FORTH-THIRD WEEK

Little League Opens Second Half Of Schedule

The Wednesday night little league game between the Cardinals and the Braves was called off because of the electric storm and will be played this afternoon at 6:30 o'clock at Allison Field.

Beginning next week games will be played on a regular schedule of Tuesday afternoon at 6:30 o'clock and Thursday night at 8 o'clock. This schedule will be followed weekly until August 20, when the second half of league play ends. The Tuesday game must be played in the afternoon because the football field is watered Tuesday nights.

Second half schedule is as follows:

July 21- July 23- July 28- July 30- August 4- August 6- August 11- August 13- August 18- August 20-	Braves-Tigers Cards-Tigers Cards-Braves Braves-Tigers Cards-Tigers Cards-Braves Braves-Tigers Cards-Tigers Cards-Braves Braves-Tigers.

Second Car Of Feed On Way

No more feed for Sutton County has been received here, but the local PMA office received word that a second carload was shipped July 15 and should be here in a day or two.

Mrs. O. C. Odgen, PMA secretary, said there are now 134 applications for feed on file at the local office.

Mrs. Odgen added that the Sonora Wool and Mohair Company has been designated distribution agent for emergency feed to Sutton, Crockett and Edwards Counties. The company will sack and distribute corn and oats. Local feed stores will be called in for assistance. Mrs. Odgen added, if more feed is shipped in than the wool house can handle.

Border Patrol Jobs Now Open

The United States Civil Service Commission has stated that men are urgently needed to fill positions of Patrol Inspector (Trainee) in the Immigration and Naturalization Service.

These positions, for which an examination is currently open, pay \$3,795 a year. They are located in various cities and towns in the vicinity of the land borders and certain coastal areas of the southwestern part of the United States. To qualify, applicants must pass a written test and may be required to report for an oral interview. They must be in good physical condition and must be between the ages of 21 and 35 (45 for persons entitled to veteran preference).

Further information and application form may be obtained at the Postoffice or from the U. S. Civil Service Commission, Washington 25, D. C. Applications should be sent to the Board of U. S. Civil Service Examiners, U. S. Department of Justice, Immigration and Naturalization Service, Temporary Building "X", 19th and East Capitol Streets, Washington 25, D. C., where they will be accepted until further notice.

BRACERO CONTRACTING SIMPLIFIED BY TEC

The crop-killing drought prevalent over a great portion of Texas has cut down the number of Mexican National workers needed to harvest crops, particularly cotton, but areas with good stands of cotton may require supplemental labor, the Texas Employment Commission announced today.

When local or U. S. citizen labor is not available, Mexican Nationals can now be contracted under a new procedure which became effective on July 1, by individuals as well as associations. The new procedure, the agency pointed out, will make it easier, faster, and less costly.

The contracting procedure, which formerly took from five to six weeks, can now be completed in an average of from six to ten days. For those needing only from five to 15 workers, the time may be even less because that many workers are usually on hand at the reception centers. Farmers needing several hundred workers may be delayed for as long as it takes to recruit them out of the interior of Mexico.

Those who contracted Mexican Nationals last year will also find that the rate per worker has been reduced from \$15 to \$11 on the original contract, and from \$7.50 to \$5.50 on a recontracting basis.

Three main requirements must be met before Mexican Nationals can be contracted by either an individual or an association. First, the Texas Employment Commission must certify that it cannot fill the order from domestic sources, at which time the local office of the Texas Employment Commission will issue an "Authorization to Contract Mexican National Agricultural Workers." Second, the TEC must mail the authorization to one of three reception centers located at El Paso, Eagle Pass, or up his workers.

Sonora Reserves Leave Sunday For Camp

Sonora's Army Reserve unit, Company B, 830th Engineer Aviation Battalion, left Sunday for two weeks of training at Wolters Air Force Base, Mineral Wells.

Those attending are Major Thomas S. Darrow, executive officer, 830th EAB, Captain Lea Roy Aldwell, commanding officer of Company B, M-Sgt. E. T. Smith, Jr., Sgt. Bobby Joe Granger, Sgt. Oscar Galindo, Sgt. Howard G. Hay, Jr., and Corporal Wayne E. Brown.

Sonoran's Brother, Wife Killed In Crash Saturday

Funeral services for Mr. and Mrs. A. W. Henderson of San Angelo were held Tuesday afternoon at the Cox Funeral Chapel, San Angelo. Henderson was a brother of Clyde Henderson of Sonora.

The Rev. C. H. Richards, pastor of the Primitive Baptist Church, Santa Anna, officiated and burial was in Lawnhaven Cemetery. Mr. Henderson, 61, and Mrs. Henderson, 58, were killed instantly Saturday night when their car collided with an oil truck on the Big Spring highway, 8 miles north of San Angelo. Their car was demolished. Driver of the truck, James Herman Flowers of Snyder, received minor injuries.

Henderson, shipping clerk for the Monarch Tile Co., and Mrs. Henderson are survived by two sons, Frank Henderson, with the Army in Japan, and James Henderson of Gila Bend, Arizona, and three grandchildren.

Henderson is also survived by three brothers, including Clyde of Sonora, and five sisters.

Annual Ram Sale Begins Saturday In San Angelo

The 17th Annual Registered Rambouillet Ram Sale opens in San Angelo yesterday and ends Saturday. Some 355 rams have been consigned by leading breeders from three states.

Wednesday morning, a Committee of breeders selected stud rams from a large pen in which each consignor has placed his two top rams. This Committee will also select not more than 10 pens of three rams (A-B-C pens) which are sold with the buyers privileged to take all or any number from the pen. Thursday, the consignors were available to show their offerings to prospective buyers. The sale proper will get under way promptly at 10 A. M. Saturday.

All rams in the sale were carefully checked by a rigid Sifting Committee. All rams are bred by the consignor.

For the first time, this sale will be held at Fields & Johnson Sale Barn north of town, instead of the San Angelo Fairgrounds which were destroyed by the tornado. Also, as a result of the tornado, the American Rambouillet Sheep Breeders Association is sponsoring this year's Sale without the aid of the San Angelo Board of City Development.

Nelson Johnson of San Angelo has been employed as auctioneer, and Leo Richardson of Iraan, is Sale manager.

