

Eisenhower Carries County

DWIGHT D. EISENHOWER

Sutton County voters turned out Tuesday in record numbers to give General Dwight Eisenhower nearly a two to one majority in the presidential race against Governor Stevenson. The final count was 581 to 351.

All kinds of voting records were broken Tuesday. The 936 votes cast was the largest number ever cast here. The total of 1035 poll taxes paid was also the greatest number ever issued in this county.

Election judges said only four voted were illegally marked and had to be thrown out. The total vote represented over 90 percent of the county electorate. Over the nation nearly 85 percent of those eligible to vote did so. This was a marked increase over the 51 percent who voted in the national elections of 1948.

In precinct No. 1, Eisenhower received 269 votes to Stevenson's 191. Of Eisenhower's 269, 130 were straight Republican tickets and the remainder were some form of a split ballot.

The county accepted one constitutional amendment and rejected one. The amendment providing a workman's compensation program for municipal, county and state agencies carried here 282 to 224. The amendment providing a state medical education fund failed 279 to 230.

All Sutton County and precinct Democratic nominees were elected.

Governor Shivers received a total of 868 votes. Of these, 582 were Democratic and 286 were Republican. Price Daniel, newly elected Senator, got 578 Democratic votes and 285 Republican votes.

Tuesday's election marked the second time in the history of Sutton County that voters chose a Republican candidate for president. In 1928, with 392 ballots cast, ex-president Hoover's electors received 290 votes, while the late Al Smith's electors got 92 votes.

Loan Association Re-Elects Officers

Joe Brown Ross of Sonora and P. T. Robison of Ozona were re-elected president and vice-president of the Sonora National Farm Loan Association at a directors meeting Monday following the annual stockholders meeting. A. E. Prugel was re-elected secretary-treasurer and Mrs. S. H. Hamby was re-elected office secretary.

The stockholders renamed the same directors, Ross, Robison, James Tilliams and B. E. Moore of Eldorado and Charles E. Davidson, Jr., of Ozona.

The organization is one of the largest of its type in Texas. It has about 140 stockholders, a capital stock of \$127,000 and \$200,000 in surplus and reserves. The group has two and half million dollars in loans.

Elliott School Carnival Nets \$308 Friday

The L. W. Elliott School carnival Friday night netted \$308.80 according to Carl W. Jones, principal of the school.

Esperanza Chavez, eighth grade princess, was crowned queen of the carnival. Her escort was Cresencio Hernandez. Other princesses and their escorts were Maria Valadez and Reuben Castillo; Yolanda Sosa and Donny Brown; Emma Lopez and Carlos Badillo; Ana Maria Badillo and Freddy Bermea; Impara Brown and Nick Bermea; Alice Sosa and Emelio Perez. The girls wore ballerina-length formal. The queen and her court were entertained by a group of fourth, fifth and sixth grade girls who danced "La Raspa" a Mexican folk dance.

Following the program different booths were opened and the carnival ended with the showing of a free movie.

Ladies Beat Men In Rifle Match

The Ladies' Rifle Team of the Sutton County Rifle and Pistol Club beat a men's team twice last Sunday to make a clean sweep out of a three-match contest. Captained by Cashes Taylor, the men went down shooting by scores of 195-183 and 201-185.

Members of the ladies' group are Mrs. Herbert Fields, Mrs. Louie Martin, Mrs. Tom Guest, and Misses Betty Drennan and Patsy Drennan.

Members of the men's team are Cashes Taylor, L. P. Bloodworth, Wilfred Berger, F. L. McKinney and Stanley Mayfield.

In a practice match the ladies' team was defeated by a team composed of Tom Guest, Bill Drennan, Sam Karnes, Herbert Fields and Sid Rogge. The score was 205-189.

The previous Sunday many of the members attended a barbecue given by Dave Locklin. The barbecue was the result of another match the ladies' team won from the men. Locklin included cigars and chocolates with the feed.

Club members were busy Sunday with preparations for the Armistice Day turkey shoot which starts Tuesday at 10 o'clock. Twenty-five turkeys will be given away and a free barbecue will be served.

Mr. and Mrs. George H. Neill visited their daughters, Misses Jane and Nancy Neill last week at Austin. They also attended the Texas-SMU football game.

Mrs. Lee Labenske has been in Dallas attending the American Fashion Association's Advance Spring and Resort market.

Mr. and Mrs. Kenneth Babcock and daughter, Sherry, of McCamey were guests Sunday of his parents, Mr. and Mrs. O. G. Babcock.

