SIXTY FIFTH YEAR

Sonora, Texas, Friday, October 29, 1954

THIRD WEEK

... Son of
a gun ...

The State Highway Department is making an appeal to the public to do all they can to prevent the continuing destruction of highway signs and markers. In Texas there are about 225,000 of these signs and each costs about \$11. At the present rate of destruction, the department is being socked with a loss of around \$200,000 a year.

Most of the damage come from "marksmen" who feel that something the state pays for has nothing to do with them and is therefore fair game. There are also cases like the one at Eldorado last year where a young boy spent an evening uprooting signs with his father's jeep.

Damage to highway signs in Sutton County has been very light, according to J. C. Luttrell, maintenance foreman. Just the same it won't hurt to keep the department's appeal in mind.

Speaking of appeals, we received a note from Miss Marie McCutcheon of Dallas, chairman of the Texas Citizens Committee of Jury Service for Women. Miss McCutcheon's Committee's rallying cry is "Cast A Vote of Confidence in the Women of Texas!" (And vote Tuesday for the amendment making women eligible for jury service.)

Well sir, our rallying cry is "Bless the Women of Texas, But Cast Miss McCutcheon in the Jury Box If She So Desires!"

Seems to us we went over all this before. Certainly the ladies of Texas should have a right to serve on juries if they want to, but they shouldn't be MADE to serve on juries. They shouldn't even be made to go up and stand around the court house all day unless they want to.

We suggest an amendment to the effect that when a lady buys her poll tax, she inform the clerk how she feels about jury service, and then either be or not be a candidate for jury lists.

Miss McCutcheon should realize that the ladies of Texas, ma'am, are different, and should not be made to do anything.

At least none of the ones, we know have ever been made to do anything.

We read in Blondy's column where someone (not Blondy) is worrying about what Sonora is going to do about McCamey. We are not the least bit worried about this because Sonora as far as we can tell from reading the schedule, is not slated to meet McCamey or Fort Stockton this year.

The Broncos are scheduled to meet Rankin tonight, San Felipe next week, then Eldorado and finally Ozona.

Just to refresh our memories, let us recall that last year when Sonora arrived in Del Rio, San Felipe hadn't won a game all season. So they proceeded to teach Sonora a few of the fundamentals 14-7. And they just looked average doing it. Now this year Eldorado will have a night off when Sonora plays San Felipe and from what we hear the Eagles will produce enough surprises to wreck any team that plays dead, no matter what their potential is, no matter how high the Fort Worth Star-Telegram rates them, and no matter what plans they may have for playing McCamey. It happened last year? Will it again?

Turnermen Continue To Roll; Down Eden 74-6

By Billy Bob Ellingson

The Big Reds of Coach Joe Turner continued their winning streak Friday night by downing the fighting Eden Bulldogs 74-6. The Bulldogs seemed ready to give the Broncos a real game as they scored first in the opening minutes of the game on what seemed to have the Broncos a little on the jumpy side. Eden took the kick-off and opened the first play from scrimmage using the Notre Dame "sucker shift". Sonora jumped offside three consecutive times on the shift. After several plays Pfluger took a delayed pithout around the end for 25 yards to move the ball to the Sonora's 6 yard line. After two plays from there, Keys scored standing up. This seemed all for the Bulldogs as they never again made a real threat. After the kickoff, the Broncos began to move smoothly along on the ground. George Johnson took a three way pitch out from Crites to Wright to Johnson and scored from the Eden 30. Eden took the kickoff once again but was unable to move. They lost the ball when Ted Joy recovered a fumble. Sonora's George Wright scored later from the one yard line. George Johnson scored the other touchdown on a 45 yard run.

The Broncos scored every time they had the ball but one.

In the second quarter George Wright scored Sonora's fourth touchdown on a 60 yard run through the center of Eden's line. Eden once again came back with the "sucker shift" but the Broncos were well prepared for it and Eden was never able to go. Sonora scored two more touchdowns in the same quarter. One on an intercepted pass by George Wright who set up a score and the other by George Johnson. The only other threat made by Eden was a pass thrown by Pfluger. The play covered 45 yards to the Sonora 30.

In the third quarter Sonora scored three more times. One score was made by George Wright who ran over from the 2 yard line. One by Jack Johnson on a pass from George Wright for 15 yards. The other was scored by Tracy Crites.

The fourth quarter saw Sonora score twice. George Johnson ran 47 yards untouched for one score, and George Wright scored from the one yard line for the second. A fine defensive game was turned in by Jack Johnson, Tracy Crites, Sam Gonzales and Donald Fuqua.

