

By The Reverend Alanson Brown

What kind of man or woman do you want your son or daughter to become? Do we here in Sonora realize the tremendous power the example we set has over our children? If we look at the coming generation and shake our heads and say they are going to the dogs, let us remind ourselves of the example we have set. The standards of this community are set by what the adult members do, and not what they say ought to be done. Let us give our children credit for enough intelligence to see through such a "do as I say and not as I do" philosophy.

The purpose of High School athletics is to develop moral and physical stamina in our young men. It's not right for us to take pride in their prowess and skill for our gain and desire to gamble.

Gambling is a luxury that few of us can really afford, and when gambling deprives us or our families of necessities it is wrong. Open and excessive betting upon the prowess and skill of our youth is also wrong in that it sets an unhealthy example for them and defeats the purpose of our school.

Lastly, all gambling and betting in public is against the law of the State of Texas. By our contempt of this law we are saying to our children that it really is all right to break the law. We are saying that we are our own arbiters and we are able to decide when the law is to be obeyed and when not.

Let us think very seriously about the example we are setting for our youth because their eyes are upon us as they seek direction for their lives.

ODDS & ENDS

We've got company coming. Over 2,000 of them - and if you think we're kidding just try to find a seat for the game tonight. It's like trying to get tickets to the Cotton Bowl.

Our guests are coming from Eldorado, Junction, Menard, Ozona and points East, West North and South. And the point is - they're coming! It's not much fun to play host and "be last", but it always pays off in growing good will and deepening of respect.

So tonight lets put on our company manners. Lets "be last" to start home.

CAN YOU TAKE IT?

(We don't think you ran, not without doing something about it. Here are portions of a letter from Cal Farley, founder and director of Boys Ranch.)

A sheriff brought an 11-year-old, homeless boy and his dog to my office early one morning; the boy was charged with breaking into the Post Office. The sheriff explained how he had taken Billy Joe to a boys' home in a nearby city only to have him run away because they wouldn't let him keep his dog. This deserted boy stood at the end of my desk with his head down and his eyes glued on his dirty, shaggy-haired dog, the only friend he had in the world that didn't laugh when he stuttered or make fun at the hole in the seat of his worn and

ragged pants.

Billy and I talked about Boys Ranch, and not about his father who was in the penitentiary, nor about his mother who had remarried, leaving him alone in this cold world to get by as best he could. We talked about the fine lake for swimming and how it was stocked with fish just for the boys; horses to ride, cows to milk and weeds to hoe in the garden. Billy didn't lose interest when hoeing was mentioned so I said, "What do you think about going to the Ranch?" Looking up for the first time, he asked, "Can I take my dog with me?" "Sure you can, Bill." Picking up his dog, he turned and said, "O.K., we're ready to go."

Funds Allocated For Armory To Be Constructed Here In 1957

Allocation of funds has been made for construction of a 100-man armory in Sonora to serve the local reserve unit. The armory, which is expected to cost in the neighborhood of \$100,000 will be expandable to serve 200 men in case of a national emergency and will be built during the 1958 fiscal year, which begins June 30, 1957.

Three locations have been submitted by the local unit to the Army Board of Engineers for consideration.

In the very near future, Army engineers will visit Sonora to select the most suitable site at which time they will also consider any other available locations.

The Eldorado Eagles will arrive here tonight to challenge the Sonora Broncos in the crucial battle for the championship of 8-A. Both teams stand at the top, having conquered all comers in conference play for the season. Tonight's winner will cop the championship and the right to continue in state-wide play, meeting Big Lake for bi-district honors.

A crowd of over 3,000 persons is expected at Bronco Stadium tonight since other teams in the conference moved their game nights up to Thursday in order to allow fans to see the tell-all contest here.

Both teams will go on the field with something more than determination and the will to win. Eldorado's team boasts 17 seniors who have worked together for three years without having won the championship and tonight is their last chance.

On the other side of the ledger, the Broncos have chalked up a perfect record for the season with George Johnson leading the state in points scored. You can bet they won't be in any mood to let their record count for nothing.

Weight-wise the Eagles have a three-pound advantage over the Broncos with their team averaging 161 pounds to the home team's 158. And in the backfield it's 160 for the Eagles to the Broncos' 154.

Probable starters for the Eagles will be: Ends: Jeffrey, 140, and Runge, 145; Tackles: Stewart, 180, and Phillips, 165; Guards: Kuykendall, 190, and Holden, 155; Center, Pennington, 160; Backs: Kerr, 140, Robledo, 155, Stockton, 200, and Harris, 145.

