FIFTY-FIRST WEEK

ODDS & ENDS

We've heard it said that England's greatest asset is her young and charming queen and we are in complete agreement after hearing of an instance of her thoughtfulness and democratic nature.

Sarah Sawyer, daughter of Edwin and Lura Sawyer, not long ago wrote to Her Majesty, much as other young ladies of her age write to their favorite movie or television stars. You can imagine Sarah's delight and surprise to receive the following reply:

Balmoral Castle

1st September, 1955.

Dear Sarah,
I am commanded by The Queen to thank you for your letter and for your kind thought in writing to Her Majesty.

Yours sincerely,

Katy Gauley,

Lady-in-Waiting.

Jimmie Simmons has done it again! He has for sale now to all comers the wonder-working miracle of the ages, the panacea and sinecure of all ills, the greatest thing since the little pink pills to cure your ills, the answer to all discomforts large or small, real or imaginary, Mother Nature's OWN-Uranium Sitting Dirt.

This product is being offered in two sizes—large—large, or the 50 pound bag at \$4.00 and giant economy, or the 100-pound bag at \$7.50. The giant economy size we observe is just about right for two large people or one medium-sized family.

May we suggest you try some if it doesn't work you can always use it to fill up the children's sand pile or pot African violets. (We have a bag at the News office—come by and see it.)

Add to Sonora's list of outstanding young people the name of Shannon Ratliff. Shannon, son of Mr. and Mrs. J. T. Ratliff, is one of 80 students from all over the United States to be invited to make a four-week tour of Europe next summer.

Congratulations, Shannon! We'll expect news releases.

Lin Turney, who was injured in an automobile accident on September 12 was released from Shannon Hospital Tuesday.

Turney is remaining in San Angelo for a time to be near his wife, also injured in the accident, who is still a patient in the hospital.

Fall Rains Promise Successful Winter For Stockmen

By E. B. Keng

Grass producing fall rains varying from 1.25 to more than five inches blanketed the Sonora area Friday and Saturday. Most of the rain fell slowly and soaked into thirsty soil, but rains north and east of Sonora fell hard and produced considerable runoff.

Flood producing rains dumped nine inches at Rocksprings and 10 inches at Loma Alta. Fred Earwood received 5.60 but most of it fell slowly. Rainfall was apparently lighter at Sonora and southwest of town than at other points in the County.

Moisture penetration checks made on the Frank Bond ranch were 2.40 inches fell showed that bare divide soil was wet about eight inches deep. The same soil covered with hairy catnip, or acre weed, was wet down to 12 inches deep. Moisture penetrated about 12 inches under pits on sloping land, while unpitted areas were wet only five inches deep.

Ward, 1.80; J. A. Cauthorn, 3.00; V. J. Glasscock, 2.30; Ben Cusenbary, 2.00; Billy Galbreath, 1.50; J. M. Vander Stucken, 4.00; W. L. Davis, 4.30 and Fred Earwood 4.50.

"The slow soaking rain was a wonderful grass grower," said E. B. Keng, SCS technician. "Deep soils in most areas were wet deeper than they have been since 1949." The moisture should start many winter weeds as well as giving another opportunity to cover the ground before frost.

Rainfall reports gathered during the two day period are as follows:
Joe Logan, 2.60; Frank Bond, 2.30, 4.90; Harold Friess, 3.00; Thelma Espy, 2.90; O. L. Richardson, 5.00; Paul Turney, 4.20; Edwin Sawyer, 1.80; John Fields 2.20; Thomas Morris, 2.00; Tom Davis, 4.50; Burt Rode, 4.00; Rip

Pony Leaguers Need Financial Help From Fans

As the Pony League season closed, officials of the league found a deficit in league funds resulting from expenditures for equipment.

The books show the following donations: from games, \$23.35; from individuals, \$40.00. Total, \$63.35.

Expenditures were: Balls, \$8.95; 1 pr. leg guards, \$7.40; 4 head protectors, \$11.80; score book, \$1.50; 4 bags lime, \$2.40; 8 hours lights, \$11.20; miscellaneous, \$1.40. Total, \$121.45.

