Joe Ann Leavey was crowned Sweetheart of the Bronco Football Team recently. Jo Ann, the daughter of Mr. and Mrs. Jeff Lambert, was selected by members of the team. She is shown here with her escort Dewey Shroyer after receiving her crown. Team captains Wallace Anthony, Eddie Sosa and Sam Galindo did the honors and the Sweetheart was attended by Martin Sykes and Nancy Hawkins.

4-H Judging Team Takes Another First In Grass And Plant Judging Contest

The Sutton County 4-H Club judging team scored 761 points to take high individual team honors in the North Concho River Soil Conservation District and San Angelo College range judging contest held Saturday.

Team members Cleve T. Jones III, Jack Baker, Preston Neely and Tommy Love took second place in plant identification, first in range condition judging and were awarded the overall high team championship.

Individual honors went to Tommy Love who ranked second with 264 points and Jack Baker who was fifth with 255 points. Jack was second in plant identification and fifth in range conditions. Preston Neely was fourth in range conditions. Tommy was first in range placings.

Showers Fall In County Leaving From .10 To 1.50

By E. B. Keng

Spotted showers dotted the Sonora area Friday and Saturday, and a showery condition again prevailed at mid-week. Friday's showers covered a wide area, with some ranchmen reporting as much as 1.50. The Sonora Wool and Mohair Company measured .38 from the two showers. Eldorado and Juno received heavy rains.

Even though light, the mois-

tial period. The recent showers added a few days of life to bitter-weed plants, which will enable ranchmen who are pulling scattered plants to find it more readily.

Representative rainfall reports for the past weekend, gathered by the Soil Conservation Service, include G. T. Rode .50; Thomas Morris 1.50; Terry Baker .30; Paul Turney 1.50; Mrs. E. E. Sawyer .50; Bill Stewart .65; Harold Friess .30; Joe Loggan .25; Libb Wallace .65; G. H. Davis .35; Jo Hardgrave 1.00; Frank Bond .10; Tom Davis .45; Bill Galbreath 1.25.

ture was especially beneficial on grass plantings which have been made recently on some 2,000 acres. Hot days, especially with wind, dry out the surface of the soil very quickly, and make germination and emergence of small grass seedlings very difficult.

May showers over most of the Sonora area have been sufficient to produce good temporary range growth, but a general soaking rain is badly needed to sustain growth over a substan-

Special "Devil" To Honor Seniors

A special edition of the Devil's River News honoring the Sonora High School graduating class will be published next week. The edition will include a history of the events of the school year as well as a two column picture of each senior together with a personal biography of each.

Merchants who wish to participate in this edition by sponsoring a senior are asked to call 21241.

SIXTO T. CHAVEZ TO GET BS DEGREE AT SWTSC

Sixto Torres Chavez, son of Mr. and Mrs. Antonio Chavez of Sonora, will receive his Bachelor of Science degree in industrial arts at the 56th annual commencement exercises of Southwest Texas State College in San Marcos Sunday, May 24.

Senator Lyndon B. Johnson, a 1930 graduate of SWTSC, will deliver the commencement Sunday afternoon in the Men's Gymnasium.

Lights Out For Little League?

It begins to look as if a lot of work on the part of Little League managers and officials to get the League going this year may all go down the drain and that there will be no League this summer.

In checking over the condition of the League field this week, officials found that 34 of the 50 lights which illumined the field for night games have been destroyed—evidently by potshots from air or pellet guns.

Since these lights cost five dollars apiece, it will take about \$200, which the League doesn't have, to replace these lights so the boys and their parents and other League followers can enjoy games in the comparative cool of summer evenings.

Unless some way can be found to raise funds for the lights, Leaguers will be forced either to abandon the League entirely or to play in the heat of June and July days.

If you are interested in con-

tinuing this wholesome pastime for Sonora's 9 to 12 year old boys through helping pay for new lights, contact Harold Scherz.

