SIXTY FIFTH YEAR

Sonora, Texas, Friday, October 1, 1954

FIRST WEEK

... Son of  
... again ...

While Tom Ratliff was driving the new ambulance through the Notre Dame campus last Saturday after the game, he heard one Notre Dame student say, "Look! a Texas station wagon."

Sonora has a new fire department. At least they wear red shirts and put out football fires. We're speaking of the Bronco's big red line, one of the finest, we think, this section has seen in many a year. And if you kept up with statistics, you know that Ballinger came out on the short end as far as line play went.

In the Big Lake and Iraan game Sonora's best pass defense has been its line, which has consistently rushed passers into inaccuracy. It's the same way on offense. Of course our backs are running harder this year, but it has been made possible by teeth-rattling blocks thrown by the line.

The Broncos as a whole are a real team outfit, hunting for the score rather than the headlines. Witness the conversation between George Wright and Tracy Crites last Friday night down about the Iraan 30 yard line.

Wright is running with the ball, Crites running on his left and the Iraan safety man is ahead and to the right.

Crites: "Slow down and I'll cut across and get him."  
Wright: "Stay where you are and I'll lateral."

And that's the way it happened. At the last instant, giving the safety man no chance to change direction, Wright lateraled to Crites and took out the safety. Crites scored untouched.

Another thing that has helped has been the improved blocking of George Johnson, who promises to become as good a blocker as his older brother, Jack. George hadn't been assigned many blocking chores until this year, but he learns fast.

Tonight's test in the district opener against Menard won't be as severe as the Junction game, but it will take everything the Broncs have all the way to make a victory over the Jackets stick.

Light showers Wednesday and Thursday give promise that maybe October will be the month the rains fall. Would make for a good winter if they did.

## Services Thur. For H. E. Moore

Funeral services for Henry Ellis Moore, 57, father of Herman Moore, were held from the Church of Christ in Granbury Thursday morning.

Moore died at the home of his son here Wednesday morning. He had suffered two heart attacks about two weeks ago, but had felt well enough to return to Sonora with his son for a visit.

## GRASS FIRE THURSDAY

Two fire destroyed over 100 acres of grass on the Thompson Brothers ranch between Sonora and Eldorado last Thursday. The first fire, Thursday morning, was answered by the Eldorado Fire Department, and both departments were called in when the second blaze broke out shortly after noon Thursday.

## City Of Big Lake Rings In On General Telephone Party Line

In a letter to the General Telephone Company in San Angelo, city officials of the City of Big Lake set forth their reasons for refusing the raise in rates that is being asked by the company. A unanimous decision was reached by the officials after a survey of Big Lake subscribers was made.

Thus the first cracks appear in what seems to be a gigantic scheme to make General Telephone (or Bell- who knows?) stock develop into some of the most valuable in America. Other cracks are appearing as free men in West Texas begin to fight back.

Item- The City of San Angelo has refuted General Telephone's claims concerning the paucity of its earnings.

Item- The City of Eden flatly turned down General Telephone's request for an exorbitant increase in rates and dared them to do something about it.

Item- The City of Big Lake flatly turned down General Telephone's request and in doing so quoted the company chapter and verse as to why.

Meanwhile, here in Sonora, the cost of moving a residence telephone rose suddenly but quietly last Saturday night from \$1.50 to \$4. The cost of moving a business telephone also rocketed, only more. It rose, believe it or not, from \$1.50 to SIX DOLLARS!