Sheep And Goat Raisers Convene Monday For 37th Annual Session

Interesting speakers, good entertainment, a style show honoring "Miss Wool and Her Ten Pretty Maids," and a chance to just visit are offered to all who attend the 37th Annual Convention of the Texas Sheep and Goat Raisers' Association to be held here November 10-12, 1952. The first day will be mostly for registration and committee meetings. Headquarters will be the Cactus Hotel.

John T. Williams, Sanderson, Association president, has announced that speakers will cover important phases of the industry. J. C. Petersen, president, national Lamb Feeders Association, Spencer, Iowa, and manager of a firm that buys several hundred thousand West Texas lambs annually will be on the program.

What is being done to promote the use of wool and mohair at a time when man-made fibers catch the public's eye will be covered by F. Eugene Acherman, president, Wool Bureau, New York City. J. M. (Casey) Jones, Executive Secretary of the National Wool Growers Association will cover that Association's activities on behalf of the grower and explain a new plan of "Parity-Tax for Tax Payer Protection."

Williams said that two talks which will be of great interest to dry West Texas will be on "Water for Texas" and soil and water conservation in general. Gibb Gilchrist, Chancellor of the Texas A. & M. College and J. C. Dykes, Deputy Chief of the United States Soil Conservation Service will cover those two topics. Two well known San Angelo speakers, State Senator Dorsey B. Harde-

man and Congressman O. C. Fisher, complete the roster of speakers.

Of particular interest to the ladies will be the "Miss Wool and Her Ten Pretty Maids" style show and contest Monday night, November 10, Williams said. Eleven girls selected as finalists in a state-wide contest will model wool dresses designed and made expressly for the occasion. Nationally famous manufacturer

Garrett Injured In Rig Accident

Carrell Garrett suffered a broken left arm and severe head cuts Saturday night in a drilling rig accident on the S. H. Allison ranch, twelve miles east of Sonora.

Garrett, employed by the DeLaney Drilling Company, was tightening a pipe connection about 20 feet from the ground. As he pulled down the wrench slipped off the pipe, causing him to lose his balance and fall from the rig.

He was taken the Hudspeth Memorial Hospital, where his condition is described as satisfactory.

Attend Roosevelt Lodge

Several members of the Sonora Dea Ora Lodge put on degree work Wednesday night at the Fort Terrett Lodge, Roosevelt. Those attending were Raymond Morgan, Boyd Lovelace, Bill Smith, Louie Smith and James Wilson.

A PAINTING FOR THE CHAPLAIN—Sergeant Hwang Byung Tae, right, presents an unusual religious painting to Army Chaplain (1st Lt.) John W. Lind, of Moriah, N.Y. The 23-year-old former Korean art teacher, now attached to the U.S. Army in Korea, used ordinary paint on plywood for the picture, for oils and canvas were unavailable.

... Son of a gun ...

We can't say we were one of those guys who knew all the time how the election was going to come out. We figured all along that Stevenson would win by about the same margin locally, in the state and in the nation that Eisenhower won by. At any rate, we are highly gratified by the decisive action of the American people in electing General Eisenhower.

Around 90 percent of the eligible voters in the county cast their ballots, a fine recommendation for any community. Much credit should go to the Sonora Woman's Club and its "Get Out The Vote Committee" headed by Mrs. E. H. Cusenbary. The ladies tried to telephone every eligible voter twice before the election with a plea to vote for the candidate of their choice, but vote. Members of the club also sat with about ten babies while their mothers voted and took several people to the Polls.

The local Ike headquarters was very active in mailing election material to voters, distributing Ike buttons and pins to all and sundry and serving free coffee to anyone dropping in. Mrs. Charles F. Browne, chairman of the Womanpower for Ike committee and co-chairman of the county committee, said she wanted to thank the many citizens, most of whom are Democrats, who helped elect Eisenhower and Nixon.

Governor Stevenson's speech in which he conceded the election came at 12:45 Wednesday morning and was a fine, patriotic speech. The governor found it hard to keep his voice under control. He congratulated Eisenhower, called on all Americans to forget their political differences and pull together for the good of the nation. He said he felt like the little boy who stumped his toe in the dark. He was too big to cry, but it hurt too bad to laugh.

MISC. DEPT.—Sam Hull left by train Wednesday to recover his car which the FBI turned up in New Orleans. A 22-year-old man was arrested. The car was stolen from in front of Hull's house about two weeks ago.

We left two names off the committee which is running the Hudspeth Memorial Hospital. In addition to Joe M. Vander Stucken, Mrs. E. E. Sawyer and L. W. Elliott, there are Joe Brown Ross and Mrs. W. R. Cusenbary. Room rates have been cut to \$10, \$12 and \$14, according to Vander Stucken. No hospital admissions or dismissals were available this week.