LOCAL ARMY RESERVE RECRUITS IN ARKANSAS

Texas Army reservists without prior active military service will converge on Camp Chaffee, Arkansas, this week for two weeks of intensive military training, according to Col. M. E. Jones, Chief of the Texas Military District. Attending from Sonora are Privates Frank M. Adkins, Richard G. Mayer and Robert J. Minnick.

An anticipated 150 reservists from 75 Texas cities will rendezvous at 10 Texas points to board busses, trains and commercial airliners for the trip to the training site. More air travel has been authorized this year than last due to the distances involved. Rendezvous points are Amarillo, Austin, Beaumont, Dallas, Fort Worth, Harlingen, Houston, San Antonio, Tyler and Waco.

The 15-day period from July 12-26 includes travel time to and from Camp Chaffee. The summer schedule is designed to supplement instruction reservists receive in weekly home-town training periods.

The trainees will be attached to the 95th Infantry Division and will be accompanied to the training site by a non-commissioned officer from each of the rendezvous points.

Mr. and Mrs. R. L. Hallum were in Del Rio Sunday to spend the day with her son, James Barton, and family.

More Strawn Pay On No. 1 Wallace

Any doubt that Sutton County has an oil well was quickly dispelled this week when a second Strawn oil zone was logged at the No. 1 D. W. Wallace Estate, 17 miles southeast of here. The well is being drilled by Ashland Oil and Refining Company and Felmont Oil Corp. on a Stanolind farmout.

On a 34-minute drillstem test between 6,070-98 feet, gas surfaced in three minutes, fluid in 18 minutes, oil in 21 minutes. The section was described as being lower Strawn, the top of which has not been called.

The project then flowed oil at the rate of 25 barrels hourly for 13 minutes. Gravity of the oil was 35.6 degrees. There was no water. Flowing pressure was 705-900 pounds; 20-minute shut-in pressure, 2,100 pounds.

Operator then cut a 46-foot core from 6,098-6,144 feet. Recovery was Pennsylvanian lime having fluorescence, oil odor and oil taste.

The project was drilling below 6,162 feet in lime Tuesday morning.

Earlier, this project flowed oil at the rate of 40 barrels hourly on a 20-minute drillstem test between 4,997-5,026 feet in a section described only as Strawn, topped at 5,000 feet, minus datum point at 2,710 feet, 122 feet high to Pure Oil Co. 1 S. H. Allison, 7-B-HE&WT, 3 1/2 miles north.

The No. 1 Wallace Estate surfacing gas in three minutes, drilling fluid in 12 minutes, oil in 15 minutes.

Flowing pressure was 174-1,525 pounds; 20-minute shut-in pressure, 2,375 pounds.

Additional pay section was indicated in a core cut between 5,026-71 feet. Recovery was 45 feet. The top 29 feet had good vuggy porosity and was oil-saturated. Water was indicated in the bottom 16 feet.

Operator attempted to drillstem test between 5,026-71 feet, but the packer failed immediately and operator did not attempt a second test of this section.

Recovery on a one-hour drillstem test between 5,348-87 feet was 30 feet of drilling mud. Here was a fair blow. Flowing pressure was zero; 20-minute shut-in pressure, 500 pounds.

On a one-hour drillstem test between 6,005-51 feet, gas surfaced in 10 minutes. Recovery was 180 feet of gas-cut mud, 90 feet of heavily oil and gas-cut mud, 90 feet of oil and gas-cut salt water and 2,180 feet of salt water. Flowing pressure was 1,275 pounds; 15-minute shut-in pressure, 2,375 pounds.

Operator will drill ahead to the Ellenburger, then will go back up the hole and test all promising Strawn sections.

Atlantic To Drill Near Roosevelt

The Atlantic Refining Co., has filed application to drill a 3,500-foot rotary wildcat, their 1 Cash Joy, in Sutton six miles west of Roosevelt in Kimble County.

Operations on the prospector will begin when permit is approved. Location, on a 655.6-acre tract, is 680 feet from the north and 760 feet from the east lines of 68-A-GW&TP. Abst 1177.

It is 1 7-8 miles southwest of the Ken (Strawn) field, producing from pay topped at about 2,290 feet, and 1 7-8 miles southeast of Fletcher 1 Adams, abandoned at 3,988 feet. The Ellenburger was topped at 3,664 feet on elevation of 2,027 feet.

It is also 1 3-4 miles north-northeast of Southern Production 1 Garrett, plugged and abandoned July 7, 1948, at 4,578 feet. The Ellenburger was topped at 3,990 feet on elevation of 2,310 feet.

It is also one mile west-southwest of Atlantic 1 Thiers, an active wildcat.

Electric Co-Op Meet Slated At Junction Tuesday

The 9th annual membership meeting of the Kimble Electric Coop., Inc., will be held at the Hill County Fair Grounds on July 21. The Coop., business at Junction will be transacted between 2 and 3 o'clock p. m. However, there will be a full day's activity beginning at 9 a. m. and ending with the amateur talent contest at 3 p. m.

The meeting will be held under tents supplied by the Texas Power Reserve Electric Co-operative. There will be one large tent with stage, sound equipment, and ample seating capacity where the main program and entertainment will be held. There will be additional tents for display of merchandise by various exhibitors. Local exhibitors participating will be Johnnie-G. E. Dealer, T. J. Moore Lumber Yard-Hotpoint and Myers Pumps Dealer, Cowser Electric Co-Frigidare Dealer, Meredith & Henley-Phileo Dealer. There will be other exhibits than the ones mentioned above.

Kelvinator will sponsor the amateur talent contest and all amateurs in the cooperative are invited to participate. The only requirement is that they register with the Cooperative at Junction before 1 p. m. July 21. A Stromberg-Carlson radio will be awarded the winner in each contest, and in addition, the winner of each local show will be judged for the state wide contest to be held in Mineral Wells in October. Finalists for the state wide contest will each receive \$50 for expense money. Winner of the state contest will receive one of Kelvinators major appliances.

Prevues of progress, another fair attraction, is a live stage presentation that opens with a real band a hydrogen explosion-and tells of a world that runs on sunshine. Like the rest of the big entertainment program of the fair it is free, courtesy of the Frigidare dealer exhibiting in the fair.

COST OF POLIO IN INCREASE IN TEXAS

The cost of polio is going up in Texas with 31 local county chapters of the National Foundation for Infantile Paralysis having run out of March of Dimes funds. This has resulted in sending of more than \$150,000 into the state by the Emergency Aid Fund of Foundation headquarters to meet outstanding treatment bills during the first half of 1953.

