a gun ...

## Sutton County OIL NEWS

Failing to get a communique from Ike & Mike, our football prognosticators, we are at loss for advice to give fans on the Ballinger game. Admittedly Sonora is going way out of its class in this game, what with playing an AA school and what with that school being state runnerup last year. In view of these facts, we predict Sonora will win from Ballinger and, if they do, may be sitting ducks for Big Lake the next week. The fans may not realize it, but Big Lake is coming up with a team that will have Blondy Cross consulting Roget's Thesaurus for new and vibrant adjectives.

However, we expect Sonora to play this year much as they did last year, one game at a time. How is Sonora looking so far?

Pretty well, we would say. The Bashed Beak Brigade, or the line, if you prefer, looks very good both on offense and defense, although the ends seem to have trouble both ways. The linemen are blocking well, as are George Wright, Jack Johnson and Tracy Crites, when they have blocking assignments. In other departments we find the following comment:

Pass offense—Two good passers, three good receivers, but receivers can't go after the catch.

Defense—Weak on end plays, especially laterals.

Offense—A real grinder that keeps up plenty of pressure on an opponent.

The city and county have engaged Ford Allen to clean out Lowrey Draw to the Water Street crossing. . . . Orchids and thanks to J. R. Bewick of Big Lake who donated a tanker-load of oil to Sonora for oiling the parking area at the football field. Wouldn't be surprised if there was a seat ready for you and Mrs. Bewick at the game September 17. . . . Atlantic Pipeline Company opened September 1 on a 7-day a week basis until January 1. . . . Mrs. Willie Andrews called on behalf of the people living near Camp Allison. They ask the public's cooperation in protecting the lillies and hyacinths recently planted in the Llano at Camp Allison.

## 500 Scholastics Get Insurance

Over 500 Sonora school students are now being covered by a new type accident insurance policy which was first tried out here last year.

Purpose of the policies is to insure the pupil against accidental injuries, which occur during school hours, while participating in school sponsored and supervised activities either away from school premises or after school hours, or while going directly to or from school. This includes all physical education, playground, shop or other school activities, except interscholastic athletics.

Last year 546 policies were sold at \$1 each, and \$1,032 was paid out in claims to 35 students and two teachers. This year policies cost \$1.50 each. Policies may be bought at the school through today. After that time they may be brought at the Davis Insurance Agency.

## Soil Conservation District News

Prepared by Local SCS Personnel  
News of Edwards Plateau Soil Conservation District

As a result of drought and decreased grass cover, many of the less desirable plants have increased in great quantities in the Edwards Plateau Soil Conservation District.

One of these plants, hairy kaltrop, known locally as acre weed, is suspected of being poisonous when eaten in quantity by livestock. Livestock losses from this plant have been few in the District during the present drought.

Hairy kaltrop, an annual, resembles gothead in appearance, growth form and leaf arrangement. It has a small orange bloom and the seed does not have sharp points.

The plant was first suspected of having poisonous qualities in 1944 by Dr. Frank P. Mathews of the poisonous plant laboratory at Alpine, Texas. Dr. Mathews observed cattle that had been grazing the plant—found they were stiff in the hindquarters and eventually knuckled over. Although the cattle were moved to another pasture free from the plant, several died.

## QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I recently was discharged from the WAVES. If I take a school course under the Korean GI Bill, could I count my husband as a dependent for GI allowance purposes?

A - You could count your husband as a dependent only if he were in fact dependent upon you.

Q - My child was born a couple of months after my husband's death. I now am getting a VA pension for myself. What must I do to receive an additional amount for the child?

A - Within one year after your husband's death, you must notify VA of the birth of your child. VA then will ask you for official proof of birth. This must be submitted with one year from the date of VA's request. The additional pension payments may be made effective as of the date of the child's birth.

Q - Would I be allowed to enroll in two schools at the same time under the Korean GI Bill?

A - You would be allowed to enroll at two schools only if one school does not offer a complete training program that will lead you to complete your program in time at one school.

Q - If a veteran dies without naming a beneficiary for his GI insurance, what happens to the proceeds?

A - The proceeds will be paid to his estate in a lump sum.

## Personal Notes

Mr and Mrs. Herman Smith were the guests of Mr. and Mrs. E. A. Smith of Nevada over the Labor Day weekend.

Mr. and Mrs. Lamar Fuqua had as their guests last weekend her parents, Mr. and Mrs. J. A. Holt of Tenaha, and her sister and family, Mr. and Mrs. Roy Matthews of Shreveport, Louisiana.

Miss Jo McClelland had as her guest last weekend, Jack Brittain of Monroe, Louisiana.

Mr. and Mrs. H. P. Rutledge had as their guests last weekend Mrs. Rutledge's son, S. P. Doughty and family of Wichita Falls.

## Rebels Win First Game

The Sonora Rebels got into the winners' column of the Winter League Sunday in San Angelo, when they trounced Jax Beer 21-0.

Sonora pitchers Jim Skinner and Santana Noriega allowed but two hits and not a ball got out of the infield. Skinner led the 18-hit batting attack with three for four, followed by Noriega and Ellingson who got three for five and Eddie Smith, who hit twice in four times up.

Eddie Smith and Ellingson starred in the field.

Sunday the Rebels take on the San Angelo Independents here at Allison Field at 3 o'clock. The Independents plan to start Jack Henderson on the mound.

## AUTO INSPECTIONS TO BEGIN SEPTEMBER 15

Homer Garrison, Jr., Director of the Texas Department of Public Safety, said today that the Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the state's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between September 15th, 1954, and April 15th, 1955, according to the Commission Order.

At the same time George Busby, Chief of the DPS Motor Vehicle Inspection Division, said that the inspectors from his office have filed 106 cases against owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the State.

