

Ratliff Wins Additional Scholarship From Alexander Hamilton Foundation

Shannon Ratliff, son of Mr. and Mrs. J. T. Ratliff, was selected as one of 13 finalists in the Alexander Hamilton Foundation's bicentennial scholarship contest. Finalists were chosen from 55 stu-

dents representing the 48 states and seven territories.

Shannon won the right to represent the state of Texas at the

event which was held June 19 at Independence Hall, Philadelphia. As a winner in Interscholastic League state speaking Shannon became eligible to compete for a \$1,000 scholarship by passing written, oral and public speaking contests. Upon winning this competition, Shannon received a free trip to Philadelphia for the bicentennial event.

At the Independence Hall meeting, students re-enacted the Constitutional Convention in which Alexander Hamilton distinguished himself. Thirteen of the students were selected on a competitive basis to impersonate the representatives of the original thirteen colonies.

As one of the thirteen, Shannon received an additional \$1,000 scholarship.

Shannon plans to remain in Washington, D.C. for the remainder of the summer where he will be employed by U. S. Senator Lyndon B. Johnson. Shannon is a May graduate of Sonora High School and will enter the University of Texas in the fall.

Lone Star Agrees To Relocate Pipeline; Humble's Written Okay Expected Soon

Word has been received that Lone Star Gas Company will relocate some 4,000 feet of pipeline in order to permit construction of a flood prevention dam on Lowrey Draw.

Relocation of the line, which crosses the proposed dam location on the W. A. Miers ranch, before a dam can be built. The company estimated cost of the move at from \$6,000 to \$10,000 which will be absorbed by the company if the necessary new right-of-way is provided by the people of Sonora.

Company Vice-president M. L. Byrd and other officials recently inspected the site of the proposed dam, recognizing the flood danger to Sonora, and expressed their interest in helping solve the problem.

Two Humble Oil Company pipelines which also touch the proposed site will not need to be moved but an easement will be required and written assurance of such an easement is expected in the very near future.

Work on the next major phase of the project, formulation of a work plan, will follow soon after receipt of Humble's easement assurance and agreement with W. A. Miers on furnishing the necessary right-of-way. The work plan will mark exact loca-

tions of dams, height, cubic yards of earth required, size of lakes, and other factors.

E. B. Keng will meet today with SCS officials to form a plan of operations for developing the flood control work plan. Some six weeks of field work and office computations will be required to complete the plan, which will be sent to Washington for approval and then to the new Congress early in 1958. Only committee approval in both houses is necessary and construction could start as early as July 1958.

Henry Sentenced To 25 Years In State Pen

Willie James Henry of McCamey was sentenced to from 2 to 25 years in the state penitentiary at Huntsville for the slaying of Irving (Fats) Washington. Judge Jim C. Langdon, 112th district, passed sentence Tuesday, June 11.

Henry was tried by a Sutton County jury last month when the case was transferred here on a change of venue.

Flood Control Gets Federal Approval

Telegram from Hon. O. C. Fisher and Senator Lyndon Johnson last week advised local leaders that Lowrey Draw has received Washington approval for development of flood prevention work plan.

Sonora people have raised \$15,000 to finance development of the work plan, and further action now rests on a favorable commitment by Humble Oil Company. Easements from the company will be necessary since it's pipeline crosses one of the proposed dam locations. The company has been contacted and a reply requested at an early date.

Funeral services for J. R. Garrett, 46, who died of a heart attack at his home in Beville Monday, June 24, were held in the Gage Piper Funeral Home in Kingsville Thursday and burial was in the Kingsville Cemetery. The Rev. W. H. Marshall, pastor of the Methodist Church of Bishop, performed the rites.

Mr. Garrett was a resident of Sonora for 18 months and he and his family left a host of friends here. He is survived by his wife; three daughters, Mrs. Briggs N. Willoughby whose home is in Hawaii, and Misses Pat and Mary Garrett, both of Beville; one son, Al Garrett of Beville.

