

## Odds And Ends

Press association bulletins reaching us from time to time urge editors to Crusade—Tell the Truth—Bring Issues into the Open—Forget the Consequences—Serve the Community.

And so, we are going to Tell the Truth. Forgetting the Consequences—

Mr. and Mrs. George H. (Jack) Neill are spending a portion of their vacation fishing on the Gulf Coast. As of Tuesday Mrs. Neill had landed 30 fish, Mr. Neill had landed 13.

"The Devil" boasts two additional hard and fast policies that we have striven, throwing caution to the winds, to maintain.

Our secondary policy is to keep "ourselves" and our family "selves" out of print in "The Devil". The motive in this policy is obvious.

But primarily (and most importantly) our policy is never to let any personal prejudice interfere with fair and impartial coverage of the news. In some instances, country editors let their friends influence the handling of certain news stories, or they are overly concerned with how a certain story might affect their business. Our policy has been to treat every story impartially and impersonally and in keeping with this policy we are releasing the following story:

"At 10:42 a.m. Monday, August 19, about seven miles north of Sonora on the new San Angelo highway, Patrolman Herman E. Moore stopped "us" ("us" being the personal pronoun reserved for use by monarchs, people with tapeworms, and editors) for a short visit on the roadside.

While talking with (or listening to) Mr. Moore we were careful to use our very best manners, saying "Yes, Mr. Moore. You're so right, Mr. Moore. It IS dangerous, Mr. Moore. Over 60, Mr. Moore?"

That Mr. Moore is a fine man and smart, too. OUR Mr. Moore doesn't need radar.

## Sonoran's Sister Buried At Milano

Mrs. Ed Brennan, 60, of Hearne died Tuesday, August 13, at her home after an illness of several months. Funeral services were held at Hearne Wednesday and burial was in the Milano Cemetery.

Mrs. Brennan is survived by sisters and four brothers, including R. M. McCarver of Sonora.

## Post Office Conducts Survey On Delivery

A survey is being made by the Sonora Post Office to determine whether city delivery service should be established here.

Postal authorities are trying to find just how many people want postal delivery for themselves, not how many think it would be a good idea for someone else. Only if a substantial number of the town's people desire a delivery service will steps be taken to provide one.

A carriers service would require, among other things, passable sidewalks to the dwelling, marked streets and houses, and provision for receiving mail at each residence.

(Editor's note: The carrier despatch in Sonora's progress, livery system will a further It will be a great convenience to everyone—especially those whose health, or lack of transportation, prevents their coming to the Post Office. It would be a great help also to our downtown parking problem. Cries that Sonora is too little or that it will hurt business are vain and hollow. It has worked beautifully in towns smaller than we are, and it will surely work here. Let's give it our support.)

## Pre-registration For New Students Of Central Elementary School

Pre-registration will be held for all new students of Central Elementary School in the Central Elementary office between the hours of 8:00 and 12:00 Monday, August 26. New students are designated as all those students who will be in kindergarten or in any of the grades one through seven and were not registered by the last day of the previous school year.

Birth certificates must be presented for those children who will be enrolled in the kindergarten and by all children who will be in the first grade if they were not enrolled in kindergarten last year. Students enrolling in the second through the seventh grades need not bring birth certificates.

The student need not be present at registration—only one of

the parents to fill out and sign the prescribed form.

The importance of this activity cannot be over-emphasized as the school needs to know the number of students who will be in each grade.

## Lions Club Pro Wrestling Show Proves Disappointing To Spectators

by Pat McBride

Professional wrestling has come and gone in Sonora, and with any kind of luck, it should stay gone for good.

If there was anybody who ever had single doubt as to whether professional wrestling was phony, the question was certainly decided for them Saturday night. But fortunately for the performers there were some there who have never ever had any such doubts; they were the only ones who weren't bitterly disappointed at the obviousness of the whole thing.

The cast consisted of six hams that were so hammy they would make a vaudeville actor blush. There was the Masked Marvel, who turned out to be not nearly so marvelous as expected. And

there was that chic shiek, who wore that shiny sheet over his shoulders. He's from Arabia (I bet they have good wrestlers in Arabia. As a matter of fact, that's probably the reason he left. The best laugh of the evening was that sinister villain Bob Gurley. And, of course, the show was made complete with the services of a confused referee, who seemed to have fewer brains than Cowboy Cody had teeth.

