EIGHTEENTH WEEK

4-H Club Show And Sale Called Best In History - Auction Take \$4,000

\$2,119.83 To Club Members Net \$1,974

The most successful 4-H Club show and sale in the history of the event brought in a total of \$4,094.60, according to County Agent D. C. Langford. The sale of fat stock brought \$1,974.77 to club members under 4-H rules which allow 4-H'ers to receive a maximum of 75 cents per pound for their animals. The balance of the receipts go to the 4-H Club fund to cover cost of the annual barbecue and to finance improvements to the show barns and other upkeep.

Lambs sold at auction this year averaged 94 cents per pound, higher than at any other sale.

The Chinese Auction brought a total of \$1,530, several hundred dollars above the record amount.

Total prize money awarded at the show was \$939.00 of which \$210 was awarded in the steer show held in December. Net proceeds to the club amounted to \$2,119.83.

A new class was entered at the event this year with 45 commercial ewe lambs, mostly range fed in self-feeders, being shown.

Odds And Ends

Texas Press Association General Manager Vern Sanford recently addressed the New Mexico Press Association at its annual meeting and he told the following story which we thought worth passing on.

It involves the proverbial Texan and his proverbial Cadillac. Vern said: "This Texan drives like a streak of lightning. One day he was barreling down the highway (four barrels, I'm sure)—in his big Cadillac—driving at least 90 miles an hour—when a half mile down the long stretch of highway he spied a hitchhiker. The big, burly Texan slapped on his brakes, came to a skidding stop, opened the door, and yelled to the young man hitchhiker—Jump In Pardner, and I'll give you a ride."

That he did, and what a ride he got! 60-70-80-90-100 miles an hour.

The hitchhiker became worried. But he didn't say a word, he was scared stiff! But, finally he took his eyes off the highway long enough to take a peep at the driver. In so doing he noticed a pair of thick-lens glasses in the seat between them.

Another quick look at the driver revealed deep marks on the Texan's nose—indicating that he habitually wore glasses. But he had none on!

Grand Champion Fat Lamb of the Sutton County 4-H Show was shown by Tommy Love, son of Mr. and Mrs. Preston Love. The lamb was bred by E. S. Mayer and Son of Sonora. Tommy also showed the Reserve Champion Finewool Ram, the Reserve Champion Crossbred Lamb and the Champion Finewool Lamb.

Field Survey Work On 14 Dam Sites For Flood Prevention Finished

Field survey work on Dry Devil's River was completed last Friday, after a race between bad weather and lambing time—neither of which could be postponed.

The field data will be used to develop a flood prevention plan on both Dry Devil's River and Lowrey Draw. Paul Kenner, project engineer, hopes to have the plan developed and ready for

"Mister, don't you wear glasses?" asked the boy.

"Yessiree, pardner," said the Texan.

"Are those gi thick-lens glasses yours?" said the hitchhiker as they 4-barreled it along the highway at 100 mph.

"You bet they are, pardner," said the driver.

Mister, as fast as you are driving, and as much as you need glasses, don't you think you'd better have them on?" inquired the worried hitchhiker.

"Not me, pardner," the Texan replied. "You see, man, I got my windshield ground to fit my eyes!"

presentation to local sponsors by the end of February.

Field information was collected on 14 dam sites—six on Lowrey Draw and 8 on Dry Devil's River. Two of the sites on Dry Devil's River are small, and possibly will not be necessary.

If the plan meets with the approval of local people, it will then be printed in final form. A second meeting will then be held at Sonora for other agencies such as the Corps of Engineers, State Board of Water Engineers, and others to express approval or raise objections.

Following this hearing the plan will go to Washington for approval by the Department of Agriculture, Bureau of the Budget, House Agricultural Committee and Senate Public Works Committee. Approval by these groups must be given before the current congress adjourns, usually in mid-summer, for construction to start this fall.

Ground School Class To Be Held

Regular aviation ground school classes will be conducted each Monday and Friday night at the high school, according to Gay Copeland, instructor. Those interested in attending

Glasscock Seeks Commissioner Precinct 1

T. E. (Trav) Glasscock, Sutton County ranchman, announced this week that he will be a candidate for the office of Commissioner of Precinct 1. Glasscock seeks the office now held by Louie Trainer who will not be a candidate for re-election.