Unable to give an estimation of the actual number of violations for which arrests have been made during the 1953-54 period, Busby said that he "believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed with the law "almost 100 percent."

Mr. and Mrs. R. C. Vicars spent several days this week in Dallas.

## Grand Jury Indicts Four

The grand jury returned indictments against four persons here Monday.

Ray Oglesby was indicted for theft, the indictment growing out of charges resulting from the robbery of a freight car here June 19. Ray Carter was indicted for contributing to the delinquency of a minor.

Jesus Guerra was indicted for burglary. He is charged with breaking into the Roueche Grocery the night of March 27.

Lula Mae Davis was charged with forging. She is charged with forging and passing a \$50 check here August 23.

## LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—Movement of cattle and calves to market at Fort Worth and all around the market circle this week was again seasonally heavy. The drought continued to pinch larger and larger portions of the Southwest and this condition brought "shipping day" to more and more farms and ranches.

For the most part the packers were singing the blues over the condition of the dressed meat trade and the fact that currently their slaughter is running far behind a year at Fort Worth and other Southwestern packing centers.

This gloomy mental attitude was not shared by the buyers of stocker and feeder cattle and calves. Order buyers and dealers at Fort Worth said they could use

## Sonora Invades Ballinger Tonight

The Sonora Broncos, last year's District 6-A champs and this year's 6-A questionmarks, move into Ballinger tonight for rugged test against the Bearcats, last year's state AA runnerups.

Coach Joe Turner indicated Wednesday he will take only 22 members of the 43-man squad to Ballinger. Reason for this, Turner explained, is a state rule that a high school football player may not play oftener than once every five days. Last night Sonora played a second-string game with Del Rio here.

Turner said Ballinger will again field an outstanding team and is favored to win their district again this year. The Bearcats' line will average about 180 and the backfield, an extremely fast one which runs off T variations, averages about 150 pounds. Taken on a team average Sonora weighs about the same.

"Ballinger is the better seasoned team," Turner said, "but don't give up on Sonora."

Sonora	Position	Ballinger
Ratiff	LE	Magon
McLaughlin	LT	Buckskemper
Adams	LG	Wiener
Renfro	C	Dikes
Joy	RG	Dryer
Fuqua	RT	Ferguson
Chalk	RE	Bryan

many more high quality stockers and feeders than they are getting in the runs, and it appeared that feeding of cattle in the 1954-1955 season would be at a heavy rate.

This served to take thousands of calves and yearlings out of packer channels and into stocker and feeder channels. At Fort Worth Monday, the good and choice quality stocker calves and yearlings drew \$15 to \$19, a few calves higher, older steers and long aged yearlings drew \$18 downward.

Slaughter calves were bid lower and in many cases sold well below last week's high time. Cows were steady to 50 cents lower, most of the more desirable kinds selling pretty near steady and the junkier and excessively grossy kinds taking the dip. Bulls were weak to 50 cents lower and sold fully \$1 below two weeks ago. Fat steers and yearlings drew steady prices, with choice fat kinds topped in the \$20 to \$23 bracket.

Good and choice fat lambs topped at \$18 to \$19, and were considered by the trade as quotable \$20 and \$21 when they were suitably fat and conditioned. Stocker and feeder lambs were quotable around \$12 to \$16. Slaughter ewes sold from \$3.50 to \$6 and stocker ewes ranged from \$6 to \$10, a sizeable string of good ewes at \$10 going back

## TSGRA Asks A.&M. College To Move Wool Scouring Plant To Sonora

### Polio Drive Not Complete

Sutton County is still \$275 shy of raising its Emergency March of Dimes quota of \$1,000, according to Herman Smith, county drive chairman.

Smith said he wished to compliment campaign workers and donors alike for their excellent response to the emergency drive, and expressed hope that the remainder will be raised.

### EARLY DAY RESIDENT DIES IN MINERAL WELLS

An early-day citizen of Sutton County, Mrs. I. N. Brooks, 90, died September 4 in Mineral Wells, it was learned here this week.

Funeral services were held in Plainview September 6.

Mrs. Brooks and her late husband were among the first settlers in Sutton County. They ranched here a number of years on what is now the Ed Mayfield 8-mile ranch. After selling their interests they lived in Mineral Wells.

Mrs. Brooks is survived by three sons, Wiley, Curry and Wilkins Brooks.

### BEEF PRODUCTION AT RECORD LEVEL

Because more cattle were slaughtered this year, the nation will enter 1955 with fewer cattle than a year ago. The larger marketings are due partly to dry weather and partly to reduced interest in expanding beef cattle herds in some regions, says John G. McHaney, extension economist.

Beef production is running at record levels. Prices for fed cattle are not likely to change much this fall while prices of grass fed cattle can be expected to make the usual seasonal decline. Feeders in areas having feed are in a more favorable position than those in drought areas where feed is short and higher in price.

Since mid-July, more hogs also are being slaughtered than a year ago. Prices for hogs are expected to trend seasonally downward and to continue considerably below the rather high prices of last fall.

Seasonal decreases in prices for lambs have been earlier and greater than usual, with more sheep and lambs slaughtered this summer than last, McHaney reports.

There now appears to be little prospect for any substantial price recovery until the fall marketing season is past, the economist adds.

to the country from Fort Worth Monday that averaged 115 pounds.

Frank Turney is in Galveston for medical treatment.

Members of the advisory committee of the Texas Sheep and Goat Raisers Association will ask the Texas A. & M. College System to move its wool scouring plant to Sonora as a first choice and if not to Sonora, to Junction, according to a release by Ernest L. Williams, executive secretary of the TS&GRA.