Sonora Wins 13-12 Over Mason; Play Blanket Tonight

Sonora took the Mason Cowpunchers Friday night in Mason 13-12. Mason struck first toward the end of the first quarter when Bobby Don Durst passed to Sonny Holt, who got behind the Sonora defense and ran 14 yards for the score. The point try failed.

The Broncos came back with a quick two-score rally in the second quarter, George Wright making both touchdowns. Wright passed to Bobby Scott for the extra point that was to mean the difference between a tie and a win.

Mason took the kickoff and worked down to the Sonora four, where Sonny Holt again scored, this time on a four-yard off tackle play.

In the second half, both teams seemed to be on the defensive. Neither made a serious threat.

Tonight Sonora plays Blanket in a non-district contest. Very little is known of the Tigers' record this season. According to the lineup, the Tigers are lighter and fewer than the Broncos. Game time is 7:30 o'clock.

CYNTHIA HALL ELECTED HOMEMAKERS PRESIDENT

Cynthia Hall, daughter of Mr. and Mrs. G. H. Hall, was elected president of the Future Homemakers of America, District 5, at a meeting held Saturday in Eldorado. About 250 girls in this area attended.

Other district officers elected included Longuita Sharp of Big Lake, vice-president; Sue Matson of San Angelo, recording secretary; Trudy Gaynor of Eldorado, corresponding secretary.

Twenty-one Sonora girls attended. Luncheon was served in the Eldorado school cafeteria and a musical program was presented. Following the business meeting, a panel discussion was held on the subject, "Responsibilities of Youth Today."

Nov. 15 Deadline For PMA Signing

Producers of Sutton County are reminded that November 15 is the latest date set by the committee for contacting the local PMA office and signing applications for 1953 AC Program work. Mrs. O. C. Ogden, secretary, issued the following statement:

"If you plan to carry out any work under the 1953 AC Program please come in and let us know what your plans are. If you do not wish to carry out a practice, then come by and enter your signature on the application Form, and state that you do not wish to do any work this year.

"Our News Letter was mailed to you a few weeks ago, stating a list of all practices approved for Sutton County. We are trying to contact all producers in the county. We have your file set up, and if you do not plan to do any work under the program, please notify us to that effect, so that your file will be complete.

"The County Committee has quite a lot of paper work to be done before the 1953 program can be started so please come in and sign your application."

WAYNE HEGWOOD BREAKS LEG IN TRAFFIC MISHAP

Wayne Hegwood, 47, Sonora oil company employee, suffered a broken left leg late Sunday afternoon when his motorcycle collided with a car in San Angelo. He was taken to St. John's Hospital where his condition is described as satisfactory.

According to G. D. Crowley, city patrolman, the car, driven by Mrs. H. D. Montgomery, San Angelo, stopped for a signal light at second Street and Chabourne when the motorcycle rammed it.

Loeffler Given Honor

Norris Dean Loeffler, University of Texas student from Sonora, was initiated into Sigma Delta Chi, professional journalism fraternity.

Loeffler, who is a junior journalism student, is a member of the staff of the Daily Texan, student newspaper; the Men's Independent Campus Association; and the Wesley Foundation, Methodist student's organization.

He is the son of Mr. and Mrs. S. M. Loeffler.

Dr. Price To Head West Texas Vets

Dr. D. A. Price, veterinarian at the Ranch Experiment Station, Sonora, was elected president of the West Texas Veterinary Association last Saturday in San Angelo. Other officers elected at the afternoon business session are Dr. W. R. Bens n, San Saba, vice-president, and Dr. W. G. DuBose, San Angelo, secretary and treasurer.

The meeting opened Saturday morning with a talk by Dr. R. D. Turk, head of the Texas A. & M. department of parasitology. Other speakers were Charles K. Alexander of San Angelo, Dr. B. D. Hancock of Fort Dodge, Iowa, who spoke on "Therapeutic Use of Rumen Control," and Dr. W. F. Irwin of Tulsa, Okla., who discussed "Small Animal Practice."

Mrs. Nellie Allen has been receiving medical treatment in a San Angelo hospital this week.

LET'S TALK LIVESTOCK BY TED GOULDY

FortWorth—It is considered a certainty by livestock men and packinghouse men at Fort Worth that another effort to get ceiling prices and compulsory grading removed from cattle and hogs will be made right away.

The fact that compulsory grading adds considerable expense to the cost of meat has been cited by packers as hurting the consumer who eventually pays the bill.

