The Devil's River News-Sonora, Texas, Thursday, April 9, 1959

TWENTY-SEVENTH WEEK

Visitors to Sonora for the convention of the West Texas Quarter Horse Association and the annual Sonora Park and Horse Show Association Race Meet will find full facilities ready and waiting. The above

aerial photo shows the track, grandstand with new judges' stand and box seats, and stables—and just a stone's throw from Joe Berger Field (Foreground). Many visitors are expected to use the airport when they fly in for the two weekends of rac-

ing activities April 25-26 and May 2-3. Twenty-four additional stalls have been built to accommodate what is expected to be the largest number of entries in Sonora's racing history.

Fans To Enjoy Two Racing Weekends With Quarter Horse Futurities

Sonora's annual race meet will open here Saturday afternoon, April 25, and will be held for two weekends. Six races are scheduled daily and will feature Quarter Horse futurities this year for the first time.

The race meet is held each year under the regulations of the Texas Racing Circuit of which the Sonora Park and Horse Show Association, sponsoring organization, is a member. Other member towns include Brady, Junction, Fredericksburg, Boerne and New Braunfels.

The convention of the Quarter Horse Association of West Texas is to be held in Sonora during the meet. A special feature of the meet will be the showing of Quarter Horse yearlings.

Futurity trials will be held Saturday and Sunday, April 25 and 26, and the West Texas Quarter Horse Futurity Finals are scheduled for Saturday, May 2. The Futurity Purse will be

approximately \$4,500. The Sonora Thoroughbred Derby and the Sutton County Derby are slated for Sunday, May 3.

At least \$100.00 will be added in each race of the four-day

event, with \$200.00 to be added in the two derbies.

Advance stall reservations indicate that this will be the largest race meet in Sonora's racing history.

Nancy Hunt To Represent West Texas In San Antonio Fiesta San Jacinto

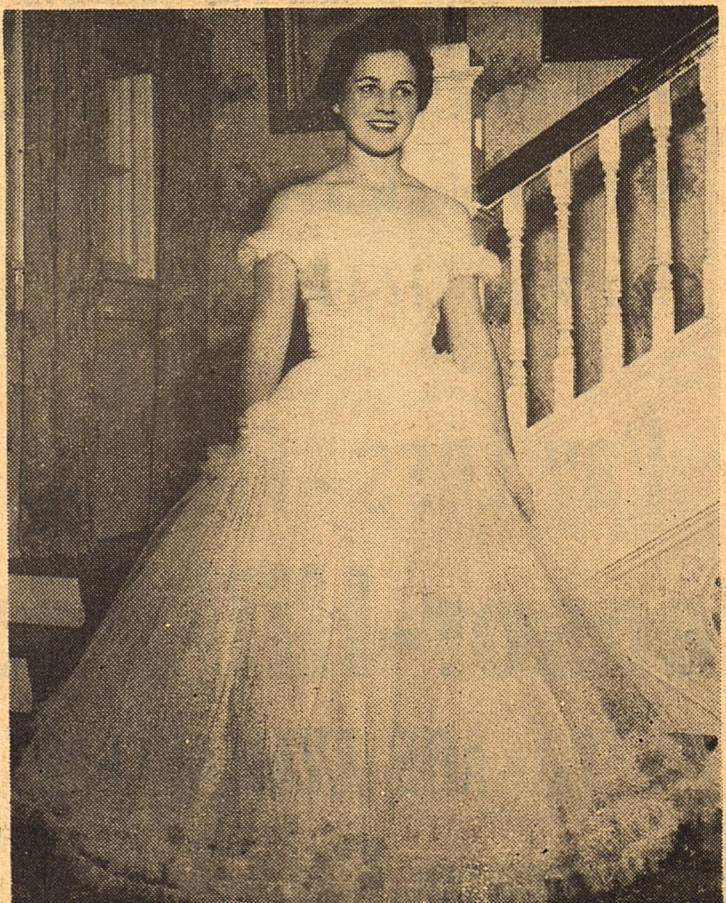

The Order of the Alamo has announced that Nancy Bryan Hunt of Sonora has accepted the Order's invitation to represent West Texas in the Coronation of the Queen of Fiesta at the Court of Courts.

Miss Hunt is the daughter of Mr. and Mrs. Bryan Hunt of Sonora. Her escort will be James L. Powell of San Angelo.

The Court of Courts will honor the 50th Anniversary of the staging of this spectacle by the Order of the Alamo. Consequent-

ly, each robe will include one or more of the motifs of past years. This traditionally colorful event should more than live up to its reputation for pomp, pageantry and grandeur in this moment of respect for the glorious triumphs of the past.

