FIRST WEEK

ODDS & ENDS

We become more and more impressed with our town and particularly with its young people. As you know, the National Association of Student Councils has selected 80 young people all over the nation to represent the United States on a European tour this summer. Of those 80 students, not one but two have been named from Sonora. Jan Keng received the following letter this week, asking her to join the tour:

Dear Jan: We are pleased to inform you that you have been selected to go on the NASA tour to Europe in the summer of 1956. We were impressed with your references, recommendations, and plan for the improvement of international relations. We hope that you can make the trip with us.

Very sincerely yours,
Gerald M. Van Pool
Director of Student Activities.

Among the best stories we've heard recently is this one told us this week:

A man traveling through the swampy region of Louisiana came on the tragic sight of a mammoth crocodile devouring a small colored boy. Seeing a house nearby, the man ran breathlessly into the front yard screaming, "Quick! Quick! An alligator is eating your child!"

Slapping her thigh, the colored mammy answered, "I told Mose somethin' was goin' with our kids!"

A new quote with teeth in it: "Being is much better than doing." -Dr. Willis A. Sutton.

And another: "You can not run away from a weakness; you must sometime fight it out, or perish; and if that be so, why not now, and where you stand." -Robert Louis Stevenson.

MUND INJURED TUESDAY

L. D. Mund of Eldorado, formerly of Sonora, was severely injured Tuesday when he was entangled in a cat-head on the oil rig on which he was working.

Both Mund's legs were broken and he suffered broken ribs, chest damage and concussion. Local physicians and consultants from San Angelo treated Mund at Hudspeth Memorial Hospital. His condition is described as very satisfactory.

Lt. Col. Savell Lee Sharp arrived Sunday from Japan on leave from overseas duty in the Air Force. He is visiting his mother, Mrs. Annie Sharp.

MEET YOUR TEACHER

Here is Charles Lamb who is serving his first year here as basketball coach and teacher of high school biology and eighth grade reading.

Lamb hails originally from Oglesby, Texas, where he was raised and attended schools there.

Dr. Sutton Speaks To High School Mothers Tuesday

"Each parent should strive to instill in the child three basic things; moral character, cultural background, and a sense of thrift," Dr. Willis A. Sutton told mothers of high school students Tuesday morning.

Dr. Sutton elaborated on this theme further by stating that no child is too young to teach good moral training. If the child has sense enough to ask a question, he has sense enough to understand any decent answer the parent gives. To prepare himself to answer the child's questions the parent should gain knowledge himself.

A parent should further impress upon his children the fundamental importance of a person as an individual by teaching them their own heredity and background.

Entertainment for teenagers should be group entertainment, preferably large groups, since it is in group activity that children begin to learn a moral code to live by.

Spend some time with your children every day, Dr. Sutton urged. Apply knowledge with sympathetic understanding, seek divine encouragement, and recognize the independence of mind in your children.

Sutton Talks On Faith Of Parent To PTA Members

Dr. Willis A. Sutton, Superintendent Emeritus of Atlanta, Georgia, Public Schools, addressed the Parent-Teachers Association Tuesday afternoon on "The Faith of a Parent."

Dr. Sutton stressed the need for revival of faith, religious faith and faith as a whole, since faith is our greatest asset. One faith needed badly is the faith of a parent built out of desires for his children.

A parent should be able to say: "I believe in the continuity, the endlessness of life. I realize I am just an agent of God. I have brought children into the world. They will become capable and will be grown and have children of their own. Their value is more than just the joy they afford me but is the possession in their own lives of what they may achieve."

Dr. Sutton added that every child is born for a purpose and is a potential genius.

About 80 attended the meeting held in the school cafeteria.

Smith, Vander Stucken Sheep Win

Eddie Farrell Smith, son of Mr. and Mrs. George E. Smith, exhibited the Reserve Champion Ram in the Rambouillet Sheep division of the Pan-American Livestock Exposition at the State Fair of Texas in Dallas.

In the judging results announced October 10, Eddie also was winner of first place in the ram lamb division, second place in the showing of a pen of three ram lambs, first place in the ewe lamb division, fourth in the pen of three ewe lambs, and second in the get-of-sire class.

Jan Vander Stucken, daughter of Mr. and Mrs. J. M. Vander Stucken, was also a grand prize winner, exhibiting the Champion Ram and the Champion Ewe in the Junior Rambouillet Sheep division.

Jan also won first and eighth prizes with her ram lamb and first in the pen of three ram lambs. She showed the first place and fifth place ewe lambs and third place winner in the pen of three ewe lambs. She also won third place for her lamb flock of three ewes and one lamb.

Broncs Take On Mason Tonight

The Broncs will try tonight to throw the Mason Cowpunchers in a game slated to be one of the toughest of this year's schedule.

The Cowpunchers have a fast and heavy team and a real star in back Thomas. The Puncheders average a mean 171 pounds with a backfield averaging an even 170. Their line average is a hefty 177.

