TWENTY-EIGHTH WEEK

Here is the male coyote killed April 3 on the Frank Bond ranch 15 miles northeast of town. Described as one of the largest ever seen in this area, the coyote was dispatched by a cyanide gun set by Duke Ward of the U. S. Predatory Animal Control. While the animals frequently travel in pairs, it is not known if this one had a mate in this vicinity.

Sonora In World Skin Cancer Belt, San Angelo Physicians Tells Lions

Dr. Robert Franken of San Angelo was guest speaker at this week's meeting of the Sonora Lions Club at the Methodist Church. Dr. Franken, who has spent four years at M. D. Anderson Hospital, Houston, spoke on skin cancer. His appearance was arranged in observance of Texas Cancer Day.

The speaker described the area from El Paso to Dallas as the skin cancer area of the world. Sun, wind and dust in the area are credited with the high incidence of skin cancer.

Dr. Franken enumerated and described the four types of skin cancer as: basal cell cancer which is not fatal; squamous cell cancer which attacks the surface of the skin and can spread into the blood stream; sweat gland carcinoma which also may invade the blood stream; and pigment

cell cancer such as malignant melanoma (cancerous moles) which may be incurable if neglected. He stressed the importance of early diagnosis and treatment in all types of cancer.

Present from the local unit of the American Cancer Society were Mrs. Alvis Johnson, Cancer Crusade chairman; Harold Scherz, treasurer; J. W. Elliott, memorial chairman; Charles L. Haines and Dr. Charles F. Browne, medical director, who introduced Dr. Franken.

Dr. C. W. Livingston announced that Sub-station 14 will hold its annual field day Wednesday, April 22 and that the 4-H Club will serve barbecue lunch at \$1 per plate.

Lions President Hillman D. Brown announced a meeting of the club's nominating committee, composed of past presidents, at the bank building Tuesday morning, April 21, at ten o'clock.

Guests present included Doug Gleason of San Angelo and Claude Ervin of Rocksprings.

MARTHA MITTEL MEMBER OF UT ROUND-UP MUSICAL CAST

More than 100 University of Texas students, including the 66-voice choir of the Longhorn Singers, were members of the cast and crew of the annual Roundup Review held at Gregory Gymnasium Saturday evening, April 11.

The Revue, entitled "Galaxy", was a space-age musical comedy. University students assisting in the Roundup production included Martha Dean Mittel of Sonora.

Aggies To Muster Tuesday Night

Sutton, Schleicher and Edwards County Aggies will hold their annual muster at the Experiment Station Tuesday night, April 21. Purpose of the muster is to renew acquaintances, call the roll of Aggies who have died since the last muster, and to pay homage to those who fought in the Battle of San Jacinto.

Entertainment will begin at six o'clock with a barbecue supper and a movie of an A. & M. football game will be shown.

Racing fans in this area of West Texas will enjoy two weekends of top quality racing beginning Saturday, April 25. Quarter Horse futurities will be featured this year for the first time and six races will be run daily.

The ace meet is held each year under the regulations of the Texas Racing Circuit of which the Sonora Park and Horse Show Association, sponsoring organization, is a member. Other member towns include Brady, Junction, Fredericksburg, Boerne and New Braunfels.

Futurity trials will be held Saturday and Sunday, April 25 and 26, and the West Texas Quarter Horse Futurity Finals are slated for Saturday, May 2. The Futurity Purse will be approximately \$4,500.

The Sonora Thoroughbred Derby and the Sutton County Derby are scheduled for Sunday, May 3. At least \$100 will be added in each race of the four-day event with \$200.00 to be added in each of the two derby races.

The Quarter Horse Association of West Texas will hold its annual convention here during the meet.

Advance reservations indicate that this will be the largest race meet in Sonora's racing history.

Mr. R. W. Marshall Assumes Duties At Church Of Christ

New minister of the Church of Christ here is Mr. Robert W. Marshall who comes to Sonora from the Rolling Fork Rural Church near Larue, Kentucky.

Mr. Robert W. Marshall

Mr. Marshall and his wife and five-year-old son Michael have moved into the church's parsonage and the minister has officially assumed his duties.

Mrs. E. F. VanderStucken and daughter, Emily, of Princeton, New Jersey, are spending this week in Sonora the guests of Mr. and Mrs. J. M. VanderStucken, Jan and Jo Bess.

