Don't miss the Parent-Teachers Talent Show Tuesday night at the high school. There will be a "Miss Universe" contest with quite a few surprises in store for spectators.

Newt Poteet is resigning as night watchman and his place is being taken by Clyde Henderson. Newt has been on the job here 20 years and wishes to thank the public for their many kindnesses to him. We want to thank Newt, too, for the fine service he gave Sonora, particularly during the war, when so many men were gone. It is deeply appreciated.

LIONS AUCTION SIDELINE
Mr. and Mrs. Gene Shurley, unknown to each other, bidding for a pheasant donated by Busty Halbert. Shurley finally got the bird and we dare say he got another when he got home.

Thanks to the "unknows" who make our football games click: the whole faculty, which takes tickets and acts as ushers; J. W. Pepper, Francis Archer and James Wilson, who sell tickets downtown; Tommy Smith and John Bell, who handle the scoreboard; Gomer Minnick and John Wesley Joy, chairman; and Albert Ward, our golden-voiced "Ted Husing."

Mr. and Mrs. Tom Ratliff are to see the Texas-Notre Dame game in South Bend Saturday, while John I. King and Johnny Hamby are at attend the World Series New York games.

Wednesday morning brought Sonora's first cool spell with the temperature down to 61 at 6 A.M.

Aklad, a two-year-old owned by Miers Savell and trained by Monroe Crowell ran ten times at Ruidoso at the recent meet and finished with two firsts, four seconds, and four thirds, a good record. Aklad is by Akbar, owned by Fred Smith of Merton. He ran second in the New Mexico Futurity, a half-mile test entered by 45 horses this year.

Don't forget the blood-typing program sponsored by the Hospital Auxiliary beginning Wednesday morning, September 29 and lasting through October 2. Blood will be typed at the First National Bank from 8 until 12 o'clock each morning, and a charge of 50 cents per person will be made. Each person will be given a card and a complete record will be given to the hospital and to each local physician. Proceeds above cost of the program will be used to buy extra equipment for the hospital.

Mr. J. F. Howell is chairman of the program and has set a goal of 1,000 persons.

If the present and out dated feed laws of Texas are rewritten by the next legislature, a great deal of credit must be given three members of the Texas Sheep and Goat Raisers' Association.

It started several months ago when a committee composed of T. A. Kincaid, Jr., Ozona; Leo Richardson, Iraan; and Raymond Hicks, Bandera, all TS&GRA members, was appointed by President Pfluger to study Texas feed laws and was brought to a climax a couple of weeks ago when the Texas Farm Bureau Federation held a meeting in Waco with this committee, representatives of Texas A. & M. College, and other livestock organizations.

Following a thorough discussion by the representatives of work each organization had done, it was agreed that probably the most practical way to get the type of program desired would be by a complete re-write of present feed control laws.

The next job of the combined committees is to present the proposed re-write to the legislature which will meet in January.

LT. MURRAY COMPLETES MARINE OFFICERS SCHOOL

Lt. Max Murray was among 170 Marine second lieutenants who completed the officers basic course at the Marine Corps Schools, Quantico, Va., last month.

Lt. Murray has been assigned to the 3rd Marine Division and will leave next month for Japan.

Sonora Out Classes Big Lake Owls 60-13; Iraan Here Tonight

Coach Joe Turner used all 43 players Friday night as the Broncos ran roughshod over the outclassed Big Lake Owls, 60-13. The Broncos scored with five plays after receiving on their own 35, with George Wright going over right tackle for 20 yards and the touchdown. Hard running by Tracy Crites and George Johnson set up the score. Wright converted.

Sonora got its next chance when Hartgrove kicked out on the Sonora 40. Wright dropped back behind good protection and passed 20 yards to Ru's Chalk, who was dropped on the Big Lake 3. Crites went over on the next play and Wright converted to make the score 14-0 at the end of the first quarter.

At the start of the second quarter, Chalk recovered a blocked punt on the Owls 47. George Johnson, Wright and Crites carried to the 10, where Johnson went around right end for the third touchdown.

Wright set up the fourth score with a pass to Jack Johnson, blocking back, who was down on the Owls 10. Sam Gonzales went over to make it 26-0 and Wright passed to Ratliff for the point.

In the third quarter, Sonora scored twice more, Crites taking a handoff from Wright and going over from the six, and 15 yard pass, Wright to Chalk.

W. T. Watkins, a former Sonora boy, finally broke the ice for Big Lake, scoring from the Sonora 10. Watkins received an ovation from the crowd for the fine game he played.

On the following kickoff, George Johnson pulled the most spectacular play of the game when he went up the right sideline 85 yards for another touchdown, putting Sonora ahead 46-6.

The freshmen played most of the fourth quarter which saw Clayton Garner score twice, and Big Lake once on a pass Hardgrove to Matlock. Sam Gonzales got away on a fifty-yard run, but stumbled on the five. Last point was good on a pass Gonzales to Pete Badillo.

290 Ass'n. Sign Being Built Near Houston

Another meeting of the National O.S.T. U.S. 290 Ass'n was held at the Renroc Drug Monday evening. A report on the progress of this association was made by Secretary-Treasurer J. Wray Campbell. Campbell report that a 10 X 40 foot sign is being erected 50 miles east of Houston at Raywood, Texas.