Mason coaches have announced the following probable starting lineup: Ends: Taylor, 160, and Hofmann, 175; Tackles: Burnett, 210, and T. Jordan, 220; Guards: T. Reardon, 150, and Nixon, 155; Center: P. Reardon, 170; Backs: Dannheim, 150; Hubbard, 160; Thomas, 180, and Benevides, 190.

Probable starting lineup for the Broncs will be: LE, Ratliff; LT, Sanchez; LG, Adams; C, Pearl; RG, Joy; RT, McLaughlin; RE, Chalk; Backs, Love, Johnson, Loeffler and Vasquez.

Game time is 7:30 o'clock.

Students from Texas Tech who spent the weekend at home with their parents were Joe Renfro, son of Mr. and Mrs. Bailey Renfro, Harold Turney Friess, son of Mr. and Mrs. Harold Friess, Tracy Crites, son of Mr. and Mrs. W. O. Crites and Reed Jennings, son of Mr. and Mrs. Butch Jennings.

Students Attend Abilene Speech Teachers Clinic

Mrs. W. H. Dameron accompanied Veiki Savell and Shannon Ratliff to Abilene Saturday where Veiki and Shannon gave speech demonstrations for the speech teachers' clinic held there.

Veiki gave demonstrations in reading of poems and Shannon gave demonstrations in dramatic interpretation and declamation.

Personal Notes

Guests in the home of Mr. and Mrs. Cusenbary for the weekend were their son, Lt. Charles Cusenbary, who is stationed at Good Fellow Air Base in San Angelo, and Col. and Mrs. James Davidson, of Washington, D. C. Col. Davidson is a Chaplain in the Air Force.

Mrs. J. W. Turner and her grand-daughter, Miss Raedean Gartman, of San Angelo spent last week with her daughter, Mrs. R. V. Cook, and Mr. and Mrs. Joe Turner.

Know Your School Traffic Rules

New traffic regulations have been set up for the school areas. These new regulations are as follows:

1. The speed limit is now 15 miles per hour around the building and tending for one block in each direction around the campus.

2. No parking at all on the south side of the street running parallel with the building.

3. Only diagonal parking allowed as marked off by city on side of street running parallel with building.

4. Teachers, salesmen and parents who might be in building for any considerable length of time, that might encompass a dismissal time for a grade, are to park on street east of building. This will leave the area in front of building free for parents to pick up their children.

5. No parking in front of arcade. This is reserved for school buses.

6. Parents are urged to teach their children the safest route to walk home while at the same time teaching them good safety habits connected with walking.

7. In general, drivers are urged to exercise caution, courtesy and good common-sense commensurate with the driving situation, namely an elementary school full of small children.

For the High School area:

1. Students will park all motor vehicles on the school side of the street in areas designated by the school.

2. Faculty members will park on the parking area located at the northwest corner of the building, or will park in areas designated for student parking under same regulations governing student parking.

3. Parking on Prospect Street will be at an angle and will extend from Mr. Brodhead's house to the Gym corner of school area.

4. Anyone not wishing to park

on Prospect Street will park on East First Street parallel to curb with car headed north.

5. No one will park on College Street.

6. When school is dismissed at noon and at 3:30, traffic will be one-way, going west, on Prospect Street, one-way going north on East First Street, and one-way for students to be picked up, going south on College Street.

7. Students whose parents bring them to school and pick them up before school, at noon, and after school will use College Street for their traffic area.

8. These regulations are adopted to make driving easier and safer for all parties involved and in the hopes that a serious accident and or fatality will be prevented.

SAWYER RETURNS FROM KC DIAMOND CLINIC

Wesley Sawyer, owner of The Wesley Sawyer Jewelry, one of five Retail Jewelers selected from a group of 500.

October 10 Wesley Sawyer has just returned from Kansas City where he attended an intensive, 3-day refresher course in diamond grading.

"The laboratory is unique," says Sawyer, "it was kept at a constant temperature. The air was filtered to remove dust and it was lighted by specially designed lights so there were no shadows. Conditions were constant so diamonds could be graded at all times under the same conditions."

"We spent three eight-hour days listening to lectures and observing laboratory tests and experiments by graduate gemologists, in order to learn to grade diamonds more accurately, because cut, color and internal cleanliness determine a diamond's price and I-for one-want to be able to give my customers the best possible diamonds for their money," Sawyer said.

"The Johnson Story" Retold Here

Broncs Win 72-20 Over Schreiner

By Billy Bob Ellingson

Joe Turner's Big Red and Black started to roll early in the first quarter and continued in every quarter to down Schreiner 72 to 20. Schreiner, boasting the biggest team to play the Broncs this year, were never able to stop the Broncs as they did as they pleased with the pigskin.

Schreiner took the opening kickoff and, as after several plays they were unable to move the ball had to kick. George Johnson took the kick on Sonora's own 37 yardline and ran it back to the Schreiner 25. After several plays Sonora moved to Schreiner's 1 yard line. From there George Johnson went over for the score. Still early in the first quarter Schreiner kicked on fourth down to the Sonora 4 yard line. On the second play from scrimmage George Johnson ran from the Sonora 14 yardline all the way for the second Sonora TD. Late in the first quarter Sonora scored again when Vivian Vasquez broke loose on the Schreiner 40 yardline and went all the way.