Glasscock was born and raised in Sonora, attended the local schools and Texas A. and M. College. He is a Mason and a member of the Lions Club and the Volunteer Fire Department.

In announcing his candidacy, Glasscock said, "If elected I will carry out the duties of the office to the best of my ability."

Askew To Sift Fat Lambs At San Antonio Show

Vestel Askew of Sonora will serve as chairman of the sifting committee for all fat lambs to be shown at the San Antonio Stock Show. Others serving on sifting committees are Fred Hale of A. and M. College, swine; representatives of American Beef Breeders Associations represented,

the ground school classes are asked to meet at the back entrance to the high school at 7:30 o'clock on class nights.

TO BE IN CALF SCRAMBLE

Four Sutton County 4-H boys will take part in the calf scramble at the San Antonio stock show. They are Wesley Franks, Steve Fish, Gene Brodhead, and Bill Fish.

Mr. and Mrs. Bill Barnes, Ilee, Elizabeth and Barbara of Junction are guests of Mr. and Mrs. J. A. Sykes during the weekend.

Broncos Lose To Ozona Last Week In 8-A Cage Play

By Frank Joe Potmesil

Sonora lost to Ozona Friday, January 31 at Ozona 55 to 23.

Due to lack of defense and ball control, the Broncos failed to keep up with the Ozona squad.

With three of the main starters, Fields, Nevill and Brodhead, fouling out in the third quarter, Sonora didn't do much in the last period.

Freddy Fields was high for Sonora with seven points. Jerry Jacobs was high for Ozona with 14.

Freshmen Win
Sonora led all the way to win the freshman game 30 to 24. Gene West was high for Sonora with 16 points.

"B" Squad Loses

Due to lack of defense and scoring, Sonora B lost to Ozona 42 to 29. Five points were scored in the first half by the Sonora team.

Joe Luttrell was high for the "B" squad with nine points.

Earwood To Judge Angora Goat Show

Fred T. Earwood, Manager of Sonora Wool and Mohair Co., and Sutton County ranchman, will serve as judge of the Open and Junior Angora Goat Show at the San Antonio Livestock Exposition to be held February 7 to 10.

Street Improvement Petition Presented To City Commission

A group of Latin American citizens met with the Sonora City Commission Monday night, February 3, petitioning the Commission to improve streets in the Santa Rosa, Hermosa, West-Mexico additions and the areas surrounding St. Ann's Catholic Church and the First Mexican Baptist Church.

The petition, bearing the signatures of 99 Latin-American citizens was presented by a committee composed of Jesus S. Gomez, Santos Lopez, Luis Perez, Gilberto Merina, J. Elpidio Torres, Ernesto Castro, Primitivo Gonzales, and Gustavo Flores.

Rodney Davis, Sutton County 4-H'er, proudly exhibits his Grand Champion Finewool Ram shown at the Sutton County 4-H Club Livestock Show held here last Saturday. The championship animal is a Rambouillet from the flock of Rodney's father, W. L. Davis.

Del Rio Jr. High Defeats Lee To Win Sonora Tourney

In an exciting championship game Saturday night, Del Rio Junior High School defeated Lee Junior High of San Angelo 36 to 26 to win the Sonora Junior High School Invitational Basketball Tournament held here last weekend. Alfred Best of Del Rio scored a total of 18 points during the final game. Larry Mullins was high point man for Lee with 10 points.

The Del Rio team received the tournament championship trophy, with Lee winning the second place trophy and Ozona Junior High receiving the consolation prize after defeating Sonora 22 to 16.

The Outstanding All-Tournament Player award went to Alfred Best of Del Rio who scored 76 points in three games.

Named to the All-Tournament

Team by coaches and officials, and receiving medals were Larry Mullins of Lee, Van Miller of Ozona, Primo Gonzales of Sonora, Manuel Ortiz of Del Rio and Ray Perkins of Lakeview.

Teams participating in the tournament were Del Rio, Lee, Tivy of Kerrville, Lakeview, Wall, Ozona, Menard, Junction, Eldorado, Rocksprings and Sonora.

Devil's River Philosopher Comes Out For Saltier Newspapers For Cattle; Explains His Laziness

Editor's Note: The Devil's River Philosopher on his bitter-wood ranch on Devil's River discusses a topic he's an authority on this week, laziness. Bear editor:

I don't care how brainy a man is, how important his job is, whether he's mayor of a town without enough money to operate on or the Secretary of State in the same shape, or a college professor or a business tycoon or a scientist who thinks in mathematical formulas instead of words, there are times when, if you can catch him at it, he's not doing anything. He's tired. He's loafing.