We don't think it's fair that these 80-odd youngsters should be deprived of their League because of the vandalism of a few. For every kid who gets a kick out of the sound of bullet cracking glass there are fifty who get a bigger kick out of the sound of ball contacting bat.

Douglas Clark Named Recipient Of Fourth Annual Lambert Award

Douglas Clark, son of Mr. and Mrs. Earl Clark, has been named the fourth recipient of the Lambert Award. The trophy is awarded annually in memory of Mrs. Jo Ethel Lambert and is presented by Jeff Lambert.

Douglas was selected to receive the award on the basis of character, leadership, service, patriotism, sportsmanship and scholarship. Douglas, a seventeen-year-old junior at Sonora High School, is a transfer from Reagan County High School. He is a leader in class and laboratory work.

Recipients of the award are selected from nominees of the school faculty. Sam Gonzales received the award in 1956, Frank Joe Potmesil in 1957 and Anna Lou Morris in 1958.

Band Has Banquet, Crowns Sweetheart

The annual Band banquet and dance, one of the largest band events of the year was held Friday night, May 8, in the school cafeteria.

The welcoming address was given by Florrie Mae Minnick. Invocation by Gene McCarver. During the banquet, A. C. Hart, band director, was presented with a gift by Gerry Mayfield. Jo Ann Capps delivered the closing address.

A dance immediately followed the banquet. A musical theme transformed the school cafeteria into a decorative dancing atmosphere.

During intermission, Hart presented Jo Ann and her escort Mike Evans. G. H. Hall crowned Jo Ann Band Sweetheart for 1959. The Sweetheart then led the Grand March.

Ruth Shurley Jewelry furnished a beautiful rhinestone crown for the sweetheart.

Langford Speaker At Lions Club

County Agent D. C. Langford was principal speaker at Tuesday's luncheon meeting of the Sonora Lions Club at the Methodist Church this week.

Langford reported on his 4-H judging teams who have been so successful in plant and range judging this year. He also stated that permission is being sought to hold the National Wool Judging Contests here in conjunction with the annual Wool Show scheduled for June 17 and 18.

Lions President Harold Scherz reported that last week's broom sale netted \$251.40 for the local organization with \$754.20 of the total \$1,005.60 going to the blind of Texas.

Guests present were Paul Williams and Paul Murphy of San Angelo and Earl Gettys and Clint Herring of Bryan.

LEGAL NOTICES

NO. 380 IN THE MATTER OF THE ESTATE OF MARY JOHN ESPY, A MINOR.

In the County Court of Sutton County, Texas.

NOTICE OF APPLICATION FOR AUTHORITY TO EXECUTE OIL, GAS AND MINERAL LEASES.

To all Persons interested in the Estate of Mary John Espy, A Minor.

You and each of you is hereby notified and will take notice that the above Estate is being administered in the court and proceeding below show and that in such proceeding, on the 20th day of May, 1959, an application was filed by the undersigned, to lease for mineral exploration and development certain property being administered by the Estate described therein, such application reading as follows: "TO SAID HONORABLE COURT:

Now comes Leontine Espy, Guardian of the Estate of Mary John Espy, A Minor, and makes this her application for authority to lease property being administered by the Estate for mineral exploration and development, and in support of such application respectfully shows the court:

(1) That this applicant requests that four leases be authorized, and the property sought to be leased is described as follows:

First Lease Northwest quarter (NW/4) of Section ten (10), all of Sections Twenty-two (22), Twenty-three (23), Thirty-four (34), and Thirty-five (35), Block Eighty-six (86), Public School Lands; Section Two (2), Block Sixty-five (65), Township Seven (7); Section Six (6), Block Sixty-four (64), Township Seven (7); all lands situated in Culberson County, Texas, and containing 4,027 acres, more or less.

Second Lease Sections Twenty-four, Twenty-five, Thirty-one and Thirty-two (24, 25, 31, and 32) Block Eighty-Six (86), Public School Lands, Culberson County, Texas, and containing 2,560 acres of land, more or less.