After receiving applications from San Saba, Marfa, Sanderson, Lubbock, Brady, and Junction, the committee took a vote and recommended Sonora. It is expected the recommendation will be submitted to Dr. R. D. Lewis, College Station, director of experiment stations.

The application of the TS&GRA for further assistance in the sheep and goat improvement program and approval of the program which a TS&GRA committee had drafted is to be sent to the Extension Service at College Station this week.

The committee has suggested that the Texas representative on a 5-man committee to petition Secretary of Agriculture Benson for a nation-wide referendum on section 8 of the new wool support program, be R. W. Hodge, Del Rio. Hodge is first vice-president of the TS&GRA.

The special 5-man committee is to be appointed by Ray W. Wiloughby, San Angelo, president of the National Wool Growers' Assn.

Under the recently approved wool legislation Secretary Benson, if petitioned, may authorize the referendum which would be for determining whether growers would approve a deduction from their incentive payments for promotion of wool, mohair and lamb. The proposal must be approved by two-thirds of the producers of wool, or producers of two-thirds of the domestic wool clip.

## Personal Notes

Mrs. Henry Diebitsch had as her guests over the Labor Day weekend her daughter and family, Mr. and Mrs. Jimmy Holt and daughters, Jo Marie and Jamie of Houston.

Mr. and Mrs. J. F. Hamby, Mrs. Violet Morrow, and John S. Hamby spent last week vacationing in Ruidoso, New Mexico. They also visited Mr. and Mrs. Elton Ellis and son, Irve in Roswell.

Mrs. L. C. Mathis of Hamilton is a guest of Mr. and Mrs. G. H. Davis this week.

Mrs. Theresa Friend and M. M. Stokes returned this week from a visit to Mr. and Mrs. Preston Prater and Mr. and Mrs. S. H. Stokes in Kileen.

Lt. and Mrs. R. L. Street and son of Alexandria, La., were here last week visiting Mr. and Mrs. Dantes Reiley and Mr. and Mrs. H. B. Smith.