Unfortunately for the ego of the wrestlers, the observant ringside spectators heckled their unconvincing antics from the beginning of the first match in which hero Miquel Aguilar whipped villain Bill McCallum. But the good boys' triumph didn't last long because that nasty Boo Gurley beat the Shiek in the

## COUNTY RAISES SALARIES OF ROAD CREW

At the County Commissioners meeting at the courthouse Monday, August 12, salaries of the highway department road crew were raised, on the average, about \$20 to \$25 a month. Present were County Judge George A. Wynn and Commissioners Dan Cauthorn, Elmer Wilson and Aldie Garrett. Salaries were raised in order to compete with higher wages offered by oil companies.

Only a half dozen men were affected by the raise, but Wynn expressed a hope and desire to raise salaries of other County employees by the first of next year. He observed that this would probably involve a raising of tax values.

## City Commission Agrees To 25 Percent Phone Rate Raise

Here is the housing for the new 960 h.p. straight gas engine that will generate an additional 690 kilowatts per hour for the municipal Power Plant. The plant is being financed wholly from plant earnings.

The Sonora City Commission agreed Friday on a compromise telephone rate increase at a meeting held at the courthouse. Present were City Attorney L. W. Elliott, Commissioners Artie Joy and A. B. Hightower, Mayor Alfred Schwiening, City Secretary Mrs. P. J. Taylor and telephone company representatives John Robbins and Bob Shirey.

The total rate increase amounted to a little more than half of the original amount requested by the company. Rates, as they now stand in the ordinance, are about 25 percent higher than they were previously; whereas the original figure asked for was 43 percent more. Increased rates will give the company a little over six percent return on their investment. The maximum return allowable by law is eight percent.

Telephone representatives said the new rates were necessary to finance improvements to the local telephone building and in the system in this area.

New rates will become effective with the September billing as follows:

Business: one party, \$10.00; Two party, \$8.50; Extension, \$1.50.

Residential: One party, \$5.00; Two party, \$4.25; Four party, \$3.50; Extension, \$1.00.

## ALLEGED AUTO THIEF ARRESTED IN SONORA

An alleged car thief, Leon Jetton, 26, of San Angelo was arrested by Texas Highway Patrolman Herman Moore Friday night, August 16, at Henry Greenhill's service station. Jetton allegedly stole a 1948 Oldsmobile in San Angelo about 3:00 p.m. Friday and drove it until arrested about 11:00 p.m. He has previously served a two-year term at the Texas State Prison at Huntsville for burglary. He is being held in lieu of bail in San Angelo.

## Teachers Receive Salary Increases As New School Budget Approved Monday

A budget of \$279,321.00 for the 1957-1958 school year was approved Monday morning at a special budget meeting and hearing. The budget figure for the coming year represents an estimated outlay of \$2,000.00 less than for the 1956-57 year.

Teachers will receive a total of \$22,000.00 in additional salaries as compared with last year and \$34,500.00 has been set aside for payment of bonds and interest.

The past school year saw a capital outlay of \$26,730.00 which included a new primary building for L. W. Elliott School and improved sewerage facilities for that school. Also included in capital expenditures for 1956-57 were remodeling and improvements to existing school plants and a new school bus. Estimated capital outlay for the coming year is \$5,500.00 for improvements and furniture and fixtures.

Sutton County taxpayers will furnish \$145,000 (or 52 percent) of the operating expenses with the remaining funds to come through the State.

## Telephone Office To Close Saturdays

Effective August 24, the Sonora business office of General Telephone Company of the Southwest will be closed on Saturdays.

Ted Maxwell, district manager for the company, said the office would be open from 8 a.m. to 5 p.m. Mondays through Fridays.

Customers wishing to make payment of their bills after business office hours may use the handy depository which has been installed recently near the entrance to the office. Payments by mail may be made in the usual manner.

## Mason Rountree Returns To Sonora For Visit After 60 Years' Absence

(Sonora recently had a very distinguished visitor, Mason Rountree, who lived around here from about 1880 to 1911. While here, he stopped by the "Devil's" office recalled some of the old day in Sonora, which we thought might be worth passing on.)

Rountree left Sonora in 1911 and worked on ranches throughout West Texas until he became a Texas Ranger in 1916. He patrolled the lower Rio Grande Valley under Captain A. L. Ranson while a Ranger. The last time he saw Sonora was when he made a short stay here before moving to Arizona and later New Mexico in 1919, or at least that was the last time until last month when he came just to take a look around and visit.

Half a century ago Rountree lived on his father's ranch, which is now the Vander Stucken place. Adjacent to it were the Mayfield, Taylow and Ross ranches. This was real cattle country then; the grass was a rich green and so tall it was falling over. Then Sonora could without question be called the Capital of the Stockman's Paradise.