The fact that many retail meat handlers have not given their customers full benefit of lower whole sale prices is allegedly responsible for some curtailed consumption of meat and has made slipping cattle and hog prices lose ground faster.

Reason advanced by the trade for thinking cattle growers and hog men will redouble their efforts was the recent victory of the sheep industry in getting the wholesale ceilings and compulsory grading and classification removed.

This fight launched at Fort Worth early this year by sheepmen, Fort Worth market men and packers, has won plaudits from people all over the nation in the livestock or meat business.

Parity on October 15, as announced by the Bureau of Agricultural Economics, on livestock and wool was announced last week: Average prices, effective parity prices and percentage of parity

CREATIVE WORKS

PROTECTIVE BY COPYRIGHT
The United States copyright law give to authors, composers and artists the exclusive right to their works for a period of twenty-eight years. During that time others are prohibited from copying or reprinting such works without permission of the copyright owner. Copyrights are renewable once for a second period of twenty-eight years.

Works that may be protected under our copyright laws include books (not only bound volumes, but also pamphlets, leaflets and even single sheets); periodicals (newspapers, magazines, reviews, bulletins, proceedings of societies, serial publications, etc., which appear at regular intervals of less than a year); contributions to periodicals; lectures, sermons or addresses prepared for oral delivery; musical compositions and dramatic or dramatic-musical compositions.

Also maps; works of art; models or designs for works of art; published three dimensional works of art; reproductions of works of art; drawings or plastic works of a scientific or technical character; photographs; prints and pictorial illustrations including prints (advertisements) or labels used for articles of merchandise; motion

picture photo-plays, and motion picture other than photoplays.

Lawyers say the principal steps to be taken in securing a copyright include (1) properly marking the work with a notice of copyright, (2) publishing the work, and then (3) filing with the Register of Copyrights in Washington an application for registration of the copyright. A relatively small fee and a specified number of copies of the work must accompany the application.

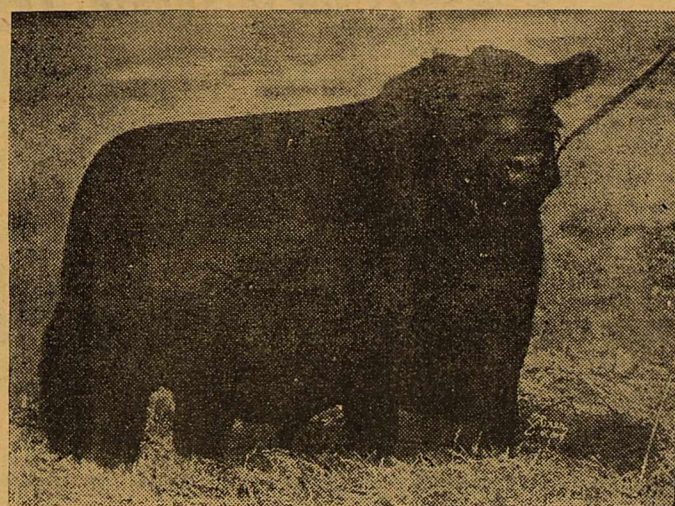

It should be noted that the marking must precede publication, and that both of these steps must precede the filing of the application.

Failure to incorporate the notice of copyright before publication or to set it up in proper form or to place it in the proper place on the works will result in abandonment to the public of the claimant's rights. He will lose his copyright. Requirements vary in respect to the form of the notice, and the place on the works at which it should appear depending on the nature of the works, whether they are published or unpublished, and other factors.

On some works it is mandatory that the notice contain the word "Copyright" or the abbreviation "Copr.;" on certain other works, the letter "C" enclosed within a circle may be used instead. On some works the notice must include the year in which the work was first published.

In every notice the copyright claimant must be identified. In some cases the full name of the claimant is required; in others the initials or monogram, or an identifying mark or symbol, is sufficient. The name or mark may be that of the creator of the work, or of one to whom the copyright has been assigned.

In the case of a book, for example, the copyright notice should be placed on the title page or the page immediately following in every published copy of the book, and should consist of the word

HALF INTEREST IN U. S. CHAMP ABERDEEN-ANGUS BULL TO TEXAS RANCHER

Simon Angus Farm, Madison, Kansas, has sold half interest in Prince 105 SAF, above to Robert S. Hays, owner of Hays Ranch, Kerrville, Texas for a large unrevealed sum. This sensational summer yearling angus bull, was Junior and Reserve Grand Champion at the American Royal Livestock Show held last week at Kansas City, Missouri and at the two recently held National Angus Shows at Lincoln, Nebr. and Tulsa, Okla. and grand champion where shown elsewhere. Prince 105 SAF will come to Texas for a limited time, after he is shown at the International Livestock Show and Exposition, Chicago, Ill., Nov. 29 to Dec. 6th. He will assist Mr. Mays' \$53,000.00 Chief herd sire, Homeplace Eileemere 104th in his quality herd of Registered Aberdeen-Angus cattle.