## 1954 OPEN SEASONS FOR MOURNING DOVES

**NORTH ZONE**—Sept. 1 to Oct. 10, both days inclusive. Shooting hours 12 o'clock noon to sunset.

**SOUTH ZONE**—Oct. 1 to Nov. 9, both days inclusive. Shooting hours 12 o'clock noon to sunset.

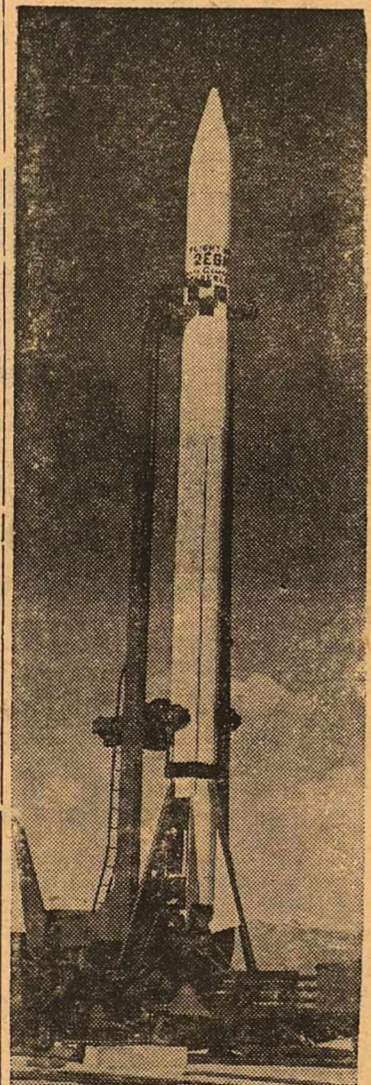

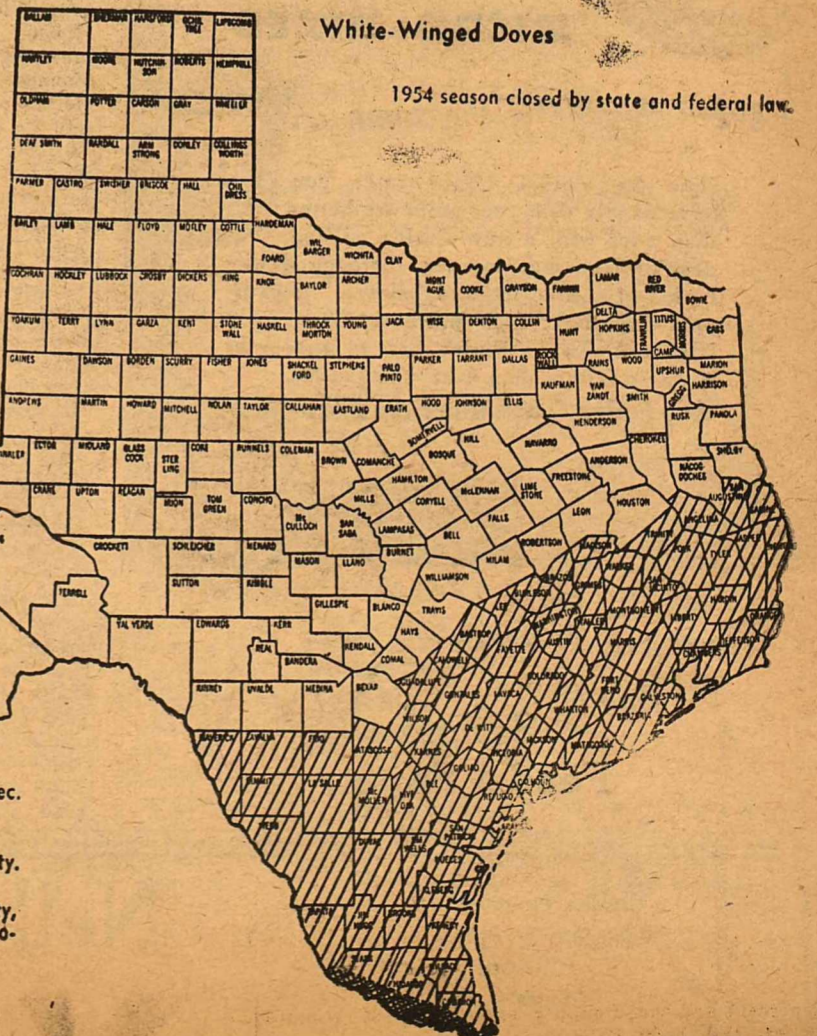

**SANCTUARY**—Unlawful to take chachalaca south of U. S. Highway 83, formerly State Highway 4.

**McMULLEN COUNTY**—Open season by state law Nov. 1 to Dec. 15; by federal law Oct. 1 to Nov. 9.

**KAUFMAN COUNTY**—Dove season closed in Combine Community.

**SHOTGUNS** must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

**NO HUNTING** permitted in game refuges and game reserves.

**SUPERSONIC DEVASTATOR**—the Army's Corporal guided missile—travels through space a several times the speed of sound to strike selected targets deep in enemy rear areas. Inclement weather and poor visibility place no restriction on the use of this deadly missile which is propelled by a powerful rocket motor.

HOW INDEPENDENT ARE YOU?

By W. H. Marshall

Money never makes one inde-

pendent. The external is often an enemy to the personality. As to being independent, no man is ever independent.

Independence in an internal

something. You find it by growing a soul. You find it by letting God have something to say to you about how you should live your life. Life doesn't grow on a vine like a cucumber. Life is something that grows on faith in the Eternal God of things and life. Independence is a spiritual attribute. It is something you get from God as a result of your faith, and then, it is only spiritual independence. Once you leave God out you have nothing left.

How independent are you? How independent am I? Most of us are not able to handle the everyday common occurrences of life. Little things, childish things we allow to down us. We play the "cute" baby. We demand that people say the nice complimentary things about us, about what we do. If people don't compliment us, we are sure they are saying something nasty about us. How independent are we? Do we have something on the inside of us that lifts out spirit? Or, are we dependent upon a ceaseless flow of compliments. Price can be a good thing, but is it a deadly thing when it takes possession of one's life and emotions.

A man is INDEPENDENT only when he knows he has something going on inside his life and soul that takes God to explain. He knows he is not a slave to the external because he has connection with the internal world where life gets made up.

Jimmy Morrow and Bill Baldwin visited in Austin last week-end.

Attending the races in Ruidoso, New Mexico last weekend were Alton Hightower, Wesley Young, Bill Cartwright, and Tommie Seales.

## Round About Our Town

By Mrs. J. T. Sellman

The people of Sonora and Sutton County should be proud of their cemetery. They large shade trees do so much for its appearance. The lots that have been put in grass add to the green color-the color which reminds us of life and of resurrection. In season the many flowers and blossoming shrubs make the cemetery look almost like a flower garden.

Much of the credit for this good appearance should be given to Mr. Kisselburg, the caretaker. He takes a special interest in helping set out new flowers and trees and in caring for them afterwards. He seems to take pride in the overall condition of the whole cemetery.

But he can't do it all by himself-he needs the cooperation of everyone to keep the cemetery

looking its best. To be sure some people do all of the work of looking after their lots. Many others seem to take little interest. It would help so much if more people would take an active interest in the cemetery. That doesn't necessarily mean doing manual labor out there, but just being really kept in good condition and making improvements when it is necessary. A little more time and a little more money spent could do wonders. Perhaps the city and county could help by furnishing some of their road machinery once in a while to clean out the driveways. Or maybe the city could make a reduced rates on the water used. The cemetery needs more people to take an individual interest in it. Of course, there is a cemetery committee but they can't do it all either.

If you don't already have a lot cut there, a little planning now would help very much when death does come to you, or any of your family. There are still some lots left in the old cemetery, especially in the northeast part, which can be reserved by putting the proper curbing around. It would certainly add to the looks of the cemetery if all this part could be put into lots like the others along the north side. Most of this ground has live oaks on it and with curbing to hold the moisture and perhaps some juicy thin-

ning, these trees would likely grow into nice shade trees.

The new addition has plenty of ground to cause from. It needs some trees badly. Perhaps some individual owners could set out a few trees to counteract the bareness. Of course, water must be

pipied in first. There is such a lot that needs to be done. If you haven't been interested, it's time you began. After all, if you are a permanent resident of Sonora or Sutton County, this will someday of necessity become your cemetery.

US MARINES

## Your Health

The common disease, popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer, and the fifth most common disorder in winter. It is due to a little mold-like fungus which thrives best where there is moisture and warmth. Therefore, the feet make an ideal place for the growth of this germ.

"To have athlete's foot, the infection must be gotten either directly or indirectly from someone else," states Dr. Henry A. Holle, State Health Officer. "The most common places to contract the infection are around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. And it is probable that at least one-half of all adults suffer from the infection at some time."

The following measures have been suggested for preventing and avoiding recurrent attacks of athlete's foot:

1. After bathing, dry carefully and thoroughly the spaces between the toes.
2. Liberally apply a plain, un-scented talcum to those areas and sprinkle it freely in socks, stockings, and shoes.
3. Wear properly fitting shoes that are absorbent but not too coarse.
4. Wear shoes that are not too tight, nor too large. They should fit the foot comfortably.

