Sen. Hardeman Addresses Lions Tuesday

State Senator Dorsey B. Hardeman of San Angelo was guest speaker at the Lions Club meeting Tuesday at the First Methodist Church. Senator Hardeman explained to Lions and their guests the contents of the proposed amendments to the state constitution to be voted on in special elections in November.

Sen. Hardeman was introduced by F. L. McKinney.

Sixty-two members of the local club were present and the following guests: Marvin Logan, Jack Ratliff, Andy Cobb of Startown, Carl Glass of Prairie Lea, Judge Jim C. Langdon of McCamey, Lion Butler of San Angelo and Donnie Mercer of Fentress.

ASC Committee To Be Elected September 17

Ballots have been mailed to all eligible farmers and ranchers in Sutton County for election of ASC county committeemen and alternate county committee men for 1957. Ten names appear on the ballot and voters are to vote for five men only. Ballots may be mailed back to the local ASC office and must be postmarked not later than September 17, 1956.

Names appearing on the ballot are: Lea Allison, Vestel Askew, George Brockman, Stanton Bundy, W. L. (Tom) Davis, Herbert Fields, Robert Pfluger, Edwin Sawyer, Sears Sentell and Gene Shurley.

Eligible farmers and ranchers not receiving ballots may pick them up at the ASC office in the courthouse.

Lamb is nutritious.

Archie Wheeler of Amarillo, above, is a modern day Good Samaritan. Wheeler drove from Amarillo to Sonora to give blood for Pat Cooper who is suffering from aplastic anemia. Wheeler is a victim of a blood disorder, polycythemia vera, which is the direct opposite of Cooper's trouble, and it is believed that transfusions of Wheeler's blood will aid materially in Cooper's case.

Wheeler first discovered that he has the rare blood condition in 1952 and since that time has given profusely of his blood to those needing it.

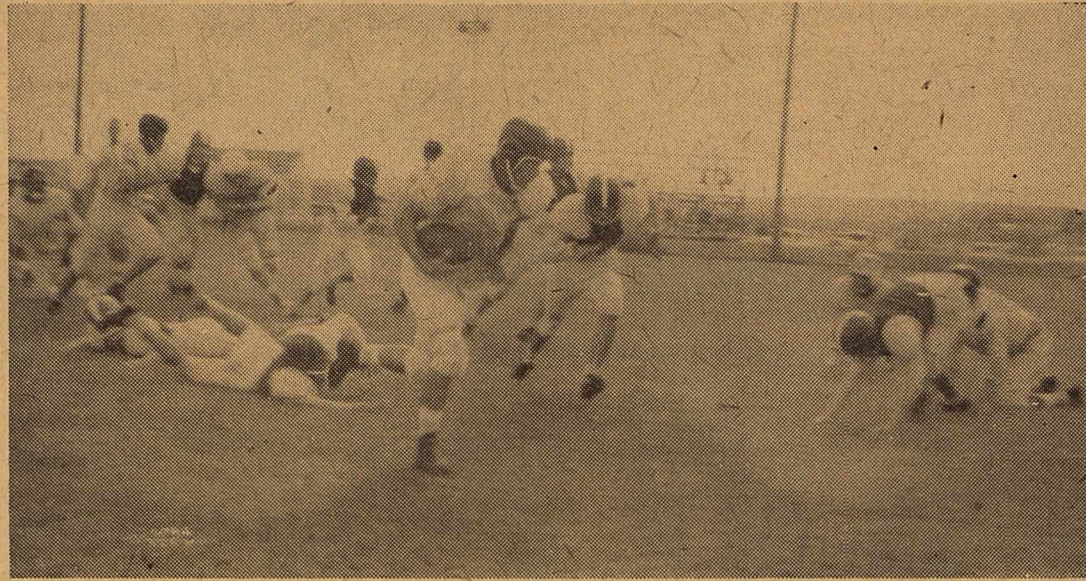

L. W. Grobe Rites Held Saturday In Junction

Funeral services for L. W. Grobe, 69, who died August 30, at his home in Junction, were held there in the Presbyterian Church September 1. Burial was in the Junction Cemetery.

He is survived by three sons, including Ed Grobe of Sonora; three daughters; two brothers and three sisters.

Mr. and Mrs. Ed Grobe and Peggy Lynn attended the services.

BRONCOS FACE BANDERA TONIGHT IN SEASONS FIRST GRID GAME

The Bronco line clears the field for halfback George Johnson in practice scrimmage with the Fort Stockton team here Saturday afternoon. The play was good for a 25 yard run to score.

Football season will get underway officially for the Sonora Broncos Friday night as they meet the Bandera Bulldogs in their first game of the 1956 season here. Game time is eight o'clock.