COPY OF BIG LAKE LETTER TO GENERAL TELEPHONE CO. September 17, 1954

General Telephone Company  
14 West Twohig  
San Angelo, Texas  
Attention: Mr. John E. Robbins  
Gentlemen:

Listed below you will find results of the recent survey made of your subscribers in connection with the proposed increase in telephone rates:

Local service improved	38%
Local service not improved	62%
Long distance service improved	33%
Long distance service not improved	67%
Customers satisfied with present service	24%
Customers not satisfied with present service	76%
Customers to disconnect telephone if any increase granted	23%

The General Telephone Company has constantly reminded the City officials of Big Lake of the responsibility of allowing your company a reasonable rate of return on your investment here. After a careful tabulation and analysis of the recent survey the City officials would like to remind the General Telephone Company that you too have a responsibility to your subscribers in our community which definitely has not in the past, and is not at present, being fulfilled, in view of the reaction obtained from our survey, we would like to suggest that the General Telephone Company set its own house in order first, and after it has been proven to your customers that they will be assured of the service they deserve that your company re-apply for a rate increase in keeping with the service rendered as well as attempting to realize a fair return on your investment.

The reaching of this final decision has been unanimous with the City officials and in closing we would like to give Mr. Gordon Lowe, your local manager, a vote of confidence and assure you that in our opinion he has not been responsible for the state of affairs that exist; however, he certainly needs additional help to properly maintain over 800 telephones in this widespread area.

Yours very truly,  
CITY OF BIG LAKE  
By J. M. Sappington, Mayor, E. A. McIntyre, A. L. Evans, Billy Carr, P. H. Coates, and Richard Joiner

## 4-H Club Sets Show Date, Adopts Rules

The Sutton County 4-H Club, meeting Wednesday night, set its annual livestock show date for Saturday, January 22, 1955 at the racetrack or club barns.

Thirty-five members are feeding 155 fat lambs, 30 breeding sheep, and seven calves for the show, indicating that this may be the largest show in the local club's history.

The annual 4-H achievement banquet will be held Saturday night, December 4, at the school cafeteria. At this time 4-H members and adult leaders will be honored for outstanding work.

Officers elected for the 1954-55 year include Carlos Loeffler, president; George Wright, vice-president; Reed Jennings, secretary, and Preston Love, reporter. Parents club officers include S. M. Loeffler president, Curt Schwiening, vice-president, Mrs. Stanley Mayfield, secretary and Mrs. W. L. Davis reporter.

At the meeting Wednesday night, E. A. Brodhead discussed school policy concerning 4-H work. A general discussion of 4-H feeding problems and livestock show rules was also held.

Connie Locklin, Jan Vander Stucken and Eddie Smith plan to exhibit eighteen breeding sheep at the Texas State Fair on October 13.

The following rules were adopted by members for the January show:

- All exhibitors must attend all 4-H meetings unless excused by the county agent.
- Accurate records of expenses and income must be kept and a completed record book must be turned in at the end of the feeding period.
- All fat animals must be passed on by a sifting committee before they are eligible to show. Members will not be permitted to show or sell unfinished animals.
- All exhibitors must personally own, feed and care for their animals.
- Any 4-H member caught defacing or destroying any part of the 4-H buildings or property will be barred from showing his or her animals and his or her name will be removed from the 4-H roll.
- 4-H members feeding in the 4-H barn will be requested to keep it clean at all times.
- Members will be required to take an active part in 4-H meetings and conduct themselves properly.
- To be eligible to show in county show, fat lambs must be of finewool breeding or a cross between Hampshire, Suffolk, Corriedale or Columbia rams and finewool ewes. Purebred mutton type sheep are not eligible to show and any sheep showing any indication of Southdown or Shropshire breeding will not be eligible to show.
- Eligibility of breeding sheep will be based on rules governing the junior breeding sheep show at San Angelo.
- The show committee reserves the right to interpret these rules and arbitrarily settle and determine all matters in connection with the show.

Billy Cauthorn, who has been in a San Angelo hospital since last week, is reported improved. Mrs. Cauthorn is with him.

## Field Day Set At Turney Ranch

By A. B. Truden

A barbecue a conservation field day, and a supervisor's election, all rolled into one, will be held at Paul Turney's ranch Tuesday, October 5, 1954.