SUBSCRIBE TO THE NEWS

**A LOOK AT THE BOOK**  
By DR. BOB JONES, JR.  
PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

The Lord Jesus Christ, co-existent with the Father from the beginning, the One Who John tells us was in the beginning with God, voluntarily took upon himself the form of man that He might redeem man and reconcile him unto God. What great condescension to step from the realm of glory which had been eternally His into the tempest and turmoil of time. What condescension for God Himself whose habitation is the universe, to robe Himself with the garment of flesh and the grave clothes of humanity! Of His own will He came eagerly, gladly, unselfishly to die. Paul tells us that He "for the joy that was set before Him endured the cross, despising the shame," and that it was for the death of the cross that He became incarnate.

Christ was incarnate for a definite purpose. He came to die. Man had sinned and man was under condemnation. The human race had transgressed the righteous law of God, and the sons of the race must be punished. No man could pay the penalty for the sins of man because no man was himself free from the condemnation of sin, but God Himself, the sinless One, in the person of His Son incarnate in the flesh, paid the penalty for the sins of man. "For this cause," said He, speaking of His death, "came I into the world." God did not become man to teach men how to live. Christ did not come into the world primarily to perform miracles—to restore the sight to the blind and hearing to the deaf, to send strength coursing through

withered limbs. The miracles He performed were indications of His Deity, the proofs of His power. They were the flowers which blossomed in His footsteps as He journeyed toward the cross.

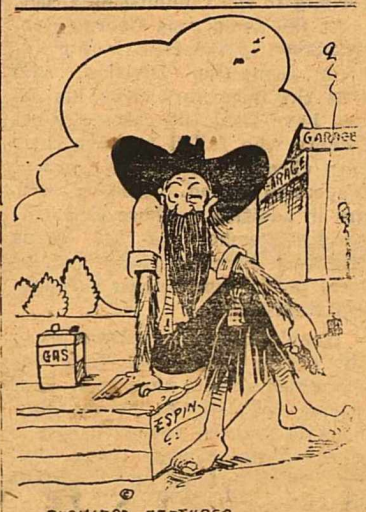

In the Lord Jesus Christ the power and the love of God ally themselves in satisfying His law and in making Divine mercy available for man through His atonement upon the cross for the sins of Adam's children.

in Texas**

A public service feature  
of the State Bar of Texas

**"RULES OF THE ROAD  
EXPLAINED"**

With the death-laden Labor Day weekend and the usual series of football weekends coming up, the thoughts of many Texans are turning toward traffic safety. There can be no doubt but that a better acquaintance among drivers with the "rules of the road" and other traffic safety regulations could greatly reduce the death toll of our highways.

To obtain correct and authoritative information about driving is a simple matter. A letter or postcard to the Department of Public Safety, Driver's License Division, Austin, Texas, will bring an official publication, the "Texas Driving Handbook", to anyone who requests it.

Aside from considerations of personal safety, proper driving

If you can't control your temper—You can't control your driving.

A car on the road is worth two in the ditch.

habits and observance of traffic laws will help prevent financial loss. This is true in spite of the fact that most people now carry liability insurance as a protection under the Texas "Drivers Responsibility Act." Jury verdicts in personal injury cases tend to go higher and higher, and the likelihood of suffering an adverse judgement for an amount in excess of the limits of your liability policy is ever present.

Fault, or liability, is determined by applying the law to the particular facts of an accident. In Texas the law is in several forms—the statutes as enacted by the Legislature, the ordinances of each city and town, and the court decisions in cases similar to the one to be decided.

A negligent or intentional act is necessary in order to impose legal liability for damages. Where both parties to an accident are negligent, the court will very likely say that both are at fault, and that each must pay for his own damages.

Two of the most important legal rules pertaining to accidents are those having to do with "proper look-out" and "proper control". Driving in a lawful manner and complying with all ordinary traffic rules is not always sufficient. In addition, the driver is expected by law to be alert to all that is happening around him.

If an accident should occur and the driver has not been alert—has failed to keep a proper look-out—

he charged with "improper look-out" as a traffic violation and also held liable in damages to the other driver. The courts call a "proper look-out" such a look-out as a reasonably prudent driver would have kept under the same circumstances.

Of equal importance is the rule of "proper control". This rule means pretty much what those words imply—that the driver should have his car under such degree of control as to be ready for any emergencies as might arise. It may be breached even though no violation of ordinary traffic laws is involved.

For instance, a driver may be complying with the legal speed limit but still be driving at a rate of speed which is unsafe under the existing circumstances. Even though legal speed limits are expressed in terms of a certain number of miles per hour, conditions may arise which prevent the driver from maintaining "proper control" of his automobile at that speed. On a rainy day on a slick street or highway, or in heavy traffic, the reasonably prudent driver will know that he should reduce his speed considerably below the legal maximum.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

**THIS TASTES GOOD IN TEXAS**  
 Barbecued Franks (Weiners)  
 Barbecue Sauce: for 8 to 12  
 Franks or Weiners.  
 3-4 cup catchup  
 1 tablespoon Worcestershire  
 1 teaspoon chili powder  
 1-2 teaspoon salt  
 1 teaspoon sugar  
 Dash tabasco  
 1 cup water

Start heating oven to 350 D F. In saucepan, combine all ingredients except franks. Bring to boil; then reduce heat and simmer 15 to 20 minutes. Place Franks in casserole; pour on sauce. Bake, uncovered, 30 minutes, turning occasionally. Serve in toasted buns or on hot fluffy rice, buttered noodles, creamy mash potatoes, baked or boiled potatoes. Makes 4 to 6 servings.