The brochures, decals, and membership cards are also being printed.

There will be another meeting the third Monday of each month and everyone interested is urged to attend.

Those present Monday night were Ervin Willman, Henry Greenhill, J. Wray Campbell, G. H. Hall, A. B. Hightower and Mrs. Maxine Ellingson.

TWO SONORANS IN TRAINING AT FT. BLISS

Two soldiers of the Sonora area recently began eight weeks of Army basic training in the Antiaircraft Artillery Replacement Training Center at Fort Bliss, Texas.

They are Pvt. Joseph G. T. deBerry, 23, son of Dr. E. M. deBerry, of Sonora, and Pvt. Ernest F. Castro, Jr. son of Mr. and Mrs. Ernest Castro, of Sonora.

They will spend eight weeks of training on fundamental infantry subjects such as rifle, machine gun, and bazooka marksmanship, and familiarization with Army technical subjects.

Upon completion of this basic cycle, they will be eligible for advanced basic training in anti-aircraft artillery or some other branch of the Army.

Fort Bliss, established as a frontier out post more than a century ago, is located in West Texas on the Mexican border, adjacent to El Paso.

Mr. and Mrs. A. W. Awalt had as their guests last weekend, Mr. and Mrs. Ernest Kruse, Mr. and Mrs. Arthur Hurley, and Mr. and Mrs. Jack Nix, all of Mason.

Attend Church Sunday!

The Sonora Broncos try for their second victory of the season tonight in a non-district tilt with the Iraan Braves at 8 o'clock at the local field.

Although generally regarded as not nearly the power they were last year, the Braves will still field a fast, formidable outfit, headed by J. Belcher, senior back who gave Sonora plenty of trouble last year when the Broncos lost 25-13.

In the line, Iraan has two outstanding tackles, Ortega, 170, and Don Hilliard 200-pound sophomore.

This week's practice saw the return of Jack Adkins, safety and pass defense expert, who has been out with an appendectomy. Also returning to duty was Ted Baily Joy, veteran guard, who suffered a foot injury in practice last week.

In Iraan's only game this year, the Braves played a scoreless tie with the Rankin Red Devils. Rankin is on Sonora's schedule October 29.

Local Trap Shooters Win Over San Angelo

A Sutton County trap-shooting team defeated the San Angelo team here Sunday by a score of 472-450. Plans for a skeet shoot fell through due to incompleteness of the range.

High man for the shoot was B. E. Brooks of San Angelo with 92 out of 100. Lt. Snodgrass, San Angelo became the second man to record a perfect 25 at the local range. Sonora's victory was the second over a San Angelo team.

High scores for Sonora included: Stanley Mayfield, 22, 22, 23, 23. F. L. McKinney, 22, 22, 21. Dr. W. T. Hardy, 22, 22. Jim Hugh Richardson, 20, 18. High scores for San Angelo included:

Hal Heaton, 19, 20, 22, 23. B. E. Brooks, 22, 23, 23, 24. Jack Jolly, 20, 21, 22, 21. Lt. Snodgrass, 21, 21, 25.

The Sonora team was invited to a meet to be held in San Angelo later in October. Sonora plans another meet in November, an all-play meet to prepare shooters for the hunting season. Planned are rifle events, turkey shoot, trap and sheet shooting.

TS&GRA Men Talk To Benson On Wool Support

Two members of the Texas Sheep and Goat Raisers' Association are in Washington this week along with representatives of wool growers organizations of the western states to consult with Secretary of Agriculture Ezra Taft Benson of the support level to be given 1955 wool.

Walter L. Pfluger, TS&GRA president, and Clayton Puckett, Fort Stockton, went to Washington with Ray Willoughby, San Angelo, president of the National Wool Growers Association.

Under terms of the recently passed National Wool Act the Secretary of Agriculture will announce the incentive or support level to be afforded wool and mohair only after consultation with wool and mohair industry representatives.

The wool act become effective in 1955.

45 YEARS AGO

W. J. Fields left for San Angelo Wednesday to meet his wife and children who have been visiting relatives in San Angelo.

Miss Myrtle Cusenbary was treated to a surprise visit from a few of her young friends at the home of her mother, Mrs. E. S. Bryant, Saturday night. Miss Myrtle will leave shortly to attend school, and Miss Clara Allison, Tiney Doak, Ida Aldwell and Messrs. Roy Aldwell, Clarence Gosch, Bart DeWitt and Ben Wyatt called that evening as a surprise, and presented her with a handsome volume. Miss Myrtle was equal to the occasion, and 42 was played. Before the surprisers were ready to leave, dainty refreshments were served.

Mr. and Mrs. Wes Bryson were in from the ranch Saturday.

Charlie Whitehead is attending school in San Angelo.

Mr. and Mrs. R. H. Martin were in San Angelo this week visiting.

Ward Hill was in from the Giles Hill ranch Friday and reports a good rain Monday.

Dee Wallace was in from the ranch Thursday. He reports a good rain.

Mr. and Mrs. Henry Sharp were up from the Murrah and Smith ranch near Juno Thursday on their way to visit Mrs. Sharp's parents Mr. and Mrs. W. N. Kelley, who ranch near Owensville.