Mrs. John T. Watson Buried Saturday In Van Horn

Funeral services for Mrs. John T. Watson, 85, were held Saturday, April 11, in Van Horn Methodist Church and burial was in Van Horn Cemetery under direction of Ratliff Funeral Home.

Born February 1, 1874, in Missouri, Mrs. Watson moved to Van Horn with her husband in 1906, where they ranched. Mr. Watson died in 1951.

She died in Fredericksburg Friday, April 10, where she had lived the past four years.

Survivors include her daughter, Mrs. Howard Espy and two granddaughters, Tom Elaine and Mary John Espy all of Sonora.

The Rev. and Mrs. Doyle Morton had as their guest last weekend, Mrs. Morton's mother, Mrs. C. W. Archer of Floresville. Rev. Morton accompanied as far as San Antonio where he attended the preconference meeting Monday and Tuesday.

Sutton 4-H Wool, Mohair Team Takes All Honors At SAC Contest

A four-member judging team from the Sutton County 4-H Club walked off with all honors at San Angelo College's wool and mohair judging contest Saturday, April 11, in San Angelo.

The team won overall high places in wool judging and mohair judging.

Tommy Love was overall high individual, Claire Jones second high, and Jack Baker fourth high.

The Sutton County club totaled 1,477 points to Crockett County 4-H's 1,350, Ozona FFA's 1,340, Robert Lee FFA's 1,301, and Winters FFA's 1,188.

Tommy Love totaled an impressive 521 points out of a possible 600. Claire Jones had 480, Muggins Good of Ozona FFA 477, Jack Baker 470 and P. L. Childress of Ozona 461.

Individual wool judging honors went to Tommy Love, first; Claire

Jones, second; Muggins Good of Ozona, third.

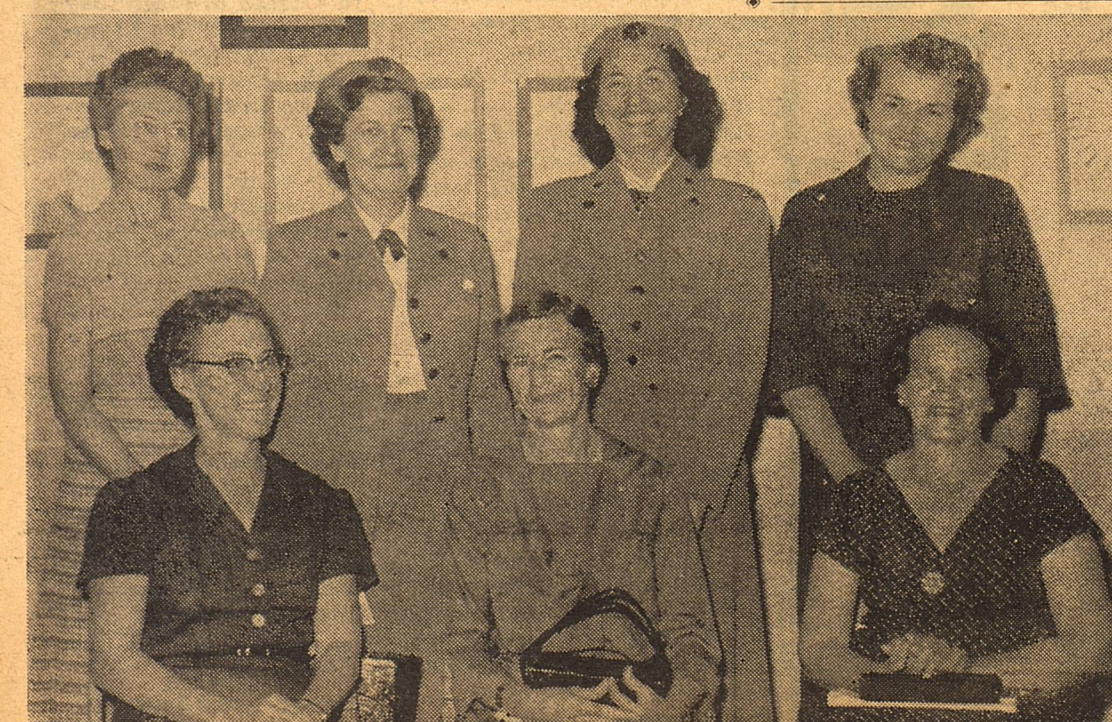

Individual mohair judging honors were won by Tommy Love, first; Jerry Dunnam of Winters, second; Jack Baker, third; Ken Deland, of Ozona, fourth; Claire Jones, fifth.