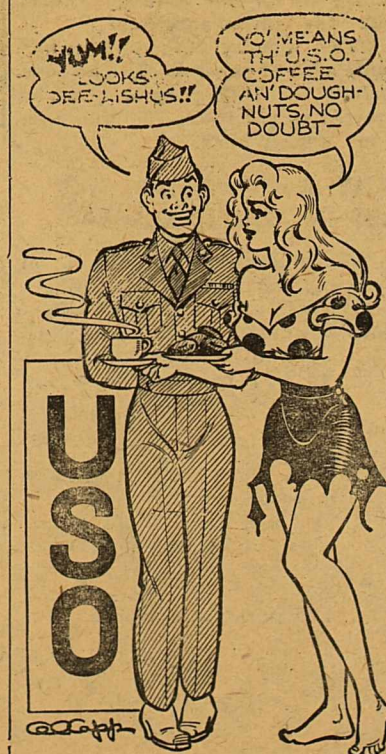

"Copyright" or the abbreviation "Copr.," the year of publication and the name of the copyright proprietor.

If the proprietor is the author, he should use his actual name and not a pseudonym or pen name. The application for registration of the copyright should be filed promptly after the first publication of the book, together with two copies of the book and a fee of \$4.00.

Fort Worth Stock Show Premiums Set New Record

A record-breaking total of premiums for the 56 year history of the Southwestern Exposition and Fat Stock Show will be offered at the 1953 exposition, January 30 through February 8, officials announce.

The amount is \$172,373 which represents an increase of \$9,673 over 1951. This figure includes \$26,705 for the horse show as well as the rich cash awards which the winning contestants in the world's greatest indoor rodeo will receive.

For beef breeding cattle, awards amount to \$34,800 (not including carload-and-pen bulls), divided as follows: Herefords \$13,800; Polled Herefords \$3,000; Shorthorns \$6,000; Brahmans \$2,000 and Aberdeen-Angus \$10,000.

The carload-and pen division has greatly increased in interest since it was instituted several years ago and has done much to restore Fort Worth to its pre-eminence as a bull market. Awards in this division are: Herefords \$2,335; Shorthorns \$2,000 and Angus \$2,000.

For open steers, \$10,745 is offered.

The Junior Show in which for the first time in many years girls, as well as boys, will compete offers \$9,508, of which \$3,637 is for the steer division; \$2,000 dairy calves; \$1,128 lambs; \$2,098 pigs and \$645 negro pig show.

With the greatest premiums the show has ever known, officials are looking forward to a highly successful exposition. The '52 show had the largest attendance in the history of the Fort Worth exposition which began in 1896 with the display of a few animals under a tree on a creek bank with boots, hats and small articles of Wes-

MRS. J. W. JOY FETED WITH SHOWER WEDNESDAY

Mrs. George Smith, Mrs. Buddy Ray and Miss Jeanne Barnes honored Mrs. John Wesley Joy with a surprise stork shower Wednesday, October 29, at her home.

Mrs. R.C. Luckie, of Eunice, New Mexico, presided at the guest book.

In the center of the room was a blue and pink stock vase filled with pink and white mums. The table was laid with a lace cloth centered with a bouquet of cut flowers and laid with pink and blue napkins designed as diapers. Favors were toy storks.

Cookies and coffee was served to guests from 3 until 5 o'clock.

The Double-Barred Cross which appears yearly on the Christmas Seal was adopted as the international anti-TB emblem 50 years ago.

YOUR HEALTH

"The only way to avoid the useless waste of life due to traffic accidents is to prevent the accident," reads a warning issued by Dr. Geo. W. Cox, State Health Officer.

"It is not a question of who is right and who is wrong after the accident has occurred," he said, "and automobile accidents never happen merely because of 'bad luck,'—there is a definite cause for everyone of them, although it is not possible to determine the precise origin of every mishap.

"Leaders of the safety movement agree that the most fundamental approach of the solution of our national accident problem lies

in the education and training of the individual. Safety education includes the training of individuals to avoid accidents to themselves and to prevent accidents to others. It involves the acquisition of a certain fund of information, the ability to apply this information to concrete situations, and the building up of habits which will make the application of knowledge to situation automatic.

"The dangerous curves and intersections on the highways of this State are distinctly marked, and automobile drivers can assist greatly in the reduction of deaths from automobile accidents by carefully observing these warning signs.