Offensive starters for the Broncos will be: Ends: Ratliff, 155, and Love, 165; Tackles: Smith, 170, and Ibarra, 154; Guards: Adam, 170, and Neville, 165; Center, Anthony, 145; Backs: Johnson, 175, Vasquez, 145 Galindo, 140; and Wall, 155.

Game time is 7:30 at Bronco Stadium.

Woman's Club Tea Set For Saturday

The Sonora Woman's Club will honor Mrs. A. J. House of Yoakum, president of the Texas Federation of Women's Clubs, with a coffee at the woman's Club at 9:30 Saturday morning, November 17.

All members are urged to be present to meet Mrs. House and hear the short talk which she is scheduled to give.

Invitations have been extended to women's club members in Rocksprings, Ozona and Eldorado.

Deer season officially opened at sunrise this morning, Friday, November 16. Local hunters were in the main planning to be out early in hopes of bringing in the county's first deer of the season. Last year's honor went to Joe Moore, son of Mr. and Mrs. N. J. (Hut) Moore.

Leases in the county were reported to be all taken with hunters still clamoring for places to stalk their prey and Game Warden Nolan W. Johnson contemplated a busy six weeks.

Deer in the area are said to be in surprisingly good shape in spite of the drouth. Acorn crops have been fairly good and late rains seem to have been well-timed for the deer population.

Turkey are scarce, according to all reports, and few hunters are even planning on trying for the gobblers, but the deer should make up for the shortage of turkey.

County To Buy Road Building Equipment

The Commissioners Court of Sutton County has given notice that they will receive bids for furnishing the county with new road construction equipment. The equipment will include one new Caterpillar No. 12 motor grader, one new Bucyrus Erie 3/4 yard 22B shovel with Caterpillar diesel motor, and four two-ton dump trucks.

Time warrants will be issued for the payment of all or part of the contract price of the equipment, time warrants not to exceed a total amount of \$44,579.00 for the six items of equipment, and payable in one to ten years.