At the same time, the 1953 incidence of polio is running less than half the 1952 figure, with 487 cases having been reported against the 1952 half year total of 1,096.

According to a report of the U. S. Public Health Service, compiled nationally by the Polio Foundation, there are but 10 states in the country showing less polio in 1953 than in 1952. For the most part, with the exception of Texas, Louisiana and Mississippi, these are states which have had extremely low incidence in the past.

California again leads the country in the total number of cases to date with 877 compared to the 1952 half year total of 544.

lams sold from \$10 to \$15. Old ewes drew \$3.50 to \$5, some solid mouthed ewes \$6 to \$6.50. Old wethers \$6 to \$8. Two-year-olds \$10 down. Fat yearlings wethers drew \$10 to \$15, and feeder yearlings cashed at \$10 to \$12. Old bucks \$2 to \$3.

MAN FOUND DEAD

Jesus Cortez, 77, was found dead in his home behind the Penick warehouse Thursday morning. The discovery was made by a neighbor. Death was attributed to diabetic condition and other complications. Funeral services are pending.

LEGION AUXILIARY TO MEET MONDAY

The Ladies Auxiliary of the American Legion will hold an important business meeting Monday night at 7:30 o'clock at the home of Mrs. R. D. Trainer.

The announcement was made by Mrs. Francis Archer, president. Mrs. Archer urges all members to be present.

JUNCTION BALL CLUB DEFEATS STONEWALL 5-2

The Junction Yankees, aided by three Sonora players, defeated the Stonewall baseball team last Sunday in Junction, 5-2.

John Bell pitched for Junction, giving up only 4 hits and retiring the last eighteen men in order during the last six innings.

Bell had plenty of help on the hitting side, Gene Henderson, Junction shortstop, getting a single and a double and Oliver Wuest, Sonora coach and Junction second baseman, getting two hits. Wuest is still fielding 1,000 for the season.

J. L. Thompson, another Sonoran, will pitch for Junction next Sunday at Boerne.

Mr. and Mrs. Hub Hale have as a guest this week their grandson, David Whitworth, of Rocksprings.

SOCIAL SECURITY AGENT TO BE HERE JULY 24

The social security representative will be in Sonora, Friday July 24, according to George Clark, manager of the San Angelo social security office. He will be available beginning at 9 o'clock in the County Judge's office at the Court House.

The social security representative follows a regular schedule of travel to Sutton County, coming to Sonora once each month. The complete schedule for the current quarter is as follows: July 24, August 21, and September 18.

Clark stated that the representative will be prepared to assist any one wishing to file a claim for old age and survivors insurance; to request a statement of wages posted to his social security account; to apply for a social security account number; or to obtain any information in connection with the social security program.

Personal Notes

Mr. and Mrs. George H. Neill and Miss Nancy Neill were in Midland last weekend, the guests of Judge and Mrs. R. W. Hamilton.

Mr. and Mrs. S. M. Kerbow and children were in San Antonio over the weekend as guests of friends, Mr. and Mrs. G. T. Towley, and family.

Mrs. Stella Keene was a guest of her daughter and son-in-law, Mr. and Mrs. Glen Chadwick, on their ranch near Socorro, New Mexico, last week.

LET'S TALK LIVESTOCK
BY
TED GOULDY

Fort Worth—Demand for stocker and feeder cattle and calves again lead most classes of cattle and calves into higher ground as the trade opened at Fort Worth's stockyards Monday. The brightest spot was the demand for stocker cows. Stocker cows were such a slow commodity three weeks ago that they were virtually unquotable and some good ones sold as low as \$7 an \$8, these kinds compared with cows sold at \$12 to \$14.50 at Fort Worth Monday, easily an advance of \$5 to \$6 per hundred in three weeks. Small calves at side sold today at \$13 to \$17.50, would have done well at \$10 to \$12 three weeks ago. Stocker calves selling up to \$18.50, a few to \$18.75, were 25 to 50 cents up or more.

Slaughter cattle sold fully steady, and spots forced into higher levels by the stocker play. Slaughter calves were spotty, packers again taking a bearish view on the early rounds, but weakening from it in face of good shipper and stocker demand.

Hogs hit the highest peak of the year topping at \$26.25 and \$26.50

... Son of

The Rev. Ralph Bates is a 50-year-old Sonoran who divides his time between conducting the affairs of the Evangelical Christian Church and following his trade at the Garrett Barber Shop. As an ordained minister of the EC Church, Mr. Bates preaches and teaches in Eldorado and here.

One of his self-appointed jobs in bringing the word of God to man is the holding of an hour's service each Sunday afternoon at the county jail.

Services are held in the hallway by the second-floor landing. Only two prisoners were present when we arrived, one standing in the hall, the other peering out from the wicket in his cell door. The Bates family and an Eldorado friend were also present.

The meeting was opened with a short prayer, followed by several familiar hymns, some of which were requested by the two prisoners. Singing without accompaniment, the group made up with enthusiasm what it lacked in musical training. Tenseness disappeared with the singing and Mr. Bates began a 20-minute sermon based on the purpose of St. Paul's first letter to the Corinthians. He spoke slowly and quietly in a resonant baritone that could have reached 200 as easily as it reached two.

The sermon over, he talked privately with each prisoner, outlining a course of meditation and prayer for the week to come, and finding out what reading had been accomplished during the past week.

We asked one prisoner, a man who is awaiting transfer to Huntsville Prison, what he thought about the weekly services. He told us the jail was more like a school, that he had begun to read more than he ever had before, especially the Bible. "It's a hard lesson to learn," he told us, "but I think I understand some things now I didn't see before."

How does Mr. Bates feel about jail services? "It is not an original idea with me," he said. "I've accompanied ministers to jail services in Pecos, Kermit and Odessa, and I've seen such services make absolutely no impression on many prisoners. But I've also seen a few men's lives change because of them, and that makes it worthwhile. If God alters the life of only one man in the thousand I may see in jails in ten years, I feel like it was ten the effort."

"But," he added, "I think the Lord's batting average is a lot better than that."