Mrs. McGilvray Buried Here Thursday

Funeral services for Mrs. B. C. McGilvray, 69, who died at 4 a.m. Monday at the home of her son, Bill McGilvray, in San Angelo, were held Thursday morning at the Baptist Church in Sonora, with Rev. J. E. Eldridge performing the rites. Burial was in Sonora Cemetery.

Born January 7, 1887, in Mt. Calm, Mrs. McGilvray and her family lived in Sonora for many years before moving to San Angelo two years ago.

Survivors include a son, Bill McGilvray of San Angelo; two daughters, Mrs. C. B. Hickerson of Luray, Va. and Mrs. Word Sherrill of Uvalde; a brother, L. M. Sanders of San Angelo; a sister, Mrs. G. M. Chaffin of Poyner; eight grandchildren and one great-grandchild.

Pallbearers were Dan Cauthorn, Jeff Lambert, Ed Grobe, A. W. Awalt, Louie Trainer and G. H. Hall.

Ranchers May Apply Now For Hay, Roughage

Sutton County has been included in the hay and roughage program for Texas, according to word received by Mrs. Marie K. Ellis, local ASC office manager.

Applications for hay and roughage will be received in Sutton County at the local ASC office and acted upon by the local FHA County Committee.

The hay and roughage program was worked out between the Governor and the Secretary of Agriculture to provide emergency assistance to farmers and ranchers in the State's designated disaster counties. Under the program the local county FHA committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the Emergency Drought Committee's account.

Applicants may be filed through December 5, 1956 for a supply of roughage needed to last through December 31, 1956. Roughage under the program includes hay either baled or loose, cotton seed hulls, peanut hulls, corncobs, sorghum bundles or ensilage.

Services Held For P. O. Love

Funeral services for P. O. Love, 82, who died Tuesday at Memorial Hospital in San Angelo were held Thursday in Bandera. Burial was in Vanderpool Cemetery.

Love was born in Young County, October 8, 1873. He ranched for many years in Bandera County.

Survivors include four sons, Gus Love of Eldorado, Preston Love of Sonora, Clarence Love of Indian Gap, and Lendon Love of San Antonio; three daughters, Mrs. Frank Williams of Hondo, Mrs. Delbert Hicks, Mrs. Frank Kuykendall of San Antonio; three brothers, one sister, thirteen grandchildren and three great-grandchildren.

Flood Fund Receives Donations; Still Slightly Short Of Goal

Contributions to the fund for financing a work plan for flood protection on Lowrey Draw totaled \$13,992.00 Wednesday, only \$1,008.00 short of the needed \$15,000.00 which the plan is estimated to cost.

New contributors included Dr. Joe B. Logan, Bennie Babb, Shurley Bros., Joseph's, Sonora Motor Co., Lea Allison, Lea Roy Aldwell and Dr. J. F. Howell.

Alfred Schwiening, Joe M. Vander Stucken, Granville Barker and Harold Garrett are continuing their efforts to raise the remaining funds. Any citizen or firm desiring to make a contribution should contact one of these men or leave the donation at the bank or news office.

Checks should be made payable to the Sonora Flood Control Fund and donations are tax deductible.

Mr. and Mrs. Millard Parker of Sanderson spent last weekend in Sonora the guests of his sister, Mrs. Zola Bode.

4-H'ers Attend District Camp

The District 6 4-H Camp was held at the Texas A. & M. Adjunct at Junction August 26 to 29.

The Texas Game and Fish Commission furnished the program which featured bait casting demonstrations, shoot demonstrations, bird study, trapping, Indian lore, boat safety, wild animal and bird calling, and a law enforcement demonstration which included the use of an airplane in rounding up law violators.

The boys also enjoyed swimming, rifle shooting, baseball, volleyball, horse shoe pitching and picture shows.

John Wood, Game Warden Supervisor from Brownwood, was in charge of the program. Nolan W. Johnson, local Warden, assisted with the program.

Boys who attended the camp from Sutton County were John Friess, Mack Mayhew, Cleve T. Jones, George Ed Hill, Artie B. Adams and Tommy Love.