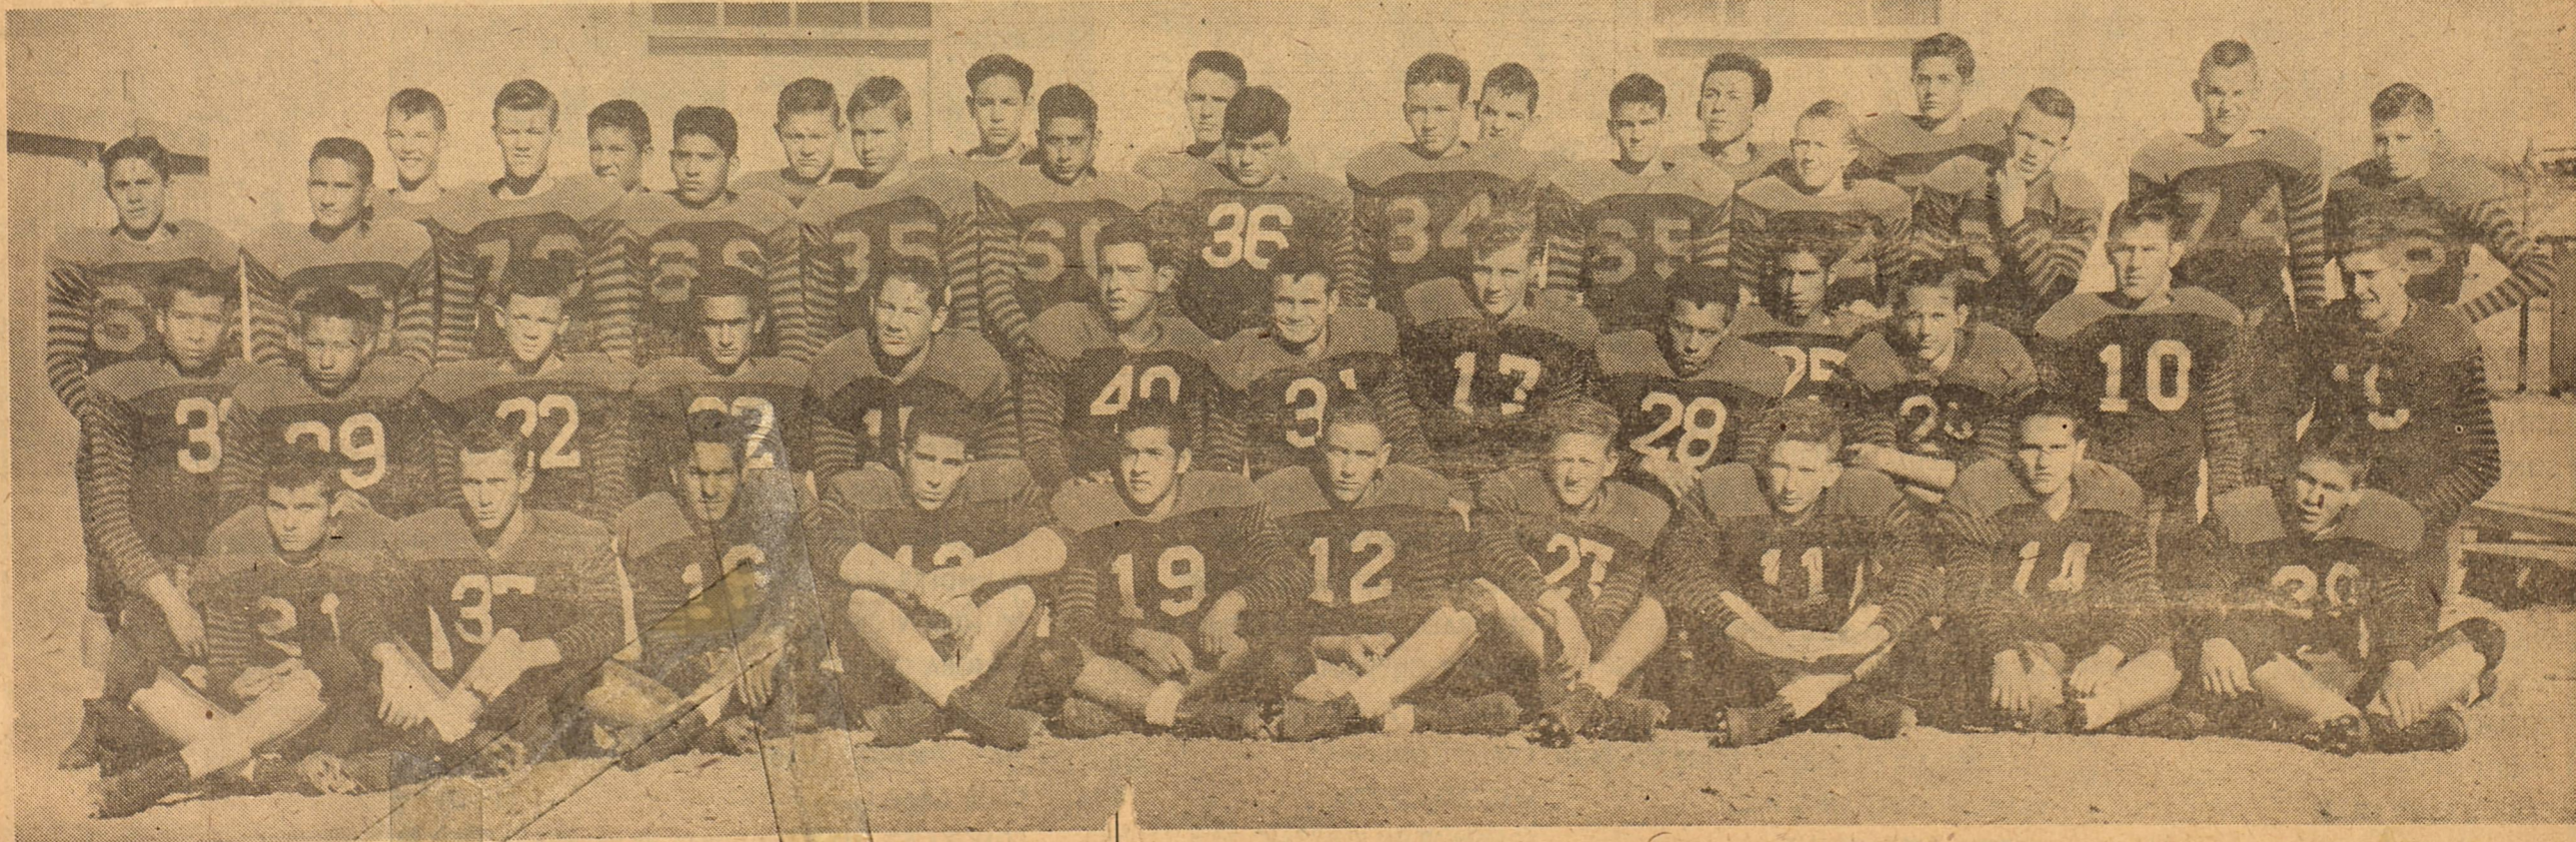

The new equipment is being bought to replace old equipment which includes two WD 10 tractors with hydraulic scrapers, one 1/2 yard Bucyrus Erie shovel and one 414 Adams motor grader. The old equipment will serve as part payment on the new.