Wool judging team placings: Sutton 4-H, first; Crockett 4-H, second; Robert Lee FFA, third; Ozona FFA, fourth; Winters FFA, fifth.

Mohair judging teams: Sutton 4-H, first; Ozona FFA, second; Crockett 4-H, third.

The Rev. Alanson Brown left Monday to spend the week in Roanridge, Missouri. He is attending as delegate from the Diocese of West Texas to the Biennial Meeting of the Division of town and Country. The meeting is being held at the National Institute in Roanridge, near Kansas City.

Seven awards for 5 and 10 years of service with the Girl Scouts were made at last week's meeting of the Frontier Girl Scout Council held in Sonora. Included in the group are Mrs. A. E. Prugel, bottom left, who received a five-year award, and Mrs. Frank Hubbell of Junction, center bottom, who received a ten-year award. Mrs. Armer Earwood was installed as Neighborhood Chairman from Sonora at the meeting.

One Of Our Children May Die Today

OPEN LETTER TO ALL PEOPLE WHO LOVE CHILDREN —

By Mrs. Jerry Shurley
Yes, the above caption could easily be a reality. Why? . . . Because some selfish "citizen" of our community is throwing about poison to kill "nuisance" dogs that bother him. This "citizen" may be sleeping well these nights knowing he is kidding Sonora of these "bothersome" dogs. I wonder how well he will sleep when some of his poison finds

its way into the hands of an innocent child, who is unaware that regarding this matter should people like this exist? When this report it to local authorities at happens, the child or children will none.

Mr. Dog Poisoner, whoever you pay a supreme price of his life to find out about these "people" are, speaking I know for all of . . . or rather potential murderers, us who love children, it is our . . . rather desperate plea to you-before its a person to pay a fine for the too lake . . . Please think about act of throwing out poison . . . the seriousness of this before you but what is a fine when human put out any more poison because lives are at stake? The time to after you put out the poison, it act is now before a tragedy such may easily be too late. Is it as this-NOT afterward . . . what worth a human life or lives to is a mere fine compared to any be rid of a barking dog?

Experiment Station Field Day Scheduled For Next Wednesday

The annual ram progeny and performance test field day will be held at Sub-station 14 Wednesday, April 22, according to

Dr. W. T. Hardy, station superintendent.

Performance-tested rams will be inspected until noon and Dr.

O. D. Butler of A. & M. will act as moderator of the nine o'clock meeting of cooperating breeders and other interested persons.

Lunch will be served by the Sutton County 4-H Club at \$1.00 per plate.

Dr. Hardy will welcome guests and introduce cooperators following lunch.

Speakers scheduled for the afternoon meeting include Dr. R. D. Turk, head of the Department of Animal Parasitology at A. & M., who will speak on control of major sheep and goat parasites; Dr. James M. Shelton, animal husbandman at the McGregor experiment station who will speak on formulation and use of a selection index in sheep breeding; and Fred R. Campbell, assistant animal husbandman at the Sonora station, who will discuss test records and new findings in ram testing.

At 2:30, interested persons may join one of three groups. One group will attend a panel discussion of ram testing. A second will tour deferred grazing pastures conducted by Range Specialist Leo B. Merrill. And a third will tour veterinary facilities at the station with Dr. C. W. Livingston, Jr., station veterinarian.

April Showers Continue, Drop From .50 To 3 Inches

April showers continued to bring welcome moisture to most parts of the area, but from Sonora westward the rainfall was very light. The western part of Sutton County recorded slightly over a half inch of moisture from the weeks rainfall, while over 3.00 inches fell near Station B.

Representative rainfall totals for last week's storm included Thomas Morriss 1.60; G. H. Davis .75; Joe Logan 1.00; Ed Shurley .60; W. L. Miers 2.20; W. L. Davis .75; Frank Bond 1.00; Hill Ranch .50; Herbert Fields .88; Glen Lumpkins 2.70; Hattie Epps 1.90; Bryan Hunt (Lower ranch) 2.35, home ranch 1.10, Thompson 1.90; Mrs. Velma Hunt .80; Mrs. E. E. Sawyer 3.17, Harold Schwiening 1.70.