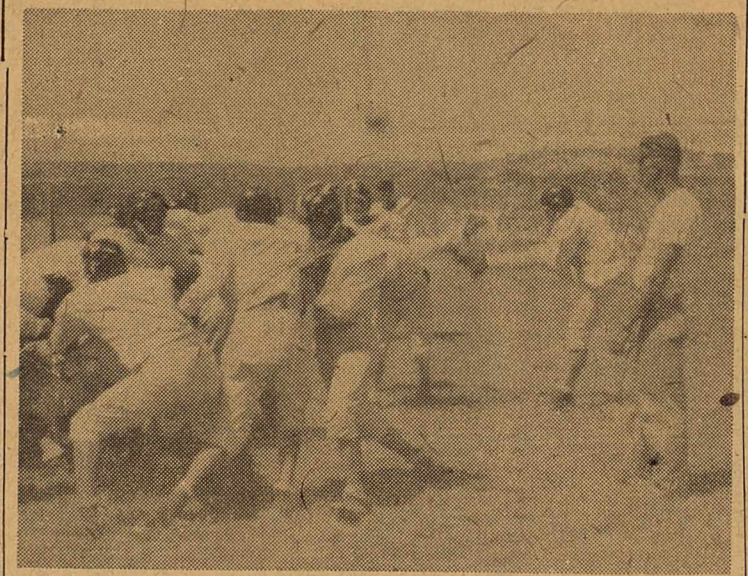

Tommy Love was selected to serve as reporter on the District 6 4-H Council for 1957.

All the boys who attended the camp agreed that the Game and Fish Commission put on the most

Brother Of Mrs. Hightower Buried Tuesday

Mr. and Mrs. Alton Hightower attended the funeral services for her brother T. W. Neill, Jr. 42, who died of a heart attack Sunday, September 2, in Seguin. Services were held in the Seguin Funeral Home Tuesday.

Survivors include his mother, two brothers and three sisters.

"B" team Coach Oliver Wuest here watches his team scrimmage. Wuest says his boys are full of fight and anxious to begin their fall game schedule.

New Educational Trust Fund Grants First College Loan Tuesday

Rus Chalk Named First To Reap Benefits Of \$100,000 Trust

Acting on recommendations from the Advisory Committee the Board of Trustees of the Sutton County Educational Trust Fund Tuesday named Rus Chalk as first recipient of an educational loan to cover expenses of studying at the University of Texas.

Chalk, the son of George D. Chalk of Sonora, is 18 and a May graduate of Sonora High School where he was a member of the National Honor Society, and was active in football, basketball and track. At the University he plans to work toward a Bachelor of Science degree in physics.

As recipient of the loan Rus will be assured of funds for tuition fees, books and student activity fees as well as monthly living expenses. In return Rus agrees to repay the loan when he is established in his profession.

Interest rates are \$1.00 per year, payable in advance.

The action of the Board of

Trustees composed of George H. Neill, president, representing the First Loan Co., E. A. Brodhead, as superintendent of schools, and Dr. W. T. Hardy, as president of the Sonora Lions Club, followed Rus's recommendation by the Advisory Committee. Approval was based on character, need for the loan, demonstrated abilities and the capacity to benefit from added training.

NOTICE

Application blanks for private transportation will be available in Superintendent Brodhead's office next Tuesday, September 11.

The Sonora High School coaching staff is ready for tonight's game with the Bandera Bulldogs. Head Coach Joe Turner (back row left), and assistants Oliver Wuest (back right), Charles Lamb and Royce Franklin (front row) anticipate a good game with the experienced Bulldogs.

TRAILER CONTENTS BURN IN FIRE HERE TUESDAY

Sonora Volunteer Firemen answered a call about nine o'clock Tuesday morning to assist in extinguishing a fire in a trailer pulled by tourists. Owners of the car were bound for California.

Damage to the contents of the trailer, including bedding, furniture and suitcases of clothing, was heavy with only some articles of clothing being salvaged.

Origin of the fire was undetermined although local firemen believe a cigarette thrown from a car window started the fire.

Insist on Wool or Mohair upholstery.

Determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the Emergency Drought Committee's account.

Applicants may be filed through December 5, 1956 for a supply of roughage needed to last through December 31, 1956. Roughage under the program includes hay either baled or loose, cotton seed hulls, peanut hulls, corncobs, sorghum bundles or ensilage.

Spotted Showers Fall Over County Leaving From One Half To 3 Inches

By E. B. Keng

ODDS & ENDS

The air is so full of football talk it's not safe to walk down the street. You never know when some of our illustrious drugstore quarterbacks may suddenly decide to demonstrate the way to block correctly. Haven't seen too many end runs down Main or Concho yet, though.

Notice the Wool Week signs? That's the Lions Club's way of letting passers through know that Sutton County is a leader in wool consumption as well as production. 'If it's wool-buy it'.

Dove hunters say the birds aren't so plentiful this year. May be, they say, because there's not dove weed or other plants the birds feed on. May be, they say, because water holes just aren't to be found.

May be, we say, they don't shoot so good.

School got off to a good start Monday. Most of the kids seemed glad to be back again. All the mothers seemed especially glad!

See you at the game tonight. The kick-off's at eight.