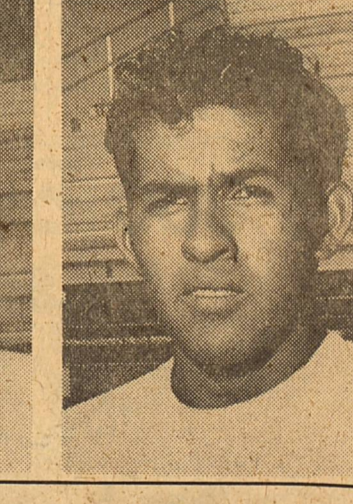

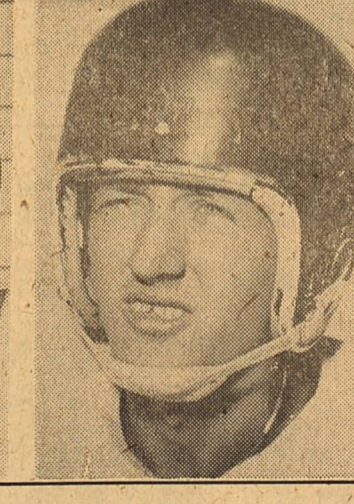

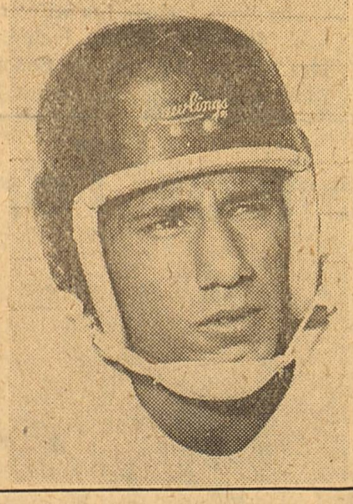

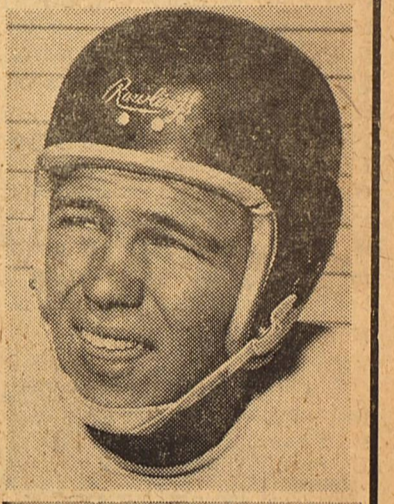