Carl Gunzer and Bob Edwards were in from the Gunzer ranch Thursday for supplies. Carl had the misfortune to have a couple of fingers on his left hand badly crushed by a block and tackle while pulling plunger rods out of their well.

The Sonora school opened Monday morning under the most favorable circumstances. There was a large and enthusiastic attendance for the opening day and everything points to a most successful session. The members of the school board were present at the opening to lend their influence and encouragement to the faculty. The number of pupils in attendance was 162, 77 boys and 85 girls. The enrollment is 225 and it is probable the attendance will exceed that number. The faculty is composed of Prof. H. T. Hickman, Miss May Maddox, Miss Velma Outlaw, Miss Maymie Smith, and Mrs. F. H. White. The teachers are experienced and the only thing necessary for a successful session is for the parents to support the teachers and send the children to school regularly.

Mr. and Mrs. Joe Elkins of Fort Stockton were guests of Mrs. Elkins' grandmother, Mrs. Beulah Pfeister, last week.

Mr. and Mrs. Sidney Awalt and children are in San Antonio, the guests of Mrs. Awalt's parents, Mr. and Mrs. M. L. Marrs.

Herman Moore was called to Granbury early Wednesday morning to be with his father, H. E. Moore, who is seriously ill.

T. S. & G. R. A. Directors Back Sonora For Location Of Scouring Plant

Directors of the Texas Sheep and Goat Raisers' Association, holding their quarterly meeting in Junction last Saturday, voted to back up the recommendation of the advisory committee that the Texas A. & M. College scouring plant at Bluebonnet Farms, McGregor, be moved to Sonora.

The motion was made by Joe Brown Ross. The vote on Ross' motion was taken after a substitute motion that the matter be discussed on the floor of the annual convention in November was defeated 38-19.

Vic Pierce of Ozona, John Alex-

ander of San Saba and Leo Richardson of Iraan spoke in favor of locating the plant in San Angelo.

Fred T. Earwood, chairman of the sheep and goat improvement program and a past president of the T. S. & G. R. A., reviewed the improvement program, stating that he felt some progress had been made in the three years the program has operated.

Foreign wool sales appear firm and steady, Earwood said. He also stated he was optimistic over marketing of wools now held in storage in Texas.

Soil Conservation District News

Prepared by Local SCS Personnel
News of Edwards Plateau Soil Conservation District

The Board of Supervisors of the Edwards Plateau Soil Conservation District visited the San Saba-Brady Soil Conservation District last Monday. The group observed flood prevention work on the Deep Creek watershed.

The work completed on Deep Creek is a cooperative project sponsored by the San Saba-Brady Soil Conservation District, local people, and the Soil Conservation Service. The cost of the project is shared by the local people and the Department of Agriculture.

The flood prevention work applied to the Deep Creek watershed consists of six water detention structures that hold flood water from 14,981 acres of drainage. The dams are constructed in such a manner that permits the orderly discharge of water through natural stream channels without danger of flooding. This watershed received a 7.3 inch rain last October. The detention dams held up this water and fed it into the natural stream channel for two weeks following the rain.

Flood prevention work of this type takes into consideration land treatment on the watershed, to hold as much water as possible where raindrop first strikes soil. This treatment consists of maintaining a good cover grass on pasture land, terraces, contour farming and cover cropping on cultivated land.

The supervisors making the trip consisted of Joe Brown Ross, chairman; Frank Bond, W. B. McMillan, and Edwin Sawyer. George Brockman, Clint Langford, and Andy Truden accompanied the group.

Record Livestock Entries At Fair

A total of 4,101 head of beef and dairy cattle, swine, sheep and goats have been entered in livestock events of the 1954 State Fair of Texas, Livestock Manager Ray W. Wilson has reported.

The total included 2,109 in the Pan-American Livestock Exposition, October 9-17, and 1,992 for the Junior Livestock Show, October 18-22.

Cattle, sheep and goats entries increased more than 15 percent over last year in the Pan-American Exposition and more than 4 percent in the Junior show. No swine shows were held last year. The entry total does not include Quarter horses, Palominos and Shetland ponies.

Pan-American Exposition entries include 726 head of Aberdeen-Angus, Brahman, Hereford, Shorthorn and Santa Gertrudis beef cattle. There are 499 head of Ayrshire, Guernsey, Holstein-Friesian, Jersey and Milking Shorthorn dairy cattle entered. A total of 526 breeding swine have been entered in Pan-American's open shows. Sheep entries total 277 head, Angora goats 81.

The Junior show lists 135 entries of dairy heifers, 232 fat lambs and 884 pigs.

The 1954 totals compare with 666 beef cattle entries, 378 dairy cattle, 237 sheep and 86 Angora goats for last year. Totals for 1953 Junior shows stood at 135 dairy cattle, 236 fat steers, 253 market steers and 471 fat lambs.

Herman Moore was called to Granbury early Wednesday morning to be with his father, H. E. Moore, who is seriously ill.

Mr. and Mrs. Joe Elkins of Fort Stockton were guests of Mrs. Elkins' grandmother, Mrs. Beulah Pfeister, last week.

The Sonora Lions Club's auction sale, resumed after a three-year layoff, bounced back Tuesday night, pouring \$4,073 into the club treasury for a year of civic and charitable enterprises.