This week the Broncos travel to Rankin to take on the Rankin Red Devils. The Red Devils are a top contender to win their District.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

REAL ESTATE TITLE PROCEDURES OUTLINED

How may a purchaser determine whether the title he is receiving in a real estate transaction is good, bad or indifferent? Although at first glance there may appear to be more than one alternative method, purchasers usually find that all roads of complete title security lead to a lawyer chosen by the prospective buyer to represent his interests.

In a previous column it was said that the Contract of Sale should state the QUALITY OF TITLE to be conveyed to the purchaser. If the contract does not so state, then the seller may be obligated to sell-and the purchaser bound to buy-only what-

ever title the seller happens to possess, which may actually be quite defective. This may be true in spite of the fact that the seller is in possession, has a deed to the property, has been paying taxes, etc.

A real estate title is a claim of ownership or right to land and to the improvements, such as houses and other structures, located thereon. It may be partial or complete, as determined by the numerous facts in each case. If it is complete and superior to any other person's claim-if you can prove your right thereto against all the world, it is a GOOD TITLE. If, in addition, the evidence of your claim of ownership is contained in the proper public records, it is a GOOD RECORD TITLE. Ordinarily, only a GOOD RECORD TITLE is considered salable, being sometimes referred to as a GOOD MARKETABLE TITLE.

When you buy a house, you want a title which is good, so that you and your heirs will not be troubled while enjoying the use of the premises. You also want that title to be marketable, in order that it can be sold when you are ready to sell-without the expense of perfecting title before your buyer will complete his purchase.

Having made certain that your contract of sale indicates the exact nature of the title to be conveyed to you by the seller, how do you go about assuring yourself that you will receive the specified quality of title? People have varied ideas about this matter.

Some consider themselves safe when they gain possession of an Abstract of Title or a General Warranty Deed. But an Abstract is merely an outline of public records on the tract of land-a history of the title-which anyone may purchase, regardless of ownership.

A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 1, Texas.

(This column, based on Texas law, is written to inform-not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Mr. and Mrs. Edwin Sawyer and Mrs. Sawyer's mother, Mrs. Evelyn Ward of Oakwood, attended the State Fair at Dallas last week.

Mr. and Mrs. Sears Sentell will have as their guests this week, Sentell's parents, Mr. and Mrs. John E. Sentell of Snyder, and his sister, Mrs. Don Harbough, and children of Houston.

NEW YORK—Two newcomers to the hectic pace of the TV series find themselves in the lead roles of NBC-TV's five-a-week daytime, "The Golden Windows."

Leila Martin

Leila Martin, a petite lass of 21, landed the part of the heroine, "Julie Goodwin," because of her trio of talents . . . acting ability, singing voice and youthful good looks. Herb Patterson was chosen to provide the brawn and brains required for the part of "Tom Anderson," the romantic interest in "Julie's" day-to-day dilemma. As the story now stands, "Julie" is contemplating marriage to one man, while she's in love with another (that's "Tom")—besides which she's just as soon have a career. In real-life actress Martin happily resolved all such problems by becoming the bride of Leonard Green, theatrical agent, some six months ago.

Herb Patterson

MEET "DEAR PHOEBE"

Newest among TV's major situation comedies is "Dear Phoebe," a September 10 starter, Friday nights via NBC-TV.

Lawford

Here we find an ex-college teacher, "Bill Hastings"—Peter Lawford—who "makes" the staff of the Los Angeles "Daily Blade" as editor of an advice-to-the-lovelorn column, under the pen-name of "Phoebe Goodheart." On the same paper is "Mickey Riley," pert-and-pretty sports writer. The two are strongly attracted to each other, but city-room rivalry and petty jealousy consistently throw their romance off the track—a sprightly, well played story-line.