Odds And Ends

Most business establishments in town are adding new hands for the summer and "The Devil" is no exception. Our addition-or subtraction, depending on how you look at it - is one Mr. Joel Patrick McBride, lately of Pomona College, California. He is DOING TIME as salesman, stock clerk, delivery boy, messenger, leg man, typist and reporter. Still another duty entitles him to the rank of Captain.

Pat is learning "The Devil's" ways quickly. He has only been with us since June 17 but has already developed the hurried, hurried, confused but determined state of mind so necessary to becoming "The Devil's" assistant. He has shown amazing talent at falling into our tradition of losing pencils, misplacing memos and misspelling words.

This Week's Umps

Slated for umpire service with the Little League during this week's play are:

June 27, G. W. Archer, Bill Smith, Sid Rogge, *Frank Noriega.
July 1, E. B. Keng, F. L. McKinney, Billy Green, *Gus Flores.
*Standy-by duty.

Local Post Office Observes New Hours

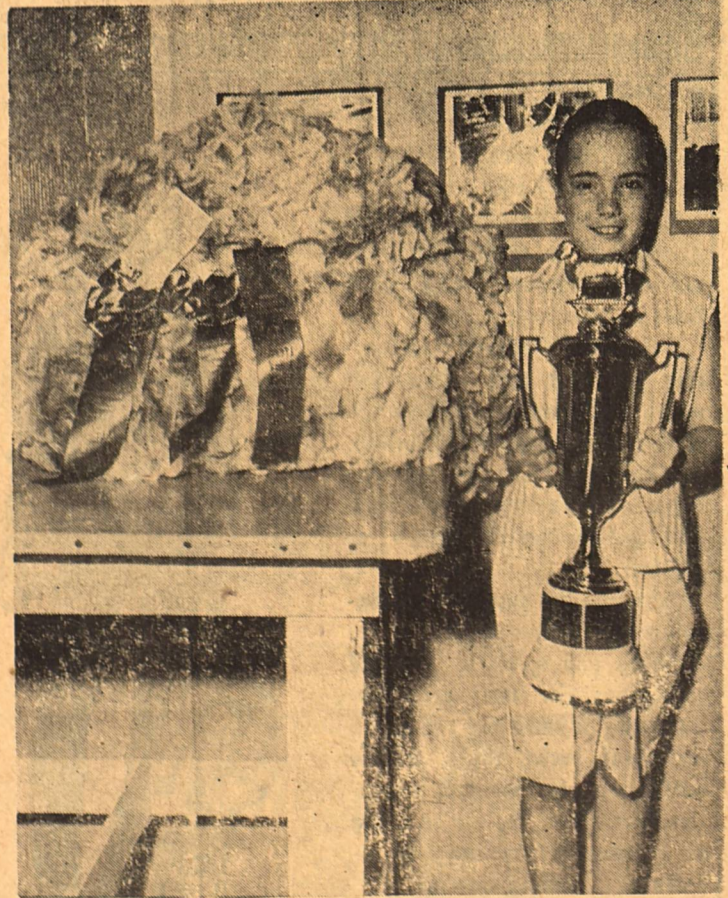

Postmaster James D. Trainer announced last week that the local post office will close a half hour earlier during the summer months. This move was taken, Trainer said, to comply with orders received from the Postmaster General in the spring.

The post office windows will be open from 8 a.m. to 4:30 p.m. Monday through Friday and from 8 a.m. to noon on Saturday.

Boy Scouts Win Merits At Fawcett

Fourteen boy scouts spent the week before last at Camp Fawcett with scout master Herbert Fields.

Some of them completed requirements for merit badges. To receive a star are Charlie Howell, Jimmy Cahill and Mike Ellis. Lee

Shown here with her Grand Champion fleece and trophy won at this year's Wool Show is Elsie Earwood, daughter of Mr. and Mrs. Armer Earwood. This fleece, which is from a dogie that Elsie raised by milk bottle, is her first wool show entry. Being too young to enter the junior division contest, Elsie entered and won the adult division competition.