Supervisors of the Edward Plateau Soil Conservation District are sponsoring a program starting at noon and Paul Turney and Harold Friess are furnishing the barbecue. Turney has some grass that is well worth the trip to see.

All ranchers living in the Edwards Plateau Soil Conservation District are invited.

Those ranchers living south of the old Juno road, west of the Del Rio highway to the Rocksprings turnoff, and south of the Richsprings highway are eligible to vote in the supervisor's election to be held at 1:00 P. M. Voters will select a rancher to represent their area on the District Board of Supervisors. Fred Earwood now represents this area on the board.

The Board of Supervisors elected by landowners within each district administers and controls the district program. Wide support of the rancher elected to the board help strengthen the district, further the cause of self-government, and hasten the conservation and improvement of our greatest resource-grass.

## Sonora Junior Team Defeats Junction 13-0

Sonora's junior high school team won its first game of the season last Thursday night, defeating the Junction Eaglets 13-0.

Sonora's first score came in the second quarter when Junction tried a pass from its own 30 yard line. Torivio Chavez intercepted in the flat and went over for the score. Allen Wall plucked the line for the point.

Sonora scored again in the third when Wall carried over from the 6. The drive started from the Sonora 40. Line play for the point failed.

The Juniors fell into place well, especially considering that they had but five days practice before the game. Dan Carter Cauthorn played a good game at tackle.

Eldorado will send its junior team here next week, but the exact date has not been decided.

Meanwhile the Juniors were running into hard luck with injuries. Bobby Joe Smith suffered a broken leg Tuesday during a blocking demonstration, and Albert Sykes received a broken collarbone in practice last week. Both were "freak" accidents and neither occurred during a "pile-up" since coaches stop practice plays as soon as the ball carrier has ceased forward motion.

## Sonora Tops Iraan 44-7; Opens District Play In Menard Tonight

An undermanned Iraan 5-A squad fell before a hard-hitting Sonora line and fleet Bronco backs here Friday night 44-7. Sonora scored twice in every quarter except the third.

George Wright started the first scoring punch when he returned the opening kickoff 34 yards to the Iraan 48. Four plays later, Crites swept left end to the 8, then went over on the next play. Wright's kick was good.

Iraan couldn't gain against the Bronco line and punted to George Johnson, who returned from his own 20 to the Iraan 44. This time it took three plays, with Crites again going over left tackle. Wright again converted.

In the second quarter, Wright passed from the 50 to Jack Johnson, who was downed on the 30. Another Wright pass to George Johnson was good for the score. Kick failed.

Sonora's fourth scoring chance came when Sam Gonzales intercepted a Braves' pass on the Iraan 26. George Johnson and Crites carried to the 6 and Wright went over to score.

In the third quarter George Johnson took an Iraan punt on his own 46 and returned it to the Braves 14. Jack Adkins carried to the 7 and Clayton Garner carried over for the TD.

Iraan's sole score came in the third when Hearn intercepted Garner's pass and ran unimpeded 55 yards to score. Spectators were treated to their second dropkick of the year when Jacobson hipped the extra point.

Most spectacular Bronco score came early in the fourth quarter when Wright went up the middle 35 yards to the Iraan 30, then lateraled to Crites and blocked the safety, Crites scoring untouched.

Final score of the game came after a drive starting on the Sonora 25, with Garrett, Garner, Adkins, Gonzales and Vasquez alternating in the backfield. Adkins carried over from the six.

## CLAY ATCHISON HURT IN WRECK TUESDAY

H. C. (Clay) Atchison III, 24, who was seriously injured in a two-car accident Tuesday near Seminole, was flown to San Angelo for surgery Wednesday afternoon. The flight was made by Air Force C-47. Young Atchison was accompanied by his father, H. C. Atchison, former county agent here and now a San Angelo resident.

Atchison suffered a crushed left arm and broken left leg in the accident which happened about 6:30 o'clock Tuesday night. He is reported as still in serious condition.