It was therefore with a considerable amount of interest I read in a copy of a newspaper which my milk cow was chewing on the other day, it's obvious she needs some salt and if newspaper publishers wanted to really be of service to farmers they'd print papers on a saltier quality of paper, with maybe a few trace minerals included, and when you get through reading it, hand it to your cows, improve, if not your rural readership, at least your rural usefulness, but to get on with this sentence,

what I read in this paper which I took away from my cow was a statement that a group of scientists are making a study of laziness, to discover its cause and cure.

I don't know what their findings will be, and I won't go out of my way to find out, but if they think eliminating laziness will solve the world's problems, they're forgetting how energetic Hitler and Stalin and Mussolini and Julius Caesar and Attila the Butcher were.

You can blame a run-down ranch on laziness, but I never head of a war you could blame on it.

Understand, we need energetic people, but did you ever stop to think how much worse the farm surplus would be than it is if all farmers and ranchers were equally energetic? If Mr. Benson thinks he's got problems now, he ought to eliminate laziness and see where he stands. Energy is what puts a gas service station at the spot where you need it, but energy is also responsible for putting another one across the street and cutting the first one's income in half.

I'm not saying that laziness is all right, I'm just saying energy can be carried too far. At least I've heard it can, personally I've never tried it and don't intend to.

Yours faithfully,
J. A.

Shooting the 22 Rifle

First powder burning gun to be owned by most boys is a 22 rifle.

A few weeks ago I was on Lake Travis, near Austin. I heard the constant popping of a 22 rifle. I ran my boat into a cove, and sure enough there was a father teaching his son how to shoot his Christmas 22.

A half-dozen cans had been placed far back against a soft bank so the bullets wouldn't ricochet. The boy was joyfully pumping lead bullets into the cans, from a very neat little Noble 22 rifle.

My wife and I sat in the boat and watched them as long as we could stand it. Then we joined the dad-boy team in a discussion of the new gun.

It was a little slide action gun, made by the Noble Mfg. Co., of Haydenville, Mass. The boy handed it over and we both shot it several times. Although it had been years since I had shot a 22, it came back to me quickly. Soon I was gleefully knocking those cans around. Finally my wife suggested that we move on before we burned up all the boy's ammunition.

We commented on what a wonderful thing this father was doing for his boy. That young fellow will grow up to be a good shot and a true hunter. Besides that, his dad was teaching him how to be careful. And that's mighty important.

Care in Shooting is Necessary Speaking of 22 shooting—and caution. They should be synonymous. Although the 22 is a small gun it is a pretty powerful little rifle. It should be handled with the utmost care. Certainly it should not be shot over an open lake, or where the bullets might hit rocks and bounce off.

Another very bad practice, and which many of us are guilty of doing, with 22 rifles or pistols, is shooting at glass bottles. Broken glass is a real hazard, whether it be on the beach, the bottom of the lake or at the roadside.

Best place to shoot a 22 for plinking is in a creek bottom where you have the permission of the land owner. Also be sure there are no cows around. Farmers are funny that way. They just don't want their best milch cow perforated with bullet holes.

WHEN A CRISIS COMES

- ... and you need a prescription filled at midnight
- ... or your plumbing starts leaking
- ... or your car won't start
- ... or you run out of clean shirts
- ... or when the cupboard or the baby is bare

DO YOU saddle up and take a day off to get the matter taken care of in the City, or do you write to a catalog house for help?

OF COURSE NOT. Likely you hardly recognize these and similar predicaments as crises.

Because YOU'VE GOT NEIGHBORS, right here at home . . . with their skill and their money invested in establishments able to take most of your troubles on their own shoulders so quickly

that you scarcely notice they are difficulties at all.

THE STATE OF TEXAS

TO: American Cancer Fund and its unknown members, shareholders, officers, and representatives, and the persons who own stock or interests in and who constitute American Cancer Fund as an entity, corporation, association, firm, company or partnership, if it be any of such; and to the unknown devisee or devisees under a purported will of Clifford Mooers, deceased, dated September 24, 1956, admitted to probate in Kendall County, Texas, on December 10, 1956, and the unknown owners or claimants of any interest in the estate of such decedent or in any property standing in his name at the time of his death on November 13, 1956, including the lands and interests therein described in such suit and as described and identified in this citation, which are owned or claimed as devisee under such purported will, Defendants, each of whose identity and residence are unknown other than claimants American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, who have been joined as defendants in such suit for personal service.