Outstanding \$58.09.
Help is needed in cleaning up this balance and contributions will be most gratefully accepted by League chairman J. T. Ratliff.

METHODIST CHOR TO APPEAR IN ROBES AGAIN

The choir of the First Methodist Church will again appear in robes at Sunday's morning services, according to the Reverend W. H. Marshall, pastor.

Rev. Marshall extends a welcome to all not attending some other church.

School Gets New "Brain"

Mrs. O. L. Carpenter and Friend

Sutton County's biggest business, the Sonora Public Schools, employers of 53 persons and discharging over \$300,000 a year recently received delivery on a new Burroughs accounting machine. This machine, the first in use in this territory, was purchased on the recommendation of the school auditors, Jones, Frieze and Hay of San Angelo, for a price of \$956.

The accounting machine works on a continuous balance system, allowing interested persons to see at a glance the financial condition of the school system. It was designed by the Burroughs Business Machine Co. to fill recommendations of school auditors, and can show more detail than would be possible under a pencil-

Coaches are Ted Kirby and Bill Cook.

Probable starting lineup for the Broncos will be: LE, Ratliff; LT, Sanchez; LG, Adams; C, Pearl; RG, Joy, RT, McLaughlin; RE, Chalk; Backs, Love, Johnson, Loeffler and Vasquez.

Game time is eight o'clock.

and paper bookkeeping system. The machine carries forward for each account check numbers, the amount expended per individual check, total amount expended to date, budget for the particular account and the unexpended balance remaining in the account.

It also proves itself everytime it posts.

One account in particular which will be simplified by the new accounting system will be individual teacher accounts. The school system requires a total of eight separate sets of figures for each teacher employed. These sets include taxes, withholding tax, rent, hospitalization, teachers retirement, etc.

The machine will also serve as a bank for classes and other organizations within the school, none of which carry a bank account.

Superintendent of Schools E. A. Brodhead and the school administrative staff invite all interested persons to come by and see the new accounting machine in action.

Rankin Invades Broncoland Tonite

Mr. and Mrs. Joseph Vander Stucken have as their guest, Mrs. Vander Stucken's mother, Mrs. Ed L. Mears of Menard.

Tonight Joe Turner's Broncos face Ted Kirby's Rankin Red Devil's on the home field. The Red Devil's downed Iraan

32 to 6 two weeks ago, in a game which saw plenty of action.

The Rankin team has a heavy backfield, outweighing the Broncos more than 20 pounds to the man, although the Bronco line is heavier by five pounds. Rankin's backfield averages 174 to the Bronco's 151 while their line averages 170 to Sonora's 175.

Probable starting lineup for the Red Devil's will be: LE, Hodges, 155; LT, Lewis, 185; LG, Hamilton, 160; C, McCain, 175; RG, Browning, 150; RT, Stephenson, 200; RE, B. Hudson, 160; GB, T. Hudson, 160; LHB, Chandler, 160; RHB, Ingram, 175; FB, Welling, 200.

Nation's Top Ropers To Appear Here November 12 And 13

Twenty of the nation's top ropers will be in Sonora November 12 and 13 for two days of calf roping. Winner will take home a \$200 Jackpot, a purse of \$2,000 and 40 per cent of the gate receipts.

Ropers will have a total of eight calves, four each day. These calves will be new Brahmas, never before roped and there should be plenty of action.

The contestants will come to Sonora from San Angelo where they will rope November 6.

The roping is sponsored by the Sonora Park and Horse Show Association.

Local & Eldorado Lions To Have Ladies Night

The Sonora Lions Club will be hosts to the Eldorado Lions and wives of members of both clubs at supper on the school lawn Tuesday night, October 4, at 7:15.

Principle speaker for the occasion will be Lions District Governor Al Schmidt of Corpus Christi.

Lions District Deputy Governor Bill Vines of San Angelo will also be present for the occasion.

POST OFFICE GETS NEW MONEY ORDER SYSTEM

Beginning Saturday, October 1, the local post office, together with all first and second-class post offices in the nation will begin using a new money order form.

Under the new system, the money order purchaser bills out a blank instead of the old-style application.

