### Jane Neill Speaks At Lions Club

At their regular luncheon meeting Tuesday at the Methodist Church Sonora Lions heard Miss Jane Neill tell of her recent trip to Europe. Miss Neill began her narration with the story of boarding the Greek ship on which she and her sister crossed the Atlantic and told of their landing at Gibraltar. The party left the ship at Gibraltar, flying to Tangier, back to Gibraltar and to Barcelona, Spain where they saw the famed bullfights.

From Spain they journeyed to the excavation at Pompeii. They and Monte Carol, Rome, Capri and the excavations at Pompeii. They then followed the Adriatic Coast to Venice where they met Miss Alice deBerry, former Sonoran now touring Europe.

After Venice, they party visited Switzerland, Austria and Germany and Paris. Then on to Brussels, Belgium, and Amsterdam, Holland and on to the Scandinavian Peninsula and visits in Norway, Sweden and Denmark. From Scandinavia they visited England where they attended horse races before going back to Germany and Austria for a visit with friends.

Miss Neill arrived home by plane from England by way of Iceland.

Guests present for the meeting included R. J. Galloway of Kingsville, Jim C. Cherry of Junction and Lion Brooks of Eldorado.

Annual joint ladies' night with the Eldorado club has been set for this week.

### Social Security Act Changed

The 84th Congress and President Eisenhower have put into effect a number of changes in the old-age and survivors insurance provisions of the Social Security Act, according to Ed Bowers, Manager of the San Angelo District Office. The changes are summarized below:

1. Reduced age for women. Widows and dependent mothers may receive same benefit that would heretofore have been payable at age 65; wives and insured women may receive slightly reduced amounts; new age requirement is 62 instead of 65; November of 1956 is first month for which such benefits may be paid.

2. Disability payments. Cash payments can start in July 1957 to those age 50 and above who are so disabled that they are unable to engage in any substantial gainful activity, provided they had sufficient social security coverage before the onset of the disability.

3. Disabled children. Age 18 no longer stops child's benefits if he meets disability requirements; some claims can now be payable for such children where parent died after 1929 and disability has

### VOTE! An Editorial

Saturday, August 25 is election day again. Many of us are frankly not interested in braving the August heat to go down and fill out a ballot. It amounts to little more than a nuisance to most of us.

But let's stop and think for a minute. Disinterest and indifference have put many a despot into a dictator's seat. Many a good man has been defeated by democracy's arch enemy, the absent voter.

We all gripe at the government. It really doesn't matter which political party is in power or what man is governor, we reserve the right to disagree, to denounce, and to gripe.

In Saturday's election we are choosing a governor, an attorney-general and other officials of lower rank, but equal responsibility. Let's fulfill our duties as citizens and vote. A vote cast is never a vote lost.

If you haven't paid your bill, you've no right to complain about the service.

Preserve your precious right to gripe. Vote!

### ASC Board Names Candidates For 1957 Committee

The Sutton County ASC Election Board serving as a Nominating Committee has selected the farmers and-or ranchers listed below as candidates for county committeemen for 1957:

Lea Allison, Vestel Askew, George Brockman, Stanton Bundy, W. L. (Tom) Davis, Herbert Fields, Robert Pfluger, Edwin Sawyer, Sears Sentell and Gene Shurley.

In addition to the nominees listed above, any name or names of farmers and-or ranchers submitted to this nomination committee by petition signed by 10 or more eligible voters in the community will be included on the slate of nominees, according to Mrs. Marie Ellis, local ASC office manager.

These petitions must be received by D. C. Langford, Sonora, Texas, Chairman of the County Election Board by September 3, 1956, in order to be included in the slate of nominees, if found willing to serve and eligible under the regulations of the Secretary of Agriculture.

### Lions Attend Ladies Night At Eldorado

Members of the local Lions Club and their wives attended a joint ladies night meeting with Lions from Big Lake, Ozona and Eldorado held in Eldorado Tuesday night, August 21.