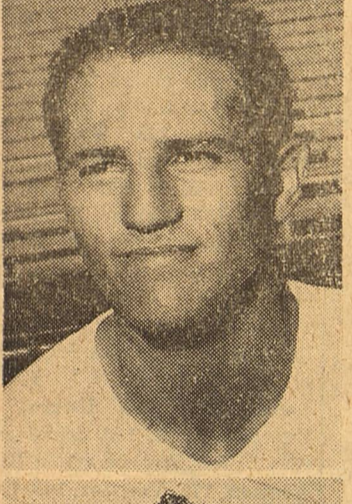

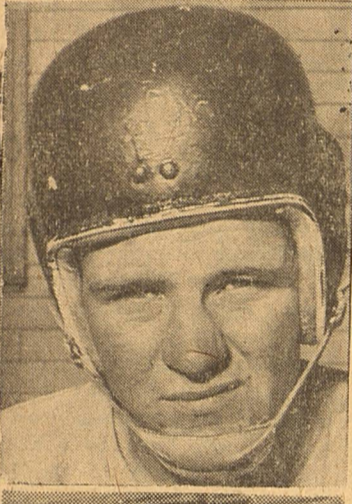

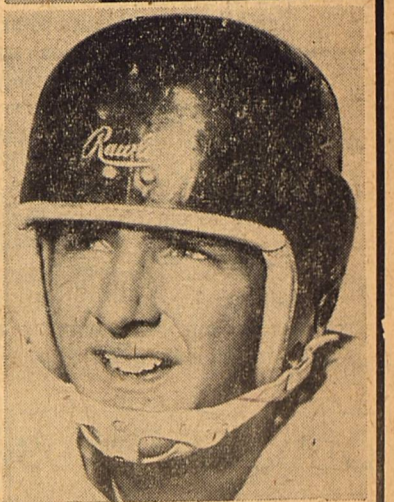

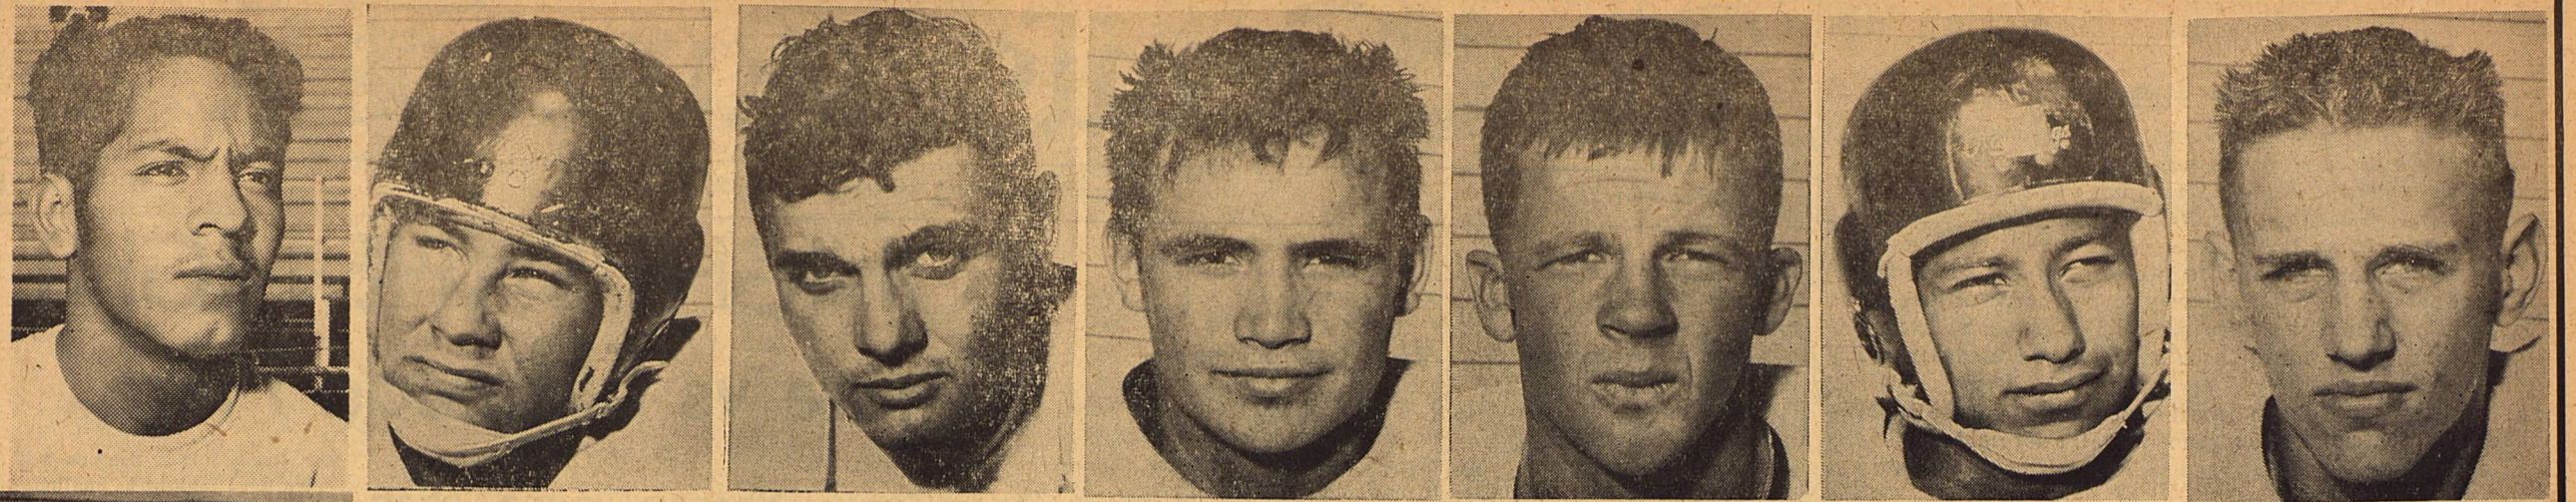

Lamb is nutritious.