Preston Love got things rolling in the second quarter when he broke to the end for 35 yards and a Sonora TD. Schreiner came back and tried a quick kick to the Sonora 30 yardline. From there Sonora moved to the Schreiner 6 yardline and once again it was Love who drove the remaining 6 yards for the score. Sonora got another score late in the second quarter when Allen Wall, running at tailback in place of Johnson, tossed a 6-yard pass to Shannon Ratliff in the end zone for the TD. As the half ended Schreiner was on the Sonora 1 yardline. Score at half-time was Sonora 40, Schreiner 0.

Vivian Vasquez took the opening kickoff in the second half and returned it to the Schreiner 40 yardline. From there Allen Wall went the last 40 yards for the Sonora score. Wall ran the extra point over. Schreiner moved within striking distance of the Sonora goal early in the third quarter only to be held on the Sonora 4 yardline. But Sonora, unable to move had to kick and Schreiner took over on Sonora's 35 yardline. A pass from Yarbro to Witherspoon was good to the Sonora 18 yardline. From there Yarbro ran the last 18 yards for the Schreiner first TD. Extra point was good. Mid-way in the third quarter Sam Galindo broke loose on the Schreiner 40 yardline and went all the way for the Sonora score.

Opening the fourth quarter Sonora had a complete new backfield. Pete Badillo got the first Sonora score in the last quarter when he got loose for 10 yards and a TD. Schreiner moved for their second TD next when Simmons broke loose for a 30-yard run and the score. Extra point was good. Again Badillo scored for the Broncs on a 52-yard run. Extra point was good. Schreiner scored once again when Yarbro got loose on a 70-yard romp and the score. Extra point was no good. Allen Wall made the final score of the evening when he ran 5 yards for the score.

After the first quarter, Sonora used their second string most of the time. The boys looked good and show much for Sonora fans to look forward to.

Sonora will play host to the Mason Cowpunchers here tonight. This will be the last game for Sonora before they open district play next week in Ozona. Mason and Sonora game time will be 7:30 p.m.

Attend Some Church Sunday!

Most of you have probably read the following story from the San Antonio Express but for those of you who haven't or who would like to re-read it or who would like it for your scrapbook, here it is:

SONORA—He's 17, weighs 185 pounds, and runs the hundred yard dash in 10 seconds.

He's one of the state's top football players, so far, in the 1955 season.

He's also a great basketball player.

And he's so outstanding in baseball the New York Giants have evinced an interest in him.

He's George Johnson, a junior, who plays tailback for the Sonora Broncs. In his last two games, against Bangs and Iraan, Johnson had a direct hand in scoring all of Sonora's points, excepting one touchdown.

Some Long Runs

Against Bangs, two weeks ago, Johnson scooted for scores on runs of 40, one 10, 60 and 70 yards; he placed kicked five points and passed for four more touchdowns.

Last week against Iraan, he scooted for a total of 80 yards and a touchdown. In the game, he converted once, and raced back an intercepted pass to set up another score.

Principal Norman Davis of Sonora High says Johnson has "a good attitude. He could make top grades if he put forth the effort. He is fully capable of successfully passing college work. He's bright, intelligent and alert."

Although he is a great school-boy grider and will probably decide to play college football, Davis says Johnson's ambition is to play major league baseball.

"He was in a summer camp last year," says Davis, "where some scouts of the New York Giants saw him. One scout considered Johnson a better prospect at his age than the immortal Mel Ott."

He plays first base, outfield and catches in baseball.

But that's not all: He also is a whiz at basketball. In one game last winter, he scored 44 points.

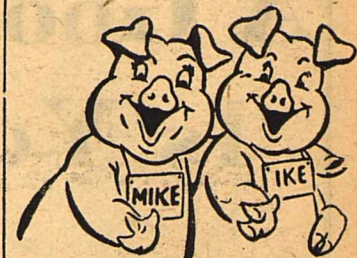

Says Davis: "He has power, speed, coordination and a great throwing arm."

George Wright, last year's Sonora star, is now a freshman at Tennessee-like the Vols, Sonora uses the single wing attack. Texas, Rice, TCU, Texas Tech, Houston and Tulane also sought him.

Scouts Like Him

"When representatives of these college saw films in which Wright played last year," says Davis, "they also were tremendously impressed with Johnson."

It probably will be another year before the big college bird dogs begin beating a track to Sonora and its 6-A schedule. But you can be sure their binoculars will be trained on the big, versatile grider throughout the 1955 and 1956 season.

WINS STATE FAIR AWARD — Jimmie, son of Mr. and Mrs. C. M. Whitten, has been named winner of the 1955 State Fair Honor Award for his 4-H Club work.

Jimmie and his parents will be guests of the Youth Activities committee at a banquet in the grand ballroom, Hotel Adolphus, Friday, October 14, and the 15th will be a guest at rural youth day. -Eldorado Success.

BAND SELLS CUSHIONS — The band has purchased 200 cushions for football games to be rented at 10 cents per game. 100 of the cushions were received in time for last week's game and 100 others will be received soon.