Traditionally the Court presents the Queen, a Princess, 13 San Antonio Duchesses and ten out-of-town Duchesses. The Coronation will take place April 22, during San Antonio's Fiesta de San Jacinto.

West Texas's Duchess to the Order of the Alamo's Court of Courts will be Miss Nancy Hunt, daughter of Mr. and Mrs. Bryan Hunt of Sonora. Miss Hunt will be presented to the Court in San Antonio's annual Fiesta de San Jacinto April 22.

Sprinkles To Good Rains Spot County Wednesday

Sub-Station 14 Sets Annual Field Day, Tour Of Station For Wednesday, April 22

Substation 14 will hold its annual ram progeny and performance test field day at the station Wednesday, April 22, according to Dr. W. T. Hardy, station superintendent.

Dr. O. D. Butler, head of A. & M. College's Department of Animal Husbandry, will act as

moderator of the program which is scheduled to begin at nine o'clock with a special meeting of cooperating breeders and others interested.

Performance-tested rams will be inspected from ten o'clock until noon when lunch will be served by the Sutton County 4-H Club at a nominal charge.

Following lunch, Dr. Hardy will welcome guests and introduce cooperators. Dr. R. D. Turk, head of A. & M. College's Department of Veterinary Parasitology, will speak on control of major sheep and goat parasites; Dr. James M. Shelton, animal husbandman at the McGregor Experiment Station, will discuss formulation and use of a selection index in sheep breeding; and Fred R. Campbell, assistant animal husbandman at the Sonora station, will give a discussion of test records and new findings in ram testing.

At 2:30, interested persons may join one of three groups geared to their special interests: a panel discussion of ram testing; a tour of deferred grazing pastures conducted by Range Specialist Leo B. Merrill; and a tour of veterinary facilities led by Dr. C. W. Livingston, Jr., station veterinarian.

Sonora Wins First In One-Act Play, To Go To Regional

Sonora High School's one act play production, "The Case of the Crushed Petunia" was awarded first place in the District contest held here Friday afternoon and night, April 3. Menard High School's presentation of "White Dresses" received second honors.

Named as best actress was Sue Greenhill of Sonora. Jerry Jacobs of Ozona was selected best actor. All-star actresses named were Betty Ann Patrick of Sonora and Edna Spinks of Menard. Johnny Fields of Sonora and Bill Royal of Menard were chosen all-star actors.

The cast of the Sonora play will enter Regional competition Saturday, April 25, at Texas Technological College, Lubbock.

Other schools represented in the district meet were Junction, Ozona, and Big Lake.

Student Council Officers Named At Sonora High

Albert Sykes will head the Student Council of Sonora High School for the coming year. Sykes was elected president of the Council in elections held at the school recently.

Other officers named included Jerry Potmesil, vice-president; Jetty Young, secretary, and Nova Crawford, treasurer.

Welcome rains fell Wednesday morning on southeastern Sutton county, but the remainder of the area received only sprinkles. Mrs. E. E. Sawyer's Eagle Well ranch received 1.37 inches, and O. L. Richardson recorded 1.6 inches. W. L. Miers and Paul

Turney received an inch. Rainfall was lighter near Sonora with H. T. Espy and Thomas Morris recording one half inch. The balance of the area received from sprinkles to .2 inch.

Most range areas covered with grass still have good deep moisture" said E. B. Keng, SCS range conservationist, "which accounts for the current growth of green grass." Two or three inches of slow rain would replenish the moisture supply in the topsoil and insure a wonderful spring.

Notice

The Hudspeth Memorial Hospital Auxiliary will meet Monday, April 13, at 3:00 p.m. in the home of Mrs. Dan Cauthorn.

Mrs. Jones, Shurley, Earwood Elected In Saturday's School Board Election

Pfluger, Jacoby Named To County School Board

Robert Pfluger and Philip Jacoby were elected Saturday to the Sutton County School Board. Pfluger will represent Precinct 2, formerly represented by Herbert Fields who did not seek re-election. Jacoby was re-elected from Precinct 4.