Clayton Hamilton, Mrs. Vernon Hamilton and Mrs. Robert Rees attended the Big Lake State Bank open house held Sunday afternoon, November 4.

Survivors include his wife; one son; four daughters, including Mrs. Nolan Johnson of Sonora; four brothers and two sisters.

Over 3,000 Expected To Watch These Broncos Tonight

Your stomach says that milk shake was a mistake and your shoulder pads won't lace straight and you're sure you got the wrong helmet and your shoes weigh a good 14 pounds apiece. You say to yourself, "This is it, son". And it is. You say to yourself, "Here's where we separate the men from the boys". And you do.

The men are those of you who get out there and buck the line and take out your man and don't get sucked in. They're the ones who set up a play and when it doesn't work say to themselves, "The next time it's gotta work" and then see to it that it does.

The men are those of you who play the game the way the rule book says and who help the opponents to their feet. You say, "Those guys are playing ball but we can stop 'em" And you do.

The first half ends, and you go back to the Corral and you listen to what Coach has to say and you LISTEN and you know he's right and you know you're going to do your part to carry out his instructions.

And it begins again and you're getting a little tired but your stomach feels like it's yours and the shoulder pads do stay in place and your helmet was yours after all and your shoes carry you where yo're going. And you know just where it is you're going — into Eagle territory and all the way!

The buzzer sounds for the last time and you're so tired you can hardly get to the showers and you hurt every place there is to hurt and a few other places besides. But you played a game like you've never played before and you know it. And we know it.

Go get 'em, Broncos. Beat Eldorado — you can do it, MEN!

SHE KNOWS...
IT'S FEEDING TIME!

This cow's telling you something you probably know... it's
time to start feeding. Grass is brown, tough, and doesn't
have much food value. If her owner wants her to drop a husky
calf come spring, then he'd better start supplementing her
range.

She'd like Purina Range Checkers. They're easy to feed,
tasty, contain a variety of proteins and carbohydrates and
carry vitamins and minerals that the tough grass doesn't have.
Cows must have these materials to build the unborn calves

Next time you're in town, drop in and let us tell you more
about Purina Range Checkers. They're proved right, made

Some Soil Bank Payments Bring S S Benefits

Payments of two types to farmers under the "soil bank" crop reduction plans are counted as net earnings in computing earnings for social security insurance benefit payments, and payments of a third type may be counted under certain conditions, according to Floyd B. Ellington, district manager of the Social Security Administration in San Angelo, who said many inquiries had been received on this subject.

The soil bank payments to be counted as net earnings by self-employed farm operators are those made under the "acreage reserve" program and the annual payments for land placed in the "conservation reserve," he said. These payments replace income which the farmer reasonably could have expected if his land had been kept in normal crop uses.

A landlord who owns a farm and participates materially in the production or management of production of farm commodities gets social security credit for his share of the soil bank payments just as the farm operator does. For a farm owner who receives rental income but who takes no part in the actual operation of the farm, neither the soil bank payment nor the other rental income counts toward social security benefits.

Mr. and Mrs. Tommy Smith and children spent last weekend in San Antonio. Mrs. Carl Price and children returned home with them and will be their guests this week.

Mrs. Wirt Stephenson of Fort Worth is here this week the guest of Mrs. Rose Thorp.

Mrs. Edna Beam of San Antonio has been the guest of her brother-in-law and sister, Mr. and Mrs. Ed Mayfield.

Mrs. B. W. Hutcherson had as her guests over last weekend Mrs. Fannie Bell Taylor of Eastland and Mrs. Homer Byrd of San Angelo.

Recent guests in the home of Mr. and Mrs. Stanley Mayfield were Mr. and Mrs. Bob Sicker and sons, Freddy and Bobby, of Kerrville.

Deer Rally As Hunting Season Nears

Surprisingly well-conditioned deer herds will provide prime hunting when the big game season under the general state law opens November 16, according to the Executive Secretary for the Game and Fish Commission.

He said all field reports agree that deer, reflecting characteristic ability to withstand extreme drought, are in the main "getting fat", and that bountiful rains have revived "badly needed green stuff to augment the diet of the animals which had regained pretty good condition from a substantial acorn crop."