Fans may aid the band by purchasing the cushions and are asked to see that they are returned. Several were lost last Friday night. -Bronte Enterprise.

WELCOME RAINS — Welcome rains fell over Coke County again last weekend with reports of moisture varying from light to heavy. Bronte and Robert Lee received between one and two inches of rainfall. It was the second weekend that precipitation has fallen in measurable quantities. -Robert Lee Observer.

APACHE INDIANS IN MARFA — Marfans will get to see the group of Apache Indians from Anadarko, Okla., when they will appear on the street here at 10 a.m. Saturday, prior to their participation in the Frontier Day celebration in Fort Davis Saturday afternoon and Sunday.

ment will be put on by the visitors who are scheduled to appear in their tribal costumes. -Big Bend Sentinel.

CONFESSES TO MURDER — Raymond Henderson Phillips, 28, Negro ranch hand, signed a statement he made to investigating officers confessing the fatal shooting of Robbis L. Roseman, 22, whose lifeless body he brought in a ranch pickup truck to the Crockett County hospital Saturday morning.

With a .22 calibre bullet hole in the chest, Robbis Lou Roseman, who, Phillips said, had been his "common law" wife for three years was pronounced dead on arrival at the hospital. An x-ray examination of the body showed that the bullet had entered the right chest, ranged downward and lodged in the body at about waist level on the left side. She had lived but a few minutes after the fatal shot doctors said.

Investigation by officers has disclosed that Phillips served four years of a ten-year sentence imposed at Bracketville on a charge of assault with intent to murder in connection with a knife attack on a Mexican. -Ozona Stockman.

APPEAL FOR ROAD FUND — Edwards County Commissioners Court appealed to the Federal Government this week through Congressman O. C. Fisher, State Representative Joe Burkett and Senator Dorsey Hardeman for disaster relief funds to rebuild the county roads.

It will be remembered that Val Verde County was helped by Federal relief funds last year to rebuild its county roads. It took from two to three months for

their appeal to be approved. If there is a possibility of Edwards County getting this type of help, it may take the same time to get it through. However, Mr. Blakeney expected to have his report ready by Friday. -Texas Mohair Weekly.

Research Paces Oil's Progress

There are three reasons why America's petroleum industry has been able to supply the ever-increasing demand for energy called for by our mechanized way of life: 1, it has fearlessly invested its capital in the hazardous search for oil and gas; 2, it has steadily expanded its facilities; and 3, it has conducted endless research to find better, more efficient ways to make the oil products America needs.

Research! That's the key to the petroleum industry's progress. And the Humble Company assures itself a place of leadership in this field with two great research laboratories.

In the Humble Research Center in Houston scientists and engineers study all phases of finding, producing, and conserving oil and gas.

In the Research Laboratory at Humble's Baytown, Texas, Refinery, highly skilled technicians seek to develop new and better petroleum products, to improve those we already have, and to develop methods for making these products more efficiently.

Just as America's progress depends on oil, so oil's progress depends on research.

Earwood To Head Goat Breeders

Armer Earwood was re-elected president of the American Angora Goat Breeders Association

at their meeting Tuesday in Rock-springs.

Earwood urged members to demand mohair upholstery in their new cars, emphasizing that mohair is a specialty fiber and has suffered lower prices due to lack of demand. A committee was named to look into the mohair upholstery situation.

Earwood also told of the lessons goat raisers have learned during the prolonged drought, saying that better range management practices have been a direct outgrowth of this situation. He also said that the raising of Angora goats has spread to include sections of the country never before raising Angoras. Earwood asked that members keep the breed pure by refraining from crossing Angoras with Spanish-type goats. This, he said, leads to coarsening of the mohair making it less desirable.

Meet God
Each Sunday
in Church!

When any of us, regardless of denomination, "go to church" we go to worship God in His house. In the Episcopal Church we worship God by obeying Christ's command to "Do This," that is, to remember His Sacrificial Death and to receive the Holy Communion. The Episcopal Church is a sacramental church. We stand squarely in the stream of life that flows from our Lord Jesus Christ down the centuries.

The Episcopal Church not only teaches that God is always with us, but also gives us the assurance of His Presence in the Sacrament of the Holy Communion.

Ours is a believing church. Our Lord said, "This is my Body . . ." — "This is my Blood . . ." — "do this in remembrance of Me." We believe He means what He said. There's no attempt at lengthy explanations. We accept the fact that God's ways are beyond our power of comprehension. So, when the priest, following Christ's injunction, consecrates the bread and wine, we accept the fact of his REAL presence in the Holy Communion. We glory in the fact that we are in the presence of God and can receive His Very Life into our souls through this Sacrament.

We invite you to join us — today — in meeting God in the Episcopal Church near you.

Looking Through The Windows Of Life

By W. H. Marshall

Last week we were talking about Practical Christianity. Let Mr. and Mrs. George Roberts of Iraan were the guests of their son-in-law and daughter, Mr. and Mrs. Rayford Lee Hull, this week.

Mr. and Mrs. Wesley Granger have as their guest this week her cousin, Mrs. Mabel Cannon of San Antonio.

us come back to the same subject for this week and talk about it again.