But it was rough country. Cowpokes would drink up their pay checks on Saturday night and shoot up the town for the fun of it. And Rountree also remembers vividly the famous Carver shooting when Sheriff Bryant killed one man and wounded another while they were trying to rob the Ogden Store in 1901. Bryant took the \$1,000 reward for Carver and split part of it between his deputies, gave some to Carver's wife, and bought a

tomb stone for Carver with the rest.

Rountree didn't work cattle all the time. For a while he worked as a printer's devil for Steve and Mike Murphy when they owned the "Devil". He also worked for the illustrious Mar-

Mason Rountree

vin Hunter when he was a printer and type setter here.

He remembers when Noah Rose, famous photographer and printer of the famous Rose Collection of pictures of famous gunmen, was here to capture some of the wildness of Sonora.

When asked how Sonora had changed, Rountree replied emphatically, "It's changed a hell of a lot. When I was here, there was only one street." But there was one familiar sight: he couldn't tell much difference in the size of the stately oak tree at the head of Main Street. That is one landmark in Sonora that

(left) Bob Gurley and the Shiek were polite enough to get entangled in the ropes long enough to afford this terrifying shot of the horror of the ring. Using unkind tactics like this, Gurley won the bout.

(below) "Say! This is exciting." The only guy who isn't excited is the Masked Marvel who felt like watching the show. He was so disappointed that he got back in the ring as soon as he got his mug in the picture.

## ATTENTION BRONCS GET THOSE PHYSICAL EXAMS!

Head Coach Joe Turner will meet with prospective footballers and their parents at the high school auditorium at 1:30 Sunday afternoon, August 25, to discuss athletic insurance matters and plans for the coming football season.

Turner expressed concern over the fact that only two prospective Broncos have received the physical examinations required before they can become eligible to participate. Each boy, Turner said, must have a physical exam and all new boys must present their birth certificates.

Turner and his assistants plan a schedule of three workouts per day with fundamentals at the morning session, signal drill and skull drill in the afternoon and scrimmage at the night workout.

"B" scrimmage with Rockspokes is tentatively set for Saturday afternoon, August 31 and the varsity team will meet Fort Stockton in scrimmage at 4:30 Friday afternoon, August 30. Both scrimmages will take place here.

The second week of practice will see the Broncos playing at Alpine with the Alpine team generally considered one of the tops in the state.

### Fisher Reports House Approval Of Amendment

JUNK MAIL got a lot of attention last week when the House approved postal rate increase bill—the first in many years. I offered an amendment to increase the rate on 3rd class—junk—

mail, effective on October 1, to 2½¢ per piece, and my amendment was adopted by a standing vote of 157 to 74. If finally enacted this one amendment will increase revenue by \$67 million over and above the amount proposed in the bill. This type of mail consists of advertising circulars, miscellaneous printed matter, and merchandise weighing 8 ounces or less.

In urging the House to approve my amendment I pointed

YOUR MINISTER SAYS

By Rev. Alanson Brown  
The Christian Faith and Heritage are never further than one generation from extinction. This is a staggering statement when we ponder its deeper meaning. It means that each generation must catch from the preceding generation the vision of God in Christ. Each generation begins life as Adam or Eve. Each man must wander in the desert as did the Israelites and finally come to the promised land. This being true all our efforts at Christian Education must be directed toward helping our children through all temptation and in finding the promised land.

Neither must we leave Christian Education to the Church

which has our children at best one and a half to two hours a week. Christian nurture begins when a child is born. The family is the cradle of civilization and the church within the Church. Does your family know God in Christ? Is prayer a part of the life of your family? Can you pray together? Do you acknowledge God's bountiful goodness each time you eat? Do you accept the promises of Christ and seek and offer forgiveness in the family circle?

Yes, each of us is a minister for Christ and our ministry begins at home. What are YOU doing about YOUR MINISTRY AT HOME? IN THE COMMUNITY?

### Devil's River Philosopher Amazes Even Himself, Comes Out Now In Favor Of Bigger Towns and Cities

Editor's note: The Devil's River Philosopher on his bit-ter-veed grass ranch on the Devil's River has discovered a new angle on the farm surplus situation, his letter this week reveals.

Dear editor:  
I don't know whether or not I can wait that long, but if I can hold on to my ranch here for a few more years, things ought to be going my way.

The reason I say this is because of an article I read in a newspaper last night which showed up on this place without explanation. There it was in the front yard when I came in yesterday afternoon and I picked it up without any questions. When a newspaper turns up unaccountably, or when your bank balance shows more than you thought you had, or your income tax return goes through unchallenged, a smart man knows it's a time to keep quiet and not look back.

According to it, the cities and suburbs of the United States are expanding at the rate of a million acres a year—that's right, a million acres a year—and any-

body can see if the process keeps up the problem of farm surpluses eventually will be solved.