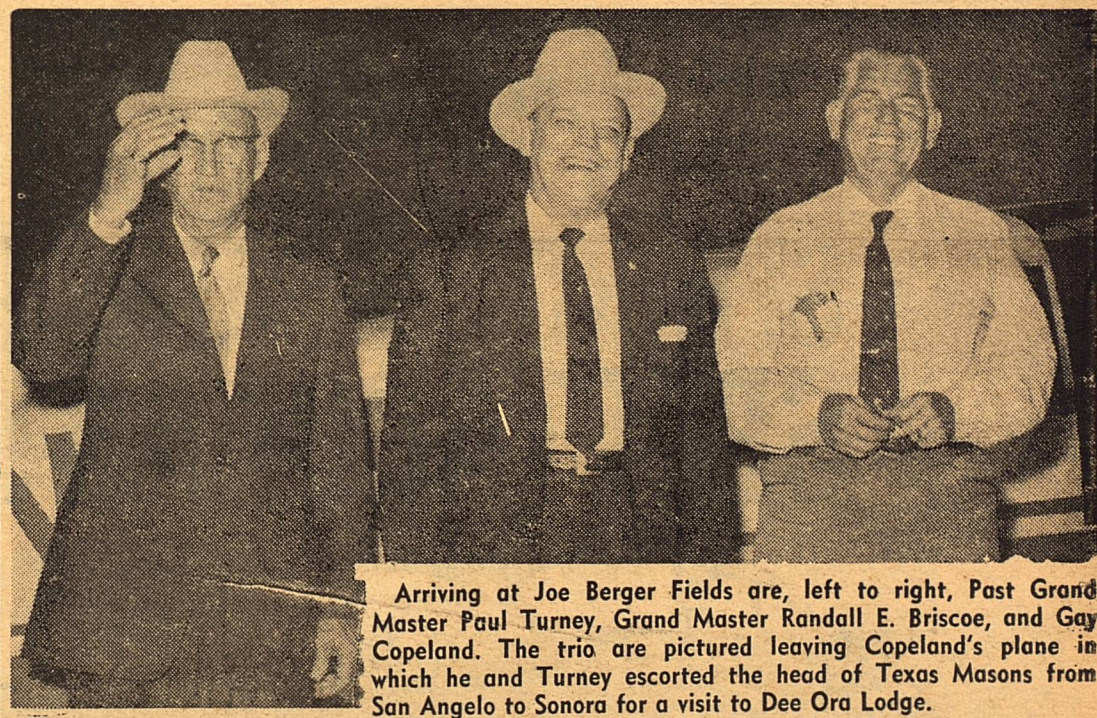

Other members of the board are Edwin Sawyer, W. B. McMillan, J. W. Elliott, and Stanton Bundy.

Sutton County voters named Mrs. Alice S. Jones, Gene Shurley and incumbent Armer Earwood to the board of education of Sonora independent Schools in Saturday's election.

Mrs. Jones received the largest number of votes, 205, with Shurley polling 162 and Earwood 142. Candidate Herbert Fields received 136 votes and George D. Chalk 37. There was one write-in vote for Louis Davis.

Members of the board whose terms expired are Earwood, Chalk, and Mrs. W. R. Cusenbary.

Other members of the board are Frank P. Bond, Lea Allison, Mrs. J. M. VanderStucken and R. S. Teaff.

Arriving at Joe Berger Fields are, left to right, Past Grand Master Paul Turney, Grand Master Randall E. Briscoe, and Gay Copeland. The trio are pictured leaving Copeland's plane in which he and Turney escorted the head of Texas Masons from San Angelo to Sonora for a visit to Dee Ora Lodge.

Seven New Lions Installed At Tuesday Meeting

Lion James Hunt installed new members of the Sonora Lions Club at its regular Tuesday luncheon meeting at the Methodist Church this week. In installing the seven men, Hunt emphasized the Lions' code of ethics and the objects of the club.

New members are Jack W. Thomas, C. M. Chamberlain, H. L. Stanley, Jo W. Hardgrave, Duard Archer, the Rep. Wm. E. Mitschke, and Fred Adkins. Bill Morris was welcomed as a transfer from the Rocksprings Lions Club.

Following the installation, Lions President Hillman D. Brown spoke on Lionism.

Guests present were Tommy Morris and E. C. Hopf.

Notice

Dr. Robert Franken of San Angelo will be guest speaker at Sonora Lions Club meeting Tuesday, April 14. Monday at 4:00 p.m. he will be heard on radio in San Angelo. His subject will be "Cancer."

Project Agreement Signed- Commits \$275,000.00

Government Trapper Kills Large Coyote On Frank Bond Ranch Friday, April 3

A large male coyote was killed on the Frank Bond ranch 15 miles northeast of Sonora Friday morning, April 3.

The coyote was recently sighted and chased by R. A. Halbert and had been killing lambs on the Halbert and Bond ranches for several weeks. He was exceptionally large for a coyote and appeared to have been well fed.

Duke Ward, U. S. Predatory Animal Control agent, set the

cyanide guns on the Bond ranch only two days before the animal was caught. The coyote was found by Bond approximately 200 yards from where the cyanide gun was fired.

About three years ago Government trappers caught a pair of coyotes and 11 pups on the Halbert ranch near where the animal was killed Friday. It is not known whether the coyote has a mate in the vicinity, but coyotes

A project agreement covering construction of flood prevention dams at sites 11, 12, and 13 on Lowrey Draw was signed by local sponsoring organizations this week. This document obligates some \$275,000 in construction funds, and assures completion of the three structures at an early date.