Third Lease Section 1, Blk. 122, Public School Lands; Section 33, Blk. 86, Public School Lands; Sections 4 and 10, Blk. 64, Township 7; Section 48, Blk. 65, Township 6, all in Culberson County, Texas, and containing 3,329 acres, more or less.

Fourth Lease Northeast quarter (NE/4) and South one-half (S/2) of Section Ten, (10); Sections Eighteen, Nineteen and Twenty-six (18, 19, and 26); all in Block eight-six (86), Public School Lands, Culberson County, Texas, and containing 2,400 acres of land, more or less.

(2) That the interest thought to be owned by said estate is an undivided one-fourth, but it is the intention to include all interest owned by the estate, and applicant is requesting authority to include all interest owned by the estate.

(3) That the reason why such particular property of the Estate should be leased is as follows: That the monies derived from the execution of such leases are necessary for the payment upon the indebtedness of said estate as shown in the inventory and appraisal, and further that the leasing of said lands is necessary in the furtherance of exploring and developing said lands, which would be of a great benefit to said estate in that said acreage has not been explored or developed.

(4) That notice of the hearing on this application should be given.

WHEREFORE, this Guardian prays that such authority be ordered and given and for such orders as may to the court seem proper.

And further, that such court and also the judge of such court have designated the time and place for the hearing of such application to be at 10:00 o'clock A.M. on the 1st day of June, 1959, in the county courtroom of the

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

AUSTIN, TEX.—Between now and the middle of June the Legislature has only one goal to shoot at—getting the state "fiscally fit."

Gov. Price Daniel limited topics for the 30-day special session to (1) paying off the \$65,000,000 deficit from the 1958-59 biennium, (2) passing an appropriation bill for 1960-61 and (3) passing a tax program to cover appropriations.

When these things are taken care of, the governor indicated he might submit such items as the Hale-Aikin school program and medical payments for the aged. He favors both these programs, said Governor Daniel, but believes in taking "first things first."

To cover these "first" needs, the governor is pushing a tax program very similar to what he proposed last January. This includes the "bookkeeping bill" (to cut down the deficit by crediting more money to this year), a 3 per cent severance tax on natural gas, a higher corporation franchise tax and the abandoned property bill, under which the state would take over unclaimed bank accounts and property.

He is willing to revise the abandoned property bill to meet some of the objection that caused it to be defeated during the last session.

Absolute deadline for getting the money problems solved is September 1, when the state begins a new fiscal year. Unless new appropriations are provided by then, the government, including schools, hospitals, etc., will grind to a halt.

HOPE SPRINGS ETERNAL—Legislators are again asking the people for a pay raise—this time a more modest amount.

A proposed constitutional amendment, approved on the last day of the regular session, would give lawmakers an annual salary of \$4,800. In addition, they would get \$12 a day expense money for a 120-day session every other year.

Last November a proposal for annual salaries of \$7,500 and annual sessions was decisively swatted down at the polls.

At present, both senators and representatives get \$25 a day for a 120-day session plus \$25 a day for each called session. It's a minimum total of \$3,000 for two

years when there are no special sessions. Under the new proposal, the minimum for two years would be \$11,040. People will vote on this plan at the general election in November, 1960.

"NO SWEAT" ELECTIONS—One of Texas' oldest traditions—scorching hot election days—is passing into history.

Governor Daniel signed into law a measure moving primary elections up to the first Saturday in May and the first Saturday in June. Under the old law they were the fourth Saturdays in July and August.

State conventions will be the second Tuesday after the runoff primary—or about the middle of June. This is the convention to name delegates to the national presidential nominating convention.

Earlier elections had the strong backing of U.S. Sen. Lyndon B. Johnson's friends and supporters. As a possible presidential nominee, he would be in a stronger position if his race for a new senatorial term were behind him at national convention time.

Governor Daniel took exception to and got the Legislature to change certain provisions of the bill before he signed it. He objected to having Democratic executive committee members elected by district caucuses rather than the whole convention. This provision was removed and the law remains as it was.