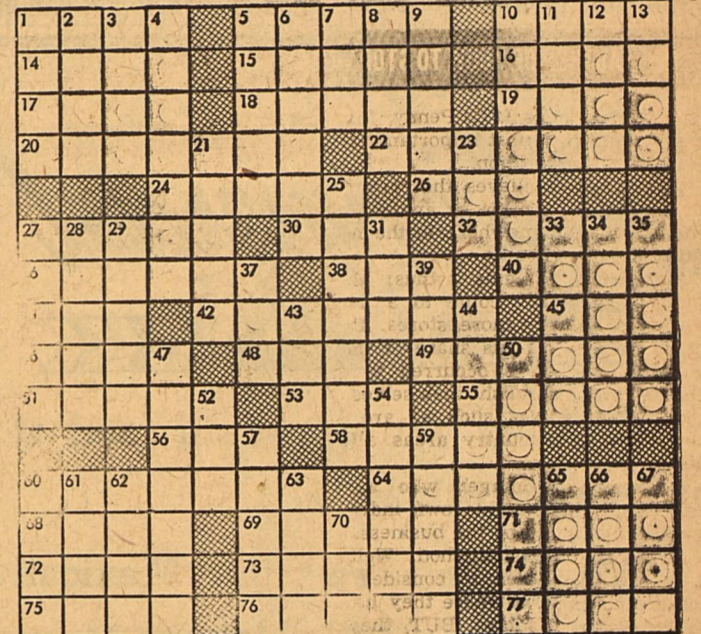

Emphasis was made that no

such optimism prevails concerning the wild turkey, ordinarily a favorite Texas target.

Game management authorities will observe the coming season with unusual interest because of the recently completed hunting and fishing survey authorized to bring outdoor harvest statistics up to date. Heretofore estimates had placed the annual big game harvest at something less than fifty thousand deer. The survey, based on an accurate hunter contact, indicated the annual harvest would comprise in the neighborhood of one hundred thousand state's combined deer herds total around seven hundred fifty thousand head.

Mr. and Mrs. R. L. Hallum were the guests of Mr. and Mrs. J. T. Barton in Del Rio last weekend.

DALE CARNEGIE
★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

HERE is what J. C. Penny, famous chain-store executive, considers one of the most important factors in business life—and, I add, in any life: Competition.

Mr. Penny believes that one isolated merchandising shop will not do as much business as another which has competitors up and down the street or somewhere in the neighborhood. Strange? Not when you think it over.

Mr. Penny explains it thus: More than twice as many people will come to a neighborhood where there are two or more stores. It's up to the merchant then to get his share of the trade. That this is true must have occurred to those many merchants who establish themselves in popular merchandising centres such as are being grouped in both city and country areas all over the United States.

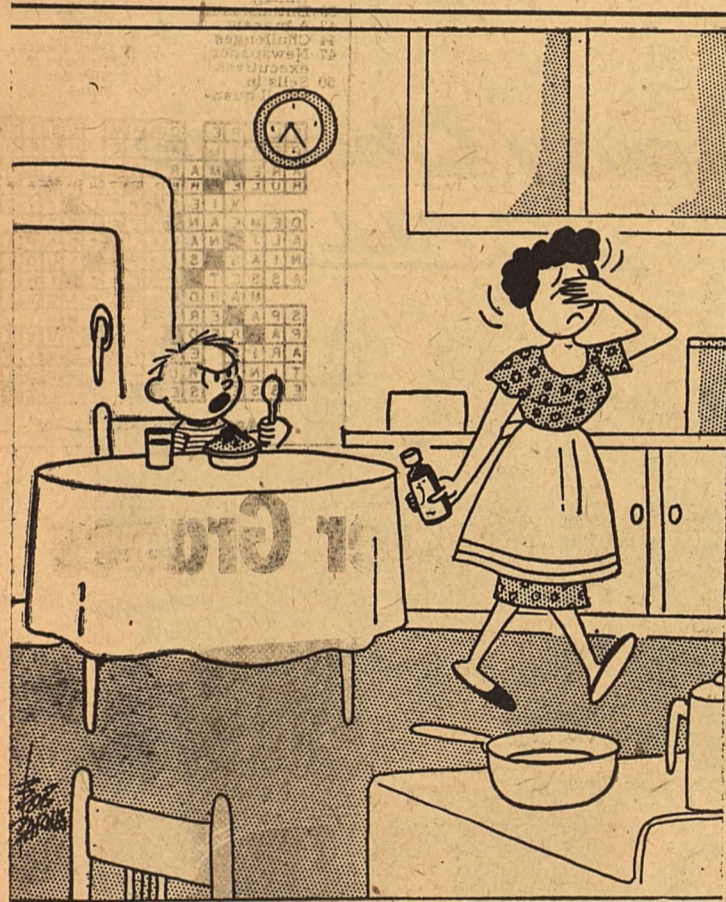

A merchant-manager who knows his business will then work out his own individual methods for getting his share of the business.