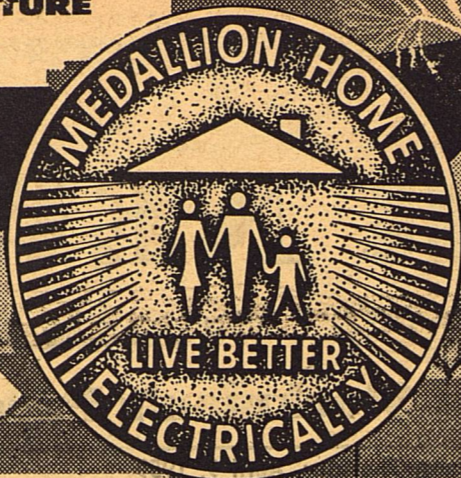

Site No. 11, located astride the old Fort McKavett road on the W. A. Miers ranch, is the largest structure on Lowrey Draw. It will be 47 feet high and contain 294,952 yards of embankment fill. At emergency spillway elevation, expected only once in a 250 year period, the structure will detain

5,189 acre feet of floodwater. Site 12 on the W. A. Miers ranch, and site 13, on the Hunt and Neil ranch, will be advertised as one contract. These structures will be 36 and 31 feet high, respectively, and will detain about 1,500 acre feet of water.

Bids for construction of site 11 are expected to be ready to advertise in approximately three weeks.

Cage Brothers, who were awarded the contract on site 9 and 10, have 20 days from April 6, in which to start construction. Their equipment is stored in Sonora, and construction is expected to start by April 13.

ADVERTISEMENT FOR BIDS

Sealed Proposals addressed to the Mayor and City Commissioners of the City of Sonora, Texas, will be received at the office of Mrs. D. H. Taylor, City Secretary, until 8:30 A.M. on 4 May, 1959, for furnishing and installing well pumping equipment.

Bidders must submit with their bids a Cashier's or Certified Check for Nine hundred dollars (\$900.00) payable without recourse to the City of Sonora, Texas, or a Proposal Bond in the same amount, from a reliable surety Company, as a guarantee that Bidder will enter into a contract and execute bond and guarantee forms provided within five (5) days after notice of award of contract to him. Bids without check or proposal bond will not be considered. Bidders must also submit an experience record on the forms provided.

The successful Bidder must furnish bond in the amount of 100% of the contract price from an approved Surety Company holding a permit from the State of Texas to act as Surety and acceptable according to the latest list of companies holding certificates of authority from the Secretary of the Treasury of the United States, or other Surety or Sureties acceptable to the Owner.

All unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the price in the bid, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable or unbalanced unit

prices will be considered sufficient cause for rejection of any bid or bids.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions and conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas and subsequent amendments concerning the wage scale and payment of prevailing wages established by the Owner.

**Silver Tea Honors
Hospital Staff,
Doctors Sunday**

Approximately seventy-five guests called when the Lillian M. Hudspeth Memorial Hospital Auxiliary entertained with a silver tea in the home of Mrs. Cleve T. Jones, Jr., Sunday afternoon.

Receiving guests with Mrs. Jones were Mrs. J. F. Howell, president of the auxiliary: Mrs. L. E. Johnson, Sr., G. M. Owens, hospital administrator, and Mrs. Owens. Mrs. J. E. Eldridge and Mrs. Herman Smith pinned small rosebuds and boutonniers of pom-pom chrysanthemums on members of the hospital board, nurses, and other honored guests. Doctors received red carnations, in recognition of Doctor's Day, March 30.

The reception rooms were decorated with potted lilies, hydrangeas and arrangements of spring flowers. The table was laid with an imported linen and lace cloth and centered with an arrangement of mixed flowers in a silver bowl. Mrs. Dan Cauthorn, Mrs. Alvis Johnson and Mrs. Joseph VanderStucken, past presidents of the auxiliary, presided at the silver tea and coffee service.

Other members of the auxiliary who were in the house party included Mrs. R. A. Halbert, Mrs. Frank Bond, Mrs. W. L. Davis and Mrs. E. E. Sawyer.

**TV Weathercaster
Speaks Thursday
To Woman's Club**

Jim Dawson, weathercaster for WOAI-TV, gave an interesting talk on weather at the Sonora Woman's Club meeting Thursday afternoon, April 2.

Dawson explained that weather study was an interesting hobby for him, and although he was employed by the U. S. Weather Bureau for two years, the automobile business is his chief source of livelihood. Dawson was also associated with weather observations during five years of army experience.

"We should remember that air flows just like water," Dawson stated, "with corresponding eddies and swirls being produced when its course is changed." He pointed out that the normal flow of air determining weather in this area is from Mexico, which causes a dry climate.