Practical Christianity is not a profession. It is a possession; a state of being possessed of God. No, not a perfect being, but one who knows that he has something that is not in himself, yet he has it. It is SOMETHING that gives balance to life. It makes a man walk up to life without fear

and take a swing at life with zest and courage, with laughter when there is nothing to laugh at. It dries his tears and is a balm to a heavy and aching heart. It is something that he can hold on to when all other things have failed.

I know a fellow who is really smart. He says, "Don't hand me any of your Practical Christianity. Just give me an open road and I will make it." Open road? What open road, man, are you talking about? Which way does it lead? Where does it take you?

Look. Why should we kid ourselves? All of us know enough to be Practical, and every man who reads this longs in his heart to be a man of Practical Christianity. Now we face the Open Road. What road is it? It is the

road from which you can. It is the Road back to God.

Yes, I know the question someone will now ask. Why be in a hurry? Let me ask a question. Why eat? Why sleep? Why call your doctor when you are ill? Same kind of question-silly.

Does a man mean to tell me he can run away from life and God? Who ever did that and lived to brag about it? Of course, noone ever runs away from life and God.

Maybe we don't need God now. It could be that a man thinks he is self-sufficient. Who is that man? Where did he come from? I would like to meet him. Who can get along without friends? Did you ever see a successful and happy man that did not have lots of friends? Our friends are the most valuable treasure we have. Jesus said, "I have called you friends." And when you think of Jesus as the Son of God, just remember, he was man's friend. Had He not been a friendly man He could not have been the Son of God. Friendship and Sonship go together. It all amounts to practical Christianity.

Well, I hear some fellow say, "You know I really would like to be just a practical, down-to-earth Christian, and some day I hope to, but right now I just don't have the time." Do you mean that some men can make a living, run their business, and take Sunday out for God, but can't? You wouldn't admit that your neighbor can do in six days what it takes you to do in seven, would you?

Let us come at it this way: If there was no God, and if there was no life after death, it would pay in time, health, and money, to take one day out every few days to rest and to think. We would live longer and we would at least enjoy live better.

Now, that is what I can be Practical at least. But how are you going to separate Practicality and Christianity. They both go together, like eating and sleeping. You just can't run away from your soul. Do you think you can run away from God.

Don't get me wrong. No one is trying to ram down your throat a bit of God and religion. Every man is a free moral agent. God knew what he was doing when he created man. He also took the risk-that men would live for themselves, and would die by themselves and without God. God knew this. But God made us men. By that, I mean, a man chooses for himself. But he also at the end of his life must take what he asked for.

I want to say this I lived four years of my life out of the Church. During that time I went to church three times. Now I speak for myself when I ask the question: Was I happy? The answer is no. I was not happy, and I did a lot of laughing to try to cover up my unhappiness. Really, I was all but frightened at times because in my better moments I knew I was not practical in my living, to say nothing of being fair to God who gave me my life.

Of course some people say, "You preachers are dreamers." Well, you have not known me all my life. I used to think I was pretty tough. But now I know that a lot of it was put-on. I was only trying to hide the fact that I was giving God (who had been so good to me) a pretty dirty deal.

God has a right to your life and to my life.

Soil Conservation District News

Prepared by Local SCS Personnel
News of Edwards Plateau Soil Conservation District

Root plowing to eradicate 175 acres of heavy mesquite was started this week on the Rip Ward ranch just south of Sonora. G. T. Rode, local contractor, unloaded a D-8 tractor and huge 9-foot root plow Monday and started a battle with the mesquite.

The area will be plowed to a depth of approximately 11 inches, cutting mesquite below the bud zone to prevent resprouting. Though root plowing is new to the Edwards plateau Soil Conservation District, hundreds of thousands of acres of dense mesquite have been plowed in South Texas. Phenomenal improvement of range carrying capacity has been obtained by root plowing followed by seeding.

Mesquite has invaded several thousand acres of choice valley rangeland in this District and we are looking for a practical economical means of control. E. B. Keng, SCS Conservationist pointed out.

The trial on the Rip Ward ranch should be observed by all ranchmen having a mesquite problem. Root plowing studies made on a Duval County ranch by the Southwest Foundation and SCS technicians showed a reduction of 93.5 per cent in mesquite one year following treatment. Various other methods of control gave the following reduction in mesquite infestation: Chain, one way, 10 per cent; two ways, 22 per cent; chain two way, and rake, 71 per cent; roller cut, 11 per cent.

The area which was root plowed, raked and seeded to buffelgrass increased forage production 2,697 pounds over the check plot. Leaving half of this forage for proper range management, and calculating hay at \$30 per ton, the area root plowed raked and seeded showed an increase of \$27.72 per acre over the check plot which was not treated. Cost of plowing, raking and seeding was \$24.50 per acre.

Root plowing in South Texas cost from \$10 to \$25 per acre, depending on brush density. Since the practice is new here, cost figures will have to be established. Our average cost, however will be considerable lower than South Texas because of smaller tree

LET'S TALK LIVESTOCK BY TED GOULDY

largest offerings of cattle of the year appeared at the nation's 12 major livestock markets Monday with over 150,000 cattle were reported. Prices were tending lower at all points.