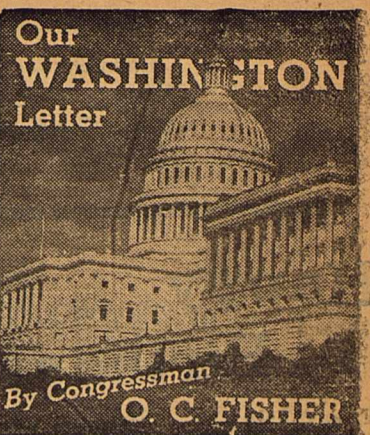

J. B. Lee, who drove the Sonora-San Angelo bus for years and years, and who now lives in Fort Worth, mailed us his annual contribution last week and included, as is his wont, a bit of verse. Lee is now employed with Consolidated Aircraft and gets down to Sonora about every other year. Here's this year's "pome."

I thought for awhile I'd been
dropped from your list,
And wondered if you would
decide to insist
That I remit cash or else
forfeit my right
To read your good paper
with usual delight.
Please pardon me now
my unusual delay
In making my plans to dispatch
you this pay.
Recall that this drouth is a
State-wide affair
And think of our burdens each
other must share.
I fain would remain in
your privileged class,
Because I am fond of your
humorous hash.
Then too, I am overly anxious
to learn
The news of my friends for whom
I always yearn.
I love old Sonora, I'll tell
you for fair;
I dream of her always and
long to be there.
I love the bright sunshine and
strong southern breeze,
The rocks and the hills and the
scrub live-oak trees.
But dearest of all to my heart
are the folks
Who live in the wonderful
land of the oaks;
The spirit of brotherly love
they display,
The warmest handshake and the
friendliest way.
God grant that our country
will always be blessed
With people like this who are doing
their best
To make this gem of the
Westerly way
A place where devotion and
brotherhood stay.

Miss Nancy Neill leaves Friday to accompany Judge and Mrs. R. W. Hamilton of Midland on a vacation trip through Colorado. They will also attend the Frontier Days Celebration at Cheyenne, Wyo.

THE TRIP TO THE DROUTH stricken area of West Texas last week-end was a bit depressing to all the visitors but particularly to the Congressmen from Colorado, Nebraska and Iowa. "There has never been a drouth in my district," commented Congressman Hoeven of Iowa. "I don't recall when there has ever been a crop failure out there."

The Congressmen, members of the House Agriculture Committee, were seeing the conditions firsthand and were collecting information with pending disaster legislation which will soon come before the Congress. They all professed to be deeply impressed by what they saw.

WHILE IN TEXAS, I had the privilege of attending a 4th of July celebration of Hord's Creek Lake near Coleman. There I met Representative Martin Dies who made a fine speech to a large audience. I preceded him on the program with a brief report on recent developments in Washington. Coleman County or most of it had been blessed with good rains a few days before and it was fine to see a feeling of optimism among the people. The rain added 5 feet to the level of Hord's Creek Lake, from which the City of Coleman gets its water supply.

On the evening of the fourth a patriotic celebration and fireworks display took place at Goodfellow Air Force Base at San Angelo. There were more than 10,000 people on hand for the event. I introduced Mr. Dies who made the principal speech for the occasion and was well received and appreciated by the large crowd.

On Sunday Mr. Dies spoke to the Business Men's Bible Class in San Angelo on the subject of "The Christian in Government". He emphasized the moral obligation of citizens to take an active part in political affairs.

MAJOR Marvin A. Mitchell, Jr., of San Angelo, was in Washington to receive reassignment orders at the Pentagon last week. He had just come from Austria where he has served with the Army Engineers for the past three years. During the war he spent more than three years in India. Mitchell has been assigned to a post near Denver.

Other recent visitors have included John W. Stephens, a Harvard Student of Lometa; Mr. and Mrs. John F. Sutton, Jr., of San Angelo; Elton Mims of Water Valley and Ernest Wilson and Clyde C. Sanders of Goldthwaite.

Soil Conservation District News

Prepared by Local SCS Personnel
News of Edwards Plateau Soil Conservation District

Irrigation pasture on H. H. Lawlers Fort Terrett ranch provided sufficient supplemental feed to carry 50 cows, 265 ewes and their offspring through the past dry winter and spring.

The pasture of twenty-six acres was planted with a grass drill owned by the Edwards Plateau Soil Conservation District. The mixture of perennial rye, Kentucky fescue and Madrid clover in October of 1952, furnished grazing for fifty cows by December 18. The cows were taken out January 20 and the pasture rested two months. On March 15, fifty cows and forty-two calves, two hundred and sixty-

five ewes and one hundred and eighty-five lambs were grazed on the pasture until June 1st.

The twenty-six acres furnished the equivalent in grazing of 36 animal units on a year long basis. Since the livestock were taken off, the clover has made rapid growth and is producing a good seed crop.

Mr. and Mrs. Jack Lindsey of Houston are visiting a few days with his uncle, W. C. Anthony, and family.

You can do it too. On the Purina Program the cost is low—less than 50c worth of Purina Growing Chow—plus your grain—to raise a good production-type pullet. We're doing it right at the ranch. After a Chick Startena start, pullets just naturally race to the nest on Purina Growing Chow and grain.

But come out and see for yourself. Our pullets and their records are on display. You'll see why it pays to feed a Purina pullet growing ration to your pullets for economical, early fall eggs.

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

YOUR HEALTH

The State Department of Health moved this week to make sure that all nursing and convalescent homes in Texas are looking after the health and safety of their elderly residents.

Acting under authority granted by the last legislature, the health department mailed licensing application forms to several hundred operators, all of whom must now conform to humane standards of operation or close their doors.

As state health officer, Dr. Geo. W. Cox is administrator of the new licensing law. These are its terms:

Any establishment which provides food and shelter to four or more persons unrelated to the proprietor, and which provides services which meet some need beyond basic provisions of food and shelter and laundry, must apply for an operation license from the State Department of Health.

Hospitals, hotels and similar institutions are not included. Nor are homes conducted by or for adherents of a religious order who depend exclusively on prayer or spiritual means for healing.

Application fees have been set by the legislature at \$25 per year, plus \$1 for each bed maintained by the home. Fees will be applied to paying administrative costs of the law.

The health agency has the authority to make inspections on homes and to revoke license for shoddy operation. Home operator can file grievance complaints in district court in any instance of unfair or arbitrary treatment by the administrators of the law.

Dr. Cox, outspokenly in favor of the licensing law as a method of insuring proper treatment of elderly people in nursing homes, says "some homes in this state are little more than fire traps." He adds:

"This is one condition we hope to eliminate. We will not tolerate unscrupulous persons in the nursing home profession, not when the health and safety of disabled old folks are at stake."

