Postal Employees Promote Christmas for Christ

NASHVILLE, TENN. — "If the postman can keep Christ in Christmas, anyone can," says J. Manning Potts, editor of The Upper Room, the world's most widely used guide to personal and family devotions. In a special pre-Christmas chapel service in the Upper Room chapel here which houses the great life-sized wood carving of the Last Supper, postal clerks and letter carriers participated in a Christmas for Christ campaign which they hope will spread over the world.

Lewis J. Moore, Nashville postmaster, pointed out how appropriate it is for the letter carriers and The Upper Room to join in this program. The postal employees handle the almost three million copies of each issue. This daily devotional guide is published in 29 editions including 25 languages and braille. The postal employees who attended this special pre-Christmas service hope that it will become an annual affair in many towns and cities over the world.

Mr. and Mrs. J. A. Ward, Jr. had as their guests Thanksgiving Mrs. Ward's mother and brother, Mrs. Lige Cutbirth and David Cutbirth, both of Odessa.

Mr. and Mrs. O. L. Carpenter had as their guest last weekend their son, Oscar Lee Carpenter, student at Texas A. & M. College.

Guests of Mr. and Mrs. James D. Trainer this week are her father, W. C. Gilmore of St. Paul, Minn., and Mrs. Gilmore.

ROSS REPRESENTING SAN ANTONIO SHOW

Joe B. Ross of Sonora has been appointed an official ambassador to the San Antonio Livestock Exposition, according to an announcement received today from E. W. Bickett, stock show president.

Ross was selected for the important post to represent the San Antonio show in this area. As an official of the show he will be informed on all developments of the February 18-27 livestock exposition and worlds championship rodeo. Ross is also a life member of the San Antonio show.

Star of the 1955 San Antonio exposition is the nation's number one cowboy star, Rex Allen, who made a sensational success in his first appearance at San Antonio during the '53 show.

The likeable movie star and recording artist, who introduced "Crying in the Chapel" for Decca records, will entertain during each performance of the Everett Colborn rodeo.

A SWITCH OF THE PITCH -AND AWAY YOU GO!

The biggest sensation in years is what "variable pitch propellers" have done for Dynaflo Drive*

IT happens like this. You need pickup—and pronto. So you get it. You get it by pushing the accelerator pedal of a 1955 Buick all the way to the floor board.

Then—without jerk or lag or lurch or pause—you get action! You get action whether you're just starting off—or asking for a safety-surge of power out on the highway.

There's nothing like it in past experience—because there has never been anything like it in an automobile before.

This is action that comes from the principle of variable pitch propellers used on modern planes. Their propeller blades change "pitch" for take-off—and cut hundreds of feet off the time required to lift a plane from a runway.

And the amazing fact is—in a 1955 Buick Dynaflo Drive there are 20 little propeller-like blades that also change their pitch, just like the propeller blades of a plane.

This is a transmission engineer's dream of heaven. A build-up of momentum as smooth as flowing oil—and almost as quick as lightning—plus better gas mileage in cruising range. It's what the whole automobile industry has been shooting for—and Buick has it. So, that means

there's only one thing for you to do. Try out a 1955 Buick, and soon.

Try it out for quick action, as we've mentioned. Try it out for room and comfort and ride. And by all means, cast an admiring eye on its style—for it beats the high-fashion Buicks which set the pattern in the successful year just ended.

Buick Power Hits New Peaks!
236 HP in the ROADMASTER
236 HP in the SUPER
236 HP in the CENTURY
188 HP in the SPECIAL
—and all with better gas mileage to boot!

We're waiting and eager to hear from you soon. So drop in—or give us a call. We promise you a thrill that no other car can deliver.

A NEW "EYE" IN THE TEXAS SKY

This spectacular night photograph shows the new half-billion candlepower beacon atop the new Republic National Bank Building in Dallas, Texas. Towering 150 feet above the roof of the building, 598 feet above the sidewalk, the light is visible 120 miles from Dallas. In the left foreground is the building now occupied by the Bank. Several blocks nearer the camera, it seems almost as high as the new structure. When completed, the tower supporting the beacon will be covered with more than two miles of brilliant luminous tubing, in changing colors of red, white and blue. Dedication of the \$25,000,000, 40-story building is scheduled for December 1.