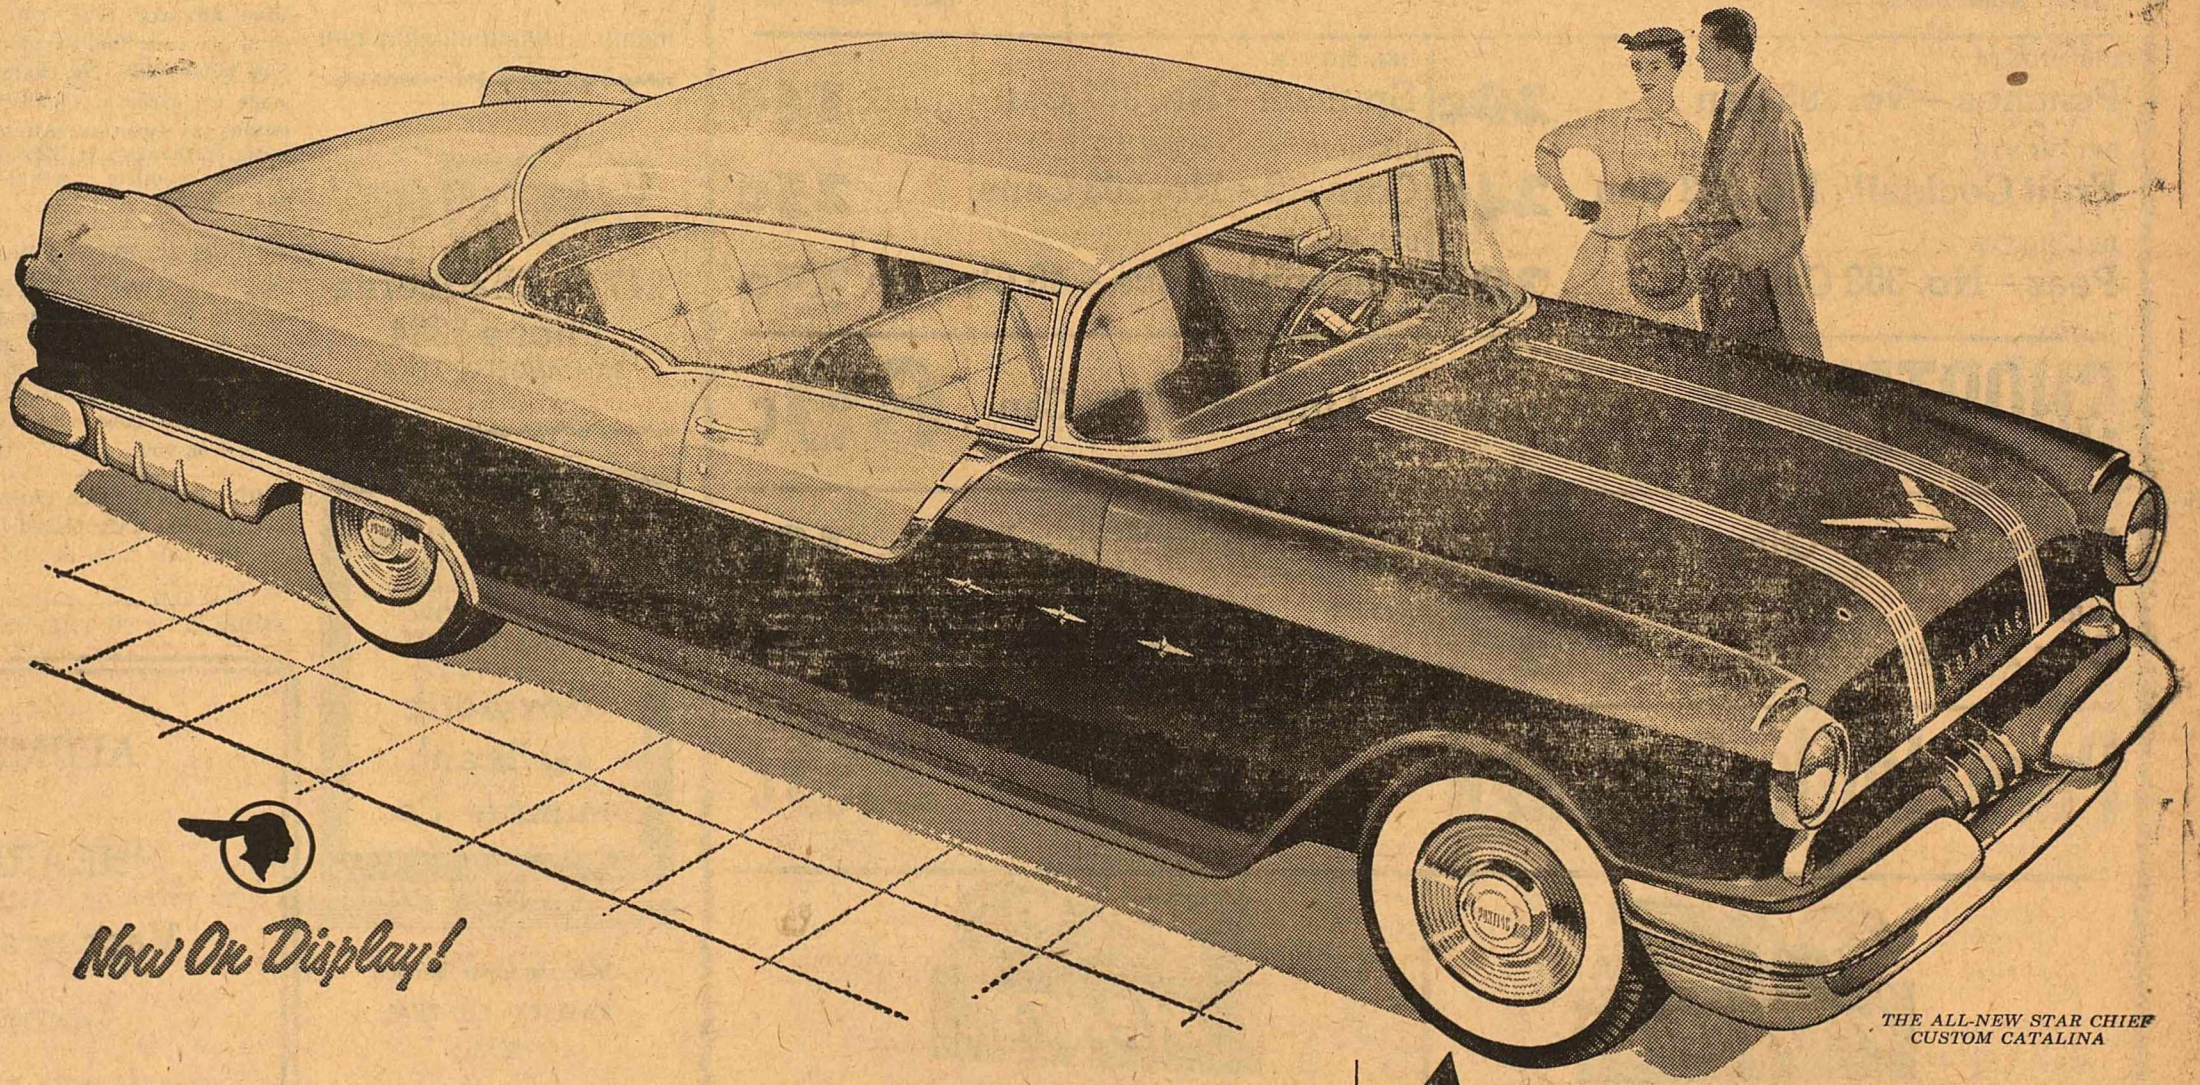

Henderson

Blonde Marcia Henderson is "Mickey Riley." Charles Lane plays "Mr. Fosdick," flint-hearted managing editor, while Joe Corey is "Humphrey," a quite unusual copy boy.

Clay Holland of Owensville, was a visitor in Sonora several days this week.

Mr. and Mrs. Chris Wyatt were in from their ranch several days this week visiting Mr. and Mrs. R. T. Baker.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I am a Korean veteran with a service-connected disability rated at zero percent. Am I eligible for the permanent GI insurance available to disabled Korean veterans? Or must I have a disability rated at 10 percent or more?

A - You may be eligible for the permanent Korean GI insurance, even though your service-connected disability is rated at zero percent.

Q - I am planning to go to school under the Korean GI Bill, and I want to list my mother and father as dependents for GI allowance purposes. Their only income is a disability compensation check my father, a World War I veteran, receives each month. Other than that, I have been supporting them. Would those compensation payments bar me from declaring them as dependents?

A - No. VA compensation payments may be disregarded in determining dependency of your mother and father. So long as they do not have any other income sufficient to provide reasonable maintenance, you would be permitted to count them as your dependents.