It was not worthy that while cattle numbers were large, the offerings of calves around the major markets were around 6,000 under the comparable date a year earlier. This trend toward smaller numbers of calves going to market has been evident all this year and the effect it will have on estimated cattle population, if continued, will be confusing.

At Fort Worth most kinds of cattle and calves were weak to 50 cents lower, except high grade stockers and feeders which were full steady. Again the order buyers reported that most of the stockers and feeders they bought were destined for Texas or other Southwestern states.

Currently prices of replacement cattle and calves here are equal to or above prices at most of the Cornbelt centers, and it is evident that restocking of the droughty areas is going forward at a fast pace.

and thinner stands.

In addition to killing mesquite, observation will be made on the control of chapparal (lot brush) catclaw and algerita brush. The proportion of grass killed will depend principally on how quickly the work is followed by rain, and other factors. Areas root plowed can soak up heavy rains without loss of water from runoff.

On June 28, 1954, Edgar Glasscock received 11 inches of flood producing rain on some newly made pits. These areas were recently checked by Edgar and E. B. Keng to determine the net damage or benefits of pits under these conditions.

After closely examining a number of pitted areas on the ranch we concluded that in every instance the pits had hastened grass recovery. It is true that the heavy rains largely filled many of the pits with loose soil, thereby decreasing their life and overall effectiveness. There is a better grass cover, however, on the pitted areas than on nearby untreated areas.

Similar observations were recently made with Ralph Mayer on an area covered by five to eight feet of water during the same storm. Pits were still evident and were benefiting grass recovery.

Experience with pitting this year has shown the necessity of making pits at least five-inches deep and 8-10 inches wide. The larger pits will hold more water, and will remain effective long enough to insure establishment of a good grass cover.

Dr. and Mrs. Charles F. Browne have as their guests Mrs. Browne's parents, Mr. and Mrs. J. A. Reader of Altadena, California.

Mr. and Mrs. Sid Awalt and children, Randy and Cheryl, attended the circus in San Angelo and visited Mrs. Awalt's parents, Mr. and Mrs. A. L. Marrs, in Coleman during the weekend.

Mrs. G. W. Howell of McCombs, accompanied by her daughter, Mrs. Jim Pirkle and sons, Gary, Mike, Carl and Laurel, arrived last week for a visit with her son and daughter-in-law, Dr. and Mrs. J. F. Howell.

Mr. and Mrs. Bill Wade and children, Vera Beth and John Richard, and Mrs. J. T. Selman have returned from Rochelle where they visited Mrs. Selman's brother and sister-in-law, Mr. and Mrs. M. S. Burk.

Mr. and Mrs. Miers Savell and Mr. and Mrs. Leo Bishop spent the weekend in Waco the guests of their son and daughter, Mr. and Mrs. Bill Savell. The attended the Arkansas-Baylor football game.

Cast Named For All-School Play

This year's all-school play has been chosen and the cast is now working on the play, "Take Care of My Little Girl."

A three-act comedy by Anne Coulter Martens from the novel by Peggy Goodin, "Take Care of My Little Girl" is a story of college life on which an important motion picture was based. It deals with the problems of sororities in colleges.

The play, produced by special arrangement with the Dramatic Publishing Co. of Chicago, will be presented under the direction of J. G. Robbins and will feature the following cast:

Elizabeth, Nancy Hunt. Beky, Martha Mittel; Adelaide, Bar-

Comparative prices at Fort Worth Monday included:

October 19, 1912
C. C. Kilpatrick, who now owns the former Chadwick ranch in the Owenville neighborhood, was a business visitor in Sonora Friday.

George McDaniel of Georgetown, who has been visiting his brother-in-law Ed Fowler, for a few days, left for home Tuesday.

Fred Trainer, who is looking after the Jackson-Odom ranch, was in Sonora Saturday on business.

J. W. Reiley of San Angelo, was in Sonora Friday on his way to the Tom Bond ranch to deliver a new car to Mr. Bond.

Cal Bramblet and Sam Bates, prominent stockmen of Mayer, were in Sonora Friday for supplies.

C. L. Fortson, cashier of the Eldorado State Bank, was a business visitor in Sonora Friday.

John Clendenen of Runnels County arrived in Sonora Friday on a visit to his son, W. R. Clendenen.

Mr. and Mrs. Nevell Wheat of Kansas City were visiting relatives in Sonora this week.

Sam Hull attended the Dallas fair this week and reported it the best he ever saw.

R. H. Martin, Oscar Appelt, Joe Bradford and Steve Murphy made a business trip to San Angelo Tuesday.

Don't forget the grand mask-fancy dress ball at the Club Hall Thanksgiving night. Every body invited.

Harve Hensel, forman on the D. B. Cusenbary ranch, who has recently returned from Mineral Wells, was kicked in the abdomen by a horse he was shoeing. His brother, Charlie, brother-in-law and sister, Mr. and Mrs. C. C. West, came down from Eldorado to render the necessary assistance. Mr. Hensel had recovered sufficiently to allow his removal to the home of his sister, Mrs. West, at Eldorado.

