained By Geologists

A confusion has been established in the minds of people not only by the erroneous use of the term "tidelands" but also by an attempt to establish these offshore submerged lands to be of no economic importance to the State of Texas.

The offshore submerged lands of Texas and Louisiana are but a continuation of the Gulf Coast Embayment, part of which is located on land, part of which is covered by water. This structural province covers the entire Gulf of Mexico, including the shore areas immediately surrounding it.

This geological province is a very large basin into which rivers, during millions of years, have deposited sediments many thousands of feet thick. Folding, faulting, and slipping through earth structural changes and piercement by salt masses have resulted in the formation of reservoirs favorable for the accumulation of gas, oil, and sulphur.

The oil fields located along the Gulf Coast of Old Mexico, Texas, and Louisiana are on the landward parts of this basin. The early discovery of these fields was due to the fact that these areas were above sea level where it was cheaper and easier to drill and not be-

cause the structures, traps, and salt domes do not occur where the land is below sea level. Sea level has nothing to do with the occurrence of these traps and structures.

With the increase in the demand for oil, gas and sulphur and improved methods for exploration and drilling, development of the submerged lands became economically feasible and resulted in the discovery of numerous structures and fields off shore. These operations were successfully conducted on the submerged lands of Louisiana and Texas until the title to these offshore submerged lands was questioned by the Federal Government in Washington, after which, all drilling was terminated on the submerged lands of Texas.

These undeveloped lands of Texas occur along the same structural trend and at similar depths to the large number of oil and gas fields and sulphur domes that are presently being produced in southern Louisiana on submerged areas raised above sea level by the great delta of the Mississippi River and its distributaries. (Refer Map Exhibit). If, by Geological happenstance, the Mississippi River had been diverted westward into Texas, at an earlier time, the re-

verse of the existing status would no doubt exist. The Texas structures and traps would have already been discovered and developed.

The vastness of the oil, gas, con-

densate, and sulphur potentialities in this submerged land area is indicated by the discoveries made on the landward portion of this basin.

As of January 1, 1952 there were

1,085 oil and gas fields producing in Railroad Commission Districts 2, 3, and 4, within a 100 mile belt along the Gulf Coast line of Texas alone. From these fields, as of the same date 11.9 trillion cubic feet of gas, 5.046 billion barrels of oil and condensate, and 70.9 million long tons of sulphur had already been produced. As of the same date, there still remains a future estimated reserve, already discovered, to be produced, of 50 trillion cubic feet of gas, 5.965 billion barrels of oil and condensate and 50 million long tons of sulphur.

The total gas, oil, condensate, and sulphur discovered in the coastal belt of Texas as of January 1, 1952 was, therefore, 61,940 trillion cubic feet of gas, 11,011 billion barrels of oil and condensate and 120.9 million long tons of sulphur. These total ultimate future recovery estimates are very conservative in that they do not include the fields discovered since the first of the year nor those yet to be discovered in the same land area 70 new fields have already been discovered this year.

The Texas submerged land areas, immediately adjacent to the Gulf Coastal belt of Railroad Commission Districts 2, 3, and 4 extending for over 400 miles along the coast line having the same geological and structural features have a potentiality for the production of oil, gas, condensate, and sulphur greatly in excess of these totals because of its greater area, better reservoir conditions, and the full use of modern methods of recovery.

However, if the potentialities be assumed to be limited to the equivalent of the ultimate recoveries as set forth above, then the gross ultimate income from the gas at 15¢ per 1,000 cubic feet would amount to \$9,291,000,000. The oil and condensate at an average of \$2.65 per barrel \$29,179,150,000, and

the sulphur at a value of \$25.00 per long ton \$3,022,500,000 or a total of \$41,492,650,000. A more realistic forecast of the possible gross ultimate income would probably be twice the above figure, or say \$30 billion.

A royalty of 1-8 accruing to the public school fund would amount to say \$5,000,000,000 on the minimum estimate or \$10,000,000,000 on that of the more realistic figure, not including the amounts that would accrue as a bonus for leasing the lands or the rentals received therefrom. It also would not include any ad valorem taxes or a 5% gross production and pipe line tax, the latter alone would amount to \$2,000,000,000 or \$4,000,000,000, respectively.

If the ownership to these potential oil, gas, and sulphur reserves are seized and nationalized by the Government in Washington, it not only means the loss of this future income to the State School Fund that will have to be replaced by taxes, but will also remove these taxable values as a source of future ad valorem income required to offset the declining oil and gas values of the existing fields located on the adjacent onshore unsubmerged land areas.

This brief review of what the Submerged Lands of Texas or the so-called "Tidelands Case" means to Texas and Texans has been evaluated as a public service to the People of Texas by Texas Geologists and Registered Engineers functioning solely as Texas citizens.

Mr. and Mrs. John M. Davis and Mr. and Mrs. Harvey Cooper had as their guests before and after the game Friday night Mr. and Mrs. H. O. Anderson, Mr. and Mrs. Ed. Schultz of Eden and Mr. and Mrs. Buddy Shanklin, Mr. and Mrs. Hobson Cloudt of Rocksprings.

MRS. TOMMY SMITH HOSTESS TO BRIDGE CLUB

Sonora Feed & Supply

Was This Trip Necessary?

These days, all Americans are asking themselves:

"Did we have to get into this Korean mess?"

"Couldn't it have been stopped early in the game?"

And parents of draft-age sons are asking themselves:

"Is my son paying for Administration bungling in our foreign policy?"

Questions like these deserve answers—demand answers. If the Administration can't reply frankly—to your satisfaction—it certainly doesn't deserve your confidence. And this November, it surely doesn't deserve your vote!

Of course, the State Department has tried to explain. But if you're still not satisfied with their story, it's time to turn somewhere else—to someone else. It's time to listen to Dwight D. Eisenhower.

And here are Ike's own words on the reasons behind the Korea mess:

"Why are we at war in Korea?"

"We are in that war because this Administration grossly underestimated the actual threat.

"We are in that war because this Administration allowed America, in a time when strength was needed, to become weak. Consequently it felt impelled to take its forces out of that region.

"We are in that war because, having helped set up the Korean Republic, and knowing that strength was being massed against that Republic north of its borders, there was a failure to build up adequate strength in Korea's own defense forces.

"We are in that war because this Administration abandoned China to the Communists.

"We are in that war because this Administration announced to all the world that it had written off most of the Far East as beyond our direct concern."

Dwight D. Eisenhower
D W I G H T D. E I S E N H O W E R

Doesn't that all make sense—the best sense you've heard yet? Isn't that the kind of straight, clear thinking you want for America? Then on Election Day, remember—

It's Time For A Change — for the better!

Vote for **EISENHOWER**
and **NIXON**