All of the rain fell slowly and

soaked into the soil, producing an immediate surge of growth in weeds and grasses. Temperatures were in the low 40's, which will tend to hold back germination of grass and weed seedlings. Cold weather was responsible for some losses in freshly shorn goats.

Those who believe in the old saying "Thunder in February-frost that day in April" were scraping ice off windshields Monday morning, April 13. A heavy frost covered low areas, biting gardens, mesquite trees and other tender vegetation. Shinoak brush, confined largely to hillsides, was apparently damaged very little. Thunder was also recorded on February 26 or 28, so some of the "prophets" are expecting a "cold snap" later in the month.

Mr. Julio Anguiano Assumes Duties At L-A Baptist Church

Mr. Julio Anguiano, formerly of Bishop, has assumed duties as pastor of the First Mexican Baptist Church here. Mr. Anguiano is a native of Austin and before entering the ministry was a photographer and darkroom specialist with the Austin Statesman and the Corpus Christi Caller.

He attended the University of Corpus Christi for two years before accepting his first call to Sebastian, Texas.

Mr. Anguiano and his wife have a five-month-old son, Cris.

Devil's River Philosopher Alarmed Over New Trend Among Politicians To Destroy Science Of Government

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River may have his tongue in his cheek this week, although you can't tell. It may be his foot.

A new fad is developing among politicians that has me worried

and it ought to be worrying everybody else. If it keeps going, the science of government will be destroyed.

It works like this: a delegation of citizens, say school teachers wanting a raise, a Chamber of Commerce wanting a new project, etc., goes before Congress

or a state legislature committee or the city government or some other government outfit and lays out its requests.

Then some official pops up and says all right, you want us to spend this money, we're willing, but where would you like us to raise it? Name the tax you'd like us to vote to cover this new expense.

As far as I'm concerned, this undermines the whole idea of democratic government. Thunderation! If we have to tell a politician what we want, and then tell him where to find the money for it, what's the use is having poli-

ticians in the first place?

How many politicians do you think would ever get elected if their campaign promise was, Vote for me and if elected I'll give you anything you want if you'll show me where to find the money for it?

It's sort of like telling a rancher he can have as high a price support as he wants for his stock if he'll deposit the money in the bank to pay for it. It's like telling an airline you'll subsidize it if it'll increase its income tax enough to pay for it. It's like telling your son you'll send him through college if he'll

furnish the money. It's like going into a bank for a \$500 loan and having the banker tell you he'll let you have it just as soon as you put \$500 in the bank. Better make that \$530 to cover the interest.

The danger in this whole thing is that it strips an office-holder of all his magic. Government is supposed to be a science and who ever heard of going up to a scientist and asking him to make a car that'll run forever on one tankful of gas and then being told he'll be glad to if you'll tell him how to do it.

If a government can't furnish

more services than the people are willing to pay for, what's a government for? We've got to stamp out this new fad quick before it spreads any fur-

her. Government is a science and it ought to stay that way.

Yours faithfully,
J. A.

in any year since the drouth period," said the director. "It's a natural trend under such ideal conditions. This is the year when some animal populations will reach their peak."

One indication that animals naturally produce larger litters when conditions are good, is the recent discovery of a bobcat with five unborn kittens. Just three days after this find, the same trapper killed another cat. This one would have given birth to seven bobkittens, had it been spared. The average litter for this animal is two or three.

This Year Is An Ideal One For Wildlife

This is a big year for animals of all species, according to the Director of Wildlife Restoration, Game and Fish Commission. Good rains and excellent vegetative growth following the dry years are responsible.

"There has been plenty of food and cover for nearly all of our wildlife," said the director. The cycle that followed has brought on an increase in population of all animals, small and large.

The small species such as the birds, rabbits, rats and mice, found enough food and cover present to take care of larger families. So, they had larger families. This increase in small animal populations encouraged an increase in the larger animal populations such as the mountain lions, wolves, coyotes, and bobcats, which prey on the smaller species.

"There will be more bobcasts in the brushland this year than

World Peace Stamp To Be Issued Here Tuesday, April 21

The Post Office Department will issue an eight-cent World Peace Through World Trade commemorative stamp through the Washington, D. C., post office on April 20, 1959.

The stamp will be .84 by 1.44 inches in dimension, arranged horizontally, and issued in sheets of 50. The color of the stamp will be maroon. A globe symbol and a laurel spray dominate the design. The globe, located in the upper right of the design, and showing latitudes and longitudes, will be otherwise uncolored, except where the laurel spray overlaps. The inscription "World Peace Through World Trade" appears in the upper left.