The injured man attended Sonora elementary school. The family moved to San Angelo in 1942.

Mr. and Mrs. S. M. Loeffler returned Thursday from Kilgore, where they were guests of their son, Norris Loeffler, and Mrs. Loeffler. Loeffler is employed as reporter for the Kilgore News Herald, a daily newspaper.

virtually no stocker trade on calves and yearlings, with the heavy September receipts of 1953 moving largely into packer channels. The break in calf prices of around 50 cents per hundred at Fort Worth Monday, with some spots on medium kinds of stockers around 50 cents to \$1 per hundred lower, still left prices far ahead of a year ago on calves.

On Monday good and choice slaughter calves brought \$14 to \$17, and a year ago on September 24th, good and choice slaughter calves were quoted at \$11 to \$14.50, few above \$13.50. Cull, common and cedium slaughter calves Monday sold from \$8 to \$13.50 and a year ago at this time drew \$6 to \$11.

Stocker and feeder calves topped at \$16 to \$17 a year ago as against \$18.50 to \$19.50 at Fort Worth Monday. Steers yearlings at \$15 to \$15.50 a year ago, compared with \$16 to \$18 Monday.

Fat steers enjoy a better market than a year ago at this same date, but cows and bulls are not selling as well. Good and choice fat steers and yearlings at \$17 to \$23 at mid-September of 1953, compare with \$19 to \$24 at this time. Common and medium grassers at \$7 to \$15 a year ago compare with cattle sold this week at \$10 to \$18.50.

Fat cows a year ago drew \$9.50 to \$13, and this week at Fort Worth sold at \$8.50 to \$12.50, while canners and cutters a year ago drew \$6 to \$9.50, and cutters sell from \$5 to \$9, with some shelly canners under \$5.

Bulls sold at Fort Worth a year ago from \$8 to \$13, and Monday drew \$8 to \$12, a few \$12.50.

Monday's trade at Fort Worth saw fat steers and yearlings steady to weak, spots 25 to 50 cents off. Cows were steady to strong. Slaughter calves were mostly 50 cents lower. High grade stockers were steady to 50 cents lower, with medium and plain quality from 50 cents to \$1 off.

Sheep and lambs were steady string of 1,522 head from J. E. White of Brewster County weighing 95 pounds at \$18. Lower grade lambs cashed at \$10 to \$17, and culls from \$8 to \$10. Feeder lambs drew \$11 to \$15. Old ewes drew \$2.50 to \$4, with yearlings withers \$7 to \$12, and old withers \$10 down. Old bucks \$3 to \$4.

One year ago in mid-September Fort Worth prices reveal that fat lambs topped at \$16 to \$16.50; yearling withers a year ago brought \$8 to \$10.50; old withers a year ago drew \$7 to \$9; old withers a year ago brought \$4 to \$6.50. Mid-September 1953 saw feeder lambs selling at \$9 to \$13, old bucks at \$2 to \$3.

### JUDGEMENT

By W. H. Marshall

The Expositor gives us a wonderful true story. Here it is: The judgements of men are fallible, and therefore subject to correction. An interesting experience has been described by William McChesney Martin, Jr., who, on induction into the army of the United States, in the spring of 1941, as a private, resigned his office as president of the New York Stock Exchange. His former position brought him a salary of \$48,000 a year.

A few months after he entered the army, Martin, on leave, recounted some of his experiences as a member of the armed forces. According to the United Press, "Martin said that he was encountering considerable difficulty in properly executing certain maneuvers in close-order drill six days after he had been inducted, and a sergeant remarked:

"I've seen some stupid people, but you are by far the worst. It's a lucky thing you got in the army, because you would never be able to make a living anywhere else."

What fools we are when we pass judgment on others. Capacity is a never ending thing for the man who is awake to life's possibilities. A man may be slow to learn some ONE thing but that doesn't mean he has no capacity.