Arctic cold fronts from a high pressure area occasionally push southward, sliding under the warmer, moist air brought in from the southeast and rain is produced. Dawson pointed out that wind direction in a high pressure area is clockwise, while winds in a low pressure area blow counter-clockwise in the northern hemisphere.

Dawson's informative talk was and charts to simplify his explanation of weather, but pointed out that the picture is often very complex and changeable.

Dawson's informative talks was enjoyed by a good attendance of club members and about 20 men. The speaker was flown to Sonora by Gay Copeland.

Janice Sykes and Anita McMinn, both students at Lubbock Christian College, arrived Wednesday for a weekend visit. Janice's parents, Mr. and Mrs. Wesley Sykes and Jack Martin accompanied them on their return to Lubbock and made a visit to Mrs. Sykes' mother, Mrs. Blanche Martin in Petersburg.

Mrs. C. W. Taylor and Mrs. Royce Regeon and Nanetta Lavon spent last week in Hobbs, New Mexico, the guests of Mrs. Taylor's mother, Mrs. Betty Goodwin.

Next time you look through your windshield at the unmistakably clean, sleek tail of a Buick '59 . . . take a moment to envy its owner . . .

He owns THE Car . . . "hottest" thing on wheels today. He owns THE style that's farthest ahead both in public notice and in future trade-in worth.

He commands the most efficient automobile power plant in America today. (Buick's new Wildcat engines not only deliver an important increase in actual miles per gallon . . . but when you take car weight and performance into account, they get more out of each gallon of gas than any others.)

He stops with Buick's exclusive braking system. (Fin-cooled, front and rear, aluminum drums in front.)

When he wants to speed up or slow down, he feels the quick answers of the smoothest transmissions of all . . . (only Buick combines Twin Turbine* or Triple Turbine* transmission smoothness with Wildcat getaway.)

But why not find out for yourself? This car's quietness of motion. Its comfort of roominess and ride. Its willingness to do exactly what you wish of it.

You'll live so much better in a Buick '59. Let your Quality Buick Dealer show you why . . . and how easily the man in the Buick could be . . . YOU!

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

AUSTIN, TEXAS—With just about a month left between now and May 12, automatic adjournment date, it's "now or never" time in the Texas Legislature.

other members to "pass it or kill it." No more playing the waiting game. Less juggling of the parliamentary ball.

House Speaker Waggoner Carr gave this "get with it" mood a strong shove by taking a firm stand on tax goals. "There is no Santa Claus," Carr told House members. Texas must raise \$300,000,000 in new money to meet its obligations, he said. On "How to do it," the Speaker made these suggestions and observations:

1. A bill is needed "which will include a broad array of selective taxes—including, but not confined to—selective sales

The Devil's River News—Sonora, Texas, Thursday, April 9, 1959

taxes."
 2. A general sales tax is "out." Lawmakers will—and should—keep their promises not to pass one.

3. "Broad" taxation would include upping levies in areas suggested by the governor—natural gas, liquor, cigarettes, corporations—but at a lower rate than suggested by the governor. In addition, may new items would be added, in keeping with the "spread thin, hurt little" principle.

4. "Piece-meal taxation" is unfair, inadequate to the present challenge. State government should not "reward political favorites." New taxes should be "spread across as much of the Texas economy as possible."

5. Likewise on appropriations. If college professors and state employees get a raise, public school teachers should, too.

Carr's speech was regarded as public announcement that he is taking the reins of leadership to get a tax program passed.

Gov. Price Daniel's comment on Carr's statement was in the vein of "why didn't you say so before?" Daniel said, "I am in agreement with much of it and only wish it had been made 30 days earlier."

House Taxation Committee Chairman V. L. Ramsey of Beckville named a five-man committee to write a tax bill and have it ready early next week.

Given the task are Reps. Wesley Roberts of Lamesa, H. J. Blanchard of Lubbock, Joe Burket of Kerrville, Ben Atwell of Dallas and Warren C. Cowen of Fort Worth.

ABANDONED PROPERTY BILL—Governor's abandoned property bill has been reported favorably by the House Tax Committee, but sponsors claim it has been "guttled" by committee action.

As originally proposed, the bill would have allowed the state to take over bank accounts and money and property held by banks, insurance companies, oil and gas companies, etc., if unclaimed for seven years.

As amended, the measure cut out all holdings except bank accounts and upped the waiting period to 20 years.

Rep Marshall O. Bell of San Antonio, sponsor, said this would take away 60 per cent of the revenue raising possibilities.

TEXAS IN 1980—Creation of a vast "government center" that would cover most of an area seven blocks long and four blocks wide is the aim of the Capitol Hill Master Plan.