The new form is made up of one order and two receipts. One

Turnermen Roll To 26-0 Win Over Iraan Braves

By Billy Bob Ellingson
Joe Turner's Sonora Broncos continued their winning streak last Friday night by downing the Iraan Braves 26-0. Carlos Loeffler got things going for the Broncos early in the first quarter when he scored from eleven yards out after an Iraan fumble on their own 38 yardline. Short gains by George Johnson set Loeffler up for the Sonora TD Johnson kicked the extra point. Late in the first quarter Iraan kicked on their fourth down, from which point Sonora took over on their own 18 yardline. From there Johnson went 82 yards for Sonora's second TD.

Midway in the second quarter Johnson hit Ratliff for 43 yards to the Iraan 15 yardline. There Sonora faced a determined Iraan line and was unable to drive to pay dirt. Sonora once again came to life early in the third quarter when George Johnson intercepted an Iraan pass and returned it to the Iraan 22 yardline. Vasquez then drove to the 16 yardline.

Johnson continued from there to the Iraan 9 yardline. From nine yards out Carlos Loeffler drove for Sonora's third T.D.

Late in the third quarter Iraan started a drive which they were unable to continue and were forced to kick.

As the fourth quarter opened, Sonora was in possession of the ball on their own 35 yardline. From that point, short drives by Sam Galindo and George Johnson put the ball on the Iraan 12 yardline. George Johnson then drove the last 12 yards to Sonora's last T.D. Again the point after T. D. was good. Sonora threatened late in the fourth quarter but was unable to score and as the game ended Iraan was in possession on their own 15 yardline.

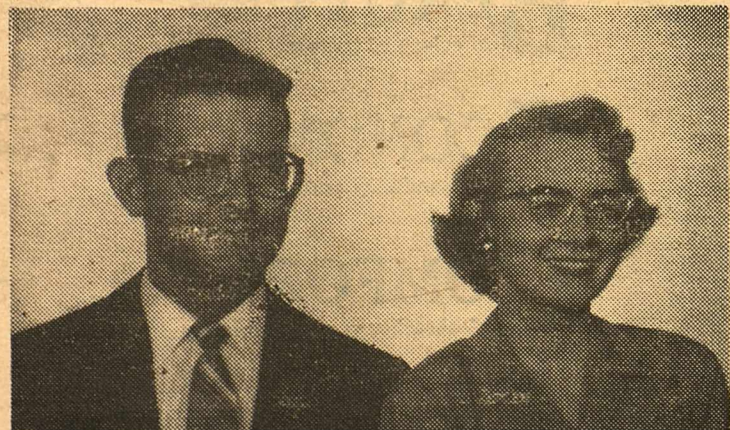

Sonora will be at home this week when they take on the Rankin Red Devil's in a non-conference game. Game time 8 o'clock.

MEET YOUR TEACHERS

Here are the Finkleas, Ralph and Ann, who joined the faculty of Central Elementary School this fall. The Finkleas came here from Longview where they had been teaching.

Finklea was raised in Raymondville and is a graduate of the Raymondville schools. He holds both Bachelor and Master of Education degrees from the University of Texas.

During World War II Finklea served with the Infantry as a scout in France and Germany and took part in the Battle of the Bulge. Recalled to active service during the Korean War, Finklea served as First Lieutenant in the Transportation Corps and was Executive Officer of 169th T Amphibious Truck Co. in Korea. He was later stationed at Thule Air Force Base in Labrador and in Greenland.

Finklea's hobby is photography and he has an excellent collection of camera equipment.

Mrs. Finklea was born in China and spent the first three years of her life there. She is the daughter of Dr. D. C. Butler, a former Presbyterian missionary, now professor of English at East Texas State College at Commerce.

Mrs. Finklea holds a Bachelor of Science in Elementary Education from East Texas State College and a Master of Education from the University of Texas. She has taught in Bryan, Austin, Virginia Beach and Longview schools and enjoys sewing as a hobby.

The Finkleas were married in Commerce in June of 1947.

Finklea's brother, Lawrence Finklea, is engaged in the ranching business on the W. L. Miers ranch and is married to a Sonora girl, the former Jody Moore.