Personal Notes

Sonora visitors this week are Lt. Max Darrell Murray of Quantico, Va. and brother, Jimmy of Rule. They are guests of Mr. and Mrs. Bill McGilvray and Mrs. B. C. McGilvray.

Lt. Murray will sail from California in January to join the Third Marine Division in Japan.

Mr. and Mrs. H. T. Rutledge's guests Thanksgiving included his daughter and husband, Mr. and Mrs. Dick Tipton of McCombs, and Mr. and Mrs. M. R. Adams, also of McCombs.

articles of incorporation. As members of a partnership both John and Bill are liable for all of the debts of the business. In the case they have business losses, the creditors or the partnership could take all of the assets of the partnership, all of the personal assets of either John or Bill, or both (except a few exempt by law), in order to satisfy the partnership debts.

On the other hand, if they form a corporation the creditors may go only against the assets of the corporation so that the most that either John or Bill can lose is the amount they have invested in the business. The creditors could not touch the personal property of either John or Bill.

Upon the death of John or Bill, it is necessary to liquidate the partnership but in the case of a corporation the operation of the business is not affected by the death of either. The firm continues as the same business with the heirs of the one who dies substituted as the owner of the stock.

Of primary interest to John and Bill is the amount of income taxes they have to pay. As a partnership, each includes on his individual income tax return his proportionate share of the income as shown on the partnership return. This is because the partnership is not recognized as a taxable entity.

The corporation is recognized as a taxable entity, so it pays a tax on the amount of its net income, after deducting the salaries of John and Bill and other expenses.

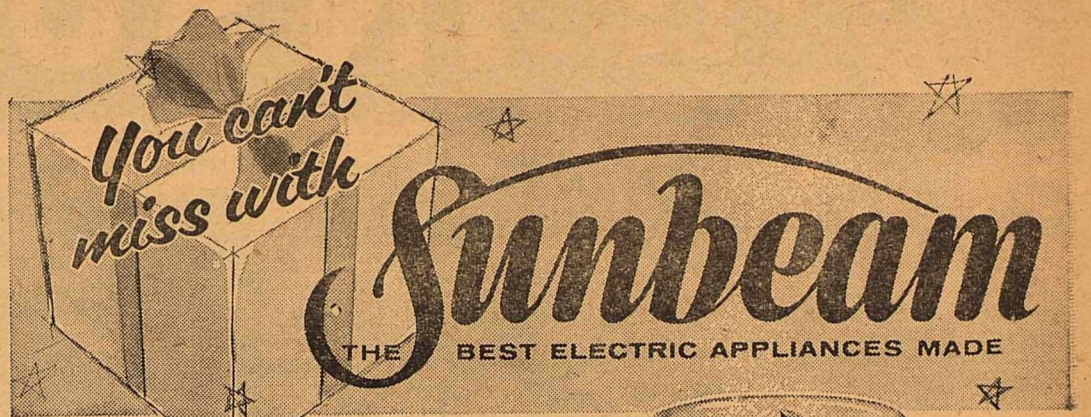

If over a period of years the earnings of the corporation exceed reasonable salaries for the two owners, these earnings will be distributed to John and Bill in the form of dividends. The funds with which the dividends are paid have already been subject to tax in the hands of the corporation, but are again taxed on the individual returns of John and Bill when distributed.

The income tax advantage or disadvantage of a partnership as compared with a corporation depends on the net income from the business, the salaries John and Bill receive, the amount of their income, and the requirements of the business for liquid funds.

In the event either of the owners is interested in planning his estate to reduce taxes at the time of his death, he can do it more easily through a corporation than a partnership.

A Famous American Ship

The gallant MANHATTAN, of the United States Lines, was one of America's most famous passenger ships. This graceful liner, with her sisters WASHINGTON, were the first American ships built for North Atlantic service in over forty years when they came out in the early 1930s. Their immediate popularity with travelers upturned the entire system of class nomenclature aboard Atlantic liners. The MANHATTAN's red, white and blue smoke stacks and her clean, sweeping lines readily identified her as an American ship. She saw extensive war service, surviving a fierce fire off Halifax. Rebuilt as a troopship she could carry 7,000 men. When peace came, the MANHATTAN was retained by the Navy as a mothball transport. Her peacetime career of only nine years was indeed too short, particularly for such an outstanding example of American shipbuilding, according to the American Merchant Marine Institute. Since the Civil War only twelve ships have been built for American passenger service on the North Atlantic route. High construction and operating costs make it virtually impossible for American ship lines to compete. For years this lack of ships in deep-sea service was made up for in large part by a thriving passenger and cargo service along our coasts. Today, this domestic fleet is extinct. New liners for deep-sea operation are necessary.