**The Sporting News**  
 THE BASE BALL PAPER OF THE WORLD  
**SPORTS FLASHES**

Cardinal Pitcher Joe Frazier has a good chance this year to break the major league record for most hits delivered in a pinch. When he hit a home run as a pinch-hitter against the Braves, August 17, it raised his pinch-hit total for the year to 18. That put him within four of the mark set by Sam Leslie for the Giants back in 1932. The American League record, is 20, set by Ed Coleman of the Browns in 1936.

Only five men have ever hit a ball over the 400-foot center field fence in Hollywood's Gilmore Field, and one of the five did it the other day for the second time. First Baseman Luke Easter of San Diego slammed a pitch by Roger Bowman over the 25-foot fence, and it cleared the fence by 15 feet. Easter had done it once before, in 1949 while playing with San Diego before going up to Cleveland. The only other men who have cleared the barrier in Coast league competition, were Bill Gray and Dale Long of Hollywood, Walt Dropo of Sacramento, and Lou Stringer of Hollywood.

For the fifth straight year, 3rd Baseman Eddie Yost of the Washington Senators, has been given more than 100 bases on balls. He made it number 100 for 1954, when Frank Sullivan of the Red Sox walked him in a game August 12.

For Bobby and Billy Shantz a jinx is active. Pitcher Bobby and Catcher Billy, when they were small boys, dreamed one day of becoming big league battery mates. Both are with the Athletics now, and it seemed they would realize their dream. But just when Bobby reported improvement after a shoulder injury, Billy suffered a compound fracture of the middle finger of his right hand. He will catch no more

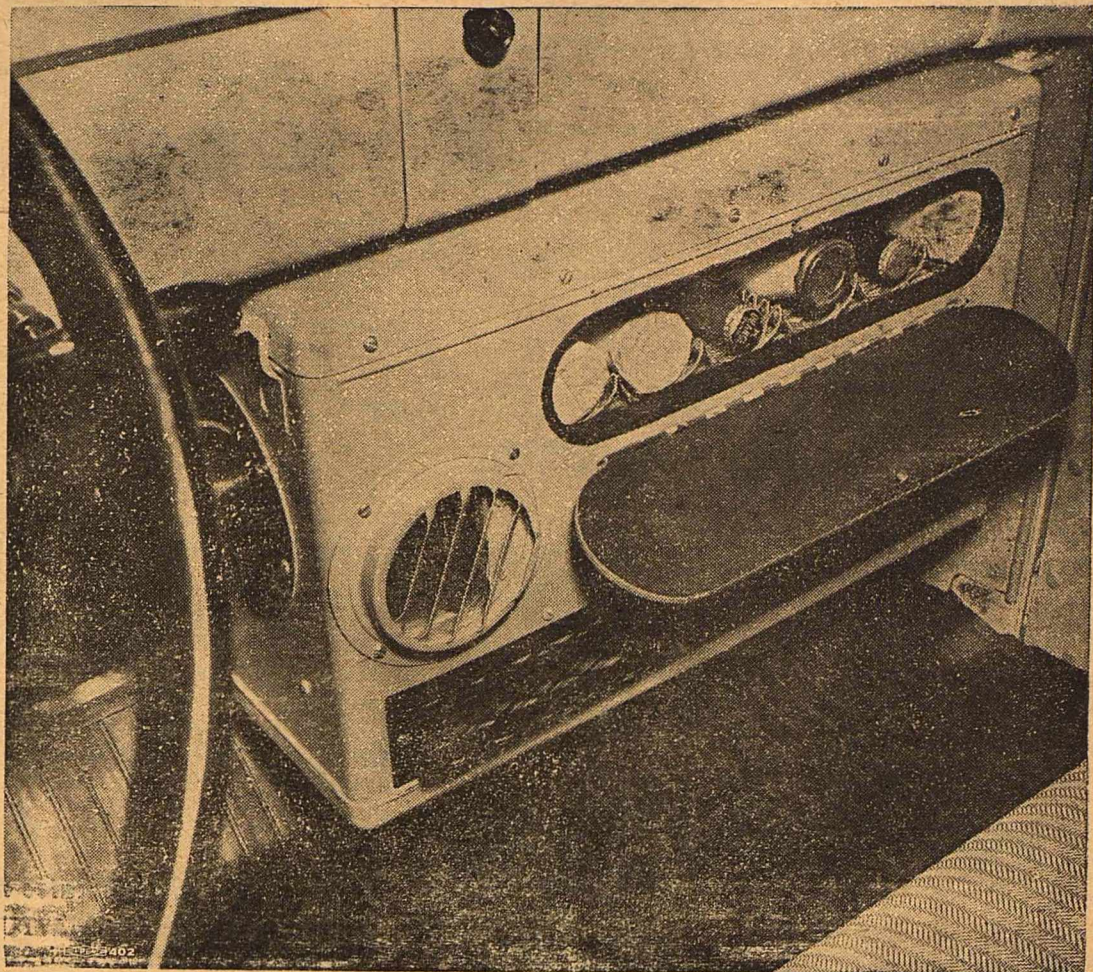

this year. \*\*\*  
 Sunday, August 15, should always be a Red Letter Day for Dodger Pitcher Billy Loes. That was they day when Billy turned in a memorable clutch pitching performance against the New York Giants. In the second inning, Loes walked Monty Irvin, gave up a double to Don Mueller, and then led the bases by walking Willie Mays. But that was it. Billy settled down and struck out the next three men—Davey Williams, Finch-Hitter Bobby Hofman and Jim Hearn. \*\*\*

Four Cleveland pitchers now active have the honor of pitching at least 100 victories for the Indians. Mike Garcia reached the 100 mark when he beat Baltimore, August 15. Indian pitchers who also have 100 or more victories, are Bob Feller with 259, Bob Lemon with 155, and Early Wynn with 103. \*\*\*