Collectors desiring first-day cancellations of the stamp may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Washington 13, D. C.

The stamp will be placed on sale in the local postoffice April 21, 1959.

Mrs. Robert Rees returned this week from Big Lake where she was a guest in the home of Mr. and Mrs. Horace Rees.

In last week's meeting of the Woman's Society of Christian Service, Mrs. O. L. Richardson, Sr. presented an honorary life membership to her granddaughter, Patti Richardson, of Bogota, Colombia, South America.

five months ago she* had a baby; five years ago she had cancer

Would you ever guess that there are 800,000 Americans enjoying healthy life today who once had cancer?

Your dollars to fight cancer have gone a long way in slowing down the trend of this dread disease. They have supported the American Cancer Society's dynamic research, education and service programs—programs whose aim is to save lives. Progress is being made on many fronts, with the dramatic result that the cancer cure rate has jumped to 1 in 3 from 1 in 4 in the last ten years.

But the fight is far from over. Many, many more thousands of cancer victims might be leading healthy lives today if their cancers had been detected early and treated promptly. Guard yourself and your family with health checkups every year. Help guard others with a generous check to your Unit of the American Cancer Society.

GENERAL TELEPHONE

America's Second Largest Telephone System

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

Austin, Texas—Whichever way the ball bounces, Texans can look forward to a hefty increase in state taxes for 1960-61.

House of Representatives passed a general appropriations bill calling for spending of \$332,000,000 from general revenue. Senators took a more economical approach, began their work with a bill calling for \$30,000,000 less than the House measure.

Even so, the Senate proposal would put spending some \$21,000,000 above the present level and require an estimated \$117,000,000 in new tax money.

House bill includes longevity pay raises for long-time state employees and increases in welfare checks to the aged, blind and dependent, all added during floor debate. House also accepted committee recommendations for boosts in the appropriations for higher education, state hospitals and special schools and the prison system.

GASOLINE TAX VIEWED—Gov. Price Daniel says he's ready to support a 1-cent hike in the state gasoline tax if it will be used to improve public schools raise teacher salaries.

Neither the House nor Senate appropriations bill included public schools teacher raises. Lawmakers seemed to think this, if it were to be done, should be handled in a separate bill.

Texas still would have a lower gasoline tax than other states, said Daniel, even after the 1-cent raise. He said he felt sure service station operators would "go along" with it if it were for the purpose of better schools.

Opponents say that, with practically everyone having to use a car these days, the gasoline levy is about as "general as a sales tax can get."

HEALTH CHIEF RESIGNS—Recent target of lawmakers is the State Health Department, where Commissioner Henry A. Holle stepped out of his \$16,000-

a-year post under the glare of legislative disapproval.

Dr. Holle said he felt the department would be better off with another commissioner who could get more support in the way of legislative appropriations.

Meanwhile, both House and Senate launched inquiries into Health Department spending practices.

FLEXIBLE RATING OFF—State regulations of Texas auto insurance rates apparently will continue for at least another two years.

Senate Insurance Committee refused to approve a flexible rating plan, sent it to the sub-committee "graveyard."

Backers of the bill, mostly large out-of-state companies, claimed it would save Texas auto owners millions. Careful drivers would be rewarded with lower insurance, they said.

Opponents, including most Texas companies, fought the bill, said it would "take the lid off" rates. They said a merit rating plan, being considered by the State Board of Insurance, would take care of rewarding safe drivers.

LENDING BILL FILIBUSTERED—Senate disagreement over how to improve loan shark regulation brought on the first filibuster of the session.

Sen. Abraham Kazen of Laredo sponsored the House-passed measure which would, if approved by a vote of the people, amend the constitution. It would allow the Legislature to license lenders and set maximum interest rates. Present 10 per cent ceiling, widely ignored, would be abolished.

Sen. Frank Owen III of El Paso led a long-winded assault on the measure. He and other senators insisted such regulation should be limited to loans under \$500 to \$600.

Senate gave Kazen's measure preliminary approval, despite all the opposition.

NO AGGIE WOMEN—U.S. Supreme Court has upheld state court rulings that women are not entitled by law to enter Texas A. & M. College.

A. & M. officials were pleased, but Bryan-Brazos County citizens, for the most part, took a dim view of the enrollment restriction.