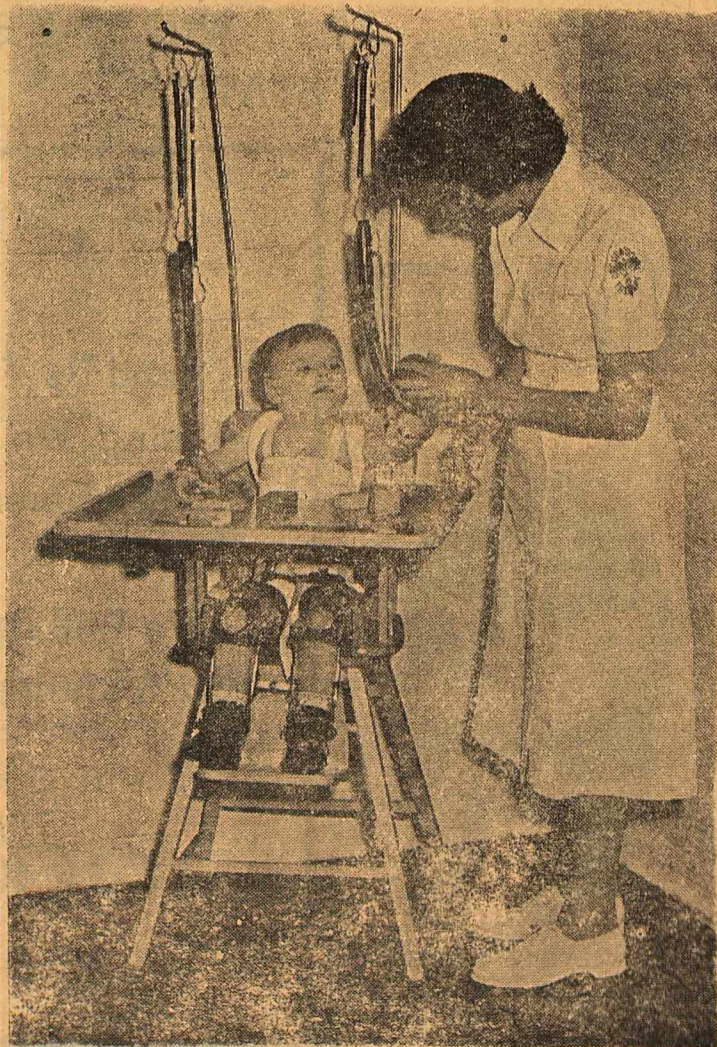

IT'S THE LAW in Texas

PARTNERSHIP OR CORPORATION

John Brown and Bill Smith desire to operate a business together. Should this be done as partners or as a corporation? The answer to this problem involves many legal questions.

Perhaps the most important factor is that the business or personal acts of either John or Bill may be binding upon the partnership. The corporation, however, can act only through its officers and agents, and then only within the limitations granted by the

**Mayor Proclaims
Dec. 1 Gonzales
Foundation Day**

Marking the start of a fund raising drive in Sutton County on behalf of Gonzales Warm Springs Foundation for Crippled Children, Mayor Alfred Schwiening designated Wednesday as Warm Springs Foundation Day here.

The campaign seeks to raise funds to maintain and expand the facilities of the Gonzales treatment center, dedicated to the welfare of the physically handicapped youngsters of Texas regardless of race, color, creed or financial circumstances. A total of \$125 was given to the cause at the Sonora-McCamey game Thursday.

A film, "For This You Gave" will be shown at the Elementary School auditorium Monday, December 6 at 9:15 A. M. and again at 1:15 P. M. The picture tells the story of work done at the foundation. An introduction will be given by Mrs. Boyd Lovelace.

Mrs. Bill Whitehead is educational chairman for Sutton County.

Miss Nina Jennings of San Angelo was the guest of her father, B. R. Jennings last weekend.

Mr. and Mrs. R. L. Hallum, were guests in the home of Mr. and Mrs. J. T. Barton in Del Rio this week.