He also didn't like the Legislature's proposal to have state conventions before the second primary, so the date was changed to 10 days after the second primary.

NEW LAWS—This changes in Texas' way of doing things result from bills passed in the final days of the regular session:

DRIVING AN AUTO without the owner's permission becomes a felony offense. Under old law, to get a prison sentence, state prosecutors had to prove the person who took another's car intended to keep it. Maximum punishment under new law is 3 years in prison.

BOAT OWNERS will have to register their craft and pay a license fee after April, 1960. Bill also requires warning lights and other safety devices on boats and prohibits reckless boating and water skiing.

NON-ENGLISH SPEAKING children can receive three months pre-school instruction in basic English at the expense of the public school system.

Plebiscite To Decide P. R. Statehood

By Congressman O. C. Fisher

OUTCOME OF LABOR Department regulations, proposed by Secretary of Labor Mitchell, remain in doubt, with indications that if put into effect they will be overhauled and watered down. A rumor that the proposed regulations are to be scrapped was denied last week when I asked the Department about it.

Mounting opposition from all over the country to the Secretary's effort to impose minimum wages, housing standards, and other controls never authorized by Congress, has been effective thus far, with the ultimate outcome still uncertain.

TWO MONTHS AGO I joined with 40 other Congressmen in a protest march on the Labor Department, where I and three or four other spokesmen for the group aired our objections to Secretary Mitchell. Secretary of Agriculture reportedly was displeased by the Labor Department plans, and Vice-President Nixon was said to be dubious. Thus the White House got into the picture, and final action may depend upon what the President thinks about it. In the meantime, the Attorney General is considering the legality of the regulation as drafted.

WILL PUERTO RICO become the 51st state? A plebiscite on that Island's future relationship to the U.S. to be held soon, will sound out voter sentiment there on (1) independence, (2) continued Commonwealth status, or (3) statehood. Regardless of the outcome, the Congress will have the last word.

As it is, Puerto Rico enjoys a bonanza—no federal income taxes to pay and unlimited emigration to the states. Under those special privileges upwards of a million Puerto Ricans have moved to the U.S. since World War II while many U.S. industries have moved there and prosper under the island's tax-exemption program. Last year 91 U.S. manufacturing companies decided to establish plants in Puerto Rico.

Personally, I prefer independence for Puerto Rico, with military bases reserved. But if the islanders go after statehood they may get it in view of the precedents recently established.

New 12c Stamp To Picture Benjamin Harrison

The Postoffice Department will issue a 12-cent Benjamin Harrison regular postage stamp, the 22nd in the Liberty series, through the Oxford, Ohio, post office on June 6. Benjamin Harrison, the 23rd president of the United States, was graduated from Miami University at Oxford, Ohio, and the stamp will be first placed on sale during the "Alumni Day" celebration of the 150th anniversary of the University.

The stamp is 0.75 by 0.87 of an inch in dimension, arranged vertically and issued in sheets of 100. The color of the stamp will be red and it will feature a likeness of Benjamin Harrison, reproduced from a photograph taken by Charles Parker.

For the benefit of collectors desiring stamps of selected quality for philatelic use, the stamp will be available at the Philatelic Sales Agency, Post Office Department, Washington 25, D. C., on and after June 8.

Devil's River Philosopher Comes To Defense Of Senators With Those Doors That Won't Close

Editor's Note: The Devil's River Philosopher on his bitterwee ranch on Devil's River comes to the defense of the U. S. Senate this week. At least, that's what he claims.

Dear editor:
A lot of people have been having a lot of fun laughing about the plight of the U. S. Senators in their new office building, on account of when the building was

finished and they decided they wanted rugs on the floors over the rubber tile, they found they'd have to saw half an inch off the bottom of 600 doors before they'd open and close.

Now everybody is having a field day over this, but I don't see why, and would like to come to the defense of the United States Senate. There's nothing wrong with sawing off the bottom of a door to make it close, I've been doing it for years.