Said suit styled "Dolores Mooers, A Widow, v. H. B. Fuqua, Independent Executor, et al.," being numbered 155 on the docket of such court and a brief statement of the nature of the suit being as follows: Plaintiff seeking equitable view asks to set aside a settlement made with her husband Clifford Mooers, dated May 1, 1956, and this Court's decree of approval entered the next day in case No. 1464, styled "Parte: Clifford Mooers and Wif Dolores Mooers," recorded in the minutes, Vol. 6, p. 636, and asks an accounting and for a declaration fixing the identity of the residuary devisee under a purported will of such husband as admitted to probate December 10, 1956, in which suit it is claimed that plaintiff as the wife of such decedent for 27 years before his death was induced to consent to such property settlement and decree by the fraud of her husband and his agents, consisting of false representations and concealment of material facts as to the nature, extent and value of the community property and of plaintiff's true interest therein at such time, and because of further false promises bequeath and on account of mistake induced by fraud of her husband and coercion; and it is claimed that a fraud was also practiced by such decedent on this Court, and that the proceedings did not comply with Article 2624a.

It is further claimed in such suit that all or substantially all property in decedent's name at the time of such settlement and at the time of his death was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which it was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action. It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition, including the following:

SUTTON COUNTY:
1. A 1/9 royalty interest in the following described land: 360 acres of land being a part of Survey No. 79, in Blk. A, originally granted to G W T & P Ry. Co. and patented to Branch Masterson, by patent No. 311, Vol. 38, dated Sept. 12, 1884, described by metes and bounds as follows:
BEGINNING at the NE corner of Survey 79; Thence South to the SE corner of same; Thence West to the East line of Survey No. 530, in the name of G. Bodemann;

Thence North to the middle of the North Llano River; Thence with the middle of said river and following the meanders of same to the N line of said Survey No. 79; Thence East to the place of beginning, and being all of that portion of said survey on the south side of the North Llano River.
And being the same property conveyed to Mrs. Sophie Thiers by Mrs. Sophie Schwiening, a feme sole, by deed dated April 15, 1930, and recorded in Vol. 27, page 303, of Sutton County Deed Records, which deed is here referred to for further description.

Sonora Mothers marching on polio raised a total of \$240.02 Thursday night, January 30. Mrs. W. A. McCoy and Mrs. Nick Esquivel, chairmen, turned in \$169.40 and \$70.62 respectively. This sum was under the total collections last year but the chairmen and their workers found many people away from home. Those desiring to make their contributions may contact either of the two chairmen.

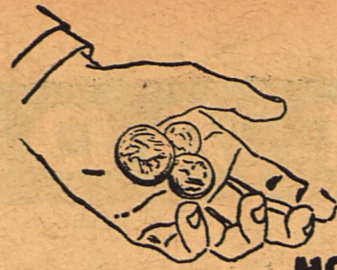

Neighborhood chairmen working under Mrs. McCoy and Mrs. Esquivel were: Mmes. A. E. Lowe, Jack Kerbow, G. H. Allison, Bill Whitehead, Frank Potmesil, Doroteo Castro, Eva Perez, Delfina Esquivel, Robert Mata, Pedro Galindo, Jr., Pedro Balindo, Sr., Irene Gonzales, Mike Gonzales, Teodoro Chavez and Juanita Manias.

Johnson Signs With Braves For 3-Year Term

George Johnson, former Sonora High School All-State and Little All-American back, forsook the gridiron last week to enter the world of professional baseball. Johnson, a freshman at the University of Colorado where he was slated for varsity play in 1958, signed a three-year contract with Class AAA Wichita, a farm club of the Milwaukee Braves.

Johnson will report to the Wichita club for spring training this spring. His only previous experience with baseball has been with the amateur Sonora Mules in the Concho Basin League as pitcher.

Mr. and Mrs. Charles Shannon of San Angelo were weekend guests of Mrs. Shannon's parents, Mr. and Mrs. Miers Savell.