MY PET PEEVE

by Mike Bennett

While I can't truthfully say that I don't get a small dose of lead in my bones and a sprinkling of stars in my eyes when Spring wafts in on a warm breeze, I still believe Fall Fever is a better blessing—and an uplifting experience for the sun-scorched citizenry.

Actually, the first frost puts more spring in my feet than the sight of the first robin. And while the breeze that loosens the first tinted leaves from the stately oak may signal the period of hibernal retreat for many of nature's off-spring, it gives me the urge to get out and do something.

Nearly everyone has breathed in the air of a perfect day and muttered thoughtlessly, "I would like to capture this forever." But few really mean what they say. They say it on the first real day of spring, summer, and fall. The thing that excites them most about the day is that it's different, it represents a "change."

But, if I could, I would capture my perfect day and never yearn for snow or sleet or steaming asphalt byways. I would wake to cool breezes ruffling the curtains beside my bed. I would greet a sun, not bright but with a touch of warmth, making early-morning shadows within the room. I would gaze out the window, where nature in her most resplendent colors waited to greet me.

Then, with this one perfect day forever my own, I would spring out to meet the world and its problems. My gait would be fast and my footsteps light. I would be a man of action and no longer a casual dreamer—if I could capture that one perfect day and the effervescent state of mind it always brings. Yet I am a dreamer to even suggest such is possible.

Soil Conservation District News

Prepared by Local SCS Personnel
 News of Edwards Plateau Soil Conservation District

A district wide field tour will be held at 2 P. M. Tuesday afternoon, October 4, at the Edwards Plateau SCD trial area on the Herbert Fields ranch. All ranchmen, and others, are especially invited to observe the results of range pitting, seeding and recovery from resting.

The tour will start at 2 P. M. and should be completed by 4 P. M. Refreshments will be served. The district supervisors leased the 367-acre tract in September, 1954, for the purpose of trying out various conservation measures. The plot has received 14.27 inches of rain this year, which is

some four inches short of normal rainfall for this date.

Some very good results have been obtained on valley land from range pitting and seeding. Various combinations of no treatment, pitted and seeded, pitting with seeding, seeding without pitting, drilling and hand broadcasting may be observed.

The tour will be short, and arranged to include very little walking or driving. The supervisors hope that all ranchmen interested in range conservation will be present.

Landowners living in Subdivision 2 of the Edwards Plateau Soil Conservation District will elect a district supervisor Tuesday, October 4. Area 2 includes all landowners living west of Highway 277 and north of the Juno road, or the west and northwest part of Sutton County.

The election will be held as a part of the Edwards Plateau SCD range tour at the Herbert Fields ranch. All landowners living in this area are requested to be present to elect their representative on the board of supervisors.

One of the five supervisors is elected each year to serve a five-year term. Edwin Sawyer is the present supervisor representing Area 2. Area 3 is represented by Frank Bond; Area 4 by Joe B. Ross; Area 5 by W. B. McMillan

NOTHING IN FRONT OF YOU BUT FRESH AIR!

Drive with care . . . EVERYWHERE!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Outtrigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices in all models—and, finally, the great scientific, technical and engineering resources of General Motors.

Aim that Chevrolet hood down a stretch of open road—and relax. You're all alone! Because nothing in its field can match the stride of Chevrolet's "Turbo-Fire V8."

Pick a point on the compass, your favorite Chevy model—and let yourself go! Arrow for the far horizon and let Chevrolet's "Turbo-Fire V8" unravel the ribbon of highway. You're driving the car that can't even be touched for performance in its field. Chevrolet, you know, is the leading winner in NASCAR® Short Track competition against all comers. (Yes, that includes many high-priced jobs!)

Fancy names and claims don't count in this league. Acceleration, cornering and handling ease are the things that determine the winner—all qualities that make for safer, happier highway driving. And Chevrolet's got 'em like nobody else!

Have you bossed this beauty yet? Come in and take the key!

Sanders-Drennan Wedding Read
In Durant, Oklahoma, Rites

Miss Ethel Sanders, daughter of Mr. and Mrs. E. A. Sanders of Durant, Oklahoma, became the bride of Jack R. Drennan, son of Mr. and Mrs. Jack Drennan of Sonora, Friday evening, September 16, in Durant.

The single-ring ceremony was read by the Reverend Carrell Hooper, pastor of the First Baptist Church.