Let us look at this fact. Kindness works simply and perseveringly; it produces no strained relations which prejudice its working; strained relations which already exist it relaxes. Mistake and misunderstanding it puts to flight, and it strengthens itself by calling forth answering kindness. Hence it is the furthest reaching and the most effective of all forces.

All the kindness which a man puts out into the world works on the heart and thoughts of mankind, but we are so foolishly indifferent that we are never in earnest in the matter of kindness. We want to topple a great load over, and yet will not avail ourselves of a lever which would multiply our power a hundred times.

It could be that Jesus had you in mind when he said, "Judge not, that you be not judged."

Mr. and Mrs. Bryan Hunt had as their guests last weekend, their son, James, and Miss Virginia Moore of Hunt.

Mrs. Beulah Pfister has returned home from Hudspheth Memorial Hospital. She has as her guests last weekend, Mr. and Mrs. Ed Pfister of Fort Stockton, Mr. and Mrs. Jack Pfister of Hobbs, and Mr. and Mrs. J. L. Guthals of San Angelo.

## SPORTS FLASHES

The failure of the New York Yankees to win their sixth straight pennant means one thing to Frank Lane, general manager of the Chicago White Sox. That is that their mighty empire is beginning to crumble at the edges. The Yankees may never again, says Lane, dominate the American League as they did the past five years.

Lane's views are set forth in a frontpage story of the current issue of The Sporting News. Cleveland, he says, is in the process of breaking up the Yankee pennant monopoly and he adds that the years to come.

"The Yankees don't have a corner on the player market any more," Lane told The Sporting News. "Cleveland has good material coming up. The Red Sox and Tigers are in the ascendancy, and the Yankees still have the White Sox to worry about."

We're still quoting Lane. "Stengel was giving me the business last spring," he said, "about our inability to find a third baseman. He told everyone that if Lane was so smart why didn't he get himself a farm system like the Yankees."

"He fancies himself as quite a genius," Lane went on. "But what happened to that great Yankee farm system he was bragging about? The Yankees failed to win the pennant because the farm system wasn't delivering the material it used to. The Yankees needed pitching, but they couldn't get it. And, by the way, they haven't had a regular first baseman since the great Lou Gehrig retired."

Lane went on to say that pitching is the Yankee pillar that definitely appears to be cracking and that's the most important pillar in any baseball structure.

"It has been glaringly evident all season," Lane said, "that the Yankees couldn't reach out in their former custom and bring in one of their young strongarmed rockies from the minor leagues. They just weren't there."

The way Lane looks at it the only department in which the Yankee farm system has real strength is catching, and that's where they need help the least of all. They have Yogi Berra, whom Lane considers the best in the game today, and they have Charley Silvera as Yogi's stand-in. Silvera is good enough, says Lane, to be the No. 1 catcher on almost any other team. Besides these men, Stengel has four catchers in his farm system who are probably the best in the minors.

But there are no replacements, he goes on, for the pitching stalwarts—Allie Reynolds, who is 37 years old, Eddie Lopat and Johnny Sain, both 36. Others on the staff include such oldsters as Ralph Branca, Jim Konstanty and Tommy Byrne.

Not letting up on Stengel in The Sporting News interview, Lane said that if Stengel takes the job again next season he might find that there's something tougher than not winning a pennant. That's trying to rebuild a club, "Now," said Lane, "he may learn how the other half lives. It wasn't any miracle that Stengel won pennants the past five years," he added, "because he held all the aces."

Stengel, also quoted in this week's issue of The Sporting News, indicated that he is willing to stay on the job next year. "The flop of my club," he said, "may be a fine thing in disguise. It should arouse us to action. We gotta make moves—now."

The Cleveland Indians and New York Yankees, in the 22 games they played against each other this year, drew more customers than six major league clubs have drawn at all their home games. That's more than 823,000 saw the 22 games. That's more than the home attendance of the Senators, Athletics, Cubs, Phillies, Red and Pirates.