Of the 206 items donated to the sale, a heifer calf given by the Dan J. Harrison ranch brought the highest price. It went to Cleve Jones for \$130. Lowest price paid was \$1 paid by Herbert Fields for a malted milk donated by the Renroc Drug.

About 300 attended the sale, conducted by Lem Jones of Junction at the Sonora racetrack.

Most unusual bidding was a spirited contest for a first edition of the book, "Corduoy Road," written by a former Sonoran Wallace Davis. Bidding for the book opened at \$20 and went up a dollar at a time until Louin Martin bought it for the Sonora Wool and Mohair Company for \$85.

A cake baked by Mrs. Alvis Johnson went to Stanton S. Bunty, Jr., for \$35; an electric drill given by the City of Sonora was purchased by the West Texas Utilities for \$115.00; a pack of rat bate from Santex Feed Co. went to R. C. Vicars for \$5.

"It was a most successful sale," said Lea Roy Aldwell, Lions Club president, "and I want to thank the merchants, ranchmen, club members and especially the ladies for doing so much toward making the sale a success."

A complete sale list will be published in next week's edition.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

HOME PURCHASE BRINGS LEGAL PROBLEMS

With "National Home Week" being observed September 19-26 many people will be thinking at least casually about the purchase of a new home. Those who become seriously interested should proceed cautiously when making a deal, as many important legal problems are involved in such a transaction.

For the average person, the buying of a home is the largest single transaction of his life. It is also, in most instances, the most permanent or longest term

investment he will ever make. Whether or not he bought wisely will be determined by his ability to resell without difficulty, or to enjoy the use of the premises without annoyance or interruption.

Possibly the first legal problem you will meet will be when you are asked by the seller or his agent to sign a contract of sale or earnest money contract. In connection with the latter, you will be asked to deposit a sum of money which would be forfeited to the seller and agent for damages in event you do not fulfill the contract. Although no forfeit money may be required with the former, you may still be legally liable for damages if you renege. Be sure, therefore, that you know exactly what your obligations are.

The next legal problem would probably be to determine the status of the title to the property. Many persons become confused during this stage, thinking that securing possession of an Abstract or Title Insurance Policy will afford them complete protection against title defects. This

is not necessarily true in either case.

Keep in mind that an abstract is merely an outline of public records on the tract. Any person may purchase an abstract covering any piece of land, whether he owns it or not. A Title Insurance Policy indemnifies you only up to a certain maximum sum of money, and contains various exceptions to the specified coverage.

Following this would be the problem of transferring the title from the legal owner to you, as purchaser, in such manner that no legal question might later arise concerning your sole and exclusive ownership.

Incidental to your title problems is that of ascertaining what restrictions exist upon the lot you are buying and upon the neighborhood generally. Municipal zoning ordinances and restrictive covenants placed upon the tract by previous owners or developers of the subdivision may prove a protection or a hindrance, according to the plans you may have for future use or improvement of your property.

Other legal questions may arise in arranging the method of payment for the house. The fact that most people need years in which to complete such payment makes this a matter to be considered carefully.

These are some of the major legal problems you are likely to encounter in purchasing a home. Of course, number of others may arise in some cases due to peculiar individual circumstances.

A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

(This column, based on Texas Law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—A big run of cattle appeared at Fort Worth and at other major markets as the mid-September marketing got under way last Monday. However, the buying power remained strong on cattle and prices were favorable.

Cows were fully steady and bulls also held steady. Slaughter steers and yearlings brought strong prices, with some fat steers and yearlings from \$22 to \$25, the latter price for a short load of fed cattle from the State Home at Corsicana. This \$25 price was the highest fed cattle price in some months at Fort Worth. Numerous loads of well finished steers sold from \$20 to \$22.

Slaughter calves ruled weak to 50 cents lower with a top of \$18 sparingly, and most sales from \$17 downward of fat calves.

Sheep and lambs drew mostly steady prices except slaughter ewes were around 50 cents per hundred lower at Fort Worth Monday. Fat lambs topped at \$19 and feeder lambs drew \$12 to \$15. Some feeder lambs at \$15 were considered stronger than comparable lambs sold last week.

Slaughter ewes sold around \$3 to \$4, a few out side that range. Slaughter yearlings sold from \$8 to \$12.50, and old wethers drew \$9.50 down. Old bucks sold around \$5.

The strong demand for stocker and feeder cattle and calves has been a firm prop under prices at the market at Fort Worth recently. The continued demand from principal feeding areas in the Cornbelt was bolstered by the predictions of a whopping corn crop this year. Fort Worth order

buyers report more orders in hand than they can fill for the high grades.

In general, it is believed that feeding margins may be smaller this year than last, since stockers and feeders are currently selling \$2 to \$4 above a year ago. However, recent strength in the fat cattle market has been highly encouraging.

Stories of the drought in Texas have been exaggerated in the minds of some of the mid-westerners who were at Fort Worth for the Aberdeen-Angus feeder calf sale last week. One Iowan cornered this writer and asked in surprise "What's this, I thought all the cattle in Texas were thin?"

Apparently he thought that all the cattle in this section were staggering around virtually starved to death. Fact is that because of the supplemental feed they have had, most calves and cows coming to Fort Worth this year are heavier than normally is the case.