The bride wore a dress of blue tulle with a white bodice and full pleated skirt. Her corsage was of white carnations.

The matron of honor, Wanda McGee, wore a gray dress identical to that of the bride.

B. M. Barbee was best man. Mrs. Drennan is a graduate of Cobb High School. The groom attended Sonora schools and is presently employed with Phillips Petroleum Company.

The couple are at home at 801 West Evergreen in Urrant.

Miss Wilma Elliott of Concord is in Sonora for a two week's visit with relatives and friends.

Mr. and Mrs. Harold Saunders, Sr., were business visitors in San Angelo this week.

DALE CARNEGIE
AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

IF THIS has been a discouraging day for you, maybe you'd like to know about a man who was "finished" at the age of forty. Yes finished. He said so himself!

He had been born with what you and I would think was a silver spoon in his mouth. He had had everything. Position in life, a good family, money, every chance for an education. All he had to do to get it was to study. More, his friends were influential. But came a time when none of these counted. The silver spoon obviously had been plated ware!

And so he was finished!

For fourteen years he had struggled, filled with ambition; he had worked hard; he had kept his private life above reproach. And he had an aim. Then at forty he was done for.

He was in a Government position and had to face political intrigue; honesty didn't always bring the desired result. His story is too long to go into deeply here—some of it you already know, mostly the successful part. He was sometimes admired, sometimes hated "the most hated man among all his colleagues"—but he was always respected.

This man's name became known around the world—after he was forty. You know it—Sir Winston Churchill.

I wonder if that fact mentioned above was not more responsible for his great achievements than any other—he was always respected.

BABCOCKS RETURN FROM
NORTHWEST VACATION

Mr. and Mrs. O. G. Babcock have returned from a five weeks vacation trip which included six states.

They went through Oklahoma, visited relatives in Salina, Kansas and in Kerney and Napoine, Nebraska. The points of interest seen in South Dakota were Bad Lands National Park, the Black Hills and the Rothmore Memorial. In Wyoming, they made a tour of Yellowstone National Park. They visited relatives in their old home near Longmont and in Denver, Colorado. They also visited their college in Fort Collins, Estes Park, Brainard Lake and Central City.

ENROLLMENT GROWS - Enrollment in the Big Lake Elementary School continues to increase according to Principal Ralph Havenhill. In three weeks time the enrollment has grown from 470, when school opened, to 493, Havenhill stated. There have been a number of withdrawals but each week brings new pupils. -Big Lake Wildcat.

HIGHWAY JOB LET - A contract for new construction on State Highway 158 in Sterling County has been awarded to a Bailey firm. It was announced in Austin this week by the State

Highway Commission. John T. Leslie submitted the low bid of \$230,817.40 on the project. Construction of grading, structures, base and surfacing on sections between Glasscock Co. line and U.S. 87, four miles NW of Sterling City is expected to take 150 working days, according to J.A. Snell, District Highway Engineer at San Angelo.

INVENTS MACHINE - An electric question and answer machine was put into use in the South Elementary School this morning, for the first time any invention of this type has ever been tried in the school system.

Joe Bailey, son of Mr. and Mrs. T. J. Bailey, a senior at the University of Texas, majoring in Nuclear Physics, invented the machine. Mrs. Bailey will use it in her class room work. At the present time the machine will be used for mathematical instruction but can be changed for use in English, History, Geography, or any other desired subject.

SCHOOL NO. 1 EMPLOYEE - With 98 regular employees, and a monthly payroll of \$31,500 the Fort Stockton Independent School District continues as Fort Stockton's biggest employer, and provides its largest payroll.

Annually the payroll totals \$378,000, and makes up 75.66 per cent of the school budget of \$499,635. For all other items of cost - transportation, building maintenance, supplies, interest and debt retirement-the district spends \$121,634. -Fort Stockton Pioneer.

NEW BAND UNIFORMS - Fifty new, complete band uniforms of West Point design have been ordered for the Junction High School Band and delivery promised in time for the Nov. 11 football game here.

AD LIB' BEN ON MARRIAGE - Somebody said this: The trouble with matrimony is not the institution, it's the personnel. Don't be too critical of your wife's faults. It may have been those very defects that kept her from catching a better husband. -Bronze Enterprise.