Sam Beam, of Coke County, was in Sonora several days this week visiting his brother, E. C. Beam, the phone man.

A. B. Carothers of Rochester, Haskell County was in Sonora Tuesday wanting steers. Mr. Carothers informed us that T. C. Cahill, formerly of Sonora, is mayor of Haskell and M. H. Gilliam, also of Sonora is doing well.

Miss Ida Decker enroute to San Angelo Monday, October 14, lost her suit case from the auto. Finder will please return to the Decker Hotel, Sonora, Texas; or notify same.

Mrs. L. L. Craddock is attending the State fair and visiting friends in Dallas. The doctor told Mrs. Craddock to stay as long as she wished.

Rev. J. F. Lloyd, Presbyterian pastor, will occupy the Baptist pulpit both morning and night, next Sunday, October 20th. Every body invited.

Miss Carra Karnes arrived home Tuesday from a visit to Cora Rountree at Plainview.

Mr. and Mrs. J. T. Evans were in from the Fort Terrett ranch Friday, guests of the Commercial Hotel.

Miss Earl Martin, daughter of Mr. and Mrs. Sid Martin, left on Thursday for Robert Lee on a

20 Attend FHA Abilene Meet

About 20 girls from Sonora High School attended the Future Homemakers of America's meeting of District Five in Midland Saturday. Officers presiding at this meeting from Sonora were Nancy Hunt, vice-president, and Yvonne Davis, Historian. Martha

Mittel represented Sonora in the House of Delegates as voting delegate.

The House of Delegates met and elected officers for the coming year. Three Sonora girls were elected to offices for District Five. Yvonne Davis was chosen to run for an Area Office. The meeting of Area Two will be held later in the year, and Yvonne will have to campaign at that time for the office of her choice. Officers of District Five from Sonora are Ann Morris and Sue Greenhill. Ann was elected vice-president and Sue was chosen as reporter.