Lion Charlie Trigg of Eldorado, deputy district governor, introduced the main speaker of the evening, John J. Painter of San Antonio, governor of Lions District 2A. Gus Love of Eldorado served as master of ceremonies and Dr. Charles W. Livingston of Sonora played a program of marimba music, accompanied by

### Redistricting Of Voting Pct. 5 Scheduled

Plans are underway for a redistricting of election precinct 5, currently holding elections at Humble Pipeline Station B, 40 miles southeast of Sonora. Plans call for this precinct to be combined with election precinct 3, voting at Cedar Hill School on the North Llano River.

The move has been made since Station B is no longer active. It is emphasized that this constitutes no redistricting of commissioners precincts but of the two voting precincts only. Both precincts 3 and 5 are currently served by Commissioner Aldie Garrett and the redistricting will make both the election and commissioner's precincts co-extensive.

Other election and commissioners' precincts are the same and voting takes place at the Courthouse for Precinct 1, at the Woolhouse for Precinct 2, and the John Reiley Ranch for Precinct 4.

Combination of the Station B and Cedar Hill boxes will become effective January 1, 1957.

### New Elementary Students Will Register Monday

New students, who will be in any of the first seven grades and were not enrolled here last May, are requested to register at the Central Elementary School building Monday and Tuesday, August 27 and 28 from 9:00 a.m. to 12:00.

Mrs. W. T. Hardy.

Among those from Sonora attending the meeting were Messrs. and Mmes. Jack Kerbow, Hillman D. Brown, G. M. Owens, W. T. Hardy, Alanson Brown, Ben Cusenbary, Leo Merrill, W. L. Davis, A. E. Prugel and Dr. Livingston.

### Turner To Meet With Players, Parents Sunday

Bronco Coach Joe Turner has called a meeting of football players and their parents for 1:30 Sunday afternoon, August 26 at the High School Auditorium. At this time Turner will discuss with parents and players his training program, the coming football season, and other matters pertaining to the 1956 season.

Everyone is urgently requested to attend.

### Local Reserve Unit To Ft. Hood

Members of Company B, 830th Engr. Avn. Bn. are participating in annual unit training at Fort Hood, Texas. The training period began August 18 and will continue until September 1.

Sonora members of the unit are WOJG Tommy Smith, M-Sgt. Sidney B. Awalt, SFC Howard G. Hay, Jr., Sp3 William F. Decker, Sp3 Jesus C. Favila, Cpl. Eddie Smith, Sp3 Howard F. Wishert, Pfc. Samuel F. Jimenez,

By Wednesday afternoon some \$2,750 in subscriptions had been received putting the public donation goal past the half-way mark toward assuring early consideration of flood control measures on Lowrey Draw. The goal of \$5,000 must be completed as soon as possible to give proof of local interest in securing early work on

the project. The \$5,000 will supplement the \$10,000 offered by the County and the Edwards Plateau Soil Conservation District.

Sutton County and the Edwards Plateau SCD have each agreed to pay \$5,000 on the cost of developing the work plan and Mayor Alfred Schwiening has been spearheading a drive to raise the necessary funds by public donations.

Donations are being received by Mayor Schwiening, Granville Barker, Harold Garrett, and the Devil's River News.

Flood protection on Lowrey Draw is of extreme importance to every citizen of Sutton County, either directly or indirectly. In the event of a major flood, such as the Ozona disaster, many homes and businesses on both sides of Lowrey Draw would be inundated, resulting in property losses totaling several hundreds of thousands of dollars.

There is a possibility that the proposed new work plan may be amended to include similar flood control work on Dry Devil's River, a project which was formerly considered impracticable.

Cost of the Lowrey Draw project has been estimated at \$389,000 for construction costs plus an additional \$30,000 for widening the draw through Sonora. Under the newly passed amendment to Public Law 566, the Federal Government would bear the total cost of construction, if the project is approved.

Since it is virtually impossible for solicitors to contact everyone personally, it is sincerely hoped that those persons who are willing to invest in the future safety of Sutton County citizens will contact any of the above named solicitors or George H. Neill or J. M. Vander Stucken.