TYPEWRITERS STOLEN - Thieves broke into the Eldorado school building Tuesday night and left with typing equipment valued at about \$3,000. Missing from the typing room are 16 typewriters, and from the office an electric typewriter and an electric adding machine. The loss was not covered by insurance. -Eldorado Success.

By James D. Harsh

IF CLAY HAWKINS had known the sandy haired kid was going to get his job at third so soon, his hot corner expert would have sharpened his play, taken more time at batting practice, and in short, kept his sun tanned back fluted to the grind stone. But in the waning weeks of the schedule Hawkins didn't figure there was going to be a change around the Porterville diamond. But Old Chev Nickols had other ideas. The pricier manager was stubborn in his rules about training, and no matter how good a player was, he would abide by the standards set by Nickols.

"I'm giving the kid his break tonight," the manager said to Hawkins on the night of a crucial series with a rival team.

"You hired him for a pinch hitter, at least that's what I thought," Clay said, grumbling a little, pausing and straightening up. He left his shoes untied, and rubbed his hand nervously over his soiled jersey.

"He'll pinch hit for you, Hawkins . . . all nine innings. That's for not showing for batting practice this morning. And also for staying out half the night all last week. You got a girl, Hawkins?" Chev asked, a little exasperated. "Anything wrong with having a girl?" Clay wanted to know.

"Courtin' for off season play," Chev announced and left Clay alone to finish lacing his shoes.

So the young kid's getting his chance, Hawkins said to himself. Well, he deserves it, coming all the way from semipro to triple A in one glorious jump. The kid was a natural, even Hawkins, a veteran of fifteen years around the ball park had to admit. He'd been a natural once, he thought, letting his mind erase the years.

He watched from the dug out. His head slightly forward, tense on every play. But the kid fielded beautifully, one could say almost brilliantly. And at the plate he

kept a tally, along with the fans and the excited sport announcer and Chev Nickols. In nine innings the newcomer had pounded out two homers and three singles. And Clay summed up the whole thing by saying after the game, when the team was congratulating the kid, "The pennant is as good as ours, now," and everyone turned and gave Clay a surprised glance.

And all the boy could say was, "Thanks, thanks for everything, Clay."

When the dressing room was cleared of ballplayers and their gear, Chev Nickols found Hawkins relaxed on a bench in the corner of the room, he hadn't taken off his uniform but he had a smile on his sun-burned face.

"I hate to say this, Clay," Chev stammered a little and turned kind of pale. "I'm using Hank full time. You're not sore, are you?" "You reach the end of the line sometime, Chev. I . . . I'm just not as sharp as I used to be. The eyes are getting old, the limbs a little tired. And besides . . . I've got a wife now. Got married this morning."

Chev stepped back and took his cap off like he was paying his last respects to a dead hero. "The last of the old time bachelors," he said. "I never thought I'd see the day," Chev started to leave, then turned and said, "Bring the wife around sometimes. I'd like to meet her." Then he was gone.

THEY GO RIGHT ON FEED....

Because They Were Taught To Eat Palatable Purina Omolene And Beef Chow

When calves are weaned, they're often set back because they haven't learned to eat dry feeds. Lots of ranchers lick this problem with Purina Omolene and Beef Chow. Calves really relish it. Start feeding several weeks before calves are weaned, and they never miss their mothers. They're ready to go right on feed.

LIONS ROAR

Speaker at Tuesday's luncheon meeting of the Lions Club was Boyd W. Lovelace, director of the West Texas Chamber of Commerce, who reported on the 1955 program of the WTCC as outlined at the director's meeting in Brownwood.

Main theme of the 1955 program, according to Lovelace, is promotion of livestock and the agriculture business.

Accomplishment of the theme will be through: 1. Encouragement of a coordinated soil and water conservation program, 2. Work on the bracero and Mexican labor programs, 3. Support of research on West Texas problems through the agricultural research com-

mittee and with the cooperation of Texas Technological College and Texas A. & M. College, 5. Sales promotion through working with the Texas Beef Council and the Cotton Research Council, 6. Protecting West Texas interests in agricultural legislation, 7. Community service, offering short courses and backing civic projects and acting as a clearing house for Chamber of Commerce information, 8. Industrial development, 9. Closer contact with members and broader member support, 10. Continued cooperation with the press.