You don't have to be a Mickey Mantle or a Babe Zaharias to be eligible for athlete's foot. You're qualified just by being human.

This ringworm foot infection can come to either sex at any age at any time, although it is probably more prevalent during summer months when feet are more apt to perspire.

You'll know you've got it when your feet begin itching and blistering, and when you see the soggy dead skin between the toes or on the soles. Take action then, and you can usually get rid of it in a hurry. But neglect it and you're in trouble.

Here are some suggestions from State Health Officer George W. Cox which will prevent athlete's foot or help you get rid of it if you have it now:

Dry carefully and thoroughly between your toes after bathing and as often as practical during the day. The disease is caused by a fungus which thrives on damp, perspiring feet.

Massage your feet with a mild rubbing alcohol. This will help prevent spreading the infection from one spot to another.

Dust a good fungicide powder or even an unscented talcum powder or powdered boric acid, between the toes, in stocking and shoes. If at all practical, change stockings once during the day.

Swab all cracks or soggy areas between the toes with one part iodine diluted with ten parts of alcohol.

Wear absorbent socks and put a piece of cotton on areas between the toes where cracks or soggy areas are evident.

Don't use remedies which have been sold for eczema. Consult your physician if the cracks and blisters and soggy areas do not yield to these measures.

And keep this in mind: if athlete's foot is neglected, it can spread readily beyond the feet. The lesions will go deeper and deeper, and may cause critical damage.

MANY THINGS CONSIDERED WHEN DRAFT BOARD CLASSIFIES REGISTRANTS

How does a local draft board consider a draft registrant's case when it comes before the board in the manner governed by law and regulations?

The members of a board sit around a table and the file containing the man's papers are placed before it by the clerk.

The board then considers the man from the following standpoints, based on information in the file:

1. Is he on active duty in the military service? (1-C.)
 2. Is he a conscientious objector who has been ordered to a civilian job? (1-W.)
 3. Is he too old for service under the law? (5-A.)
 4. Can it be determined at the board level whether he is physically, mentally, or morally unfit for service? (4-F.)
 5. Is he a minister of religion or divinity student? (4-D.)
 6. Is he subject to exemption as an alien? (4-C.)
 7. Is he a public official deferred by the law? (4-B.)
 8. Is he a World War II veteran as defined by the law? (4-4.)
 9. Is he subject to deferment because of his dependents? (3-A.)
 10. Is he eligible for deferment as a member of the armed forces reserve or a student taking military training? (1-D.)
 11. Is he a student in a college or university deferrable under local board authority? (2-S.)
 12. Does he meet the requirements for farm or other civilian job deferment? (2-C and 2-A, respectively.)
 13. Is he a college or high school student subject to deferment by law for a short period? (1-S.)
 14. Is he one of the two types of conscientious objectors? (1-O and 1-A-O.)

CHECK TITLE WHEN PURCHASING HOME

A real estate title is a claim of ownership, or your right to land you have purchased. Most of us have little or no idea of the possible pitfalls in acquiring a good title when we buy a home. Many prospective home buyers' title difficulties result from commonly held misconceptions of the significance of certain kinds of real estate papers.

If you can prove your title against all the world, it is a good title. If, in addition, the evidence of your claim of ownership is contained in proper public records, it is a good record title. Ordinarily only a good record title is salable.

How do you know if you are receiving a good title to property you plan to purchase? The safest method is to have a title examination made—that is, a careful study of the abstract and other title evidence.

Here are a few of the common sources of trouble in real estate transactions to show why the minor expense of a title examination is justified.

Many persons sign "earnest money contracts" believing that they are mere receipts with no serious implications. In reality they may specify, among other things, the kind of title you must accept.

A "warranty deed" from a responsible seller is comforting to have but it is a poor substitute for a careful title examination. A warranty deed does not guarantee a marketable title.

Moreover, serious title defects may not come to light until long after the seller on a warranty deed is dead, has moved to an unknown address, or is bankrupt. Even if

POISONED MINDS
By W. H. Marshall

But the unbelieving Jews stirred up the Gentiles and poisoned their minds against the brethren. Acts 14:2.

Uncounted millions of the world's population are suffering today from mental poisoning. Fallacious economics, bar religion, class and race hatred, totalitarianism, secularism, and a long list of other evil philosophies, including communism, are seriously undermining the mental health of the whole world.

Ignorance provides mental poison with its opportunity. This was the situation in Iconium when the Christian preachers arrived. The Gentiles of the city, quite unprepared to pass an intelligent judgment on the points at issue between the Jews and the Christians, listened to the Jews and allowed their minds to be poisoned. From that point on they were spiritually sick, so much so that they became quite incapable of grasping the truth of the gospel.

The Iconium Jews poisoned the minds of the Gentiles with half-truths, and nothing can be more dangerous. The virus of a fractional fact or a partial truth can produce a mind completely deranged.

The hysteria which grasps the world today is a result of this mental poisoning. That the people who are hysterical are also hon-

local board that he is eligible for none of these, then the registrant is considered available for military service. (1-A.)

Personals
Mr. and Mrs. W. D. Hamlin of Snyder spent Thursday and Friday here as the guest of her aunt, Miss Emma Hamilton.

Mr. and Mrs. George D. Wallace and son, Joe Neal, are here from Greenville this week visiting

he is available a good title is much better than a law suit.

The fact that the seller has possession of an "abstract" does not mean that he owns the property. An abstract is only a history of a title. Possession of an abstract no more indicates ownership of land possession of the history of Texas means that you own the state.

Some purchasers of land feel safe because the title is being examined at the time of purchase by an attorney for the mortgage lenders. This seems logical but is a dangerous theory. Mortgage lenders are sometimes willing to accept less than good record title as security. This is sound business for them because, among other reasons, the chances are that the mortgage will be paid off so that no expense in perfecting the title would ever need be incurred. It is risky business for you when you are putting your life savings into the purchase.

These are a few of the reasons why a title examination is an important safeguard to you. When it is completed, the attorney gives you a written opinion stating his conclusions as to who owns the land, the defects in or charges against such ownership, and the requirements to be met if any, to make good record title.

Off-hand this may seem a simple operation. In fact it is not. It requires the interpretation of numerous deeds, mortgages, wills, court decrees and other instruments; the consideration of the order in which transactions and events affecting the title occurred; and the application of statutes and court decisions to the various situations disclosed in the abstract.