Checks should be made payable to the Sutton County Flood Fund and all donations are deductible from income tax returns.

### ROBBINS ATTENDING UNIVERSITY OF COLORADO

James G. Robbins of Sonora is attending the University of Colorado summer session. Robbins teaches English and speech at Sonora High School.

Around 6,000 students are attending Summer Session classes at the university this year. In addition to regular credit classes, some 3,500 people are participating in a variety of workshops, conferences and institutes.

### Season Tickets On Sale Now For 56 Grid Season

Season tickets for the Bronco's 1956 football season went on sale Tuesday afternoon in the lobby of the First National Bank. Price of the tickets is \$1.25 per game or \$6.25 for the season.

Games included in the season tickets are Bandera, September 7; Iraan, September 21; McCamey, September 28; Ozona, October 19; and Eldorado, November 16.

Team supporters who held season tickets in the reserved section last year will be given the opportunity to retain their same seats again this year.

### Civil Defense Week Set For September 9 - 15

America's first National Civil Defense Week is set for September 9 to 15, and State Coordinator William L. McGill of the Defense and Disaster Relief office said today local observances were planned for many Texas cities.

Civil Defense Week will pay tribute to civil defense workers and organizations for their efforts in the nation's behalf. It also will serve to "bring into sharp focus the picture of a civil defense that's so powerful, that's so impressive, as to deter enemy aggression itself," McGill noted.

R. M. McCarver, civil defense director of Sutton County encouraged local civil defense organizations to participate in the nationwide observance. He asked the cooperation of all clubs and organizations in arranging for observance of the week.

McCarver stressed that civil defense preparedness will enable a community to cope with any emergency-whether from flood, tornado, explosion, fire or nuclear weapons.

## Showers Still Scattered Sunday But Parts Of County Receive 3 Inches

Scattered showers dotted the Sonora area Sunday afternoon, missing many ranches, but dropping a few beneficial rains of up to 3.90 inches.

Heaviest rains occurred west and southwest of Sonora, but even on individual ranches variations were wide. The Mayer ranch reported rains of 1.00, 2.50, and 3.90 inches at different gauges. Stanley Mayfield received from 1.20 to 1.60, and Dave Locklin reportedly received up to 3.00 inches. Edgar Glasscock registered 1.16

and the deBerry ranch received .70.

The Sonora Wool and Mohair Company gauge recorded only .21 inch. In the southeast part of the Edwards Plateau SCD Jack Turner received 90 points, and the Adamson ranch 1.10, while the adjoining Fred Earwood ranch received only a trace of moisture on most of the ranch.

Fort Terrett station east of Sonora reported .60, while Emmett Pfluger recorded up to 1.60. Robert Pfluger received .35,

Harold Schwiening 1.00, and W. B. McMillan's north Mann ranch recorded .41.

Joe Logan measured from .15 to .90, Robert Halbert .35, and Lee Fawcett 1.00 inch. Buste Halbert measured 1.50, and Wesley Sawyer recorded from .80 to 1.70 inches. Scattered showers fell at other points in the area.

The moisture was welcome indeed, but a big, general rain is badly needed to start fall grass production.

**Daniel's Record Lead Strongly Indicates Great Runoff Victory**

In the July 28 primary, voters gave Sen Price Daniel the great numerical lead over the runner-up with which a Texas candidate for governor ever entered a runoff race, with one possible exception, depending on final complete returns. No runner-up ever overcame a lead anywhere near so great.

On analysis of Monday returns, cold arithmetic and logic indicate only a remote possibility of Ralph Yarborough's winning in the second primary-provided Sen. Daniel's supporters do not rest on their oars. They show that Daniel led Yarborough by about 156,000 ballots, polling slightly short of 40 per cent of the total vote, to Yarborough's slightly less than 30 per cent. In order to win in the run-off Daniel needs only 10-plus per cent more of that total, while his opponent must gain 20-plus per cent.