"Many accidents could be avoided if motorists would drive below the legal speed limits when tired,

sleepy, in rainy weather, or when ice conditions exist. One should adhere closely to the law regarding the dimming of lights for approaching cars. It is an old saying—drink should not drive.

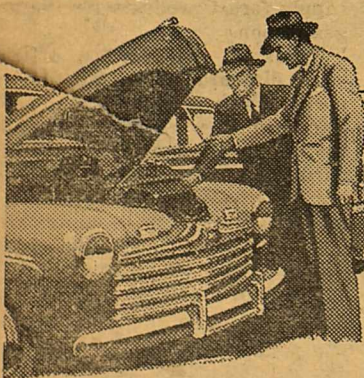

ing, but true, that those who "The consequences of an automobile accident are so disastrous, that only when we have done everything in our power to avoid such accidents, can we consider ourselves, or expect others to consider us, blameless in the case of an accident.

"When each individual does all that he is able to do toward avoiding an accident of any kind, then, and then only, will our traffic accidents be reduced."

Wonderful Way to Start the Day!

Well, there he goes, backing out into the challenge of an October morning—and there's no denying that he's off to a wonderful start.

You see, he's at the wheel of a Golden Anniversary Cadillac—and there's no greater lift to the spirits than the deep-throated whisper of a Cadillac engine.

It says inspiring things to the man at the wheel.

It tells him, first of all, that life must have gone rather nicely—to take him from where he was—to a place where he owns and enjoys a beautiful Cadillac. Pretty good precedent for a good day today!

It tells him, too—that wherever he drives in the day's activities—the Cadillac crest will pave the way for the respect of the people he encounters.

Yes—he feels pretty good as he turns into the highway, touches his toe to the sensitive throttle, and heads into the adventure of another day.

The miles go softly by... the occasional tick-tick of the electric clock reminds him that he's ahead of time for his first appointment... and he settles back—relaxed and at ease. Nice, nice going!

Many men have told us that the drive to work in a Cadillac is the finest part of the day. Their heads are clear and their minds at ease as they roll serenely along—a wonderful time to think and plan.

Of course, this is only an *extra* value that comes with a Cadillac: comes in addition to comfort and safety—and dependability and long life—and all the other wonderful things that make this magnificent car the Standard of the World.

Why not come in and see us—and arrange to enjoy them all yourself?

We'd be happy to see you—any time.

Like your travel with a JOYOUS THRILL?

WE HAVE NEWS for a lot of folks who want more fun from driving than they get from their present cars.

There's a trim bundle of eager high-powered energy that's just the ticket for you — a spirited automobile that can give you thrill after joyous thrill, for mile after fleeting mile.

Why not come in and try the Buick we have in mind?

The excitement starts with your first look at it, your first sitting in it, your first fingering of its slender wheel.

But wait till Dynaflo Drive* begins working its magic—and its constant and complete smoothness fills you with never-ending wonder.

Wait till you feel the bubbling exuberance

of taking your first hill with a high-compression Fireball 8 Engine doing the honors. That's when you get a man-sized sampling of the tremendously able and instantly responsive power you command here.

Wait till you feel the serene satisfaction of skimming over rough roads, cobbles or ridged crossings. That's when you know, better than words can tell, what a million dollars' worth of ride engineering can do in the way of magnificent comfort.

Wait till you jockey into a real tight parking space and note the fun and ease that Power Steering** brings to a once-tough job.

But—why wait?

There's a Buick that can do all this — and more, far more — all ready for you to try it.

And listen: If you can afford a new car, you can afford a Buick.

How about coming in this week for a real sampling of this joyous travel?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. **Optional at extra cost on Roadmaster and Super only.

FIRE HAZARDS INCREASE

Halloween was no joke for Texas Forest Service employees who battled wild forest fires seven days a week throughout October. Most of the fires were caused by careless smokers.

to smoke and numerous accidents hampered fire control activities.

Forest fires have no respect for property or life. At least nine houses were destroyed in the two-day period October 27 and 28. Barns, fences, hay crops and livestock were also lost in the wild forest fires. Even the smallest fire kills little trees, trees needed to supply forest products for the next generation.

Texas Forest Service officials were discouraged by weather reports which promised no relief. Land owners were cautioned to discourage hunting on their property during the current drought. If hunting is permitted, hunters should be cautioned to refrain from smoking. Use of warning fires should be discouraged. Brush burning or burning of fields should be postponed until a safer period. Chaperone your cigarette; don't let it go out alone.

Predictions For Saturday's Collegiate Games
By Ed Mayer, Jr.