**Miss Barbara Bishop Bride Of
Billy Bryan Savell Thursday**

Residence in Waco is planned by Billy Bryan Savell and his bride, the former Miss Barbara Bishop, whose marriage took place Thursday morning.

The nuptials were performed in the Sonora First Baptist Church where baskets of white chrysanthemums and greenery-entwined candelabra provided a background. The Rev. J. E. Eldridge, pastor, officiated. Musicians were Mrs. S. M. Loeffler, organist, and Mrs. Maxine Ellingson, vocalist.

The bride, daughter of Mr. and Mrs. Leo Bishop, was given in marriage by her father. Her costume of lace and tulle was fashioned with a fitted bodice and a bouffant skirt which had an apron outlined by ruffled tulle. Her waist-length veil was attached to a small cap of lace and tulle. She carried a white Bible topped with a white orchid and stephanotis.

Valley acted as maid of honor for her cousin. Bridesmaids were Misses Vickie Savell of Sonora, sister of the bridegroom, and Miss Shirley Cummings of Del Rio.

Bobby Scott was best man; groomsmen and ushers were James Hunt, cousin of the bridegroom, Lee Roy Valliant, Joe Morrison, and Billy Scott, all of Sonora.

The Theo Savell residence was the scene of a postnuptial reception honoring the newlyweds. Arrangements of white chrysanthemums were featured in the decorations.

Mrs. Grady Nelson of Alpine, sister of the bride, served the cake. Another sister of the bride, Mrs. Johnney Burris of Austin, presided at the silver service. Mrs. Buck Bishop of Rocksprings and Mrs. Theresa Friend of Sonora, grand-mothers of the newlyweds, were at the bride's book.

**You Can Have Perfect TV
RECEPTION IN SONORA!**

A GROUP OF SONORA CITIZENS IS INTERESTED IN BRINGING TELEVISION TO SONORA.

The local T.V. System would consist of one 440 ft. tower to receive the signals, and wires would run from this tower to the home of persons wanting television much the same as your telephone wire runs from the telephone office to your home. You would not need to buy T.V. tower or aerial. All you would need would be a T. V. set. Any make or model T. V. set would work, regardless of cost.

This system will guarantee excellent reception of San Angelo 100% of the time, and reception, part of the time on two other stations to be determined later. Probably these stations would be San Antonio and Midland.

It is planned to charge a tie-on fee of \$150, and a rental charge of \$6 per month. The \$150 tie-on fee could be paid in installments. It is possible that a lower tie-on fee and higher monthly rental charge could be worked out if people want it that way.

About the cheapest T.V. set available at the present time sells for about \$150, so a person in Sonora could have television in his home for about \$300 and \$6 per month.

If you received a card and letter please mail it in. If you didn't please call News Office and we will mail you a card.

Going—Going— But Not Gone!

Saturday they got set to auction off "Sis" Brown's house for non-payment of taxes. Buck Stone was the auctioneer. Everybody who came to the auction knew that "Sis" is a war widow.

When Buck began the bidding he said, "Anybody can bid. Just remember 'Sis' and three nice kids live here. Now who's going to start the bidding?"

There was silence. "Sis," standing in back, got the point. She reached into her purse for just about all the money she had in the world. "I'll bid \$75," she said.

"Sold," bellowed Buck and "Sis" had her home back.

From where I sit, Buck Stone used a helping hand instead of a gavel. It was real neighborliness. You know, even in something as small as respecting another's choice of beverage, a person can be neighborly. You might like buttermilk. I'm "sold" on a temperate glass of beer. And I can't "buy" anyone's telling me I'm wrong.

JESUS THE GREAT PHILOSOPHER

By W. H. Marshall

If there lived in the world today a philosopher who could philosophize as Jesus did the world of men would beat a path to his door.

When Jesus said a thing he never left one guessing as to what he meant. He came to the point, exposed the truth.

Jesus was not a dodger. He lived life on a grand scale. He would have you and me live our lives with as few mistakes as possible.

If you think you have a corner on heaven, listen to what Jesus has to say in Luke 9:49. "Master, we saw a man casting out demons in your name, and we forbade him, because he does not follow with us." But Jesus said to him, "Do not forbid him; for he that is not against you is for you."