In other words, Daniel would have to get only 157,000 of the 469,607 votes scored by O'Daniel, Haley, Senterfitt and Holmes to have a runoff majority, whereas Yarborough would have to corral some 313,000 of them to win.

The question is, who will get the votes that went to the four also-rans? It doesn't appear to be a very perplexing riddle. Haley, Senterfitt and Holmes are pronounced conservatives, so it is reasonable to estimate that at least 90 per cent of the 132,084 votes they received in the total cited must be conservative. Surely 75 per cent of them should go to Sen. Daniel in the runoff. If so, he would then have to get less than one-fourth of the O'Daniel vote to have a majority.

Yarborough, on the other hand, must pick up about three-fourths of O'Daniel's votes plus more than one-fourth of the other three candidates' votes to win.

During the campaign there were reports that O'Daniel was cutting into Yarborough's support here and there, mainly in the rural areas. Maybe so, but Pappys strength was far from topheavily liberal. Actually he has the most conservative record of all the candidates in the first primary; reactionary, some call him. Many supported him for that reason. Sen. Daniel has every reason to expect at least a 50-50 split of the O'Daniel vote, perhaps much more.

In short, the election figures

and the practical political logic point to a resounding victory for Price Daniel in the runoff.

This prospect is subject to only one condition that is now foreseeable. The senator warned of it in his election comment, predicting certain victory if his supporters do not become overconfident and relax their efforts. It is not likely that they will do so.

Mr. Yarborough stands in the same position that Homer P. Rainey, the liberal candidate for governor, occupied just 10 years ago. Beauford Jester's first primary lead over him, in a large field, was about the same as Price Daniel's is over Yarborough. Friends told Rainey it would be futile to go through with the runoff, and urged him to withdraw. Rainey insisted on fighting it out, and in the second primary Jester beat him nearly two to one.

## This GMC has "muscles" unsurpassed in its class!

The facts speak for themselves. This new GMC 250-8 has 180 V8 horsepower standard. No other truck in its class comes even close.

The extra power delivers 276 foot-pounds of truck-propelling torque. Over-the-road truckers call it "guts" - and this GMC's got up to 33% more than the others.

It's at the top of the heap in frame-strength, too. There's as much as 10% more "muscle" in its chassis than in comparable trucks.

And there's more. For this rugged

GMC has 3500 lb. front axles and 7200 lb. rear - unsurpassed in its weight-bracket. It has extra-size brakes and springs.

Add it all up and you can see what GMC Blue Chip stamina really means. Especially when you team it with a GMC's dependable performance and Hydra-Matic\* savings.

For here's a truck that not only delivers the goods at lowest cost - but keeps delivering long after an ordinary truck would have faded out. Come in and talk it over!

**Rural Voters Overwhelmingly Support Will Wilson for Attorney General**  
 Will Wilson, Democratic candi-  
 date for Attorney General of Tex-  
 as, has much in common with the  
 rural folks.  
 He's a farmer too!  
 He is sharing with many of  
 them, disheartening experiences  
 with the drought.  
 Wilson loves the land, and is a  
 practical farmer. He spends all  
 available time trying to fix his  
 fences and to save the crops and  
 trees he planted himself.  
 Wilson recently toured Texas  
 with the Soil Conservation Ser-  
 vice inspecting the small dam pro-  
 jects planned for creeks. He be-  
 lieves that this form of flood  
 control is a possible solution to  
 the water problem.  
 As attorney general, Will Wil-  
 son will act as legal advisor to  
 the Agriculture Commissioner.  
 During his campaign for Attorney  
 General he has pledged strict en-  
 forcement of water conservation  
 laws and water rights.  
 Rural voters of Texas feel that  
 as their Attorney General Will  
 Wilson can bring the attorney  
 general's office closer to them and  
 their problems, as he shares the  
 same problems they have on their  
 own farms.  
 In the July primary election,  
 Wilson gained overwhelming sup-  
 port of the rural voters. He car-