Their feeling were reflected in Bryan Sen. William T. Moore's prediction that "if the A. & M. Board continues its present policies, the time will come when A. & M. will have a classroom for each student enrolled there."

There is fear that when Arlington College, an A. & M. branch which admits women, advances to senior college status, it may eclipse the parent institution.

Baker's Dozen Safety Rules For Office Workers

We don't often think of office work as being dangerous, but is their inconspicuousness that hides office hazards.

In offices, as anywhere else, the right way is the safe way—and the smart way. It has been frequently demonstrated that many accidents happen in every office. Fortunately, most of them are minor, but a few have been very serious.

Employee falls and handling materials are the cause for most serious injuries, but many other office "gremlins" are about. Just waiting to be the cause of an accident.

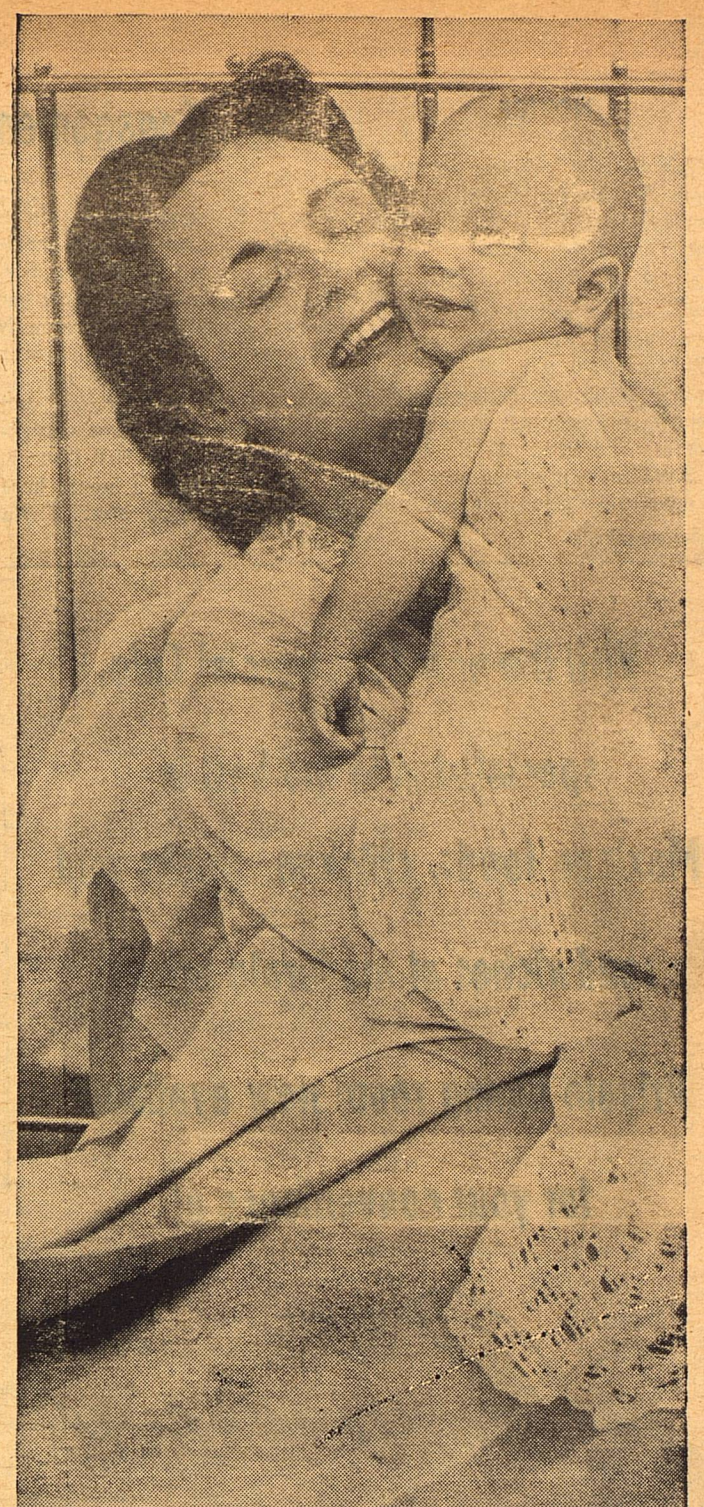

The following "baker's dozen" rules should be followed to help reduce office accidents:

1. Keep all drawers of desks, cabinets and files closed when not in use.
 2. To avoid pinched fingers, use only handles in closing doors or drawers.
 3. It is dangerous to open more than one of the top drawers of a filing cabinet at a time. Some files will tip over easily.
 4. Never operate a machine until you have been trained to operate it safely and always turn off electrical machines before cleaning or adjusting them.
 5. Keep all waste baskets in their proper places.
 6. Typewriters, adding machines, small computers and other desk machines should be securely anchored to avoid "creeping."
 7. Electric wires and cords are excellent "trip teasers," so keep them out of walking areas.
 8. Don't use boxes, chairs, small desks, etc. as a ladder or you will be inviting a dangerous fall.
 9. When sitting in a swivel chair, sit firmly in the center and keep your feet on the floor. Leaning "way back" may be your idea of an executive-look, but it is also one of the leading causes of serious falls.
 10. Hold railings when using stairs.
 11. Use "horse sense" not "horse play" around an office. Thoughtless practical jokes often turn into serious accidents.
 12. Get help when moving boxes, desks or other heavy objects.
 13. Report all accidents, however minor, to your superior.
- These warnings may seem unnecessary to many persons, yet approximately 25,000 American office workers receive disabling injuries each year simply because they did not follow common sense safety precautions.

five months ago she had a baby... five years ago she had cancer!

Would you ever guess that there are 800,000 Americans enjoying healthy life today who once had cancer?

Your dollars to fight cancer have gone a long way in slowing down the trend of this dread disease. Your dollars have supported the American Cancer Society's dynamic research, education and service programs—programs whose aim is to save lives. Progress is being made on many fronts, with the dramatic results that the cancer cure rate has jumped from 1 in 4 to 1 in 3 in the last ten years.

But the fight is far from over. Many, many more thousands of cancer victims might be leading healthy lives today if their cancers had been detected early and treated promptly. Guard yourself and your family with health checkups every year. Help guard others with a generous check to your Unit of the American Cancer Society. Guard your family—fight cancer with a checkup and a check!

SPECIAL NOTICES

ADVERTISEMENT FOR BIDS

Sealed Proposals addressed to the Mayor and City Commissioners of the City of Sonora, Texas, will be received at the office of Mrs. D. H. Taylor, City Secretary, until 8:30 A.M. on 4 May, 1959, for furnishing and installing well pumping equipment.

Bidders must submit with their bids a Cashier's or Certified Check for Nine hundred dollars (\$900.00) payable without recourse to the City of Sonora, Texas, or a Proposal Bond in the same amount, from a reliable surety Company, as a guarantee that Bidder will enter into a contract and execute bond and guarantee forms provided within five (5) days after notice of award of contract to him. Bids without check or proposal bond will not be considered. Bidders must also submit an experience record on the forms provided. The successful Bidder must furnish bond in the amount of 100% of the contract price from an approved Surety Company holding a permit from the State of Texas to act as Surety and acceptable according to the latest list of companies holding certificates of authority from the Secretary of the Treasury of the United States, or other Surety or Sureties acceptable to the Owner.

All unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the price in the bid, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable or unbalanced unit prices will be considered sufficient cause for rejection of any bid or bids.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions and conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas and subsequent amendments concerning the wage scale and payment of prevailing wages established by the Owner. Instructions to Bidders, Proposal Forms, Specifications, and Contract Documents may be examined at the Office of Mr. R. M. McCarver, Manager of Utilities, City Hall, Sonora, Texas, and may be obtained at the office of Homer A. Hunter Associates, Consulting Engineers, 3708 Abrams Road, Dallas 14, Texas. **Former 4-H Club Members To Be
Nominated For 1959 Awards**

TWENTY million 4-H Club alumni were given a nationwide salute in observance of National 4-H Club Week.

Among the former 4-H'ers are many who have been singled out for special awards given through the 4-H Alumni Recognition program directed by the Cooperative Extension Service.

They are the men and women who have successfully applied 4-H training and ideals to jobs, home, family, and community. These important citizens come from all walks of life — teachers, business men, homemakers, farmers, clergymen, doctors, public office holders and the like.

Here's your big chance to name a friend — a former 4-H Club member — to be considered for a worthwhile award. Nominations for this year's winners are now in order, and a convenient entry

form is printed below. All you have to do is fill in, clip out, and mail as directed.