Spotted showers varying from traces to as much as 3.00 inches dotted the Sonora countryside from Saturday through mid-week.

Heaviest rains Saturday included 3.00 inches at the Jack Turney ranch, 1.60 at Paul Turney's, and the Experiment Station received 1.60. Other showers included Chris Haines (Holman) 1.10, Mrs. Jap Holman .85, Jim Adamson .90, and Ben Cusenbary .50.

A small shower Monday afternoon made up northeast of Sonora, dropping .40 to .70 on the Joe Logan and Thompson ranches. The storm then moved north and left some good showers in parts of Schleicher County.

Rain clouds Tuesday afternoon dumped small cloudbursts in a few small areas, but left much of the country bone dry. Heaviest rains reported to E. B. Keng, SCS, included the Harrison ranch with 3.00 inches, Experiment Station 2.04, Frank Bond .70-.80, Jim Merck 1.00, Buste Halbert 1.00, Stella Keene 1.00, Moore and Neill 1.05, and Bill Wade 1.00.

Other showers reported included John Fields .50 to .60, Clara Allison .75, W. R. Cusenbary .41, Alfred Schwiening .95, W. L. Davis .30, Ben Cusenbary .35 to .80, Alice Jones .60 to .70, Harold Friess .65, and Mayer ranch .35 to 1.50.

Most of the showers fell rapidly and runoff was heavy. Moisture penetration checks made Sunday on the Paul Turney ranch on deep soil showed that bare ground was wet only 3 inches deep. A nearby grassy area had wet soil to approximately 14 inches.

Grass or weed cover can make a rain worth approximately five times as much to a ranchman, so it is extremely important that

43 YEARS AGO

Mrs. Peek of Abilene arrived Monday to join her husband, Dr. J. F. Peek, and son, I. B. Peek, of the Sonora faculty. They are occupying the E. C. Saunders home.

Heavy rains have covered practically all of the Sonora country this week. Even the town got a drencher of more than an inch.

E. F. Vander Stucken returned Friday from San Angelo where he withstood a surgical operation and is now feeling fine.

Miss Edna Wheat and her guest, Mrs. Norris of San Antonio, were in Sonora Monday, shopping and visiting.

Mr. and Mrs. T. L. Drisdale were shopping in Sonora this week from their ranch near Juno. Mrs. Guy Robbins of LaGrange accompanied them.

The election held Saturday to determine the issuance of \$18,000 in bonds for the building of an addition to the Sonora High School building and the maintenance of the same was carried unanimously. There were 89 votes cast and all were for the bonds. Such an illustration of a united community could hardly be found elsewhere. The trustees are at work and active operations will commence as soon as possible.

B. M. Halbert sold to Walter Davis 100 dry nannies at \$5 per head. He also sold to Sam Allen of Knickerbocker, 10 billies at \$14 per head and 7 billies to Sparks Bros. at \$14 per head.

Mr. and Mrs. C. S. Holcomb returned Sunday from a visit to Ballinger and Brownwood.

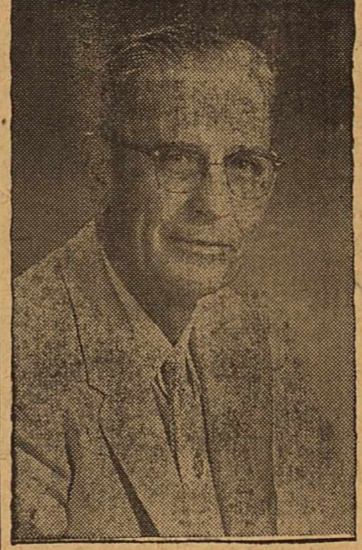

Just the next day after Thanksgiving there will be given in Sonora a grand ball at the Sonora Club House. The music will be the best obtainable. The Hall will be lighted by electricity and the business men and patriotic citizens of Sonora may, when the proposition is brought to their attention make it a grand free dance. Everybody invited. Plenty of time to get gay togs. The best country is alive all the time when not asleep.

Former County Agent Receives Service Award

College Station, September — (Spl.) Ray E. Shaver, Comal county agricultural agent since 1949, was one of six Texans named today by the National County Agricultural Agents Association to receive their Distinguished Service award for 1956.

The awards are presented annually to a select group of county agents who have over a period of years made outstanding contributions to agriculture. Presentation will be a highlight of the National Association's annual meeting which will be held in Texas this year for the first time. It is scheduled for Houston, October 21-25.

Shaver was first employed by

the Texas Agricultural Extension Service as county agent of Lynn County. He served in this capacity from 1929 until 1932 when he left the Service to become associated with the Texas Board of Control. In 1941, he was named assistant farm manager at A. & M. College and in 1943 returned to the Extension Service when he was named county agent for Bandera County. In 1945, he was transferred to Sutton County and in 1949 to his present position.