Legislators, whose assent will be needed to make the dream a reality, got a preview of the 20-year plan from architects and Building Commission members.

Governor Daniel said the \$37,000,000 project could be financed with no new taxes. Income, he said, would come from the Confederate pension fund, funds of state agencies now paying rent for privately owned buildings and funds now available to the Building Commission.

Recommended steps for 1960-61 are buying up several more blocks of land and remodeling the Capitol to provide offices for House members.

HELP FOR BUSES—in this two-car-in-every-grage age, public transportation companies say they've fallen into hard times, and need tax relief.

A bill to lower the license fees on motor busses to a rate equal to trucks of the same weight has Senate Transportation Committee approval. It is sponsored by Sen. George Parkhouse of Dallas.

City transit companies are taking to be relieved of motor fuel taxes. Rep. Warren C. Cowen of Fort Worth is sponsoring a measure to do this.

Transit companies are caught in a cost squeeze, say supporters, that make it hard to continue serving working people at reasonable rate. San Antonio transit lines had to give up, were taken over by city government.

SUNDAY SALE BAN—Senate had given final approval to a measure that would prohibit selling, buying or trading motor vehicles on Sunday.

Exempted would be persons who observe some day other than Sunday as the Sabbath, such as Seventh Day Adventists.

Bill had lively opposition from several senators whose argument was that it would "restrict competition in the name of Christianity."

Mrs. Marjorie White arrived Friday from Oreville, California, for a visit with Mr. and Mrs. Lewis Spraggins. Mrs. White and Mrs. Spraggins are sisters.

Mr. and Mrs. Duard Archer returned home Sunday after spending the week on vacation in the Big Bend area.

daddy's home!

After the hard work, the petty irritations, this is the moment that gives the day its meaning. This is the essence of all you are striving to preserve.

But in the routine of making a home and earning a living, there's one essential that it's too easy to overlook: your health... your family's health.

Have you done all you can to protect yourself against cancer? A health checkup every year is "living insurance."

Have you done your share to protect your children? Today's research will mean better methods of treatment, possibly prevention in their lifetime.

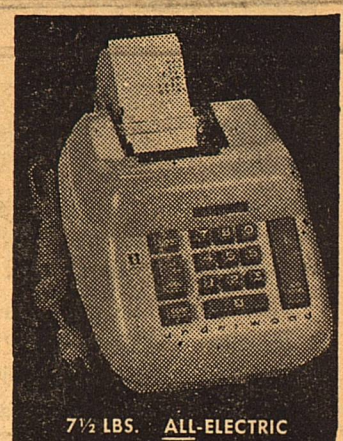

Let the glow of your next homecoming be your reminder: *Guard Your Family—Fight Cancer with a Check-up and a Check.*

Devil's River Philosopher Wants To Know Where Washington Is Hiding Its Ranch Oxygen Tents

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River seems to be misconstruing the

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River seems to be misconstruing the argument in his letter this week, but it's not the first time. Dear editor:
Dear editor:
I don't know how it got there, what with the Berlin crisis on, a summit meeting coming up this summer, Congress in session, and income taxes due, but right on the front page of a newspaper I was reading last night I ran into a discussion of the farm problem.
I always read every article I find on the ranch problem, not to find out what somebody thinks the solution is, but what he thinks the problem is.
According to this fellow, the rancher's problem is mostly government aid, and if the government doesn't stop spending so much money supporting ranch prices, the consumers are going to revolt, and the ranchers will be in worse shape than ever.
Now I don't know how the consumers go about revolting, maybe stop buying all food that's rancher grown, but what interested me about this man's idea of the ranch situation was that he says "the rancher is living under an oxygen tent of government support."
And his idea for solving the problem is to jerk the tent off and let the rancher stand up on his own.
I hate to disabuse this fellow, and while I don't know anything about ranching in his part of the country, I have to report that the supply of government oxygen tents must have run out before they got out to this bitterweed ranch.
I've got plenty of oxygen out here, but it's not tented, it's right out in the open under the sun, frequently mixed with a little dust. However, agricultural oxygen tents sound good to me.
In fact, if the government has got some, why don't they make enough to go around? Ain't this a democracy we're living in?
Riding a horse under an air-conditioned oxygen tent would go a long way toward solving one of worst phases of the ranch problem, which is going up one fence line and down another under a hot sun breathing dust.
Yours faithfully,
J. A.

CHAMBER OF COMMERCE COMMENTS

By H. V. (Buzzie) Stokes

This is being written Tuesday and this will be the best "Comments" we have offered provided it is pouring down rain when it is published. I is ready.

BUSY: Activity at the Fairgrounds is becoming feverish. With 24 additional horse stalls going up, 14 boxes in front of the grandstand, a judges' stand atop the grandstand, work on the rails and track and with more horses arriving each day there is truly much activity going on.