A free pamphlet containing useful information on legal and other problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, send your name and address on a postcard and mail to Star Bar of Texas, Austin 15, Texas.

est and sincere probably goes without saying, but hysteria is as dangerous in its ways as communism. It will work as many injustices, create as much wretchedness, and overthrow as many rights as Marxism itself.

Labels and smears are the capsules in use by the fanatics who endeavor, often with exemplary motives, to mold the world's opinions according to their own viewpoint, but the poisoning goes on just the same.

Not the least pathetic poisoning of the day is that which goes on in the name of religion, when minds of men are turned against Godly people who happen to differ with the poisoners in matters of doctrine or interpretation. You know there are some people who think they have all the brains there is in the world.

Venters - Stuart Nuptials Read In Tennessee

The Methodist Church in Stanton, Tennessee, was the setting for a wedding Saturday morning, June 27, when Miss Sara Neal Stuart was married to John Bowden Venters, of Sonora. The bride is the daughter of Mr. and Mrs. Clifton H. Stuart, of Stanton, and Venters is the son of the Reverend and Mrs. Walter H. Venters, of DeFuniak Springs, Florida. The Rev. and Mrs. Venters officiated at his son's wedding.

Ferns, white candles and floor baskets of white stock, carnations and gladioli formed a fitting background for the satin draped altar which was outlined by tall cathedral candles with white carnations and ribbons at their base.

The wedding music was presented by John D. Phillips, Brownsville, Tennessee, organist, and Miss Charlotte Stuart, Jackson, Tennessee, cousin of the bride, soloist. Phillips played "Theme" from "Romeo and Juliet," by Tchaikovsky, and "The Sweetest Story Ever Told," using both traditional professional and recessional wedding marches. Miss Stuart sang Greig's "I Love These," Barnby's "O Perfect Love" and "The Lord's Prayer," by Malloffe.

The bride, given in marriage by her father, wore a Coronet modeled wedding gown of embroidered French organdy over taffeta. The tightly-fitted bodice featured sweetheart neckline, short sleeves and embroidered mitts, and the bouffant skirt was fashioned with a front panel of organdy and graduated tiers of ruffles sweeping down at the side to form a train in the back. Her fingertip veil of illusion fell from a coronet of organdy embroidered in pearls from the wedding gown of the groom's mother. She carried a fan made of organdy and illusion on which rested her bouquet of white roses centered with a white orchid.

The maid of honor was Miss Gene Elizabeth Duffey, Huntsville, Ala. Bridesmaids were: Mrs. Milton Britten, Memphis; Mrs. Charles Overton, Jr., Brownsville and Miss Katharine Albright, Stanton, cousins of the bride; Miss Mary Gene Marsh, Montgomery, Ala. cousin of the groom; Miss Mary Ann Brees and Miss Ann Durham, Stanton. They wore ballerina length gowns of imported eyelet organdy over cotton taffeta. The strapless bodices had insets of finely pleated fabric across the front. The cover-up handkerchief stoles were fastened to form decollete heart necklines. They wore matching halo hats of net ornamented with fresh flowers and carried net fans trimmed with pink carnations. Miss Duffey's dress was of petal pink and the bridesmaids wore frocks of Nile green.

Little Teresa Wheat, daughter of Mr. and Mrs. Hugh Wheat, DeFuniak Springs, Florida, was flower girl. She wore a miniature frock of pink organdy and carried a petal basket of pink net.

Bill Blue, son of Mr. and Mrs. R. C. Blue, DeFuniak Springs, carried the rings on a pillow which was used in the wedding of the bride's parents and was fashioned of antique embroidery from the wedding gown of the bride's grandmother.

Louis Stuart, brother of the bride, served as best man. Groomsmen were Hugh Wheat and R. C. Blue. Ushers were four cousins of the bride: Robert Stuart, Memphis; David Stuart, Ronnie Stuart and Thad Thomas, Stanton.

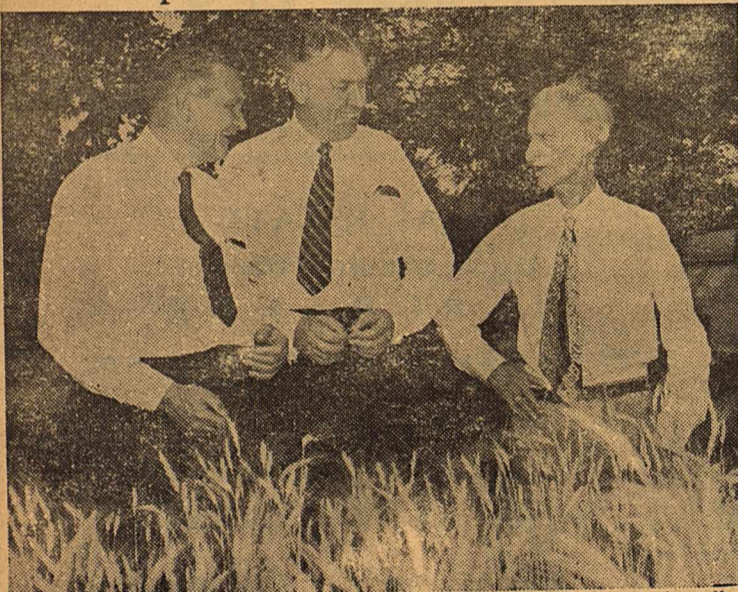

Wedding candles were lighted by Rob Blue and Wheatie Wheat, DeFuniak Springs.

Following the ceremony, a reception was held at the Stuart home in Stanton. The bride's table was covered with a Venetian lace cloth and was centered with the wedding cake encircled by carnations and greenery.

The bride and groom left by plane for a short wedding trip to Mexico. Mrs. Venters wore a brown and white linen ensemble with matching hat and accessories. The orchid from her wedding bouquet was pinned on her coat. They are making their home in Sonora, where Venters is employed by Humble Oil and Refining Seismograph Co.

Inspect New Wheat Varieties

New and improved strains of wheat which will bear heavily, prove of excellent milling and baking quality, were discussed at the recent field day of the Kansas Wheat Improvement Association held at Overland Park, Kans. Those attending included (above, left to right): John C. Davis, Washington, D. C., Administrative Assistant to the Secretary of Agriculture; E. E. Kelley, Jr., Lakeland, Fla., President of the American Bakers Association, and Jess Smith, President of the Wheat Improvement Association.