During his Extension employment, Shaver has directed a strong 4-H program in each of the counties he has served. Through demonstrations, he has also introduced practices which have made for more efficient farm and ranch production. He has especially pushed programs dealing with soil and water conservation. During the time he served in Lynn County approximately 40,000 acres of cropland was either terraced or contoured.

Sutton County 4-H boys, as a result of their training in lamb feeding and fitting and showing, established a statewide reputation by being consistent winners at shows which included the Annual Wool Show held at Sonora.

Shaver is a native of Tolar, Hood County. He attended John Tarleton State College before enrolling at Texas A. & M. College where he received a B. S. degree in dairy husbandry. He holds membership in several organizations including the Texas County Agricultural Agents Association and two general farm organizations.

SHE KNOWS... IT'S FEEDING TIME!

This cow's telling you something you probably know... it's time to start feeding. Grass is brown, tough, and doesn't have much food value. If her owner wants her to drop a husky calf come spring, then he'd better start supplementing her range.

She'd like Purina Range Checkers. They're easy to feed, tasty, contain a variety of proteins and carbohydrates and carry vitamins and minerals that the tough grass doesn't have. Cows must have these materials to build the unborn calves.

Next time you're in town, drop in and let us tell you more about Purina Range Checkers. They're proved right, made right, priced right.

Officials Warn Of Danger From Rubbish Fires

Communications received by city and fire department officials are stressing the increasing seasonal problem of fires having their origin from dry grass, rubbish and brush.

Grass, rubbish and brush are a definite fire hazard. Cleanliness and good housekeeping are as essential out-of-doors as they are within homes and plant properties. Rubbish and waste, for example, should not be allowed to accumulate out of doors where they can serve to aid in the spread of fire.

Dry weeds, grass and brush, particularly around buildings and along highways and railroad

properties, present a definite fire hazard, and it is the responsibility of city officials and the owners of these properties to destroy such vegetation as a fire prevention measure. Removal of dry grass and weeds by burning is a frequent cause of ignition of buildings where grass fires spread beyond control. Controlled burning under direct fire department supervision largely avoids this hazard. One of the most desirable methods is to cut grass and remove it or burn it in piles, with adequate fire extinguishing equipment available.

Miss Cynthia Hall, Albert Ward Wed In Double Ring Ceremony Friday

Miss Cynthia Ann Hall, daughter of Mr. G. H. Hall and the late Mrs. Hall, was married to Albert C. Ward, son of Mr. and Mrs. Rip Ward, at eight o'clock Friday, August 31, in the First Methodist Church.

Rev. W. H. Marshall, pastor, and Rev. Ralph E. Harris of San Angelo officiated at the double-ring service which was read in a candlelight service. The chancel rail, entwined with salal and white pom-pom mums centered with pillow candles, was outlined with cathedral tapers in candelabra. Baskets of white mums, gladiolas and carnations outlined the aisle for the bridal party.

Music was provided by Joe Kreklow of Eldorado, organist, and Miss Marie Watkins of San Angelo, soloist, who sang "Calm As the Night" and "The Lord's Prayer".

The bride's sister, Miss Carolyn Hall, was maid of honor. Bridesmaids were Misses Nancy Hunt, Jan Keng and Martha Jean Valliant, all of Sonora, and Miss Sue Ann Stokes of Brady and Miss Sally Stavlo of Sunray.

They wore identical tea length gowns of pearl white peau dor. The princess dresses were topped from under the directoire bodices with autumn red redingotes. They wore brimmed plateau hats of matching red and red shoes, and carried fans fashioned of antique ivory lace topped with gaiety carnations. Miss Hall's fan was topped with gardenias with pearls and satin showers.

Sue Greenhill and Yvonne Davis lighted tapers. They wore pearl white princess dresses of peau dor with tailored bows lined in red in the back. The streamers fell to the hems. They wore matching half hats and red shoes.

Sherry Saunders of Ozona was flowergirl. She wore a sleeveless gown of white polished cotton designed with a bouffant skirt over hoops. The overskirt was scalloped at the hemline and the scallop motif was repeated where the nylon net and lace yoke joined the bodice. She wore a matching half hat and white nylon net and lace mitts and carried a basket of white mum petals.

Ward served his son as best man. Groomsman were Ralph Copeland, Joe Richard Lancaster, Turney Friess, John Allen Ward and Darcy Carroll. Ushers were Ralph Winton, Jr., of San Antonio and Gilbert George Marshall of Del Rio, Bobby Cauthorn of Del Rio and Louis Munden of Marshall lighted candles. Richard Davis of Hillsboro and Sidney Millsbaugh III of Ozona were ring-bearers, carrying the wedding rings in lilies-of-the-valley on white satin pillows.