If eligible the candidate may be cited for county, state or national alumni awards which are provided by the Olin Mathieson Chemical Corporation, Plant Food Division. All nominees will be contacted and verified by the county Extension office. More information can also be obtained there.

Two certificates of recognition will be awarded at the county level; four state winners will receive a distinctive copper plaque; eight persons (usually four men and four women) will be chosen for national honors and will be presented with the 4-H alumni gold key at the annual alumni banquet held in Chicago during the National 4-H Club Congress. The eight winners will be brought to Chicago as guests of Olin Mathieson.

Help give credit where credit is due. Send in the name of your 4-H candidate today!

To Get Salk Shots
As Polio Increases**

Harold Scherz, treasurer of the Sutton County Chapter of the American Foundation for Infantile Paralysis, reminded all residents of the Sonora area of the necessity of having Salk vaccine shots.

Polio is on the increase and in the first three months of 1959 has increased 165 percent over the same period in 1958. The main age groups affected are the pre-school and immediate post-school groups.

Salk vaccine has proved 90 percent effective when three shots are taken at proper intervals. Two shots are 65 percent effective and one shot 35 percent effective.

On Dual-Wheelers
By New State Law**

Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, said this week that under a new State law it is now illegal to operate dual-wheeled vehicles on the highway without mud-flaps on the rear to protect drivers in back of them.

The law, which formerly applied only when the pavement was wet, now requires mud flaps in all kinds of weather for certain vehicles. It became effective April 2, 1959.

Under regulations issued by the Department, Garrison said, the flaps may be made of metal, rubber, rubberized material or other substantial material rigid enough to prevent mud, slush, gravel or other matter from being thrown from the rear of a dual-wheeled vehicle into the wind-

**Cancer Crusade
Totals \$151 As
Drive Continues**

\$151.00 in contributions to the Sutton County Cancer Crusade has been received as of Tuesday of this week, according to Harold Scherz, treasurer of the local chapter of the American Cancer Society.

The chapter's 1959 goal has been set at \$800.00 and contributions may be made to Scherz or to Mrs. Alvis Johnson, Crusade chairman, Charles Lee Haines, or to any of the 26 Crusade volunteer workers.

Texas Cancer Day was observed here April 14 with Dr. Robert Franken of San Angelo speaking to the Lions Club. Sonora churches also observed Cancer Sunday, April 11.

**Cage Brothers Start
On Lowrey Draw**

Construction of the first flood prevention dam on Dry Devil's River and Lowrey Draw Watershed was started this week. R. L. McQuatters, superintendent for Cage Bros., started work Tuesday at Site 10 on Lowrey Draw, on the ranch owned by Mrs. Ada Wynn.

Cage Brothers has 235 calendar days to complete Sites 9 and 10, but completion will be expected considerably sooner, if weather is favorable. The dam at Site 9 will also be started within a few weeks.

Several days will be required to clear the dam site and sediment pool of brush. The area to be occupied by the dam will be cleared of roots and a core trench excavated to rock. Actual work of hauling and compacting the earth fill will then be started.

All easements required from Sutton County landowners, oil and gas companies, have been obtained on the Dry Devil's River Watershed. Only four Schleicher County easements are yet to be acquired, all of which have proceeded. All easements on Dry Devil's River must be obtained by construction can be stated on that stream. Approximately \$600,000 or possibly more, is available for early construction if remaining easements can be obtained soon.

**April 30 Deadline
For Signing For
Wool Incentive**

Applications have been made up for all sales receipts which have been turned in to the local ASC office for shorn wool and unshorn lambs sold in the marketing year April 1, 1958 to March 31, 1959, and are now ready for ranchers' signatures, according to Mrs. Marie K. Ellis, office manager.

These applications must be signed by April 30, to be eligible for payment, Mrs. Ellis said. Ranchers may bring their records to check against the records on file in the office if they wish.

Any rancher who has not turned in sales receipts for either lambs or wool is urged to do so immediately so that his application may be prepared for signature. Producers selling unshorn lambs should have a sales receipt showing weight of lambs sold and signed by the buyer. Purchasers of unshorn lambs must report all lambs purchased when filing application for incentive payment. Sales documents must show number of head, weight, and price per pound.

Applications for incentive payments are not eligible for payment unless signed by the producer.

Pole trailers, truck tractors operated alone and without being in combination with a semi-trailer, and all trucks operated on private property do not come under the provisions of the new law.