Jesus reminds us that we have no right to pass judgement on others. In Matthew 7:1-y, Jesus has this to say: "Judge not, that you be not judged. For with the measure you pronounce you will be judged, and the measure you give will be the measure you get. Why do you see the speck that is in your brother's eye, but do not notice the log in your own eye? You hypocrite, first take the log out of your own eye, and then you will see clearly to take the speck out of your brother's eye."

When we get to feeling self-important, John tells us in the 16th verse of chapter 1, "And from his fullness have we all received, grace upon grace."

When we go out in the interest of No. 1, it might do us good to read Matthew 10:39. "He who finds his life will lose it, and he who loses his life for my sake will find it."

To those of us who have little children in our home, Jesus has this to say to us. "Let the little children come to me, and do not hinder them; for to such belongs the kingdom of heaven." And he laid his hands on them and went away." Matthew 19:14. Jesus had time for little children.

When we think we are good enough it would help to read Mark 4:21-22. And he said to them, "Is a lamp brought in to be put under a bushel, or under a bed, and not on a stand? For there is nothing hid, except to be made manifest; nor is anything secret, except to come to light."

Jesus said to the Pharisees in Mark 7:8-9. "You leave the commandments of God, and hold fast the tradition of men." And he said to them, "You have a fine way of rejecting the commandments of God, in order to keep your traditions!" How many Sunday mornings do we see that come true?

"While he was in one of the cities, there came a man full of leprosy; and when he saw Jesus, he fell on his face and besought him, 'Lord, if you will, you can make me clean.' And He stretched out his hand, and touched him, saying, 'I will; be clean.' And immediately the leprosy left him. If we are only half cleaned up we can't blame Jesus for it. It is that we have not been willing to let Jesus scrub us. O Yes, some of us want to be clean on the outside, of course, we don't want dirty hands or dirty faces for people to see, but what goes on on the inside of our lives, well that IS MY BUSINESS. Maybe so? But later we will find that life is not built that way. No man can practice a fraud on himself. Not on the inside even.

Mr. and Mrs. George H. Neill were visited last weekend by their daughters, Miss Jane Neill of Abilene and Miss Nancy Neill of Austin.

ANGUS BULL SALE TO BE HELD IN ANGELO DEC. 8

An Angus bull sale will be held December 8 at the San Angelo Livestock Auction.

This is the 4th Annual Angus Bull Sale held by three prominent producers of registered Angus cattle, Moore Brothers, Joe Lemley and Herman Allen. Ninety top quality 2 year old bulls will be offered in the sale this year.

Since the beginning of this Annual Sale in 1951, it has been one of the top bull sales in the entire United States.

The consignors and ranchers in the San Angelo area who have seen this year's consignment of

bulls agree that this is the best set ever offered and that they are uniformly excellent in quality, size, and scale throughout the offer.

PORTRAIT IN OIL!

IN 1866, EVEREST DISCOVERED THAT AFTER KEROSENE HAD BEEN REMOVED FROM PETROLEUM BY DISTILLATION UNDER VACUUM, THE RESIDUE WAS UNSCORCHED. HE DECIDED TO SELL THIS RESIDUE AS A LUBRICANT IN PLACE OF THE ANIMAL AND VEGETABLE FATS THEN USED. HE INVESTED ALL HIS MONEY IN A SHED-SIZED 'OIL' PLANT ONLY TO BE MET WITH SCORN BY INVESTORS AND USERS OF LUBRICANTS ALIKE!

Your Health

"Tragedy season" for the aged may be here again, manifested in the form of one or more catastrophic fires in convalescent or nursing homes, State Health Officer Henry A. Holle said today.

"It is only natural that dangers of destructive fire in homes caring for aged people rises in direct proportion to temperature drops during fall and winter months," Dr. Holle pointed out.

"Full time use of heating and electrical equipment in these homes, plus the fact that ambulatory patients who smoke are forced inside during cold weather, calls for greater fire precautions."

Dr. T. E. Dodd, in charge of nursing home licensing activities at the State Health Department, said every nursing home administrator should insist that local fire department personnel make regular inspections of their premises and operations at least every thirty or sixty days, "even though we require each licensed

nursing home in Texas to be approved for fire safety."

Dodd added:

"In addition to carrying out all suggestions made by the local fire department, each nursing home administrator should have a definite plan that has been practiced and perfected to meet all emergencies caused by a fire.