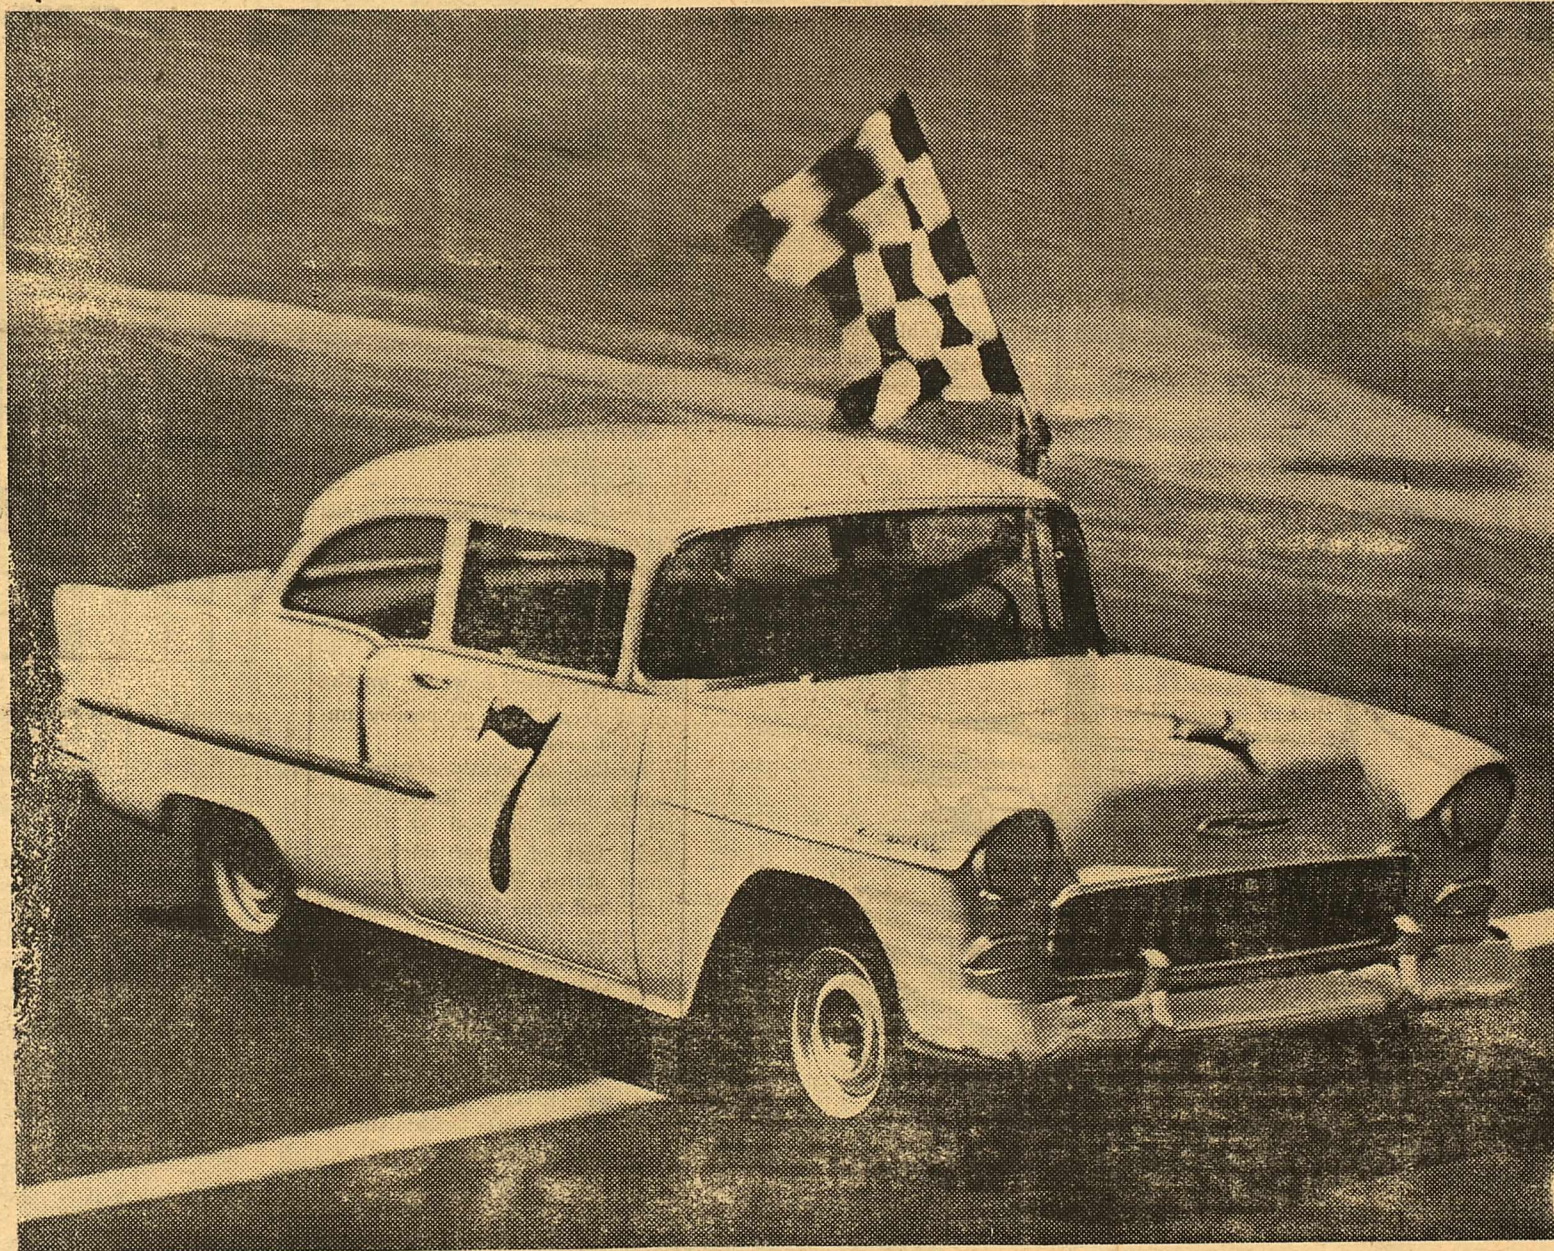

Sonora was chosen to present a program in the afternoon. Martha Valliant presented two humorous declamations and presided as mistress of ceremonies. Piano selections were presented by Frank Joe Potmesil and Martha Mittel. Frank Joe also accompanied June Rose Lyles and Yvonne Davis in vocal selections. Jan Keng played a flute solo and Nancy Hunt did a tap dance.

Mrs. R. B. Kelley and Mrs. Tom Driskell visited friends and relatives in Junction this week.

Attend Some Church Sunday!

LOOK AT ALL THE CHECKERED FLAGS CHEVROLET'S COLLECTED!

Drive with care... EVERYWHERE!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Outrigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices in all models—and, finally, the great scientific, technical and engineering resources of General Motors.

Every checkered flag signals a Chevrolet victory in official 1955 stock car competition—not only against its own field but against many American and foreign high-priced cars, too!

On the stock car tracks, this go-getting Chevrolet is making the high-priced jobs turn green with envy... and making the other low-priced cars wish they'd stayed home in the garage!

Let's translate this into your kind of driving. You've got to have faster acceleration to win on the tracks. And that means safer passing on the highways.

You've got to have better springing and suspension to nail you to the turns. Again, safer and happier motoring for you.

You've got to have big brakes that act but fast and smooth... and easy, accurate steering. More things that make your driving more secure and more enjoyable.

But it's more fun to try these things out than just to talk about them. So come in and let's take a ride.

THEY GO RIGHT ON FEED.....

Because They Were Taught To Eat Palatable Purina Omolene And Beef Chow

When calves are weaned, they're often set back because they haven't learned to eat dry feeds. Lots of ranchers lick this problem with Purina Omolene and Beef Chow. Calves really relish it. Start feeding several weeks before calves are weaned, and they never miss their mothers.

They're ready to go right on feed.