Given in marriage by her father, Miss Hall chose for her wedding a pearl white gown of peau de soie and tulle. The directoire bodice of tulle was made up of soft pleats shadowed in rose motifs of French Chantilly lace. A stiffened band framed the off-shoulder neckline. The ledge sleeves were of soft folds. Pearls were scattered on the lace motifs. An overskirt of peau de soie was fashioned of princess lines and swept into a fan-shaped chapel train. The entire skirt was bordered in lace motifs scattered with pearls.

Two tiers of French illusion were attached to a half cap of French lace and pearls. She carried a crescent bouquet of white roses and lily of the valley with a shower of velvet tubing and pearls.

At the reception held at the home of the bride, the bride's table was covered with an imported ivory cut-work cloth and centered with the wedding cake. Seven branch candelabra were placed at each end of the table garlanded with gardenias and smilax. Mrs. E. O. Box of Ada, Oklahoma, aunt of the bride, presided at the cake. Mrs. Bryan Hunt presided at the bride's book.

When the couple left for a short wedding trip to the Gulf Coast, Mrs. Ward was wearing a navy blue Italian silk suit with white and navy accessories.

The couple will be at home at 917 South Eighth Street in Waco where they will attend Baylor University this fall.

Mr. and Mrs. Web Elliott and Mr. and Mrs. J. W. Neville returned Sunday from a two weeks vacation trip spent in Sun Valley and Yellowstone National Park.

Soil Conservation
District News**

by John H. Specht
Soil Conservation Service

Soil Conservation Service
During a recent visit to a ranch I was pleasantly surprised to find a rancher who was not sitting back saying, "there's nothing I can do unless it rains". On the contrary, Tom Davis on his ranch about 6 miles north of Sonora was doing everything possible to prepare his land to receive the long awaited rains when they do come.

In order to give the rain a chance to soak into the soil and prevent erosion, Davis has cabled the brush and piled it in contours along the hillsides. This was not done in one big operation, but was done during lulls in normal ranch operations to cut down expenses. Brush dams were built at short intervals in all washes and small draws to lessen or even prevent major flood damage to fences,

roads, fields, etc., while on the main draw wire diversions were constructed to slow down and spread the water over large areas.

Chemical brush control along with mechanical has been used on the ranch. During the summer of 1955 Davis used, 2,4-5T spray to kill mesquite with very little success. The tops were defoliated, but there was almost 100% re-sprout. This summer, kerosene is

being used with some apparent effectiveness.

Davis has taken considerable time and effort to develop five small grass patches as seed sources for reseeding. The patches are located near a source of water for irrigation and fenced to prevent livestock grazing. At the present time, he has several trial grasses such as Logan, pretoria, and angleton bluestem and buffel grass planted along with such good proven range grasses as little bluestem, sideoats grama, big bluestem and others. In one patch I noticed a particularly large, healthy, bunch grass that Davis proudly pointed to saying, "that's my favorite". It was Indian grass from seed harvested

in a protected area on the ranch.

In the past year, a program of reseeding has been carried out with the hope that the good grasses will establish themselves in the brush contours, brush dams, and other protected places. In the event of heavy rains these practices will aid materially in holding soil and water and provide a ready seed source to reseed the drought depleted pastures. Davis has expressed hope that these protected grassy areas would provide a food source and cover for wildlife such as quail, which he is raising and stocking himself. A small trap of about 10 acres has been set aside to provide additional cover for deer and desirable small game.

If the Edwards Plateau, and particularly this Soil Conservation District, is to "bounce back" to a productive, profitable state when normal rainfall again returns, we must begin now to see that erosion and runoff are cut to a minimum and that there is an available seed source to give good grasses a start.

Mr. and Mrs. Bill Gibbs of Fort Worth spent last week with Mr. and Mrs. Libb Wallace on the ranch. Weekend guests in the Wallace home were Mr. and Mrs. Lum Trainer and David of Merton and Mr. and Mrs. Wylie Trainer, Robert, Arthur and Karen of Houston.

As a recruit petty officer he will wear a miniature rating insignia as a badge of authority during the remainder of his nine weeks of "Boot Camp."

He was chosen for the position in recognition of leadership qualities displayed while undergoing recruit training.

Push-button housekeeping?

Plenty of electricity can make your home of the future a house of marvels! From a central control panel, you may be able to wash your dishes, raise and lower windows, control the lighting in every room — even make your beds!