What is the best method? Well, every customer, man or woman, if a moment is taken to consider it, knows the answer to that. Customers go first to where they have been attracted by clear advertising and good displays. BUT, they go the second and third and fourth times to the place where they are treated courteously, and where they get value for their money. It's the second and third and fourth shopping expedition to the same store that counts, for after a fourth visit a HABIT is established.

From where I sit... by Joe Marsh

There'll Always Be An "Expert"

Drove out to see how they're getting along with the new super-highway that's going to pass through town.

While I was there a fussy little guy—a spectator, like me—came up to the foreman on the job and started making all sorts of suggestions: "Shouldn't it go a little farther left there?... Why don't you bank the curves more?... Those ditches are awful close"... and so, on and on.

The foreman took it as long as he could, then asked politely, "How does she look for length?"

From where I sit, free advice is called "free" because it's usually not worth much. That little fellow was typical of the kind of "expert" who can't resist getting in digs—about how you work, what you wear, why you happen to prefer a glass of beer with your supper. People like that don't mean to be troublemakers... but the road to real intolerance is paved with their good intentions.

 Payne Rudasill gave a bobcat the Rudasill Whammy the other day while riding in his pasture. The dog brought the bobcat out into the open with the idea in mind for his owner to either rope the animal or shoot him.

Having neither a rope or a gun handy, Mr. Rudasill tied his pocket knife to a stick with his handkerchief and stabbed the cat. The cast was large as a stock dog.

Cast Chosen For Senior Play

By Shannon Ratliff

Barbara Chalk and Shannon Ratliff have been chosen to play the leads in the senior play, "The Curious Savage", by John Patrick. It is scheduled to be staged in December but the exact date has not been set.

The author is a new playwright who has quickly become one of the most successful, having turned out such plays as "The Hasty Heart", "The Story of Mary Surratt", and his most popular, "Tea House of the August Moon". "The Curious Savage" was first produced on Broadway on October 24, 1950 with Lillian Gish playing the lead.

The play is a comedy which has been given many "rave" notices. James G. Robbins, who will direct the comedy, says it is an ideal high school play. "It is not only a hilarious comedy, but also a play that causes one to think," Robbins said. "I feel that it is the best play that I have worked with while in Sonora."

The cast had its first rehearsal Monday night. They will not only work on the play itself, but will also make the props and the backdrops. If you will watch this column, which will appear week-

Dr. and Mrs. J. F. Howell left Sunday for Washington, D. C. where they are attending the Golden Anniversary of the Southern Medical Association.

ly, we will give the date as soon as it has been set.

Childrens' Coats Needed Badly In Welfare Drive

There is a continuing need for clothing for distribution by the Community Welfare Committee of Sonora, according to welfare workers. Most urgently needed garments are coats and shoes for children of elementary school age.

Also badly needed are blankets and other warm bed clothing, warm gowns, pajamas and robes for adults and children, and baby clothes.

Committee members expressed gratitude for the response given so far to their call for toys and clothing and asked that additional garments and bed covers be taken to the Sonora Gas Co.

For further information contact Mrs. Francis Archer, Mrs. F. L. McKinney, Mrs. W. F. Berger or Rev. Alanson Brown.

Rabid Fox Loose In Area Around Masonic Hall

Several times during the last week a fox, or possibly foxes, suspected of being rabid has been sighted in the vicinity of the Masonic Hall in Sonora.

City officials and employees are concentrating efforts to eliminate the animal which is the third known to have entered the city.

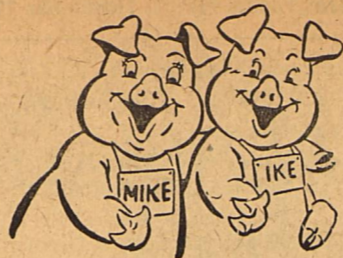

Citizens in the general area of the lodge are requested to be on the lookout for the fox and to notify Manager of City Utilities R. M. McCarver if it is sighted.