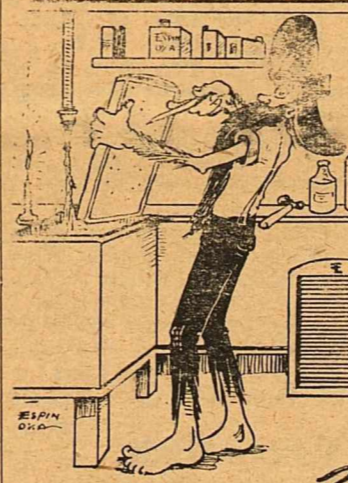

Feeder lambs coming to the Fort Worth yards are averaging 8 to 10 pounds heavier than normal this year. The reason? Not better pasture, but the supplemental feed the ranchers and farmers have been giving the stock.

In fact some lambs in feeder flesh are too heavy to suit most of the feeder buyers, indicating they had more milk from the supplementally fed ewes than was expected. They also probably picked up some of the feed, too!

Mrs. Beulah Pfister was admitted to Hudspeth Memorial Hospital last Thursday after suffering a heart attack. Her condition is reported improved.

Howard Espy bought ten registered Rambouillet ram lambs for Espy-Vander Stucken from Fred T. Earwood.

From where I sit... by Joe Marsh

**Slugger Wins
the "Home" Game**

Slugger White, the home town's star hitter, dropped by the other day to talk baseball, and to "tell one" on himself.

Seems Slugger had been baby-sitting. "I was doing just fine," he said, "until it was time for a 'change.' I called Mom for advice. Still didn't get it right. Then Dad set me straight."

"Place the diaper like a baseball diamond with you at bat," he said. "Fold second base over home plate, and pin first and third base on home plate. That did it—with no errors!"

From where I sit, Slugger's Dad had the idea. Often, like his Mom, a lot of us tend to give advice in our terms without considering the other fellow's way of doing things. Even in choosing your favorite beverage, it's best to think of your neighbor. If you like tea, and I prefer a temperate glass of beer, we should both "play the game" and try to understand each other's point of view.

The Sporting News SPORTS FLASHES

With baseball now in its home stretch, there is the usual September speculation as to who shall be adjudged the Most Valuable Player of 1954. In the opinion of The Sporting News, standout candidates in the National League are teammates on the New York Giants—Willie Mays as the most valuable player, Johnny Antonelli the most valuable pitcher. In the American League, the choices as of now would be more difficult to make. We'll come back to the American in a minute, after going over the National League candidates.