In these days of long ball games, what the Senators and White Sox did on September 9 was something of an achievement. They played a complete nine-inning game in just one hour and 30

minutes. The Senators won, incidentally, 2 to 1, on homers by Roy Sievers and Jim Lemon.

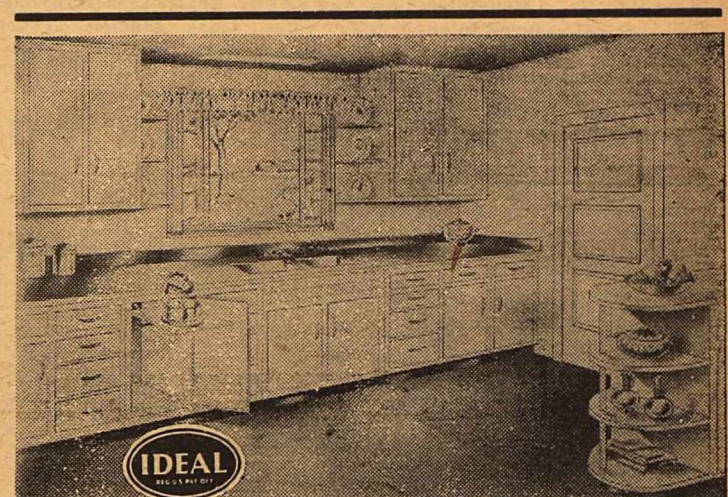

For the first time since 1950, according to The Sporting News, the Detroit Tigers have come out in the black this year, without aid from football. Attendance of well over a million at home games did the trick. The Tigers managed to break even in 1953, but that was due to \$175,000 in rental of Briggs Stadium to Detroit Lions of the National Football League.

Charlie Grimm has done all right in baseball, but there was a time that he couldn't even hold a peanut vendor's job. Grimm as a boy sold peanuts in old Robison Field in St. Louis, but spent

much of his time trying to talk to the ball players. One day, he asked Bobby Wallace, the old infielder, how to become a player. "Watch Hal Chase," said Wallace. And Grimm did—so much that he was fired as a peanut seller.

If Jackie Robinson could bat only against the Cardinals, he would be in the league until he tripped over his whiskers. Robinson has hit .443 against Cardinal pitching this year, and his lifetime mark against the Redbirds is better than .350.

Death took a holiday on the July 4th weekend this year and the wire service were at loss for a top story on the 5th.

#### FREE PRESS PRESERVED BY CONSTITUTION, COURTS

With October 1 to 8 being observed this year as National Newspaper Week, public attention is focused upon the important part which a fully informed, free and uncensored press plays in all our lives. At the same time we should remember that freedom of the press is no accident in this country. It is provided for in our federal Constitution and jealously protected by the courts, along with the other guarantees of our Bill of Rights.

The right of freedom of the press is secured by the first amendment to the Federal Constitution, which says, "Congress shall make no law . . . abridging the freedom of . . . the press." The Constitutions of the several states likewise contain similar guarantees.

Why did the farmers of New England, the planters of the South and the small storekeepers of Philadelphia, New York, and Boston insist some 160 years ago that the original Constitution be amended so that the people would be specifically guaranteed freedom of the press?

It was because the founders of our country had an abiding faith that enlightened citizens could be entrusted with the job of governing themselves. If they could have an unfettered opportunity to read this history and to learn the lessons of the past, to understand the never-ending clash of ideas, to read about what forces are alive in the world, to check on their government as to its activities, its successes, its failures and its abuses, and to write and speak unimpeded then they could not be made slaves.

