"FRIENDLY SERVICE"

GREENHILL'S **Texaco Station** 

BITING INSECTS BOTHERING YOU?

DON'T GET HYSTERCIAL! **GET HEP!** 

Hep Insect Repellent Spray is guaranteed to repel flies, mosquitoes, chiggers, sand flies, fleas or your money back.

Enjoy life outdoors this summer with one easy application which gives hours of protection from insect pests. Non-injurious, non-staining HEP will not dissolve nylon or rayon clothing, nail polish, watch straps or crystals.

Just hold the push-button container 12 inches from skin or clothing and spray all exposed skin areas. For face, spray mist into palm of hand and pat or rub on. Spray socks, shoes, trouser cuffs, etc., for insured protection. Excellent, to, for spraying on screens to prevent tiny insects from coming through.

Ideal for camping trips, picnics, fishermen, gardening, or

back yard living.

CECIL WESTERMAN WOULD LIKE TO BE YOUR PHARMACIST

Forty years ago, in June of 1917, the Humble Company received its charter from the State of Texas.

The Company was formed through a merger of the properties of a number of independent oil operators. Its founding brought together a remarkable group of men who occupy an important place in the annals of the oil industry:

R. S. Sterling and his brother, F. P. Sterling, the principal organizers of Humble Oil Company from which the present company acquired its name; W. S. Farish and R. L. Blaffer composing Blaffer and Farish; H. C. Wiess with assets from Paraffine and Reliance Oil Companies; Walter W. Fondren and C. B. Goddard, producers; and L. A. Carlton and E. E. Townes as lawyers.

All of these men contributed greatly in adopting the principles, in shaping the policies, and in laying out procedures that have guided the Company's progress through these forty years. Their influence will survive as long as the Company continues.

They possessed courage and business judgment. They established high standards of performance. They built a strong organization of competent men and women.

The Company, as it stands today, is a tribute to the leadership, the vision, and the work of its founders.

But it is doubtful that these men, with all their foresight, visualized the changes that have occurred in the oil industry since 1917, or the size and complexity of Humble's present operations, or the extent of the Company's contributions through the years to the progress of our society.

To all who have made those contributions possible-employees, customers, shareholders and the people of the states in which the Company operates-Humble extends its thanks.

**HUMBLE OIL & REFINING COMPANY** 

The full story of "These Forty Years" is told in the anniversary edition of The Humble Way. If you would like a copy, it is yours for the asking. Address Humble Oil & Refining Co., Room 1158, P. O. Box 2180, Houston 1, Texas.

#### **Jury Trial Right Gets Set-Back** Says Fisher

The right of trial by jury in contempt cases got a set-back in the House last week when it was decided to give Federal Judges supreme power to convict, without Sunday, June 23, jury trial, anyone accused of viowho helped and were so kind to lating an injunction dealing with

> By way of contract, for more than 40 years, by act of Congress, labor unions and union members cannot be so tried by a Judge, vithout a jury for contempt growing out of a labor dispute. The union man is entitled to a jury trial for such alleged contempt. But now the House has decided

not to accord that right to others It was developed that the AFL-CIO is opposed to the jury trial right in civil rights cases but made no indication of a desire to have the law repealed which now gives the labor leaders the right of trial by jury if accused of contempt of court for allegedly violating an injunction issued in connection with a labor dispute.

President Eisenhower has told Republican leaders he is opposed to making Federal Aid to School Construction permanent and appeared to be apprehensive about it. If approved, the President said he hoped it would serve its purpose and be ended before the expiration of his term.

This \$2 billion bill will come before the House soon. The outcome at the moment appears to be in doubt. It will depend a lot on the public interest that is shown over the country. Most of the Texans appear to be opposed who is 4 and a brother, Chris, who to the bill, and there will be very is 2. Her grandparents are Mr. few if any Congressmen from our State who vote for it. At least, and Mrs. Clyde Henderson. Mrs. that is the way it looks now. By O. C. Fisher

**Speed Limits** Set Up For **Your Protection** 

Speed control is for your protection. Cooperate with your endorado. forcement officers,

To hear some motorists talk, the intention of said County to you'd think speed regulation were made by grouchy policemen just to make life tough for drivers. tract price of said equipment, The fact is there's very good reasaid time warrants not to ex- son for every regulation made.

Speed regulations represent the combined thinking of traffic engineers and police. Before a speed limit is established for a given area, many factors must be considered. Studies made prior to the establishment of speed limits deal with such things as the number and frequency of intersections, winding roads, residential areas, locations of schools, heavy traffic, hilly areas, and wide open

The driver who flouts speed signs based on such careful study has very little respect for his own safety. And don't forget that a driver might be driving below the posted speed limit and still be driving at a speed that is too fast for conditions, and therefore un-

Posted speed limits give the speed that is safe under ideal conditions of weather, road, traffic, driver and vehicle. If any one of these conditions is not up to par the driver must compensate by reducing his speed.

All it takes to determine a safe speed is plain sense. The wise driver is his own policeman. He makes the job of the traffic officer a lot easier, and he saves the taxpayer enforcemement dol-Linda Lambert of Anaheim, California arrived Monday for a three weeks visit with Mr. and

Johnson is their granddaughter, Sarah Johnson of Dallas.

Barbara Lewis of Odessa and Myrtle Lewis of Abilene are the guests of their uncle and aunt,

Bill Decker, who is a student at Sul Ross College in Alpine, spent the weekend at home with his paents, Mr. and Mrs. Henry Decker

#### DISABLED WORKERS TO GET SOCIAL SECURITY

Social security benefit payers, age 50 or over, will begin in August 1957, for July.

This marks another important milestone in the progress of the Insurance program, according to Floyd B. Ellington, District office at San Angelo. Originally designed to provide protection against loss of income due to the twin risks of retirement or death. Social Security will now provide protection against the risk of total and permanent disability.

The disability payments will be made to persons who are unable to work because of a severe disability, which has existed for at least six months and is expected to continue indefinitely. Ellington pointed out that the aplicants must have worked at least five years out of the 10 years before the disability began and one and one-half years out of the three years before that date.

Anyone who meets the above equirements is urged to visit his ocial Security District office and nake application, if he has not lready done so.

Both the Sutton County 4-H | first with 641 and Ernest Nimitz

mohair judging teams won their High individual in the wool divisions at the seventh Kimble judging event was Menzies. Jack County Wool Show Saturday in Baker of Sutton was second and Nimitz third.

Clubs participating were Menard 4-H, Schleicher 4-H, Gillespie The local team of Claire Jones, 4-H, Kimble 4-H, and Sutton 4-H

#### Odds And Ends

First off, apologies to the Little League Giants and their manager Charles Lee Haines. We somehow got our wires crossed last week and gave the Giant-Tiger game to the wrong team.

We hereby and publicly correct our gross error--the Giants were