This week things slow down a little bit. Last week we got .775 right and pulled our years average

up to .695 for 139 games. This Saturday the big game is at South Bend, Indiana where the Sooners from Oklahoma take on Notre Dame. The Irish are a hot and cold team. They win when they're not supposed to, and lose when they're not supposed to; but hot or cold they don't have much chance against Bud Wilkinson's big red line. I'll take Oklahoma 40-20. In our own Southwest Confer-

ence it looks like Texas is a shoo-in, but things have gone haywire before so we won't make any predictions on the outcome of the race. We pick Rice at the beginning and they have lost five in a row. Texas journeys to Waco this week to take on the Baylor Bears. It looks like Texas 28-17. The Aggies go to Dallas for a meeting with the Ponies. The last five games have been thrillers and we look for another wide open one this week. A. & M. 25-S. M. U. 20. T. C. U. plays host to the Wake Forest Deacons and should win this one. T. C. U. by two TD's 20-7. Rice and Arkansas play the battle of the cellar and we pick Arkansas to stay in the cellar. Rice 21-7. The rest:

- Penn. 7
- Princeton 21
- Duke 28
- Georgia Tech 35
- Tulane 21
- Tennessee 28
- Michigan State 35
- Kansas 26

Now we shall go way out on a limb, saw it three-fourths in two, and try to get back before we fall too hard. OZONA TO UPSET JUNCTION. One touchdown should do the job, but there'll be lots of them scored. Ozona 20-Junction 14. The Broncos should take Blanket 20-7. They've been playing some good ball the last two weeks and we should see a bang up game here with Ozona in a couple of weeks. But first let's beat Blanket.

We Must Have A Goal

By W. H. Marshall

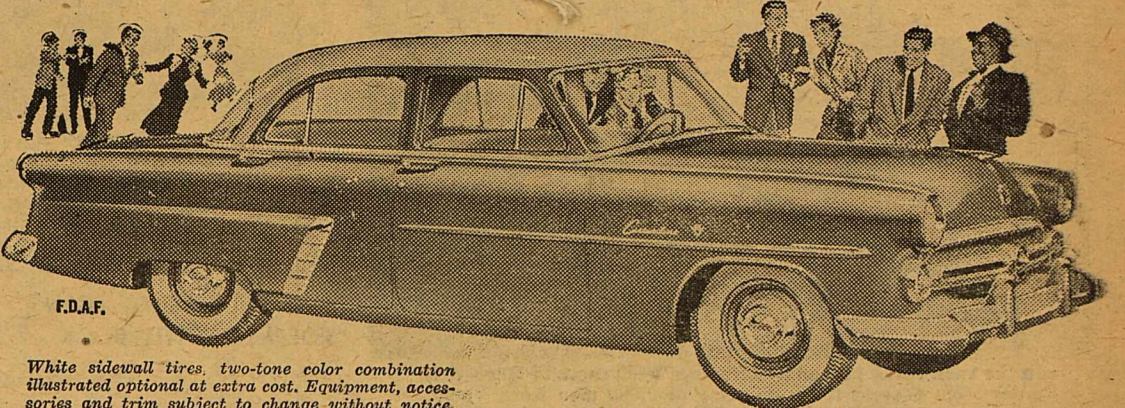

Dr. Jung, eminent Vienna psychologist, one said that fully a third of his patients were suffering from no clinically definable diagnosis, but from the senselessness of their lives. They could find no meaning to existence. They had no goal. Until Dr. Jung aided them in finding a purpose for going on, he could not help them much. They were like the man reported by a filling station employee. As he finished filling an old "jalopy" with gasoline, the rather unimpressed occupant of the car asked directions to the nearest town. "Just follow the sign," was the reply. "But I can't read anything but figgers," said the man; "when I am on the road I can tell how fur it is, but I can't tell where to go." All of us are on life's road, and in our case many of us do not know how "fur" it is, nor "where to." And we think we are pretty smart. Did you ever ask you self; "Just what am I interested in most? What do I give my best effort to? How do I spend my spare time? What am I devoted to? What do I do that gives me the most satisfying feeling that I am a citizen of this world, and of life itself? Do I make life easier for others? Do I respect the rights of others by first respecting myself? Do I have a sense of growth? Do I so live as to carry on a constant battle with my conscience? Can I command myself? Do I command myself? Am I my own boss, or do I do pretty well what "they all do?" Do I dislike people? Why? Do you demand that others feed your "ego?" Are you a self-styled perfectionist? Do you like to preside over the faults of others? Suppose you take over asking the questions now and ask yourself the questions that only you can answer.