To really live electrically, you'll need much more power — and it will be there waiting. America's more than 400 independent electric light and power companies are planning and building now for years ahead.

Unlike federal government electric systems, these companies don't depend on tax money to build for your future. Carrying their full share of the tax-burden, and operating with private capital, the West Texas Utilities Company and other investor-owned electric companies will provide the dependable, low-cost electricity to help you Live Better Electrically.

In the future — as always — you will benefit most when you are served by independent electric companies like this one.

McCamey News —
 When school officially begins Tuesday morning, students will find many improvements for their benefit.

During the summer months every classroom floor has been scrubbed, varnished and waxed. Corridor walls have been cleaned as have all rest rooms.

The cafeteria has been enlarged as has the kitchen storage space. The football field was plowed in the spring, new dirt hauled in and the ground seeded in Bermuda grass which now is thick and green. The field was lengthened by about 40 yards.

 Van (Rip) Martin, with a majority of 189 votes in the second Democratic Primary Saturday, won the office of sheriff-tax-assessor-collector in the only local race involved.

He poled a total of 838 votes while incumbent J. O. Wright polled 649.

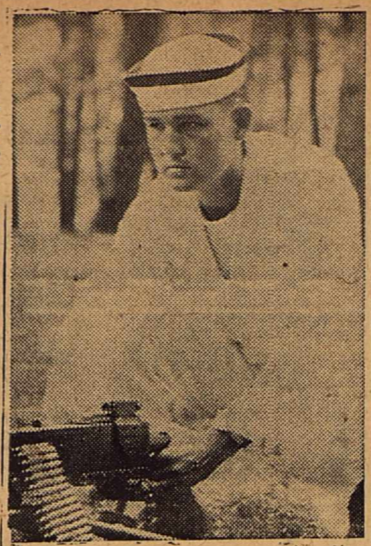

Winkler County News —
 Hay fever season is a year-around affair in Texas. The reason behind this sad state of affairs, says the Department of Health, is Texas' wide range of climatic and soil conditions which produce an assortment of offending flora-trees and shrubs and grasses.

Ragweed pollen is still the biggest enemy of the watery-eyed set, but mountain cedar, scrub elm and a variety of other plants and grasses also cause their share of sneezing misery.

Cadillac

To the Man Who is Hesitating...

There are many motorists here in this community who have given serious consideration to the purchase of a new Cadillac car this year—and yet, for one reason or another, have not made the move.

If you are among them, we hope that you will pause to read the little message that follows. For we are sure you will find it interesting.

Ordinarily, when a man hesitates to make the move to Cadillac, it is because he is not familiar with the practical aspects of Cadillac ownership.

Insofar as original cost is concerned, a Cadillac is eminently practical. Several models, in fact, are actually priced competitively with the so-called "medium-priced" makes.

Operating and maintenance costs are also remarkably low. We have heard it said by new

owners that Cadillac is the most economical automobile they have ever owned.

And as for resale value—well, Cadillac traditionally retains a greater share of its worth through the years than any other motor car in the land.

In short, the great Cadillac car represents one of the wisest and soundest automotive investments on the highway today.

The moral of our message is this: It is still not too late to set things right in a 1956 Cadillac of your own!

We have a selection of new Cadillacs on hand—and we can promise you both prompt delivery and a generous trade-in allowance.

Why not come in today?

A. E. Saunders Services Held In Ballinger

Funeral services for E. A. (Alex) Saunders, 69, Ballinger post office employee half a century, were held Friday in the First Presbyterian Church, U. S.

Mr. Saunders died Thursday at Clinic Hospital from a heart attack suffered a short while earlier at his home. He was born December 17, 1886, in McCulloch County, and moved with his family to Sonora while still a child. In 1906 he went to Ballinger and accepted a position in the post office soon after his arrival. He was certified as a registered postal clerk in 1909, and became acting postmaster October 1, 1920. He was due to retire November 30 this year.

Mr. Saunders was married in 1827 in Ballinger to the former Rama Guin.

Survivors include his wife; a daughter, Mrs. Edgar Payne of Lubbock; a brother, Harold Saunders of Sonora; and two grandchildren.

Burial was in Evergreen Cemetery under direction of Newby-

Butane-Propane Gas Company Opens Sept. 1

W. C. Bricker, Giles Hill and Mrs. J.C. Stephen have announced the formation of a new butane and propane gas business to be known as the Butane-Propane Gas Co. Offices are located in the building formerly occupied by the Ellis Sporting Goods Store.

Bricker and Hill will handle deliveries and installations and Mrs. Stephen will manage the office.