If the Senators will come to my bitterwee ranch out here, I can show them a door that's not only half an inch cut off the bottom, but two inches off the top and an inch off the side, and if the house settles in a different direction, I may have to saw some more off in some other place.

What a lot of people don't understand about me and the U. S. Senate is that we've learned that you have to adapt yourself to life as you find it. I know some people would argue that instead of sawing off a door to make it fit after the house settles, it would be better to jack the house up and restore it to the same level it was when the door was first swung, but that's the trouble with the world, it's always trying to retain the status quo when all us thinkers know life consists of constant change. Me and the Senate know that when the foundation shifts, shift with it. You ain't going to catch me and the U. S. Senate crawling under the house to jack it up as long as we've got a saw handy.

DELTA KAPPA GAMMA MEETS AT ROCKSPRINGS

The Gamma Phi Chapter of Delta Kappa Gamma met in Rocksprings Saturday, May 16. A luncheon was served at the Balantine Hotel, and the meeting was held in the Club House. Mrs. Sydney Snider was chairman of the arrangements committee. Mrs. May D. Harris, president, presided during the business session.

Mrs. Rarion Shanklin, program chairman, presented a program in observance of Founders Day. Miss Lorine Beerwinkle was in charge of the music, and Mrs. Ruth Kirkland was in charge of the initiation. Mrs. Nellie Ruth Moore and Mrs. Emerald Smith were initiated as active members.

Those attending the meeting from Sonora were Mmes. Nellie Ruth Moore, Emerald Smith, Mary Ruth McGilvray, Lucile Jones, Myrtle Bridges, Ruth Shurley, and Ruth Newton.

Turkey Crop Looking Good For This Year

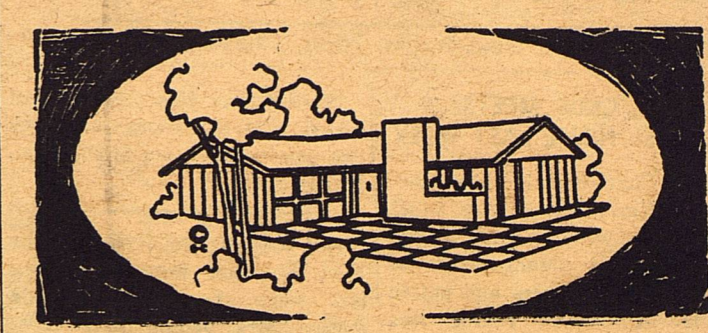

Wild turkey will be plentiful this year, according to E. A. Walker, director of wildlife restoration, Texas Game and Fish Commission. "Last year was one of the most favorable years since the drought for increases in the wild turkey populations, said Walker, "and many young birds were raised and added to the bands now roaming the Texas brushlands."

Old roosts, which appeared abandoned and forgotten, are being reactivated. During the past fall and winter, wild turkey have been observed roosting in a number of old roosts that had not been used since before the drought.

Following the winter roosting, in late February and March, wild turkeys go through what is known as a spring shuffle, according to Walker. The winter flocks break up and begin to disperse over wide areas in preparation for breeding and nesting. The usual procedure is for each old gobbler to collect a harem of females and move into a nesting area. "This location frequently is as far as 12 to 20 miles from the wintering grounds," said the director.

During the shuffle, it is not unusual for single hens to be lost for a period of time. "However," added Walker, "the calling and gobbling of the wild robbers, which is always heard at this time of year, attracts the hens and they are usually successful in mating with a mature gobbler."

Serving Sutton County Since 1900

I don't suppose the Senate has any trouble with gates too, but out here, while I don't have 600 sagging gates, the ones I've got are just as hard to close as the 600 doors in the new Senate office building, but the difference is, I can't vote an appropriation to fix mine. Which reminds me, if Congress can vote funds to help cities improve unsightly slums and Senators to get their doors to swing properly and farmers to improve their land, why can't the Department of Agriculture set up a Sagging Gate Fund? It's something to think about, although it's not an emergency. I've got gates that have sagged through two world wars and probably will sag through the next.

Yours faithfully,
J. A.