Diesels for Future Defense

DETROIT—One of the nation's leading engine builders has inaugurated its return to the marine engine field with the development and production of a series of lightweight Diesel engines for the navy. Previously, Packard Motor Car company had built gas marine engines for both civilian and military use. Shown above Commander A. P. Jones, Navy Bureau of Ships, Washington, D.C., looks over the new engine with James J. Nance, Packard president. This V-12, 600-horsepower engine, of nearly all aluminum construction, weighs about one third as much as others of its type. The development is part of Packard's expansion program which is reaching to all areas of its business. Key parts, including a unique cylinder liner-combustion chamber assembly, are completely interchangeable in different engines of the series. Such items as pistons, rods, heads and other minor parts also can be transferred.

**You Do Two Things
And You Get Well**

When you're sick, you first see your doctor. Next, you probably go to the pharmacy and fill his prescription. And you get well.

Ever think how many times this has happened in your own life? In your own family?

It's a tribute to your doctor—and more than a modest compliment to your pharmacy. For here we have all the drugs your physician may call for, made in the world's foremost pharmaceutical laboratories. From long experience and with infinite care, we compound them to precisely fulfill the prescription your doctor gives you.

So when you're sick, see your doctor; bring his prescription here—and get well.

To The Editor

The Republican's seed has sprouted and grew

In the simplest minds of quite a few

And many a man has gone plain sour

And made up his mind to vote for Eisenhower.

They have promised a lot and they will promise more

But lets look and see what they did before.

Twenty four years have passed and yet,

Those Hoover days I'll never forget.

When Hoover was in I lived on a farm

A dollar bill looked as long as my arm,

I never saw a ten dollar bill

And if Ike is elected I doubt if I will.

When Hoover was in, things were really tight,

The rabbits were scarce and the fish wouldn't bite.

The men were too ragged to go anywhere

And the women wore flour sack underwear.

Remember, men when you cast your vote

If you vote for Ike you'll cut your throat.

Would you rather have a life of ease

Or water gravy and blackeyed Peas?

Ever since 1932 the Republican party has been in a stew;

They've called the Democrats nasty names,

But the banks stayed open just the same.

If Ike is elected I'll move to the farm,

I'll plant some taters behind the barn,

I'll steal my neighbors roasting ears,

And try to get by for four more years.

Funds from the annual sale of Christmas Seals finance the fight against tuberculosis at city, county and state levels in Texas.

TB is costing Texans \$17,500,000 yearly not including hospital buildings of the training of professionals to man them.

72 of each 100,000 Texans died of tuberculosis in 1933. In 1951 the death rate had been reduced to 24.8 per 100,000.

*I think you're
wonderful*

says *Rosalind Russell*

I hope you don't mind if I take this opportunity to tell you what a wonderful person I think you really are. For I've just heard about the way you're planning for your future through Defense Bonds! And I can't help but admire you for being so farsighted, and so practical! And, it makes me proud, too. For I'm a regular Bond buyer myself.

Of course, you and I know what a wonderful buy U. S. Defense Bonds are. But don't you think we ought to let other people in on it, too?

If you'll help me, here are just a few of the things we can tell them:

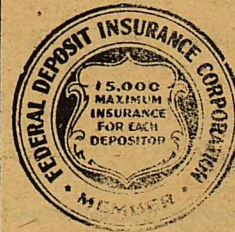

FIRST—Thanks to new Treasury regulations, every Series E Bond we buy begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start.

SECOND—Every Series E Bond we own can now go on earning interest for 10 more years after it reaches the original maturity date—without our lifting a finger!

THIRD—During the 10-year extension period, every unmatured bond earns at the new, higher interest rate (average 3% compounded semiannually). Our original \$18.75 can now pay us back \$33.67. \$37.50 pays back \$67.34. And so on.

FOURTH—When we make ourselves and our families economically secure through buying bonds, we're helping to build the great economic strength that backs up our national defense. And this is a best security our money can buy. For after two world wars we have found that peace is for the strong!

U. S. Defense Bonds are one of the easiest, most convenient forms of saving ever invented. For through the Payroll Savings Plan where you work, you can buy bonds on a time payment plan. Just specify the payments, as large or as small as you like, and they will be automatically set aside from your salary. This way you save the money before you spend it. And millions of people have found this is one sure way to save.

are you the "Toast"

or the
"Roast"

of Your Party Line?

You won't have to ask yourself that question if you follow these four steps:

- 1 Use the line sharingly
- 2 Keep calls reasonably brief
- 3 Space calls fairly
- 4 Hang up the receiver carefully

Yes, follow these steps and you will always be the toast of your telephone party line.