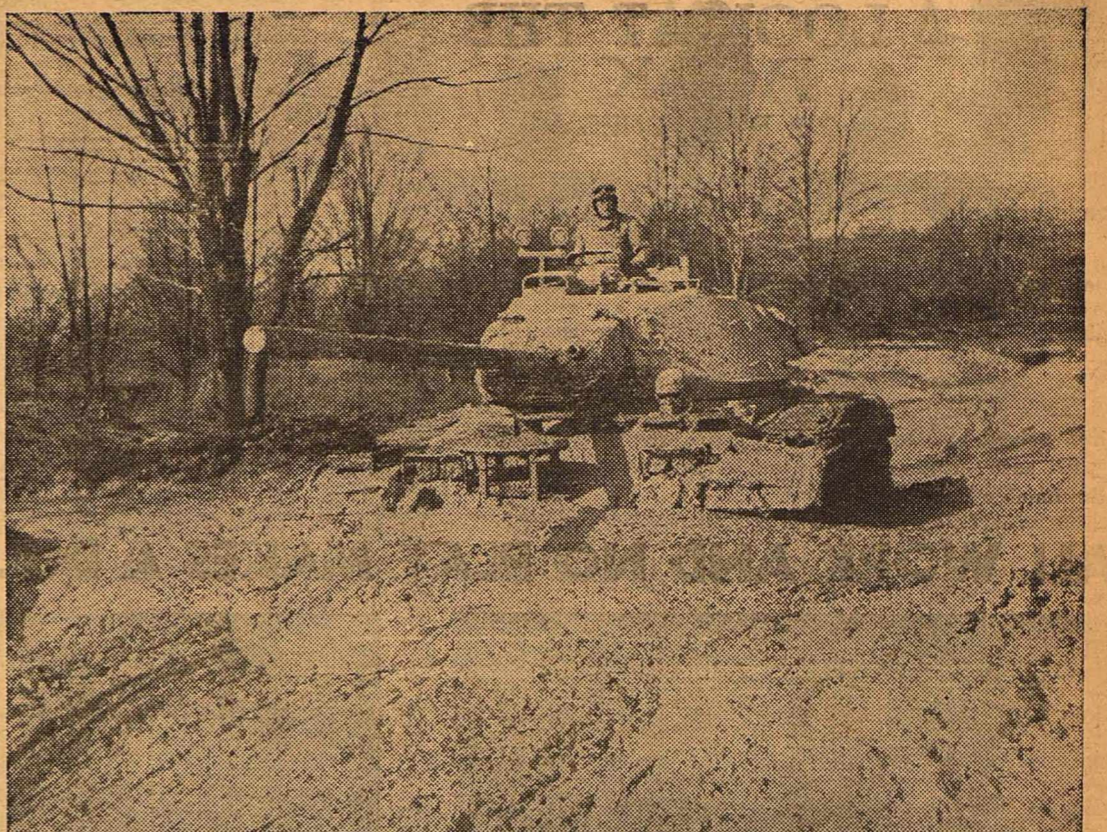

Mays and Antonelli, says The Sporting News, most surely rate top consideration. They brought back to life a dispirited team that finished 35 games out of first place just a year ago. However, there's always room for debate. Brooklyn fans might consider Duke Snider the most valuable player in the league, or Pee Wee Reese or Gil Hodges. Milwaukee has its Joe Adcock, and St. Louis has Stan The Man. Musial is in the running every year. Others who might be considered are Ted Kluszewski of the Redlegs, Frank Thomas of the Pirates, and Hank Sauer and Ernie Banks of the Cubs.

Among the pitchers, says The Sporting News, who is there to buck Antonelli and his shining record? Perhaps Robin Roberts of the Phils, is says, or Jim Hughes of the Dodger relief staff, or Warren Spahn of the Braves, who has made a terrific stretch drive. But without Antonelli, the Giant's

staff would have been without a backbone as to durability. As for Mays, he's a standout because of the many games he has won with a hit or a fielding play when the Giants would have lost had he not delivered. He's the team's Minute Man, and has given the Giants also a spiritual lift. He and Antonelli together, The Sporting News believes, are mostly responsible for pulling the Giants up from fifth position.

Now, let's take a look at the American League's situation. Things are tough there, says The Sporting News, when it comes to picking the year's standout player and pitcher. But among the very top candidates, it says must be rated Bobby Avilla and Larry Doby of the Indians, Yogi Berra of the Yankees and Minnie Mi-noso of the White Sox. Many other can be listed in those to be considered, but at the moment it seems that the choice must lie among these four.

When it comes to the American League's most valuable pitching choice, The Sporting News seems willing to go along with Bob Lemon of the Indians. He was the first in the majors to win 20 games this year—he has won 20 or more in six of his seven years. He's also a fine base-runner and is often called up as a pinch-hitter. He was out nearly one month this season with a bad back. Perhaps, says The Sporting News, he might have been a 30-game winner. Well, there they are, as The

CHAMPION MUDSLOGGER—Not even a sea of mud stops the Army's light tank, the Walker Bulldog. Here the 26-ton warhorse churns its way through one of the many obstacles on a test course at Cleveland, Ohio. On dry land, this powerful combat vehicle has a speed in excess of 40 miles per hour. It is manned by a crew of four and packs its Sunday punch in a 76-millimeter cannon.

Sporting News sees them. Mays and Antonelli in the National, a possible choice of Avila, Doby, Berra, Minoza with Bob Lemon as pitcher in the American.

Mickey Vernon of the Senators, who recently got special mention when he made his 2,000 major league hit, isn't a very talkative person. Reporters find him one of the toughest players to interview. But one time, a writer quoted Vernon for almost two columns. When a Washington writer teased him about being so garrulous, Mickey replied: "All I said to the fellow was hello."

The Cleveland Indians of 1954 have already won more games than any other team in Cleveland history. When they gained their 99th victory by beating the Athletics, September 8, they beat the former Cleveland high of 98 victories set by the 1920 world's champions.

Joe Frazier of the Cardinals has a good chance to set a ma-

major league record for pinch-hits this year. When he singled as a sub for Alex Grammas in a September 4 game, he raised his season total to 20. The record is 22, set by Sam Leslie of the Giants in 1882.

Dodger Pitcher Russ Meyer has no mercy on his former mates, the Chicago Cubs. When he beat the Cubs recently, 10 to 2, it was his sixteenth straight win over them. It was his twenty-first victory in 23 decisions with the Cubs.

Home runs again are the trademark of the New York Giants. While they won't come close to the record of 221 hit by the 1947 Giants. They will go far beyond the 176 they hit last year and lead their league. Labor Day found them with a total of 171. Willie Mays at that time had 39 and Hank Thompson 25. Monty Irvin and Alvin Dark were near the 20-mark with 18 apiece.

For seven years, Pitcher Tom

Hurd was White Sox property, but he never got a chance to pitch in the majors. Nov. 30, Hurd was bought by the Red Sox this year from the White Sox farm at Charleston in the American Association. Brought up to Boston as a rookie relief pitcher, Hurd won his first major league victory against the club that never gave him a chance, the White Sox.

A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

John the Baptist, that remarkable man, was thrown into prison by Herod because of his faithful preaching and courageous denunciation of sin. To him in the darkness of the dungeon came various reports about Christ, and John who had pointed to Jesus and cried with such certainty, "Behold, the Lamb of God that takes

away the sin of the world," confessed and perplexed and discouraged now set to Him from jail, asking, "Art Thou He that should come?" The answer of the Lord Jesus was divinely positive. He did not insist loudly that indeed He was the Messiah and send a message of rebuke to John because he had presumed to

doubt His deity. He answered the question with no declaration of His own Messiahship at all. He said simply, "Go and shew John again these things which ye do hear and see." John's messengers had had an opportunity to observe the miraculous and divine power of Christ. They had been present as He gave sight to the blind, made the lame walk, cleansed lepers, unstopped deaf ears, raised the dead, and preached the Gospel to the poor. What better answer could Christ have given to John's question than the answer of His life and work? Every act of the Lord Jesus proclaimed His deity.