The framers of the Constitution believed that freedom of the press would aid in enlightening the people. The competition of ideas would point out the choices of the people. With this freedom, they could decide their own problems better, with more resulting happiness to themselves, their families and their communities. The men who wrote the Constitution knew intimately of those countries across the seas whose governments controlled thought, censored information and made political, economic and religious decisions for their subjects. They believed in the principle of competition and the value of permitting every citizen to develop himself to the limits of his abilities, and they insisted that this right of freedom of the press be recognized by the fundamental law of the land.

Of course, all rights entail correlative obligations and duties. Freedom of the press is not unlimited. It does not permit license, libel, violation of the law nor interference with the orderly running of the government.

With but a few insignificant exceptions, the press of the free

Smart advertising is the best method to increase totals sales in 1954.

Dreams are not what successful businesses are made of, unfortunately.

There is too much argument about religion and not enough practice of it.

Two great killers are tension and mental strain; avoid them even at great cost.

The world has admirably justified the faith of the philosophy of the framers of the Constitution. Throughout the Western Hemisphere and in the free countries of the Old World, the "fourth estate" has fearlessly accepted its responsibility and has aided in preserving freedom and in checking tyranny and dictatorship.

The press has been able to continue performing its important functions in this country mainly because ours is a government of laws, rather than a government of men. Our constitutional guarantees, protected by the best judicial system in the world, insure that no dictator shall here suppress the free flow of news as is the habit in some less fortunate countries.

(This column, based on Federal law, is written to inform-not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

#### QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I am a World War II veteran training under the original GI Bill. Next month I expect to finish my course. Since I have some entitlement remaining, would I be allowed to enroll in another course in a different field?

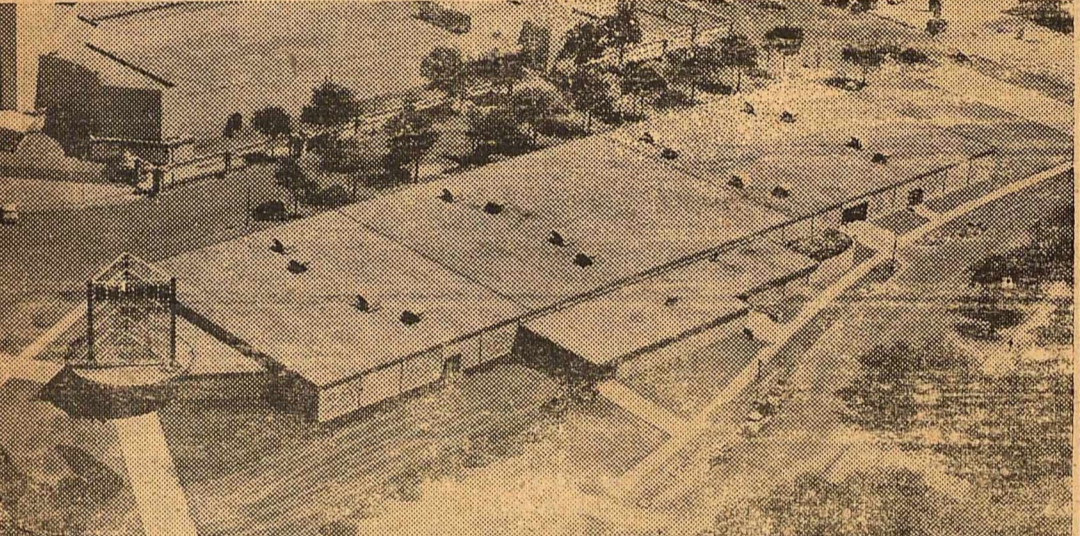

A - No. Once you complete or discontinue a course under the World War II GI Bill, you generally are prohibited from taking another course, even though you do have additional entitlement.

Q - I enrolled in college under the Korean GI Bill for an AB degree in English. Several weeks after class started, I changed my mind and decided I

would rather go after a BS in business administration. Would this be considered my one-and-only charge of course?

A - Not necessarily. You may change from one bachelor degree to another, without having it count as your one-and-only course change, so long as your new course won't take any longer to complete than the old.