General Telephone Company Of The Southwest
SAN ANGELO, TEXAS

June 12, 1957

The Honorable Alfred Schwiening
Mayor, City of Sonora

Dear Mayor Schwiening:

By means of this letter the General Telephone Company of the Southwest makes formal application to the City of Sonora for authorization to increase rates for local telephone service in the City of Sonora. Listed below, compared to present rates, is the schedule of rates requested in this application.

| Business Service: | | Present | Requested |
|--------------------|--|---------|-----------|
| One party | | \$8.00 | \$11.75 |
| Two Party | | \$6.50 | \$ 9.75 |
| Extension | | \$1.50 | \$ 1.50 |
| Residence Service: | | Present | Requested |
| One Party | | \$4.00 | \$5.75 |
| Two Party | | \$3.50 | \$4.75 |
| Four Party | | \$3.00 | \$4.00 |
| Extension | | \$.75 | \$1.00 |

As you will recall, the last increase in telephone rates in Sonora became effective March 1955. The rates established by the City Commission at that time were considerably lower than requested by the company in its application. In accepting the lower rates, the company advised that the operation of the Sonora exchange would be studied under this schedule to determine actual conditions. We now find that the schedule of rates established in 1955 is grossly inadequate and an additional increase is necessary to insure sound business operation of the Sonora exchange.

Enclosed you will find certified brochure which contains pertinent financial statements reflecting the operations of the Sonora exchange for the year 1956. You will note that present rates yield a return of only 2.30 per cent in rate base. It is requested that the company be granted an early opportunity to appear before the commissioners to review this application.

Yours very truly,
Ted Maxwell, District Manager

Enclosure

Commissioner Artie Joy

The City Commission meets the first Monday of each month. Next Monday is July 1.

Devil's River Philosopher Wants To Borrow Money If He Can Get Same Terms England Is Getting

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Devil's River has caused a little comment, and we asked him for his picture, which we wish we hadn't done. But since he sent it along, we're publishing it with his second letter, which this week incidentally reveals a considerable ignorance of international finance.

Dear editor:

I read in a copy of the San Angelo Standard-Times which I got in town Saturday because it was wrapped around the shoes I had half-sold where England some time ago negotiated a loan from the United States and the terms was so interesting to me I have been wondering why we can't have some banking like that down here in Sutton County.

As I understand it, the United States loaned Great Britain four billion dollars and won't no interest start until 1958 and when it does start it will be 2 percent, with the provision that England can ignore the interest if her exports fall below six percent of

what they was immediately before the last war started.

Now there's a system of banking which I admire and I would like to know why Jack Neill don't get his bank principles up on the international level and really do some business.

If the bank will loan me money without no interest until 1958 and none then if my ranch don't produce sixty percent of what it did before the war, and I figure I can arrange to keep production down to that figure without no effort at all to speak of, there ain't no tellin how far I could go or how much business the bank could do with me.

I understand the United States is making this loan because it is worried about England goin under and the same thing would apply in my case. I could meet them terms satisfactorily. But it is my opinion England ain't in no serious danger as long as there is Englishmen left smart enough to negotiate them kinds of loans.

If you know of any bank in this area dealing in international loans I will appreciate you letting me know as soon as possible and hope to get there before the money's all gone.

Yours faithfully,
J. A.

Joneses Honor 4-H Judging Teams With Picnic

Members of the Sutton County 4-H Club's judging teams were honored Saturday with a chicken dinner given by Mr. and Mrs. Cleve Jones, Sr. Some 25 Club members and guests enjoyed the dinner, cooked on a campfire and served in a shady liveoak thicket near a large pond.

Following the meal the group observed range conservation practices on several of Jones's pastures. Outstanding range improvement on his 1,000-acre pasture, which has been deferred since April. In good condition before the drought started, this pasture has responded rapidly, and shows little evidence of drought. Thick stands of vine-mesquite, sideoats grama, cane bluestem, green sprangletop, and other good native grasses are seeding. KR bluestem, blue grama, Rhodes grass, and lovegrass planted by Jones following brush control are also growing nicely.

A pasture which was pitted and seeded in 1956 was also observed, and was supporting a good stand of blue panic, sideoats grama, blue grama, buffel, and KR bluestem. A small patch of Columbus grass (Sorghum album) is also thriving.