Program of the National Chamber of Commerce will be support of the free-enterprise system of government and work on water resources and problems.

Of the \$130,000 which the Chamber has to spend this year, \$22,250 will be spent on agricultural projects and \$14,850 on community service. Other major expenditures will be for the magazine, taxes and legislation, and water resources work.

Lovelace ended his report with a plea for additional members for the West Texas Chamber of Commerce and with a tribute to immediate past director, W. R. Cusenbary.

WSCS STUDY COURSE AT CHURCH WEDNESDAY

The W.S.C.S. met at the Methodist Church Wednesday morning with Mrs. Norman S. Davis in charge of the study course "Within Two Worlds".

After the song "In Christ There is no East or West", there was a sentence prayer and Mrs. Clift Epps read the scripture. The recording "Let There Be Light," prepared by the National Council of Churches for the Indian Americans, was played. About twenty members attended.

Looking Through The Windows Of Life

By W. H. Marshall

What is practical Christianity? Where do we get it? What does it do for a man once he gets it? We don't propose to answer all these questions now. But let us get one thing in mind, and that is this: Practical Christianity is FIRST of all common-sense. If it makes a fool out of you, you don't have it.

On the tomb, hard by the Hermitage, one may read President Andrew Jackson's words written by him on his wife's gravestone. "Here lie the remains of Mrs. Rachel Jackson, wife of President Jackson, who died December 22, 1828, at 61 years. Her face was fair, her person pleasing, her temper amiable, her heart kind. A being so gentle and so virtuous, slander might wound but could not dishonor. Even death, when it bore her from the arms of her husband, could but transport to the bosom of her God."

For all practical purposes, President Jackson drew the pic-

ture of the practical Christian in the words he wrote on his wife's tombstone.

Practical Christianity does have a FAIR face. And it is not ashamed to show that face. It has nothing to hide, no secrets to keep.

Practical Christianity has a pleasing person. Easy to get along with, willing to make amends, but not willing to compromise with wrong.

Practical Christianity has an amiable temper which adds sunshine and beauty to character.

Practical Christianity has a kind heart. The Practical Christian has room in his heart for the hurts of the whole world. The practical Christian will pray, but he would rather put off his prayer until he has first looked after his neighbor's needs.

Practical Christianity is gentle and virtuous. It does not go around with slander and criticism. He believes the best about

people. The practical Christian has a soul in a body and God in a soul. Practical Christianity, is Christ living in a man. You don't make demands upon practical Christianity. Practical Christianity make demands upon you. If a man cannot be a practical Christian where he is and where he lives, he cannot be Christian anywhere.

Practical Christianity will not dishonor, nor will it wound any heart. It is too Godly for that. It is too Christ-like to be mean and little.

Practical Christianity is the soil of our spiritual field and world. Out of it grow our finest plants of hope, and feeds our minds and hearts on the things of God.

Even death cannot destroy the soul of the Practical Christian. He has too much of God in him to die. The practical Christian's example is the best sermon; far better than the preacher preaches, but it puts the Practical Christian on the SPOT. LOOK AT HIM AS AN EXAMPLE.

Now a word to you parents: "The parent's life is a child's copy-book. Be what you wish your children to become. Let yourself and not your words be your child's best preacher."

I believe I have the preachers with me when I say, don't ask your pastor or your church to do for your child what you are not willing to do first.

The public will look at our six days in the week to find out what we mean on the seventh. That I think is real Practical Christianity, and it is the kind that a lot of church folk don't have. You can't be a wildcat on Friday night and a pious kitten in the church pew on Sunday morning.

Two colored men were bragging about their wives' cooking. "Man, when Calline makes cawn pone," boasted the first, "hit is so good Ah think Ah is eating angel food cake."

"Oh, hesh up," retorted the other, "Yo' ain't et notin'. When mah Lodine bakes up a mess o' beans Ah jes ffeels lak goin' out na' huntin' a job."

Practical Christianity is "huntin' a job."