The outward action of a man's life is the best indication of what

he really is. The Lord stressed this truth Himself. "Even so every good tree bringeth forth good fruit; but a corrupt tree bringeth forth evil fruit. A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit. . . Wherefore by their fruits ye shall know them" (Matthew 7:17-20). A man is bound to manifest outwardly by his words and his actions what he is in his heart, for out of the heart are the issues of life (Proverbs 2:23), and as a man thinketh in his heart, so is he (Proverbs 23:7).

Some men say, "It does not matter what my creed is as long as I live right." The truth is that no man who has a bad creed can be a good man. That which a man believes in his heart affects the

course of his outward life James says, "Shew me thy faith without thy works, and I will shew thee my faith by my works" (James 2:18). The only way the heart of a man is apparent to others is by the works of his life. When the saving grace of God transforms the heart of a man it transforms his life. Men may scoff at the grace of God and profess to doubt the miracle of the new birth, but skeptics have no answer to the proof of God's power and the evidence of the new birth when it is manifested in a transformed, godly life.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I was seriously disabled in a train wreck while traveling, under orders, to an induction center. Even though I never entered military service, would I still be entitled to VA compensation payments for my disability?

A - Yes. Under a recent law, your disability is considered to have occurred in active military service, provided it was not the result of your own misconduct.

Q - Since I am rated as 60 percent disabled, I am receiving extra compensation pay because I have a family. I understand that my basic compensation check will go up five percent as of October 1. Will the extra pay for my family also increase on that date?

A - No. The law did not provide for a five percent increase in the extra payments made to veterans for dependents. Only your basic compensation will be increased.

Q - I expect to get out of service within the next few weeks. What is my deadline for starting Korean GI Bill training?

A - Your deadline for starting Korean GI training will be three years from the date of your separation from the armed forces.

Q - Is it necessary to apply for the five percent increase in compensation payments, recently voted by Congress?

A - No. The five percent increase will be made automatically. It will be included in checks mailed at the end of October. It goes in effect October 1.

Your Health

IF I HAD THE POWER

By W. H. Marshall

Chances of today's school age children-5 through 19, dying of disease have been cut by two-thirds in the past 15 years, a State Health Department statistical summary shows.

Thus, excluding accidents, the readin' writin' rithmic set has three times as much chance of living to collect high school diplomas than had the class of '38.

State Health Officer Henry A. Holle attributes healthier school life in 1954 to improved environment at home and school, immunization and vaccination programs, improved drug therapy, and education of the lay public on the importance of disease prevention.

One of every 594 school-age children in 1938 died of disease. By 1953 the ratio had been cut to one in 1785.

Parents of Texas one and three-quarter million schoolastics can breathe easier knowing that 1953 diphtheria death rates have been reduced to one-tenth of the 1938 rate, influenza and pneumonia to one-sixth, scarlet fever to one-third, and malaria and typhoid fever to a flat zero.

Fifteen years ago, the summary shows, school child deaths from all causes reached 3,389, compared with 1,698 deaths last year. And enrollment in public schools last year was greater by 70,000 than enrollment in 1938.

"Typhoid fever and malaria are excellent examples of what can be accomplished by simply cleaning up mosquito and fly breeding areas, improving sewage and garbage disposal, and improving housing conditions," Dr. Holle said.

Malaria caused the death of 39 school children in 1938, and typhoid killed 144. Neither disease claimed a single life last year.

Significantly, it was in 1938 that the State Department of Health began operating on its present scale.

The figures concerning accidental deaths aren't as bright as

If I had the power I would stop all wars. I would heal all broken hearts, I would make well the sick, I would bring in the kingdom of God.

But since I don't have that power, it would seem to me that it would be my duty to help, in my limited way, to prevent wars, to do all I can to heal the brokenhearted, administer to the sick, and work for the kingdom of God.

Someone has said that this is a crazy old world. Be that as it may, the Christian hypothesis is that life is as good as God revealed in Christ, and that behind the Cross there is always the resurrection.

Faith is the highest form of the will to live. A man can't believe nothing and be anything. The man without faith is like a dead tree. There is no life in him. Man within himself is nothing. He is but another animal. But once he lays hold upon faith, he takes on something of the form and energy of God. The great refusal is, for a man by the life he lives to say no to the God who created him for nobility.

Choice-what could be the meaning of life if choice were not a part of it? A man can choose to be little or he can choose to be big. Life is the ONE GRAND CHOICE.