It's for this reason I am calling on the farmers of this nation to get off their tractors for a minute and join all the chambers of commerce and civic progress clubs they can in pushing for bigger towns. Every town and city in the United States wants to grow, to expand, to industrialize, and everybody knows the way to make a city man happy is to tell him he's going to be twice as crowded next year as he was last year.

Up to now, I have sat back and let the cities fight for this goal on their own, but it has now occurred to me, the more land the cities take up, the less there'll be to ranch, and the less there is to ranch, the more a ranch ought to be worth.

With a million acres a year going into city property, this beats the Soil Bank all to pieces for taking land out of cultivation, without costing Congress a cent.

As I see it, all us ranchers have to do to finally get in the rider's seat is sit back and egg the cities on. If you know where I can join a chamber of commerce or a booster's club on credit, let me know.

Yours faithfully,  
J. A.

### PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to Sub-section (a) of Section 62, Article XVI of the Constitution of Texas, relative to establishment of a retirement, disability and death compensation fund for officers and employees of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:  
Section 1. That Sub-section (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:  
Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of this State as it deems advisable. The Legislature may also include officers and employees of judicial districts of the State who are or have been compensated in whole or in part directly or indirectly by the State, and may make such other reasonable inclusions, exclusions, or classifications of officers and employees of judicial districts of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Sub-section, and persons participating in a retirement system created pursuant to Section 48-a of Article III of this Constitution shall not be eligible to participate in this Sub-section, except as otherwise provided herein. The amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"All funds provided from the compensation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as here provided, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund."  
"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of the fact that the Amendment has not yet been adopted."  
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:  
"FOR THE CONSTITUTIONAL AMENDMENT AMENDING SUBSECTION (a) OF SECTION 62, ARTICLE XVI OF THE CONSTITUTION OF TEXAS, RELATIVE TO ESTABLISHMENT OF A RETIREMENT, DISABILITY AND DEATH COMPENSATION FUND FOR OFFICERS AND EMPLOYEES OF THE STATE."  
"AGAINST THE CONSTITUTIONAL AMENDMENT AMENDING SUBSECTION (a) OF SECTION 62, ARTICLE XVI OF THE CONSTITUTION OF TEXAS, RELATIVE TO ESTABLISHMENT OF A RETIREMENT, DISABILITY AND DEATH COMPENSATION FUND FOR OFFICERS AND EMPLOYEES OF THE STATE."  
Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and this Amendment shall be published and the election held as required by the Constitution and laws of this State.

out that the Postoffice Department is losing money on 3rd class mail at the rate of \$300 million per year under present rates. It seems to me these commercial users are not entitled to this sort of a subsidy from the taxpayers. As passed by the house, rates on junk mail will just about pay its way.

ADJOURNMENT is in the air, and may be a reality before the end of August. Again, it depends on what happens to Civil Rights. Before this Newsletter is printed you will probably know the answer to that.

I plan to return to the district about September 1, and will spend the month of September visiting over the area. It will be necessary for me to return to Washington in late September for some committee work here.

**Founders Of Milk Bowl Games Visit Here**

Mr. and Mrs. Eugene Weafer and son Ernest of Bryan were in Sonora several days this week the guests of Dr. and Mrs. J. F. Howell. They have been on a public relations tour of West Texas for the past ten weeks. Mrs. Weafer, who is credited with having founded the National Milk Bowl, annual classic for "little" football played in San Antonio, has been instrumental in obtaining the Bowl's greatest honor, the George Washington Medal from the Freedom's Foundation. The award is for "distinguished service to American democracy" and five hundred sports and civic leaders of Texas met in San Antonio, on August 21, to witness the presentation of the medal.

The Milk Bowl, which pits an outstanding "little" football team from Texas against one from out of state, has all the fanfare of the Cotton Bowl-pre-game parties, parade, queen contest, visiting celebrities, half-time ceremonies and post awards.

All income from the Milk Bowl, to be held this year on December 26, at the Alamo Stadium, goes to the Lions Club Camp for Crippled Children at Kerrville.

Mr. and Mrs. R. C. Vears spent the weekend in Dallas where they attended the Texas High School All-Star football game at the Cotton Bowl.

Texas ranges and pastures were thick and green in the spring from April and May rains, but in July and August they dried out considerably over much of the state, including here.

The Crop Reporting Board estimates that cattle and calves on feed for market in Texas on July 1 amounted to 65,000 head. This was 18,000 less than a year earlier. Large commercial lots in the state, with a total of 49,000 head on feed on July 1, were operating at a level 17% or 10,000 head below the 59,000 head they had fed a year ago.