Fort Worth—Salesmen were asking sharply higher prices at Fort Worth Monday in anticipation of a reaction from the sharp breaks of the previous week. However, the buying side took a gloomy view of the huge runs reported around the 12 major markets (over 152,000 cattle and over 39,000 calves) and they also reported wholesale meat trade was

very spotty and weak. Packers reported beef running into increasingly heavy competition from pork and also the low-priced turkey and broiler chicken were making beef sale harder. The hunting season was also putting a crimp in red meat sales as it usually does at the Fall season.

Stocker and feeder buyers reported Cornbelt buyers still inclined to resist current stocker and feeder prices, despite some really great improvement in the subsoil moisture conditions at places that had previously been reported dry.

Cornbelt farmers were still pre-occupied with the corn and soy-

bean harvest in many areas, too. Result of this was that most slaughter cattle sold near steady with a few spots 25 to 50 cents higher on cows and bulls. Slaughter calves of choice kinds were fully steady, but the less-than-choice variety sold on a weaker basis, some 25 to 50 cents lower.

Choice stocker were steady, but those of less quality were weak to 50 cents lower.

There were numerous loads and smaller lots of cleanup cows and bulls from Northwest and West Texas, as well as Plains and Panhandle areas. Many Northwest Texas ranches are just now getting into serious work of shaping up heards.