Davis emphasized in his talk that the U. S. Department of Agriculture is anxious to co-operate with farmers and with industry in helping build greater consumption of farm products. Kelley related the plans of the baking industry to build a greater understanding of the nutritional values in enriched white bread and told of the campaign to build consumption of bread, thus benefiting the wheat grower.

W. T. McQuarys Observe 50th Anniversary

Mr. and Mrs. A. C. Elliott attended an open house in Abilene July 5th honoring her parents, Mr. and Mrs. W. T. McQuary, on their Golden Wedding Anniversary. There was also a family reunion for the brothers and sisters of Mr. McQuary, the first since 1916; and it was the first time in 22 years that all the McQuary children had been together.

Mrs. W. D. Bond greeted the guests and presented the honorees and their children, Mrs. A. C. Elliott, Sonora; Mrs. C. N. Snow, Abilene; W. Arthur McQuary, San Angelo, Chile; E. Lewis McQuary, Watsonville; Mrs. H. L. LeGrone, Tulsa, Okla.; Mary McQuary, Odessa; and Mrs. R. P. Murphy, Tulsa, Okla.

Mrs. McQuary wore a pink linen lace floor-length dress with full skirt, fitted bodice and cap sleeves. Her jewelry were a gold necklace and ear-rings set with turquoise. Her corsage was a gold orchid.

The refreshment table, laid with a lace cloth over gold silk with a deep flounce, was centered with a pair of shoes, which Mr. McQuary had worn out, gilded and filled with gold chrysanthemums. The four-tiered wedding cake was topped with a miniature bridal couple. Appointment for the table were silver and crystal.

Serving were Mmes. Arthur McQuary, J. B. Pierce of Austin, niece of Mr. McQuary; Tip Anderson; H. O. McQuary, Austin, sister-in-law of Mr. McQuary, L. W. "Miss Wool" Contest Entries Due August 1

Coronations are in style more than ever in 1953, and the crowning of this year's "Miss Wool" is no exception.

Some lucky Texas girl this September will get the coveted title and all the prizes that go with it, including the spectacular \$5,000 all-wool wardrobe, a set of matched luggage, and an all-expense paid tour to the fashion centers of America, valued at \$5,000.

With the deadline for entries for August 1, candidates for the title are hurrying their applications to the "Miss Wool" contest headquarters here.

Sponsored by the Texas Sheep and Goat Raisers Association, the contest rivals the "Maid of Cotton" competition each year in Memphis, Tenn.

Last year's winner, pretty University of Texas co-ed Janet Lee, is now a full-time model at one of Houston's leading department stores, and she says she owes it all to her "Miss Wool" title. "Why, it's the greatest thing that ever happened to me," she says, "Miss Lee will crown this year's wool queen during the wool Fashion Revue and Fiesta here September 3, 4, and 5.

To enter, any single miss between 18 and 25 need only write for an application form to the "Miss Wool" contest headquarters, Box 712, San Angelo. After filling out the form and sending her picture to the contest headquarters by August 1, she awaits the choice of the finalists for "Miss Wool", which is made by New York's John Robert Powers who chooses the famed "Powers" models.

All finalists will enjoy an expense-paid three days in San Angelo at the Wool Fiesta where "Miss Wool" will be crowned. The finalists will have to pay only their transportation to and from San Angelo.

Among the manufacturers and designers who have already said they would contribute garments to the 33-piece, \$5,000 wardrobe for "Miss Wool" are Ben Reig, Paul Parnes, Fred Block, Addie Masters, Pattulo, Herbert Sondheim, Anna Miller, Adelle Simpson, Ted Stein, Eisenberg, David Crystal, Ellis, International, Ann Fogarty, Wrage, De De Johnson and Davidow.

Attend SOME Church Sunday.

Ever try the lap of Luxury?

Deep, foam-rubber cushioning in both the seats and the seat backs lends added luxury to ROADMASTER comfort.

Distinctive sports-car touch—wire wheel covers, as illustrated optional at extra cost.

We'd like to spoil you a bit.

We'd like to seat you in a 1953 Buick ROADMASTER and let you be coddled in the most sumptuous comfort on four wheels.

What we have in mind is more than just a sampling of the spacious roominess here—and of the cushions that cradle you in opulent and enveloping softness.

It's the magnificent luxury of ROADMASTER travel that we'd like you to know...

The soul-satisfying feel of bossing almost limitless power from the world's newest and most advanced V8 engine...

The casual ease with which you command sparkling getaway from Twin-Turbine Dynaflo—and the sheer comfort of its new quiet and infinite smoothness...

The matchless gentleness and levelness of ride from all-coil springing, torque-tube steadiness, liquid-smooth power delivery—making you barely aware of motion, of road irregularities, of stopping and starting...

And the consummate ease-of-handling you enjoy from the most maneuverable ROADMASTER in Buick history. A car with the hydraulic help of POWERSTEERING. A car with the velvety control of

still finer braking—plus the added convenience of Power Brakes,* if you wish.

Surely, you ought to look into this supremely satisfying ROADMASTER for 1953—and see for yourself that the lap of luxury is more than a figure of speech when you take your seat here. Why not visit us soon?

*Optional at extra cost.

DELUXE TAPPAN GAS RANGE AT A

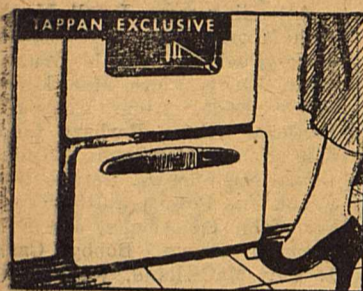

BEAUTIFULLY
DESIGNED

This Tappan Gas
Range Is The Range
For You

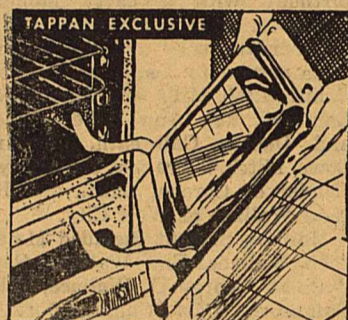

Come In Today

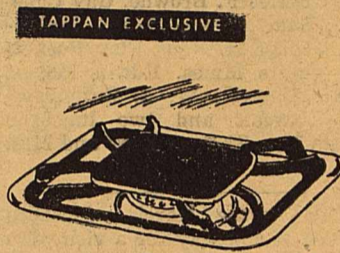

This Tappan range has three brand new features you won't find on any other range on the market today. It's got a lot of other wanted features, too. Better come in and let us show them all to you.