Judging team members honored at the dinner included Claire and Cleve T. Jones, Joe and John Friess, Rodney Davis, Tommy Love, Jack Baker, Jack David Wardlaw, Preston Neely, Phillip Chalk, and Herbert Fields, Jr. Other judging teams members unable to attend were Dick McMillan, Gene Brodhead, Freddy Fields and Pascal Allison.

SONORA'S FIBER

Sonora was established in 1891 with the wool and mohair industry as its foundation. In 1957 Sonora is going strong with this industry as its financial basis.

How do we support this industry that supports us? DO WE.

RIDE ON SONORA'S FIBER? Are our automobiles upholstered in it or in a fabric that supports the chemical industry?

WEAR SONORA'S FIBER? Are our suits and coats made from Sonora's Fiber or from fibers which try (and fail) to meet its superior qualities?

Edwards Plateau Soil Conservation District News

By E. B. Keng
Soil Conservation Service

With unusually good rainfall in April and May some 1,000 acres of seeded grass is up to a good stand. Closely spaced rains and extended cloudy weather contributed to excellent germination. Bill Fields has an excellent stand of sideoats, KR, buffel, blue grama and blue panic on some 300 acres of pitted land. Seedings made under the Soil Bank program by Alvis Johnson, W. B. McMillan, Paul Turney, Alice Jones, Libb Wallace, Tom Davis, Lea Allison, and others are growing nicely. Harold Schwiening has a good stand of seeded grass on the Clara Allison ranch.

One of the major problems in seeding grass during a wet spring is weed competition. An enormous crop of tall growing weeds threaten to smother or at least hold back the young seedlings. The weeds must be controlled to enable the young grass seedlings to make the most progress.

Wet weather prevented weed control by spraying with 2-4-D during May-at the time weeds were young and tender and could be readily killed by spraying. In their present growth state the best control can be obtained by mowing. Alvis Johnson, Cy Loeffler, Harold Friess and R. A. Halbert are mowing weeds this week. Many of the weeds will be killed by mowing, since they are practically mature. All weeds will be leveled to within a few inches of the ground, giving the grass plants an opportunity to see the sun and make rapid growth. The mowed weeds will make good litter and ground cover to hold moisture.

Wet weather and lack of farming equipment has delayed grass seeding on approximately 1,000 acres. R. A. Halbert, Colwick and Iolloway, Wm. Allison, and others

are seeding this week. Ranchmen who planted sorghum for litter this year, to be followed by grass in 1958, include Duke Wilson, Ben Cusenbary, Thelma Espy, Stanley Mayfield, H. P. Allison, and Burt Rode. The sorghum stalks will make a ground cover to help control weeds and hold moisture for the young seedlings. Ranchmen have until August 10 to plant soil bank acreage to grass or litter.

Susan Allison is in Fort Worth the guest of her grandmother, Mrs. G. E. Berry. Susan plans to be gone about two weeks.

Mrs. Mae B. Sawyer, Edwin Sawyer and son Eddie and Cleve T. Jones left Tuesday for Seboeis, Maine. Mrs. Edwin Sawyer, Sarah, Jane and Mollie and Mrs. Alice Jones and Claire will follow next week by plane. They plan to be gone two months.

Mr. and Mrs. Lea Allison and Pascal and Mrs. Charles F. Browne were in San Antonio last week. Pascal went on to Beeville for a visit with Mary Garrett.

President Asks Business, Labor to Help Government Keep Prices Down!

Sir—I'll Buy That!

Yes, sir, Mr. President! As the Electric Servant, my average hourly residential wage has been going down steadily, right along!

Let's look at the record of my hourly wage in homes across West Texas:

In 1937 (20 years ago) it averaged . . . 4³/₁₀¢ an hour
In 1947 (10 years ago) it averaged . . . 4¢ an hour
In 1952 (When you became President) it averaged 3³/₅¢ an hour

In 1957 (Today) it averages ONLY . . . 3¹/₄¢ an hour
Can anything else that you know of match that matchless record?