If you stick around in baseball long enough, anything can happen. School boy Rowe had the experience August 15 of being ejected from a game by an umpire. Rowe, a coach for the Detroit Tigers, got the thumb for taking part in a dispute over a pitch, and later was fined \$25. That since Rowe first entered Organized Ball in 1932—22 years ago—this was the very first time he had ever been kicked out of a game. \*\*\*

Manager Eddie Joost of the Athletics says there's really nothing to the job of managing a major league club. Joost says all you

**Office Supplies For Sale - News**

FIRST TRUCK CAB COOLER-HEATER INTRODUCED

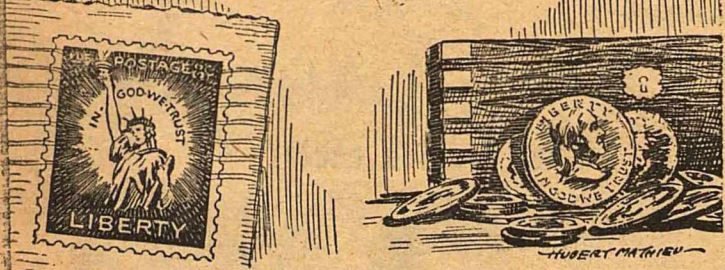

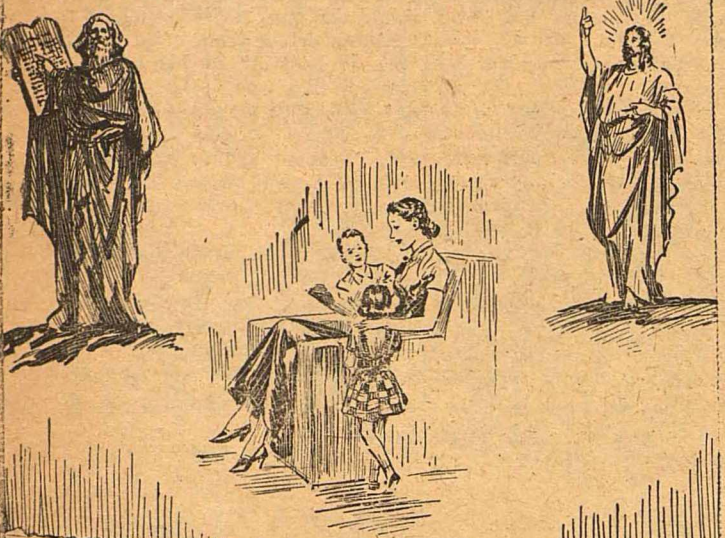

Things are looking up for the nation's truckers who can drive around in controlled climate thanks to the first combination refrigerated air conditioner-heater for truck cabs just introduced by the A. R. A. Manufacturing Co. of Fort Worth, Texas. The new unit, above, fits neatly under the dash board without reduction of passenger capacity and can be switched quickly from cooling to heating. As optional equipment, it has a self-contained hot or cold-drink compartment. The unit, now available for immediate delivery, retails for \$495 installed.

Time saved by speeding may be a lifetime lost.  
 Haste makes waste, especially in driving.  
 need is four great pitchers and eight guys hitting about .340. To pass on another baseball wise-crack, Walker Cooper once said: "I always enjoyed baseball. Not just the money, but the amount."

**OUR DEMOCRACY** by Mat

**"In God we trust"**

THIS AFFIRMATION OF FAITH HAS COME DOWN TO US THROUGH THE OLD TESTAMENT, THE NEW TESTAMENT, OUR PARENTS' TEACHINGS, OUR NATIONAL ANTHEM—AND EVEN ON OUR COINS.

THE FIRST APPEARANCE OF THE MOTTO ON OUR COINS WAS ON A BRONZE TWO-CENT PIECE MINTED IN 1864 IN PHILADELPHIA. NOW OUR GOVERNMENT HAS ISSUED ITS FIRST REGULAR STAMP PROCLAIMING TO THE WORLD "IN GOD WE TRUST." IT IS AN EIGHT-CENT STAMP, USED PRINCIPALLY FOR INTERNATIONAL MAIL, AND SERVES AS ANOTHER REMINDER OF THE FAITH ON WHICH OUR DEMOCRACY WAS FOUNDED.

**It's the big Success today**

You can read it in the sales figures—Buick's the car that's climbing to a phenomenal public preference. For Buick today is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three." And every month strengthens Buick's new leadership position. It's the "hot" car for style, for power, for performance—and, most emphatically, for value.

**It's the Beautiful Buy right now**

**It's the "High Resale" car for years from now**

No Wonder—**Buick Sales are Soaring!**

With Buick's year-ahead beauty today, you'll be driving a car that's right up front in the style parade of tomorrow. And when you're ready to resell your Buick, it will still be fresh and new-looking, with the modern features the others will adopt in the coming years. And that means you're bound to get a higher resale price when you do trade it in. Drop in and see this beautiful buy right now.

**PRATER-BAKER NUPTIALS  
ANNOUNCED IN KILEEN**

Mr. and Mrs. Preston Prater of Kileen announce the marriage of their daughter, Miss Sally Dawn Prater, to Charles Ellis Baker.

The ceremony was performed in the Prater home in Kileen. After a wedding trip, the couple is at home at 307 Cloud Street, Kileen.

The Prater family are former Sonora residents.

**LIBRARY GETS BOOK**

"The Schirmes Inheritance" by Eric Ambler has been given to the Sonora Woman's Club Library in memory of Joe Parker. The book was given by Mrs. Laura Labenske.

**MRS. BABCOCK HOSTESS  
TO THURSDAY BRIDGE CLUB**

Mrs. O. G. Babcock was hostess to the Thursday Bridge Club last week at her home.