With 120 stalls already reserved and more horses coming, the committee has a headache but one they enjoy having. The Quarterhorse Futurity and the West Texas Quarterhorse Assn., membership meeting will bring among us many fine people. This is another chance for Sonora people to appear real hosts.

NEXT: The Girl Scout Workers of this District are to meet here on April 10 for an annual workshop. Workers from several counties will be present to plan for this very worthwhile organization. There is one thing to it, you can't overstress Girl Scout and Boy Scout work.

DAM NEWS: The contractor is moving in for the two Lowrey Draw dams and work should start during this coming week. It is hoped that all easements on the Devil's River Draw project will be signed within a week. At this speed Sonora might yet get its flood control dams before the flood.

HOUSING: Milton Ricks, contractor of Del Rio, announces that he will move his equipment here next week to be ready to start work on April 20, inaugurating his home building project. He has commitments from FHA for three homes for sale and expects to build others for individual buyers. His first three houses will be immediately east of K-Bar. He expects to curb and pave the street running from the Old Junction Highway north. Ed Brauer of Del Rio will move here to be in charge of this project. Mr. and Mrs. Brauer have been managing the Loma Alta Store for some time.

FEVER: Spring fever is prevalent throughout Sutton County and the folks around water fronts are finding it out. Some people think Joe VanderStucken is getting a commission for sending people to Falcon. All the water holes are getting a good play but Falcon seems to be the favorite right now. One fisherman reported an unusual catch. He caught two full houses and a straight flush his first day out.

??? Babe Ruth once made \$80,000.00 per year. How much would Ted Williams have to make to have as much take-home pay as Babe had? The answer is **OVER ONE MILLION DOLLARS PER YEAR!**

HUNTING: We continue to get inquiries about hunting leases, all apparently from very responsible parties. We have had nary a ranchman offering to lease. Remember, our services are **FREE** and for the good of all.

WATER: Come July and August the meters of the Sonora Water Works are going to be turning handsprings. The Engi-

neers are here now planning for the new water storage on the south side. We will guess the consumption of water this coming summer will be four times as great as when this distribution system was put in.

LUCKY MOTHERS: Just think, it won't be long until school is out and you can have those little darlings home all summer. There is no place like a home, especially one full of brats. Daddy can go fishing but Mother will get to enjoy them all summer long.

BEST NEWS: One proposed Governmental program that really has appealed to the public is the blow fly or screw worm control. Just think, by releasing a few million sterile male flies, out the window goes our fly problem. Possible, too.

MODERN: The Sonora Lions Club appointed a committee to go out and bring a house count for Sonora, designating which block, which direction and cataloguing vacant lots, all preparatory to numbering houses. The Committees reported back within the week, so all we need now is the numbers. It's awfully hard to tell people that, "I live right south of Mrs. Jones" and expect them to find your home.

After the streets are all named and the houses numbered it is proposed to put out an up-to-date city directory. One man said this would help bill collectors find people easier.

EXPLORATION: The business people of Sonora are happy to see so much geophysical work starting and the ranchmen will be happy when and if these crews locate oil or gas. This going on is essential to oil and gas development all over. The Robt. H. Ray Co. is moving in now with a large crew, working for Humble, and the Ed M. Handley Co. gravity crew is also moving in. Still another crew is expected and all of these could be here from one to two years, they say.

WANTED: Listing of rental property, all kinds. **NO CHARGE.**

IMPORTANT: The Sonora Chamber of Commerce directors will meet in their regular monthly meeting Tuesday evening, April 14, Chamber office. Members invited. About 7 o'clock.

REMEMBER: The small deed is better than the greatest intention.