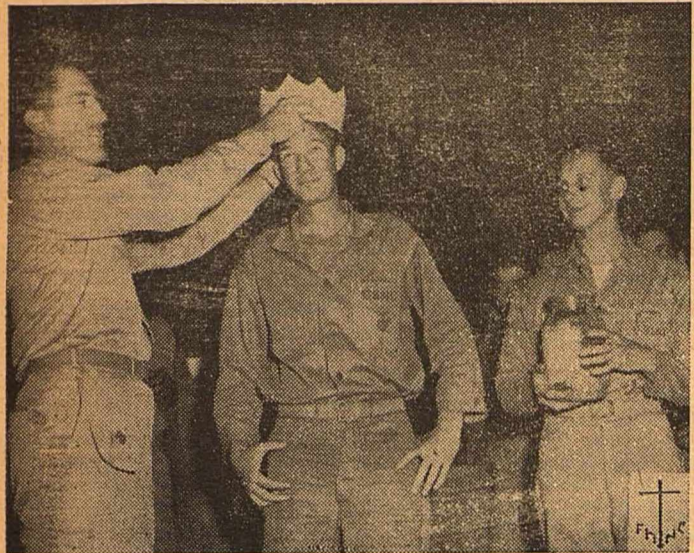

Whether we like it or not, we are here, and no man can say NO to his opportunity to choose the best without at some future time having to face his worst, the fact that he said NO to the best and accepted the worst. "Every man is his own worst enemy."

Attend Church Sunday!

these on disease-produced fatalities. Accidents accounted for only 22.3 percent of all school age deaths in 1938, compared with 45.7 percent in 1953.

Accident prevention programs probably represent the most urgent field for student health education, Dr. Holle believes.

ALL WORK AND NO PLAY MAKES A DULL MARINE

Marine Pfc. Ralph W. Brown, son of Mr. and Mrs. Major W. Brown of Route 1, Brownsboro, Tex., is crowned "King for a Day" at Camp Gatlin, Oahu, T. H., by Marine Lt. Col. Bruce Hillam as a part of the camp's recreation program. He was selected by a drawing held for the 1st Air and Naval Gunfire Liaison Company. The honor entitled Pfc. Brown to demand his most secret wishes for a day and have them granted.

The hula troupe which entertained at the King's noon-day coronation banquet received personal thanks from His Majesty after a lunch of T-bone steaks, corn-on-the-cob, strawberry shortcake, watermelon and a Hawaiian salad bar.

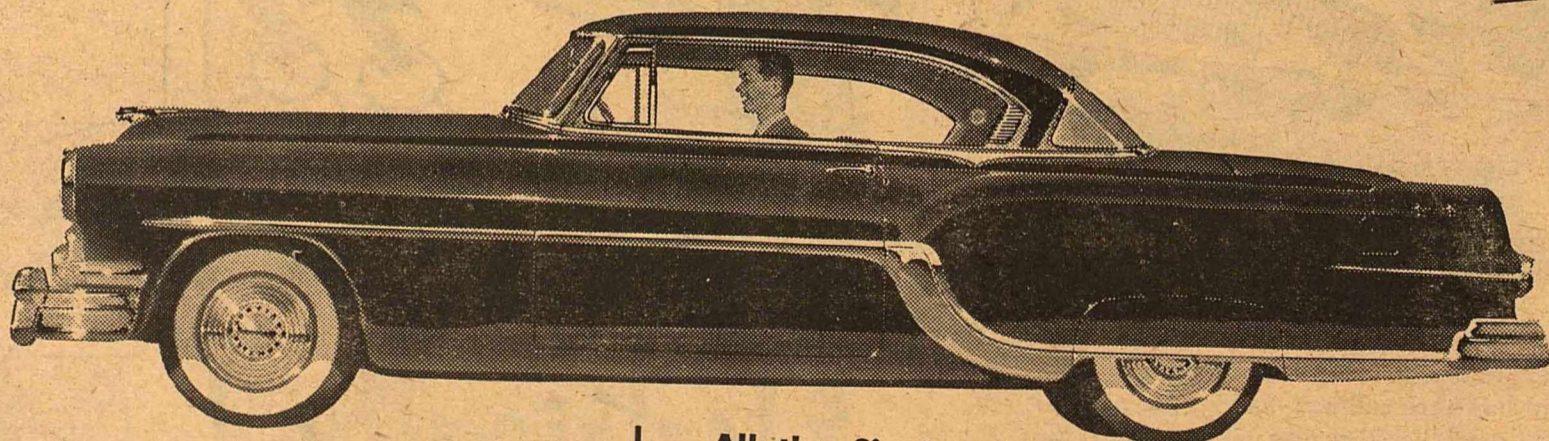

Waking at the Marines' regular rising hour at 6 o'clock, King Brown issued a command from the royal bed to a group of fellow Marines, sending them out on a hot field problem while he stayed behind to enjoy the regal comforts of his title.

The greatest test of the Monarch's power came at 9 a.m. when he ordered breakfast in bed served by his Top Sergeant, Marine MSgt. J. D. Kirkbride of Omaha, Nebr. To serve His Majesty Kirkbride was required to wear a chef's hat and cook's apron; he also had the honor of lighting the King's after-breakfast cigar.

"The STARS and STRIPES FOREVER"

IN PARADES ALONG MAIN STREETS FOR DECADES BANDS HAVE BEEN PLAYING THE MUSIC OF JOHN PHILIP SOUSA, THE "MARCH KING," STIRRING THE BLOOD AND MAKING EVERYONE FEEL THE TALLER FOR THE SIGHT AND SOUND.

WE AMERICANS LOVE TO WATCH PARADES, BUT IT IS THE SWINGING MUSIC OF THE MARCH THAT PROVIDES THE BIG THRILL AS THE BAND PASSES BY.