Lift-off Oven Door—The door comes off with a flick—goes back just as quick. No reaching or stretching to clean inside this Tappan oven!

Flexo-Speed Oven—Just press the pedal and out rolls the broiler. It comes full out so every inch of broiler space is available, usable. You'll enjoy a lot more broiled foods with this new Tappan in your kitchen!

Pyrocast plates on back burners hold smallest pan or cup without spilling or clogging.

Other TAPPAN wanted conveniences:

- Spacious cove top that has 36 more inches of work surface
- Want Flexo-Speed oven holds pie or cake pans
- Step-saving storage compartment with cutlery drawer, towel rod, salt and pepper shakers
- Clock and 3 1/2 hour timer saves "pot watching"

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I'm taking flight training under the Korean GI Bill. Because of bad weather, I wasn't able to take any training at all last month. Will I receive my GI allowance check all the same?

A - No. Allowances may not be paid to flight trainees for any month during which no instruction was received.

Q - As the widow of a World War II veteran, I am eligible for a VA pension. I find I also am eligible for compensation from the Bureau of Employees' Compensation, because of my husband's death. Could I draw both payments at the same time?

A - No. You must elect which benefit you want to receive. You can't get both at the same time, when both are based on the same death.

Q - I have a permanent National Service Life Insurance policy, and I want to borrow money on it. How much will I be able to get?

A - If your permanent policy has been in force under premium-

paying conditions for at least a year, you have the right to borrow an amount not exceeding 94 percent of the reserve of the policy.

Q - I am on active duty, and my National Service Life Insurance is under waiver while I'm in uniform. Even though I'm not paying premiums on the policy, will I collect dividends from VA?

A - No. NSLI policies under such waiver do not participate in dividends.

Q - I am the widow of a World War I veteran, and I'm drawing Civil Service retirement benefits based on my husband's employment in the Government. Am I supposed to count this money, in figuring my annual income for the purpose of getting a VA pension?

A - Yes. The retirement benefits, which you get on the basis of your husband's employment, must be considered in determining whether your annual income comes within the ceilings set by law for VA pension purposes.

Q - I've just gotten out of service and I've gone to work with an aircraft company as a test pilot. I plan to take out the special term insurance for Korean veterans, but first I want to know if the policy contains any restrictions as to hazardous occupations.

A - Your GI insurance policy contains no restrictions as to hazardous occupations. You may engage in any job, without altering the terms of your contract or the amount of your premiums.

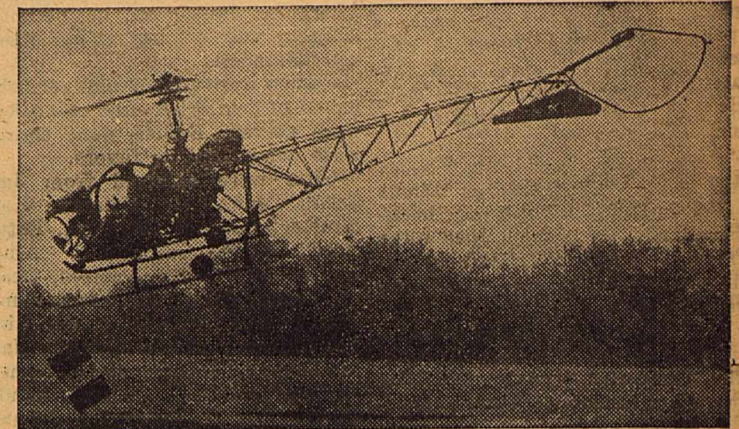

Q - I understand that under the Korean GI Bill night law courses are counted as part-time training, and may not be measured as more than three-quarters time. Are there any exceptions?

A - Yes. Night law courses approved as full-time courses under standards set by the American Bar Association may be considered as full-time training for purposes of the Korean GI Bill.

Q - How much money will VA

pay a veteran taking correspondence training under the Korean GI Bill?

A - VA will pay the established charge which the correspondence school requires nonveterans to pay for the same course.

it was about you!

says Madeleine Carroll

HAVE YOU EVER HEARD A STORY about someone that made you want to meet him? Well, I've just heard one. A story

about a sincere, patriotic citizen who is doing something practical about his future and the peaceful future of his country. Investing in U. S. Savings Bonds. A story about you! And one that ought to make you feel proud.

I felt good, too, when I heard what a great success story the Savings Bond Program has turned out to be. For you see, I'm a Bond owner, too! And when you stop to think about how you and I and millions of our friends and neighbors all over America now own more than 49 billion dollars worth of our country's interest-earning Bonds—it makes you proud to be an American!

Great News! New money-earning features for U. S. Savings Bonds!

FIRST—Thanks to new Treasury regulations, every Series E Bond you invest in begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity.

SECOND—Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date.

THIRD—All maturing E Bonds automatically earn interest at the new rate (average 3% compounded semiannually) for 10 more years.

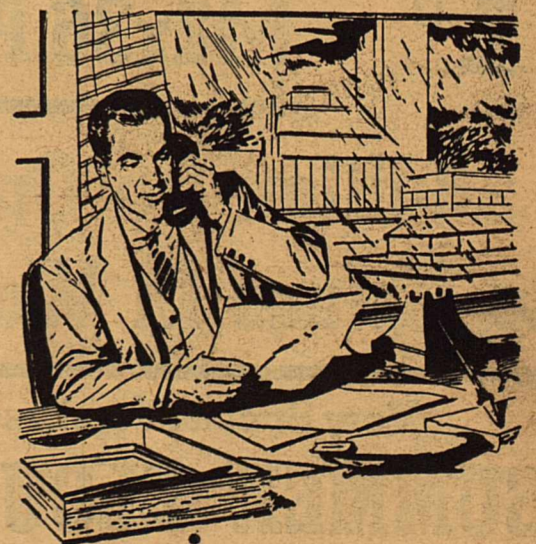

FOURTH—If you want to be paid the interest your Bonds are earning every six months, ask at your bank about the new Series H Bonds.

Peace is for the strong... for peace and prosperity invest in U. S. Savings Bonds