RICHARDSONS HERE FROM SOUTH AMERICAN POST

Mr. and Mrs. O. L. Richardson, Jr., and children Michael and Patti have arrived in Sonora for a two months stay in the States after spending two years in Bogota, Colombia, where Richardson is with the United States Depart-

Davis Funeral Home in Ballinger. Mr. and Mrs. Harold Saunders, Sr., Mr. and Mrs. Harold Saunders, Jr., and Mr. and Mrs. John Bell, all of Sonora, attended the services.

MARKET ROUND UP

Comparing to day's calf prices with those of a year ago, we find that similar classes are \$3 stronger this year. (That's one thing we can't blame on the Republicans). The 'spread' between replacement and fat cattle a year ago was so slim that the market was directly depressed. However, this year, the 'spread' is abnormally wide, and based on last year's record, we may anticipate more favorable fall stocker and feeder prices than any of the experts had dared to predict. Calves brought up to \$19.50 in Fort Worth this week.

But we have a different story with stocker ewes and all classes of goats.

Ewes were harder to sell at lower prices this week, as out of state markets begin to fill up. A

Mr. and Mrs. H. T. Haskett, Jr had as their guests last weekend his parents, Mr. and Mrs. H. T. Haskett, Sr. of Kingsville.

Mrs. Rena Trainer had as guests over the Labor Day holidays Mr. and Mrs. Fred Trainer, Jr. and daughters, Susie, Lorilyn and Kathy, Mr. and Mrs. Bill McGuire and daughters, Sharon and Vicki, all of Pasadena, Mr. and Mrs. Jimmy Nunley, Kenny and Marsha, of Rocksprings and Mr. and Mrs. Don Stalling and Debra of San Antonio.

Guests in the home of Mrs. Beluah Pfister during the weekend were her son in law and daughter, Mr. and Mrs. J. L. Guthals of San Angelo.

ment of Animal Husbandry. The Richardsons left their home in Bogota August 9 by plane with stops in Panama City, Panama, Guatemala City and Mexico City arriving in Houston August 16.

After visiting with Mrs. Richardson's parents, Mr. and Mrs. W. T. Hughes, in Angleton, they are now visiting with Richardson's parents, Mr. and Mrs. O. L. Richardson, Sr., in Sonora.

few are still moving to the Mississippi Valley, and Missouri.

Johnny Hamby reports that a telephone conversation with the San Antonio yard indicated that killing classes of goats are moving in such volume that local packing plants can't keep up with them. Prices have suffered with stocker nannies bringing only \$3 to \$4.50 per hundred and weighing nannies are going at 2c.

It appears that out of state markets for cattle and sheep are more valuable to us than we give them credit for. This explains the plight of the goat market today, as the Goldthwaite people flood the market with brush goats.

Jake Merck handled the following sales this week: 700 mixed whiteface 58 pound lambs from Vestal Askew to go to Louisiana after being sheared.

450 solid mouth ewes from W.R. Nix, Eldorado to go to South Dakota at \$7.

600-forty-pound lambs from Whitehead and Fawcett, Juno at 12c.

1 load 69 pound white face mutton lambs at 16c from John I King, Eldorado.

400, Charlie Davidson, Ozona, ewes at \$5 for the cheaters and 3c for the broken mouth.

As we go to press it is raining in San Angelo. Maybe next week will see stronger prices.

Corral Trading Post

August 31, 1956

Dear Shopper,

Here at the Corral we've already done our Christmas shopping. Now we are ready to help you get yours underway so you can really enjoy the holidays without the hustle and confusion of last-minute Christmas buying.

Our merchandise is arriving daily and we have already received a large line of original and varied Christmas gifts. Among the items we think you'll find ideal are pine what-nots, kitchen slates, mail racks. And we have pottery items in modern and provincial patterns.

We know you like brass and copper so we have stocked up on those two popular metals in planters, wall plaques, cannister sets, trays, trivets, and magazine racks. Some of these combine brass or copper with wrought iron. We have a lot of wrought iron, too, including table and bar accessories, patio ware and lawn and patio lights. Something new and unusual we think you'll like is a set of bathroom accessories in black.

This year we are enlarging our stock of good toys. We are featuring hobby kits, roller skates, archery sets, sling shots, and cameras.

Need a gift for someone who has everything? We have a whole slough of suggestions including a battery powered hand vacuum for sprucing up clothing or upholstery, and jeweled light switch panels.

And of course you know that the Corral is the place to find the exact gun you're looking for as well as other hunting and camping equipment and a complete line of fishing tackle.

You can expect in your mail box in the near future a shop-by-mail catalogue featuring new and unusual gift items. Some of these items are already in stock and others arriving daily.

The latch-string's always out at the Corral. Come by and let us help you.

Yours very truly,
The Corral Trading Post