Mrs. Lee Labenske won high score for members and Mrs. Carrie Peterson won high guest score. Slam prize was won by Mrs. Robert Kelley, Sr.

Arrangements of garden flowers and potted plants were used in decorating the party rooms.

A fruit plate and iced tea were served to Mesdames Joe Hull, R. G. Nance, Auther Simmons, E. C. McGilvray, Tom Sandherr, C. E. Stites, Joe Berger, Kelley, Petersen and Labenske. Mrs. Babcock was assisted by her granddaughter, Carol Tipton.

Mrs. Charles F. Browne is recovering from surgery performed last week in a San Angelo hospital. She is expected home today or Saturday. Dr. Browne was with her until Wednesday, when he left for Galveston to attend a study course.

Mr. and Mrs. H. L. Taylor and Mr. and Mrs. George E. Smith had as their guests last weekend Smith's and Mrs. Taylor's brother, Will G. Smith of Carlsbad, N. M. and Mr. and Mrs. Merwyn Campbell.

NEW PARENTS**

Mr. and Mrs. W. L. Morriss of Toyahvale are the parents of a daughter born September 1, at Hudspeth Memorial Hospital here.

The baby weighed seven pounds, ten ounces and was named Mollie. Grandparents are Mr. and Mrs. Lowell F. Hankins of Rocksprings and Mr. and Mrs. Thomas A. Morriss of Sonora.

**WEDNESDAY BRIDGE CLUB  
MEETS AT FRIESS HOME**

The Wednesday Bridge Club met last week at the home of Mrs. Harold Friess. Mrs. C. T. Jones, Jr. was winner of high score for members and Mrs. G. H. Hall won high guest score. Mrs. Clayton Hamilton won slam prize and bingo was won by Mrs. Joe B. Logan.

The party rooms were decorated with arrangements of summer flowers. A salad plate was served to Mesdames Hillman D. Brown, Henry Greenhill, A. C. Hudson, L. E. Johnson, Jr., C. T. Jones, Jr., Joe B. Logan, Robert Pfluger, Edwin Sawyer, Louie Trainer, A. E. Pruger, G. H. Hall and Clayton Hamilton.

**ART CLUB STUDIES  
ARTIFICIAL FLOWERS**

The Sonora Art Club met last Thursday at the home of Mrs. Armer Earwood to study artificial flower making. Mrs. Robert Kelley, Sr. presided.

Mrs. Louin Martin instructed the group in the making of artificial flowers from dyed vegetables.

Mrs. O. C. Ogden spoke on the life and works of Pablo Picasso, and displayed a portfolio of copies of his paintings.

Refreshments of sherbert and brownies were served to Mesdames Loyd McMullen, Maysie Brown, O. C. Ogden, Louin Martin, Robert Kelley, Sr., J. T. Sellman and Jack Elder of Eldorado.

**W. S. C. S. MEETING  
HELD WEDNESDAY**

The WSCS met Wednesday afternoon at 2 o'clock in the basement of the Methodist Church.

Mrs. Norman S. Davis introduced the program on "The City." Mrs. Cleve Jones, Jr. read a poem entitled "I am Your City Church."

A business meeting followed the program, and reports were given by several committee chairmen.

Mrs. Dan Cauthorn announced that the District Seminar will be held in Mertzon Thursday, September 16 from 9 to 3:30.

The first circle study meeting will meet with Mrs. O. G. Babcock September 15 at 9 o'clock.

Fourteen members were present at the Wednesday meeting.

J. F. Howell, Jr. and Jeff Hanna of Roscoe left Tuesday for New Orleans, where they will resume their studies at Tulane University. Howell will be a first year student in Tulane Medical School this year.

Don't be a *Toe Tucker*  
this winter...

**Get Perimeter Central Heating!**

You won't have to be a "toe-tucker" when that first norther hits if your home has perimeter whole house heating! Perimeter method keeps floors warm — Temperature differences between floors and ceilings are held below 5 degrees!

Warm air is put where 80 percent of cold air enters — at outer walls and windows. A blanket of warm air stops drafts before they can start. Floors stay warm as toast. Of course, it's automatic Gas!

Perimeter heating is ideal for the 2 or 3 bedroom cottage already built. Ducts run under floors... little, if any redecoration. Furnace fits in closet or space 2 ft. wide and 3 ft. deep. Cost including installation about \$600 to \$900 depending on size of house. Now, during Summer Sale, save 10 percent on furnace.

Here's the way to extra pay-  
**WHATEVER YOUR INCOME!**

Here's a plan that helps you save your dollars and puts those dollars to work making extra money for you. It's the Payroll Savings Plan of investment in U.S. Savings Bonds—and it's bringing long-range goals closer for eight million working people today.

Here's how it works. Decide what you can afford to save on your present income, then tell the people in the pay office where you work. They'll put that amount aside for you every payday. When enough accumulates, they buy a U.S. Series E Savings Bond in your name. Then your nest egg really starts growing as each Bond earns an average 3% annual interest for as long as 19 years and 8 months!

Start increasing your income and providing for a more secure future today. Sign up for the Payroll Savings Plan!

**If you earn: \$3,000 - \$6,000**  
If you put aside \$3.75 each week on the Payroll Savings Plan, you'll have \$1,025 in 5 years—\$5,153 in 19 years and 8 months (the full maturity period).

**If you earn: \$6,000 - \$9,000**  
\$12.50 invested every two weeks will add up to \$1,710 in just 5 years—\$8,591 after the full maturity period of 19 years, 8 months.

**If you earn: \$9,000 or over**  
A Bond each month, on Payroll Savings or the Bond-A-Month Club at your bank, is your surest savings plan. If it's a \$37.50 Bond, you'll have \$2,365 in 5 years—\$11,841 in 19 years and 8 months.