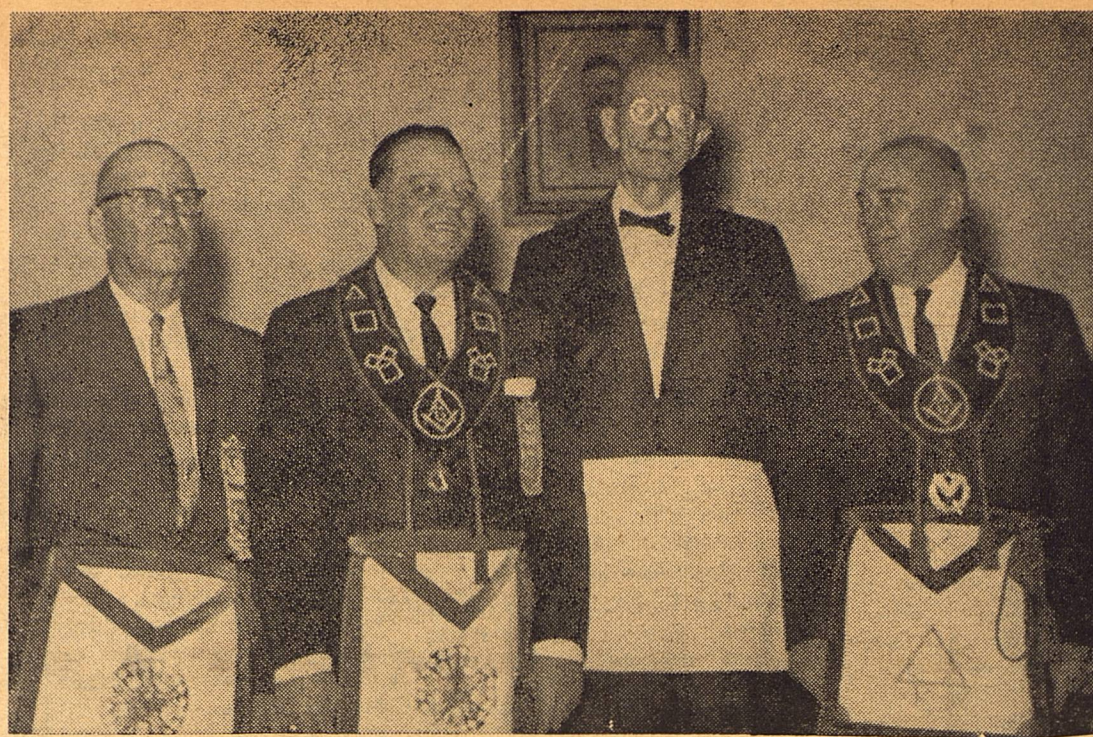

**Sonoran's Kin
Buried In Dallas**

K. K. Davis, 46, died in Dallas Wednesday from injuries received in an automobile accident in 1956.

Mr. Davis was injured in a car wreck on September 8, 1956, and has been unconscious in a Dallas hospital since then. The crash killed his wife, the former Hattie Taylor of Sonora, instantly.

Funeral services were held Thursday under direction of Sparkman Funeral Home in Dallas with burial in Grapevine.

Mr. and Mrs. E. H. Smithson attended funeral services for their son-in-law, Bobby Moeller, held in Olfen last week.

Masonic dignitaries are shown here as Dee Ora Lodge hosted area Masons March 31. Left to right are Past Grand Master Paul Turney, Grand Master Randall E. Briscoe, Past Grand Master Marcus W. Weatherred of Coleman, and Grand Secretary Harvey C. Byrd of Waco.

**Cancer Crusade Underway In Sonora
1959 Quota For Funds Set At \$800**

Volunteer workers for the 1959 Cancer Crusade fund drive were announced this week by Mrs. Alvis Johnson, Crusade chairman. Workers have volunteered their services to raise the Sutton County fund goal of \$800.00, and contributions to the American Cancer Society, which are tax-deductible, may be made to these workers, to Mrs. Johnson, or to Harold Scherz, treasurer, or Charles L. Haines.

Haines, who is heading the men's division of the Crusade, will be assisted in the Latin-American colony by Pedro Virgen, Isael Perce, Candelario Jimenez and Trinidad Ramirez. Haines will also be in charge of the drive in the downtown business district.

Mrs. Johnson's assistants will be John David Fields and Mmes. Lewis Spraggins, Ernest Mc-

Clelland, W. H. Hale, Myrtle Sellman, Dayton Capps, Raymond Morgan, R. V. Cook, Jack Kerbow, R. S. Teaff, Billy Green, George Ory, Bill Wade, B. H. Cusenbary, and Fannie Mae Barnes.

Special observances of Cancer Month are planned for Tuesday, April 14, which has been set aside as Texas Cancer Day.

Churches in Sonora will observe Cancer Sunday this Sunday, April 12.

**May 1 Deadline For
WTPA Scholarship
In Journalism**

Deadline for entries in the West Texas Press Association's \$400 Journalism Scholarship Contest was announced as May 1 today by W. H. Graham, Jr. of Friona, contest committee chairman.

Winner will receive \$100 per year for each of his or her four years at any of ten cooperating West Texas colleges and universities. Two previous winners are now studying college journalism on WTPA scholarships.

Rules for the journalism scholarship award have been forwarded to high school principals and newspaper editors and pub-

lishers throughout West Texas. Applicants must be in the top 25 per cent of their 1959 high school graduating class, demonstrate ability in the field of journalism and be interested in journalism as a career.

Mrs. Rip Ward and G. H. Hall returned from Waco where they visited their children, Mr. and Mrs. Albert Ward. Cathy Ward accompanied them home for a visit of several days.
